Silverton Men Hit By Car After Fight

A 27-year-old man remained in serious condition early this week at Methodist Hospital in Lubbock suffering from injuries he received when he and another man were hit by a car about 10:00 p.m. Saturday in Plainview.

Ramiro Chavira of Silverton was struck by the car after he, the other man hit by the vehicle, and the driver of the car got into a fight, according to Plainview Police Captain Riley Rogers.

The driver, a 29-year-old South Plains man, was arrested about 2:00 a.m. Saturday after being released from Central Plains General Hospital in Plainview where he was treated for stab wounds, Rogers said.

The other man involved in the altercation, Jesse Morales, 43, of Silverton was listed in fair condition Monday at the Plainview hospital.

Rogers said the men reportedly got into a fight while all three were in the car, and the driver was stabbed. Chavira and Morales then jumped out of the vehicle and were subsequently run down by the car, Rogers said.

Rogers said he did not know what started the fight. The driver of the vehicle was not identified, pending filing of formal charges.

HALLOWEEN ROYALTY PRESENTED HERE

In a formal ceremony held in the Silverton School Auditorium on Saturday night, October 28, a grade school Prince and Princess and a high school King and Queen were elected and presented.

Selected as Prince and Princess were the second grade candidates, Neal Edwards and Tara Nance. They are the son and daughter of Mr. and Mrs. Freddie Edwards and Mr. and Mrs. Wayne Nance.

Chosen as King and Queen were Kelly McMurry and Katy Francis, freshmen.

Their parents are Mrs. Anne McMurry, Wayne McMurry and Mr. and Mrs. Alvie Francis.

Theme of the coronation ceremony, sponsored by the Silverton Chapter of Future Homemakers of America, was "Spooks Palace." Mrs. Bob Rauch was pianist and Melissa Greenhaw was master of ceremonies.

JUNIOR HIGH PLAYS AT MATADOR TODAY

Silverton's Junior High Owls will be playing Motley County Junior High at Matador at 5:00 o'clock this afternoon.

The Junior Varsity's game with Motley County has been cancelled.

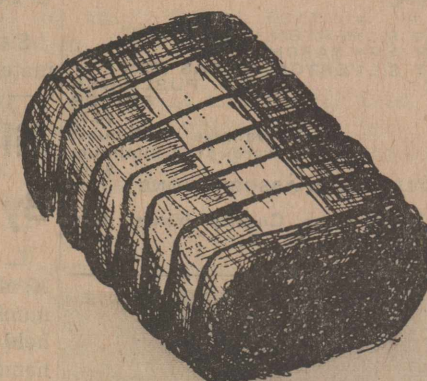

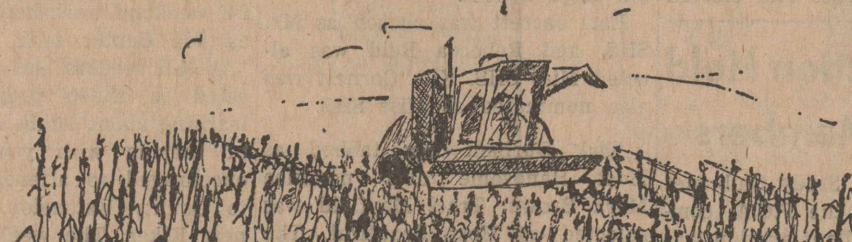

Mr. and Mrs. Perry Thomas attended the funeral of A. D. Mayfield Friday, November 3, in Grady, New Mexico. Mr. Mayfield was the last uncle of Mrs. Perry Thomas and G. Mayfield, both of Silverton. Mr. and Mrs. G. Mayfield visited the A. D. Mayfield family Thursday.

Robert Ledbetter of Sumner visited with Mrs. Coleman Garrison and other friends in Silverton Wednesday. He is a former Briscoe County Agricultural Agent. He reports that his daughter, Barbara, is teaching in Austin and his son, John, is a freshman at Texas A&M.

Mr. and Mrs. Charles Sarchet and her mother, Mrs. J. M. Hill, visited Mr. and Mrs. Ken Sarchet in Lubbock Saturday. They also visited with Mrs. Hill's nephew and family, Mr. and Mrs. Charles Carson, who live at Uvalde, were in Lubbock to visit their daughter who is working on her master's degree at Tech.

