Anatomy of an Itch

Have you ever considered your itches? No, I don't mean the urge to shave your head, run off and become a circus performer, I mean those actual real, itches.

We take them for granted, and yet such a humble physical thing has inspired plenty of cliches and comments.

If you have an itch, you have to scratch it, is probably the most common of these, and for a good reason.

Having an itch and not scratching it is agony!

We all have those little, everyday itches that occur from a tiny nerve stimulus, a bit of too-tight clothing, or just "because". We scratch them and give them not another thought.

Then, there are those itches that result from insect bites, allergies and (oh horror of horror) poison ivy!

These are badddd. If one scratches, they either get raw and infected or they spread.

Fleas, ticks, chiggers, wasps and bees, plants such as nettles and the dreaded oak of ivy, all contribute to the range of itches that can plague the human race.

There is another phenomenon of this. Get a tick bite, scratch it once and guess what? The body is afflicted by tick bites! Immediately the body sends out little stinging itches from head to toe...each one of which we frantically scratch, sure that it is a tick. But, they are phantom ticks. None the less, they itch!

And, there is another part of itching that is difficult. Itches are no respecter of polite society. There is a no-scratch zone prescribed by etiquette that takes in basically from below shoulder level to just above the knees. And that is invariably where an itch will strike, as if our itch-producing center knows we cannot blithely begin scratching while sitting in church, standing in a group of polite people, or addressing an audience!

In desperation, we will try discreetly scratching somewhere else, as if by scratching we could attack the real itch to the scratch site. It doesn't work. Instead we must suffer!

Then there is the elusive itch. You know what I'm talking about, your back itches, right between your shoulder blades where you can't reach, so you get someone to scratch for you and the itch immediately scoots away, always an inch or two ahead of the scratching fingers!

Ah, yes, the itch, an unsophisticated, irritating, condition which makes but one guarantee...it will always plague us for some reason.

So, grab your ink pen, back scratcher or grow your fingernails, whatever it takes. Because while itching may not be glamorous, it is darn sure with us!

No matter how many moves he made, the road led home for Jack Dodd

Rosalie and Bogata native Jack Dodd has led an interesting, productive life filled with unique experiences and much achievement. He is in a unique position to recall this area in earlier times from the perspective of a much-traveled, educated man who left this area to make living.

Jack and his wife, Ann French Dodd, married in 1953, and during those years of marriage they moved 37 times and took out membership in 21 different Methodist Churches! Jack says "some of my friends say I must have had trouble holding a job, I just kept moving all the time". In reality Jack went to work for Brown and Root the summer of 1950 and didn't retire from the company until 37 years later. In fact, all the moving took place because he went wherever it took to build new plants, which usually took about a year. He retired in 1988 as a vice president of the company. His brother, David Dodd, was also a vice president at Brown and Root. Out of the 40,000 employees of the company, the only other brothers to serve as vice president of Brown and Root were the two brothers who founded the company! Jack was project manager at the South Texas (Bay City) nuclear plant and the Comanche nuclear plant in Granbury.

The Dodds now live in a home they built on the grounds that his grandfather built his family's home on back in 1885. As his grandfather's family increased he simply added on another floor, making the original house 14 rooms and three porches.

Jack was born Henry Clay Dodd, Jr. in 1926. His parents, Henry Clay Dodd and Bert Holloway Dodd lived in Rosalie, that same land Jack lives on now. His great grandfather, H.C.F. Dodd and his wife had ten children. They came to Texas from Union Co. South Carolina in 1855. One of those 10 children was Jack's grandfather, who also had ten children. His grandfather was sheriff of Red River County for four years.

Jack did not know either of his grandfathers, but did get to grow up with his grandmothers, recalling them both as loving, sweet people.

Jack's father was an employee of the First National Bank of Bogata from 1911 until the late 1930s. He farmed over 600 acres until World War II started, then took a job with Red River Arsenal in Texarkana.

Jack went to school in the first grade at Rosalie, then to Bogata through his sophomore year.

He went his junior year in Clarksville and graduated from Texarkana High in 1944. The family had moved first to Clarksville, then to Texarkana to be closer to his father's work.

As a young boy in Rosalie, the place to "hang out" was Babe Gibbons store. Jack visited there and in DeVaney Drug Store in Bogata. Most of the time he walked or hitched a ride in to Bogata. He mowed yards and made 30¢ for the biggest yard, which he push mowed with a true PUSH mower! He only received 10 or 15¢ for most of the yards. However, Jack grins that "you could buy a hamburger for a nickel and for a dime you could pay your way into the movie and get popcorn too, so it's wasn't so bad". He recalls most of the movies as being westerns with a serial each week, mostly Flash Gordon.

Jack also worked at V. Thedford's Dry Cleaning. He said "Mr. Thedford spent more money on his cigars than he did on my salary". Jack later worked as a salesman at June Brewers Men's Clothing in Clarksville and at Bill Dillard's first store in Texarkana.

Jack remembers what fun it was to catch the "interurban" in Bogata at 7:00 a.m. with his Aunt Kathlene to ride to Paris, shop, eat lunch and catch the interurban at 4:00 p.m. to ride back to Bogata. Fare...25¢ round trip!

Jack enjoyed Bogata during the 1930s and '40s. He says "you could hardly get up and down the street on Saturday night in Bogata. There would be a street dance with local friends making the music. There would also be a drawing for a \$25 savings bond every Saturday during the War".

Jack's family went to Sunday School at Rosalie. They went to Bogata to church. He recalls some people in Bogata and Rosalie who influenced his life, people "you could learn from" he says. Brother Sullivan and Mrs. Sullivan, Dr. Jones, Babe Gibson, Frank Tyer, Nort Gibson, William Rozell, Milam Pike, Mr. Red Peyton, Tom Keith, Mr. Devaney, Tom DeBerry, Dr. Roach, Bill Cody, Frank Branson, Buck and Raviah Howison and Boss Suggs, who sure "had a pretty daughter".

