

Cotton Crop May Need Yield Adjustment

Producers, if your cotton produces less than 90% of your ASCS farm yield you need to request an adjustment. The request for such an adjustment must be filed within 15 days after your cotton is harvested and ginned.

The filing of this request has nothing to do with a low yield payment, but is necessary to keep your future years' yield from being drastically cut.

Most cotton yields will probably be below the 90% figure, so come on in without delay.

Services Held For Mrs. Wheelock, 84

Funeral services for Mrs. Bessie Wheelock, 84, were conducted at 3:00 p.m. Tuesday, November 9, in the First Baptist Church in Silverton, with the pastor, Rev. Larry Wilson, officiating.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Mrs. Wheelock died at 10:00 p.m. Sunday in LaCasa Nursing Home in Canyon.

Born at Royce City in Collins County on June 16, 1892, she married J. E. Wheelock on March 22, 1912 at Greenwood, Texas. They moved to Briscoe County in 1927 and farmed ten miles east of Silverton until they moved to Canyon two years ago.

Mrs. Wheelock had been a member of the First Baptist Church in Silverton since 1927. She was a member of the Good Samaritan Sunday School Class for many years.

Survivors include her husband, J. E. Wheelock; a son, R. D. Wheelock of Canyon; a sister, Mrs. Connie Williamson of Hereford; a brother, Wayne Thurman of Wimerly; two grandchildren, John Robert Wheelock of Galand and Mrs. Floyd Reynolds of Dallas, and four great-grandchildren.

Pallbearers were Oliver Ware, Allen Kellum, Roy Mack Walker, Gilbert Elms, Pascal Garrison and Bill Hardin.

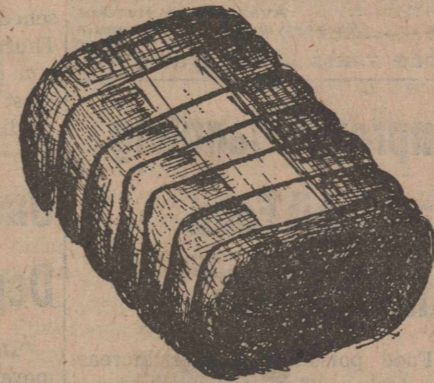

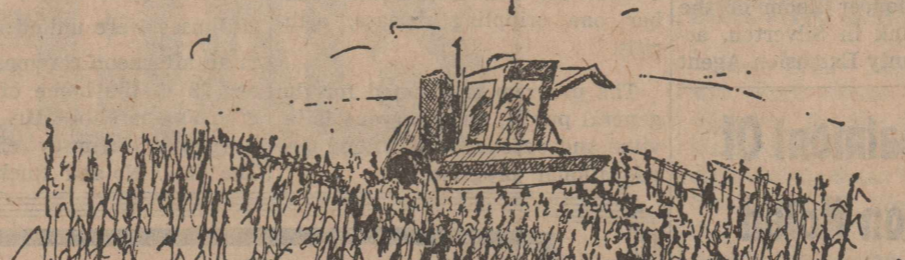

Clinic Association Holds Meeting

The annual meeting and election of officers of the Briscoe County Clinic Association was held last Thursday night.

Officers elected are Beryl Long, president; Jack Robertson, vice-president; Mrs. Becky Woods, secretary - treasurer. Directors are Mrs. Bonnie May and Mabry Greenhaw.

J. E. Henderson is in critical condition in the Floydada hospital. He has been in and out of the hospital since September 10. Mrs. Henderson is staying at the Floydada Nursing Home.

Abandonment of Railroad to Silverton Has Been Proposed

This is an example that at least one of the President-elect's campaign promises is true. He said he would put everyone to work, and this is an actual unretouched photograph of Slow Eddleman at work harvesting his cotton. Yield of most of the cotton that has been stripped in the Silverton area has exceeded the expectations of the owners and the gin turnout is reported to be very good.

Club To Have Flea Market

The Young Modern Home Demonstration Club will sponsor a Flea Market November 13 beginning at 8:00 a.m. and continuing until 6:00 p.m. at L. E. Davis & Son Drilling & Pump Company.

A gentleman today is a man who holds the door open for his wife while she carries in the grocery bags.

There will be books, clothing, dishes, baby items, baked goods and lots of other miscellaneous items.

