SATURDAY UNIVERSAL PICTURE and COMEDY THE HASKELL THEATRE

McCONNELL

Well it seems as if we aren't going to have any more pretty weather. Miss Ora Lee Bland of Abilene who is attending school at that place spent this week-end with her parents Mr. and Mrs. V. M. Bland. Mr. and Mrs. Doyle Middleton of Stamford spent Sunday with home-folks Mr. and Mrs. J. T. Guillett. The Basket Ball games which were played on the Post court Friday afternoon between Post and McConnell girls and boys resulted in the Post boys winning by a score of 18 to 17 and the McConnell girls won by a score of 6 to 2. Both teams did some very good playing. Miss Jessie Ree Bland spent the week end with her parents Mr. and Mrs. M. V. Bland. There will be a Sunday school at 3:30 o'clock. Every one is invited.

Pleasant Valley

We are glad to report that the health of this community is better at this writing. Mr. George Turnbow of the Ballou community spent the week-end with her sister Mrs. Luther Tolliver. Mrs. Banks of Oklahoma is visiting her parents and friends this week. We are very sorry to hear of Mrs. Weaver being on the sick list this week, but are glad to report that she is better at this writing. A large crowd attended preaching at Cotton Wood from this community also from Powell and Center Point communities, Sunday and heard a good sermon rendered by Rev. F. A. Thorp and we also had a good Sunday School lesson. There wasn't so many out at preaching at this place Sunday afternoon, and we urge each and every one to come and bring some one with you next 4th. Sunday afternoon at 3:30 p.m. in March. Several from this community intended to attend preaching and the B.Y.P.U. and prayer meeting at Cotton Wood Sunday night but owing to the bad weather that came we didn't get to go. Mr. Otis Mathews of Sayles was in this community Sunday afternoon accompanied by his mother and sister of the Powell community. Mr. Anos Patterson spent the week end with relatives and friends in the Center Point community. All the farmers of course are glad to see this little snow on the ground if it was not enough to put much season in the ground, but they are sorry they are hindered from their plowing

and grubbing. There will be a basket ball game between the Ballou girls and the Powell girls on the Powell court, every one come and see us play our first game any way.

PLAINVIEW

The party at John Bradburgs' was a great success. There was a very small attendance at Sunday School Sunday, on account of the bad weather. There will be church at Plain View, Saturday night, every one come. Mr. Jess Hurst and wife left Tuesday for Wichita Falls. The slugging at Mr. Scott's was enjoyed by a large crowd. Grace Brown and James Handley spent Sunday evening and night with Ruth Densmore. The interesting ball game between the Plain View boys and the Bunker Hill boys was in favor of Plain View. Mr. Watson of Center Point, refereed the game and we thank him very much and are pleased with his officiating. The Plain View boys and girls are proud to say that they have the championship of the District. There was a small program rendered at the school house by the Primary room Friday afternoon and Mr. J. F. Scott gave a very interesting talk that was enjoyed by all that were present. Clyd Bland, Roy Guinn and Shelby Johnson of the Sayles community were in this community Saturday night. The school children have all received their monthly reports.

The doctor opened the door of his operating room and looked at the line of waiting patients and asked, "Who has been waiting the longest?" "I have," spoke up one individual very promptly. "I'm the garage man who fixed your car about four months ago."

One thing a leap-year girl doesn't have to contend with, and that's hunter's license.

To Stop a Cough Quick
take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 25c. Just ask your druggist for HAYES' HEALING HONEY.

STUDEBAKER WINS YOSEMITE RACE

Thrusting triumphantly through snow and mud roads, a Studebaker for the fourth year in succession won the hotly contested race to be the first touring car to enter the Yosemite Valley and drive in at the ranger's checking station.

The annual pilgrimage over the snow-tortured roads of the Sierras in order to appear first in the valley is one of the most grueling grinds known to motordom, and is therefore a highly coveted honor for Studebaker. No car has ever won the race four times before.

The winning passenger car was a stock Studebaker Big-Six, dispatched from the show rooms of the Ches or N. Weaver co. San Francisco. The car was piloted through the "thick snow" of the Wawona by H. M. Gregory. He was welcomed at the park by Chief Ranger, F. S. Townsley.

"Well" exclaimed the Chief Ranger, "we're not surprised. Although the roads are just about impassable now, we were looking for you. Year after year a Studebaker has been the first touring car into the Yosemite, and we just figured there would be one along this year."

The Chief Ranger thereupon issued the first touring car permit of the 1924 season to this Studebaker. The snow was heavier and the road conditions more difficult than in any previous year, according to Pilot Gregory. Another Studebaker, a Light-Six Touring Car, driven by William J. Silva of Modesto, Calif., came in second in the "first into the park" run, and both cars arrived in perfect condition, victors over mountain ponds and perilous winter weather.

