

Diesel Shortage Being Felt Here

Cystic Fibrosis Bike-A-Thon Slated August 9

The Cystic Fibrosis Bike-A-Thon will be held in Silverton, beginning at 10:00 a.m. on Thursday, August 9. Registration will begin at 9:30 a.m. on the south side of the courthouse square. The two-mile course will be designated in the south part of Silverton, with riders permitted to complete as many laps as they desire. A \$50 savings bond will be awarded to the one who turns in the most money, and a \$25 savings account will be the prize for the one who rides the furthest (most miles). The prizes were donated by the First State Bank in Silverton.

Anyone who turns in \$25.00 or more in donations will receive an official Bike-A-Thon T-shirt. All monies must be turned in by August 23 to be eligible for prizes.

Entry forms may be picked up at Jones Dept. Store. Prospective riders need to get their sponsors lined up now. If you have any questions, you may contact Mabry Greenhaw or Mrs. Roy Reed. All proceeds will go to the Cystic Fibrosis Foundation.

Cystic Fibrosis is an incurable genetic disease which is inherited by one of every 1500 babies born in the United States. Both parents carry recessive genes for CF and number among one and 20 persons in the U. S. who may be carriers, usually without knowing it. With improving therapy and continuing research, many CF patients are now living into early adulthood.

Everyone is encouraged to ride in the Bike-A-Thon or sponsor a rider, and to come out Thursday, August 9, to be a part of all that will be happening on the courthouse square.

LABO Youth Living In Silverton This Month

Japan and Texas have joined hands this summer in a 4-H youth exchange program. Texas families are hosting 149 Japanese youth for a month while two Texas youth travel to Japan.

The youth will be participating in the 4-H LABO International Exchange Foundation program. The Japanese youth arrived in Texas July 22, and the Texas 4-Hers departed the same day.

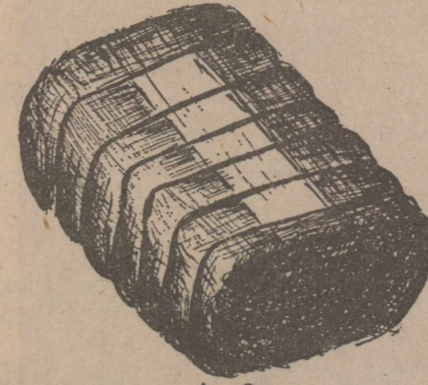

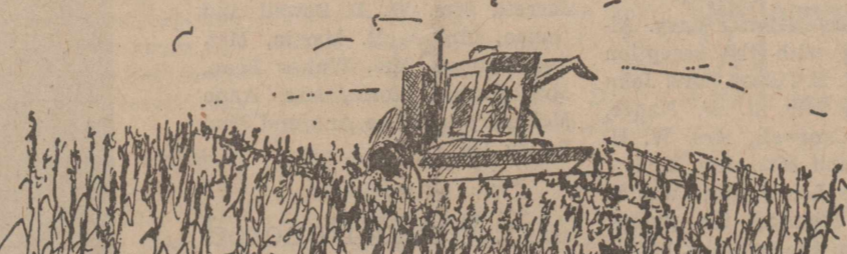

Texas youth who are staying with LABO host families are Keith Stephens of Kerr County and Timothy Butler of Navarro County.

The foundation has sent several thousand youth to the United States, primarily in the western states, over the past several years while numerous 4-Hers from the states have traveled to Japan as part of the reciprocal program.

The youth, between the ages of 12 and 18, are accompanied by eight adult tutor-chaperones, one of whom is staying with the Rex Holt family. All the Japanese exchange delegation members are living with Texas 4-H host families who have requested a visitor. The exchange program is designed to have the visiting young people live like one of the daughters or sons of the particular host family. Host families in Briscoe County are the Harold Edwards, the Douglas Forbes, the David Holts, the Claude Jarretts, the Orville Turners, jr., and the Rex Holts. The youth and one adult will live with these families for about one month.

In addition to Japan and the United States, Korea and Canada participate in the LABO Interna-

VOLUME 71 NUMBER 30

Special Events To Highlight County's Birthday Celebration

Among those attending the 1979 4-H Electric Camp, located 28 miles southeast of Cloudcroft, New Mexico, in the Sacramento

Mountains, have been Kerry Baird and Shane Reagan. Their Southwestern instructor was Bill Harr of Lubbock. The camp, sponsored by Southwestern Public Service Company, was attended by 150 4-Hers from West Texas.

New Camper Rates In Effect At Lake

New daily, weekly and monthly rates for camper trailers have been established at Lake Mackenzie.

A trailer without refrigerated air can occupy an electric hook-up for \$2.50 a day, \$15.00 a week or \$25.00 a month. A trailer with refrigerated air can occupy an electric hook-up for \$4.00 a day, \$18.00 a week or \$35.00 a month. The monthly rates will be for a maximum occupancy of 14 days during the month.

A dump station and water for the camper is available near the Cactus Cove Marina.

Silverton Softball Game Results Given

July 19, D & D Fertilizer defeated Silverton Gin; John Deere defeated Harris Gin, and Brown & Son Gin defeated El Charro Restaurant.

July 22, Harris Gin defeated Brown & Son 24-19; D & D defeated John Deere 13-12, and El Charro defeated Silverton Gin 24-9.

July 24, El Charro defeated D & D 10-9; Harris Gin defeated Silverton Gin 31-13, and Brown & Son defeated John Deere 20-16.

International Exchange Foundation program. The private, non-profit, educational organization began in 1972. To date more than 8,000 people have participated in the program.

Rodeo Arena Needs To Be Cleared

Everyone needs to pick up their equipment left from the auction at the rodeo arena. It is almost rodeo time, and the arena grounds need to be cleared.

If not cleared by July 28, it will be sold for junk iron.

Antique Booth To Be Special Feature

There will be an antique booth at the arts and crafts fair Thursday, August 9, beginning at 10:00 a.m.

If you have an antique you would like to sell, please contact Jimmy Burson. No commission will be charged. If at all possible, please have your antiques at the courthouse square by 9:30 a.m. August 9. If the item is too large to bring to the square, please bring a picture of the item with its price and your name and address.

Charlie Parker is a patient in St. Anthony's Hospital in Amarillo, and is to undergo surgery on his neck today.

Mr. and Mrs. Durward Brown of Clovis, New Mexico, Donnie Hanson of Floydada, Mr. and Mrs. W. H. Graham and Steve of Lovington, New Mexico, Arnold Brown, Mary and Max Davis visited Sunday afternoon with Mr. and Mrs. Milton Dudley.

Sale Of Local Business Is Announced Here

The sale of Brown Hardware, Furniture & Appliance was announced in Silverton, effective July 18, by Mr. and Mrs. Arnold Brown to Mr. and Mrs. Carol Davis.

The business, which for years has been operated within the same family, has been transferred again within the family and will continue to operate under the same business name.

The late H. Roy Brown operated a hardware store in Silverton from 1926 until 1944, when he sold the business to Mr. and Mrs. George Seaney. When the Seaneys retired 16 years ago, they sold the store to Mrs. Seaney's niece and her husband, the Arnold Browns. Arnold (Colonel) Brown was a son of H. Roy Brown. The store is still in the family, with its transfer to Arnold Brown's niece and her husband, the Carol Davises. Mrs. Davis is a granddaughter of H. Roy Brown.

Mr. and Mrs. Davis both are natives of Silverton, she being a daughter of Mr. and Mrs. Milton Dudley, and he being a son of Mrs. Stella Davis. Mr. Davis is to retire soon after a successful career in the U. S. Army, during which he has served in this country and abroad. Most recently, he has been stationed at Fort Huachuca, Arizona.

