

All Around the Town

by Mary Ann Sarchet

Silverton Mayor Fred Mercer and other interested citizens met at the First State Bank Tuesday morning to discuss the most effective methods of protesting the abandonment of the railroad spur from Sterley to Silverton.

A protest is being filed through Congressman Jack Hightower.

People are needed who are willing to get out and work to save the railroad to Silverton. If you haven't signed a petition, please do so as soon as possible at one of the businesses downtown.

You are also needed to write letters to Congressman Jack Hightower, 1315 Longworth Building, Washington, D. C. 20515, to protest the abandonment. These letters will make up an important voice of protest when this matter is taken to court.

December 6 is the deadline for the protests to be sent in.

Tulian Killed In Accident At Silverton Elevator

A 35-year-old Tulia man was killed Wednesday, November 17, about 4:30 p.m. at Star Grain Company in Silverton when he was trapped under hundreds of pounds of grain.

Tiburcio Lerma (Pete) Trevino, an employee of the grain elevator, was pronounced dead from suffocation by Justice of the Peace Dick Taylor of Quitaque.

A Star Grain Company spokesman said a grain door gave way in a tunnel below a grain storage barn and buried Mr. Trevino under the spilled grain.

Tim Gamble was with Trevino when the grain began spilling into the tunnel, but he got out of the way and escaped being trapped. He worked desperately to try to free Trevino. When the Silverton Fire Department rescue unit arrived at the scene, Gamble was in the tunnel shoveling grain as fast as he could in an effort to rescue Trevino, who was dead when they finally reached him.

Funeral services for Mr. Trevino were conducted at 5:00 p.m. Friday in the Church of the Holy Spirit in Tulia, with the pastor, the Rev. David Greka, officiating. Burial was in Rose Hill Cemetery at Tulia by Wallace Funeral Home of Tulia.

Mr. Trevino was born October 13, 1941 in Ballinger and had lived in Tulia 14 years. He was a member of the Catholic Church. He and the former Natalia C. Castillo were married May 24, 1963 in Tulia. He had worked for Star Grain in Tulia before going to the Silverton branch.

Surviving are his wife; two sons, Alex and Pete Trevino, jr., both of the home; two daughters, Cynthia and Lorene Trevino, both of the home; four sisters, Mrs. Severa Rodriguez and Mrs. Mary Marquez, both of Waco, Mrs. Angeles Soliz of Big Spring and Mrs. Mary Flores of Tulia; and his parents, Mr. and Mrs. Inosencio Trevino of Tulia.

Services Conducted For Mrs. Kitty Lawler

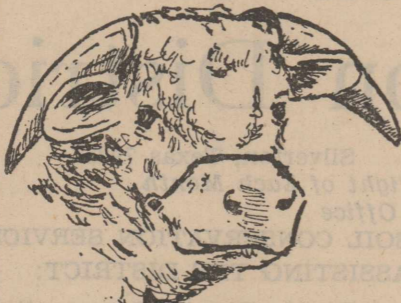

Funeral services for Mrs. Kitty Lawler, 82, were conducted at 1:30 p.m. Friday at the Church of Christ in Claude, with the minister, Ralph Williams, officiating. Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Pallbearers were Davis Burrow, Buster McCord, Milton Davis, Don Harlan, John Knierim and C. M. Hudson.

Mrs. Lawler died Wednesday, November 17, in Palo Duro Convalescent Home in Claude.

Mrs. Lawler had been a resident of the Panhandle since childhood, having lived near Silverton, in Canyon and then in Claude. She was born March 19, 1894 in Denison and was a member of the Church of Christ.

Surviving are three daughters, Mrs. O. C. Watson of Colorado Springs, Colorado, Mrs. John Gilbert of Decatur, Arkansas and Mrs. B. C. Minkley of Claude; one brother, Bill Hardcastle of Meridian; three sisters, Mrs. Nannie Bomar of Silverton, Mrs. Lucile McClendon of Childress and Mrs.

Briscoe County News

THURSDAY, NOVEMBER 25, 1976

VOLUME 68 NUMBER 48

It didn't take but about three hours for friends of the Billy Turners to harvest their cotton crop for them Monday. Ten strippers, operated by Riley Ziegler, J. E. Patton, George Reed, Wayne Stephens, Jerry Baird, Bryant Eddleman, Harold Edwards, Harold Storie, L. B. and Lane Garvin and Ed Hutsell, made quick work of the harvest in the Silverton "help thy neighbor in his time of trouble" tradition. Many, many others assisted with the harvest by pulling trailers to the gin, etc.

Silverton Farmer Harvests 209.09 Bushels Per Acre

Elton Cantwell of Silverton was recently named a member of the DeKalb Yieldmasters Club for producing 209.09 bushels of corn per acre in 1976.

His yield, based on 15 1/2% moisture, was mechanically harvested from a solid block measuring 1.147 acres. An impartial third party verified the high yield which was recorded from a field of DeKalb XL-72aa.

Cantwell planted the crop on May 2 in 40-inch rows and harvested an estimated stand of 22,100 plants per acre on October 6.

His fertilizer program included 216 pounds of nitrogen, 64 pounds of phosphate and 32 pounds of potash. Cantwell controlled weeds with one box of Banvel and Atrazine at 1/4 pounds per acre. He also applied Di-Syston. An estimated five inches of rain fell on the crop from planting to harvest. Another 20 inches of water was applied through irrigation.