"It was mighty cold and the grades were steep," said Pilot Gregory, "but the Big Six showed fine hill-climbing qualities and ran faultlessly throughout the strenuous race. Several times we had to back away and charge the snow like a battering ram; then we proceeded on. It was a great honor for Studebaker to win this mountain race for the fourth time." Engineering construction and motor

efficiency made it easier for the Studebaker to win the 1924 pilgrimage, it was said. Automobile editors, poring over their records, recall the thrilling dash from the Pacific Coast to the Yosemite in 1922, when a Studebaker Big-Six had to buck the snow drifts for three days before winning the race, while other contestants gave up in despair.

The feat of the 1924 Big Six is all the more startling, in view of the fact that it covered the distance so rapidly. It demonstrates, motorists say, that this year's Studebaker production is the most versatile "job" in the 72 years of this corporation's manufacturing history.

Especially for Tiny Tots

No member of the family has been neglected in the planning of this sale. We have close on to a hundred hats to offer the Tiny Tot, her older sister and the young miss. We especially call your attention to the Gloria Swanson Poke. This is the newest of the new for the Kiddies. The color range is beautiful, being rich shades of Blue, Sand, Rose and Black and White. The price range will be satisfactory.

\$1.50 to \$5.00

75 CHIC STYLES

You will be agreeably surprised at the beautiful hats in this assortment. Many of these hats are worth nearly double this special price. All of them are new, being just received from the

\$5.95

most progressive millinery houses in this country. This lot we think will be a revelation to you in value giving, and remember, every hat is as new as the newest.

Newest in Ready-to-Wear

When you attend this sale you can at the same time see the most complete collection of ready-to-wear hats shown this season. You will not recall when you were of prettier design, in color or of finer material and the prices are what they look like. Liberal selection of suits and dresses will be large and we guarantee satisfaction in every particular. Our New Year purchase a special occasion which guarantees the newest as well as the best for your money.

75 New Models

Mr. E. G. Bennett says most of the land is broken in his neighborhood and ready for planting crops as soon as it rains. He thinks the farm work is better advanced, more land broken than he ever saw before at this time of the year. He says most farmers are talking of planting an increased acreage of cotton. He will not increase his acreage.
Mr. S. W. York and wife were in town trading Thursday. Mr. York made himself square with the paper. He says that but little plowing or farm work has been done in his section as farmers are waiting for rain to put the land in condition. Reports from most other sections of the county are that farmers are pretty well up with their land breaking, etc.
We now have a telephone in the Free Press office and will esteem it a favor if you will ring us up and and give us the news items in your part

Mr. W. J. Sowell left Thursday morning for Gorman to see his brother who was reported quite sick.
Miss Emma Wofford who was one of the teachers in the public school at this place, left Wednesday for her home at Albany.
Mr. G. W. Parker, stenographer for the federal court at Fort Worth came out Friday of last week to visit his mother, who is seriously ill.
Mr. Clay Park left the first of this week to attend school at Waco.
Mr. J. A. Couch Sr., of Lubbock is here on a visit with his sons and other relatives.
Miss Besie Parker came home last Friday from Waco on account of the serious illness of her grandmother.
While making some repairs on the roof of his barn, on his place two miles east of town, last Saturday morning Mr. R. F. Jones slipped and fell to the ground. In his fall his head struck a post and his skull was fractured. He lingered until Sunday afternoon at 3 o'clock when he died. His remains were buried at Stamford.
Dr. E. E. Gilbert was called Wednesday evening by telephone, to Monday, to attend Dr. L. L. Bivins, who had a severe attack of heart trouble. Other physicians were also in attendance and Dr. Bivins was considerably relieved when Dr. Gilbert left Thursday morning.
Miss Annie Lee of Cliff was in Haskell this week having her eyes treated by Dr. Adams, the specialist. We understand she has received great benefit already.
Prof. C. M. Porter late of the Haskell public school left Friday for Baird where he has secured a position in a school.

FISHING PARTY TELLS OF SEEING BIG FISH

What is believed to have been the first attack on the defenseless finny tribe this season was committed by Wiley Quattlebaum, J. W. Gholson, John Pierre Payne and A. A. Frierson of Haskell. They left Haskell Thursday spending the night in camp on Big Paint Creek returning late Friday afternoon, pessimistic, bedraggled, discouraged, tired, and hungry. The only thing about the boys that shone resplendent was their truthfulness. They said they hadn't caught any fish and they intimated that the fellow who spent his time trying to catch fish was a little light in the upper story.

Some of the more adventurous of the band claims to have seen a fish of gigantic proportions. They estimated that it would have weighed 1000 lbs. which was entirely too large to get on the scales. It was heavier than a Ford

Car, and was eight times larger than Wiley Quattlebaum or Jack Demsey.

