

## All Around the Town

by Mary Ann Sarchet

Usually at this time before a General Election, the Briscoe County News takes pride in endorsing the entire Democratic ticket and urging everyone to vote a straight ticket. We cannot recommend that you vote a straight ticket this year, but do take pleasure in recommending all of the Democratic candidates on the ballot except one: Don Yarbrough, who is the Democratic nominee for Associate Justice of the Texas Supreme Court, Place 2.

The legal problems confronting Yarbrough, a 35-year-old Houston attorney, are well known. They were complicated last week when the State Bar of Texas filed a lawsuit that could result in his disbarment. The candidate is a political unknown who defeated his opponent in the Democratic primary chiefly because many voters thought he was the same Don Yarbrough who at one time sought and almost won the Texas governorship.

The scores of allegations against him are the result of complaints made by eight individuals and seven Houston banks. While not proclaiming his guilt, all of this does make the candidate seem less than desirable on the Supreme Court.

Yarbrough has no Republican opponent but two men, District Judge Sam Houston of Denton and Tom Loran, a Houston attorney formerly of Vernon, are challenging him in a write-in campaign.

The Briscoe County News is not endorsing either write-in candidate, but is encouraging all voters to write in the name of one man or the other, or simply not to mark the name of Don Yarbrough on the ballot.

Judge Houston was appointed to the 211th District Court by the Governor in 1974 and later that year was elected to a four-year term as a Democrat. He is a graduate of Southern Methodist University Law School and was elected mayor of Lewisville as a write-in candidate in 1969. According to knowledgeable sources, he has earned a reputation for fairness and integrity during his tenure on the district court bench.

Houston said, "My purpose for running is to help preserve the traditional reputation that our State Supreme Court has enjoyed throughout the years of its history for justice, fairness and dignity. I realize it's a monumental effort to have a write-in effort win a state office but I believe this can be accomplished with the help of all the people of Texas."

Tom Loran, 53, worked as an attorney in several areas of the state before setting up a law firm in Houston. He has argued cases before the State Supreme Court and appellate courts. He attended the University of Texas.

"The importance of beating Yarbrough cannot be overstated," Loran said during a visit in Lubbock. "Because of the litigation that is bound to follow Yarbrough, if he wins the Supreme Court position, any decision of the court will be subject to challenge because the court was improperly constituted," Loran said.

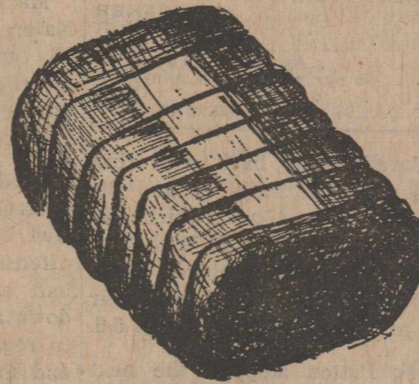

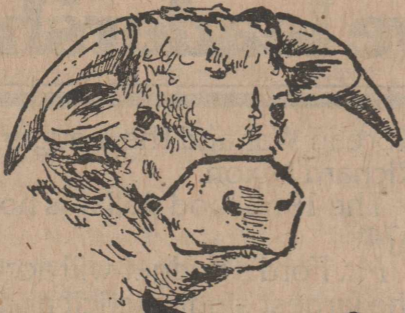

Both Houston and Loran are seeking to become the first man in Texas history to win a write-in election for a statewide office.

The Briscoe County News does urge all voters to exercise their duty as citizens and cast ballots next Tuesday. Be sure not to waste your vote by marking your ballot for a straight ticket and writing in a candidate's name, thus voting for two candidates in the same race. Make your ballot count by taking a little more time and marking the square beside the name of each candidate for whom you wish to vote, and writing in the name of Sam Houston or Tom Loran for the Supreme Court, Place 2, opposite the name of Don Yarbrough.

We do most wholeheartedly endorse Jack Hightower for reelection as United States Congressman from this district; Lloyd Bentsen as United States Senator, and Jimmy Carter for President of the United States.

Mrs. Bud Vaughan was taken by the Silverton Volunteer Ambulance Service to Methodist Hospital in Lubbock shortly after noon Monday. Ambulance attendants were Emmett Tomlin, Jay Towe and Charles Sarchet.

The family requested that memorials be in the form of donations to favorite charities.

Tuesday, November 2, will be General Election Day across these United States, and the issue that holds the spotlight in all states is the election of a President.

