

County's Birthday Celebration Opens Today

The 87th birthday of Briscoe County will be celebrated in Silverton today, Friday and Saturday, with a wide range of activities to interest the whole family.

Starting today there will

be three performances of the Young Farmers Rodeo with participants from all over the area testing their rodeo skills. Following the rodeo each night there will be a dance on the concrete slab south of the Wood Memorial

Arena.

Music for the dances will be by Silverton's own Country Revue.

The big day of the celebration is today, with activities will be Thursday, with activities

featuring a parade, barbecue, fiddler's contest, country arts and crafts fair, and much more. To kick off the festivities at 3:00 p.m. there will be tricycle races in front of the First State Bank for kids ages two to four. There

will be two divisions of the race, with two and three year olds in the first race and four year olds competing in the final race. Each youngster will need to bring his own tricycle and meet with the organizers in front of the bank

at 2:45 p.m.

Each participant in the tricycle race will receive a ribbon.

At 4:00 p.m. there will be a parade through downtown Silverton. This promises to be the best parade yet, with more floats

than ever before.

Briscoe County's annual barbecue will be held on the east side of the courthouse square at 5:00 p.m.

It is regretted that due to the increase in cost of food, the sponsoring organization is unable to continue the free barbecue. To help defray the cost, advance tickets will be sold for \$2.00 per plate. Tickets at the gate will be \$2.50. A booth on the courthouse square today is selling advance barbecue tickets.

Free tickets will be given to all citizens 65 years of age or older who have lived in Briscoe County 40 years or longer.

The members of the Rock Creek Quilting Club, assisted by Silverton Young Farmers, will be selling advance tickets and registering pioneers for their free tickets today on the courthouse square.

A large tent will be erected on the courthouse lawn to provide shade during the barbecue.

Entertainment during the meal will be a fiddlers contest sponsored by the Silverton Lions Club. Prizes for the contest are \$100 for first, \$75 for second, and \$50 for third place. Wayne Nance is taking entries for the fiddlers contest.

The Briscoe County "Pioneers of the Day," Mr. and Mrs. George Seaney, will be honored at a brief presentation preceding the fiddler's contest.

The highlight of the day will be a country arts and crafts fair to be held on the court house square. Booths will be set up at 10:00 a.m. and will be selling their wares until after the barbecue. Many unusual items will be offered for sale, so no matter what your interests, there will be something for you. Some items that will be sold are hand painted ceramics, stained glass items, macrame, oil and water-color paintings, jewelry, outdoor wind chimes, handmade quilts and afghans, wooden articles, tote paintings and decorative pillows. These are all great for those who need some fantastic items for decorating their homes or for gift giving.

For the youngsters in the family, there will be stick horses, clowns, stuffed animals, dolls and wooden toys of all kinds. Everyone interested in keeping fit will want to visit the booth featuring natural home churned butter, crunchy granola, homemade yogurt, fertile eggs and natural whole wheat bread.

A special feature of the fair will be an antique booth with antiques gathered from all over Briscoe County. Many of these items are unusual and interesting for everyone. Also offered for sale will be old time lye soap, something no home should be without.

The food booths will be popular stops for everyone. Some of the treats available will be lemonade, brownies and homemade ice cream. There will certainly be many more goodies to tempt your taste buds.

For a full day of fun, food and entertainment for the whole family, plan to be in Silverton for the Briscoe County Birthday Celebration.

Gerald Beasley Is New Minister Of Silverton Church

Mr. and Mrs. Gerald Beasley have recently moved to Silverton from Electra to make their home. Mr. Beasley is the new minister of the Silverton Church of Christ.

Mr. Beasley replaces Ted Kingery, who resigned as minister of the church recently to devote full time to his business interests. They are continuing to reside in Silverton.

Mr. Beasley and his wife, Pauline, are parents of six children, a son and five daughters, and they also have nine grandchildren.

The children are Hoyt Beasley of Las Vegas, who preaches for the Oakley Church of Christ; Sheba Thomas, Denver, Colorado; Reba Durbin, Electra; Carmen Lewis, Norman, Oklahoma; Neva Russell, Dallas, and Treva Beasley of Silverton, who will be a freshman this fall at Oklahoma City College.