It was wider than it was long and had a mouth large enough to swallow a good size man, but the fish never said whether it had ever done any such thing or not. According to further statements from the boys there is some wonderful specimens of life in the waters of Big Paint. It will take the united efforts of all the fishermen to capture some of the big ones that so often get away.

M. O. Fields living three miles south of town who has proved himself to be a successful farmer says, "The thing for the farmers to do, is to grow his feed and stay out of debt." He further stated that he had never bought any feed since he had been farming in Haskell county, but has sold more or less feed each year. He has been improving his maize and corn for the past several years and now grows a better quality of grain. It is wise to take advice from the man who has made a success. The things that have proved successful to him will doubtless prove the same for you, if you put enough energy behind it to do it. The high price of cotton this year has inspired people to plant more cotton than ever before. If the Bole Weevil and other disasters does not strike heavily the price of cotton might go so low that the farmers with all their lands planted to cotton might suffer as the wheat growers did last year. If there is a good price early in the season South Texas will beat us to it, and when the North Texas crop goes on the market the price might be below the cost of production. It might be wise to consider what Mr. Fields has said, "Grow feed and keep out of debt".

J. W. Davis of Route 3 was in the city Thursday and renewed for the Free Press for a year. Mr. Davis is a good farmer and we are glad for his renewal.

Second Prize Winning Essay on Poultry Raising

(By Miss Lillian Wheeler)

In last week's issue of the Free Press we published an essay on poultry by Hugh Baruff of Haskell High School as the first prize article. This week we publish below the second prize essay by Miss Lillian Wheeler of the Gilliam school which is worth your while to read and remember.

THE VALUE OF POULTRY RAISING

Poultry raising is one of the important occupations of the United States. It is found to exist in all of the states to some extent. It is valuable as a source of great income as well as one of our great foods.

There are many classes of poultry namely: chickens, turkeys, ducks, guineas, pigeons and peacocks. Some are raised mostly for the meat and eggs they produce, some for the profit, others for feathers while others to satisfy a fancy.

Every farmer should have a flock of poultry on his farm. The farm hen is the cash product of the farmer, for it promises greater returns on smaller investments than any other branch of farming. Another important factor of poultry raising is keeping a good breed of chickens. It pays greater dividends and is much cheaper in the long run, for like anything else, it pays to have the best. A run down stock does not pay and it costs more to keep them. Not only are the eggs infertile but the hatchlings bring forth an inferior breed of chickens.

Statistics show that poultry can be made to pay. During the war even the back yard flocks proved their worth by conserving the waste food and converting it into meat and eggs. A paying flock can be kept by the ordinary farmer from the scraps from his table and barn. Besides their repaying the farmer in meat and eggs, they aid him in the destruction of innumerable insects that infect the crops.

Poultry farming is one of the safest and surest branches of agriculture, giving the quickest and biggest incomes from small investments. The man or woman with only small means can gain profit from poultry raising. Only a small outlay of capital is necessary to establish a paying poultry business. Poultry farming builds up the soil, the foundation of all agriculture. It is as safe as the soundest rock or bank. There will always be a demand for the highly concentrated and richly nourished food the poultry produces.

The business men, merchants and bankers are awakening to the great possibilities of poultry raising. Many bankers are extending credit to farmers desirous of stocking their farms with good poultry. This attitude will eventually do much to increase the farmers' interest in the raising of poultry.

Very often many families are forced to abandon the drought stricken sections of the west. They leave their homes in covered wagon to flee from starvation. As a rule those that form this moving caravan are the ones who failed to specialize in diversified farming, the only safe way to farm. They have little livestock and no poultry. The ones possessing large flocks are enabled to stay on and make a success.

A lady at the Texas State Fair made this statement regarding the profitability of poultry raising. She had seven hundred laying hens, and her husband worked a hundred and fifty acre farm, raising hogs, grain and cotton. In three years she had convinced her husband there is more money in poultry raising than in farming. They are going to sell their farm and combine their efforts at poultry raising on a small sandy loan farm.

From the 1920 census statistics show the value of poultry in our country was one billion dollars, and each year it is greatly increasing. Thousands of examples like this are sufficient evidence that poultry raising is beneficial.

There can be no question but that the hen is the poor man's friend. When a farmer is down and out he frequently turns to the poultry flock to aid him in his impoverished condition. The wonderful part is he is seldom disappointed.

ORIENT RAILROAD WILL BE SOLD AT WICHITA KANSAS

The Kansas City, Mexico and Orient railroad will be sold to the "best bidder" from the steps of the county court house at Wichita Kansas on the morning of March 27 according to announcement here of Ben F. McLean, special master, authorized to prepare the sale of the road to satisfy a government lien.

Bids will be received for portions of the road and its various holdings and others for its entire system. The terms of the sale provide that in case the court shall refuse to confirm the sale, in whole or in part, the property for which the sale is not confirmed, shall be resold at a later date to be fixed by the special master, with approval of the court.