The Davises have owned a

Take a step back in time . . . get the whole family together and visit the Briscoe County Celebration August 9-11. There will be something for each and every member of your family regardless of age.

Starting Thursday there will be three performances of the Young Farmers Rodeo with participants from all over the area testing their rodeo skills. Following the rodeo each night there will be a dance on the concrete slab south of the Wood Memorial Arena.

The big day of the celebration will be Thursday, with activities featuring a parade, barbecue, fiddler's contest, country arts and crafts fair, and much more. To kick off the festivities at 3:00 p.m. there will be tricycle races

Equalization Board To Meet Monday

The City of Silverton Board of Equalization will meet at the City Hall from 2:00 until 4:00 p.m. Monday, July 30.

If you would like to meet with the Equalization Board to discuss your city taxes, you may do so at that time.

Public Hearing Set

A public hearing on the proposed Briscoe County budget and Revenue Sharing will be held on Monday, August 13, 1979, at 11:00 a.m. at the Briscoe County Courthouse of the Briscoe County Courthouse.

/s/ Fred W. Mercer
County Judge

Methodist VBS Is Slated August 13-18

Vacation Bible School will be held at the First United Methodist Church in Silverton from 9:30 until 11:30 a.m. August 13-18.

The hayride will start picking up kids around town beginning at 8:30 a.m. each day.

As a special treat, come to Vacation Bible School and explore the plastic bubble. Have you ever been in the plastic bubble before?

home in Silverton for a number of years.

They are parents of two sons, Alex, who is married and living in Louisiana, and Max, who will be living with them in Silverton.

Recently, the building which houses Brown Hardware, Furniture & Appliance was heavily damaged by a wind and hail storm, and some of the merchandise received water damage. Both the Browns and Davises have been working hard to overcome this obstacle, and with the re-roofing taking place this week it is expected that things will soon be back to normal there.

Mr. and Mrs. Brown plan to continue assisting the Davises with the operation of the business for awhile.

in front of the First State Bank for kids ages two to four. There will be two divisions of the race, with two and three year olds in the first race and four year olds competing in the final race. Each youngster will need to bring his own tricycle and meet with the organizers in front of the bank before 3:00 p.m.

At 4:00 p.m. there will be a parade through downtown Silverton. This promises to be the best parade yet, with more floats than ever before.

Following the parade, everyone is invited to gather on the court house square for a delicious meal of barbecue and all the trimmings. For entertainment during the meal there will be a fiddler's contest sponsored by the Silverton Lions Club. Prizes for the contest are \$100 for first place, \$75 for second and \$50 for third place. Those interested in entering the contest may call Wayne Nance, 823-2496 or 823-2129.

The Briscoe County Pioneers of the year will be honored at a brief presentation preceding the fiddler's contest.

The highlight of the day will be a country arts and crafts fair to be held on the court house square. Booths will be set up at 10:00 a.m. and will be selling their wares until after the barbecue. Many unusual items will be offered for sale, so no matter what your interests, there will be something for you. Some items that will be sold are hand painted ceramics, stained glass items, macrame, oil and watercolor paintings, jewelry, outdoor wind chimes, handmade quilts and afghans, wooden articles, tote paintings and decorative pillows. These are all great for those who need some fantastic items for decorating their homes or for gift giving.

For the youngsters in the family, there will be stick horses, clowns, stuffed animals, dolls and wooden toys of all kinds. Everyone interested in keeping fit will want to visit the booth featuring natural home churned butter, crunchy granola, homemade yogurt, fertile eggs and natural whole wheat bread.

The sponsoring organization is continuing to look for someone to have a fresh vegetable sale August 9. Please call Tina Nance if you are interested in doing this.

A special feature of the fair will be an antique booth with antiques gathered from all over Briscoe County. Many of these items are unusual and interesting for everyone. Also offered for sale will be old time lye soap, something no home should be without.

The food booths will be popular stops for everyone. Some of the treats available will be lemonade, brownies and homemade ice cream. There will certainly be many more goodies to tempt your taste buds.

For a full day of fun, food and entertainment for the whole family, plan to be in Silverton for the Briscoe County Birthday Celebration.

Even though gasoline to operate automobiles and other vehicles has been readily available in Silverton, diesel fuel to operate tractors and other farm equipment is becoming increasingly scarce.

Dewey Estes at Silverton Oil Company told the Briscoe County News Wednesday morning that they are out of diesel fuel, and they really don't know just when they will receive another load. "We may not get any more until after the first week in August," Estes said.

"We have spent a lot of time and money in contact with the state fuel office," Estes added. "We can't get them to return our phone calls to tell us what our situation is. We have been out, for all practical purposes since July 20 and completely out since Tuesday."

Estes suggested that farmers might try contacting their representatives and possibly even the governor's office. He said that Silverton Oil Company's diesel allocation was cut 40% for July, and that approximately 10,000 gallons was deducted from that. This gave them "practically none" for the month.

Estes believes that politics is causing diesel fuel to be shipped to the cities "where the votes are" to satisfy the needs of truckers, buses and other diesel users.

Winston Hamilton of Hamilton Oil Company was receiving a load of diesel fuel Wednesday morning, but said it was already sold to his regular farmer-customers. He expects to receive a new allocation in August, but doesn't know just when or how much it will be.

Hamilton said that his allocation for July was cut 25% from the amount he sold in July 1978. He has been completely out of the fuel this week, and will be out again just as soon as the present supply is delivered to the customers who have already spoken for it.

Raymond McJimsey at Briscoe Cooperatives said that he has had a load of diesel fuel on order for 10 days, but he doesn't know when the co-op will receive another load. The co-op doesn't have an allocation because it just started selling diesel in April. McJimsey is afraid that no diesel fuel will be received at the co-op until sometime in August.

County Judge Fred Mercer told the Briscoe County News Wednesday morning that some of the precincts are out of diesel fuel and are unable to grade the roads. Commissioner Beryl Long has been in touch with representatives to request that consideration be given to the needs of the farm people in Briscoe County.

One thing is for sure: things are going to come to a grinding halt in the fields right away unless more diesel fuel is received by the local suppliers.

Booths Still Available For Country Fair

It still isn't too late to sign up for a booth for the Country Fair to be held in downtown Silverton on Thursday, August 9.

All clubs and organizations of the Silverton community are especially urged to have a booth. Only two refreshment booths have been planned. These are a lemonade booth and an ice cream booth. Some suggestions for other booths available are corn on the cob, watermelon, homemade candy, homemade breads and pastries, or even a bake sale.

In order to make this Country Fair a success, everyone needs to participate. Let's make this celebration a time to remember.

Mrs. Jane Welch and Mrs. Nena Loudermilk were among those attending the Merrell Reunion at Quitaque over the weekend.

MRS. MIKEL DEAN GRADY

☆☆☆ ☆☆☆
Fleming - Grady Vows Exchanged
 In Formal Service Friday

The Rock Creek Church of Christ was the scene of the marriage of Miss Lois Annette Fleming and Mikel Dean Grady at 6:00 p.m. Friday, July 20. Earl Cantwell, minister, performed the ceremony before a background of brass candelabra entwined with greenery and holding apricot-colored tapers. The couple's memory candle stood on a stand nearby, and J. D. Nance conducted this ceremony.

When the couple were pronounced man and wife it made the fourth generation in the bride's family to have been married by Minister Earl Cantwell. Parents of the couple are Mr. and Mrs. Leo Fleming and Mr. and Mrs. Cletus Grady, all of Silverton.

