OLD RELICS FOUND IN HOME OF FARMER

One of the oldest pieces of printed matter in all this section is found in the home of G. F. Moore a farmer living on the Rayner Road four miles west of Haskell. It is an Atlas of the world printed in Germany in 1818. The ink used must have been superior for every boundary line and every printed word is just as distinct as they were the day it came from the hand of the printer. The paper is very heavy and of a peculiar texture compared with paper this day and time, but it has stood the test of the hand of time and is still intact in every way, but shows that it has seen much service. The boundary lines of the old world has made many changes since the printing of this atlas through wars and conflicts but it can be seen from the old maps the possessions of every nation at that time. Mr. Moore came in possession of this old relic through family relations and it was handed down through the generations until it came to him. He also has an old muzzle loading shot gun with a 38 inch barrel and it is in good repair for service but he can not find the caps in the market that the gun uses in order to keep the gun in use.

MAN KILLED IN SHOOTING AFFRAY NEAR WEINERT

R. P. (PLEAS) CHAMBERLAIN, WELL-KNOWN FARMER IS SLAIN WEDNESDAY NEAR ROUTON CITY. E. R. LOWE SURRENDERS TO OFFICERS

R. P. (Pleas) Chamberlain, a farmer living in the northeast part of the county, was killed Wednesday about noon, one and one-half miles east of Routon City. Ernest R. Lowe surrendered to the sheriff in Haskell about one o'clock Wednesday afternoon, and was placed in jail charged with the killing. The shooting took place about one-half a mile from the home of the deceased, who was driving three horses, harnessed, presumably to his work in the field, when he was met by Lowe in a closed car and the shooting began. A shot gun was used and four or five shots were fired, according to reports received here.

CONTRACT LET FOR NEW BRICK BUILDING

County Clerk Emory Menefee has let a contract for a modern brick building on the south side of the square. The building will join the P. G. Alexander & Sons block on the east and will be 300x80 feet with a modern plaster front. When completed it will be one of the best modern business buildings in the city. Work will begin at once according to Mr. Menefee.

SAYLES SCHOOL BUILDING IS BEING REPAIRED

The trustees as well as teachers have been busy at the Sayles school house building a new porch to the house putting in new doors and repairing in general. We also have a new curtain which the community is very proud of. This is something that has been needed quite a while and will be quite a help when rendering programs. Mr. and Mrs. McElroy are making preparations for a very successful term.

Claimants Wanted for Cotton Sacks Found by Farmer

When one of the men on the Therswanger farm near Weinert returned to the cotton wagon left in the field last Tuesday night he surprised a party helping themselves to the picked cotton in the wagon. The culprits suddenly remembered they had urgent business elsewhere and took their leave of absence in such a hurry, they failed to take two cotton sacks they had filled with picked cotton with them. Mr. Therswanger was in the city Wednesday morning and stated that he still had the two cotton sacks in his possession and would give them to anyone who would claim ownership.

DISTRICT COURT TO CONVENE MONDAY

District Court will convene in Haskell on Monday November 16th. No jury has been summoned for the first week as the week is usually taken up with the setting of the docket for the term. The criminal docket will probably be lighter than usual, as a number of cases were disposed of during the April term.

The divorce docket is one of the heaviest, according to officials of the Court, in the history of the county. 24 new divorce cases have been filed since last term of Court, which is twice the number usually recorded. Several civil cases have been filed that will be of interest to the people of the county. Among the number are suits filed by the Texas Farm Bureau Cotton Association against R. F. Scruggs for \$2,500 damages and one against G. J. Fourqurean for \$750.00 and costs of suit. Both suits are on Cotton Contracts. It is alleged by the plaintiffs that defendants agreed to deliver all their cotton to The Texas Farm Bureau Cotton Association, which is a co-operative marketing association, but failed to do so.

Another suit styled Mebane Cotton Breeding Association of Lockhart, Texas vs. the Farmers Gin Company of Haskell, Texas, being a suit on contract. The plaintiffs ask for \$30,000.00 damages. The petition in the suit covers about 15 or 20 typewritten pages. The main item in the petition being a charge that the Farmers Gin Company sold several thousand bushels of cotton seed in which the plaintiffs were interested to the Rule-Jayton Oil Company for \$42.00 per ton, when their agreement called for a resale value of \$2.25 per bushel.