Owls Close Season With Loss To North Zone Champ

Silverton's Owls closed out their football season Friday night with a 36-6 loss to the tough Sudan Hornets, who will be in a playoff with Sundown, the South Zone champion, this week to determine who will represent District 2-B in the playoffs.

Owl fans found it a very long road to Sudan, and many who had not been there before even discovered it a little hard to find.

The Owls had a pretty good first half, going to the field house at halftime on the short end of a 14-6 score.

Sudan scored first with 8:24 remaining in the first quarter on a 12-yard run. The extra point was kicked and the Hornets led 7-0.

The Owls were forced to punt after picking up a couple of first downs on their first possession. On the first series of plays, Tommy Lacy prevented a Hornet touchdown, and on the next down Jim Wilson threw the Sudan quarterback for a loss. The Hornets received a holding penalty back to the Silverton 30, but passed for a touchdown on the next play and kicked the extra point. With 3:01 still to be played in the first period, the Hornets led 14-0.

The teams exchanged punts, and on Silverton's next series of plays Sudan's defense prevented a first down and on fourth down the Owls punted it away. The Hornets ran it back all the way for an apparent touchdown, which was called back due to a 15-yard penalty. This gave the Owls a first down and Silverton received another on the next punt when Sudan hit Jack Robertson as he was punting.

With five seconds remaining in the first half, David Strange, playing coolly at quarterback, passed to Jackie Vaughn for a touchdown. The play covered 25 yards. Gary Turner's PAT kick was blocked. Sudan scored in the third quarter and twice more in the fourth quarter, adding two successful PAT runs and one kick.

Strange also completed a pass to Carl Wilson during the game. Wes Fleming got 14 tackles, more than anyone else on the Owl team.

Newspaper statistics credited Sudan with 17 first downs to 10 for the Owls. Silverton was credited with 87 yards rushing and 47 yards passing, as compared with 297 yards rushing and 43 yards passing for the Hornets. The Owls lost the ball via the fumble route four times and the Hornets lost it this way three times. Fleming stripped the ball for another Owl to recover on one Hornet fumble and Lacy recovered one.

Many of the Owls will be hanging up their pads and putting on basketball uniforms for the last time. Their first game of the roundball season will be Friday night against Lubbock Christian High School in the Owl gym. There will be a four-game series, beginning at 5:00 p.m.

★ ★ ★
WES FLEMING (40) was pictured as he stripped the ball away from Kyle Martin, who scored three touchdowns for the Sudan Hornets last Friday night. Fleming was credited with 14 tackles, some of them unassisted. One of the Owls recovered this fumble he caused.

Senior Citizens To Meet November 19

The Senior Citizens will meet Friday, November 19 at the First Baptist Church in Silverton.

Everyone over 60 years of age is invited to attend. Bring a dish for the noon meal if you can, but if you are unable to prepare a dish, the group urges you to attend anyway. They would like to break their attendance record. They welcome YOU.

Silverton Area Farmers Harvest Top Corn Yields

Two local area farmers were recently named members of the DeKalb Yieldmasters Club for producing top corn yields in 1976.

They are J. E. Patton, 202.49 bushels per acre with DeKalb XL-72aa, and Champ McGavock, 202.57 bushels per acre with DeKalb XL-72aa.

These yields were mechanically harvested from a solid block measuring one or more acres, calculated on the basis of 15 1/2% moisture and verified by an impartial PATTON'S YIELD

Patton planted his crop on April 16 in 40-inch rows and harvested an estimated stand of 22,500 plants per acre on October 1.

His fertilizer program included 170 pounds of nitrogen, 32 pounds of phosphate, and 16 pounds of potash. Patton controlled weeds with Propazine and Sevenmol was used at three pounds per acre for insect control. An estimated six inches of rain fell on the crop from planting to harvest. Another 15 inches of water was applied through irrigation.

Concerning the hybrid's performance, Patton says, "Where the corn was treated the same, my DeKalb XL-72aa beat another hybrid I had by eight bushels per acre."

McGAVOCK'S YIELD
McGavock planted his crop on May 2 in 40-inch rows and harvested an estimated stand of 18,200 plants per acre on October 1.

His fertilizer program included 164 pounds nitrogen at fall plow-down, and 200 pounds slurry mix at spring plow-down. Ecadican was used to control weeds at one gallon per acre and Sevenmol was used at two pounds per acre for insect control. An estimated three inches of rain fell on the crop from planting to harvest. Another 20 inches of water was applied through irrigation.