Escorted to the altar and given in marriage by her father, the bride wore a formal floor-length gown of white poly organza and re-embroidered Venise lace over bridal taffeta designed with rounded neckline, empire waist, shepardess sleeves and semi A-line silhouette with full back. Inserts of the lace enhanced with tiny seed pearls complimented the neckline, bodice, sleeves and skirt. A border of lace enhanced the hemline, and the full back of the gown ended in a sweeping chapel-length train.

Carrying out bridal tradition, she selected her gown as something new, a handkerchief carried by her great-grandmother, Mrs. D. H. Davis, in her wedding in 1914 as something old, a blue garter and borrowed her elbow-length veil of illusion from her aunt, Mrs. Paul Ray McWilliams of Stratford, and the flower coil designed with satin and lace leaves edged with seed pearls and accented with crystals which held her veil from her aunt, Mrs. Maynard Greeson of Moscow, Kansas.

She carried a bouquet of apricot silk roses and frosted shepherds, accented with white net puffs and showered with apricot satin ribbon tied in love knots atop the Bible her mother carried when she was married.

As the bride entered to be married, she presented an apricot-colored silk rose to her mother, and as she left the church after the ceremony she presented an identical rose to her new mother.

Attending her cousin as matron of honor was Mrs. Kim Kimsey of Byers. Miss Scotti Fleming of Amarillo, sister of the bride, served as bridesmaid. They wore floor-length dresses of apricot eyelet, designed with fitted bodices and scooped elasticized necklines with self ruffles. Their slightly-flared gathered skirts featured wide ruffles at the hemlines. Their attached sashes were tied in bows in the back.

They carried straw baskets filled with apricot and white silk flowers and white net puffs, showered with apricot streamers. Candles were lighted by Cary Fleming, brother of the bride, and Kyle Couch, both of Silverton.

Groomsman was Bill Reid of Silverton. Guests were seated by Wes Fleming, brother of the bride, and Tommy Bullock, both of Silverton.

Wylie Bomar of Plainview served his friend as best man. Wedding selections were provided by Dave Francis and Miss Brenda Cantwell, and included "You Needed Me," "Till the Rivers All Run Dry," and "Forever and Always."

A reception was held following the ceremony in the fellowship hall of the church.

The bride's table was covered with a white lace cloth over apricot underlay and held crystal and silver appointments and punch. The wedding cake was white with apricot flower accents designed in three tiers. The bottom two layers were made with a boy kissing a girl on the cheek. The top tier was separated by columns and was topped with a basket of flowers. The flowers of the bride and her attendants were placed on the table.

The groom's table was covered with a white linen cloth and held a silver coffee service and a chocolate cake. The centerpiece was a wicker basket of apricot and white silk flowers.

Refreshments were served by Mrs. Teresa Reid, Miss Kim Cor-

Mrs. Edwards Is Honored at Shower

Mrs. Larry Dean Edwards, the former Miss Susan Grabbe, was honoree at a miscellaneous shower from 6:00 until 7:00 p.m. Tuesday, July 17, in the Pioneer Room at First State Bank in Silverton.

Guests were greeted by Mrs. John T. Francis and presented to the honoree and her mother, Mrs. Warner E. Grabbe, and to her husband's mother, Mrs. Fran-

nett and Miss Jennifer Lavy. Also assisting with the reception were Mrs. J. E. Patton, Mrs. John T. Francis, Mrs. J. D. Nance, Mrs. Earl Cantwell, Mrs. W. H. Fitzgerald and Mrs. Jim Reid.

Miss Rose Lee Perkins was in charge of securing the guests' signatures in the wedding book.

For their wedding trip to the Texas coast, the bride traveled in a beige pant suit with apricot-colored blouse and added a corsage of apricot silk flowers lifted from her bridal bouquet.

Both the bride and groom are graduates of Silverton High School. Next week they will be at home northeast of Silverton.

He is self-employed at Gary & Mike Grady Texaco in Silverton.

REHEARSAL PARTY

Mr. and Mrs. Cletus Grady were hosts for a dinner party at El Charro Restaurant following the wedding rehearsal Thursday evening.

ces Edwards. Miss Katy Francis presided at the guest registry.

The serving table was covered with an ecru lace cloth and held a centerpiece of pastel carnations in a yellow vase. Mrs. W. D. Rowell and Mrs. Elton Cantwell served refreshments.

Hostesses for the party were Mrs. John T. Francis, Mrs. Elton Cantwell, Mrs. Claude Jarrett, Mrs. Roy Younger and Lisa, Mrs. Lyndall Couch, Mrs. Alvie Francis, Mrs. Charles Sarchet, Mrs. Riley Ziegler, Mrs. J. W. Reid, jr., Mrs. Troy Jones, Mrs. Larry Jarrett, Mrs. W. D. Rowell and Donna, Mrs. A. R. Martin, Mrs. Ted Strange, Mrs. Walter Bean, Mrs. Harold Storie, Mrs. Anne McMurtry and Lee Ann and Mrs. Bailey Hill.

Mrs. Weaks Honored At Lullaby Shower

Mrs. Victor Weaks was guest of honor at a lullaby shower from 10:00 until 11:00 a.m. Monday, July 9, in the home of Mrs. Perry Brunson.

The table was covered with a lace cloth and the centerpiece was an arrangement of pastel-colored silk flowers in a brass bowl. Punch, thumbprint cookies, sausage wraps and fresh fruit were served by Mrs. Anthony Kingery and Mrs. Dana Martin.

Out-of-town guests included Mrs. James Webb, Mrs. Jimmy Webb and Mrs. Johnny Webb, all of Plainview.

Mr. and Mrs. W. L. Vardell

☆☆☆ ☆☆☆
Golden Anniversary To Be Observed In Clovis Sunday

In celebration of their Golden Wedding Anniversary, Mr.

Hostesses for the party were Mrs. Lynn Frizzell, Mrs. J. L. Self, Mrs. Roy Mack Walker and Cindy, Mrs. Marshall Rauch, Mrs. Dana Martin, Mrs. Tommy Brunson, Mrs. Jimmy Myers, Mrs. Marvin Self, Mrs. Perry Brunson, Mrs. Larry Comer and Mrs. Anthony Kingery.

and Mrs. W. L. Vardell, 300 West Yucca, Clovis, New Mexico, will be honored at a reception hosted by their daughters Sunday, July 29, from 2:00 until 4:30 p.m. at the First Federal Building, 2501 North Prince in Clovis.

W. L. Vardell and Irene Vaughan were married July 24, 1929, in Silverton, Texas. They have lived in Clovis since 1942. Mr.

Vardell retired from the AT&SF Railway Company in 1972 after 30 years of service. Mrs. Vardell was employed at the Clovis High School Cafeteria from 1959 until 1970.

The Vardells have four daughters, Mrs. David T. (Peggy) Olsen of Olympia, Washington; Mrs. JoAnn Walton of Albuquerque, New Mexico; Mrs. Alan (Kay) Brewer of Roseville, California, and Mrs. Paul (Rita) Rademacher of Albuquerque, New Mexico. They have seven grandchildren, John Olsen of Colorado Springs, Colorado; David Olsen of Tahoe, California; Lorraine Olsen of Olympia, Washington; Dean and Sharon Walton of Albuquerque, New Mexico, and Kam and Kevin Brewer of Roseville, California.

