

All Around the Town
by Mary Ann Sarchet

We knew we were missing the names of people in college last week, and probably don't have them all now, but here are more for the list:

At West Texas State University: Laura Arnold Mullin, who will be a candidate for her degree next May; Becky Thomas Woods, who is also working part-time at Swisher Memorial Hospital in Tulsa; Bill Brooks, who is finishing the requirements for the master of science in medicine; Martha Millhollon and Sherri McJimsey.

Bruce Tiffin has returned to Clarendon College; Amy Birdwell is back at Texas Christian University; Joan Cross is at Texas Tech University, and Jana Cross is at Bauder Fashion Institute at Arlington.

If you know of others, please call me at 823-2333.

R. A. Baird has been ill and is expecting to enter Central Plains Hospital in Plainview September 15 to undergo surgery.

Pam McGavock, year-old daughter of Mr. and Mrs. Victor McGavock, is receiving treatment under the regional congenital heart program. She is presently scheduled for cardiac evaluation at Freeman Clinic in Dallas on Friday, September 10. Her mother and grandmother, Mrs. E. H. McGavock, are planning to take Pam to Dallas.

The public is invited to be present at the Silverton Masonic Lodge Tuesday night when Walter Fleming receives his 50-year pin. The ceremony will begin at 8:00 p.m.

Mr. and Mrs. Larry Comer, who have lived since their marriage in Lima, Peru, are visiting their parents, Mr. and Mrs. Leo Comer, Mr. and Mrs. G. W. Lee, other relatives and friends in this area. Larry has been employed for some time by Parker Drilling Company in South America.

They will be returning to Peru September 20.

R. C. Hutsell continues to receive treatment at Nichols Hospital in Plainview.

Mrs. Gaston Owens of Quitaque, sister of Mrs. Ollie McMinn, plans to have some foot surgery Friday.

Mrs. Mary Lyon of Quitaque, mother of County Attorney J. W. Lyon, jr., has been a patient in Swisher Memorial Hospital in Tulsa. She returned home last Thursday.

Hartwig To Be Guest Speaker For Farmers Union

David Hartwig, Texas State Director of the Green Thumb Program, will be guest speaker of the local Farmers Union Monday, Sept. 13, at 8:00 p.m. in the Pioneer Room at the First State Bank. He will be accompanied to Silverton by the District Director from Lubbock.

Mr. Hartwig will explain the Green Thumb Program, its progress and future projections.

The Green Thumbs are doing work all can be proud of. A special invitation is extended to all Briscoe County Green Thumbs, and all interested citizens. Refreshments will be served. Attend, and help support this worthy project.

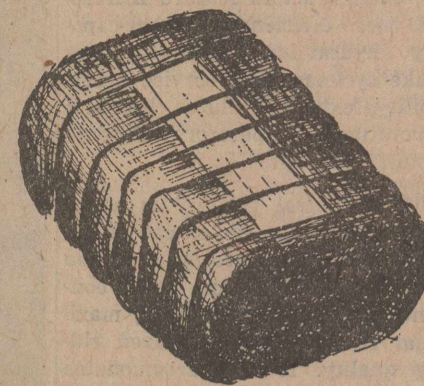

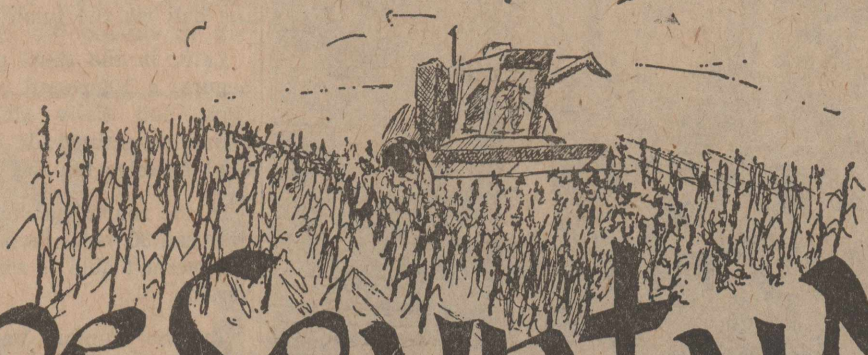

Pivot System Irrigation To Be Discussed Here

Thursday, September 9, at the P. C. A. community room, the Silverton Young Farmers will have as their guest speaker Leon New, Area Irrigation Specialist with the Texas Agricultural Extension Service.