The terms of the sale provide, also that the purchaser must keep the road in operation.

Sale of the Orient was ordered recently in federal court at Kansas City by Judge John C. Pollock.

D. B. Fow of Brushy was here Thursday of last week visiting friends.

ROCKDALE

By Mrs. W. C. Martindale.

Sorrow is hovering over the Rockdale community again because we buried the mortal remains of Grandma Ivy today. The spirit took its flight yesterday Feb. 15th, near Nugent, Texas, where she had gone to visit her daughter Mrs. Monroe Higgs. She took Pneumonia about ten days ago and gradually grew worse until the end came. She was a devoted Christian having obeyed the Gospel in her early womanhood, and she "pressed forward to the mark of the high calling in Christ" and the proof that she read and studied the Bible was that she could quote verse after verse from the Sacred pages of the Book of Books, she believed in obeying these simple and positive commands, and looking to Je-

sus the author and publisher of our Salvation, therefore as she pinned her faith to those Sacred pages that was her love of hope which shined through the forest of time and guided her Soul to its final resting place at peace with all mankind and at peace with God. Truly a pleasant congenial Soul is our loss but heavens gain.

Old Bro. L. S. Ivy, her husband preceded her to the grave about 15 months. They first came to Haskell county in the light of the Nineties living in the west part of the county for a while and later in Jones county for a few years and for the past 18 years they had lived in the Rockdale community.

We also buried today a sweet little baby of Mr. and Mrs. Murpy Bullock, the only time in the history of the little city of the dead that two bodies have been planted in the cold ground the same day. Our hearts are saddened by this untimely death but Jesus Said, "Suffer little Children to come unto me, for such is the Kingdom of Heaven." So that is our confidence that this little one will enter the portales of glory and as David said they can not bring it back but they can go to it.

Returns From Market

Miss Tannie Hancock and Mrs. Jason Smith returned from Dallas Friday evening where they had been to purchase the spring millinery stock. Ready to wear and bolt goods for the Hancock and Co. Store of this city. Miss Hancock stated that she had purchased a complete line of "seasonable merchandise which will be shipped at once and placed in stock for the spring shoppers.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

J. A. Fulbright one of the leading citizens of the Vernon community was a business visitor to Haskell Saturday. Mr. Fulbright owns a good home in this section of the county and is a prosperous farmer and is also a reader of the county paper paid up for a year.

Judge J. W. Gammill of Rochester, was a business visitor to the city Saturday. Judge Gammill has been sick for some time and this is his first trip to Haskell in some time. He was looking fine and says he feels like all fat folks who fail to get sympathy when they are sick.

Lee Humphries of Midway was a business visitor to Haskell Saturday. He is the principal of the Midway school which is one of the best schools in the county. Mr. Humphries has been teaching in Haskell county for 10 or 12 years, and his work is among the best in the county as a teacher.

Mr. and Mrs. J. L. Wright were here Saturday shopping. Mr. Wright is farming west of town and he has for a side line a well bred strain of White Wyandottes from which he gets the greater part of his living expenses. Mr. Wright does not believe in keeping hens but believes in hens keeping him.

W. A. Carlisle returned from Spur, Monday where he had been visiting his brothers J. M. and J. E. Carlisle. They were here last week and he returned home with them. He says that the farmers are in fine condition and have more of their ground plowed than he ever saw at this time of the year.

J. M. Ivy of Jud was in the city Saturday. Mr. Ivy we learn has a radio that connects Jud with the big cities of the earth, if he does live in seclusion away from the railroads highways and Aeroplane routes, he can sit at ease beneath the mantle of his home and listen to the programs of the world. He is not to be blamed for being a radio bug.

Mr. and Mrs. F. J. Josselet were Haskell visitors Saturday. Mr. Josselet lives on the Welbert Route 1 and is a good farmer with a beautiful flock of Rhode Island Reds in his poultry yards. He is going forward in breeding better reds. He has some pens this year that he believes are getting around the top of the red family, note his ad for eggs for hatching in this issue.

W. C. Allen returned Tuesday morning from San Angelo where he visited his daughter Miss Winnie and reports her getting along nicely. He left his car in San Angelo because of the heavy snow fall of 10 inches in that section which shut out all auto traffic. They have had a nice rain earlier in the month and this heavy snow will give that section bountiful moisture.

E. B. Williams one of Haskell county's pioneers handed us the tax on the Free Press for a year in advance. Uncle Dick is one of our regular readers and his subscription never expires. He came to Haskell county in the early days and was advised by some of those who had preceded him not to try to grow cotton here, because at that time

they did not think Haskell county a farming section. He rented a farm and planted a large cotton crop from which he picked 42 bales, and from that day he has never been advised that Haskell County was not a farming section of Texas. He now lives in the Foster community and owns a good home which he has paid for from the products of the soil. Uncle Dick is not guessing he knows what he is doing now.