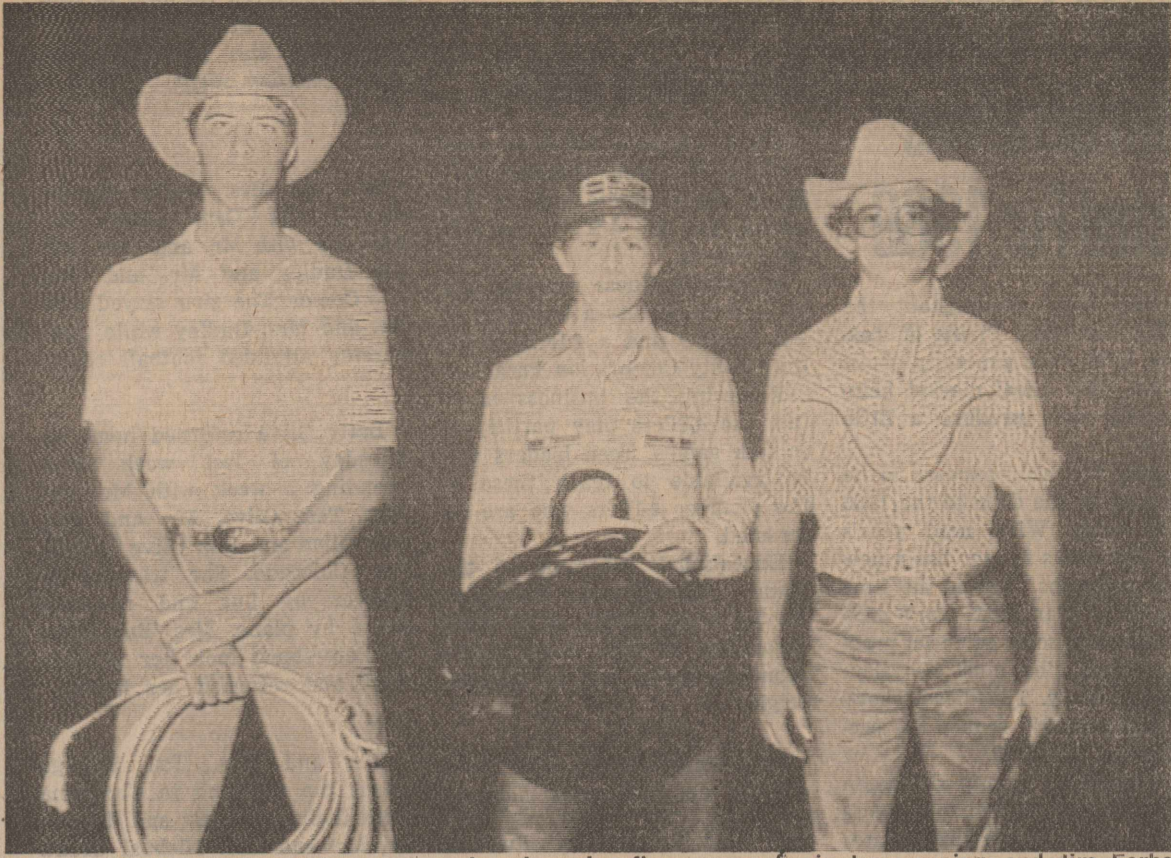

All friends and relatives of the couple are cordially invited to attend the reception.

CRISIS—FACE IT, RECOVER

Face crisis and recover from it. We all have crises at some time in our lives — some cope with it better than others. Crisis demands action.

Unless individuals and families know how to combat an upset in life's routine—and what feelings to expect, it can cause an unresolved crisis.

When an upset happens, most people go through three broad stages: disorganization, recovery and reorganization.

DISORGANIZATION

When crisis strikes, so does disorganization—as the person begins to feel.

Many suffer bewilderment. A few remain calm, and a few express their strong feelings in outbursts of fury or screaming.

In most cases, tension arises, and most people feel helpless.

RECOVERY

When people emerge from this stunned condition, they must cope with a different future life—one changed by the traumatic event.

They have two choices—to hide from the event or face it and fight back.

Those who choose to hide may escape into fantasy or worry, or they may retreat within themselves.

Some people become resentful. Guilt feelings are common. Also, many will deny what has happened.

To start recovery, it is important to face the crisis, not hide from it.

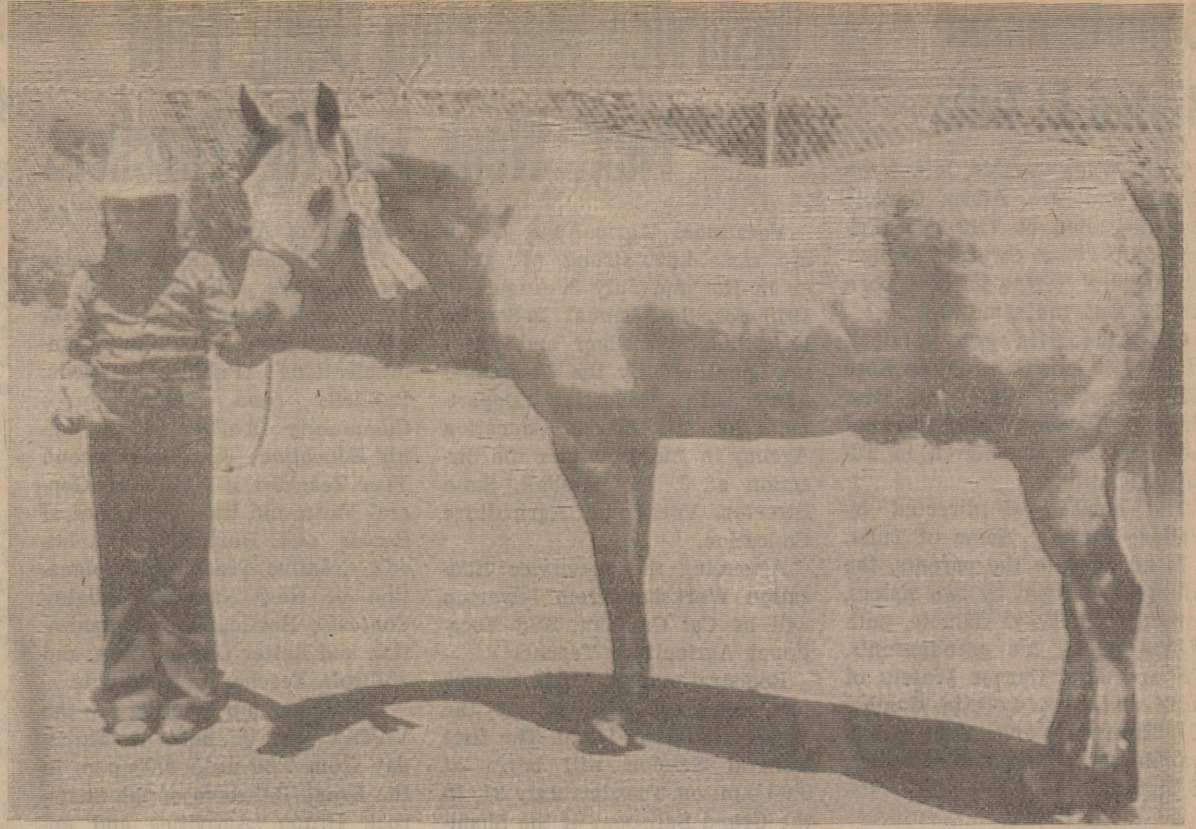

As a person begins to face a crisis, he can start to measure it realistically and start to get organized.

Many times, people cannot rebound by themselves.

This is when they should ask friends or trained professionals for help in dealing with the situation.

Reorganization is the final step.