Concerning the hybrid's performance, McGavock says, "It stands good—no ear droppage. XL-72aa is my kind of corn from now on."

The purpose of the DeKalb Yieldmasters Club is to promote an exchange of ideas and information among the nation's leading grain producers and to recognize them for their outstanding accomplishments as well as their important role in helping feed the world. Through the sharing of such information, the program also encourages farmers to adopt management and cultural practices that will aid them in obtaining maximum profit from each acre.

Mr. and Mrs. Bob Olive of Petersburg visited Betty Olive Sunday afternoon.

The Interstate Commerce Commission is being requested to issue a certificate of public convenience and necessity to permit abandonment of the Fort Worth and Denver Railway line from Sterley to Silverton. This is a total of 19 miles of track located in Floyd and Briscoe Counties.

Reason for the proposed abandonment of the line is that revenue from the line is not sufficient to continue to maintain and operate the line.

If no opposition to this abandonment is received before December 6, 1976 by the Interstate Commerce Commission, Washington, D. C. 20423, there will not even be a hearing held to discuss the matter.

The farm implement houses and the grain elevators have been the largest customers of the railroad spur, but its abandonment will seriously limit Silverton's ability to grow and might seriously hinder business and industry should it become necessary to haul in coal, as for a generating plant, or to haul out ore if uranium should be mined here in the future.

Annual 4-H Awards Banquet Held Saturday Night

The Briscoe County 4-H Awards Banquet was held November 6, in the Silverton School Cafeteria with 150 4-H'ers, Adult and Junior Leaders and guests attending. The banquet is held annually to give recognition to those outstanding 4-H'ers in Briscoe County for the past year.

Master of ceremonies was Jo Jarrett. Others on the program were Earl Jarrett, invocation; Thomas Perkins, welcome; James Alan Patton, introduction of guests; Melinda Sutton, introduction of Junior Leaders; Susan Payne and Rose Lee Perkins, 4-H pledge and motto; Kirk Durham, benediction.

The Gold Star Boy and Girl are Earl Jarrett and Rose Lee Perkins.

Grocery Store Ownership Change Announced Here

Mr. and Mrs. Bud Couch have announced the sale of Bud's Grocery & Market, effective November 1, to his brother and sister-in-law, Mr. and Mrs. Stanley Couch, who recently moved to Silverton from Amarillo.

The Bud Couch family will be moving to Plainview near the end of the first semester of school, and he will continue his studies at Wayland Baptist College.

Mrs. Stanley Couch, the former Waynelle McCutchen, is a former resident of Silverton. She and her husband moved to Silverton in order to be able to rear their three sons in a small-town atmosphere. They are operating under the business name, Stan's Food.

The Stanley Couch family is living on the Mallow farm west of Silverton.

Kevin McLeland, son of Mr. and Mrs. Dusty McLeland of Amarillo and grandson of the L. E. Davis of Silverton, is a patient in St. Anthony's Hospital in Amarillo.

They won this award on the basis of their outstanding accomplishments throughout the year as well as their contributions as Junior Leaders. They will attend the District Gold Star Banquet in Lubbock on November 22, along with their parents and the Extension Agents.

The Silver Spur Awards were presented to Mrs. Thomas Lee Perkins and J. E. Patton for outstanding service to 4-H as Adult Leaders.

Other award winners included:

Robbie Helms, Gabby Aguilar, Bryan Burson, Zane Reagan, Kirk Durham, Michael Hill, Gregg Hill, Agricultural; Penny Cogdell Beef; Jena McFall, Bread; Jo Jarrett, Darny Perkins, Mike Cornett, Tad Cornett, Kelly Comer, Dairy; Nadine Rice, Teresa Fulbright, Dress Revue; Delinda Ziegler, Annette Fleming, Melissa Greenhaw, Food Show;

Also, Rebecca Reid, Food Preservation; James Jarrett, Earl Jarrett, Field Crops; Rusty Griffin, Entomology; Rayna Purcell, Tonya Patterson, Home Environment; Lex Herrington, Home Management; Brent Brannon, Horse; Ruth Ann Purcell, Diana Johnston, Scotti Fleming, Susie Tipton, Brenda Boling, Roger Cantwell, David Vaughn, Bobby McPherson, Jimmy Lacy, Leadership; Thomas Perkins, Paul Brannon, Poultry; Walter Perkins, Sheep; James Patton, Mark Patton, Eric Patton, Alesha Patton, Swine; Susan Payne, Debbie Storie, Public Speaking; Rodney Carpenter, Veterinary Science.