Rev. F. A. Thorp a very enthusiastic reader who lives near Penick in Jones county passed through the city Saturday en route to Cottonwood where he is pastor of the Baptist church at that place. His regular appointment is the fourth Sunday in each month. Rev. Thorp is a christian gentleman who preaches his convictions straight from the shoulder and believes in living after the manner of his preaching.

R. L. Medford and family of the Howard Community were in the city Lee made a pleasant call to our office renewing for the Free Press for a year in advance. He is through plowing and ready to plant his crop when the time of year comes. Mr. Medford does not undertake to cultivate more land than he has force to work and therefore makes the yield to the acre that intensive cultivation always give as a reward for well tilled land. He is never in tight financial or otherwise and he lives and enjoys the independence that energy and good management brings.

D. R. Couch President of the First National Bank of Aspermont was reported by the Aspermont Star of that city last week as saying one farmer in Stonewall county paid an income tax on poultry profits last year. Mr. Couch is well known here and there is no doubt as to the truthfulness of this statement. There are many others in this section of the state who have realized handsome profits on their investment from poultry. That is why Bankers and all other well informed business men are anxious to aid the development of the poultry industry which means prosperity.

GOOD TIME TO ACT

More homes, at least "dream homes" are built in the winter months than in the actual building season. For winter time is study time; there are fewer picnics, less auto rides and no fishing. In winter months men sit with their wives and plan and dream the homes they actually build later on. We feel sure that if there was any way of finding out most of the homes here were built in dreams when the weather was not fit for actual construction work.

Now comes a report from the government that with a slight decline in building materials thousands of people are dreaming out the homes they expect to start work on in a few months. There are three actual necessities in life—food, clothing, and shelter. Certain conditions, such as the money market, prices, supply and demand, influence the volume of building, but after all we must regard shelter as a necessity, for which there is a constant and growing demand.

If there are among us citizens who have been postponing the building of a home now seems to be an excellent time to start "dreaming" one out. Es-

pecially is this true since the break in material prices. As soon as spring arrives and work is started on thousands of residences these prices are apt to again start up. We need more homes in Haskell. There is no question about that. So why wouldn't it be a good idea to get in touch with carpenters and building material men now and get a line on how much it is going to cost to make your building dreams come true.

Card of Thanks

I take this method of thanking the many friends and neighbors for their kindness and helpfulness during the sickness and death of my husband. May God's blessings rest upon each and every one of you.

Mrs. R. L. Creek.

In Memory of T. B. Blunt

The Weaver school and Community was saddened Monday, February 18, on the account of the sudden and tragic death of our little friend T. B. Blunt. To know T. B. was to love him.

We loved him. Yes, we loved him. But the Angels loved him more. And they have called him. To yonder shining shore.

Through all pain at times he'd smile A smile of Heavenly birth. And when the Angels called him home He smiled farwell to earth. Heaven retaineth now our treasure. Earth the lonely casket keeps. And the sunbeams love to linger Where our sainted darling sleeps.

Yes friends, and loved ones, T. B. has gone, we trust to yonder shining shore and we we too go there, when our summons come. If we expect to see T. B. again we will have to go, because we can not call him back, neither would we if we had the privilege for Jesus knew best, or he would not have took him. But the poet well said:

God knows the way,
He holds the key,
Sometime with tearless eye
We'll see.

'Tis then someday We'll understand
May God's richest blessing rest upon
The loved ones and friends of this
our departed friend.

J. M. REDIN OF BELLEVUE MISSING SINCE FEBRUARY 11

J. M. Redin resident of Bellevue and landowner of Haskell, has not been heard of since February 11, and it is believed by relatives that he has met with foul play or that he has wandered to some other locality.

Mr. Redin went to Haskell and Monday on business early this month without knowing what date he would return, and therefore Mrs. Redin did not feel any uneasiness until February 11, when it was learned that he had announced to friends his intentions of leaving Haskell to go to Monday on February 11, expecting to go on home from there.

Mr. Redin is 48 years old, weighs about 150 pounds, has blue eyes and is clean shaven; is five feet, five inches tall and his hair is turning grey. He was in a Ford touring car, 1918 model, with the top of the car and tires well worn.

He was wearing either plain clothes of blue overalls, with a brown overcoat and heavy blue sweater coat.

A son, R. L. Redin of Iowa Park, came to Bellevue as soon as he heard of the disappearance of his father and another son of Long Beach, Cal., is expected to arrive Monday night.

An extensive and thorough search will be made for the missing man, his son stated, using newspapers, radio and other means available. —Wichita Daily Times.

Mrs. T. M. Poteet who has been reported ill for some time is reported improving nicely.