Mr. and Mrs. Ted Strange and DeAnn spent the weekend visiting Mr. and Mrs. Micheal Grant in Corsicana.

Good Voter Turn-Out Seen In Briscoe County

A total of 783 Briscoe County voters went to the polls Tuesday in the "off-year" General Election. This is a full 50% of the county's list of eligible voters, which includes people who have moved from the county since the list was made up. It is estimated that 60-65% of the actual qualified resident voters went to the polls in Briscoe County, indicating that voter apathy is not present in this area.

For the most part, county voters gave the nod to the Democratic candidates. Statewide at press-time, Republican Bill Clements was leading Democrat John Hill by about 18,000 votes for the governorship of Texas with reports

continuing to come in from some counties. In the race for United States Senator, it looked like Republican incumbent John Tower would be returned to his seat in Congress by a 14,000 vote margin over Democratic challenger Bob Krueger. Both races were very close, and could wind up being won by as little as one-vote-per-precinct.

For United States Representative in this district, Democratic incumbent Jack Hightower was returned to his seat in Congress. Democrat Foster Whaley also defeated Republican Bill Hale as State Representative for this district.

TED WILSON

Wilson Named To College Who's Who

Ted Wilson, a senior at Wayland Baptist College, Plainview, has been elected to appear in the national listing of Who's Who Among Students in American Universities and Colleges for 1978-1979.

Son of Mr. and Mrs. Larry Wilson, 3300 Hedrick, Fort Worth, he was one of 18 Wayland students from the 1,268-member student body selected for the honor. Winners are selected from among qualifying applicants by both the administration and faculty.

Wilson has been active in Alpha Phi Omega, Biology Club, and Political Science Society. He is serving as president of Alpha Phi Omega and has previously served as vice president, secretary-treasurer and social chairman. He has also served as activity chairman of the Biology Club.

REVIVAL SERVICES TO BEGIN HERE NOVEMBER 15

Owls Hosting Matadors In Last Game Of Grid Season

Silverton's Owls will be hosting the Motley County Matadors Friday in the last game of the season. Game time will be 7:30 p.m. and fans are urged to pack the stands one more time to cheer for the boys who have turned Silverton's football fortune around this year by winning four games.

Friday night's game will be a very hard one, especially with the injuries that the Owls are now carrying. Motley County has a good defensive team, but hasn't completely replaced the offense that last season was completely built around the talent of running back Jerry Lee.

The Owls never gave up at Claude last Friday, and it was sad to note that if the team had been healthy and up a little more for the game it would have been able to bring home another victory. The junior varsity boys who filled in for the injured varsity players did a good job, but their lack of experience was no match for the Mustangs who just a year ago were competing in a tough Class A district.

The Owls played the Mustangs to a scoreless first half, highlights of which included Tommy Perkins throwing the Claude passer for a ten-yard loss and forcing a punt; Larry Stephens holding Claude to a short gain near midfield, and Mark Patton stopping what could have been a long run on the next series of plays by Claude. Wayne Reed intercepted a Claude pass, Paul Brannon completed passes to Kirk Durham and Kyle Bean, and Bill Denton intercepted a Mustang pass on the last play of the first half.

Claude scored with 9:55 remaining to be played in the third period, and kicked the extra point. Just seconds later, the Owls didn't get off a punt and Claude took over on the Silverton 14. The Owls forced a fumble at that point and moved the ball out to safer territory. Brannon completed passes to Earl Jarrett, Durham and Gary Juarez, before Claude fumbled a punt and Perkins recovered for the Owls.

The Owls bowed their backs as the Mustangs intercepted an Owl pass at the Claude nine yard line, and advanced the ball for a first down. The defense stiffened, setting the offense back each play, and this resulted in a safety for the Owls with 5:49 remaining to be played in the game. The score then stood at seven for the Mustangs and two for the Owls.

Silverton took Claude's free kick and attempted to mount a drive for the go-ahead touchdown, but the Mustangs intercepted an Owl pass and carried it to the Silverton 15. With 3:08 remaining to be played in the game, the Mustangs scored, missed their extra point, and led 13-2.

The Mustangs intercepted another Owl pass, but the defense held and forced a punt. Brannon completed a pass to McPherson for a first down on the Claude 35 before the Mustangs took the ball away on a fumble recovery with 30 seconds remaining on the clock.

