By Nanalee Nichols  
*It was cruel, really.*

Thomas and I went suitcase shopping the other day. Our old suitcases have finally reached the point that they are beyond use. The zippers are broken, the wheels are square, and numerous luggage carousels have worn holes in the fabric.

We looked locally without finding exactly what we wanted. We wanted a solid hardside with big wheels and a sturdy handle. Most luggage is soft side, but we like to be sure our gifts and souvenirs are safely protected on trips, and softside doesn't always fill the bill.

Well, the only place that had anything remotely like what we wanted was Dillard's. And they only had one. Just one lonely, suitcase, with a combination lock.

It was even on sale.

There was just one teeny weeny little problem. It was locked. Securely. Firmly. Completely. And no one knew the combination!

All combination locks on suitcases come from the factory with the combination set at 0000. Someone apparently decided it would be very funny to set the combination to something else, then go off and leave the luggage.

That must be why it was the only one of its kind left in the store.

The nice young man fooled with the locks on that suitcase for fifteen minutes.

Thomas and I messed with them.

The young man went for a supervisor.

She got down on the floor with the recalcitrant piece of luggage and wrestled with it for about 15 more minutes. Then she went for the department manager.

HE began to try and find the combination.

Thomas offered to buy it for a really low price "as is". They said, sadly, that they weren't allowed to do that. It was obvious that they would have LOVED to see that case go out the door.

Finally, we (that is Thomas and I) gave up and we left. The three sales people, however, hadn't given up. They were still there, with the suitcase moved up on the counter, pounding, clicking, prying and generally trying to get the suitcase open.

They were having no luck and their frustration level was rising by the moment.

I think I began to hear scattered curse words coming from them. I don't think they knew when we left, so fixated were they on being safe crackers (or suitcase crackers).