Junior Leaders given special recognition were Jo Jarrett, Earl Jarrett, Rose Lee Perkins, Karen Martin, Thomas Perkins, Susan Payne and James Alan Patton.

Entertainment was provided by Jimmy Burson, John Francis, Bennie Brown, W. J. Copeland, Clifton Stodghill, and the Purcell family. Mabry Greenhaw also performed due to popular demand!

Food was furnished by Swisher Electric Cooperative, Lighthouse Electric Cooperative and 4-H Adult Leaders.

Dear Charlotte,

Here is the heart-wringing memo from your child. It will be continued next week, so clip and save this letter—

I AM YOUR CHILD

I am your child. I am a member of the group everyone refers to as a puzzle; a part of the population that has been written about endlessly in newspapers, magazines and books; television has devoted prime time to discuss my buying habits, my interests, my era; Hollywood has made 90-minute wide-screen, living color, unbelievable, exaggerated versions of what I do and how I live; I am discussed on the radio and television.

I am growing up fast in a fast-moving and fast-changing world. Cars go faster, planes fly farther. Travel that took days or weeks now takes minutes or hours. Someday I may vacation on the moon or some other planet. I may live in a city under the water. Instant foods are available to me, and electricity does the labor in most of my tasks.

With all the publicity, speed and inventions, with all the changes taking place, I am still me. I'll tell you about me next week.

To be continued,
 HB

Jack's Pharmacy

You Can

BANK

on it!

You know, we're people in a hurry, needing to be somewhere to do something that needs doing right then. And in our rush, small details often are overlooked.

For example, it's surprising how many people fail to sign their checks. Most companies will return them, of course, asking for your signature, but a little attention to check writing would save that small embarrassment.

Learn to write a check properly—and with care. Fill in the date, the payee, the figure for the amount. Then write out the amount in words, beginning at the far left of the line so no one can add "One hundred" or "One thousand" to the amount. This line is known as the "filling," and if there is a disparity between the figures and the amount written, we will pay the amount shown on the filling.

Then, sign the check. And don't forget to enter the amount of the check in your records, subtract it from your balance and put down when and to whom the check was written.

It only takes a moment, and handling your checkbook properly will be a great help in keeping your check balance correct.

First State Bank

Improper Handling Can Spoil Food And Holiday

Food poisoning danger increases during Thanksgiving because even usually careful cooks have to deal with unique problems of amounts and timing. Even the traditional turkey poses a problem, the Texas Medical Association says.

A stuffed turkey is a tempting treat for both people and germs. Germs thrive on the ingredients in stuffing and the warm, moist inside of a turkey is a perfect breeding ground. The thick turkey meat protects germs from heat or cold that usually would kill them.

The best way to avoid potential problems is to cook turkey and stuffing separately. If you do decide to stuff the turkey, store stuffing in the refrigerator separate from the bird. Stuff the turkey just before cooking. Use a meat thermometer to make sure the interior of the stuffing reaches 165° fahrenheit. Take out all leftover stuffing and refrigerate bird and stuffing separately.

Even food kept at proper temperatures can pick up dangerous germs if it comes in contact with dirty hands, contaminated raw food or dirty utensils.

Thawing the turkey also can be tricky. Doing it wrong can let germs grow on the outer meat surface while the inside is still frozen. If it is necessary to thaw a turkey out of the refrigerator, it can be unfrozen in a water-tight package under cold running water. Or the bird can be put in two brown paper bags to insulate it against overly warm temperature and prevent uneven thawing. Even these methods are not as good as thawing the bird in the refrigerator.

Thawing foods in the refrigerator takes longer and requires more pre-planning. Fresh meat and poultry should be frozen immediately after purchase. If they are not, they should be refrigerated and used within three to five days after purchase.

Another major food poisoning danger comes from food which sits out too long. Germs can grow to a dangerous level on food left out two or more hours. Many dangerous germs do not change the taste, color or odor of food. To be sure food is safe, keep everything either below 40° fahrenheit or above 140° fahrenheit until it is served.

INITIATED INTO EDUCATION HONOR SOCIETY AT WTSU

Debbie Cantwell, a senior at West Texas State University from Silvertown, has been initiated into Kappa Delta Pi, education honor society.

