Even the Auctions Have Changed

Thomas and I got to talking about how things have changed over the past few years. Specifically, how things have changed in the farming business since we ceased row crop-

This all came about because Thomas went to an auction up at Idabel last week. He and his cousin Charles used to go to farm auctions almost as a form of entertainment, but that was many years ago.

Well, he went last Thursday, and came in amazed. "Everyone has cell phones"

he said. "I mean everyone". He says that people buying for other people were actually doing so while they were in

contact by cellular phone. They would be strolling around, talking to their buyers about makes and models, expected prices and more.

As an item was auctioned the person could report to the buyer what the price was, and see if they wanted to bid or not.

He said the various little trills from various models of cellular phones literally filled the air as other people were calling in to the people at the auction!

Another big difference was transportation. No, I don't mean people still don't come to auctions in their pickup trucks, but that they have trailers behind them. They let down the ramps, back their four wheelers, golf carts or "mules" off and then happily cruise up and down the acres and acres of equipment, writing down auction numbers, scanning bid

sheets and generally not having to work up a sweat hoofing it up and down the aisles of equip-

Of course, everything goes into a computer, and I suppose checks are generated through the computer too.

It's all part of a technology trend that makes itself known in every aspect of life.

I can remember one time I had to drive to Paris for parts five times in one day. Three of those trips could have been avoided with the simple addition of a cell phone. I can remember driving from field to field trying to locate Thomas....a chore that took lots of gas and time. Cell phones have eliminated that, too.

But there is one thing that hasn't changed...that's the frenzy that auctions can evoke, or provoke, depending on your point of view!

Because people get just as caught up in buying and selling, bidding and evaluating as they did way back at the turn of the century when it was horses and mules, not machinery they were bidding on! Some things, I suppose, never change!

By Mary Jane Lowry

Wilford Lowry was breaking horses for Lester Stephenson when we started dating in 1947. We married that same year and I rode in the grand entry with him in the Bogata Rodeo for the first time. When Lester died he left his "gal-leg" spurs to Wilford. He had always admired them and was so proud to wear them. When Wilford died in 1994 he left the spurs to our daughter, Janie Ballard to be passed on to her and mike's children, Ryan Michael and Ginnifer Kaye. Ryan and Ginnifer and Bill's daugh-

That prompted me to remember that John Harold Moore, long time and much respected resident of Deport, used to have a peculiar habit. His wife, Helen, my dear friend, said that every night he sat on the side of the bed and carefully ran his finger between each and every toe to "get the day out from between his toes". What was really funny is that his daughter, Ellen, began doing the same thing almost as soon as she could walk. Neither one of them would ever dream of walking across a floor without a pair of shoes on!

I'm with Gerlyn, I believe it is an

Huddleston family reunion held

Approximately forty family members and guests attended the annual Huddleston family reunion held this past weekend in Bogata with the Gilbert Huddleston family as hosts.

An outside fish fry with all the trimmings was held Saturday at the Berney and Jamie Huddleston home in Rosalie. On Sunday the group met

at the Bogata Community Center and Thomas Park for a bar-b-que dinner. Both days were filled with reminiscing, picture taking, games and plenty of eating and visiting. Plans were made for next year's reunion to be held at Bob and Bette Huddleston's place on Cedar Creek Lake near Gun Barrel City, Texas.

Mrs. Charles Sistrunk enjoys Disney Magic Cruise

Mrs. Charles Sistrunk returned home Sunday, June 17 from a 7 day Disney Magic Cruise. She joined her brother, Carl Farni and his wife, Peggy and children, Tiffany, Anthony, Jacoband Katlin and Charlotte's mother, Cleta Medders, which was a surprise for her that she was going along. Mrs. Medders is from Canute, OK and the Farni's are from Elk City, OK.

Mrs. Sistrunk drove to Oklahoma City where they all flew out to Florida and boarded the Disney Magic Cruise Ship and sailed to St. Martin, St.

Thomas and Disney's private island called Castaway Cay. All report a wonderful time, eating lots of food, swimming and enjoying the entertainment on the boat and the islands for 7 days.

They flew back to Oklahoma City and Charlotte reports being glad to return to Bogata. She enjoyed being with her mother and brother and his family but reports the little ones very hard to keep up with. She and Charles hope go make the trip together next

Society microfilming old papers, donations needed for project

The Red River County Genealogy Society has taken on an expensive but worth while task. They are having the Bogata News and Deport Times, two of the area's oldest newspapers, put on Microfilm.

Papers have been done for a number of years at the turn of the century so far. Thunder Prairie publishing has been taking the fragile old volumes to Southwest Microfilm in Arlington to be filmed and the Genealogical Society has been paying the cost of the microfilming.

Because this is an expensive propo sition, contributions to the project would be most welcome. They may

YOUR AS YOUNG AS YOU FEEL-Lorene Bogie of Bogata is proof that your as young as you feel. Mrs. Bogie will celebrate her 92nd birthday on June 21, 2001 and has not let age slow her down. From 4 wheeling on the farm to gardening, quilting and cooking those wonderful pies she once served in Bogie's Cafe in Bogata, she is one busy lady. Happy Birthday Mrs. Bogie, may you continue to feel good!

When Does Faith Save?