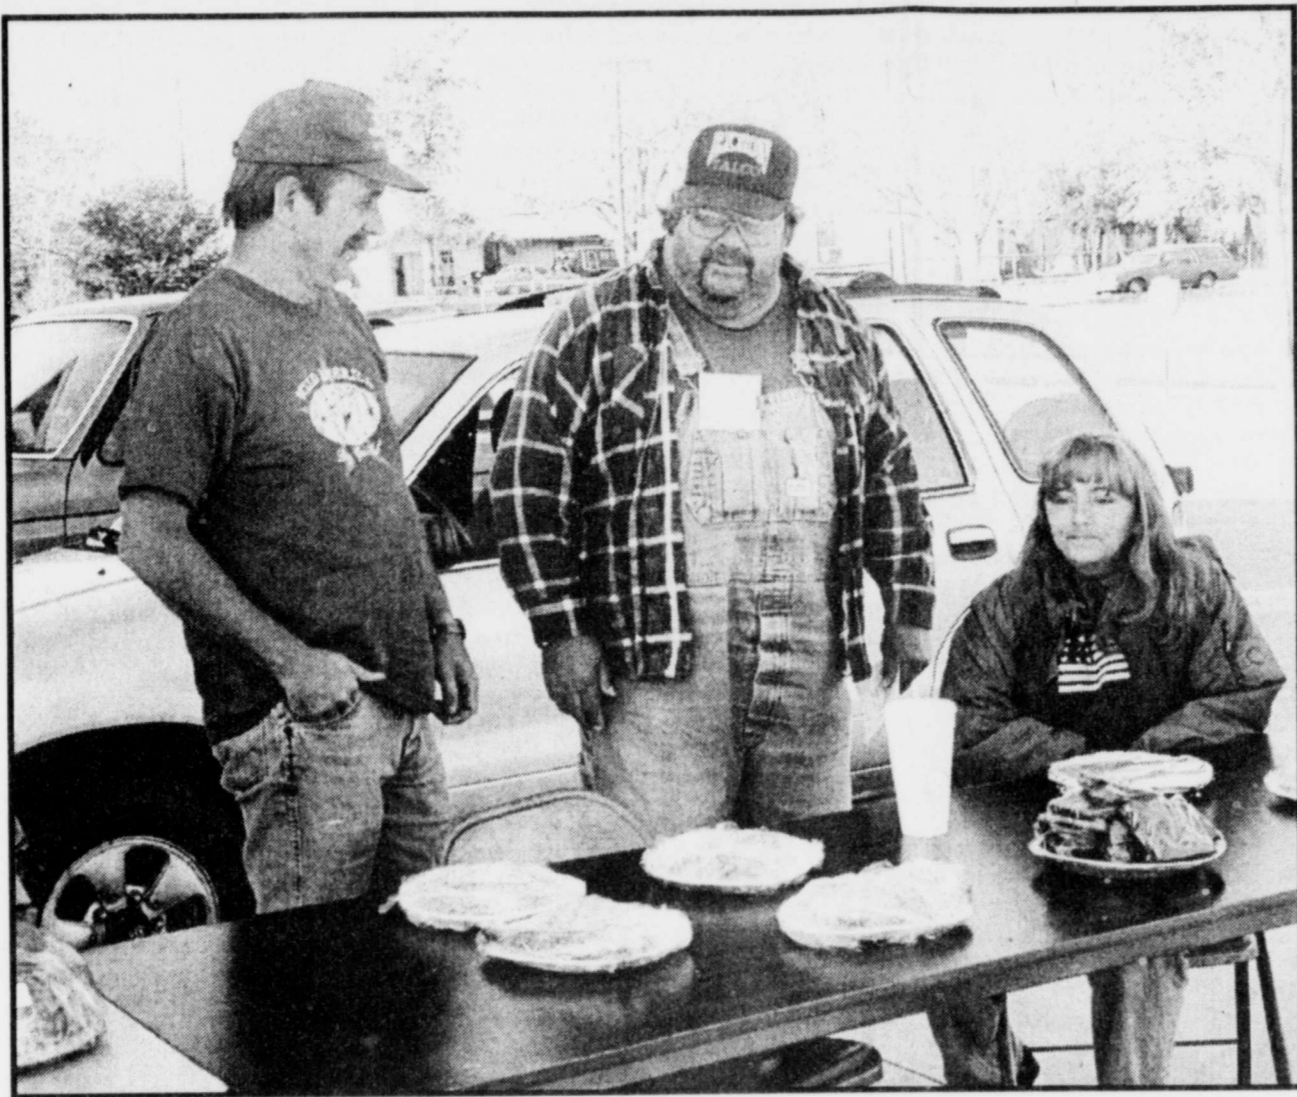

Poor things, I know that that piece of luggage is going to be like a sore tooth...they aren't going to be able to keep from picking at it!

Oh well, I hated to leave them, but better than me!

## Talco Homecoming set for April 29

The planning meeting for the annual Talco Homecoming was held on Tuesday, March 21, 2000. Seventeen Ex's attended. The main item discussed was changing the scheduled meeting on May 6. There is a conflict with the school board elections to be held on that date. The group decided to have the meeting on the last Saturday in April from this day forward, with the 2000 date being April 29.

Another change concerns Special year classes. In the past those groups who had been out of school in five or ten years from the current year were

honored. In the future this will only be the classes who have been out 40, 50 and 60 years for the Special honor. Any other groups who want a special meeting can contact the officers for a listing of their class.

The honor classes for the current (2000) meeting and persons working are:

1940-Christelle Cato, Bud Barrett and Joe (Mutt) Harper.

1945-Jerene Chapman Flanagan and Dan Cotten.

1950-Minerva Easterling Gentry and Bobby Watts.

1955-Lois Shaw Jordan and Bobby Blackburn Kelly.

1960-Virginia Johnson Onyett and Sue Gaddis Shumate.

1965-Ottis Hall.

Anyone who would work on the 2001 classes; 1941, 1951 and 1961, please let the president, Ralph Parsons, know before the reunion if possible. Everyone is also encouraged to notify friends and relatives of the change in the date for the reunion and make plans to attend for a day of reminiscing with old friends, making new friends and sharing a good meal.

## Forgery suspect arrested in Deport

An alert Guaranty Bank-Deport, teller stopped a forgery scheme last Thursday, ending a spree in which a Bogata woman had apparently forged checks in amounts from \$150 to as much as \$800.

Kayanna Loyce Presley, 33, of Bogata was arrested and has been charged with forgery of a financial instrument, according to Lamar County Deputy Steve Hill.

A teller at the Deport bank called the Sheriff's Department and reported that someone at the drive through window was trying to cash a \$800 check.