To be eligible, a student must have a 3.25 overall grade point average, a 3.0 GPA in professional courses and must have been enrolled in one three-hour educa-

Arthritis Forum

Planned November 18

An Arthritis Forum has been scheduled for Briscoe County on Thursday, November 18, at 7:30 p.m. in the Pioneer Room of the First State Bank in Silvertown, according to County Extension Agent

Underreatment Of Depression Noted

"Depression probably causes more human suffering than any other condition," said Carroll B. Bryant, President of the Texas Association for Mental Health, "and the suffering it causes is almost totally unnecessary."

Bryant explained that current methods of treatment have been successful in relieving depression and its consequences, but that most people who have the condition remain untreated.

"What we face," he said, "is primarily a problem of attitude. People who would seek treatment for any other serious illness feel that depression is something they should bear, like a punishment, without complaint."

Depression, according to Bryant, is common in all segments of society—young and old, rich and poor, male and female, educated and uneducated. It is thought by some experts to stem from a chemical imbalance in the brain. This imbalance makes the person susceptible to the condition, which can erupt at any time and is particularly likely to strike during periods of stress.

Common symptoms of depression include headache, sleep disturbances, fatigue, loss of appetite, anxiety, inability to concentrate, loss of interest in people and activities, feelings of guilt, helplessness, remorse, fear, exaggeration of minor obstacles, and other feelings that diminish self-esteem and make even routine activity difficult or even impossible.

According to figures obtained by the Mental Health Association, about 1,500,000 people are currently being treated for depression, but as many as 8 to 15 million more remain untreated.

"This is the figure that concerns us," Bryant said. "We hope that as more people become knowledgeable about the condition and its causes, there will be less hesitancy about accepting treatment. If so, a great deal of human suffering can be spared. People who are depressed should be encouraged to call a physician, or local mental health center or clinic."

Mrs. Carman Rhode of Silvertown led bellringer workers in May to collect donations for The Texas Association for Mental Health.

tion course.

Miss Cantwell, an elementary education major, is one of 45 new members of the society. She is the daughter of Mr. and Mrs. Elton Cantwell.

Linda Mullin.

The forum is being sponsored by the Briscoe County Family Living Subcommittee.

Three prominent doctors from Amarillo will be on hand to show a slide set and discuss the number one crippling disease, arthritis.

The program is planned for the general public, and everyone is invited and encouraged to attend this educational program.

McBroom-McJimsey Vows Exchanged Here Recently

Miss Becky McBroom and Todd McJimsey were united in marriage in an afternoon ceremony on October 23 in the home of the bridegroom's parents, Mr. and Mrs. Raymond McJimsey of Silvertown. The Rev. Noland Rucker of Am-

arillo, uncle of the bridegroom, performed the marriage ceremony. The bride is the daughter of Mrs. Larry Coffey of Bloomfield, New Mexico, and the late William McBroom.

Miss Lee Ann Warren of Bloomfield was maid of honor, and the bridegroom's father, Raymond McJimsey, served as best man.

A reception was held immediately following the wedding ceremony. The white and blue two-

tier wedding cake and punch were served by Miss Warren and Miss Tandy McJimsey, sister of the bridegroom.

The couple are making their home south of Silvertown.

SEASONS CHANGE

For a time leaves are green, then in early fall they become brilliant with many colors. Finally they turn brown and fall from the trees, leaving them drab and lonely looking.

God never changes, he is an ever present help.

"For I am the Lord, I change not"
 Attend church and learn more of God's wonderful and never changing love.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THANKS FROM THE HIGHTOWERS

Colleen and I are deeply grateful for the confidence you demonstrated in the Hightowers at the polls on Nov. 2. We are told that the 95,364 votes are more than any candidate for Congress ever has received in the history of the 13th Congressional District. It is truly a wonderful feeling to have the support of nearly 60 per cent of the voters, and you can be sure that I will spend 100 per cent of my time during the next session of Congress working for all of the residents of the District. It has been an honor to serve as your Congressman during the last two years, and I am looking forward to continuing to represent you. My staff and I always will be at your disposal, and I hope you will not hesitate to let us know when we can be helpful.

JACK HIGHTOWER

Story Magic Show To Benefit Tulia Satellite Bus Fund

The Tulia Satellite Training and Work Center is a sheltered workshop for the developmentally disabled people of Tulia and its surrounding area. Tulia and other such Satellite Work Centers in the Panhandle area are under the supervision of the Amarillo State Center for Human Development. These sheltered workshops provide the training which then leads into the work contracts with local industries when possible and with industries outside the county. In the Tulia Center's case, work is contracted from as far away as Abernathy. When a client is ready to begin work on a contract, he is paid not by the amount of time he spends at the job, but by the amount of work he produces.