HASKELL BOY CAPTAIN OF N. T. A. C. SECOND STRING

The following is taken from "The Shorthorn," college student publication of North Texas Agricultural College at Arlington, Texas, concerning George Henshaw of this city: "George Henshaw, the fighting little piece of humanity from West Texas who is ineligible for the first team football, was elected captain of the Reserves last week by members of the second team. "Chick" is very small in size, but in speed he is a tremendous fellow. Since playing with the second team last year and this, he has become known as a brilliant brokenfield runner, and sidestepper. Rarely does he lose a yard in a game, and many of the touchdowns this year have been carried over by him."

CAR STOLEN HERE FOUND NEAR ABILENE

The Ford coupe which was stolen from the garage of R. E. Sherrill of this city last Sunday night was found by Sheriff J. C. Turnbow in Abilene Thursday and according to reports the car was in good condition. The car was found abandoned in a ditch on the highway near Abilene and reported to the officials here, and on closer investigation proved to be the Sherrill car. No trace as to the identity of the thief was given out by the officials here. The lock was broken off the door of the garage before the car was taken and a serious charge will be lodged against the thief if caught.

Two Murder Cases Are Affirmed by An Appeals Court

Among the important murder cases affirmed by the criminal court of appeals at Austin this week were those of Ed Walker and Gibbs Howard, sentenced to 25 years each for the killing of Jack McCurdy with a blunt instrument May 12, 1921, in Comanche county. Conviction of W. C. Holcomb and Jim Holcomb in Haskell county for murder in connection with the slaying of Mack Hart, March 1, 1924, was affirmed.

County Agent Is Commissioned to Inspect Live Stock

Due to the quarantine, that is in force against certain commodities in the State, working a hardship on some people in the counties where the foot-and-mouth disease does not exist the County Agent has been commissioned to issue certificates that the disease free commodities in this section might move into other states.

County Agent Trice has been appointed as commissioner in this county and all those who desire to ship dressed poultry, fruit, vegetables, trees and shrubs from this county to other states must file an affidavit with him that the goods are from a free territory and he will issue a certificate allowing them to pass into other states.

Much dressed poultry will soon be passed from this county, so all should keep in mind about the certificate having to be issued. Affidavits that are required to be made before the certificate can be issued can also be obtained from the County Agent. Wayne Leon Jeter

It is with the deepest regrets that we chronicle the death of little Wayne Leon Jeter, infant son of Mr. and Mrs. Terrel Jeter of the Center Point community. Little Wayne died October 31, 1925, being six months and seventeen days old. There is a vacancy in the home and hearts of the bereaved that can never be filled, but Jesus tells us to look beyond this life to a better, where death and sorrow is not known. It is hard to give him up but we have that consolation, we can go where he is.

Everything that loving hands and medical aid could do was done for him, but it seemed his little spirit should make its flight, to rest in the arms of Jesus.

Funeral services were conducted Sunday afternoon by Rev. W. H. Albertson of Haskell, after which the re-

mains were laid to rest in the Willow Cemetery, beneath a bank of lovely flowers. He is survived by a mother, a father, a brother, and a host of other relatives who mourn his death. The hearts of the community go out in sympathy to the bereaved.

The infant in mother's arms,
Whom she guards lest it be harmed,
It has left us, it has gone
And we find the days are long.
A flower, just a bud,
Has gone to live with God above,
There to blossom in His love,
Sad, for us, here below?
Yes, for time, then lo!
We too, will be allowed to go,
To that heavenly home above,
Where all is peace and love.

Christian Endeavor Halloween Party.
On last Halloween evening the Christian Endeavor of the Presbyterian church was given a party at the home of Mr. and Mrs. J. A. Frazier. The home was beautifully decorated in the Halloween colors.