As the result of unusual circumstances, the incumbent Gerald Ford is a President who was not elected by the people to the highest office in the land. Texas voters will find on their general election ballots not only the names of Republican candidate Gerald Ford and Democrat Jimmy Carter, but also three others on the line designated for President.

Eugene McCarthy is listed under the Independent Party and Peter Camejo under the Socialist Workers Party. The name of Lester Maddox, American Independent Party, does not appear since Maddox didn't file soon enough to get on the ballot in Texas, although his name does appear on the ballot in some states.

But even that isn't the full extent of the number of presidential candidates this year. There are at least eight others. Although some have different party labels in certain states, those candidates and the party designation under which they chiefly appear are: Benjamin Bubar, Prohibition Party; Gus Hall, Communist Party; Lyndon H. LaRouche, Labor Party; Julius Levin, Socialist Labor Party; Roger MacBride, Libertarian Party; Ernest Miller, Restoration Party; Margaret White, Peoples Party, and Frank Ziedler, Socialist Party.

These names will appear on the ballots in various states but are probably unfamiliar to the vast majority of Americans. In all states and the District of Columbia, the names of Ford and Carter are listed and that is where the action will be.

The ballot is a very large one this year, with candidates for some of the offices listed by the several parties.

Polls will be open from 7:00 a.m. to 7:00 p.m. across Texas, and in Briscoe County a fairly heavy turn-out of voters is expected on the basis of the number of absentee ballots which have been cast.

Briscoe County voters will go to the polls in the voting precincts in which they live, and these will be: Precinct 1, City Hall in Silverton, with Virgil Crow as election judge; Precinct 2, City Hall in Quitaque, with Bert Grundy as election judge; Precinct 3, Pioneer Room at the First State Bank in Silverton, with Earl Cantwell as election judge; Precinct 4, PCA community room in Silverton, with J. C. Fowler as election judge; Precinct 5, San Jacinto School, with Joe Edd Burnett as election judge.

If you will be absent from the place of your residence on election day, or cannot go to the polling place in your precinct next Tuesday because you are over 65 years of age, are unable to go because of illness, physical disability or impending childbirth, or any other of the legal reasons, you need to be sure to cast your absentee ballot not later than tomorrow, Friday, October 29, because that is the last day of absentee voting.

### Club To Post Elections Returns

The L. O. A. Junior Study Club will post the election returns November 2, 1976, at the CETA Hut.

Coffee and homemade pies and cakes will be served.

The club encourages everyone to come out and see how our county voted.

### SNOW FALLS IN SILVERTON WEDNESDAY

At presstime Wednesday afternoon, big white flakes of snow were falling. Light rain had fallen intermittently during the day, and icy conditions were expected by morning.

Terry Bomar underwent surgery on his shoulder Friday at St. Anthony's Hospital in Amarillo. The shoulder was injured earlier in the week in an accident.

### Owls Hosting Longhorns In Last Home Game

Silverton's Owls will host the Lazbuddie Longhorns at 7:30 p.m. Friday in the last home game of the football season. After Friday, only the road trip to Sudan will remain.

Presentation of the Pep Squad Beau will be a feature of the Pep Rally at 3:00 p.m. Friday. Candidates for this honor are Gary Turner, senior; Brent Brannon, junior; Bryan Burson, sophomore, and Greg Hill, freshman.

The Owls lost last Friday night to the hard-hitting Swifts, 21-7, with penalties helping move Nazareth goal-ward and helping keep the Owls away from the goal. Even though the Swifts don't own a very impressive record for this season, they are fielding a pretty good team.

Nazareth opened the game by kicking off to the Owls, who made one first down before sending Brent Bean on a run to the Swift-20. This run was nullified by a penalty, and after two first downs and a Silverton fumble which was recovered by Tommy Lacy, the ball went over on downs.

The Owls held Nazareth on its first two possessions of the game, with Chief Davidson and Jack Robertson charging into the backfield to throw the ballcarrier for losses and forcing punts.

On Silverton's second possession of the game, the Owls moved through two first downs, and on fourth down and needing one yard, sent Tommy Lacy 30 yards for the first score of the game. Gary Turner kicked the extra point, and the Owls held a 7-0 first-quarter lead.

In the second period, the Owls got a first down on a 15-yard penalty against the Swifts and Lacy rushed for first downs on the Nazareth 45 and 30. On second down, David Strange passed to Jackie Vaughn for another first down, and on the next play, Brent Brannon passed to Vaughn for what would have been a touchdown had Silverton not been penalized. The ball went over on the 20.