It begins once the person decides what to do and starts to accomplish the tasks.

Kim Burson was exhibitor of the third place registered mare, any breed, under five years of age, at the District 4-H Horse Show in Lubbock.

FAMILY CAN HELP

A crisis can affect individuals—and entire families—emotionally, socially and physically.

Crisis means a change in life-styles. Old habits may become no longer appropriate, and this strains the individual and the family resources.

All families face various hazardous circumstances, but not all families view the same events as unresolved-crisis events, A family's resources for meeting each situation will, in many cases, determine whether or not it is an unresolved crisis.

A counselor from the Central MH/MR Center in Plainview will present a program on coping with various events which cause stress in our lives. This will be at the Pioneer Room of the First State Bank in Silverton at 7:00 p.m. July 26.

This will be an interesting and helpful program for the whole family. Plan to attend.

TEXAS WINS FIRST PLACE IN HOMEMAKER RECRUITMENT

Texas has captured a first-place award from the National Extension Homemakers Council for recruiting the most new members of any state to Extension Homemakers Clubs during 1979.

Texas also took top place last year.

Mrs. Charles Warmlinski of White Deer, president of the Texas Extension Homemakers Association, will accept the award during the National Council's annual meeting July 23-27 in Albuquerque, New Mexico.

Texas Extension Homemakers Clubs' enrollment increased 25.7 percent during 1979. Hawaii placed second with an eight percent increase, and North Dakota placed third with a 3.8 percent increase.

Texas club members have made a special effort to reach young homemakers this year with local clubs playing a major role in this.

Southwestern Extension Homemakers Club has added three new members since the beginning of their club year in September. They are Lura Brown, Verna Allison and Eunice McFall.

The Progressive Extension Homemakers Club has gained 10 new members. These include Gayla Ziegler, Tisa Whitfill, Celia Martin, Reba Self, Beverly Minyard, Marsha Green, Belinda

Matlock, Kathy Kingery, Debbie Weaks and Bena Hester.

Clubs involve members in informal education about the family and the home—with topics such as housing and furnishings, clothing and textiles, foods and nutrition, family stability and family resource management as part of their programs.

Other topics include health, safety, citizenship, family life, recreation, cultural arts and youth.

If you would like to belong to one of these clubs or are interested in starting a new club, contact the Extension office at 823-2343.

Educational programs of the Texas Agricultural Extension Service serve people of all ages, regardless of socio-economic levels, race, color, sex, religion or national origin.

ANNOUNCING....

BROWN HARDWARE, FURNITURE AND APPLIANCE has changed owners although the name will remain the same. The new owners are Mary and Carol Davis.

We would like to take this means of expressing our sincere appreciation to our many valued customers who have patronized us this past sixteen years. We have made many friends and we will always value this friendship.

Mary and Carol have been gone from Silverton for a few years but they are home grown and having them back along with Max will be an asset for our town. They will appreciate your business.

Please give them your support as you have us.

Colonel and Marcella Brown

We have purchased BROWN HARDWARE, FURNITURE AND APPLIANCE, effective July 18. We will be operating under the same business name in commemoration of Mary's grandfather and Colonel's father, H. Roy Brown, who was in the hardware business here from 1926 to 1944.

We will be carrying the same lines of merchandise with which you are familiar, and plan to add additional lines in the future.

Due to storm damage to the building, we regret that we are unable to have an open house at this time. We are getting the damage repaired, and hope things will be back to normal soon.

It's nice to be home again, and we are looking forward to renewing friendships here as well as making new friends. We will appreciate your patronage.

Carol, Mary and Max Davis

Gamble Infant Buried At Tullia

Colin Wade Gamble, infant son of Mr. and Mrs. Adron Gamble of Tullia, died at 7:10 a.m. Friday, July 20, at Swisher Memorial Hospital where he was born at 6:29 a.m. the same day.

Graveside rites were conducted at 10:00 a.m. Saturday in Rose Hill Cemetery, with the Rev. Charles Davenport, pastor of the First Baptist Church in Tullia, officiating.

The burial was directed by Wallace Funeral Home of Tullia.

In addition to the parents, the infant is survived by two sisters, Loredda and Kerri Gamble, both of the home; his grandparents, Mr. and Mrs. Garner Waters of Tullia and Mrs. Loretta Gamble of Silverton, and one great-grandmother, Mrs. Mable Garrett of Slaton.

Graveside Rites For Infant Today

Graveside services will be conducted at 9:30 o'clock this morning (Thursday, July 26) in the Silverton Cemetery for Josiah Seth Hardin, infant son of Mr. and Mrs. Wendell Hardin. The Rev. Royce Denton, pastor of the First Baptist Church in Silverton, will officiate. Arrangements are under the direction of the Silverton Funeral Home.

The baby was stillborn at 9:45 a.m. Monday at High Plains Baptist Hospital in Amarillo.

Surviving are the parents; grandparents, Mr. and Mrs. Buck Hardin and Mr. and Mrs. Jarus Flowers, all of Silverton; great-grandparents, Mr. and Mrs. Cephus Flowers and Mr. and Mrs. Harley King, all of Tullia, Mr. and Mrs. Carroll Garrison and Mr. and Mrs. Bill Hardin, all of Silverton; and great-great-grandparents, Gabe Garrison of Plainview and Mrs. Charlsie Arnold of Silverton.

Former Resident Buried In Missouri

Funeral services for Marvin C. Reid, 74, of Independence, Missouri were conducted at 11:00 a.m. Saturday in Mount Moriah Terrace Park Chapel and burial was in Mount Moriah Terrace Park Cemetery in Missouri.

Mr. Reid, a resident of Independence, Missouri and a native of Silverton, died Thursday at the Medical Center in Independence.

Mr. Reid had lived in the Independence area 22 years. He was a mechanic for Trans World Airlines 15 years before he retired in 1971. He was a member of Independence First Christian Church.

Surviving are his wife, Laura M. Reid; two sons, W. C. Reid of Edgerton, Missouri and James M. Reid of Portland, Oregon; a daughter, Bettye L. Gettings of Kansas City, Missouri; two brothers, Percy Reid of Tullia and Dee Reid of Grants Pass, Oregon; three sisters, Mrs. Lois McKenney of Silverton, Mrs. Alice Johnson of Tulsa, Oklahoma and Mrs. Lola M. Shipman of Plainview; eight grandchildren and a great-grandson.

Inservice Workshop Being Held Next Week For Ag Teachers

Vocational Agriculture Teachers, some 1,600 strong, will gather in Houston July 30-August 3, 1979 for the Annual In-Service Education Workshop and Meeting sponsored by the Vocational Agriculture Education Department of the Texas Education Agency in Austin, under the direction of J. A. Marshall, State Director, Vocational Agriculture Education.

Attending the In-Service Education Workshop from Silverton will be Cal Gaudin, SHS Vocational Agriculture Teacher.

Registration will begin at 3:00 p.m. Monday, July 30, at the Shamrock Hilton Hotel. The first General Session will begin at 9:00 a.m. on Tuesday, July 31, in the Grand Ballroom of the Shamrock Hilton.

On Tuesday, July 31, at 7:30 p.m., the Association will sponsor the annual awards program to present tenure pins to the membership and other awards to Legislators, School Administrators, Texas news media, individual teachers and to individuals who have contributed to the progress of Agriculture Education and the activities of the Future

Services Held For Mildred Smith, 64

Funeral services were conducted at 2:00 p.m. Saturday, July 7, at the Second Baptist Church in Amarillo for Mildred Lucille Smith, 64. The pastor, Rev. Charles Jones, officiated. Burial followed in Llano Cemetery in Amarillo, with Blackburn-Shaw Memorial Chapel directing arrangements.