Topic of the program on irrigation will be "Pivot System vs. Open Ditch." New will discuss various pivot systems and the cost of irrigation.

This informative meeting is open to the public, and will begin at 8:00 p.m.

in the window belong to Jeff Jones, Mr. Bill Rampy, FFA Sponsor; Jace Francis and Brent Bean. Photo by Jack Robertson, jr., Silverton Annual Staff.

Library Receives Air Conditioning Units

Smiling faces reflected the feeling of Future Business Leaders of America and Future Farmers of America as the second of two refrigerated air conditioning window units was lifted into place in the Silverton School Library recently.

The FBLA Chapter is appreciative of the efforts of Mr. Bill Rampy and the FFA boys for installing the two 24,000 BTU units.

Leaders Needed For 4-H Clubs, Projects

The Briscoe County 4-H Clubs are re-organizing for another year of program and project work. In order to have 4-H Clubs, adult leaders are needed who enjoy working with young people and are willing to donate a portion of their time to the overall development of youth in Briscoe County.

Presently, organizational leaders are needed to meet with the clubs monthly, and Food and Nutrition project leaders to meet with project groups for six lessons. As the clubs grow in membership, so does the need for volunteer adult leaders.

The 4-H members of Briscoe County need your support. Please consider this opportunity and volunteer to be a 4-H leader by contacting the County Extension Agents this month.

Home Demonstration Clubs Have World's Largest Membership

Home demonstration clubs have the largest membership of any other women's club in the world, Miss Linda Mullin, County Extension Agent, says.

What do these women have in common that interests young and old, rural and urban, and highly educated, to average educational level women all over the world? The Homemaker Creed gives an insight. "We believe in the present and its opportunities, in the future and its promises . . . improving, enlarging and endearing the greatest institution in the world—the home."

Over 29,000 women belong to the Texas Home Demonstration Clubs and EHE Study Groups. They are interested in their home, their family, their community and their country—also in self-growth. Each home demonstration club meeting offers its members an opportunity to receive an educational program that is planned around

the family, home, community or county need request, Miss Mullin said.

Education is an important part of the organization, but there are many other opportunities offered besides education and the immeasurable social aspect. It is also hard to measure self-growth. Leadership growth and self-confidence often happen without realizing when or where it was happening.

The Briscoe County Home Demonstration Clubs and EHE Study Groups will begin meeting again this month. Also, a new home demonstration club created especially for young women and mothers is being organized now. Home Demonstration Clubs and EHE Study Groups are open to all. Anyone who would like to join a club should contact the County Extension Agent at 823-2343 or come by the Extension Office for a personal visit.

Mr. and Mrs. Dale Smalts of Hereford spent the weekend with her mother, Mrs. J. E. Vaughan.

Mrs. Jessie Bomar has returned home after having been a patient in a Plainview hospital.

Mrs. Bud Vaughan has been a

McMinn Reunion Held At Idalou

A reunion of the family of the late Mr. and Mrs. W. L. McMinn was held Sunday, September 6, at the Clubhouse in Idalou. Mr. and Mrs. Howard Riddell of Grand Prairie were hosts to 30 guests.

Each family brought a basket lunch, and a bountiful meal was spread. In mid-afternoon, eight large yellow and red watermelons were cut and enjoyed by the group. The melons were brought by cousins attending from Mineral Wells and Lovington, New Mexico.

Attending were Mr. and Mrs. A. L. Atkinson, Lancaster; Mr. and Mrs. Henry McMinn, Levelland; Mrs. Betty Roberts, Kress; Mrs. Myrtle Messimer, Lockney; Mrs. Odie Dorman, Hale Center; Mrs. Ollie McMinn, Silverton; two aunts, Mrs. Laura McMinn, Mrs. Lola McMinn, Mr. and Mrs. Howard Riddell, Grand Prairie.

Fourteen cousins also attended, Mr. and Mrs. Paul Stanworth, Mr. and Mrs. Kenneth McMinn, Mr. and Mrs. Aubrey McMinn and Mrs. Laura McMinn, Mineral Wells; Mrs. Lola McMinn, Lovington, New Mexico.