The Swifts came back with four first downs before Lacy threw the ballcarrier for a loss of about eight yards. Brent Bean saved a Nazareth touchdown on the next play, but the yardage picked up was enough for a first down. Nazareth scored on a one-yard run, failed on the PAT and the Owls held a slim 7-6 lead.

On Silverton's next possession, Dayne Mayfield rushed for what would have been a first down with 35 seconds remaining in the first half, but this play was nullified by a fumble recovery by the Swifts and a 15-yard penalty.

The defense held on first down, on second down Nazareth received a 15-yard penalty, and on the next play, Robertson threw the passer for a loss.

The Swifts came back with a sustained drive to open the third quarter, making a first down on a pass to the Silverton 30, penalized 15 yards, and thrown for a loss by Robertson before making another first down. Nazareth carried a touchdown which was called.

**Junior High Owls  
 Defeat Nazareth 12-6**

Silverton's Junior High Owls defeated a good team from Nazareth 12-6 here last Thursday afternoon. In spite of a good passing attack by the Swifts, the Owls kept coming up with big plays to hold onto their lead. All nine of the Eighth Graders were honorary captains for their last home game.

The Owls opened the game by kicking off to the Swifts, the defense held and on fourth down the Owls blocked a punt, taking possession of the ball near the Nazareth 20. Quarterback Jeff McCord made the first score on a 15-yard end run with 5:20 remaining to be played in the first quarter. The PAT attempt failed.

Nazareth came back with first downs on Silverton's 47 and 30, and another on a pass which carried to the Silverton 8. With 7:20 still on the second quarter clock, Nazareth scored, failed on their PAT, and knotted the score at 6-6.

Mark Patton stopped the next Swift drive by intercepting a pass and carrying it to the Nazareth 35. Silverton fumbled on the next play, and Nazareth recovered on their own 30. The Swifts returned the courtesy on the next play, and John Segura covered it for the Owls on the Nazareth 44.

Segura ran for a first down on the Nazareth 30. Then on fourth down and needing about 15 yards, a double reverse and complete pass to Jim Estes moved the Owls to the Nazareth 20. Segura carried for another first down on the Nazareth 5, and Bobby Vega scored with 44 seconds remaining to

be played in the first half. Again there was no PAT.

Mark Patton intercepted another Nazareth pass and ran to the Swift 46, but the Owls were penalized for clipping after the interception, and were unable to capitalize on the break before time ran out.

In the third quarter, Segura recovered a Nazareth fumble on the Owl 35, and when the Silverton offense fumbled he recovered the ball again. Later McCord batted down a Swift pass on fourth down to regain possession for his team and made a good run which was nullified by a penalty.

The Owls punted to midfield, and Nazareth completed a pass for a first down on the Silverton 25. Early in the fourth quarter, McCord intercepted a Nazareth pass and carried it out to the 32 to stop another Swift assault on the Owl goal. The Owls fumbled and this was recovered by Roger Cantwell.

Nazareth made a first down on their own 32, passed complete for another on the 45. The Swifts were moved back by a holding penalty, and the ball went over on downs following an incomplete pass on fourth down with 1:29 remaining to be played.

The Owls fumbled and Nazareth recovered on the Swift 38. They passed for a first down on the Silverton 39 with 1:15 showing on the clock. The Swifts received a clipping penalty, and McCord intercepted another Nazareth pass on the Silverton 30 with 37 seconds remaining in the game.

The Junior High team will travel to Lazbuddie for its last game of the season today. If successful, the team will finish its season with a 7-1 record, having lost only to a good Valley team.

**PEP SQUAD BEAU**

Jeff McCord was presented at last week's Junior High Pep Rally as the 1976 Pep Squad Beau. The eighth grade student is the son of Mr. and Mrs. Weldon McCord.

Others nominated for Pep Squad Beau were Brent Grabbe, Jimmy Lacy, Walter Perkins and Bill Settle.

Mr. and Mrs. Dick Reid and children are expected here today for a visit with their parents, Mr. and Mrs. Bob Hill and Mr. and Mrs. J. W. Reid, other relatives and friends as they are enroute from Midland to Idaho to make their home.

Mrs. Mary John Harris is a patient at Central Plains Hospital in Plainview. There is a possibility she will undergo surgery.