Hill said the teller knew the owner

of the account at Guaranty Bank in Deport and that the check book had been reported stolen.

Deputy Hill and Deputy Thomas Barr responded to the call and confronted the woman, who was then arrested. "At first she said she had received the checks from the check-book owner" Hill reports, "then she said she had written them, but with his permission. We told her we knew better".

"According to the carbons of the checks it appears the woman had written checks for at least \$5,000" Deputy Hill said.

# Country Cooking

By Liz Irwin

This week's cook sure takes the prize. ...ad I mean that literally. He recently won first place in the Blossom Kiwanis CASI chili-cookoff and third place in the local portion of the contest. He is Wesley Tallant of Blossom.

Wesley is a 19-year veteran of the Paris Fire Department and also runs Tallant Small Engine Repair out of his home in Blossom. Since he is looking at retirement in the next few years, he has ventured into another territory and that is Amphibious all-Terrain vehicles! These six-wheel all-purpose craft can take mud, water, sludge or whatever you dish out to them. He is the only dealer around this area for these recreational craft and they sure look like a lot of fun to play with. He hopes to boost the small engine business by selling these and urges everyone to come out and try one.

He and his wife Janet have lived in Blossom for the last 19 years and they have three sons, Kevin, Jonathan

and Michael. All three of the boys graduated from Prairiland High School. The family enjoys camping, hunting and fishing. Wesley enjoys cooking and like to try different recipes and add his own touch to them.

**Blue Ribbon Chili**-this is the 1st place winner! He says that the sugar seems to counteract the grease.

**Oven Baked Hamburger Steak**-this recipe is really good and can also be cooked on the grill and add other vegetables such as carrots, squash and other favorites!

**Beef Fajita**-a favorite of everyone. Can feed a couple or a crowd!

**Tex-Mex Casserole**-this is a great recipe for anytime of the year!

**Chicken Fajitas**-this recipe like the beef fajitas are great!

**Ham Stir**-this is one of Wesley's "doctored" dishes. He came up with this recipe by adding a little of this and a little of that!

We hope you enjoy these recipes and we will see you in the kitchen!

**COOK OF THE WEEK** is Wesley Tallant of Blossom. In addition he does small engine repairs. He stands here with several of his all terrain vehicles. (Staff Photo by Liz Irwin)

### Card of Thanks

This is my anniversary of being down for one year. I would like to express my heartfelt thanks to the people that have made my life more bearable. My deepest regret is that I was not able to pay my final respects to friends and people I had worked with for many years; Mr. Marr, Mrs. Broadway, Mrs. Rundles, Mrs. Potter, Mr. Doug, Mrs. Ray, Mark Cowan's daughter, Mrs. Barber's and Mrs. Burchinal's mother, Paul J. Gaston and E.R. Pratt.

I am thankful for all the cards, calls, reading materials and etc. that various people brought. Many thanks for the food and the ladies at the bank for putting up with me, the ladies that sold the quilts, Mrs. Covington and Mr. Coleman for carrying on the work of the cemetery, those that furnished labor and/or money to finish the house. I thought I was being carried to the wrong house when I was brought home from the hospital.

I'm still under the care of Dr. Surber and Dr. Woodfin and go to St. Joseph's for therapy each Tuesday and Thursday. Many thanks to my wife and children, and all they've done. Also my pastor Rev. Ryherd and family and Mrs. Shelby and Dana for carrying on my job at the church. My heartfelt thanks to all of you and may God bless all of you.  
Willie and Berniece

**TOENAIL SURGERY**

Nail problems often result from improper trimming, minor injuries, or repetitive trauma. Common disorders include ingrown nails, fungal infections, and blood beneath the nail. With chronic or severe cases, a podiatrist may recommend removing all or a portion of the nail. Most toenail surgeries can be done in the doctor's office in less than an hour, using local anesthesia. Laser surgery is done at a hospital because of the special equipment involved. Most patients experience very little pain immediately after nail surgery and throughout the two to three week healing process. If any bone has been removed, healing will take a bit longer. The podiatrist may prescribe pain medication and advise soaking the toe several times daily for one week.