When he was five years old he had diphtheria, a serious disease back then. Dr. Lewis in Paris told his family he feared Jack could not survive. That night he woke up and told his mother he wanted some oatmeal, and survive he obviously has.

"When I was growing up, my parents taught me right from wrong," Jack states. He knew about the devil, and before making decisions gave thought of his parents teachings, he says "I believe I was always a little more afraid of what my Dad would do than the price I might pay the devil for bad deeds".

After high school graduation, Jack joined the Navy. He went to boot camp in San Diego, California and received engineering training. He boarded the USS Minneapolis, heavy cruiser in Bremerton, Washington and spent 1 1/2 years on board ship in the South Pacific, Okinawa and the China Sea.

He got out of the Navy in 1946, came home to Texarkana, played a little pool then caught a train to Austin. After one year at the University of Texas he transferred to North Texas at Denton, where he graduated with a Bachelors Science Degree in Physical Education. Jack's Dad had graduated from North Texas Normal in 1909 (that's what North Texas was known as then). When Jack's son, Clay, graduated from there in 1979 it had become North Texas University. Ask a Dodd about a good University, they'll tell one of the best is NTU!

Jack was a teacher and coach in Ft. Stockton in 1950. That was the summer he went to work for Brown and Root.

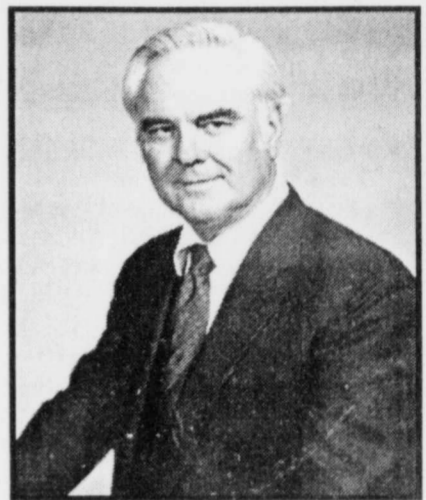

Jack says that "when you are growing up people help you in some any ways with their support, encouragement and influence." He believes that you should be busy giving back some of what you have received, especially upon retirement.

Jack has certainly done that. He has been a moving force in the Thomas Park formation, and was president of the Park Board. He and others gave lots of volunteer time and labor to provide Bogata with one of the nicest parks around. In 1996 the Masons gave Jack (a non-mason) the "Community Builder Award" for his efforts in the Community. He is a dedicated member of the Bogata Lions Club, which does much good in the community, and was president in 1992 and Lion of the Year in 1993. He has done so much in Rosalie to provide a Community Center and a Rosalie Fire Department. He worked with the Bogata Methodist Church to help build a new fellowship hall in 1992, and helped clean the Hinson Cemetery in Rosalie. He is at this time the President of the Parkinson's Support Group in Paris and is a member of the Bogata Methodist Choir. He attends the Brown and Root yearly reunions and reunions of his Navy buddies.

Jack says "Ann and I enjoy our children and grandchildren living near by. Kids make the world go around. Retirement is great if you have your health and a loving wife. Our daughter, Kristy and her son, Lee, live in Mt. Vernon; our daughter, Danise and her husband, Steve Petticrew, live in Honey Grove with their son, Josh and daughter, Brianna; our son, Clay, lives in Dallas and Rosalie". Clay works for Brown and Root, like his father. When not on the job he is

at home in Rosalie and spends a lot of time visiting and working with his parents around the "Old Home Place. Grandson Lee will be starting to college at A&M in just a few days.