Concerning the hybrid's performance, Cantwell says, "When comparing moisture to other hybrids XL-72aa was the best."

The purpose of the DeKalb Yieldmasters Club is to promote an exchange of ideas and information among the nation's leading grain producers and to recognize them for their outstanding accomplishments as well as their important role in helping feed the world. Through the sharing of such information, the program also encourages farmers to adopt management and cultural practices that will aid them in obtaining maximum profit from each acre.

Leo Mitchell of Fort Worth; 12 grandchildren and 17 great-grandchildren.

Blood Drive Said Successful Here

The latest blood drive held in Silverton netted a total of 48 units for Coffee Memorial Blood Bank, with 39 of these units being used to buy Blood Plan insurance and nine units going into the community blood pool.

Mrs. Roy Younger, coordinator between the community and Coffee Memorial, expressed appreciation this week to the Silverton Young Homemakers and Silverton Young Farmers, co-sponsors of the blood drive; to the First State Bank for the use of tables, and to the City Hall for the use of its facilities.

In 1975, 48 units were available in the Silverton community blood pool. The 1975 blood drive added 75 units into the community pool, which is used to replace the units of blood used by Silverton residents. Blood replacements in 1975 and 1976 have included: 18 units for Mrs. Cora Donnell, 38 units for Johnnie Lanham, two units for Don Garrison, five units for Rhea Brooks, 12 units for Marilyn Asebedo and six units for Juanell Turner. At the present time, there are a total of 51 units on hand in the Silverton blood pool.

Local residents who need blood replacement or who must have blood standing by for surgery are asked to contact Mrs. Younger, who will make arrangements for blood from the community pool to be transferred to that account.

Most of the hospitals will accept the replacement blood from the blood pool, but a few will not. If you are going into a hospital and think you might need blood, you would be wise to check with your hospital to determine whether it will give you credit for the blood units so transferred.

Marilyn Asebedo continues to receive treatment at John Sealey Hospital in Galveston. Her parents, Mr. and Mrs. Johnny Asebedo, Roland and Venita are there with her. Marilyn is continuing to receive blood transfusions, and counting the ones she had at Lockney, she had had 12 in all as of Monday. Cards may be addressed to Marilyn at John Sealey Hospital, Floor 9, Room 931, Bed 2, Galveston, Texas 77550.

Public Invited To Hear Discussion Of School Taxes

The March of Time Study Club would like to invite the Century of Progress Study Club, the L. O. A. Junior Study Club and the public to hear Silverton School Superintendent O. C. Rampley speak on school taxes at 3:00 p.m. Thursday, December 2, in the P.C.A. community room.

This will be a very interesting and informative talk, which will be followed by a question and answer period.

Brother Of Truman Loyd Dies

C. A. Loyd, brother of Truman Loyd of Silverton, died in San Antonio Thursday, November 18 and was buried Saturday morning.

He was a retired Air Force Base Mechanic and had lived in San Antonio about 40 years.

Survivors include one daughter; five sons; three sisters, and three brothers.

Love Account Established Here

A "Love Gift" account has been established at the First State Bank in Silverton by friends of the Billy Turner family.

Any person, family or organization wishing to make a contribution in any amount to help offset their hospital and doctor expenses may do so at the bank.

Swine Flu Clinic To Be Held Here

A Swine Flu Clinic will be held in Silverton December 9. Silverton Young Homemakers will assist with the clinic. Where and what time the clinic will be held will be announced as soon as arrangements are made.

Registration Slated For Kindergarten

Kindergarten students will register in the Silverton School Elementary Building Friday, January 7, from 9:00 until 10:00 a.m.

Community Service Is Wednesday Night

The annual Community Thanksgiving Service will be held at 7:30 p.m. Wednesday at the First Baptist Church in Silverton.

Rev. Jesse Dea, pastor of the First United Methodist Church in Silverton, will bring the thanksgiving sermon.

People of all faiths are invited to attend this community worship service.

Firm Designated As "XL Dealer"

With a commitment to today and tomorrow's farmer-customers, agricultural dealer Brown-McMurtry Implement Company in Silverton recently was appointed an "XL Dealer" by International Harvester Company.

The "XL" appointment is the highest form of recognition an IH dealer can earn. It symbolizes a total program for excellence in customer service, product knowledge, business management, merchandising and employee relations.

According to Wilbur R. Stringer, manager of IH's three-state Dallas Agricultural Equipment Region, "the overall theory is that the farmer/businessman demands excellence — hence 'XL' — of performance from those who serve him, and an 'XL Dealer' will meet this demand."

Stringer also pointed out that Brown-McMurtry had to meet many standards in order to qualify for this coveted honor. Developed by IH and its dealers, the standards include a "Certified Service Shop," a computerized accounting system (DADS), and inventory system (SPIM), attendance at dealer management seminars (FACTS), and modern, efficient facilities.

Because of these exacting qualifications, only a select group of dealers from throughout the U. S. have become "XL."

Identification of this "XL Dealer" is easy. In front of the facilities is a new tall red and white IH sign, visually illustrating the type of equipment sold and serviced. Inside, the "XL" symbol is displayed in sign and plaque form.

Haskell Odell Jackson of Snyder visited his daughter and family, Mr. and Mrs. Joe Davis, Tommy and Patsy, last week and also visited friends while here.

Owlettes Continue In Ranks Of The Undefeated

Silverton's varsity Owlettes continued to march in the ranks of the undefeated with victories over McLean (44-32) and Post (45-43) during the past week. The Owl varsity has been idle during the week, having been unable to schedule games with McLean and having had their game with Post cancelled due to the fact that Post is still playing football.