Junior varsity players in the action included Casey Bean and Gary Juarez. After the injury of James Alan Patton and Bill Denton, JV center Michael Hill went into the game. Jim Estes and Mark Patton had already been filling the position of Greg Hill in the action. Kirk Durham and James Alan Patton were unable to return to begin the second half, but did return later, Patton to the sideline and Durham back into the game, running on a pulled muscle and sprained ankle.

Reed Named Fans Player Of The Week

Wayne Reed, 155 pound senior end and linebacker for the Owls, was selected by the fans as the Player of the Week for the Silverton vs. Claude game. He is the son of Mr. and Mrs. George Reed.

According to Coach Jerry Watson, Reed was credited with 11 tackles and five assists on defense. Watson said the Owls didn't really have much of an offensive game, but that Reed played a good defensive game.

Reed received a bruised shoulder in the game but played the whole game, and even though he hasn't been having contact in workout this week, expects to be able to play Friday night.

The fans' Player of the Week is being conducted by Nance's Venture Foods and a ballot for voting on the Player of the Week for the game between Silverton and Motley County is located next to the Nance's ad in this issue of the Briscoe County News. Voting coupons are also available at the store. This is the last week to vote on the Player of the Week. Balloting must be done at the store before 6:30 p.m. next Monday.

1979 Cotton Program Announced

Acting Secretary of Agriculture Carol Tucker Foreman has announced loan rate increases for the 1979 crops of upland and extra long staple (ELS) cotton and a 1979 seed cotton loan program. The 1979 upland cotton loan rate of 50.23 cents per pound is up 2.23 cents from 1978 and is applicable to strict low middling (SLM) 1-1/16 inch upland cotton (micronaire 3.5 through 4.9) in the designated spot markets for the preceding month does not exceed 130 percent of the average spot price for the preceding 36 months.

This loan level reflects 85 percent of the average price in the designated U. S. spot markets during three years of the 5-year period ending July 31, 1978, excluding the lowest and highest years in that period.

For ELS, the Loan rate is increased by 9.75 cents a pound to \$2.95 cents for 1979 and represents 65 percent of parity, the minimum required by law. The ELS rate equals 187 percent of the upland cotton loan rate adjusted to average micronaire, and is between 150 and 200 percent of the upland rate as required by law.

The seed cotton loan program will be similar to that for 1978 with recourse loans available. (A recourse loan is one in which the borrower must repay the full dollar amount of the loan.) This program, initiated in 1971 to help producers reduce harvesting, marketing and processing costs, will be offered where agricultural stabilization and conservation state committees determine facilities and conditions make it feasible.

As in the 1978 program, loans

for both upland and ELS cotton will be available to cooperating producers for a term of 10 months from the first day of the month in which the loan is made. During the tenth month, upland cotton loans may be extended for an additional eight months at the producer's request, providing the average price of SLM 1-1/16 inch cotton (micronaire 3.5 through 4.9) in the designated spot markets for the preceding month does not exceed 130 percent of the average spot price for the preceding 36 months.

Loans for different qualities of upland cotton will be based on the SLM 1-1/16 inch loan rate. A schedule of premiums and discounts for individual qualities, the base loan rate for SLM 1-1/16 inch cotton at each warehouse location, and actual loan rates for different qualities of ELS cotton will be issued at a later date.

For 1979 crop ELS cotton, a national marketing quota of 137,000 bales (480 pounds net weight) and a national acreage allotment of 114,965 acres was announced October 16. ELS producers will vote on the marketing quota in referendum December 4-8.

If quotas are approved, a producer will be eligible for loans on 1979 crop ELS cotton if he has complied with his farm's acreage allotment. If marketing quotas are not approved, the allotment program would remain in effect, but loans would be available at 50 percent of parity, rather than 65 percent, to producers who plant within their allotments. ELS marketing quotas have been approved for the last 25 crops.

Silverton Owlettes Off And Running In New Season

Silverton's Owlettes opened their new basketball season under the direction of Coach Nannette Ashley here last week by hosting the Motley County Matadors, and traveled to Matador Saturday night for a pair of return games. They hosted the girls from Groom Tuesday night of this week.