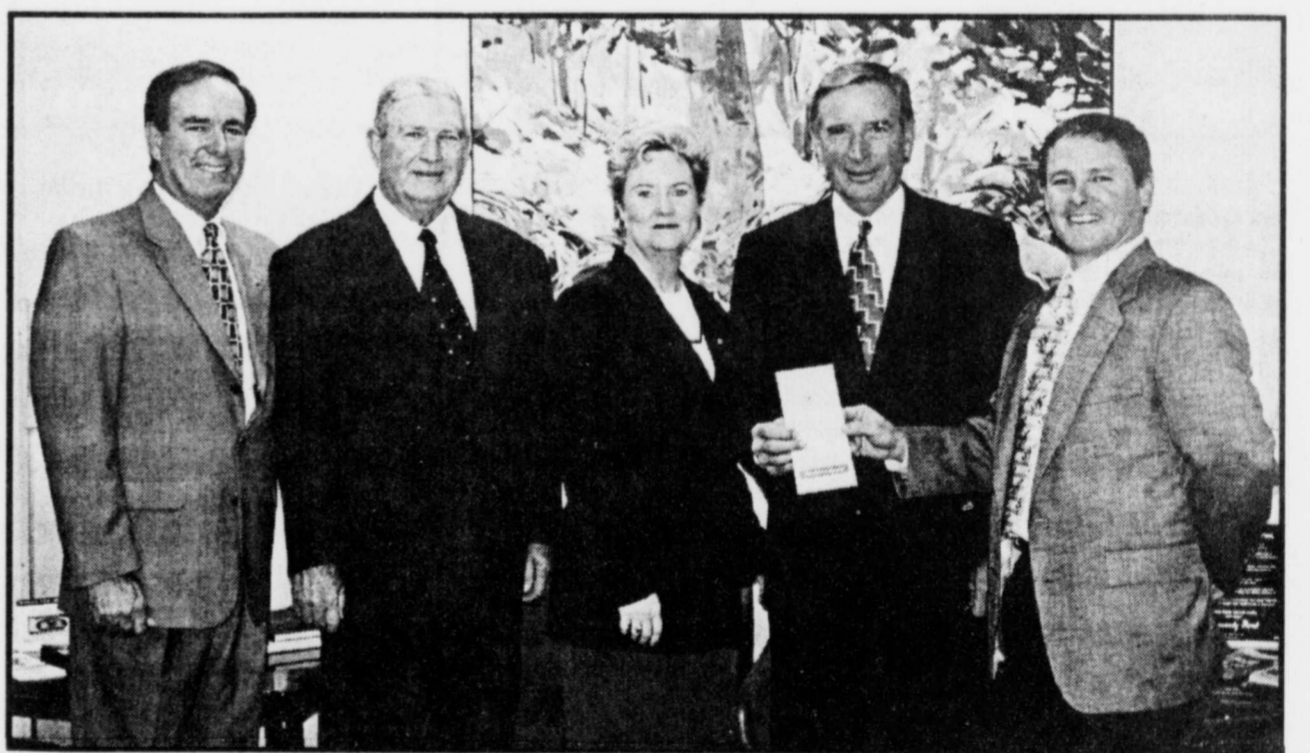

Life is busy for the Dodd family. Jack states that he is grateful for those who influenced his life. He doesn't spend much time considering just how many HE has influenced, for the better, since he and Ann moved back to the "Dodd Homestead" in Rosalie.

Our recipes this week deal with making extra "fixin's" for meals later on. The Seasoned Taco Meat can be used for several of these recipes or stored for later use. On the days that you just want to kick back and relax, try some of these... which would be almost any afternoon!

They are simple, easy recipes that take little time and require ingredients that you will most likely have at home.

We hope you enjoy these and let us know if you have some favorite recipes that you would like to share with us. See you in the kitchen!

Taco-Seasoned Meats-this dish can be used for just plain old tacos or "reve" it up in Taco Salad. Add some along with cheese in a corn or flour tortilla and have your own Quesadillas!

Taco Twist Bake-using the above seasoned meat, add the other ingredients and you have an instant meal on your hands everyone will love!

Taco Corn Bread Squares--again using the taco-seasoned meat, just add cornbread mix and a few other ingredients and wow... what a meal!

Cheesy Broccoli Macaroni-use elbow macaroni instead of rice and you have a great dish for any meal.

Hearty Macaroni Salad-everyone loves Macaroni Salad and this one is no exception. Use diced ham or chicken and shrimp for added flavor.

Beefy Barbecue Macaroni-a macaroni dish using barbecue sauce instead of tomato... sounds great!

September 9, 1999 Easy and Quick Recipes

Taco-Seasoned Meat
4 pounds ground beef
4 medium onions-chopped
4 envelopes taco seasoning mix
In Dutch Oven, cook beef and onions until meat is no longer pink; drain. Add seasoning and mix well. Cool. Spoon into freezer bags for future use. Keeps in freezer up to 3 months.

Taco Twist Bake
2-1/2 cups cooked Taco-seasoned meat
2 cans tomatto sauce
1/4 cups chopped green pepper
1 package spiral pasta-cooked & drained
1 cup sour cream
1 cup shredded cheddar cheese-divided
In saucepan, combine meat, tomato sauce and pepper; bring to a boil. Meanwhile, combine pasta and sour cream; place in greased 8-inch square baking dish. Sprinkle with 1/2 cup cheese. Top with meat mixture. Bake, uncovered at 350 degrees for 25 minutes. Sprinkle with remaining cheese. Bake 5-10 minutes longer or until cheese melts.

Taco Corn Bread Squares
1 package cornbread mix
1 egg
1/3 cup milk
2-1/2 cups cooked Taco-seasoned meat
1 can refried beans
1 cup sour cream
1-1/2 cups Mexican shredded cheese
1/4 cup chopped onion
1 medium tomato-chopped
1 cup shredded lettuce
1 can sliced ripe olives-drained
In bowl, combine mix, egg and milk until blended. Spread into a greased 9-inch baking dish. Bake at 350 degrees for 15 minutes. Combine taco meat and beans; spread over cornbread. Combine sour cream, 1 cup cheese and onion; spread over meat mixture. Bake for 20-25 minutes or until heated through and through and cheese is melted. Sprinkle with remaining ingredients and serve.

Cheesy Broccoli Macaroni
1 cup frozen chopped broccoli
8 ounces Velveeta
2-1/2 cups cooked elbow macaroni
3 bacon strips-cooked & crumbled
In saucepan, cook broccoli according to package directions until crisp and tender; drain. Add cheese; cook and stir until cheese is melted. Add macaroni; heat through. Sprinkle with bacon.

Hearty Macaroni Salad
2 cups cubed ham or chicken
1 cup thawed cooked small shrimp
4 cups cooked macaroni
1 celery rib-chopped
1/4 cup onion-chopped
1/4 cup green pepper-chopped
1/4 cup red pepper-chopped
Dressing:
1/3 cup sour cream
1/3 cup mayonnaise
4 teaspoons vinegar
1 teaspoon snipped fresh dill or 1/4 teaspoon dill weed
1/2 teaspoon salt
1/4 teaspoon pepper
1/4 teaspoon sugar
In bowl combine ham, macaroni, shrimp, celery, onion, peppers and cheese. In another bowl, combine the dressing ingredients until blended. Pour over salad and toss to coat. Cover and chill for several hours.

Beefy Barbecue Macaroni
3/4 pound ground beef
1/2 cup chopped onion
3 garlic cloves
3-1/2 cups cooked macaroni
3/4 cup barbecue sauce
1/4 teaspoon peppers
dash cayenne pepper
1/4 cup milk
1 tablespoon butter or margarine
1 cup shredded cheese
Cook beef, onion and garlic until brown; drain. Add macaroni, barbecue sauce, pepper and cayenne; mix well. In sauce pan, heat milk and butter until melted. Stir in cheese until melted and pour over macaroni mixture and mix gently. Sprinkle remaining cheese.