As to the games and fun, we had that by the wholesale. The climax of the evening came when Mr. Frierson made his bid for the "Pickled Cat." Each one present had to earn his supper by performing some stunt, which caused much amusement to those who were looking on. The refreshments were hot chocolate, sandwiches, and cakes. About fifty young people and other friends were present to enjoy this delightful occasion.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Name will show them off or sleep the worms, and the Child will be in robust health. Pleasant to take. 50c per bottle.

Pete Donohoo of Ft. Worth, pitcher for the Cincinnati Club, who is connected with a cotton firm between seasons, was in Haskell this week on business and made his headquarters at the Pinkerton-Koonce office. He was a school mate of Mrs. Wayne Koonce in T. C. U. a few years ago.

Mr. E. B. Melton, traveling passenger agent for the Santa Fe rail road, who is making the towns of this section in the interest of the Special Federation train that leaves Ft. Worth for Austin next Monday, was in Haskell Tuesday and made reservations for the Haskell club women who are going.

FACT AND FICTION

Women reduce because they do not desire to occupy a wider sphere.

No traffic laws will ever prevent some motorists from running into debt.

Aviation will never be safe until someone invents a fog plow to clear the way.

The human mind is said to give off radio waves. A good part of it, however is static.

It's a wonder money doesn't blush when it's made to talk the way it does for some people.

Radio is putting a number of plays on the air and they listen like they need an airing badly.

The 14-year old child is only 11 when buying a railroad ticket, and 16 when driving a car.

"Ambridge man kills friend"—Headline. That's not exactly what we'd call true friendship.

The apple crop is said to be disappointing, but there's no need to fear a shortage of "applesauce."

The "drug store cowboy" rises to remark that he wishes someone would invent a lipstick with a pleasant taste.

Many a road accident is caused by tipsy drivers seeing two approaching cars and trying to drive between them.

Chinese children begin working at six years, but American children begin working dad even earlier than that.

"BLACK CYCLONE" BATTLE FOR SUPREMACY OF WILD

"Black Cyclone," the Hal Roach Pathe feature starring Rex, the king of wild horses, at the Haskell Theatre Monday and Tuesday November the 9th and 10th is said to be a more elaborate story and production than the first picture with this marvelous black stallion, "The King of Wild Horses." Like that story, "Black Cyclone," was written by Hal Roach and directed by Fred Jackman.

Rex had the wild blood of kingly ancestors in his veins. He was filled

with the joy of living and the freedom of the wild. He knew that he was powerful, magnificent, born to rule! But he was young and untried—he must prove his mettle before he could rule king over the wild lands. In his first fight he was terribly worsted—but he had for his adversary the wickedest horse in the whole wastelands. The cowboys who had many times tried to capture this bad horse called him the Killer—it was his way to stampede a herd not his own, to attack the rightful leader and to slay him. Then he drove from the herd and stole from him his mate, Lady.

From that moment Rex's desire was to rescue Lady and to beat his enemy. But he gets caught in quicksand and death stares him in the face—he gives up—he is lost. And then comes a man a man who braves the dangers to rescue this wild creature who hates men and would slay them—but he is helpless and must suffer the man's touch—the man's caress. And Rex learns of the wonder and kindness of man and thinks him omnipotent. Surely this man can also rescue Lady—but how can a horse convey to man such thoughts? Rex tries with all his horse sense to tell the man about Lady, but in vain.

Then, through the night, came to Rex that silent call that all of God's wild creatures hear. Rex knew Lady was in danger. He found her at the mercy of wolves. She had seen her chance to escape the Killer's herd, only to meet this new danger. But Rex's powerful hoofs sent the wolves flying—he gave them no chance to nip at his flanks or throat! He was the destroyer—not the wolves!

Proudly Rex takes Lady to the man—and finds him about to be attacked by a cougar, which he slays. With every victory Rex felt himself more the conqueror—the ruler—so that, when the hour comes for him to again meet the Killer—the hour when it will be decided who is to be ruler of the hills—into Rex's heart came the thrill of supremacy. That confidence marked the Killer's doom—at last he was beaten!

Another of the great thrills in "Black Cyclone" is when Rex allows the man to mount his back and ride across the sagebrush plain to the rescue of his sweetheart, who has fallen into the hands of a bad man. Guinn Williams is the rider of Rex, and he displays horsemanship as remarkable as the stride and speed of Rex—just a streak of black moving on four legs with the speed of a cyclone!