**Can we afford four more years without effective leadership?**

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

**Tax Reform:** "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

**Economy:** "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

**Efficiency in Government:** "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

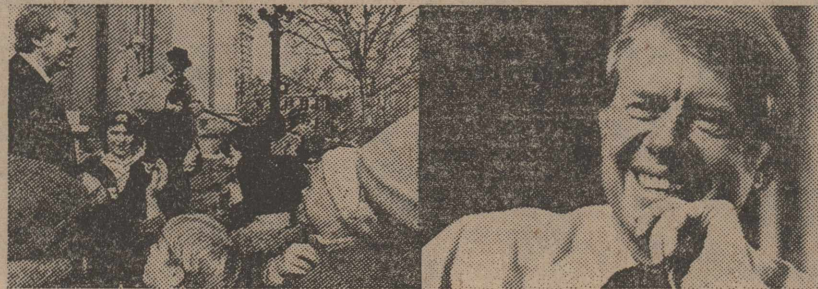

**Housing:** "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

**Health Care:** "We need a nationwide health care delivery system which will make adequate health care a right for all people."

**Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.**

Paid for and authorized by 1976 Democratic Presidential Campaign Committee, Inc.

**Vote for JIMMY CARTER. A leader, for a change.**

**When others were trying to cut back on agricultural research, Lloyd Bentsen led the fight to expand it.**

**And he won.**

The new American prosperity must reach into every community—from the hearts of our greatest cities to the smallest rural villages. A healthy economy will require sharply increased farm production—to feed every American and also to strengthen our dollar through increased farm exports.

That is why Senator Lloyd Bentsen has fought for stable growth of farm markets abroad and stepped-up agricultural research here at home. Born and raised on a farm, he knows that the new American prosperity will begin where America began—on our farms.

**We've never had economic health in our cities without economic health on our farms. The new American prosperity will begin where America began — on the farms.**

No segment of the economy has ever changed so fast and so completely as has agriculture during the past 60 years. When these changes have required capital, your Federal Land Bank has been a primary source of funds. There will be more changes. But we believe that a free agriculture—based on the family-operated farm or ranch—will continue to flourish in any new environment.

"SERVING YOU IN CONGRESS IS A HIGH PRIVILEGE BECAUSE I BELIEVE I'M HELPING CHANGE SOME DIRECTIONS IN WASHINGTON."

"Helping to cut government spending and get the budget back in balance;

"Helping others to help themselves so that we can get the most from taxpayer investment in federal programs;

"Helping farmers and ranchers by pushing for a consistent, predictable agricultural policy instead of the on-again, off-again policies which are hurting our economy;

"Helping to make certain that taxes are fair, spending is prudent, and national policies are honest and understandable;

"Helping to get Congress itself to set an example for fiscal responsibility—by opposing Congressional pay raises and abuse of the postal franking privilege.

"I'M WORKING AS HARD AS I KNOW HOW. I BELIEVE THAT MY CONDUCT IN CONGRESS WILL CONTINUE TO MAKE YOU PROUD OF YOUR VOTE."

led back due to illegal procedure, but came back with a 3-yard touchdown run. The extra point was kicked, and the Swifts held a 13-7 lead.

Davidson carried the kickoff back to the Silverton 40, and Brannon completed a pass to Vaughn before Robertson dropped back to punt. Nazareth was called for roughing the kicker, which gave the Owls a first down, but the offense stalled and punted to the end zone.

Nazareth moved out to midfield,

on penalties and got another first down before attempting a field goal, which Tommy Lacy blocked, and the ball went over on downs.

On the first play of this series, the Owls fumbled and Nazareth recovered. The Owls were penalized half the distance to the goal and Nazareth carried a touchdown from four yards out. They ran for two extra points and led 21-7.

Silverton received a 15-yard penalty on the PAT which was stepped off on the kickoff, and the ball went into the end zone for a touchback. The Owls made two first downs, completing two passes to Vaughn, before Silverton

fumbled and Nazareth recovered. Nazareth made another first down before the Owls got the ball back. Bean ran for a first down, Strange completed passes to Vaughn and Lacy, but time ran out on the Owls before they could move into scoring position.

The Owls outgained Nazareth 345 yards to 243 yards, but were unable to make enough yardage to overcome all the penalties the team piled up during the game. Lacy was credited with rushing for 132 yards, Bean, 75 yards, and Mayfield, 60 yards. Nazareth made 18 first downs as compared with 16 for the Owls.