Mr. and Mrs. Felix Frierson of Midway were shopping in the city Tuesday.

Messrs. Will Jeter, Tom Morgan, and Will Bland put up the black boards at the school house Wednesday, and report that they don't mind working when they are served with nice delicious candy, as the school ma'ams served them with.

POST

It seems that the old slogan about the ground hog is proving true now, as it stays cloudy and cold and you all remember how nice and warm Ground Hog Day was.

There was church at Post Sunday and a fairly good attendance and a splendid sermon by our pastor, Rev. W. T. Priddy.

The Methodist people met at the school house today to organize a S. S., but the crowd seemed small.

Health seems to be some better in the community. No measles that we know of and the colds are all getting better.

We are sorry to announce the death on last Friday at Mr. Stanford's, just 8 miles south of us, of his aged father-in-law, Mr. Alexander, age 81 years, which was very sudden we learn, as he was found sitting in his chair dead and he had not been seriously ill.

He was buried in the Stamford cemetery Saturday. We extend to the bereaved ones our heartfelt sympathy.

The McConnell boys and girls came to Post February 22nd and played basketball with the Post boys winners and the McConnell girls winners. A good crowd witnessed the games.

At night the seventh grade entertained their room with a wienie roast and sandwiches, after which games were played. A few from the Stamford High School were present and rendered some excellent songs and music. In fact it seems to have been a very enjoyable affair.

The Post school seems to be doing

nice and all seems to be in harmony.

Misses Norton and Mask spent a few hours visiting in the home of R. L. Livengood Thursday.

The farmers in our section are getting their land ready to plant and are almost through.

TONK CREEK

The Tonk Creek School is doing splendid work this year. The attendance last month was ninety five per cent. Pupils who make as many as three A.s during the month are placed on the "Honor Roll." The following is the honor roll for last month:

Primer: Mike McCulley and Hollis Webb.

First Grade: Roger Dee Bristow. Second Grade: Otis Stone, Junior Simpson, Eanis Webb, Tom Ed Simpson, and Elsie Bristow.

Third Grade: Marie Webb, and Mose Hatch.

Fourth Grade: Cyerna Freeman, Elvie Carroll, Vera Allen, Era Allen. Fifth Grade: Bert Davis, Elmo Woolridge, Helen Simpson, Myrtle Webb. Sixth Grade: Flora Wade, Allen Davis, Riley Bristow, Virgie Mae Martin. Seventh Grade: Eva Woolridge, Nannie Taylor, Nina Taylor.

Eight Grade: Eula Allen. Ninth Grade: Johnny Webb.

A Washington's Birthday program was rendered by the school last Friday night, and was enjoyed by a large crowd. We are going to have literary programs every two or three weeks. A two hour play will be given by the B. Y. P. U. next Friday night at the Sweet Home church. A small admission fee will be charged to finish paying for the church piano.

MYERS

The weather is very disagreeable at this writing.

The school is going on nicely.

Misses Marguerite Greene and Thelma Pearl Chitwood teachers of Myers were in the city of Haskell Saturday.

Mr. and Mrs. A. Nussbaum and Mr. and Mrs. Chas. Druesedow from Roberts, and Mr. Arend from Vontress spent Sunday with Mr. and Mrs. Paul Zahn.

Jersey Incubators

Are the Best

Who can give you reliable information on the Merits of an incubator? Can the dealer do it? Can the salesman do it? The chances are they have never operated one, therefore they can only tell you what the maker claims for it. Who then, can tell you best of all? To be sure, the person who has repeatedly put them in operation, cared for them daily for the required period of time and carefully noted the results, can tell you the truth. When we tell you the Jersey is a good Incubator, we base our claim on the many recommendations voluntarily given to us by a host of satisfied owners in and near Haskell, Texas. Ask that neighbor of yours what he thinks about the Jersey and if you believe that kind of testimony is reliable, come in and let us show you one. We have a good stock on hand and would be pleased to explain the features wherein the satisfied customers say the Jersey excels.

Men's Bible Class of the Baptist Church

The Mens Bible Class of the First Baptist Church met in the class room at the usual hour 10 o'clock, Sunday morning. First; song, second; prayer by the teacher, Bro. Gambrell, subjects of the lesson; "Israel's long struggle with Idolatry." Idolatry was their greatest sin. Fifteen times God sent oppression on them for their sins.

Jehova raised up Judges who saved them out of the hand of those that despoiled them, one of these great leaders or judges was Gideon. Gideon led the three hundred men that laped water from their hands against the Medianites, God showed them his divine power by giving Gideon with this small army, the victory, if God is for us who can be against us.

Our contest is coming along fine, the Blues seem to be in the lead so far. Let both sides do their best. The idea is enlist men in Sunday School work and get them to come to Sunday School.

Let's invite men who are not Christians as well as those that are members of the church, and by so doing we may get them to become Christians.

