Briscoe County, following a long-established trend, gave most of its votes to the Democratic candidates in a heavy turnout of voters in the General Election Tuesday. Local voters gave approval to almost every one of the winners, with the exception of Don Yarbrough, who is being threatened with disbarment as the result of a number of charges against him. Yarbrough was elected to the Supreme Court, where he may face impeachment if many of the charges against him are proven.

Out of an estimated voting strength of 1400, 1137 voters cast ballots in this election. This was approximately 81% and about 100 votes more than were cast four years ago in the Presidential election.

Today the people in the United States know that they will have a new President, Jimmy Carter, next January. There will be a new Vice President, Walter Mondale. Retained will be the incumbent United States Senator, Lloyd Bentsen, and United States Representative, Jack Hightower.

On the County level, there will be a new Sheriff, J. L. Williams; new County Commissioners, Beryl Long in Precinct Three and Glen Lindsey in Precinct One, and a new Justice of the Peace in Precinct Two (Quitaque), Dick Taylor. None of these were opposed on Tuesday's ballot.

Matthew Hughes of Mineral Wells visited his grandparents, Mr. and Mrs. Berton Hughes, over the weekend.

Owls Defeat

Lazbuddie, 29-14

Silverton's Owls won their second conference game of the season by defeating the Lazbuddie Longhorns 29-14 here last Friday night. Making their last home appearance of their high school football careers were Tommy Lacy, who was nominated for Player of the Week by the Plainview Daily Herald for his play in the Nazareth game; Gary Turner, who was presented as Pep Squad Beau during last Friday's Pep Rally; David Stange, Chief Davidson, Brent Bean, Wes Fleming, Jeff Jones, Dayne Mayfield, Jack Robertson, Jim Wilson, Glen Kingery, Carl Wilson and Danny Perkins, players; Owl Spirit Robbie Martin, and Cheerleaders Lee Ann McMurtry and Donna Rowell.

With Quarterback Brent Brannon watching from the sideline due to a knee injury he received in the Nazareth game, David Strange, back in action for his first full game since he received a knee injury at Springlake-Earth, guided the Owls to the victory.

Snow was scraped off the field prior to the game, and a light rain fell during most of the first half.

The Owls received the opening kickoff and were forced to punt after gaining two yards and completing a pass to Jackie Vaughn. The Longhorns took over on a touchback, and on first down fumbled, and it was recovered for the Owls by Chief Davidson. The Owls made a first down on the Longhorn four, but the spunky Lazbuddie crew held them out of the end zone for four down. The Owl defense didn't allow Lazbuddie a first down and forced a punt out to the 30.

The Owls picked up a first down on a rush by Brent Bean, and Tommy Lacy carried the first touch-down with 4:55 remaining on the first quarter clock. There was no PAT and the Owls held a 6-0 lead.

The Longhorns took the kickoff to their own 35, made first downs on their 48 and on the Owl 41. On first down, Bean almost intercepted a Lazbuddie pass and on third down Wes Fleming threw the quarterback for a loss back to near midfield. They punted on fourth down.

As the second quarter began, the Owls made three first downs before being penalized for clipping. Strange completed a pass to Vaughn which was good for a gain of 15-20 yards and the Owls See FOOTBALL—

No segment of the economy has ever changed so fast and so completely as has agriculture during the past 60 years. When these changes have required capital, your Federal Land Bank has been a primary source of funds. There will be more changes. But we believe that a free agriculture—based on the family-operated farm or ranch—will continue to flourish in any new environment.

PILOT PROGRAM TO TEST GASOLINE QUALITY

Comptroller Bob Bullock announced recently that his office is initiating a pilot project to test the quality of gasoline sold at service stations in Texas.

Bullock said the Comptroller's Office has received a number of consumer complaints in recent months indicating that some service stations are selling inferior gasoline.

"We've had calls from people whose engines totally burned out a few miles down the road after filling their tanks," he said.

The Comptroller said that Articles 8601-8611, Vernon's Texas Civil Statutes, set out specific gas-

ler, Service Officer for Briscoe and Swisher counties, persons who are required to report their income will receive a questionnaire with their regular benefit check on November 1, 1976. The income report must be completed and returned to the VA by January 1, 1977, or payments will be terminated.

The annual income report will be sent to veterans and widows who are receiving nonservice-connected disability and death pension. Also required to report annual income are the dependant parents of veterans whose deaths were caused by service-connected disabilities. A veteran or widow with no dependants, or a single parent, is entitled to VA benefits if annual income does not exceed \$3,300. The income limit for a veteran or a widow with dependents is \$4,500. When there are two eligible parents, or a remarried parent living with his or her spouse, the annual limit is also \$4,500.