PLANNING FOR THE MILLENNIUM

A Y2K Checklist for Customers

From the smallest to the largest, federally insured financial institutions have been working to make sure their computer systems will operate smoothly in the Year 2000 (Y2K). In addition, federal and state regulators are closely monitoring the progress of the institutions they supervise to make sure Y2K issues are being addressed. Despite the best efforts of the industry and the regulator, no one can guarantee that everything will work perfectly. That's why financial institution customers may want to consider taking steps in anticipation of the date change. You can refer to the following checklist to prepare yourself for Y2K.

- Educate Yourself About Y2K**
Find out what your financial institution is doing to address consumer concerns. If you have questions, speak with a representative who knows about the institution's Y2K program.
- Keep Copies of Financial Records**
As always, keep good records of your financial transactions, especially for the last few months of 1999 and until you get several statements in 2000.
- Pay Attention to Your Finances**
As always, balance your checkbook regularly. When you receive a transaction receipt from your institution, check it for accuracy and save it to compare against your statement. It's also smart to review your credit report to make sure it doesn't contain inaccurate information.
- Make Prudent Preparations**
Remember all your payment options (checks, credit cards, debit cards, ATMs and tellers) in the event that one doesn't work as planned. The Federal Reserve has plans to ensure that there will be sufficient cash available for consumers. If you withdraw money, make reasonable decisions based on solid information; don't put yourself at risk of being robbed or losing valuable interest payments.
- Be on Guard Against Y2K Scams**
Be skeptical if someone asks for your account information or tries to sell you a product, service or investment that's supposedly Y2K "safe". Protect your personal information, including your bank account, credit card and Social Security numbers.
- Review Your Deposit Insurance Coverage**
The federal government's protection of insured deposits will not be affected by Y2K. If you have more than \$100,000 in an insured bank, thrift or credit union, you may want to make sure you understand the insurance rules. Check with your financial institution or call the Federal Deposit Insurance Corporation at 1-800-934-FDIC (for banks and savings institutions) or the National Credit Union Administration at 703-518-6330 (for credit unions).

CHEERING FOR THE HOME TEAM-at Friday nights football game at Rebels stadium were the Rebel Vaisty Cheerleaders.

Homecoming Bon Fire planned

The Rivercrest Athletic Booster Club has planned a Homecoming Bon Fire for Tuesday, September 14 beginning at 7:30 p.m. Hot dogs, chips and drinks will be served prior to the lighting of the fire.

Students in grade 6 through 12 are invited to come out and join the spirit night. All parents and community members are also invited to the event. Children under 6th grade level are required to have a parent or guardian with them as a safety measure. Bon Fires are wonderful fun and the Booster Club wants everyone to have a good time building the Rebel spirit up but child safety must be kept in mind. Come out and support the Rebels at the Bon Fire and at the Homecoming game September 17, 1999 beginning at 7:00 p.m.

PASS RECEPTION-Rebel Josh Griffin, # 33 made a pass reception that put the Rebels on the move in Friday night's action vs the Detroit Lions. Griffin's efforts were lost when a Rebel fumble returned the ball to the Lions. (Staff Photo Nancy Brown)

Rebels defeated by Lions

The Rivercrest Rebels hosted the Detroit Lions on Friday night at Rebel stadium. The Lions who are ranked 3rd in the state in 1A football kicked off to the Rebels and the game began with Cole Warren taking the kick for the Rebels. After 4 downs the Lions took over and on their first play fumbled the ball. A Lion recovery set up the first score of the game. A pass to powerhouse, Cedric Patt put the Lions on the board and the extra point was added to put the team in the lead 7-0. The Rebels could not get their offense going and the ball quickly returned to the Lions. The Rebel defense did an outstanding job throughout the game. The Rebs striped the ball from the Lion runner but it was recovered by McCoin setting up another Lion TD. The Rebels stopped the extra point try and the game stood 13-0 Detroit.

In the second quarter a blown fuse left half the field in the dark but it was quickly remedied and play continued. Cody Wolfe gained big yardage for the Rebels to set them up 1st and 10 on the 20 yard line with seconds left in the half. The Rebel drive ended on a Lion interception which also set up another Lion score. 19-0 Detroit. Michael Galloway of the Rebels and Cedric Patt of the Lions were sent to the side lines after a fight broke out on the field. Both players were missed on their teams.

The final quarters were tough. The Lions were held to no more scores but the Rebels couldn't find the end

zone to score for themselves. The highlight of the half was a pass reception made by Josh Griffin that moved the Rebels to the 50 yard line. A fumble was recovered by the Lions to end the drive and time expired with a 19-0 Lion score.

Rebel stats for the game were: Offense-Cole Warren 2 rushes for 12 yards; Michael Galloway 1 rush for 3 yards. Cody Wolfe 12 rushes for 72 yards and J.C. King 11 rushes for 26 yards. Total rushing yards 113 and total passing yards 39. Josh Griffin caught 2 passes for 34 yards and J.C. King 2 caught passes for 5 yards. Wolfe completed 4 of 15 attempted passes.

Defense-Keith Hines had 8 solo tackles, batted 2 passes down and caused 2 Lion fumbles; Bryce Watkins had 1 solo tackle and 4 assist; Cole Warren had 2 solo tackles, 1 assist and 1 fumble recovery; Scotty Goodwin had 5 solo tackles and 7 assists; Cody Wolfe had 2 solo tackles and 2 assists; Colby Guest had 1 solo tackle and 1 assist; Coleman Brown had 6 solo tackles, 2 assists and caused a Lion fumble; Phillip Rolan had 2 solo tackles, 2 assists and forced 3 passes; Daniel Vasquez had 5 solo tackles and 2 assists and Michael Smith had 4 solo tackles and 5 assists.

The Rebels will travel to Hughes Springs for yet another tough game Friday night. Game time will be 7:30 p.m. Go Rebels!!!!!!!