School Equalization Board To Meet

The Silverton Independent School District Board of Equalization will meet in Room 1 of the high school building from 8:00 until 11:00 a.m. Monday, August 13.

If you would like to meet with the Equalization Board to discuss your school taxes, you may do so at that time.

Carlye Hill, Tax Assessor - Collector Silverton I.S.D.

Miss McMurtry Qualifies For Southern Regional 4-H Finals

Lee Ann McMurtry of Silverton fell short of winning the barrel racing saddle by 1/100 of a second at the State 4-H Horse Show held in Odessa July 24-28.

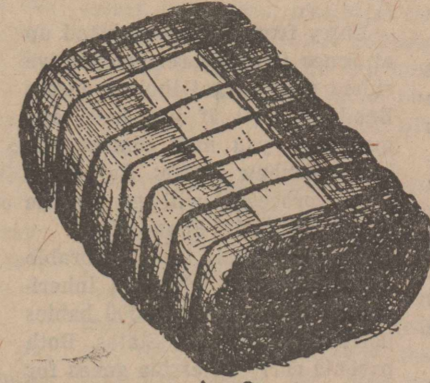

The Briscoe County Extension Service is proud of Lee Ann for placing second and bringing home a buckle. She also went into the finals with the record fastest run in pole bending but had a bit of hard luck in the final run.

She qualified for the Southern Regional 4-H Finals in Jackson, Mississippi, but was unable to travel to Jackson for the competition August 9-10-11.

Budget Meeting Set

The Board of Trustees of the Silverton Independent School District has set the budget meeting for Friday, August 17, 1979, at 8:00 p.m. in Room 1 of the

high school building. This will be a regular meeting.

Operating Country Store In Silverton Today

Darrah McCammon, Eudean Crow and Carrie Dell Dickerson will be operating a Country Store on the courthouse square today.

They will be selling homemade bonnets, breads, cinnamon rolls, and wild plum jelly.

They invite everyone to come by and have fun with them at the Country Store.

Commencement Slated At WTSU

West Texas State University will hold its summer commencement ceremonies for approximately 379 graduates August 18 beginning at 4:30 p.m. in the Amarillo Civic Center Auditorium.

WTSU summer school will end August 16, and classes will resume for the regular fall semester on August 30. Fall registration will be August 29 in the

Federal Crop Insurance Seeks Comments On Cotton Crop Insurance

The Federal Crop Insurance Corporation is seeking comment on the proposed regulations for insuring cotton in Briscoe County. Written data, comment, or views must be submitted by not later than August 17, 1979, to be sure of consideration.

Further information on these

regulations may be obtained from the FCIC Office at 1416 West 8th Amarillo, Texas 79101, telephone 806 376-2268.

Send comments to James D. Deal, manager, Federal Crop Insurance Corporation, U. S. Department of Agriculture, Washington, D. C. 20250.

Country Music Show To Benefit Welch Family Medical Fund

An evening of country musical entertainment for the whole family will begin at 8:00 p.m. Saturday, August 11, 1979, in the Dimmitt High School Auditorium.

The program is under the sponsorship of the Dimmitt Kiwanis Club. Admission will be a minimum \$1.00 at the door and other donations will be appreciated. All proceeds will go to help defray the medical expenses incurred by Claude Welch during the past several months since he was injured in an accident while working cattle.

Entertainers taking part in the Easter Opry Road Show will be Walker Parris, Frio Trio, Billy Lytal, Herb Mayfield, Charles Nutt, Herman McCleskey, Kristi Lytal, Woody Glass, Holly Hodges, Ed Gallagher, Gary McCleskey, Jerry Hodges, The Country Four and Zelda Ellison. Master of ceremonies will be KPAN's Jim Tucker.

Mrs. Jewel Fleming of Amarillo spent a few days last week in the home of Mr. and Mrs. Elton Cantwell and family.

Two-County Livestock Meeting Slated Tuesday In Silverton

Briscoe County will host a Briscoe - Floyd County Livestock meeting Tuesday, August 14, at 7:30 p.m. at the First State Bank in Silverton.