Feet seem especially susceptible to nail problems of all kinds. It might be because of all the time they spend in dark, moist places, or it might be because of the lack of attention they get. Whatever the cause, your podiatrist is well-equipped to help provide the cure, from medication to surgery, as well as preventative steps to take to prevent future problems. Don't take another step until you see us for family foot care here at DOCTOR'S FOOT CLINIC. Call 784-5585 for an appointment.

OFFICE LOCATED AT

P.S. Some drainage is normal when a toenail has been surgically removed.

Mr. & Mrs James Bell

## James Bell to be honored April 9, 2000

On April 9, 2000 a celebration in honor of the 50th anniversary of Elder and Mrs. James Bell's service in the gospel ministry will be held at Liberty Hill Missionary Baptist Church from 2 to 4 pm. This honorary service will include singing, fellowship and refreshments. All who wish to celebrate Elder Bell's many contributions to the ministry are encouraged to attend.

Elder James Bell graduated from Mt. Pleasant High School in May of 1942. On August of that same year he married the love of his life, Myrtle Randle. They have been blessed with 2 children, Darlene and Donald, 4 grandchildren and 8 great grandchildren. In 1943 Elder Bell went into the Army. He served in the infantry and was wounded in November, 1944 at Leyte Island by a Japanese hand grenade. He was awarded the prestigious purple heart and bronze star medals. He accepted the call to the ministry at Mt. Pleasant Missionary Church in August 1950 and was licensed by the church on September 10. His first pastoral position was at Old Union Missionary Baptist Church. Since then he has served as pastor at Mt. Sylvia Baptist Church, Hickory Hill Baptist Church, Liberty

Hill Baptist Church and Argo Baptist Church. He also served as moderator of the Hopewell Baptist Association. Elder and Mrs. Bell are presently active members of the Liberty Hill Baptist Church.

Elder Bell is proud of the many souls he has helped lead to salvation and baptism. When asked about his most memorable baptism he replied, "Baptism was originally performed in local pools. One woman I remember, insisted on wearing shoes during her baptism. When she entered the pond she slipped and fell completely under water before I was able to baptize her."

Elder and Mrs. Bell have seen many changes over 50 years of service. He has seen pools replaced with heated indoor baptisteries, wood burning stoves replaced with modern central heating and air conditioning and hard straight-backed pews replaced with plush cushioned ones. Simple country churches are being replaced with large elaborate buildings. "I've seen a lot of churches disbanded over the years and less young men are entering the ministry," he said. "The ministry has changed. Workers meeting have been cut out. Churches are falling away from the true teachings of

## Notice to RHS class of 1985

Plans have been in the works for a Rivercrest High School Class of 1985 Reunion during this past year. Class members have searched high and low for classmates to make the reunion set for May 20, 2000 at the Bogata Community Center a success.

A questionnaire was mailed to all class members who have been found and a request for a return of the questionnaire by February 12, 2000 was made. The group have received few responses although they hear of many who plan to attend. In order to have enough food for those planning to attend the questionnaires are very important and even if plans to attend are not made the questionnaires will let classmates know what has happened in each classmates life.

All classmates are urged to please return these forms as soon as possible to Jennifer Reeder, whose address is on the form. Lets celebrate our 15th year away from Rivercrest High School back together again!

**Law needs modification, says ICA**

The Independent Cattleman's Association of Texas today broke with all other agricultural trade associates in the state and urged the Legislature to modify the "Rule of Capture," to protect landowners from having their water sources depleted.

ICA President Chuck Kiker of Beaumont said that landowners face the certainty of losing the right to control the water under their land if the Legislature fails to act. The "Rule of Capture" was declared to be the law in Texas by the

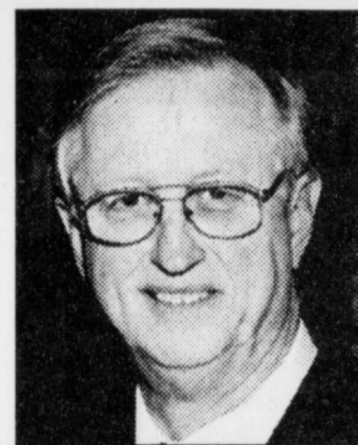

Supreme Court in 1904. It affirms the right of landowners to use the water under their land. Landowners cannot compete with Texas cities in the demand for water. The cities simply have bigger pumps.