The Bible certainly says faith is one of the many things that save (Heb. 11:6; Rom. 5:1). But the question is not "does faith save?" This is an established fact. The all important question is, WHEN does faith save? Denominational preachers often answer by saying "Faith saves when you accept Jesus into your heart to be your personal Savior." That may sound good, but don't expect to hear a Scripture to back it up! If an attempt is made to give a Scripture, it will not be used in its proper context. Nowhere is such a statement found in the bible. Let's be honest and look at what the Bible does say

Faith saves WHEN it brings forth fruit in causing one to OBEY God's commands. Faith is dead and unprofitable without obedience (works). James 2:14-16 makes this so clear one needs help to misunderstand it. And, sad to say, many are willing to give such help. Most people fight so hard to avoid and dodge the Bible's plain teaching on faith and when it

Saving faith is far more than simply the mental acceptance of Jesus to be your Savior-even when it's done with all sincerity. Saving Faith is faith that WORKS the works that God has commanded. "Faith only" is the devil's doctrine and cannot save (James 2:24). Faith only condemns,

Saul of Tarsus, while on his way to Damascus to persecute Christians, was spiritually lost (Acts 9:1ff). After his experience on the road with the bright light and conversation with Jesus he was still spiritually lost. While waiting in Damascus for three days he continued to be spiritually lost. This is evident by the statement of Ananias spoke to Saul in Acts 22:16. This statement shows that Saul was still in his sins. When Saul wanted to be saved. Ananias did not tell him to accept Jesus into his heart as his personal Savior. Saul was told to "arise, and be baptized, and wash away thy sins." this agrees with what Jesus told the apostles to preach to the whole world. "He that believeth and is baptized shall be saved, he that believeth not shall be damned" (Mark 16:15-16). This is what Peter preached on the day of Pentecost when three thousand were saved. "Then Peter said unto them, Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins..." (Acts 2:38).

Society is seeking old newspapers

The Red River County Genealogical Society is asking anyone who may have any old Bogata, Rosalie, Detroit or Bagwell newspapers to contact the society.

The society is expected to receive funding soon to have all the available newspapers of Red River County towns microfilmed in order to preserve them for future generations.

The society wishes to contact anyone who may have any such newspapers in their collection. Whether one paper or even a portion of a page, or a whole collection. Many times such papers can be found in old trunks or packed away and forgotten in unused drawers. The society has had a number of old newspapers microfilmed in the past several months and expects to continue this project as funds become available. The originals will be returned to their owners when the filming is completed.

While one paper, or even one article from one of these old newspapers may seem insignificant, having it preserved on a reel of microfilm with other such papers is important not only for local historians, but for those who travel to the county to do historical and genealogical research. In many cases, the newspaper recorded incidents that otherwise would not be found in any other

The following newspapers are

Bogata Reformer, existed in early 1900's prior to Bogata News.

Bogata News, begin in 1911 Rosalie Courier, existed between 1892 and 1898 and possibly later. Red River County News, existed in

2000 DRINKING WATER QUALITY REPORT

RED RIVER COUNTY WATER SUPPLY CORP.

Rt. 4, Box 72 Clarksville, Texas 75426 903-427-2891 Night Emergency 903-427-4216

Special Notice for the ELDERLY, INFANTS, CANCER PATIENTS, PEOPLE WITH HIV/AIDS or other immune problems.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer, undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/Centers for Disease Control and Prevention (CD) guidelines on appropriate means to lessen the risk of infection by Cryptosporidum and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

OUR DRINKING WATER IS SAFE

The Texas Natural Resource Conservation Commission (TNRCC) has assessed our system and determined that our water is safe to drink. Numerous tests by the TNRCC and the employees of Red River county Water Supply are performed monthly and annually. These tests failed to detect any agent in your drinking water that exceeded the safe level.

En Espanol

Este report incluye la informacion importante sobre el agua beber. A obtener una copia de esta informacion o traducir en Espanol, llamar.

Where do we get our drinking water? Our drinking water is obtained from Surface and Ground water sources. It comes from the Blossom, Nacatoch Acquifers and Pat Mayes and W. Patman Lakes. TNRCC will be reviewing all of Texas' drinking water sources. The source water assessment process will be completed in three years.

All sample results are available at our office for your inspection, during office hours.

ALL drinking water may contain contaminants

When drinking, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline 800-426-4791.

This information is required by the U.S. Environmental Protection Agency (EPA) and does not require any actin by the water user, it is for your information only. We are here to serve our members and will strive to produce the best possible product at the least cost. John L. Ragsdill Gen. Mgr., CFO RRCWSC

PUBLIC HEARING NOTICE RED RIVER COUNTY FEMA GRANT

Red River County has received a FEMA grant to complete additional county roadway repairs related to the December 2000 ice storm. This FEMA grant covers 85% of the costs of these repairs which are anticipated to have a total cost of \$682,039 with Red River County's portion being approximately \$170,000. Red River County is in the process of applying for a grant from the Texas Community Development Program to cover the County's portion. The TCDP application requires that a public notice hearing be held. This public hearing on the TCDP grant application is scheduled for Tuesday, June 26, 2001 in the Temporary Courthouse, 1007 E. Main St., Clarksville, TX beginning at 5:00 p.m. All residents are welcome to attend and comment. If you are unable to attend, written comments may be addressed to the Red River County Judge, 200 N. Walnut St., Clarksville, TX. Written comments will be read into the public record. The Red River County Temporary Courthouse is accessible to the handicapped. Persons with disabilities that wish to attend this meeting should contact the Office of the County Judge to arrange for assistance. Individuals who require auxiliary aids or services for this meeting should contact the County Judge's office at least two days before the meeting so that appropriate arrangements can be made.