Members of the family group are looking forward to the next Labor Day weekend reunion, for which Mrs. Ollie McMinn will be the hostess.

patient at Methodist Hospital in Lubbock since Monday.

Owls Open Season With Loss

The Varsity Owls opened their football season last Friday night by traveling to Kress and having a bad time from the word "go." Instead of being able to break their losing streak of last season as they had hoped, they were saddened with yet another loss and, worst of all, weren't even able to score.

Silverton will host the tough Hart Longhorns Friday night at 8:00 o'clock. They need all the support their fans can give them, and undoubtedly will be trying very hard to improve their performance in this game.

The Pep Squad is sponsoring a Hamburger Supper in the school cafeteria before the game, and will appreciate your attendance, and the Booster Club will be selling lots of goodies at their concession stand. Both clubs request your patronage of their projects.

Silverton kicked off to Kress and allowed the Kangaroos to make a first down on the 31 before Doug McJimsey recovered their fumble. Brent Bean ran for four yards, after which the Owls fumbled, recovered and stalled. They attempted the field goal faker, which fooled no one at all, and Kress took possession on the 35.

The Owl defense held and forced a punt.

This time, Brent Bean ran for another five yards before the Kangaroos intercepted an Owl pass. After making one first down, the Kangaroos saw the ball go over on downs. Silverton's next series of plays was cut short by another fumble which Kress recovered.

The Kangaroos made a first down on the 22, another on the 11 and after making about a yard per down for the first three, went in for the first score early in the second quarter. They didn't get off the extra point try, and the score stood at 6-0.

Kress kicked to the Owls who, after gaining five yards on first down, fouled themselves into penalty yardage two downs in a row and were forced to punt, this carrying out to about the Silverton 25. After running for one first down, the Kangaroos went in to score from five yards out. Silverton was offside on the conversion and on the second try, there was an incomplete pass. Now Kress held a 12-0 lead.

A complete pass to Jackie Vaughn and a run by Chief Davidson earned the Owls a first down, and runs by Bean and Brent Brannon gained another to near midfield. Bean ran for another first down to the Kress 36. Davidson made a good run, Doug McJimsey picked

Adult Education Class To Meet

There will be a meeting in the Silverton School Library October 2 at 7:00 p.m. of men and women interested in adult education. Preparation for G.E.D. will be offered.

up another couple of yards and Bean made a nice run down to the Kress 15, dragging about three defenders the last few yards, one of whom stripped away the ball for another Owl turnover which was really through no fault of Bean's on a perfectly beautiful effort.

On Kress' first down, Bean got the ball back by recovering a 'Roo fumble on the Kress 30. This series of plays began with 54 seconds remaining in the first half, and after a one-yard gain and three incomplete passes, the ball went back to the 'Roo's in almost the same place they had lost it.

The Owls came back after the half, ran three plays and still needing 25 yards for a first down, punted out to the 30. Kress moved ahead, running for a first down and getting another via a penalty against the Owls. Kress got a penalty for clipping, the Owls got a penalty and the ball went back to Silverton on the 11.

This time Davidson ran for nine yards and Bean picked up a first down by inches. In the next series of plays, Gary Younger made a good run which would have been for a first down had it not been nullified by an Owl penalty. Silverton punted out to midfield.

Kress ran for a first down before punting into the end zone for a touchback, and the Owls took over on the 20. Bean ran for about 10 yards on second down after the Owls had lost approximately 10 on their first down, and on third down picked up another first down with a run of about 12 yards. Penalties, incomplete passes and no-gain situations halted the drive, and the Owls punted it away. Kress got a personal foul penalty on the end of this effort, but took possession on their own 23. From there they began a sustained effort which culminated in a score followed by a kicked conversion, to lead 19-0.

And that is the way the Owl effort to break their 11-game losing streak ended.

Everything that is sad for one team is elation for the other, however, and this game broke the eight-game losing streak that Kress had built since defeating Silverton 12-7 at the first of last season.