Linda Vaughn led the offense in their game against McLean by scoring 21 points. Margaret Crosslin added 12; Twila Wood, five; Kim Hutsell, four; Ruegena Davidson, two. In addition, Vaughn got five rebounds, Crosslin and Wood, four each, and Davidson, two. Crosslin stole the ball four times, Wood three times, Hutsell and Davidson, once each.

On the guard end, Dara Garvin and Mignone Rauch each stole the ball once, Debbie Storie got nine rebounds, Rauch got six and Garvin, two.

	1	2	3	4
Owlettes	8	20	32	44
McLean	6	10	16	32

Scoring for the Owlettes against Class AA Post were Margaret Crosslin, 17; Linda Vaughn, 16, and Twila Wood, 12. In addition, Vaughn got two rebounds and two steals; Wood, four rebounds, three steals and two tie balls; Crosslin, five rebounds and one steal.

The guards had a big night, with Dara Garvin getting four rebounds, four steals and tying up the ball twice. Mignone Rauch got one rebound, seven steals and tied up the ball once. Debbie Storie got three rebounds, six steals and tied up the ball once.

	1	2	3	4
Owlettes	12	23	33	45
Post	8	23	29	43

The junior varsity Owlettes dropped their games to McLean (20-22) and Post (31-60).

Against McLean, Kim Cornett caged six points; Connie Rowell, Jennifer Martin and Annette Fleming, four points each, and Rose

Christmas Bazaar Planned Here Soon

The United Methodist Women will sponsor a Christmas Bazaar Tuesday, December 7, from 8:30 a.m. to 5:00 p.m. at The CETA Hut in Silverton.

Gift items and baked goods will be offered for sale. Pie, cake and coffee will be served for 50c.

Friends Invited To Open House Friday

An open house in the home of Mr. and Mrs. Carman Rhode Friday afternoon and evening will honor Dr. and Mrs. Fumihiko Sakai and children, Hitoshi and Miho of Houston.

Mrs. Sakai will be remembered as the former Masako Nakabe, who was a foster daughter of Mr. and Mrs. Rhode during the year she attended Silverton High School as a foreign exchange student from Japan.

Post	20	31	41	60
Owlette JV	0	9	19	31

The varsity and junior varsity boys and girls had four games with Kress here Tuesday night, but due to the Briscoe County News being printed early, the results of these games will be given next week.

The varsity girls and boys will host Lakeview Tuesday night beginning at 6:30 p.m. The varsity teams will be in the Kress Tournament December 2-3-4.

Representing Lambda Chi Alpha social fraternity, Cris Gill (left) a junior at West Texas State University, accepts a trophy for the third place float at the recent Homecoming parade. Presenting the trophy is Weldon Tice, associate dean of student life for men and chairman of the Homecoming committee. Also representing the fraternity is Steve Williams, a senior from Canyon. Gill, a social studies major, is the son of Mr. and Mrs. John R. Gill.

DEAR EDITOR:

Dear Hometown Folks,
 This is a dual purpose letter. Any of you who have ever attempted to correspond with me know full well that it is indeed a "Happening" to get me to write any kind of letter.

The picture in the Briscoe County News a few weeks ago depicting the heavy snowfall in Silverton prompted me to write a confession. We knew that when we returned from there we brought with us a big load of Texas Sun-

shine. We didn't realize that in making room (in our hearts) for it we had inadvertently left behind some of the Montana Winter we carry with us at all times. We hadn't even missed it until recently. The folks around here are mystified about the mild weather we've had in these parts. I don't think I have the courage to confess to them. I trust you will keep our secret.

I also want to say a belated "Thank You" to all those who devoted so much of their time and effort to make the SHS reunion

such a great success. It was my 30 year reunion and the first one I've been able to attend. I was really impressed.

"They" say that after one has been away from home for a long period of time and then returns everything is different. Well, I say to "them" — "Taint so!" I found the people, the geography, the hospitality and all the important things were indeed the same as memory had preserved them for me. Some of the well-remembered faces and voices were missing and some of the well-remembered businesses were changed; but for all practical purposes the feeling of being home was the same and it was great!

Some of you will remember me as Clenda Arnold; some of you will remember me as Clenda Morehouse (Ken and I were married and lived in Silverton several years after our marriage); but I want all of you to know that Ken and I live at 928 Second Street in Havre, Montana 59501. We would like for any of you who plan a trip to our part of the country to come see us. Silverton opened up its doors to us and we would welcome the opportunity to open our doors to you. Montana is truly a nice place to visit and the trip up here is a lovely one.

I wear the beautiful Bicentennial medalion that was presented to me with a great deal of pride. Silverton, Texas is a great place! Not to be from; a great place to be!

We hope to see many of you in the coming months and again THANK YOU.

Clenda Arnold Morehouse

GA'S VISIT PATIENTS IN AMARILLO HOSPITALS

GA's left the First Baptist Church in Silverton Saturday morning, November 20, and went to Amarillo to the High Plains Baptist Hospital, where they had refreshments in the cafeteria and went on a tour of the hospital.

They had lunch at the Pizza Planet, and after lunch went to Northwest Texas Hospital where they visited the Pediatric Ward and gave tray favors to the ward. They gave a small gift and card to Juanell Turner and a little girl sick in Northwest Texas Hospital.