ICA is urging that a duty be imposed on all water users in Texas to consider the impact on the aquifer from which they are pumping and on adjoining landowners.

Kiker pointed out that the alternative, ultimately, was regulation of groundwater by the State of Texas.

**SCOTT McDOWELL**  
**Democratic Candidate for 62nd Judicial District Judge**

**"EXPERIENCE IS A GREAT TEACHER"**

It is my belief that experiences are what make a great judge. My experience for 33 years of law practice includes: City Attorney for 4 years with the city of Dallas, 10 years as Municipal Judge, and 12 years as Assistant County Attorney, under Tom Wells.

I have represented people from all walks of life from criminal defendants, people who have been injured, doctors, lawyers, banks and insurance companies. I have tried cases in the courts from the J.P. Court to the Supreme Court of the United States, representing the people and the state in both civil and criminal cases.

My father, Cotton McDowell, owned and operated the Loop 286 Truck Stop & Restaurant. He instilled in me an excellent work ethic. I worked on trucks, changed flat tires, pumped gas both night and day and dealt with people on a daily basis.

While raising three children, I coached football, basketball, baseball and soccer, and experienced, with my kids, heartaches and good times.

My experience in roles in the law practice, the business world, as the employer, as the prosecutor, the defense attorney, in the title business, as the landlord, the coach, and the parent all contribute to making me the most qualified to serve in the role as your 62nd District Judge.

*I want to be your judge!*

**TEXAS BUSINESSES HAVE APRIL 17 DEADLINE FOR FILING PROPERTY TAX RENDITIONS**

(Austin)-Texas Comptroller Carole Keeton Rylander today reminded Texas businesses to render their property with county appraisal districts by April 17. To render is to list the taxable property that businesses owned or managed as of Jan. 1, 2000. Rendering allows property owners to record their opinions of their property's value. This ensures that the appraisal district sends them a notice before placing a higher value on their property.

"Property owners who render are in a better position to exercise their rights as taxpayers," Comptroller Rylander noted. "They ensure that the appraisal district has their correct address so they will receive notices of any actions that affect their property or tax bills."

Even if the tax collector cannot deliver a tax bill because of an incorrect address, the property owner is still responsible for paying the taxes, plus late payment penalties.

Businesses annually report their inventories, furniture and fixtures, machinery and equipment and other tangible assets. Appraisal districts use the reports to set business property values. When a business owner doesn't render the business property, the chief appraiser estimates the value. While state law requires business owners and operators to render, any property owner, including homeowners, farmers and ranchers, may render their property with county appraisal districts.

Since the regular deadline of April 15 is on a Saturday this year, property owners have until Monday, April 17 to render.

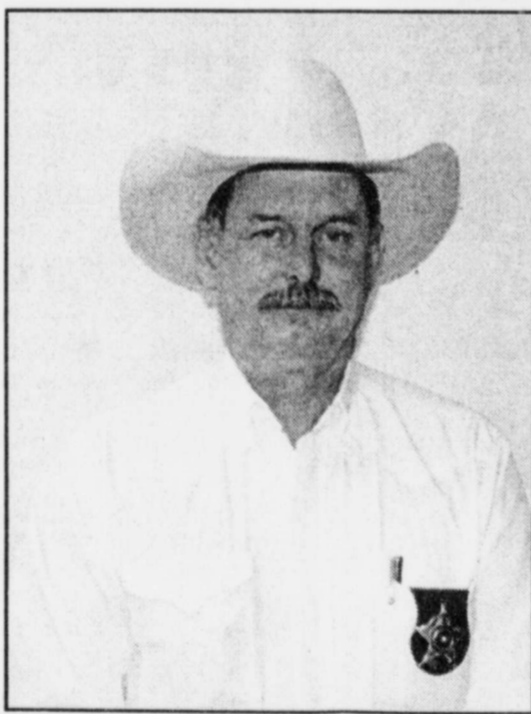

State law requires anyone who owns or manages income-producing personal property on January 1 to render with the local appraisal district. An exception is a business that receives the freepoint exemption for managing cotton stored in a warehouse. Renditions must be notarized if they are filed by persons other than the property owner, the owner's employee or the owner's representative.