The Owls made only five first downs in the game as compared with fifteen for the 'Roo's. Brent Bean was the leading offensive

Swine Flu Innoculation Plans Being Made in Area

Mary Hazlewood of Amarillo, Regional Volunteer Coordinator of the First Lady's Volunteer Program, Office of the Governor, has announced that Louise Evans Bruce of Amarillo has been appointed to serve as regional co-ordinator of volunteer participation during the swine flu inoculation this fall. Assisting Mrs. Bruce in Briscoe County will be Mrs. Elizabeth (Becky) Woods, R. N.

In making the announcement, Mrs. Hazlewood said, "The First Lady's Volunteer Program, a division of the Texas Center for Volunteer Action, is co-sponsoring with the Texas Department of Health Resources the massive effort to protect 10 million Texans from swine flu during a ninety-day inoculation period this fall. The First Lady's Volunteer Program will be responsible for all statewide volunteer recruitment and placement during the big health campaign."

"Members of the First Lady's Volunteer Program need many more volunteers to assist during the mass immunization drive against the A/New Jersey strain of influenza. Persons wishing to help as volunteers should contact either Mrs. Bruce, who serves as Executive Director of the Amarillo Area Academic Health Center, or Mrs. Becky Woods at Silverton," Mrs. Hazlewood concluded.

RAINFALL TOTALS NEAR TWO INCHES

Silverton's rainfall during the first week in September has totalled near two inches, according to the official measurement of Fred Strange. This brings the year's rainfall in town to 15.58 inches, near normal.

Varying amounts of rain have been reported from most of the rural areas, except in the Rock Creek Community, where Wayne Stephens reported "zip" and J. E. Patton said he hadn't gotten any rain to speak of since the first of July.

Mr. and Mrs. Aubrey McMinn of Mineral Wells and his mother, Mrs. Laura McMinn, spent Sunday night and part of Monday with Mrs. Ollie McMinn. Aubrey McMinn was reared in Briscoe County, and attended the Francis School. His parents lived on the Mill Jasper place for a number of years. Among those visiting them while they were here were Winston Hamilton, Mr. and Mrs. Aubrey Rowell and Mrs. Jo Mallow. Monday morning, the McMinn's visited Mrs. Mary Rampley and Mr. and Mrs. Lowell Callaway, and had lunch with Mrs. Jo Mallow.

player, gaining approximately 66 yards. This may have been Bean's best game so far in his football-playing career. Unofficial statistics credited Chief Davidson with 24 yards rushing.

The Owls were not as impressive as fans had expected them to be on defense, and showed only occasional spark on offense.

Several of the players were limping when the game was over, and Jackie Vaughn received a sprained wrist in the game.

BACK THE OWLS!

Members of the Briscoe County Historical Survey Committee have been busy pasting-up the copy for the county history to be published soon. The books are expected to arrive about December 1. Shown at work on the bicentennial project are Mrs. Fred Mercer, Mrs. Murry Morrison, Mrs. C. L. McWilliams, Mrs. Joe Brannon and Mrs. Edwin Dickerson. (Briscoe County News Photo)

Attends National Showing Of IH Equipment

Don Brown recently returned from a huge, national product showing of International Harvester agricultural equipment, introduced for the coming year.

The special two-day event, attended by 4,400 from across the nation, took place in Chicago's McCormick Place.

Top attraction of the Chicago show was the new "Pro-Ag" line of tractors in the 85-160 PTO

horsepower classes. Consisting of five gear-drive and one Hydrostatic transmission Series 86 models, these tractors feature increased fuel efficiency, higher-capacity hydraulics, standard wet brake systems, easy service accessibility, extended clutch life and revolutionary operator "Control Center" concept.

The "Control Center" is a departure from the add-on cab of the past. It is an integral part of the tractor located forward of the conventional design, permitting maximum visibility and improved riding quality. It also accommodates aft-mounting of a larger fuel tank and molded auxiliary tanks on the left side of the tractor for a full day of continuous work under

ATTENDED by the local IH dealer, an International Harvester new product introduction in Chicago unveiled the "Pro-Ag" tractor line-up for 1977. The new series 86 models, such as this 1586 with estimated 160 PTO horsepower, feature an operator "Control Center" concept. A departure from the

the play covering 30 yards, but this was nullified by a penalty against the Owls.