Mrs. Smith, a resident of Amarillo for 36 years, died about 9:00 p.m. Wednesday, July 4, at Northeast Baptist Hospital in San Antonio, following an illness which had lasted several months.

Born September 7, 1914, in Cook County, Texas, the former Mildred Bean moved to Silverton with her parents, the late Ira and Julia Bean, when she was a small child. She graduated from Silverton High School and Wayland Baptist College in Plainview. She also attended West Texas State University in Canyon.

She lived in Silverton until her marriage to Esker Smith. They lived in Borger several years before moving to Amarillo in 1943, where she and her husband had lived in the same home since that time.

She was an active worker for many years in the Second Baptist Church, serving as Sunday School teacher and department superintendent, in addition to filling other church offices. She often worked in junior and youth departments and participated in the church's visitation program.

Mrs. Smith is survived by her husband; a daughter, Virginia Speight of San Antonio; a sister, Mrs. Anna Rambo of Hale Ceney; two brothers, Joe Bean of Tullia and Martin Bean of Silverton, and two grandchildren, Robin and Adam Speight of San Antonio.

Farmers of America.

On Wednesday and Thursday the teachers will take part in Area Meetings and workshops on Estate Planning (AgriLaw); Communications (Public Relations, Publicity and Photography); Community Involvement in Adult Education; First and Second Year Teachers; CVAE-VEH (General Farm and Ranch Mechanical Repair and Horticulture Related); Creative Teaching; Explanation of New National Judging Contests; Horticulture; Organization and Better Use of Time, and Multiple Teacher Departments.

A membership meeting for the VATAT will be held on Thursday from 7:30 until 9:00 p.m. in the Grand Ballroom of the Shamrock Hilton. Activities and entertainment are also planned throughout the four-day meeting for the wives who will be attending.

4-H Rifle Team To Meet Monday

The 4-H Rifle Team will hold a meeting Monday, July 30, at 7:30 p.m. at the Briscoe County Extension office in the courthouse.

All members and their parents are urged to attend this meeting. A concession stand for the rodeo will be discussed and a work schedule set up.

All proceeds from the concession stand will be used to purchase matched rifles for the Briscoe County 4-H Rifle Team.

Attention 4-H'ers

If you need help in selection or the purchasing of a lamb or barrow, or if you have already purchased an animal for a project, you need to contact the Extension office at 823-2343.

It is important that County Extension Agent Earnest Kiker know that you have a project.

Bride-Elect Is Shower Honoree

Miss Lisa Younger, bride-elect of Tim Meyer, was guest of honor at a tea and miscellaneous shower from 2:30 until 3:30 on the afternoon of Saturday, July 21, in the Pioneer Room at First State Bank in Silverton.

Mrs. John T. Francis greeted the guests and presented them to the honoree and her mother, Mrs. Roy Younger of Silverton, and to Mrs. Pete Meyer of Turkey, mother of the prospective bridegroom.

The guest registry was decorated with a basket of silk flowers, and guests signed the bride's book as they entered.

The refreshment table was covered with a white cloth and crystal and silver appointments were used. The centerpiece was an arrangement of green and white silk flowers.

Refreshments were served by Mrs. Lyndall Couch and Miss Brenda Cantwell.

Out-of-town guests included Miss Younger's fiancée's grandmother, Mrs. Bill Meyer of Quitaque, and his sisters, Mrs. Randy Fraser of Groom and Miss Karla Meyer of Turkey.

Hostesses for the bridal courtesy were Mrs. John T. Francis, Mrs. Leo Fleming, Mrs. Walter Bean, Mrs. Dwain Henderson, Mrs. Harvey McJimsey, Mrs. Riley J. Ziegler, Mrs. J. W. Reir and Rebecca, Mrs. Lorene Johnson, Mrs. Charlie Parker, Mrs. Claude Jarrett, Mrs. Jack McFall, Mrs. Lee Clay, Mrs. Berniece Wood, Mrs. Don Cornett, Mrs. J. E. Patton and Mrs. Fred Minyard.

Mrs. Ollie McMinn, Mr. and Mrs. Dwain Henderson, Sonya, Wayne and Zane were guests for lunch Sunday in the home of Mr. and Mrs. Gaston Owens in Quitaque. Mr. and Mrs. Eddie Owens of Plainview were also visiting there.

Mrs. J. M. Hill of Tullia and Mr. and Mrs. Charles Sarchet visited in Lubbock Sunday with Mr. and Mrs. Ken Sarchet and Mrs. Jim Adams and Mandy. They went to Lubbock to return home Brandon Sarchet who had spent two nights with his grandparents while his parents were shopping for a house.

Program On Coping With Stress Is Tonight

Rick Van Hersh, Assistant Executive Director of Central Plains MH/MR Center, will present a program on coping with stress tonight (Thursday) at 7:00 o'clock in the Pioneer Room at First State Bank. The public is invited to attend, and there is no charge for this program.

The program will open with the Marlo Thomas film, "Free to Be You and Me," which illustrates sex role stereotypes children grow up with which may be a cause of stress in adult life.

Other points in the program will be stress and health, stress in marriage, and stress in parenthood.

Much is currently being written concerning stress and its effect on health. Since family health is the area of emphasis for Extension education programs this year, this program should be of interest to all county residents.

Educational programs of the Texas Agricultural Extension Service serve people of all ages, regardless of race, color, socioeconomic levels, sex or national origin.

Rainbow Girls Initiate Two

Silverton Rainbow Assembly No. 304 met July 16 to initiate Shelli Hester and Tandy McJimsey. After the initiation ceremony, the girls hosted a salad supper honoring their parents and their Advisory Board.

At the conclusion of the evening, the girls were surprised by being awarded the honors they had earned. Their parents assisted in the presentation by pinning the awards on the girls.

The girls receiving awards and the parent who presented them were Melissa Greenhaw and her father, Mabry Greenhaw; Cynthia Hale and her mother, Venita Chappell; Amy Perkins and her mother, Sandy Perkins; Lisa Childress and her parents, Mr. and Mrs. Vance Childress; Carol Stodghill and her dad, Clifton

Wheat Fertilizer Considerations Listed For 1980

Wheat yields throughout the Rolling and High Plains of Texas for 1979 were generally above average. The wheat market helped make some produce a little money.

Again, the wolf appears to be knocking on the door of the 1980 wheat crop. With next year's crop, the Texas farmer has a new set of problems. Now is the time to begin to plan next year's crop and side-step some of these problems. Every step must be taken to save energy. The diesel shortage will probably reduce the profit picture for 1980.

According to County Extension Agent Earnest Kiker, producers should use the fertilizer rates that would eliminate soil deficiencies, in line with the producers yield goal. Their wheat yield goal should be consistent with the soil moisture situation, irrigation and management practices. While fertilizer costs may increase for next year, they remain a real bargain when applied at optimum rate. Soil testing is still the key to determining optimum application rates.

Kiker says that nitrogen is the most important plant nutrient in the production of forage and grains. Since nitrogen is required in larger amounts, this nutrient is commonly the most deficient nutrient in your soil. Wheat yields over 40 bushels per acre have removed 80 lbs/acre of nitrogen. If one intends to produce a comparable yield level in 1980, then some nitrogen should be applied.

Nitrate nitrogen testing in the Extension Soil Testing Laboratory in Lubbock has proven very helpful over the past 10 years for determining nitrogen needs for wheat.