One thing you can say for greed: it's responsible for some mighty imaginative rationalizations.

Growing Washington-based GOVERNMENT seeking branches all points West.

Major BENEFITS.

Option for STATEHOOD.

Even the Founding Fathers knew thirteen was only for starters.

So it wasn't long before sights were set on the land to the west.

But it took money to explore and settle. And thanks to Americans taking stock in their country, the money was there.

Today, taking stock in your country is just as important. And one of the best ways to do it is to buy U.S. Savings Bonds.

Just join the Payroll Savings Plan at work. Out of each paycheck, a little is set aside to buy Bonds. Automatically. And that means regular savings you can depend on.

Buy U.S. Savings Bonds. There's no safer way to save.

After all, the money's guaranteed by the home office.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.
 200 years at the same location.

A public service of this publication and The Advertising Council.

Cap Rock Soil & Water Conservation District

P. O. Box 660 Silverton, Texas 79257
 Meets First Thursday Night of Each Month
 in S. C. S. Office

BOARD OF DIRECTORS:
 C. L. Sutton, Chairman
 Don Burson, Vice Chairman
 Pascal Garrison, Secretary
 E. A. Birdwell, Member
 Murry Wayne Morrison, Member

SOIL CONSERVATION SERVICE TECHNICIANS ASSISTING THE DISTRICT:
 Bob Rauch, District Conservationist
 Dan Herrington, Soil Conservationist
 Cletus Grady, Conservation Technician

1976 ANNUAL REPORT

The Cap Rock S. W. C. D. Directors met 11 times during the year. The Board made an effort to keep informed on State and Federal legislation that would affect conservation and agriculture in the District. They worked with Federal and State legislators to express their opposition to any land use legislation and to support conservation cost-sharing programs. They maintained membership in and paid dues to the Panhandle Association of Conservation Districts, The Texas Association of Conservation Districts, and the National Association of Conservation Districts. Jack Sutton attended the State Convention and served on a special committee appointed by the Texas Association of Districts to inform State and Federal legislators on conservation matters.

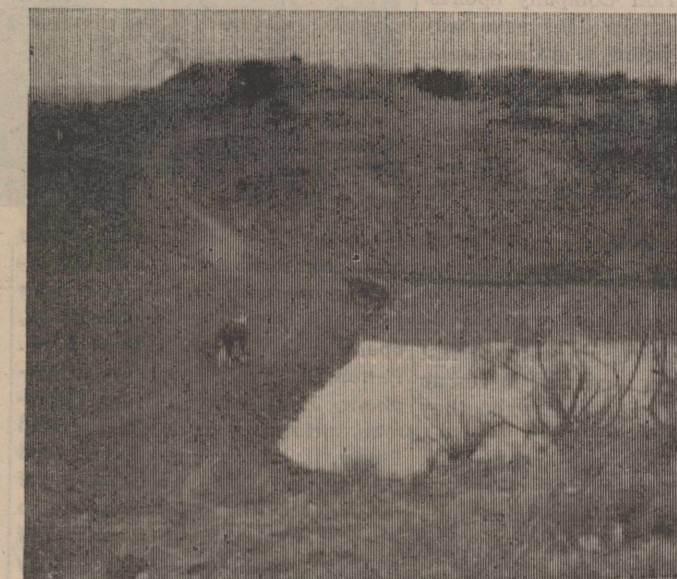

The Directors approved the Great Plains Conservation program for Briscoe County for 1976 and were represented in the development meeting for the 1976 A. C. P. They participated in Soil Stewardship Week by asking Judge M. G. Moreland to make a suitable proclamation for the occasion. Bulletin inserts with conservation messages were distributed to each church in the county.

Three local entries were submitted to The Texas Conservation Awards Program. O. E. Chandler of Quitaque was selected as the Conservation Farmer of the Year for the outstanding cover crop program he used on his farms. They also co-sponsored a farm tour with County Agent Eddie Holland.

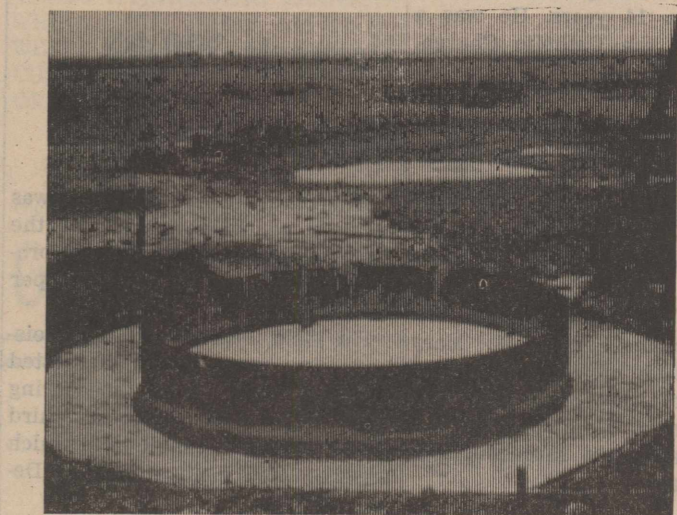

The District also assisted with the North Rolling Plains Resource and Development Program. This project was not funded by congress. Director Murry Wayne Morrison represented the District in the annual maintenance inspection of the Kent Creek Watershed Project.

Vinson Smith had this diversion terrace put in on his place last summer to control gullies on part of this field. The rest of the field is flat enough to be adequately protected by crop residues. The conservation needs inventory shows that an estimated 38,307 acres of dryland fields need terraces, waterways and diversions.