Rylander also announced that property owners whose property was damaged by a storm, flood or fire last year may file a special decreased value report that could lower their final tax bills. Property owners have until April 17 to file the decreased value report, which indicates their property's condition on Jan. 1, 2000.

Property owners may ask the chief appraiser to extend the filing deadline to May 1 if the owners can demonstrate good cause. The chief appraiser must grant owners of property regulated by the Public Utility Commission or the Texas Railroad Commission a filing extension to May 1, and may extend the deadline another 15 days if the owners request it in writing and show good cause.

If more than one appraisal district appraises a property, the property owner should render in each appraisal district office. One appraisal district may appraise a property for county purposes, while a neighboring appraisal district may appraise the same property for school taxes, if the school district is in both counties.

Taxpayers may contact their county appraisal district office for rendition forms, or they may e-mail the Comptroller's property tax division at [pid.cpa@cpa.tx.state.us](mailto:pid.cpa@cpa.tx.state.us). Or call the property tax hotline at 1-800-252-9121 for general property tax information.

### Protect your rights! "Render" your taxable property by April 17th.

A "rendition" is a report to the appraisal district that lists all the taxable property you owned or controlled on January 1st of this year. The rendition form is available at your local appraisal district office...or you may draft a similar form.

#### Who must file a rendition?

You must file a rendition if you own tangible personal property that is used to produce income—such as the inventory and equipment used by a business.

#### Are there any advantages to you?

The advantages of filing a rendition are:

- You give your opinion of your property's value. If the appraisal district believes the value is higher, it must notify you in writing of the higher value and explain how you can protest that value to the appraisal review board.
- You record your correct mailing address so your tax bills will go to the right address. If your bill is mailed to the wrong address, the law still holds you responsible for paying your taxes on time or paying extra charges for late payments.
- You can also file a "report of decreased value" to notify the appraisal district of significant depreciation of the value of your property in 1999. The district will look at your property before assigning value in 2000.

#### What's the deadline?

The last day for filing 2000 renditions is April 17. Call your appraisal district for the last date the rendition may be post-marked, if mailing. You can get an extra 15 days if you ask for it in writing by the April 17 deadline.

#### Where do you file?

## Jake's business has gone to the dogs

Lone Oak Pet Camp is quite unusual

By Nanalee Nichols

Soft classical music wafts softly down the hall. In each spotlessly clean room there is a luxurious special bed, a "patio" area that looks upon serene country scenery, and dining facilities. A non-slip special bathtub is available for those guests who want to be pampered by a warm bath and massage. All is overseen by the German management, and owner, Jake Maurischat. No, it isn't a luxury hotel, it's Lone Oak Pet Camp, located just south of Deport on FM 1503. Lone Oak caters to pets and their people who want a safe, secure place where they can leave their animals when they are away from home.

There are also training and obedience classes for puppies and dogs with behavior problems.

Jake, whose real name is Joachim, is a native of Germany and is married to Barbara Holt Maurischat, a Milton native whose parents, James and Dorothy Holt are well known in the area.

When asked why everyone calls him Jake he grins that "Barbara renamed me for her convenience, since no one could pronounce Joachim".

The good natured man has a love of animals that positively shines forth. His walls have pictures of beloved cats and dogs that have passed away after a long and healthy life.

The couple currently has seven

dogs and four cats of their own, including Jake's newest pride and joy, Rex, a German Shepherd who is only six months old. Rex's real name is Joe von der Schnuckenwein and Jake brought him back from Germany last year at 12 weeks of age.

This spring Jake will go back to Germany and bring back a female puppy in hopes of breeding puppies with an impeccable blood line. In fact, Rex is featured on Jake's internet home page "Marburger Land German Shepherd" which shows the six month old puppy in various pictures and lists his bloodline.

The kennels that Jake and Barbara run is spotless and spacious. Heated and cooled, the dogs receive attention that few kennels can boast. In fact, the smaller dogs such as poodles and Yorkies tend to end up in the house instead of staying in the kennels. Still, those kennels are mighty nice. And they are located close to the house, so that someone is always right on hand.

Jake came over from Germany in 1978. He and Barbara married in 1979 and have made their home in San Antonio until this past year, when she wanted to move back to her home area.

At that time Jake was running his own computer business, which he closed down to make the move.