We were led in prayer for the unsaved by Bro. Burkhalter of Dallas, closed by Bro. Gambrell. Reporter.

Card of Thanks

We take this method of expressing our thanks to our friends for assistance and words of sympathy in our sad bereavement of our mother and sister. Especially do we thank Dr. Taylor for his professional services rendered; Mrs. Fannie Thomas an old school mate and lifelong friend for mother; Bro. C. Jones for the comforting passages of scripture read and words of comfort spoken; to those who sang the sweet songs and for the music rendered, and for the presence of each one at the funeral service. May God's blessings rest upon each one of you.

A Message From Buster Brown & Tige

We have just received a message from Buster Brown saying he will be at our store on

Monday, March 10th

Buster and Tige are very anxious to meet all the little boys and girls in Haskell and surrounding territory. He will have an important message to deliver to you—besides he will have a souvenir for each boy and girl.

We, too, will be glad to have you and your parents here on the above date. We are sure you will enjoy the day.

W. M. MASK AGAIN CALLED TO BEDSIDE OF HIS FATHER

A wire message came to W. M. Mask of this city Friday that his father G. W. Mask who has been sick for several weeks was very ill and he left immediately for Perrin the home of his father and has remained at his bedside. A telephone message from him Friday to his store here stated that his father was still very sick and that he would remain with him.

I. L. Connolly is paid up for a year to the Free Press to be mailed to his address in the city.

J. E. Mansell and A. A. Gauntt of Rochester were Haskell visitors Tuesday.

Mr. and Mrs. W. H. Overton of McConnell were Haskell visitors Tuesday. Marshall Pierson, State Food Inspector spent the week with his family here.

SCHOOL NEWS

Rev. Pond made a short but very interesting talk at the High School Monday afternoon. Rev. Pond is holding a very successful revival meeting at the First Baptist Church.

Mr. Brasher and the teachers urge that the pupils do more studying at home. They should study from two to three hours each night. If they do not do this necessary studying the parents should withdraw that pupil and put him or her to work. They are wasting the time of the teachers and the taxpayers money. They should be taught and forced to work, and work hard.

The semester examinations are going on now. The faithful students that study make good; while those that are not faithful will fail sure.

We will have a Senior Declamation Contest at the High School Friday night to select the best one to represent the High School in the county contest. We are expecting to send a winning team to Abilene.

This week is observed as Good English Week. The pupils made posters to represent good English. The Seniors are tagging all the pupils that make mistakes in Grammar and these mistakes are taken up in class and discussed.

The debating society had a very good meeting last Thursday night; and had a very interesting debate on the League of Nations. This is one of the political issues of the presidential campaign of 1924. Everyone is interested. It is the subject for debate and students can obtain all the material needed for this subject.

Miss Kilgore and the Juniors class are working on their play. It is to be given on March 7 for the benefit of the Annual.

Mr. M. B. Lebo is getting ready to give his short course in poultry. Those that are interested be sure and attend. Mr. Lebo is giving this course free of charge.

The boy or girl that will not employ himself is learning bad habits. Loafing will ruin the best of boys and girls.

The Bear Cats and Curtains gave an interesting joint program Friday February 22nd. They portrayed the most outstanding events of Washington's life. We had several visitors out to hear this program. We wish more of the parents would come out to hear these programs every Wednesday afternoon.

The Parent-Teachers Association is going to give a play "Bringing Up Father." The proceeds will be used to build sidewalks in the school grounds.

Rev. Gambrell announced last Wednesday at the school that Friday night will be observed as High School night. Rev. Pond made an interesting talk on Evolution. There was a large number of High School students out to hear this interesting talk.

We have the holes dug to plant trees around the school house. These trees were bought with voluntary subscriptions.

We have only two more semesters of school. Those that are failing and those on the border line have a chance to make up their work if they will work.

Rev. Forrester made a very interesting talk here last Wednesday on "Patriotism."

Cemetery Association Meeting

The Cemetery Association met Feb. 27th with Mrs. R. B. Fields. There were sixteen ladies present.

The ladies plan to go to the cemetery on the afternoon of Feb. 27th and cut off trees, trim the growing trees and clean off such rubbish as has accumulated, etc. Mr. Couch very generously offered to send a man and team to help with this work.

The ladies plan to give a St. Patrick's entertainment at the Library on Wednesday evening March 17th. Everyone is urged to come. A good program will be presented.

Magazine Club

The Magazine Club met Friday afternoon February 22 with twenty-one members present. After a brief business session Mrs. R. J. Reynolds discussed an interesting program on "The Government." These government programs are proving to be of great value in the development of citizenship. No woman of the twentieth century should neglect the opportunity of familiarizing herself with at least the fundamentals of our system of government; nor should she neglect the opportunity of voting. Such courses of study increase individual interest in better government.