When completing the questionnaire, all income should be reported. Present laws authorize the VA to allow 10% deduction on the income received from retirement benefits, including Social Security. Thus, only 90% of such income is counted by the VA. Each claimant is allowed to also report any family medical expenses which were incurred during the year. Any such expenses which are in excess of 5% of the reported income of the claimant may be used by the VA to reduce the countable income, thereby establishing entitlement to a larger monthly payment.

Veterans, widows and parents should seek competent assistance to complete the income reports. Such help may be obtained by contacting your local Veterans Service Officer. If incorrect information is reported, the VA may be required to suspend or terminate benefit payments.

oline standards and empower his office to test to see that the standards are met.

Selling inferior gasoline to the public without clearly indicating its substandard quality is a misdemeanor, he added.

Bullock urged motorists who can document that their engines have been damaged by inferior gasoline to call his Motor Fuels Tax Division toll-free from anywhere in Texas at 1-800-252-5555.

The pilot project will be closely coordinated with efforts by Senator Lloyd Doggett of Austin to strengthen the State's power to test and enforce reasonable gasoline standards, he said.

"Statutes already on the books obviously contemplate that the quality of gasoline sold to Texas motorists be monitored," said Bullock. "Yet this has never been done. While our funds are limited at this time, we feel we can support this pilot project. Should it prove beneficial to the motoring public, we will seek additional funding from the Legislature."

CROP AND LIVESTOCK REPORTS NEEDED FROM FARMERS AND RANCHERS

Some 75,000 Texas farmers and ranchers will receive a crop or livestock questionnaire during the period from mid-November to early January.

This roundup survey of crop production and livestock numbers is made annually by the Texas Crop and Livestock Reporting Service. The Texas Department of Agriculture and the Statistical Reporting Service, U. S. Department of Agriculture, work together to provide comprehensive information on Texas agriculture.

Producers from each of the 254 counties in Texas are selected proportional to size of operation. The small producer sampled represents many others of comparable size while the very largest producers will represent only themselves. It is equally important for all farmers and ranchers receiving a questionnaire to complete and return it promptly. The individual report is confidential—available to no other government agency or anyone except the few persons required to process the data. The state and county estimates published are available for everyone at the same time.

County statistics for 1975 and January 1, 1976, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P. O. Box 70, Austin 78767 or by writing John C. White, Commissioner of Agriculture, P. O. Box 12847, Capitol Station, Austin 78711.

got another first down on a personal foul penalty against the Longhorns. The Owls rushed for a touchdown with 5:36 remaining in the first half. Tommy Lacy carried the PAT, and the Owls had moved into a 14-0 lead.

On Lazbuddie's first down after the kickoff they were held to no gain. On second down, Dayne Mayfield and Jim Wilson made a good defensive play to hold them to no gain. In the shotgun formation on third down, the ball was centered over the quarterback's head for a big loss and on fourth down the Longhorns punted out to their own 40.

The Owls came back with a first down to the Lazbuddie 20, but on their next first down they lost the ball via the fumble route with 2:19 showing on the clock.

The Longhorns passed for two first downs before Wes Fleming and Dayne Mayfield threw the passer for a loss of ten yards as the first half ended.

Lazbuddie opened the second half by running three plays and punting away to their own 36. The Owls made a first down at the 22 before having a pass intercepted on the 15. Again Lazbuddie ran three plays and punted, the Owls did the same thing, and on Lazbuddie's next first down a pass was batted down by Brent Bean on the Longhorn three-yard line. Lazbuddie fumbled on the next play and this was recovered for the Owls by Gary Turner.

Dayne Mayfield carried into the end zone from the one-foot line with 4:18 to be played in the third period. Turner kicked the extra point, and the Owls were ahead 21-0.

The Longhorns took the next kickoff out to their 48. Danny Perkins broke up a Lazbuddie pass on first down, the Longhorns got a holding penalty and completed a pass back to the original line of scrimmage.

The Owls ran three plays, went into punt formation, and Lazbuddie blocked the punt. The Longhorns made a first down on the Owl 12 and then passed for a touchdown with 9:40 to be played in the game. They ran for the PAT and the score became 21-8.

Chief Davidson ran the kickoff back to the Lazbuddie 31, but the drive stalled and the ball went over on downs at the Lazbuddie 12.

Jack Robertson caught the Lazbuddie quarterback gambling on fourth down deep in his own territory, and threw him for a loss on the Longhorn 11. The Owls scored on a run by Tommy Lacy with 3:46 remaining to be played. Bean added the extra points and the Owls were ahead 29-8.