FAN OF THE WEEK-If you are the person circled in this fan of the week photo, call Kay Ross Rivercrest Athletic Booster Club President at 632-5204 and identify yourself to win a Rebel seat cushion. If the picture is not you get your chance at being a winner by attending Rivercrest Rebel home football games. (Staff Photo Nancy Brown)

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS
Special Election
NOVEMBER 2, 1999

PROPOSITION NO. 1 ON THE BALLOT

HJR 44 - HJR 44 proposes a constitutional amendment that would ensure a clear succession in event of vacancies in the offices of Governor and Lieutenant Governor. Specifically, the amendment would provide that if after qualifying for the office, the Governor is temporarily unable to serve, the Lieutenant Governor shall act as Governor until the Governor is able to serve; but if the Governor is permanently unable to serve, the Lieutenant Governor shall become the Governor for the remainder of the unexpired term. The amendment would require a Lieutenant Governor who becomes Governor to forfeit the office of Lieutenant Governor. The amendment would also provide similar succession procedures when a vacancy occurs in the office of Governor before the newly elected Governor qualifies for office, and when the newly elected Governor is temporarily unable to take office. The amendment also would provide that if there is a temporary vacancy in the office of Lieutenant Governor, the President pro tempore of the Senate will fill the position; but if there is a permanent vacancy in the office of Lieutenant Governor, the President pro tempore of the Senate shall serve as Lieutenant Governor only until such time as the whole senate can convene to elect one of its members to perform the duties of Lieutenant Governor. Finally, the amendment would provide that if the Lieutenant Governor, while temporarily exercising the powers of the Governor, becomes temporarily disabled or unable to serve, the President pro tempore of the senate shall exercise the powers and authority of the office of the Governor until such time as the Governor or Lieutenant Governor resumes those powers and duties.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to revise the provisions for the filling of a vacancy in the office of governor or lieutenant governor."

PROPOSITION NO. 2 ON THE BALLOT

SJR 12 - SJR 12 proposes a constitutional amendment that would resolve conflicts between the Texas Constitution and federal law relating to the definition, rules, and procedures of reverse mortgages. The amendment would define "reverse mortgage" in part as an extension of credit made against the homestead of a person who is 62 years or older, or whose spouse is 62 years or older. It would expand the list of circumstances under which payment of principal and interest become due and the procedures involved in foreclosure, and would require certain advances to be made according to specific terms in loan documents, including advances by the lender, on behalf of the borrower for payments necessary to protect the lender's interest. Finally, the amendment would require the Texas Supreme Court to promulgate rules of civil procedure expediting court-ordered foreclosures of reverse mortgage liens.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the making of advances under a reverse mortgage and payment of a reverse mortgage."

PROPOSITION NO. 3 ON THE BALLOT

HJR 62 - HJR 62 proposes a constitutional

amendment that would simplify and clarify the language of the Texas Constitution. The amendment would make no substantive changes, but would eliminate duplicative, expired, out-of-date, and ineffective terms.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to eliminate duplicative, executed, obsolete, archaic, and ineffective provisions of the Texas Constitution."

PROPOSITION NO. 4 ON THE BALLOT

HJR 4 - HJR 4 proposes a constitutional amendment that would broaden the definition of charitable organizations. The amendment would exempt from ad valorem taxation the property of any organization engaged primarily in public charitable functions, and it would allow such an organization to conduct additional activities to support its charitable functions.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to exempt property owned by institutions engaged primarily in public charitable functions from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

SJR 26 - SJR 26 proposes an amendment that would remove the restriction prohibiting state employees who receive all or part of their compensation from the state from serving as members of a governing body of a school district, city, town, or other local governmental district, city, town, or other local governmental district.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing state employees to receive compensation for serving as a member of a governing body of a school district, city, town, or other local governmental district."

PROPOSITION NO. 6 ON THE BALLOT

SJR 22 - SJR 22 proposes a constitutional amendment that would increase the maximum size of an urban homestead, which is a homestead in a city, town, or village, from one acre to ten acres and require the urban homestead to be composed of either a single lot or several lots that are adjacent to one another. The amendment also would provide that the urban homestead must be used as a home or as both a home and place of business, whereas current law does not require that an urban homestead that is used as a place of business be used also as a home.

Current law further allows a person to secure a home equity loan on their homestead, provided that the loan does not overburden the homestead. That is, the principal amount of the home equity loan, when added to the total of the outstanding principal balances of all other indebtedness secured against the homestead, does not exceed 80 percent of the fair market value of the homestead on the date the extension of credit is made. proposed amendment would clarify current law by specifically allowing home equity loans on all or part of urban homesteads of up to ten acres and subject such loans to the same requirement that the refinanced or new loan not overburden the homestead.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment increasing the maximum size of an urban homestead to 10 acres, prescribing permissible uses of urban homesteads, and preventing the overburdening of a homestead."

PROPOSITION NO. 7 ON THE BALLOT

HJR 16 - HJR 16 proposes a constitutional amendment that would provide that if an employee is delinquent in paying court-ordered spousal maintenance, a portion of that employee's wages may be withheld to pay the spousal maintenance. Current law allows such withholding, or garnishment, only for payment of delinquent court-ordered child support.

PROPOSITION NO. 8 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing garnishment of wages for the enforcement of court-ordered spousal maintenance."

PROPOSITION NO. 9 ON THE BALLOT

HJR 95 - HJR 95 proposes a constitutional amendment that would provide that the adjutant general, who is appointed by the Governor and who serves as the governing officer of the state military forces, serves as long as the Governor wishes the appointed person to serve in that capacity rather than serving a specific two-year term set by the legislature.

PROPOSITION NO. 10 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide that the adjutant general serves at the pleasure of the governor."

PROPOSITION NO. 11 ON THE BALLOT

SJR 10 - SJR 10 proposes a constitutional amendment that would authorize the legislature to create a judicial compensation committee to make recommendations for salaries for the justices and judges of the Supreme Court, the Court of Criminal Appeals, the Courts of Appeals, and the District Courts. The amendment would mandate that the recommendations become law if neither the Senate nor the House of Representatives rejects them by majority vote.

PROPOSITION NO. 12 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to create a judicial compensation commission."