In their first game of the season, the junior varsity Owlettes lost 32-25 to Motley County. Scotti Fleming was the leading scorer with six points, and Shelly Harris led the rebounding with six. Brenda Boling tossed in five points; Susie Tipton and Cynthia Edwards caged four each; Katy Francis tossed in three; Vicki McJimsey got two, and Shelly Harris added a point. These girls shot 37% of their field goals, making nine of 24 attempts. They also shot 35% of their free throws, getting seven out of 20. The other girls on this team are Cynthia Hale, Joni Denton and Tarri Thomas.

JV Owlettes 7 11 22 25
Motley 8 14 20 32

The varsity girls didn't fare any

better in their game, losing 55-43. Ruegena Davidson caged 14 points to lead the Owlette offense, while Twila Wood led the rebounding with 20. Also scoring were Staci Mayfield, 12; Twila Wood, eight; Kim Cornett, six; Rose Lee Perkins, three. Others on this team are Karen Martin, Kim Fitzgerald, Sally Northcutt, Annette Fleming, Teresa Crosslin and Connie Rowell.

The Owlettes shot 40% of their field goals, scoring on 20 of 49 attempts. They also made 26% of their free throws, getting four of 15 on the board.

Owlettes 7 21 30 43
Motley 7 27 41 55

The Owlettes won both of their games at Matador Saturday night, the JV taking a 34-32 victory and the varsity earning a 43-38 revenge.

The junior varsity Owlettes scored on 11 of 32 field goals for a percentage of 34%. They tossed in 12 of 21 free throws, for a big 57%. Scotti Fleming led the scoring with 10 points, and also led

the rebounding with 17. Other scoring was by Katy Francis, nine; Shelly Harris, seven; Susie Tipton and Vicki McJimsey, four each.

JV Owlettes 10 15 23 34
Motley 8 15 25 32

The varsity Owlettes were led in scoring by Staci Mayfield, who caged 18 points. Twila Wood led in the rebounding department with 14. Other scoring was by Ruegena Davidson, 10; Twila Wood, five; Rose Lee Perkins and Sally Northcutt, four each, and Kim Cornett, two points.

The girls hit 16 of 46 field goals for a success percentage of 34%. They tossed in 11 of 27 free throws for a 40% ratio.

The Owlettes were behind 16-0 in the first quarter. They cut the lead to six by the half and then dominated the second half with a full court press. According to the coach, Sally Northcutt had an outstanding defensive game.

There was tremendous fan support for the game. The Silverton fans outnumbered the Matador fans and the game was played in Matador.

Owlettes 4 18 35 43
Motley 16 24 28 38

The Owlettes split a pair of games with Groom here Tuesday night, the junior varsity girls winning 41-20 and the varsity losing 62-39.

Scotti Fleming, with 13 points, and Brenda Boling, with 10, led the junior varsity offensive effort. Scotti also was the leading rebounder with seven. The girls made 15 of 53 field goal attempts for a 28% success ratio. They made 11 of 26 free throws for a 42% average.

Other scoring was by Susie Tipton, six; Katy Francis, five; Shelly Harris, four, and Cynthia Edwards, two points.

HYPERACTIVE?

Have you ever heard an exasperated parent or teacher describe a really active energetic child as "hyperactive"? This term may not always be an accurate description of a child's behavior. There is a difference between activity and hyperactivity, and care should be taken not to use the phrase "hyperactive" to describe all active children.

Parents and teachers can often help any child by making realistic expectations of him, whether he is active or hyperactive. If a child has difficulty sitting still for long periods of time, it is unrealistic to constantly place him in situations where he is expected to do this.

By nature most children are active. They have a great deal of energy that can be directed toward learning experiences, since they learn by doing, moving, touching and exploring. For this reason, parents and teachers must allow for stimulation, activity and physical movement.

On the other hand, a hyperactive child is continually in motion, cannot concentrate for more than a moment, acts and speaks on impulse, is impatient and is easily upset—in excess or beyond normal range for his age and sex. This child may need special help. Researchers recommend that schools and families remember that these children's high level of movement may be due to their development level—which means they naturally ex-

hibit one point. The Owlettes shot 37% of their field goals, hitting 17 of 46 attempts. They shot 25% of their free throws, ringing up only five out of 20.

What Think Ye?

It is a sad fact that many politicians are more concerned with deals than with ideals.

Civilization requires that the caliber of guns be made smaller and the caliber of men be made larger.