This pond was put in this year on the Palo Duro Ranch North of the Red River to improve grazing distribution in a large pasture. Very few cows stayed in this part of the pasture until this pond caught some water.

Water storage facilities like this one recently completed by Wayne Mayfield are usually designed to store a week's supply of water for a planned number of livestock. They must be located to improve grazing distribution when built with G. P. C. P. or A. C. P. cost share.

GREAT PLAINS CONSERVATION PROGRAM

Funds are now available for new G. P. C. P. contracts in Briscoe County.

Three new changes in the G. P. C. P. program this year are:

1. Brush control limitation was raised to 7,500 dollars.
2. Irrigation limitation was raised to 7,500 dollars.
3. Second contracts can now be approved.

Cost share can be from 50% - 80% on the following practices: establish grass; windbreaks; waterways; terraces; diversions; erosion control dams; grade stabilization structures; irrigation pipeline; land leveling; livestock wells, pipeline and water storage facilities; ponds; brush control; fences; tailwater pits, and disposal lagoons.

Contracts are for a minimum period of three years and can run as long as ten years.

All conservation practices shown in this newsletter have been cost shared by the Great Plains Conservation Program except for the floodwater retarding structure.

A PLACE TO PRAY

Man can, and should, pray anywhere. God has placed no limitations on his communing with him.

Our Lord has said, "... Ask and ye shall receive." God listens when we seek him, no matter where, however he desires that we gather together in prayer too. "... mine house shall be called an house of prayer for all people."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Junior High Teams Win Three Of Four Games At Claude

The seventh and eighth grade Owls and Owlettes traveled to Claude Monday night for their first games of the season. The

seventh grade Owls won 34-8, the seventh grade Owlettes earned a 29-26 victory, the eighth grade Owls defeated the Colts 19-5, and the eighth grade girls dropped their match 21-34.

The seventh grade Owlettes opened the action with two forwards teaming up to score all the points. Katy Francis put up 19 points and Lupe Garcia added 10. The other players on the team are DeAnn Strange, Gena Malone, Cynthia

Edwards, Barbara Edwards, Cynthia Hale, Mary Patino, Stacy Robertson, Tarri Thomas and Melinda Sutton.

	1	2	3	4
7th Owlettes	4	12	19	29
Claude	10	12	20	26

The seventh grade Owls made it a clean sweep for their class with a lop-sided victory. David Vaughn led the offense with 14 points. Jimmy Stone scored six; Gary Juarez and Michael Geenhaw scored four points each; Kelly McMurry, three; Jim Estes, two; Andy Fabela, one. The other players on the team are Casey Bean, Dwain Tipton, Jesse Cruz, Bryan Schott, Bob Arnold, Scotty Roberts, Donnie Curry, Alvin Stice and Blaine Eddleman.

	1	2	3	4
7th Owls	10	20	32	34
Claude	0	2	2	8

The eighth grade girls had some trouble getting their offense cranked up and the highest scorer was Scotti Fleming, who played only the fourth quarter as a forward. Fleming scored 12 points; Staci Mayfield, six; Susie Tipton, two, and Elsa Ramirez, one point. The other players on this team are Brenda Boling, Shelly Harris, Kim Fitzgerald, Penny Cogdell, Debra Peel and Diane Martinez.

	1	2	3	4
Claude	7	16	26	34
8th Owlettes	0	5	9	21

The eighth grade Owls finished up the series with a 19-5 win, led in scoring by Jeff McCord with 11 points. Mark Patton put in four points, John Segura and Russell Couch scored two points each. Others playing for this team are Walter Perkins, Jimmy Lacy, Bill Settle, Monte Roehr and Brent Grabbe.

New Film Features Corrie Ten Boom

"CORRIE: Behind the Scenes with THE HIDING PLACE," a new full-length color release from World Wide Pictures, will be shown at First Baptist Church in Silvertown on Sunday, December 5. A single showing is scheduled to begin at 6:00 p.m.

"THE HIDING PLACE," a true story filmed in Holland and other European locations, is based on the experiences of Corrie ten Boom, who, with her father, sister, and brother, provided refuge for countless Jewish families. A secret room was constructed in their home as a hiding place for use during Gestapo raids. The ten Boom's activities were discovered, and they were sent to prisons and concentration camps.

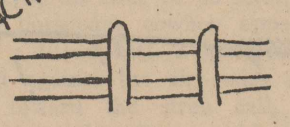

According to Kenneth Bliss, Director of Distribution for World Wide Pictures, "The Hiding Place" has been extremely well-received, both by audiences and film critics. "CORRIE" was produced to give people who have seen "THE HIDING PLACE" or read her many best-selling books an opportunity to hear her share many of her memories about life in Holland, her family, and her lifetime of service to others."

Bliss added that the film "offers a great lesson in the perseverance of a personal faith in a very dark and trying period of world history. Corrie ten Boom, now in her eighties, has a tremendous vitality, a deep spiritual commitment, and a profound love for her fellow man. We believe we have succeeded in transmitting a part of her zest, personality, and source of strength through this film."

Bliss noted that the film includes "interesting sidelights on the experiences of the cast and crew during the filming of 'THE HIDING PLACE.'"

The Rev. Larry Wilson, pastor of First Baptist Church, stresses that the showing of "CORRIE" is open to the public free of charge. "We encourage families to plan to attend together, for what we

A BICENTENNIAL THANKSGIVING

In this bicentennial year of American heritage, a few interesting facts about "Turkey Day" may provide some extra meaning to the holiday.