PROPOSITION NO. 13 ON THE BALLOT

HJR 74 - HJR 74 proposes a constitutional amendment that would provide that the commissioner of health and human services, who is appointed by the Governor, serves as long as the Governor wishes the appointed person to serve in that capacity rather than serving a specific two-year term set by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide that the commissioner of health and human services serves at the pleasure of the governor."

PROPOSITION NO. 14 ON THE BALLOT

HJR 69 - HJR 69 proposes a constitutional amendment that would authorize a county, city, town, or other political subdivision to

spend public funds or extend credit to purchase nonassessable property or casualty insurance from a mutual insurance company authorized to do business in Texas. Under current law, a political subdivision is generally prohibited from spending public funds or extending credit to become a stockholder in a corporation but is permitted to purchase nonassessable life, health or accident insurance policies from a mutual insurance company authorized to do business in Texas. This amendment would authorize a political subdivision to also obtain non-assessable property and casualty insurance from such a company.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting a political subdivision to purchase nonassessable property and casualty insurance from an authorized mutual insurance company in the same manner that the political subdivision purchases life, health, and accident insurance."

PROPOSITION NO. 15 ON THE BALLOT

SJR 21 - SJR 21 proposes a constitutional amendment that would exempt from ad valorem taxation a leased motor vehicle that is not used by the lessee primarily to produce income. The amendment would provide that the legislature also may limit the ability of a political subdivision to subject such a vehicle to taxation.

PROPOSITION NO. 16 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to exempt from ad valorem taxation leased motor vehicles not held by the lessee primarily to produce income."

PROPOSITION NO. 17 ON THE BALLOT

SJR 16 - SJR 16 proposes a constitutional amendment that would authorize the legislature to allow the Texas Higher Education Coordinating Board to issue and sell general obligation bonds in an amount not to exceed \$400 million in order to finance educational loans to students. The amendment also would authorize the Legislature to limit the amount of interest the bonds can bear and establish procedures for the investment of the bond proceeds. The proposed amendment would specify the method of repaying the bonds.

PROPOSITION NO. 18 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of \$400 million in general obligation bonds to finance educational loans to students."

PROPOSITION NO. 19 ON THE BALLOT

HJR 29 - HJR 29 proposes a constitutional amendment which would authorize the Legislature to require the board of regents of the state university and boards of trustees or managers of the educational, charitable, and penal institutions of the state, whose members serve six year terms, to be composed of an odd number of three or more board members (for example, 5, 7, or 9 members). The proposed amendment would allow approximately one-third of members of boards whose membership is not evenly divisible by three to be elected or appointed every two years. The amendment also would allow the Legislature to set the composition of constitutionally required boards, whose members serve for a term of six years, to a number divisible by three so that exactly one-third of the board members may be elected or appointed every two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide that a state board, commission, or other agency shall be governed by a board composed of an odd number of three or more

PROPOSITION NO. 19 ON THE BALLOT

HJR 36 - HJR 36 proposes a constitutional amendment that would allow spouses, by an agreement in writing, to convert all or part of their separate property into community property. Separate property is primarily the property owned or claimed by the spouse before marriage and the property acquired by the spouse during the marriage by gift or inheritance. Community property consists of the property, other than separate property, acquired by either spouse during marriage.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment permitting spouses to agree to convert separate property to community property."

PROPOSITION NO. 20 ON THE BALLOT

HJR 71 - HJR 71 proposes a constitutional amendment that would allow a county with a population of 50,000 or more, rather than 30,000 or more, to be divided into four or eight justices of the peace and constable precincts. The amendment also would allow a county with a population between 18,000 and 50,000 to have two to eight justices of the peace and constable precincts, rather than the current maximum of five precincts. Furthermore, the amendment would limit Randall County to not less than two and not more than six precincts. Finally, the amendment would set a minimum of four precincts for any county that as of November 2, 1999, is divided into four or more precincts.

PROPOSITION NO. 21 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide that certain counties shall be divided into a specific number of precincts."

PROPOSITION NO. 22 ON THE BALLOT

HJR 58 - HJR 58 proposes a constitutional amendment which would require the board of regents of the University of Texas System to manage investments of the permanent university fund (PUF) according to the standards of a prudent investor. Generally, earnings from the PUF are distributed to the available university fund (AUF) and then ultimately distributed to the public university systems of Texas. Under the amendment, the amount distributed to the AUF would consist of distributions, as determined by the University of Texas System board of regents, from the total return on all investment assets of the PUF, instead of consisting only of the dividends, interest, and other income of the PUF minus administrative expenses. The amendment also would provide guidelines for minimum and maximum amounts to be distributed to the AUF, and require that the board of regents manage distributions to the AUF in a manner that will provide the AUF with a stable and predictable stream of annual distributions and maintain the purchasing power of the PUF investments and annual distributions to the AUF.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the investment of the permanent university fund and the distribution from the permanent university fund to the available university fund."

"Run With the Big Dogs" relay planned October 9

A 10K and 5K run, a 10K relay and a one-mile pet walk has been set for Saturday, October 9 at Camp Maxey, about seven miles north of Paris on Hwy. 271.

The event, tagged "Run With the Big Dogs II" is being sponsored by Christus St. Joseph's Health System's Aerofit Fitness Center.

Activities will begin at 8 a.m. near Camp Maxey's main gate. Signs will direct visitors and participants.

After the race, a barbecue dinner and drinks will be provided for participants. Also, a free pet dip will be offered by Brenda's Room and Groom, and free T-shirts will be given all participants.

Cash prizes will be awarded to the overall male and female runners in each race. Other prizes will be awarded. Drawings for door prizes for race participants will also be made during the meal.

The event promises to be fun and exciting for all ages, including pets.