Because of his great love of ani-

mals, he decided to work on Lone Oak Pet Camp instead of continuing in the computer field. Barbara is a counselor at Mt. Pleasant ISD.

After having the shell built, Jake has done all the rest of the work on the building himself. Ramps enable dogs to walk up to the grooming area after a bath, and a spacious area is available for training.

"In two weeks I can turn a dog into a good citizen" Jake grins. He doesn't do it with harsh measures, either, but with patience and reward.

His own animals flock around him in a happy, tail-wagging group, obviously as devoted to "daddy" as he is to them.

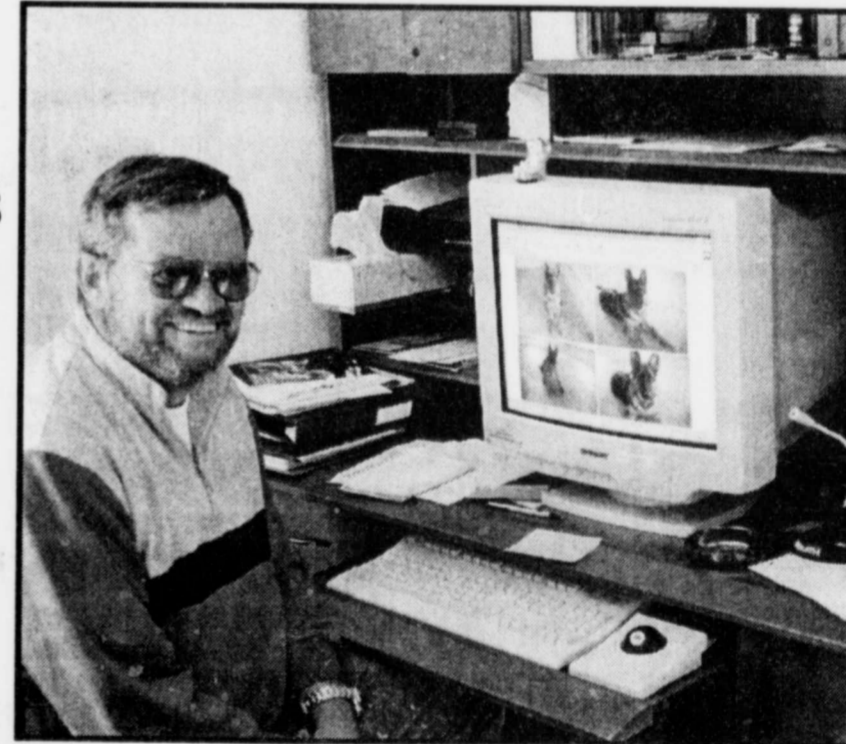

Jake attended the American Boarding Kennel Association's training course to become a Petcare Technician, and takes the responsibility of caring for other people's "Furry kids" seriously.

Several elderly pets whose owners have never considered leaving them with anyone else are now being left with Jake because of the trust he inspires.

Does he miss Germany? Yes, he admits he does, but he loves Texas too. And Texas is home to the Maurischats, specifically, Lone Oak, where their pet camp is waiting with reasonable rates, excellent care and lots of loving attention.

**BIG WELCOME**- Rex, a German Shepherd brought over from Germany by Jake Maurischat, is delighted to see his master. Jake and his wife, Barbara have opened Lone Oak Pet Camp, a boarding kennel with obedience training just south of Deport. (Staff Photo by Nanalee Nichols)

**DADDY'S BABY**-Rex, a German Shepherd that Jake and Barbara Maurischat hope to use for breeding purposes, is featured on his own web page on the internet. Here Jake looks at the web page on his computer, which is used in their business of pet boarding. (Staff Photo by Nanalee Nichols)

## Time running out to get Oak Ridge Boys Concert Tickets

Time is running out to purchase tickets to the Oak Ridge Boys Concert coming up April 15 at the Love Civic Center in Paris.

Tickets are \$40 each and all seats are reserved. There are two performances, one at 6 p.m. and the other at 9 p.m. Getting tickets early assures prime seating.

One of the things about this concert that will make it special is the sound system being used.

Lighting and sound system specialists Doug Hoffman & Company have been called in to provide excellent sound and effects which should make for an outstanding evening of entertainment.

The event will be opened by Stacy Musgrove and the Stoney Creek Band, a popular and well known local group.