Surprisingly, America was not the first country to celebrate some form of Thanksgiving. They also observed it in China, Greece, Russia, Norway, Poland and Lithuania.

When the Pilgrims first came to this country, they knew very little about farming, but an Indian named Squanto helped and they were able to harvest some corn and barley.

To celebrate their first success, Governor Bradford named a date in late 1621 as a day of thanks. Hunters scoured the woods and returned with turkeys, wood pigeons, partridges, geese and ducks, while the women prepared puddings and hockcakes. Because the Indians had been so helpful the Pilgrims invited them to join their celebration—and it was a good thing, for the Indians contributed five deer.

It was also the Indians who first introduced eating oysters to the settlers. During the three-day feast, they even set a precedent for our Thanksgiving holidays today—they participated in races and athletic events. Just think of how many big athletic events are held in the U. S. during Thanksgiving weekend today.

Thanksgiving in 1621 was largely a social occasion, but the second Thanksgiving in 1623 was probably the real start of our present holiday, for it was religious as well as social.

During the next 200 years, Thanksgiving was not celebrated on any one special day, until September 17, 1863, when President Abraham Lincoln proclaimed that Thanksgiving be celebrated on the last Thursday in November. The menu of that day was much like the one used widely today—cranberry juice, roast turkey with dressing, sweet potatoes, creamed onions, cranberry sauce, squash, pumpkin pie, plum pudding, mince pie, milk and coffee.

Home Life Program Heard by Study Club

The March of Time Study Club met Thursday, November 18, in the home of Mrs. Troy Burson.

The president, Mrs. R. L. Hill, conducted a short business meeting, after which a program on Home Life was presented.

Mrs. True Burson gave the devotional, "The End of a Perfect Day," and roll call was answered with "Things my mother taught me."

Mrs. Rex Dickeson reviewed the book, "Liberty Tavern," by Thomas Fleming.

Refreshments were served by the hostesses.

Mrs. Billy (Juanell) Turner underwent some skin graft surgery Tuesday at High Plains Baptist Hospital in Amarillo. She is reported to be in good spirits and recovering as well as can be expected. She is in Room 312.

HAPPY HOLIDAYS!
CAROLYN KITCHENS

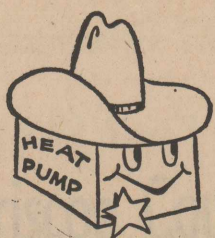

A pre-Thanksgiving dinner was held Sunday in the home of Mr. and Mrs. Bailey Hill and Sylvia, honoring Rev. and Mrs. Freddie Stice and boys, who have resigned the Assembly of God Church.

Those enjoying the dinner and good fellowship were Mr. and Mrs. Glen Gay, Mr. and Mrs. Harry Booth, Mrs. Eldon Thomas, Mrs. Charles Thomas, Terry and Danny, Mrs. Jimmy Thomas, Mr. and Mrs. Delvin Wadlow, Debbie, Rita Jo and Chris, Mr. and Mrs. Bailey Hill and Sylvia and the honored guests, Rev. and Mrs. Alvin Stice, Alvin and Fred.

LOST HEAT BITES THE DUST

When you buck Lost Heat... you save money on heating bills. The best way is with an electric heat pump. The heat pump is an electric heating system that squeezes warmth from outside air even at very cold temperatures. The electric heat pump is the most efficient way to have clean, modern heating and also save energy. And when you save energy, you save money. Call the Electric Company for complete information on the heat pump.

LAND OF PLENTY

★ THANKSGIVING FOR...

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Jana Kitchens Is Honored on Birthday

Jana Kitchens, daughter of Mr. and Mrs. Joe Kitchens, was honored on her fifth birthday Tuesday, November 16, at the PCA community room.

Games were played and Neal Edwards was the winner by "pinning the nose on the clown."

A two-tiered cake, topped with a carousel, was decorated with clowns and a miniature train carrying circus animals held the five candles. "JANA" was written on the front of the lower tier. The

cake and soft drinks were served to the guests. Party favors and bubble gum were also distributed.

Those attending were Shirley, Wayne and Zane Henderson, Linda, Katrice and Anthony Minyard, Gene, Tisa and Michelle Whitfill, Vici and Russ Baird, Penni Ferguson, Julie Towe, Keeli Burson, Tammi and Neal Edwards, Shea Green, Donna Boling, Jo and James Jarrett, Lori Wilson, Traci Tomlin and Tricia Stewart.

Also, Ted Kingery, Mrs. Mae Bomar, Mr. and Mrs. Dick Roehr and Debra, Mr. and Mrs. Louie

Kitchens, Mrs. Virginia Hardin, Mrs. Gloria Juarez, Troy Jones, Mrs. Ada Clay, Mr. and Mrs. Joe Kitchens, Heather and Brandon.

Jana would like to thank again all her big and little friends for making her party such a big success!

*** NEW ARRIVAL**

Mr. and Mrs. Fred Hill are the proud parents of a baby girl born at 8:15 a.m. at Central Plains Hospital in Plainview on Friday, November 19. She weighed five pounds and eight ounces, was 18½ inches long, and has been named Staci Dianne.

Grandparents are Mr. and Mrs. Loyd Stephens and Mr. and Mrs. T. V. McClure, all of Silverton, and the late Richard Hill. Great-grandparents are Mr. and Mrs. A. V. Younger of Harleton and Mrs. C. J. McClure of Plainview.