"It is important that samples be properly collected to represent Stodghill, and Rose Lee Perkins. Assisting the girls for the evening were majority members, Lois Hill and Christi Davidson.

Tuesday Is 4-H Recreation Night

There will be a 4-H Recreation Night at 8:00 p.m. Tuesday, July 31, at the concrete slab in Silverton for all 4-H'ers, parents and leaders.

A short business meeting will be held to discuss a trail ride, a 4-H playday and a 4-H float for the County Celebration Parade.

Following the business meeting, the 4-H'ers may participate in folk games. Teen leaders will be available to teach these to the younger 4-H'ers who are interested.

Educational programs of the Texas Agricultural Extension Service serve people of all ages, regardless of race, color, socioeconomic levels, sex or national origin.

Mrs. Oner Cornett underwent surgery early Tuesday morning

sent your soil fertility situation. Information on soil sampling can be obtained from my office," Kiker said.

at St. Anthony's Hospital in Amarillo, and was able to return home Tuesday night.

Mr. and Mrs. Buddy Comer, Christi and Cami spent the weekend with Mr. and Mrs. Milton Dudley and Mr. and Mrs. Leo Comer. The girls stayed with Mr. and Mrs. Dudley while their parents attended football coach-

Betty Olive returned home on Tuesday of last week after spending a week with Mr. and Mrs. Tom Olive, Mr. and Mrs. Ron Olive and Dan Olive in Denver, Colorado. She traveled to Denver by bus and returned home by plane. Mrs. Bob Olive of Petersburg took her to Lubbock and returned her home.

Mr. and Mrs. Ted Strange spent the weekend in Corsicana with their son-in-law and daughter, Mr. and Mrs. Michael Grant. They returned home DeAnn Strange who had spent two weeks in Corsicana.

**FOR EVERY
PROBLEM,
THERE IS
A SOLUTION**

Such a predicament! Stuck in mud a foot deep! What to do? Just sit in despair? Wring your hands? Of course not! There is a solution. Obviously, this is a simple predicament. But what about the enormity of some of life's problems? There is an answer. There is help. God is "a very present help in time of trouble," the scriptures say. Try Him — try Jesus. Feel His presence and let Him speak to you in church.

First State Bank

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

 Southwestern Bell

Announcing a new interest rate for U.S. Savings Bonds:

6 1/2%

Here's some great news for all Americans. On June 1, 1979, the interest rate on United States Savings Bonds, Series E and H, was increased to 6 1/2%.

This 6 1/2% rate will apply to new Bonds and to all outstanding ones, too. For Series E Bonds that have not reached original maturity of 5 years, the improved yield will be received as a bonus when the Bonds mature. For older Bonds and Notes, and for Series H Bonds, the increase takes effect with their next semiannual interest period, beginning on or after June 1, 1979.

So you see,

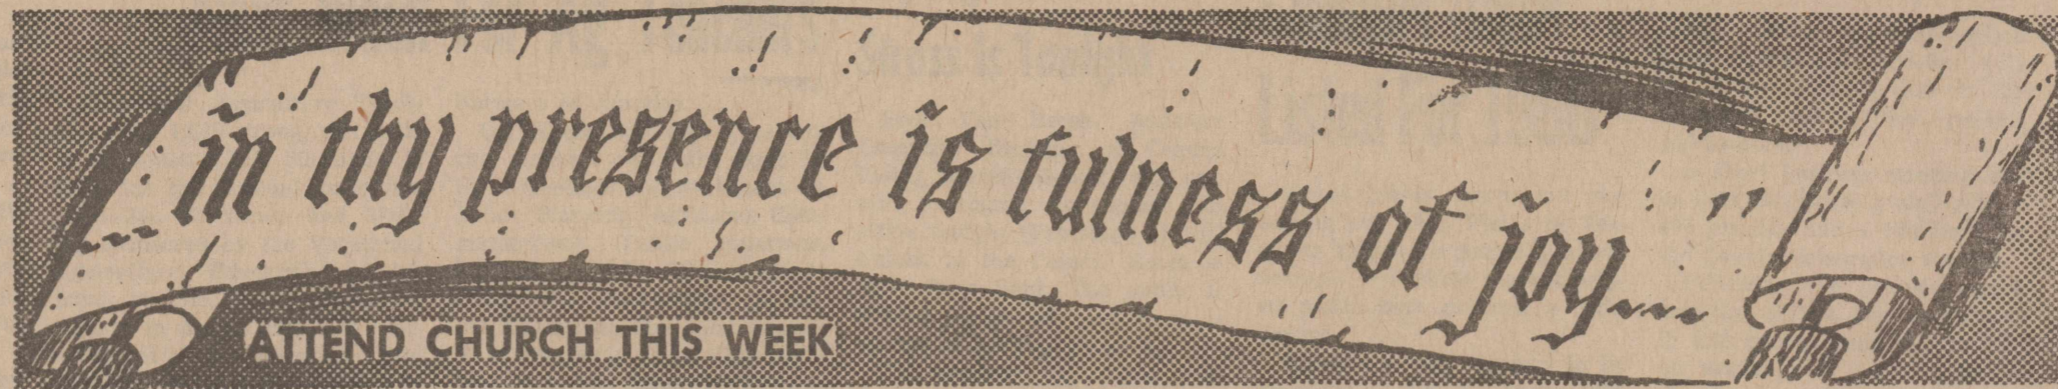

Bonds are getting better all the time. This new 6 1/2% interest rate, together with the tax advantages available, makes Savings Bonds even more attractive.

And when you buy Savings Bonds through the Payroll Savings Plan at work, or the Bond-a-Month Plan where you bank, Bonds are still the most convenient, easiest, safest way to save.

If you haven't thought about Savings Bonds for awhile, this is the kind of news that should increase your interest.

Bonds are a better buy than ever before.

The Carpenter's FRIEND

To build... one must have plans, and plans give exact measurements. The carpenter who makes careful measurements finds that the work is made easier. Careful measuring prevents waste... waste of time and materials. Therefore the measuring device is truly a friend to the carpenter.

The church wants to be your friend, and help you to a easier and better way of life. The Bible clearly gives us a way to measure life. Through many centuries man has found no better rules than those given in the Bible.

Attend church and receive the friendly welcome that awaits you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

A Texas Game Warden Profile

JACK BURRUS

★ ★ ★ The rolling plains of northwest Texas are quite familiar to Jack Burrus, Texas game warden assigned to Hall and Childress counties.

These counties were affected by the drought and lack of wildlife cover last hunting season, but according to the Parks & Wildlife Department representative, they appear to be making a comeback this spring. The deer herd is stable and the area is well known for excellent quail hunting.

These counties furnish local fishermen with some good largemouth bass opportunities and the dry period last summer slowed that activity also. Both Baylor and Childress lakes are small, but have yielded some real lunkers each year.

Burrus is acquainted with northwest Texas as his home town is Hereford. Burrus and his

★ ★ ★ wife, Martha Jean, and daughters, Sabrina, age 15; Shelley, age 18, and Sharece, age 15, reside at 801 Avenue I in Childress.

Burrus has been with the P&WD for some 17 years and has been stationed in Childress since graduating from P&WD game warden school in May of 1962.

The excellent hunting opportunities in these two counties draw in many hunters and a few hunting violations occur. The game warden lists shooting from the road and hunting without a license as the two biggest offenses.

Jackie Burrus has had excellent cooperation from the landowners in his assigned counties and has found their assistance very important in wildlife management.

Burrus is in constant radio contact with both the P&WD and local law enforcement agencies.