So far the game had belonged to the Owls alone, but the team came back after halftime and lost the ball via the fumble route.

Later in the third period, John Segura, a 109-pound eighth grade back, and Kelly McMurtry, 88-pound seventh grade back, recovered fumbles for the Owls.

In the fourth quarter, the Matadors ran 80 yards for a touchdown, but weren't able to make the conversion.

In the Junior Varsity game, Dave Francis sparked the team's first first-down effort of the game, but the team fumbled and lost the ball.

The crucial test for the Owl defense came in the second quarter, as the Matadors had the ball first-and-goal. On third down they were on the Owl-6. On fourth down, the home team held at the 2-yard line, and took over on downs. Plunges through the middle punched out some punting room, the punt was blocked, and the Matadors were in business on about the Silverton-11. Again they ran at the goal line four times, the Owl defense held and the ball went back to the locals just inches away from the goal. This time the Owl punt carried out to about the Silverton 30.

The JV team has a good punter in Greg Hill, but Hill was seriously hindered in the game by a sore toe which was the result of a locker room accident.

Kirk Durham and Paul Brannon alternated at quarterback for the JV.

Neither team made a serious scoring threat in the second half. Next games for the Junior High and Junior Varsity will be at Hart, beginning at 5:30 p.m. today (September 9).

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC. OF P.O. BOX 1627, PLAINVIEW, TEXAS 79072, who holds License No. 76-4 issued on September 1, 1975 of the State of Texas intends to engage in an operation designed to increase rainfall and decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows:

1. The target area within which rainfall is intended to be increased and hailfall to be decreased is described as follows: The outer boundary commencing at the point of intersection of U.S. Highway 87 and the northern boundary at Hale County; then eastward to Farm Road 878; then southward along Farm Road 878 to U.S. Highway 70; then due south to the intersection of Floyd/Crosby county line; then due west to the Hale/Lamb county boundary; then due north to State Highway 86; then eastward along State Highway 86 to U.S. Highway 87; then southward along U.S. Highway 87 to the northern boundary of Hale County (the point of origin).
2. The area over or within which equipment may be operated to increase rainfall and decrease hailfall within the above described target area shall be the following counties or portions of counties: Castro, southern two-thirds of Swisher, southwest one-half of Briscoe, Hale, northeast one-half of Lamb, west one-half of Floyd.
3. The equipment, materials, and methods to be used in conducting the operation are: a weather radar system; aircraft, pyrotechnics (flares), and wing tip liquid generators for dispensation of silver iodide nuclei near cloud base.
4. The person who will be in control and in charge of the operation is H. Robert Swart, Plainview, Texas.
5. The operation will be conducted during the period beginning January 1, 1977 and ending December 31, 1980.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Weather Modification Affairs Coordinator
 Texas Water Development Board

heavy load.

Other equipment in this new 1977 lineup includes three windrowers with an exclusive single auger overshot header in 12 and 14-foot sizes; two forage harvesters for use with tractors ranging from 100 to 150 PTO hp; various haying equipment; materials handling machinery; and tillage equipment such as chisel plows, disk harrows and soil conditioning units.

Brown announced that he would be having a public showing of the new equipment during an open house at Brown-McMurtry Implement Company Saturday, September 11.

add-on cab, of the past, the "Control Center" provides outstanding visibility and improved riding quality. It also accommodates aft-mounting of a larger fuel tank and molded auxiliary tanks on the left side of the tractor for a full day of continuous work under heavy load.

Vaughn, a 153-pound seventh grader, opened the scoring in the first quarter by running about 55 yards on Silverton's first play from scrimmage after the Matadors punted to the Owls. Quarterback Jeff McCord, 115-pound eighth grader, passed to Back Mark Patton, 100-pound eighth grade student, for the two extra points.

Later in the period, Roger Cantwell, a 155-pound eighth grader, recovered a Matador fumble.

In the second period, McCord carried another touchdown from about 20 yards out, and also carried the two-point conversion.

Before halftime, McCord passed to Patton for another touchdown,

Owls Dominate Game With Matadors

Both the Junior High and Junior Varsity Owls made good showings against the Motley County Matadors in their first games of the season here last Thursday night. Fans from both schools packed the stadium in one of the largest opening night crowds ever for the Thursday night games.