Tickets may be purchased by calling 784-2501 (the Lamar County Chamber of Commerce) Prairiland

High School at 652-4059 or 652-6476 and may be purchased by Cash, check or credit card.

There will be a "Will Call" window where tickets can be picked up the night of the concert and if seats are available tickets will be on sale the day of the concert at the Love Civic Center as well as the day before, which is Friday, April 14.

Dr. Jim Love, one of the organizers, says that "The Oak Ridge Boys are always doing things to help kids, including benefits for children's hospitals, and with Duane being a native there is a lot of interest in this scholarship fund. We've had help from so many people, including Barbara Carpenter, administrator of the Love Civic Center. Things are coming together nicely".

All proceeds will go to provide scholarships for Prairiland High School Students through the Prairiland Academic Trust Foundation.

MRS. KRISTI PURVIANCE'S Bogata 4th grade class recently raised \$100 to donate to the Red River County Courthouse Restoration Project. The group brought \$2.00 each as the start-up money of their own candy store. They determined what to sell, how much each piece of candy cost them to buy and how much they should sell each piece for to make a profit. The students took turns running the store each day at lunch. They were also responsible for counting and verifying their profits each day. They then made 2 trips to Guaranty Bank to change their money. In 2 weeks, the 4th graders made about \$227.00. The class will take the remaining \$127 to buy things for their classroom. This was a great learning experience in how to run a successful business. The children are pictured with their teacher and displaying their \$100 bill donation. (Staff Photo Nancy Brown)

### \$196.1 million delivered to Texas cities

Texas Comptroller Carole Keeton Rylander delivered a total of \$196.1 million in monthly sales tax payments to 1,104 Texas cities and 119 counties, a 13.4% increase over the \$172.8 million allocated to cities and counties in March, 1999.

Sales tax rebates for the first three months of 2000 are up 8.4%, compared to the first three months of last year.

March sales tax rebates represent sales taxes collected in January and reported to the Comptroller in February.

In Lamar County, Blossom received \$4,068.15, a 73.99% increase over last year.

Deport received \$1,390.87, marking a .47% decrease.

Paris received \$413,297.04 for this period marking a .91% decrease.

In Red River County, Bogata received \$3,135.34, marking a 73.34% increase over the same period last year.

Clarksville received \$30,247.88 for a 17.71% increase and Detroit received \$2,006.82 for a 54.80% increase over the same period in 1999.

### Volunteer Week to be observed

The Texas Agricultural Extension Service will join communities across the country in saluting the contributions of volunteers during National Volunteer Week, April 9-15, 2000. Volunteers are frequently identified as the backbone of any service-oriented organization. The Red River County Extension Service is no exception.

Volunteers are a tremendous resource, especially if you look at them in the terms of hours they give and the value of that time. In 1996, 48.8% of our population volunteered according to a biannual study done by the Independent Sector. The average

volunteer offers four hours per week. The assigned hourly wage for volunteers is currently \$13.24. This makes the time volunteers give each year worth an estimated \$201 billion.

The Red River County Extension Service appreciates the hard work of all the volunteers who assist through committee work in Agriculture, Family & Consumer Sciences and Community Development, special events, curriculum enrichment, the county fair and the 4-H program.

If you are interested in serving as a volunteer for the Texas Agricultural Extension Service, please call (903) 427-3867.

### Coalition receives grant for Project SAVE

A \$454,000 grant has been awarded the Lamar County Coalition of Education, Business and Industry to continue the work of Project SAVE. The grant will continue to project through August 31, 2001 and comes with an option to extend the program for an additional year beyond that date.

A program was first initiated in February, 1998. At that time, Lamar County was ranked #15 out of 254 counties in the State of Texas in teen pregnancy and STD rates. The latest data available from THD ranks Lamar County #79.

Plans for the new grant included many of these activities as well as

new directions in the area of targeting younger elementary age students for materials on good decision making, providing teenage boys with more specific programs and information, secondary virginity options, addressing the problem of younger girls pressured into sexual activity by older men and other relative activities.

The current project, supervised by Tech Coordinator Jennifer Bryant, is producing their own television commercials for airing on local cable access stations, and they have plans for really creative, on going shows dealing with abstinence and STD's.