For reasons of good citizenship attend church, if for no other, and there you will surely find other good reasons for church attendance.

The peace that Christ gives is not the kind that has to be enforced at the point of a bayonet.

The Church of Jesus Christ is the great balancing power between utter chaos and a world of safety and order.

After all the old-fashioned sermon about hell wasn't so very much different from the one we

hear today on current events.

History is littered with the stories about nations destroyed by their own wealth.

Really what this country needs more than anything else is fewer people telling this country what it needs more than anything else.

Could it be that, during campaigns, the more men speak of their greatness the less people think of it?

Standing as we do in view of God and eternity we must realize that patriotism is not enough. We must have no hatred or bitterness for anyone.

A lesson in arithmetic: Which adds up to more, 10 + 60 or 60 + 10? Answer: More good will result if a child becomes a Christian at ten and lives it for sixty years than if he becomes a Christian at sixty and has only ten years left to live for Christ.

If a person empties his purse into his head no man can take it away; an investment in knowledge always pays the best interest.

The attitude of some parents is humorously revealed in the command of the mother who said: "Johnny, run upstairs and see what your little brother is doing and tell him to quit doing it."

Junior High Owlettes Split Games

The Junior High Owlettes, in their first appearance of the new basketball season, split a pair of games with the Motley County girls here Monday night.

The Eighth Grade Owlettes are very quick and aggressive which forced the Motley girls to make numerous turnovers. At the end of the game they found themselves in foul trouble. Motley outscored Silverton in the last quarter 9-2, making an exciting finish as the Owlettes took a 21-19 victory.

Leading scorer was Missy Brown, who caged eight points, and the leading rebounder was Dena Green, with four. Judy Northcutt and Dena Green scored six points each, and Amy Perkins tossed in one point from the line. The other girls on this team are Jeni Denton, Delinda Ziegler, Annette Kingery, Sara Lain, Tandy McJimsey, Shelli Hester, Jan

Reynolds and Aida Ramirez. The Eighth Grade shot 33 field goals, hitting seven, for a 21% success rate. They got 29 free throws, making seven, or 24% of their shots.

Motley 2 6 10 19

The Seventh Grade Owlettes lost their game 19-10, with Lisa Lavy leading the scoring with four points. Lisa and Angie Lowrey led the rebounding with five each. Angie, Rita Denton and Donna Boling each camed two points. The other girls on this team are Tammi Edwards, Jena McFall and Cindy Bullock.

According to their coach, the first half the Owlettes played a good defensive game. In the second half, Motley came back ready to score while the Owlettes couldn't seem to find the basket.

COMMUNICATION

Telephone lines spread across our nation, giving us immediate contact with loved ones. Vital business is rapidly contracted through this medium.

Our linkage to God is prayer. Through prayer we can express our love, our thanks, and seek God's help.

"Hearken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Attend church, join others in fellowship and prayer to God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DISASTER LOANS DISCUSSED AT MEETING

The Silverton Young Farmers heard guest speakers from the Lubbock and Amarillo offices of the Small Business Administration at their regular meeting recently. The guests spoke on disaster loans and other types of loans for farmers.

At the business meeting, the Young Farmers voted to donate pipe for monkey bars at the elementary school. Plans were finalized for the Halloween Carnival. The Young Farmers also purchased hay for the ag classes.

Guests present were J. E. Patton, Joe Brannon, Mabry Greenhaw and County Agent Earnest Kiker. Members present were Van Breedlove, Donnie Perkins, Tobe Riddell, Calvin Shelton, Orville Turner, Manual Aguilar, Fred Minyard, Clinton Dickerson, Fred Brannon, Advisor John Thacker, Jerry Bean, Scott Garvin, Jeep Jarrett and Wayne Stephens.

THE AG SIDE
 Presented By
DANNY GREEN
 This past year a group of independent researchers who were working on methods of saving pennies on the farm were stunned when they ran across a big dollar saving item that many farms were not taking advantage of.
 More than 60% of the farms in the midwest have livestock. The stunning part of this is that 32% of these farms had enough livestock (in numbers) to produce a quantity of manure that properly handled would sufficiently fertilize 80% of the land they were farming. The overall savings to the average farm researched could be more than \$1000 per year and have the same soil fertility.
 So, if you have animals around, you might consider more closely the use of the barnyard in saving on next year's fertilizer bill.