Aoudad Sheep Population Increasing In Area

The transplanted aoudad sheep population in the Panhandle continues to increase, with an estimated 19 per cent more sheep this year roaming the Palo Duro Canyon and Caprock areas.

This year's helicopter survey, covering four Panhandle counties, was conducted by Texas Parks and Wildlife Department biologists. It shows an estimated 1,400 to 1,500 sheep in the total herd. This is an increase of 200-300 from the 1975 census.

Good habitat and the dispersal of sheep over a relatively large area are the two most cited causes for the increase.

"Ever since P&WD began its stocking effort in 1958 we have experienced continued population increases," said Charles Walker, P&WD big game program director.

Aoudad sheep are listed as game animals in eight Panhandle counties. A permit to hunt this mountainous terrain dweller is required. The counties include Armstrong, Briscoe, Donley, Hall, Floyd, Motley, Randall and Swisher.

In other Texas counties, aoudads are not considered game animals and may be hunted year-round, with no permit required.

The stocking effort by P&WD began nearly 20 years ago, with the introduction of 44 aoudads

secured from New Mexico. Although the larger aoudad sheep herds are confined to the western area of the state, aoudads are hunted on ranches throughout Texas.

Aoudad sheep hunt permits are issued to landowners by P&WD based on total population figures. With the population increase of 200-300 sheep, P&WD officials said about 300 additional permits would be issued this year.

According to last year's harvest figures, some 246 permits were issued to landowners, which accounted for a total harvest of 100 aoudads.

Aoudad hunting in the Panhandle started in 1963. Every year since then there has been an increase in the overall population as well as in the number of sheep harvested. Hunter interest has increased substantially.

A survey of landowners, aoudad hunters and deer hunters will be conducted after the deer and aoudad season. The survey is intended to determine landowner and hunter preference regarding season dates and hunter success.

Season on all species of geese east of U. S. 81 is November 13-January 23.

P&WD officials say purpose of the longer season on light geese is increased hunter opportunity to harvest the more abundant snow and blue geese.

Season on all geese west of U. S. 81 is November 2-January 23.

October 30 was also opening day on sandhill cranes in Zone A—that portion of Texas including the Trans-Pecos, western portion of Permian Basin and western Panhandle. Zone B sandhill crane hunting does not start until December 4.

Sandhill crane hunters in both zones must obtain a free federal permit from the Parks and Wildlife Department. The permits are part of an effort by the U. S. Fish and Wildlife Service to learn more about sandhill crane hunters and the number of birds they harvest.

Texas Parks and Wildlife Commissioners reaffirmed their commitment to re-establish the desert bighorn sheep in Texas and return it to the game list.

The commission approved a plan to provide for the acquisition of additional bighorn sheep broodstock through cooperative big game restoration programs with other states and countries.

CROSSING THE DELAWARE

Smooth sailing.

Take stock in America. Buy U.S. Savings Bonds.

You Can BANK on it!

Substantial tax savings as well as just plain good planning for the future are the two considerations which often lead to the establishment of an Individual Retirement Account (IRA).

Tax benefits of the account occur because an individual can deduct from gross income whatever is deposited in the IRA each year (up to 15% of the gross or \$1,500, whichever is less).

Taxes will not be paid on this income until the money is withdrawn from the account. Normally, IRA contributions are made during the years when an individual is experiencing the highest earning levels. Therefore the deductions from the gross income occur at times concurrent with the highest tax brackets.

With the money deposited in an IRA account the taxes are deferred through the years until the person contributing to the account actually begins using the IRA funds set aside for retirement. By that time, most of us will be in a much lower tax bracket . . . because for nearly everyone, gross income is lower after retirement . . . and the income tax paid will be based on gross taxable retirement income. Tax savings and good planning . . . a winning combination.

TIME FOR RESTING—After a morning-long roundup of mother cows and calves on this ranch in Motley County, cowboys and horses take a mid-day break. Cowboys are Bryan Mackenzie Smitherman, Barwise, and M. C. (Salty) Jones of Quitaque. The roundup was on the Stanley Burleson Salt Creek Ranch north of Matador. Plainview Daily Herald Staff Photo

It's Roundup Time In Texas

(from The Plainview Daily Herald)
The spirit of the West still lives, despite modern-day trappings. Ranching country to the east of Plainview retains the western spirit of neighbors helping neighbors—friendships that are made easily and commitments that are not taken lightly. Come roundup time on the ranches in the "Breaks Country" of West Texas, it is expected that the neighbors, separated by many miles, will be there to help and work as long as necessary to complete the job. The only pay is the assurance that this same cooperation will be extended to the next ranch, and the comradeship that results to bond these neighbors in a closeness that resembles family. Last Sunday (October 31), eight friends and neighbors joined Stanley Burleson on the Burleson Ranch north of Matador to help round up a small herd of Hereford cows and calves. These included Bill Hand of

Roaring Springs. M. C. (Salty) Jones and son, Pepper Jones, from Quitaque, J. A. Welch of Celar Hill, Jay V. and Jack Johnson of Floydada, Bryan Mackenzie Smitherman of Barwise and Roy Dwyer of Plainview.

They were joined by Burleson, his son, Dusty, and daughter, Clara Jean.

The pasture is in the edge of the Caprock escarpment in a valley where Salt Creek and Boggy Creek meet.