There are nine clients on the payroll at present, and an increase is expected in a year's time. Some of these people have absolutely no means of transportation; for some, the Center's work schedule conflicts with the schedule of the parents, making it difficult for the parent to transport the client. Because of these situations, the supervisor and her aide have to use their personal cars to pick up

the clients each morning and return them home each afternoon. Another reason a small bus is badly needed by the Center is for medical appointments provided free by Amarillo State Center. Appointments for all clients needing medical attention, such as eye examinations, are made on the same date as much as possible. Again, the cars of the supervisor and aide must be used. Any kind of recreation outside the center itself—bowling, field trips—again require transportation. Volunteers help with this need as much as possible.

On July 17, Tulia's Picnic Day, the "Bus Fund Drive" was kicked off with a Sweets Sale. Thanks to the wonderful people of Tulia and the surrounding towns and communities, the sale was a success and gave the center a start toward its goal.

Now, Ann and Fred Story are presenting their marvelous magic show November 19 to benefit the Satellite Center. They have been kind enough to let the center share in the proceeds of the show that night. It will be a family fun show. You will be taking care of yourself with entertainment and of the Satellite Center's transportation needs.

Tickets can be purchased from members of the Lions Club in Tulia. They will also be available at the Satellite Center, 216 SE Second Street, and from any of the Center's Advisory Board, Mrs. Van Barbour, Mrs. Odell Thompson, Kenneth Godwin, Mrs. Louis Edwards, Jack Oler, T. A. Williams, Gary Malone, Mrs. Elven House,

Blood Drive Is Wednesday

The Bloodmobile from Coffee Memorial will be in Silverton November 10, from 10:00 a.m. until 2:00 p.m. to take blood donations for the Silverton blood pool and to renew Blood Plan insurance policies. The Bloodmobile will be at the City Hall.

The blood drive is being sponsored by the Silverton Young Homemakers and Silverton Young Farmers.

NOTICE OF PROPOSED ABANDONMENT

Notice is hereby given that the Interstate Commerce Commission is being requested to issue a certificate of public convenience and necessity permitting abandonment of the line of railroad of Fort Worth and Denver Railway Company from milepost 306.4 near Sterley, Texas and milepost 326.11 near Silverton, Texas, a distance of 19.71 miles, located in Floyd and Briscoe Counties, Texas.

The interest of employees will be protected by "Burlington Conditions" (CB&Q RR Co. Abandonment, 257 I.C.C. 700).

REASONS FOR PROPOSED ABANDONMENT

Total revenues generated from traffic on this line are not sufficient to substantiate continued operation and maintenance of this line. The line is a deficient operation. There is no potential foreseen for increased rail traffic in the immediate or near future.

The name and address of applicant's representative to whom inquiries may be made is Richard M. Gleason, Attorney, Fort Worth and Denver Railway Company, 176 East Fifth Street, St. Paul, Minnesota 55101.

In the opinion of the Applicant, the granting of this application will not constitute a major federal action having a significant effect upon the quality of the human environment.

The Interstate Commerce Commission will rule on this application without hearings unless protests are received which contain information indicating a need for such hearings. In accordance with the Commission's regulations (49 C.F.R. 1100.250) in Ex Parte No. 55 (Sub-No. 4), Implementation—Nat'l. Environmental Policy Act, 1969, 340 I.C.C. 431 (1972), any protests may include a statement indicating the presence or absence of any effect of the requested Commission action on the quality of the human environment. If any such effect is alleged to be present the statement shall include information relating to the relevant factors set forth in Ex Parte No. 55 (Sub-No. 4), supra, Part B (1)-(5), 340 I.C.C. 431, 461.

Any protests referring to this notice (AB 119, Sub-No. 1) shall be filed with the Interstate Commerce Commission, Washington, D. C. 20423, not later than December 6, 1976.

THE QUIET PHONE.
 (It doesn't shout "telephone.")

It's the handsome Styleline® telephone. Its quiet elegance won't clash with any decor.
 Styleline phones come in wall or desk models and many colors, both delicate pastels and bold accents. Handsets are available with either rotary dial or pushbuttons in Touch-Calling areas.
 So get the phone that doesn't yell "telephone!" It's a great conversation piece. Call our business office today.