FOOT NOTES

FOOTWEAR FOR DIABETICS
For many people, buying shoes is a matter of fashion. If you like the way they look, never mind if they pinch a little here or rub a bit there. For people with diabetes, that kind of attitude can be deadly, as minor irritations can lead to life threatening infections. Diabetics should shop where sales staffs are knowledgeable about proper fit. Shoes should feel good in the store, no one should fall into the trap of thinking that a tight, slightly uncomfortable shoe will stretch to fit after wearing. Look for shoes with soft and flexible uppers, smooth linings, comfortable arch cushions, snug but not pinching heels, soles that flex at the ball, and a roomy toe box.

People sometimes don't realize how their feet mirror their body's general health. And when the body hurts, the pain demands attention, and it is especially important for diabetics to heed this demand. At DOCTORS FOOT CLINIC, we strongly recommend having foot problems attended to professionally to prevent them from becoming serious, as well as to keep a check on the rest of the body. We may not be able to prevent disease, but we can help deal with some of the serious problems that may accompany it. Hours are by appointment. Call 784-5585.

OFFICE LOCATED AT
3605 N.E. LOOP 286, STE 1800

P.S. A person with diabetes should never ignore any sign of foot irritation or injur. Call your podiatrist promptly about any change.

Murals to highlight PCA rooms

Cheri Bedford of Blossom has been commissioned to paint murals on the walls of the waiting rooms in the new PCA (Primary Care Associates Clinic) in Paris.

The clinic opened at 3150 Clarksville Street

The theme for each waiting room will be different. Cheri has been working on the mural in the pediatric waiting room for the past two weeks and it will feature the Paris city square and businesses located around the fountain.

Upon completion of the pediatric room mural, the next picture will depict a western theme, featuring the old railroad depot and the Maxey House.

For the past nine years, Cheri has operated a business part-time, specializing in window painting for various holidays, signs and special occasions.

Cheri lives in Blossom with her husband, Kenneth, and their three sons, Brad, Jacob and Micah.

Cheri stated that she has had no formal training in art, except for one art class in the eighth grade. To date, this project is the largest Cheri has undertaken. She has painted windows at Christmas and on special holidays while working at a local restaurant.

Now that her sign business and special painting jobs have increased in demand to the point she can no longer do both, Cheri states that although she is excited about just doing the painting jobs, she will miss the many friends and acquaintances she has made over the years working at TaMolly's Restaurant.

To like and dislike the same things, that is indeed true friendship.

A&M designs classroom for the 21st Century

COLLEGE STATION - As the 21st century approaches, schools are not only updating their curriculums to embrace emerging technologies, they are changing their facilities as well with the help of Texas A&M University.

The Center for Distance Learning Research (CDLR), a collaborative effort between Texas A&M's College of Education and GTE, has designed a model classroom consisting of various technologies. A team of educators and business representatives developed the classroom at CDLR's headquarters in Bryan.

"We want educators to see how they might arrange a classroom with all or some types of technologies," says Teri Metcalf, education coordinator for CDLR. "It's a generic classroom that can benefit the learning of any content area in grades six through 12."

All furnishings are modular so the room can be rearranged as necessary, Metcalf notes. Even though the model is much larger than the average classroom and contains many technologies, Metcalf says educators can adapt the model to fit their schools' curriculum and technology needs.

The model classroom contains several areas equipped with computers, audio and video equipment. Other areas in the classroom allow for video production and video conferencing. A work area allows students to work independently or on group projects.

Dear Friends,
Consider this: among Black American men, the odds of getting prostate cancer are one in nine, while breast cancer is the number one cause of cancer deaths among Black American women; and high blood pressure affects about one in three African-American adults.
So, if you're looking for an easy way to take charge of your health and that of your family, get yourself and your family to the Health Check '99 Community Health Fair on September 11, 1999.
Health Check '99 Community Health Fair will be offering free prostate exams, breast exams, cholesterol checks, and many more free screenings to anyone who attends. There will also be a Children's Corner designed with special activities and information.
So, bring your family and join me from 10:00 am until 2:00 pm at the Love Civic Center on Saturday, September 11, 1999.

Birthday/family reunion held Sept. 5

A special birthday party and family reunion was held Sunday, Sept. 5, 1999 at the Bogata Community Center. Georgia Miller celebrated her 93rd birthday which will be September 13. Hosting the birthday party were her children; Gerald and Earlene Miller and family of Mt. Pleasant, Velma Paris and family of Louisiana, Shirley and Wayne Collins and family of Dallas, Paul and Carolyn Miller of Longview and the son and grandchildren of the late Charles Ray Miller.

The family reunion was hosted by

the descendants of Arthur and Loni Scruggs which are Georgia Miller, S.O. (Tub) Scruggs, Odell Scruggs, Cordell Alexander and Elsie Miller who was unable to attend but was represented by her children.

62 guests enjoyed the birthday/reunion with lots of food, visiting and birthday cake. Of the Scuggs 5 children, on November 18, 1999 4 of them will be in their 80's and Georgia as eldest is 93 years young. Georgia received many nice gifts and the greatest gift of all, being with her family.

Oil painting lessons offered to senior citizens

There will be oil painting classes offered to all senior citizens, beginning on Monday, September 13, 1999 at the Blossom Housing Authority in the Community Room.

Margaret Forbis will be the instructor. She has taught oil painting for the past 20 years in the Metroplex area. The first meeting will be

to organize and discuss supplies needed for class. Students will need to buy supplies, but lessons will be offered free.

Other crafts will be offered on this day also. You may bring a craft of your choice to work on (such as quilting, needle work or a holiday item) of your choice.