The day began early with the arrival of cowboys and horses by pickups and trailers. The horses were saddled and the cowboys climbed into their chaps for protection against heavy brush in the cedar groves.

Smitherman, nicknamed "Rover", was assigned the task of "calling the cows."

With one of the few visible "modern-day luxuries," Rover was directed to a small knoll in the valley in a pickup to sound a siren.

Cowboys on horseback were dispatched to the far reaches of the pasture to round up the few cows who would not heed the call of the pickup's siren.

Driving to the knoll, Rover explained that the cows had been conditioned to come at the call of the siren for supplemental feeding during the winter and dry summer months.

No cow was in sight in the large pasture as the siren began to wail. Soon, about a quarter-mile distant a whiteface was spotted coming through the cedar brush. A few steps behind another group of whitefaces appeared and soon,

followed and sometimes pushed by their yearling offspring, were cautiously coming to the knoll in the valley.

Rover explained that the cows were hesitant because the pickup probably was a different color

than they were accustomed to. "Also I probably sound the siren different than what they are familiar with," Rover said.

Another small group of cows and calves soon appeared over a hill about a half-mile distant and

made their way across the creek to the still-wailing siren.

Maybe an hour or so later, the first horseback cowboy appeared over a distant hill—a speck silhouetted against the sky—also moving toward the siren call, and pushing resistant cows and calves into the lowland below the knoll.

Each rancher has a different theory or style of handling his herds. Burleson is a traditionalist with deep rooted feelings for his cattle. He likes to work them slowly, cautiously as possible, trying not to spook them or run them unnecessarily—and his neighbors realize this.

"When we help him, we do it like he wants. When we're on our place, we can do it like we want," one said.

It's mid-morning by the time the cows and calves are rounded up and accounted for. There is some good-natured grumbling about cowboys taking so long to bring in so few, but the comradeship of working together is evident many times.

The herd is moved across the creek onto a flat, sandy area where the pairs of cows and calves are separated. Cows with heifer calves to be kept are cut out of the herd of cows with steer calves.

Burleson rides into the herd, pointing to the pairs to be culled. Another rider pushes the pair to be cut out and forces them from the remainder of the herd.

Cows with steer calves are then driven into a separate pasture where a corral is located.

It is now early afternoon and Burleson's wife, Lou, has arrived at the corral with a lunch for the hungry cowboys. After the cows and calves are penned, the cowboys gather around the improvised chuck wagon—the bed of a pickup—where food is laid out.

Here they find a meal of barbecued hot links and beef with potato salad, macaroni and tomato casserole, red beans, cole slaw, rolls, tea and cake for dessert.

Burleson explains that trucks to haul the calves to sale in Nebraska will arrive the following day and more work would be necessary to separate the calves from the cows, plus some branding.

But, the major work for this day was completed. There was a big football game on television and the cowboys didn't want to miss it.

Who was playing? The Cowboys and Redskins, of course!

REMEMBER THOSE YOU LOVED WITH A MEMORIAL GIFT TO THE AMERICAN CANCER SOCIETY

P. O. Box 98
Silverton, Texas

Cold war.

It was bad enough we had to fight the British for our freedom. But on top of that, we had to fight the weather, too.

Because winter at Valley Forge meant snow, ice, and freezing temperatures. All serious enemies to a makeshift army without proper clothing, not nearly enough food, and short on ammunition.

It was an army long on courage, but short on money.

And then the money came. Some \$27,000,000 from the pockets of new Americans.

That's how people took stock

in America back then, and you know how the story turned out.

Nowadays, people are still helping America stay strong and self-sufficient. And they're helping themselves to safe, dependable savings. By taking stock in America with the Payroll Savings Plan.

Buy United States Savings Bonds. They won't leave you out in the cold.

Take stock in America.

200 years at the same location.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

CARDS OF THANKS

A very special thank you to my secret granddaughter for the pretty red rosebuds. It's a wonderful feeling to be a chosen Grandmother.
 Mrs. Virgil Kidwell

Thank you for the visits, cards and telephone calls following the death of my brother. Your friendship and every expression of condolence is appreciated very much.
 Lorena (Myrt) Edwards

I would like to thank the Booster Club, Silvertown School and the school children for being so good and kind to me.
 Truman Loyd

Whoever you are, my secret granddaughter, I appreciate and love my hanging pot and flower. Thank you.
 Your secret Grandmother, Mrs. Agnes Brooks

 350 4 Barrel V-8 Engine
 4 Door Sedan
 Air Conditioning
 Power Steering
 Heavy Duty Battery
 Clock
 Power Door Locks
 Floor Mats
 Tinted Glass
 Remote Left Hand Mirror
 Heavy Duty Radiator
 Radio
 Heavy Duty Shocks
 Automatic Transmission
 Auxiliary Lighting
 Color: White
 Bids will be opened and read December 13, 1976 at 7:00 p.m. at the City Hall in Silvertown, Texas. The City of Silvertown reserves the right to accept or reject any or all bids. 48-1tc

ADVERTISEMENT FOR BIDS

Sealed bids for the purchase of the Baptist parsonage at 504 Braidfoot will be received by the Trustees of the First Baptist Church of Silvertown, Texas, at the church office until 7:00 p.m. December 21, 1976, and then at said office, the bids will be publicly opened and read aloud.

The property will be sold to the highest bidder provided the bid is, in the opinion of the Trustees, a fair and sufficient price; however, the Trustees reserve the right to reject any and all bids.