Unbridled and Untamed!
Wild as the wind! Free as the forest in which he roamed!—where he had found Lady, had battled "The Killer" for her possession, had conquered the wolves!

The Path of Glory Leads to Immortality

The poet said: "The paths of glory lead but to the grave." Can this be true? Are we, who sacrificed sons, brothers, husbands—fathers, to be satisfied with ignominious death as finale to their efforts. A thousand times NO!

In their glorious stand for Liberty they perished, and so passed from the finite to the infinite.

Now our boys will live forever!

Halloween Party at Howard

A Halloween party, sponsored by Mrs. Lee Medford, Mrs. Howard Montgomery and Mrs. Bob Covey, was given the young people of the Howard community at the Howard school house Saturday night.

Most of the people came masked and there was much fun trying to guess who everyone was. Almost everyone was finally recognized except one. He was dressed as a girl and so perfect was his make-up that no one recognized him.

Halloween games and stunts had been planned to furnish amusement for the evening. Refreshments had been planned also but because of such a large crowd the guests had to content themselves by having the fortune telling spook to tell them such terrible things, they forgot their hunger.

HASKELL AND ROBY PLAY SCORELESS TIE

Last Friday afternoon at Fair Park field, the Haskell Hi Rattlesnakes played Roby Hi a fast, clean game resulting in a scoreless tie. The weather was perfect and the game a good one, but only a handful of local fans and a small number of the student body of Haskell High School were present.

Due to lack of support from Haskell business men and the student body, the Rattlesnakes will be forced to play the remainder of their games away from home. They are scheduled to play Merkel today (Friday) and Couch Flewharty and Captain Kirk are planning for a glorious victory.

Below is given a report of last Friday's game with Roby by quarters:

FIRST QUARTER: F. Clift had a bad day, his kick at the beginning of the game was a poor one, but Roby was held for downs and the ball went over to Haskell.

SECOND QUARTER: Haskell held Roby for downs and the ball went over. Sherman completed a pass for 30 yards. Bradley made another first down with an end run. The ball went over to Roby on the ten yard line and was punted.

THIRD QUARTER: Roby kicked on first down. The ball was fumbled by a Rattler and recovered by a Roby man. Haskell held them for downs and the ball went over.

FOURTH QUARTER: Sherman waded through the line for 50 yards. Haskell got the benefit of a 5-yard penalty. Roby was off-side. Bradley made a good gain around end. The Rattlers failed on a pass in 5 yards of the goal, and the ball went over. Roby punted. Roby's left end intercepted a Haskell pass and returned to 40 yard line. Roby had worked the ball up to the 22 yard line by the last of the third quarter. Patterson

did excellent playing at center, both in passing the ball and helping Whitman open up holes.

LAST QUARTER: Ball went over to Haskell. Good of Roby intercepted a Haskell pass. Ball went over to Haskell again. Sherman completed a pass for 20 yards and Bradley one for 40 yards.

In the second quarter C. Grissom substituted for Kirkpatrick at tackle and Kirkpatrick for R. Eastland, half. In the last quarter R. Eastland substituted for Clift, end.

The original Rattlesnake backfield, G. Clift, R. Kirkpatrick, Irby and Welch was ruled ineligible. Blair of Roby refereed. C. R. Ward of Waxahachie umpired.

Roberts and Good were the star players from Roby. This is Good's first year and Roberts' second.

"Lazybones" Comes to Screen. Destined to Rank With All Great Rural Masterpieces

"Lazybones," the William Fox production of the Owen Davis stage play, Armistice Day at the Haskell Theatre, is one of the season's outstanding motion-picture successes.

Madge Bellamy, too, comes in for a large share of praise for her winsome work as the heroine. Zasu Pitts and Jane Novak, in two most difficult character roles, also score heavily, as does Eddythe Chapman in one of her lovable "mother" roles.

"Lazybones" is a play that seems destined to rank with "Over the Hill," "Way Down East," "The Old Homestead" and other rural dramas of the screen.