What Theodore Roosevelt Had To Say About Going To Church

(as first appeared in Ladies' Home Journal in 1917)

- In this actual world a churchless community, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid downgrade.
- Church work and church attendance mean the cultivation of the habit of feeling some responsibility for others and the sense of braced moral strength which prevents a relation of one's own moral fiber.
- There are enough holidays for most of us which can quite properly be devoted to pure holiday making. Sundays differ from other holidays among other ways in the fact that there are fifty-two of them every year...On Sunday, go to church.
- Yes, I know all the excuses. I know that one can worship the Creator and dedicate oneself to good living in a grove of trees, or by a running brook, or in one's house, just as well as in church. (Can he? Heb. 10:25-B.H.) But I also know as a matter of cold fact the average man does not spend his time in good works or in lofty meditation. He looks over the colored supplement of the newspaper.
- He may not hear a good sermon at church, but unless he is very unfortunate he will hear a sermon by a good man who, with his good wife, is engaged all week long in a series of wearing and humdrum and important tasks for making hard lives a little easier.
- He will listen to and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered loss..
- He will probably take part in singing some good hymns.
- He will meet and nod to, or speak to, good quiet neighbors.
- I advocate a man's joining in church works for the sake of showing his faith by his works.
- The man who does not in some way, active or not, connect himself with some active, working church misses many opportunities of helping neighbors, and therefore, incidentally, for helping himself. (Rom. 16:16 - B.H.)

NOTICE OF REQUIREMENT TO COMPLY WITH THE SUBDIVISION SERVICE EXTENSION POLICY OF CYPRESS SPRINGS WATER SUPPLY CORPORATION

Pursuant to Chapter 13.2502 of the Texas Water Code, Cypress Springs Water Supply Corporation hereby gives notice that any person who subdivides land by dividing any lot, tract or parcel of land, within the service area of Cypress Springs Water Supply Corporation Certificate of Convenience and Necessity No. 10532, in Franklin County, into two or more lots or sites for the purpose of sale or development, whether immediate or future, including re-subdivision of land for which a plat has been filed and recorded or requests more than two water or sewer service connections on a single contiguous tract of land must comply with (title of subdivision service extension policy stated in the tariff/policy) (the "Subdivision Policy") contained in Cypress Springs Water Supply Corporation's tariff policy.

Cypress Springs Water Supply Corporation is not required to extend retail water or sewer utility service to as service applicant in a subdivision where the developer of the subdivision has failed to comply with the Subdivision Policy.

Among other requirements, the Subdivision Policy requires:
 - Applicable elements of the Subdivision Policy, depending on the specific circumstances of the subdivision service, may include:
 - Evaluation by Cypress Springs Water Supply Corporation of the impact a proposed subdivision service extension will make on Cypress Springs Water Supply Corporation's water supply system and payment of the costs of this evaluation;

- Payment of reasonable costs or fees by the developer for providing water supply capacity;
 - Payment of fees for reserving water supply capacity;
 - Forfeiture of reserved water supply capacity for failure to pay applicable fees;

- Payment of costs of any improvements to Cypress Springs Water Supply Corporation's system that are necessary to provide the water service.
 Construction according to design approved by Cypress Springs Water Supply Corporation and dedication by the developer of water facilities within the subdivision following inspection.

Cypress Springs Water Supply Corporation's tariff and a map showing the Cypress Springs Water Supply Corporation's service area may be reviewed at Cypress Springs Water Supply Corporation's office, located at 4430 Hwy. 115; the tariff/policy and service area map also are filed on record at the Texas Natural Resource Conservation Commission in Austin, Texas and may be reviewed by contacting the TNRC. % Utility Rates and Services (Certification and Rate Design) Section, Water Utilities Division, P.O. From Your
Red River
County Attorney*

Jack Herrington

The Death Penalty in Texas
In 1924, Death Row was begun at the Walls Unit in Huntsville, Texas. The Walls Unit is the oldest prison in Texas, having its beginning as a prison in 1848. Death Row was moved from the Walls Unit to the Ellis Unit in 1965. The death chamber, however, remains at the Walls Unit. The U.S. Supreme Court declared capital punishment "Cruel and Unusual Punishment" in June of 1972, and at that time, there were 45 men on Death Row and 7 in county jails with a death sentence. All sentences were commuted to life by the Governor of Texas and Death Row was clear by March 1973.
Prior to 1923, Texas counties were responsible for their own executions. The State of Texas executed its first inmate by electrocution February 8, 1924, Charles Reynolds from Red River County. The last inmate electrocuted was on July 30, 1964, Joseph Johnson from Harris County. My grandfather, J.E. "Jack" Edwards sat on the jury which convicted Reynolds and Don Black, father of Ben Black, was a witness in the trial.
The electric chair, which was used in Texas from 1924 through 1977, was the original chair built from oak in 1923-24. Between February 1924 and July 1964, a total of 506 men and women were placed on Death Row in Texas. Of those, 361 died in the electric chair.
The Texas Legislature revised the Texas Penal Code, effective January 1, 1974, and once again Texas courts began assessing the death penalty. The first man placed on Death Row under the new statute in February 1974 committed suicide on July 1, 1974.
Texas leads the nation in the number of executions since the death penalty was reinstated in 1976. Currently, thirty-eight states have a death penalty. California has the largest death row population, but ranks almost last in the number of executions carried out. There are five methods of execution in the United States: lethal injection, electrocution, lethal gas, hanging and firing squad.
The first victim's family to witness an execution was on February 9, 1996 of inmate Leo Jenkins #967.
On August 29, 1977, the method of execution in Texas was changed from electric chair to lethal injection. This was first used on Charlie Brooks, Jr. on December 7, 1982.
Since the reinstatement of the death penalty, 176 inmates have been executed in the State of Texas.
Lethal injection consists of: Pancuronium Bromide, Potassium and Sodium Thiopental.

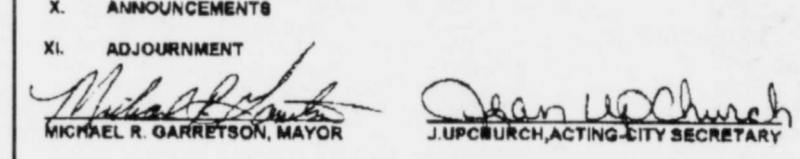

In good writing, words become one with things.