Mitchell Roehr made his debut at center for the Owls.

David Strange alternated with Brent Brannon at quarterback during the game. Brannon received a knee injury that had him limping but didn't hold him on the sideline. He has had a lot of swelling in his knee this week. Wes Fleming was limping also after absorbing some crack-back blocks.

Most of the team will be ready to play Friday night. This will be the last home game for thirteen of the players, David Strange, Chief Davidson, Brent Bean, Tommy Lacy, Wes Fleming, Jeff Jones, who is out of the lineup with a broken arm, Dayne Mayfield, Jack Robertson, Gary Turner, Jim Wilson, Glen Kingery, Carl Wilson and Danny Perkins. It will also be the last home football game for Head Cheerleader Lee Ann McMurtry and Owl Spirit Robbie Martin.

TIME TO "FALL BACK"

It's almost time again for that once-a-year ritual of falling back to keep up with what Uncle Sam is doing to your time.

Come 2:00 a.m. this Sunday, most Americans will set their clocks back one hour to signal the end of Daylight Saving Time. The exceptions are residents of Arizona, Hawaii and parts of Indiana, who are on standard time all year.

The nation's clocks will be controlled again by the 166 Uniform Time Act, which decrees six months of daylight time—from the last Sunday in April, when clocks spring ahead, until the last Sunday in October, when clocks fall back.

Absentee Voting  
Ends October 29

Absentee balloting for the November 2 General Election is underway in the office of Briscoe County Clerk Bess McWilliams.

Mrs. McWilliams reminded voters that they may cast absentee ballots any weekday during business hours until October 29.

Approximately twenty election judges and clerks, from the San Jacinto, Quitaque and Silverton precincts attended a meeting Tuesday night in the Silverton School film room to see "Election '76," a film from the Secretary of State's office.

Clinic Association  
To Meet November 4

Briscoe County Clinic Association's Annual Meeting will be November 4 at 7:30 p.m. in the Pioneer Room of the First State Bank.

TREASURES

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what *real* treasures are—friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Dear Charlotte,

Years ago this month's letters appeared in the Weekly Reader. They are excellent—just as applicable today—they are rather lengthy, so the two letters will be continued each week—clip and save.

Dear Parents,

There are no perfect parents, and there are no perfect children (even yours). But a child does not need perfect parents. He needs

warmly human ones. Your child will reflect your emotions, imitate your actions, and adopt your beliefs.

In the early years of your child's life, you are the people who educate him. Your child learns to listen, to talk, and to understand the meanings of words from you. With you, your child begins to explore, to interpret, and to learn. You help your child begin to cope with the complex world of the twentieth century.

There are a multitude of ways in which you can help your child. We'll list them for you next week.

Keep this letter,

Have you tuned in to the new corn planting program?

# STAGGERED MATURITY MAKES SENSE

The agronomists at Pioneer Hi-Bred have developed a corn planting program that offers some significant benefits to farmers in this area. They recommend planting three hybrids with different maturities, a short season, a medium maturity and a later maturity. This staggered maturity technique provides four big benefits:

1. Provides insurance against weather and disease.
2. Spreads critical irrigation times.
3. Allows you to harvest each at optimum times.
4. Uses equipment and labor more efficiently.

On the basis of hybrid performance data gathered over several years, our agronomists have selected three hybrids for each area. The selection takes into account soil types, weather patterns, the prevalent cultural practices, water availability and disease and insect problems by area. Here are their recommendations for this area:

### A SHORT-SEASON PROFIT PRODUCER

3780 is a short-season variety that really proved itself in 1976. It is approximately 14 days earlier than 3369A but doesn't concede profit for its earliness. It may yield a little less than the later hybrids, but costs less to grow.

### THE MOST FAMOUS MEDIUM MATURITY

3369A is a medium-maturity corn that has been setting yield records around the Southwest for a number of years. It is planted on more acres than any other hybrid and with good reason...profits in good years and bad.

### LATER MATURITY FOR RECORD YIELDS

3305 makes use of our long growing season to produce more corn. It will normally harvest five days later than 3369A. It is a tall hybrid with the ability to stand well. Its upright leaves make for easy combining.

Your Pioneer seed dealer is taking orders for these hybrids now and will soon have a booklet describing recommended planting times, probable silking, maturity and harvesting dates. The staggered maturity corn growing program is aimed at giving you the most profit possible from your land in 1977 whether it turns out to be a good year or bad.