The principal number on the program was an address by County Attorney G. G. Grissom. Mrs. R. M. Chambers gave the concluding number on the program, a piano solo which delighted the hearers. The following were present: Mesdames Reynolds, Mingomont, H. M. Smith, R. R. English, Patterson, Lewis, J. U. Fields, O. E. Oates, H. S. Post, Jno. Oates, Hill, Lantz, Ben Hardy, Martin, Roy, C. Conner, Sanders, A. C. Pierson, Whitaker, R. M. Chambers and G. G. Grissom.

All Day Meeting

One of the best meetings of the Methodist Missionary Society this year was the all day meeting with Mrs. M. E. Smith as director of the book "The Child of America Future."

Mesdames Ben Hardy and Charles Johnson both gave splendid devotionals, and the following women gave chapters of the book: Mesdames H. M. Smith, U. W. Kirkpatrick, B. Cox, F. T. Sanders, Labry Ballard, and W. A.

Kimbrough. Mesdames C. L. Lewis and Hill Oates rendered a vocal duet.

At the noon hour a delicious luncheon was served. Despite the very inclement weather the following enjoyed this most helpful and inspirational program. Mesdames C. L. Lewis, Labry Ballard, B. Cox, Kirkpatrick, Cate, R. C. Montgomery, Charles Parsons, Pippin, F. T. Sanders, O. E. Patterson, Hill Oates, Ben Hardy, C. D. Long, J. U. Fields, R. E. Lee, F. L. Caldwell, H. M. Smith, W. A. Kimbrough, F. G. Alexander and Peters.

Miss Nannie McDaniel began work at the County Clerk's office last week. Miss McDaniel is well known here and her many friends will be glad to know that she is connected with the clerk's office.

Mrs. Ethel Irby has returned from a five weeks visit with her old friends and sister-in-law Mrs. Bob Irby in Forrestown. She also visited relatives in Ft. Worth and returned by way of Abilene and visited her sister Mrs. Bickley and heard Paderewski sing.

Mrs. Virgil Wilson left Sunday night for Fort Worth where she will enter St. Joseph hospital. She was accompanied by her husband and sister Mrs. E. P. Allen of Louisiana. Her mother will keep her baby while she is away.

Robert Williams spent last week end visiting his parents here.

Mr. and Mrs. J. U. Fields have returned from an extended tour through Florida and Cuba.

Card of Thanks

We wish to thank our many friends who were so kind and sympathetic in the loss of our Dear Husband and Father. May God bless each and every one of you.

DARK RINGS UNDER EYES

For the relief of dark rings and blood shot eyes there is nothing better than simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. The quick action is surprising. Eye cup free. Payne Drug Co.

HASKELL PEOPLE RETURN HOME FROM EXTENDED TRIP

Mr. and Mrs. J. U. Fields and Mr. and Mrs. Earnest Grissom returned home this week from an extended trip to points in Louisiana, Mississippi, Florida and Cuba. The party made their first stop in New Orleans, originally called the Crescent City, though its area has been extended up stream until now is more nearly resembles the letter S. They next visited the picturesque old town of Biloxi, Miss., that was the first town built in that old Southern State, as also was Mobile the first established town in Alabama, whence the party next stopped. From here they went into Florida and enjoyed sight-seeing in Tallahassee and Jacksonville before drinking from Ponce de Leon Springs at St. Augustine—hence the youthfulness of their appearance since their return. They next had the pleasure of visiting the notorious beach of automobile race fame at Daytona, Fla., and from thence to West Palm Beach before crossing the bay to Palm Beach proper where they spent several days. Then to Miami and Key West and by boat, "The Cuba" to Havana and Matanzas, Cuba. The pertinent, outstanding impression of Cuba on Mrs. Fields was the fact that she found three Methodist churches—we did not consult the other members of the party as to whether or not the country was entirely Methodist. The party separated at New Orleans, when Mr. and Mrs. Fields came straight to Haskell and Mr. and Mrs. Grissom visited relatives and friends in Dallas, Texas, returning to Haskell last Monday.

Evening School on Poultry

Do not forget the poultry course to be given in the High School building. The first meeting is to be held Monday March 3rd, at eight o'clock. At this meeting certain evenings will be decided on for holding the regular meetings.

Remember the course is absolutely free, and open to everyone interested in poultry. If you cannot attend all of the meetings, feel free to visit.

G. S. Medford of the Howard community one of Haskell's County's best farmers made a special visit to the office Wednesday while in the city. We are always glad to have Mr. Medford visit us. He reads the Free Press and believes in strewing flowers to the living. He complimented our effort in getting out the home paper by saying it was one of the best county papers he ever read.

Bernie Neathory of Seymour was a visitor to home folks and friends Saturday and Sunday.

Miss Ethel White of Summerset, Texas, is a new subscriber to the Free Press.