The Junior High team opened with a 16-6 win and even though the Junior Varsity Owls were unable to score and played to a 0-0 tie, their defense was outstanding. The JV prevented the Matadors from scoring on eight crucial plays when the Motley County team had the ball in first-and-goal situations.

In the first game, End David

Barrett-Lahoud Vows Exchanged In Double-Ring Service In Fort Worth

St. Andrews Catholic Church in Fort Worth was the setting for the nuptial ceremony of Miss Nanda Lynn Barrett and Fares Michael Lahoud Saturday evening. Monseigneur Charles King officiated the double-ring ceremony. Dr. Robert L. Barrett of Fort

Worth and Mrs. J. D. Boedeker of 1205 Garland, Plainview, are the bride's parents. She is the granddaughter of Mr. and Mrs. J. D. Nance of Silverton. Judge and Mrs. Michael F. Lahoud of Aamchit, Lebanon are parents of the groom.

MRS. FARES MICHAEL LAHOUD

Given in marriage by her father, the bride wore an elegant gown of silky giana. The molded bodice featured a scalloped scoop neckline and bishop sleeves. An intricate floral design of Venise lace and seed pearls splashed across the front of the bodice, traced the empire waistline, cuffed on the sleeves and cascaded down the front of the flaring A-line skirt. Lavish appliques of Venise lace and seed pearls enhanced the skirt and chapel-length train. Her fingertip veil of chiffon drifted from a half-turban of giana enhanced with seed pearls. She carried a cascade bouquet of orchids and stephanotis, laced with English ivy.

As something old the bride followed family tradition by carrying the handmade linen and lace handkerchief carried by her great-grandmother, grandmother and mother in their weddings. Something borrowed was the pearl necklace given to her mother by her father as a wedding gift. She wore pearl earrings, a gift from her mother, as something new and added the traditional touch of blue. In her shoe she placed pennies minted in the years of the bride's and groom's births.

The altar was decorated with a large mixed floral arrangement on either side and was backed by four large candelabra with votive candles and greenery.

Lee Gwozdz of Fort Worth was organist and Roger Bryant, also of Fort Worth, provided vocal selections.

Miss Scarlet Lahoud of Montreal, Canada, the groom's sister, served as maid of honor. Bridesmaids were Miss Patricia Van Buren and Miss Shawnee Mission, Kansas, and Miss Celia Rosenson of New Orleans, Louisiana. They wore identical bias draped gowns in hues of turquoise. Fashioned of soft crepe, the bodices featured low V-necklines with scalloped cap sleeves, and the skirts were slightly flared. They wore matching turbans and carried bouquets of rosebuds and baby carnations in shades of pink accented with touches of stephanotis.

Bassam Lahoud of Perugia, Italy, was his brother's best man. Groomsmen were Kamal Sidawi of Fort Worth and James Marigliano of Dallas. The bride's brothers, Robert Lou Barrett, jr. and Stephen Paul Barrett, seated the wedding guests.

The ensuing reception was held in the Gold Room of the Colonial Country Club. The small round bride's table was laid with white taffeta. The three-tiered wedding cake was topped with fresh rosebuds and baby carnations in shades of pink. On the groom's table was a chocolate cake, iced in white, and decorated with chocolate shavings. On the table were two large silver candelabra decorated with fresh flowers in shades of pink and rose intertwined with greenery. Silver punch bowls were on each end of the table and coffee was served from a silver coffee service.

Following a honeymoon in Eu-

Mrs. Betty Sue Skelton of Lubbock spent Sunday visiting in the home of her brother and family, Mr. and Mrs. Charles Sarchet and Ken. Mr. and Mrs. Sarchet and Mrs. Skelton drove to Borger after lunch and visited Mr. and Mrs. Donald Sarchet.

rope, the couple will make their home in Saudi, Arabia.

The bride attended Plainview Public Schools and graduated in 1974 as valedictorian of Western Hills High School in Fort Worth. She attended Sophie H. Newcomb Women's College in New Orleans, Louisiana. She also attended the American University of Cairo in Egypt. The groom graduated from Texas Christian University in 1974 with a B. A. in international affairs.