The Owls were penalized 15 yards on the kickoff, giving Lazbuddie the ball on the Silverton 48. The Longhorns made two first downs before being held and forced to give up the ball approximately one foot away from the goal with 1:06 remaining in the game. Silverton fumbled and lost the ball on their six-yard line with

Mattingly - Smith Vows Exchanged In Arlington Saturday Afternoon

Miss Jayne Mattingly and Gene W. Smith pledged vows of marriage Saturday at 4:00 o'clock in a ceremony performed in the home of the bride's parents, Mr. and Mrs. E. M. Mattingly, Arlington, Texas. The groom is the son of Mr. and Mrs. J. W. Reid, jr.

The Reverend Hugh Douglas, minister of the Church of Religious Science, officiated the nuptial rites.

Presented by her parents, the bride wore a gown of cream colored wrinkled cotton sheer. The dress was fashioned with an empire waistline, victorian collar and leg o' mutton sleeves of matching lace. The hemline was edged with a deep self ruffle.

The bride carried a colonial bouquet of blue tip carnations and baby's breath. For something old, she added silver and blue lapis earrings brought to her from Greece by her father. She wore her mother's wedding ring for something old and something borrowed.

The bride's sister, Mrs. Jim West, served as her matron of honor and Jim Smith of Tulia was his brother's best man.

Guests were registered by Miss Rebecca Reid. The background for the exchange of vows was a long standing arrangement of white votive candles accented with English ivy and blue and white flowers. Large palms flanked the setting.

After the ceremony a buffet 20 seconds remaining on the clock. Lazbuddie scored with eight seconds showing on the clock. The pass for extra points failed, and the final 29-14 score was made.

The Owls will be on the road this week to Sudan to meet the team which is currently undefeated in the district and holds a high state ranking. This will be the last game of the season, and the Owls are hungry for an upset. This will be the first time they've played Sudan, and they need the support of their fans in this last effort of the season.

was served in the Mattingly home. The table was covered with an ecru lace cloth, silver and crystal appointments. The three-tier wedding cake was white with blue accents.

Mrs. Jim Smith assisted at the serving table.

An antique player piano entertained guests in the party rooms, patio and poolside.

The bride is a graduate of Arlington High School and Fort Worth School of Business. Smith graduated from Silverton High School and attended Texas Tech and West Texas State University. Both are employed in the Fort Worth area.

The newlyweds will be at home at 503 West Cedar Street in Arlington.

Out-of-town guests included Roland Montague and Alvin May, Silverton; Steve Brown, Turkey; Randy and Mike Wagner, San Antonio.

the HARVEST

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease."

Genesis 8:22

The harvest each year should remind us of God's great promise to man. This promise was made right after the great flood, from which only Noah and his Ark survived. Just prior to the flood, all men lived so evilly that it grieved the Lord that he had made man of the earth.

Today the churches stand as a bulwark against evil. Attend church regularly so that never again would man grieve the Lord as before.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Dear Charlotte,

This is a continuation of last week's letter from the Weekly letter—

Dear Parents,
There are a multitude of ways in which you can help your child. You can show willingness to listen when he has something to say. You can take time to answer the eager questions from his inquisitive mind. You can teach your child to be considerate and courteous. Even when you are forced to correct him, help him to learn that while you may disapprove of what he has done, you nonetheless love and respect him.

You can let your child know that you are human. Admit your mistakes and that you sometimes need help, and he will respond to your honesty and sincerity.

Challenge your child at his own level. Recognize his growth and development, but be there when he runs to you for comfort and support. The world can be a frightening place for a five or six year old.

Just as your child can learn many things from you, so you can learn many from your child. You can learn his needs, his emotions, his fears. You can learn that he identifies with you.

Memo from Your Child next week, HB

Jack's Pharmacy

You Can BANK on it!

What is money? Sure, in the U. S. it's dollars and cents in different denominations, but does money have to be paper and metal?

"Money," a Notre Dame economics prof said, "is anything 'commonly used' as a medium of exchange or as a standard of value."

Tobacco, the principal form of currency in Virginia in 1619, was used to purchase wives from England for the Virginia colonists, for example. The price: 100 pounds of tobacco (\$36-\$48 in today's currency).

Corn, musket balls, sea shells, beaver fur, nails, rice—anything "commonly used" was classified as "money" in colonial days because of the shortage of hard coin.

The first recorded instance of official paper money legally created by an American governmental body was in December 1690, when Massachusetts issued bills valued from 5 shillings to 5 pounds.

Money then can be anything if everyone agrees on it as a medium of exchange.