KIKER'S KORNER

Earnest Kiker
Briscoe County Extension Agent
Be on the lookout for mites this month. Red spider mites and Banks grass mites are both favored by hot and dry weather—and this July may have more than its share of hot, dry days.

Weather projections for July show less rain than usual for all areas except East Texas, where wetter conditions are expected. Temperatures will be above normal in West Texas, but should be around seasonal levels elsewhere.

So, during a hot, dry spell, watch for mites in both field crops and home gardens. Mites will attack most any plant but seem to prefer cotton, corn and sorghum in the field and beans, tomatoes, southern peas and eggplant in the garden.

Mite populations tend to build rapidly when host plants are under moisture stress, so adequate water is the first defense against mites. In dryland crops, spot treatments of field margins on areas where crop stress usually shows up first may keep mites from spreading throughout the field.

Heavy rains sharply reduce mite populations, so recheck fields to see if control is still required before you spray. Gardeners can keep mite populations low by spraying vegetables with the garden hose every few days.

Hot and dry weather will boost cotton growth—as long as soil moisture holds out—and will tend to suppress major cotton insect pests, too. Boll weevil and "worms" (bollworms and tobacco budworms) do better in wet weather.

Worm moths are attracted to lush, new cotton growth for egg-

The warden can also be reached by calling his home/office at 806 937-2138.

Young Farmers To Sponsor Rodeo

Silverton Young Farmers will sponsor a rodeo in observance of Briscoe County's 87th Anniversary Thursday, August 9, through Saturday, August 11. Nightly performances begin at 8:00 p.m.

Organizations are invited to enter candidates in the Rodeo Queen Contest. Entrants must be between the age of 14-18 and single. The girl turning in the most ticket money will be declared the Rodeo Queen. Deadline for entering the contest is noon July 21.

At 1:30 p.m. July 21, the girls and a member of their sponsoring organization will meet at the school vocational agriculture building to pick up their tickets. Each girl will need to bring a billfold size picture of herself and a list of her activities, hobbies, honors, etc. at that time. Each girl will receive her tickets

laying. Eggs and young larvae (worms) have a higher survival rate with higher humidity levels and new growth. So, watch out for "worm showers" and, if possible, schedule irrigations to avoid predicted egg lay periods. Be sure to keep in close contact with Extension entomologists.

Rains during the last week of June were quite varied—so each field may be an entirely different insect situation. July rainfall typically is quite varied, also, so generalizations on insects and weather may be misleading. However, dry weather favors grasshoppers and lesser corn-stalk borers (in peanuts). Dry-out of native plants can also lead to migrations of fleahoppers and other pests into cropland.

While dry weather tends to hold down population increases of screwworms, fleas and ticks, face flies in cattle tend to get worse, especially when cattle congregate around water.

at the same time as the others and will have an equal chance to win. Solicitation of rodeo ticket sales prior to 1:30 p.m. on July 21 will absolutely disqualify the candidate.

Sponsoring organization is to be responsible for a horse for their candidate to ride.

Anyone who wishes to enter a float in the parade can contact Harvey McJimsey.

OUR SINCERE THANKS

To the people of this area for helping make our outstanding growth possible during the past 12 months.

	6-30-1978	6-30-1979	Growth %
TOTAL ASSETS	\$37,261,506.15	\$45,021,519.96	21%
TOTAL SAVINGS	\$30,233,300.19	\$36,650,773.72	21%
MORTGAGE LOANS	\$31,433,071.14	\$38,101,050.97	21%
Int. Paid on Savings	\$ 1,741,358.91	\$ 2,446,281.00	40%

We are proud to present our mid-year report reflecting a good year of growth which exceeds \$7,760,000.00 in total assets. This, of course means the area we serve is also growing.

We opened our fifth office last October in Dimmitt. This office has made excellent progress.

Three new savings certificates along with an increase in the rate on passbook savings became a part of our continuing effort to pay the highest rates possible to those who save with us.

We are grateful for your continual support and confidence. We pledge to offer the best in savings and loan service.

When you save with us, you not only get a good return on your savings but you help others own their homes and in turn help the area economy.

LEARN TO READ YOUR ELECTRIC METER AND SAVE!!!

It will let you determine how many kilowatt hours you use in a given period of time ... an hour, a day, a month or a year. That's how electricity is measured — by kilowatt hours (kwh) used.

Your residential electric meter will have either 4 or 5 dials

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one (1) (see center dial above) then read it as 1 if the pointer on the next dial immediately to the right has passed zero (0). However, read it as zero (0) if the pointer on that dial to the right has not reached zero.

The dials above read (from left to right): 9-3-1-5. If, however, the pointer on the second dial from the right above was between 9 and zero then the center dial would read as a zero.

Now let's read the same meter 24 hours later

The later reading is 9-3-1-3-8. Subtracting the first reading, 93115, from the new reading of 93138 — the answer is 23. Thus you would have used 23 kilowatt hours in the 24 hour period. Each kwh costs approximately five cents.

When you learn to read your electric meter, you will be able to see where your energy dollars go ... then learn to use energy wisely & save!

CARD OF THANKS Words are inadequate to express my deep gratitude for all the wonderful things which have been done for me since my flying trapeze act. The Silvertown Ambulance Service is the greatest; and an extra thanks to the attendants, also to all who visited, sent cards, flowers, prayers, and all the other wonderful things done on my behalf. I love you. Anne Bryant

Club Has Called Meeting Saturday A called meeting of L. O. A. Junior Study Club was held Saturday morning in the home of Tina Nance, club president. Several items of business were discussed. It was announced that September 22 was chosen as the date for the Miss Mackenzie Pageant. Plans for a tricycle race preceding the Briscoe County Celebration Parade were discussed. There will be two races this year. One will be for four-year-olds and another race will be for two- and three-year-olds. Members were reminded that they will soon be called on to help build the club float for the parade.

WESTWARD DOUGH!

OR how DO you COVER A Wagon?

The wild, wild West. Land of hope and opportunity to thousands of courageous settlers. But, if it weren't for the dollars of thousands more Americans taking stock in their country, there might never have been a West to go west to.

You see, money raised from the sale of government securities helped us purchase the Louisiana Territory from the French. Other securities helped buy the states of California, Nevada, Utah, western Colorado and most of New Mexico and Arizona from Mexico. Even settlement of the Oregon Territory was made possible through the issuance of United States securities.

Today, you can still take stock in your country's growth by buying U. S. Savings Bonds.

Just sign up for the Payroll Savings Plan where you work. There's no easier, safer way to save or help your country. After all, U. S. Savings Bonds are still a great way for you to go West. Or East, North and South.

Now U. S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are preserved. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

NZN
Nitrogen-Zinc Liquid Fertilizer

For bigger yields in cotton

What NZN Can Do For Cotton:

In the Delta, 1 pint NZN was added three times during a regular spray program to a ten acre plot. The NZN treated cotton averaged 117 lbs. more lint per acre—a 39% increase over the check.

In Missouri, one application of 1 1/2 pts. per acre resulted in an increase of 213 lbs. of seed cotton per acre.

In California, NZN applied once at 1 gallon per acre increased yield 10%.

Why NZN gets results:

NZN is a patented compound of 5% zinc and 15% nitrogen in convenient liquid form. Its unique formula readily enters the plant, boosting zinc levels faster and more effectively than other forms of zinc. NZN stimulates cell formation, increasing leaf size and encouraging good root development and better flowering.

Disease and stress tolerance is enhanced. With higher zinc levels in the plant, there is greater uptake and utilization of fertilizer and soil nutrients for significantly higher yields.