The rehearsal dinner was held in the Mediden Room of the Colonial Country Club. Bridesmaids' luncheon was held at the Cross Keys Restaurant in Fort Worth.

Mr. and Mrs. J. D. Nance hosted a wedding party for out-of-town wedding guests Thursday through Sunday at the Mid-Town Holiday Inn in Fort Worth.

Attending from Silverton were Mrs. F. E. Hutsell and Colleen, Frizzell, Jamie and Casey, Mr. and Mrs. Marvin Self and Colby.

Mr. and Mrs. J. L. Self, Mrs. Lynn Attending from Plainview were Mr. and Mrs. J. D. Boedeker and Mr. and Mrs. Melvin Kelms. Other out-of-town guests included Mr. and Mrs. Vernon Orr, Dimmitt; Miss Jan Wood, Amherst; Mr. and Mrs. Duane Wright and Spencer, Austin; Mr. and Mrs. Clayton Wood and Kelli Lois, Dell City; Mrs. Joni Scott, Melanie and Ginger, Mulvane, Kansas; Tim Bosler, Wichita, Kansas.

The group were all guests at the rehearsal dinner, and the ladies attended the bridal luncheon.

MARY GARCIA

Mary A. Garcia, daughter of Mr. and Mrs. Santos Garcia of Silverton, received her Master of Education degree at West Texas State University on August 13.

Miss Garcia is a 1969 graduate of Silverton High School and received her Bachelor of Arts degree at West Texas State University in 1973.

As an undergraduate, she served as president and vice-president of Delta Beta chapter of Gamma Sigma Sigma and a member of the Spanish Club and Teacher Student Association.

She is employed by the Amarillo Independent School District at Sanborn Elementary School.

Mr. and Mrs. Aubrey McMinn and Mrs. Ed McMinn of Mineral Wells and Mrs. Ollie McMinn visited Dawn Jasper Monday morning.

You Can BANK on it!

The safety deposit box is the most fireproof and burglarproof storage available for valuables and important papers.

You should have one—rented at a nominal annual cost—to protect those documents that cannot be replaced or would be difficult to replace because of a fire or theft.

You should keep in your safety box: birth certificates, adoption papers, marriage certificate or other papers needed to qualify for Social Security benefits; military records, such as discharge papers, medical files; passports; deeds to property owned separately or jointly, including abstracts or title insurance policies; original, signed copies of your wills, mortgages, installment contracts, security agreements and other information regarding debts you may have paid within the past 10 years.

Also, titles to autos, trucks, trailers, boats; United States Savings Bonds; stocks and bond certificates; an inventory of your household goods and personal property, which can be invaluable in case of fire or theft.

PUBLIC NOTICE
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)
Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

NUMBER TWO ON THE BALLOT (H.J.R. 99)
H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds. The wording of the proposed amendment as it will appear on the ballot is as follows:

LOST: BOSTON TERRIER, about 4 months old. Reward offered. Phone 847-4273. 36-2tc

NOTICE
THE BROWN-MCMURTRY IMPLEMENT telephone numbers have been changed. Please make this notation in your telephone directory: 823-2441 and 823-2442. 36-2tc

CARDS OF THANKS
The Booster Club wishes to give a special thanks to Maebelle Francis for the lettering of the football posters.
Silverton Booster Club

J. W., Jewell and I would like to thank everyone who has been so nice to me while I was in the hospital and since I have been home. We appreciate every expression of your friendship.
Mary Lyon

Thank you for the flowers, phone calls, visits, food and prayers while I was in the hospital and since I came home.
Mildred McDaniel

Thanks for all the cards, telephone calls, flowers and visits while I was in the hospital and every act of concern since I came home.
Onar Cornett

Mrs. Clifton Stodghill and Carol and Mr. and Mrs. David Majors of Lamesa spent the Labor Day weekend with Mr. and Mrs. Bryan Garner at Longview.

Mr. and Mrs. Charles Sarchet and Ken visited Saturday in the home of her mother, Mrs. J. M. Hill, in Tulia. Supper guests there

Mrs. Ted Crownover of Dumas visited in the home of Mrs. J. E. Vaughan Saturday, and took her mother, Mrs. Dora Johnston, home with her for a visit.