Speakers for this meeting will include Dr. John W. McNeill, Area Beef Cattle Specialist from Amarillo, who will discuss supplemental feeding of stocker

cattle, conditioning of stocker cattle, and medication and feeding of in-coming cattle. Also on the program will be Dr. Tommy Welch, Area Range and Brush Control Specialist from Vernon, who will speak to the group on brush and weed control.

All area livestock producers are urged to attend this educational meeting.

LEE ANN McMURTRY—1979 STATE 4-H HORSE SHOW

Japanese Guests Attend Musical Drama "TEXAS"

The Briscoe County host families for the Japanese LABO Exchange Program treated their Japanese guests to a performance of the musical "TEXAS" in the Pioneer Amphitheatre in Palo Duro Canyon Thursday night, August 2.

The group met in the canyon for a picnic supper before the show.

Those attending were Mr. and Mrs. Doug Forbes and Jimmy, Mr. and Mrs. Rex Holt, Mr. and Mrs. David Holt and Lance, Mr. and Mrs. Claude Jarrett, Mr. and Mrs. Orville Turner, Jr., Robert, Scott and Christopher, Andy Fabella, Mr. and Mrs. Stan Fogerson and Penni, Mr. and Mrs. Earnest Kiker, the four Japanese guests and their sponsor, Yoshi Hibina.

 Many normal broadleaf evergreens such as oleanders, privet and viburnum shed old leaves near their bases. But when leaves of most plants turn yellow and drop, that signals an unhealthy plant and a need for special care.

For instance, an improperly watered or fertilized plant may shed its leaves.
 Water plants adequately after making frequent, light fertilizer applications such as one to one and one-half pounds of ammonium sulfate per 100 square feet. Make heavy applications only in early spring.

Water when the young tip growth of a plant wilts or the soil's first few inches become dry. After prolonged cloudy weather, do not water plants even though they are wilted.

Slow watering allows saturation of deeper soil depths, encouraging deeper root penetration. Also deeper saturation assures a soil moisture reserve when topsoil dries.

Oleanders, privet and nandinas tend to shed more leaves than most plants even though they are healthy. Until you prune, it is difficult to force new growth near the base of the plants. Removal of one-third of the old ground-level leaves encourages new base growth while discouraging tall, leggy plant growth.

☆

Until appropriate pesticides become available, the Texas leaf cutting ant will remain a major pest to the state's homeowners, nurserymen and farmers.

The insect removes leaves and buds from numerous shrub varieties, ornamental and hardwood trees as well as cereal and forage crop leaves.

Preferring deep, well-drained

fore?
 Everyone is invited to come and share in the fun. Classes will be held for three-year-olds through children who will be in the fourth grade at school this year.

sand or loamy soil, the ants reduce land value by building colonies from five to 72 inches high and 20 feet in diameter. The interior depth of the mound may reach 20 feet, with many cavities interconnected by narrow tunnels. Several vertical tunnels extend to mound openings, while other tunnels lead outward to feeder holes where worker ants surface to forage.

In spring, fall and winter, these ants forage during the day when temperatures are moderate (45 to 80 degrees F). During the hot summer, ants forage at night. The pests cut leaves into small pieces at feeder holes, then take them to underground chambers. Leaves serve as a medium for a fungus on which ants feed.

Control of Texas leaf cutting ants is difficult because Mirex bait is no longer available to the general public. Carbaryl, diazinon and several organophosphate insecticides give some control. However, they tend to disperse the colonies. Chlordane dust and liquid is available for non-agricultural land, but these materials also cause dispersal and re-establishment. Methyl bromide is effective; however, it is highly toxic to humans and may injure some plants.

Alternating several pesticides produces the best results.

SILVERTON

Fire Department To Sponsor Slow-Pitch Baseball Tourney

Silverton Fire Department will sponsor a Slow-Pitch Baseball Tournament in Silverton August 17-18-19, 1979. Entry fee will be \$60.00 plus two balls, and all proceeds of the tournament will be used to help defray the cost to the fire department of installing the cable television storm warning system and the balance due on the new fire truck.

Entries may be mailed to Emmett Tomlin, Jerry Patton or Anthony Kingery. For further information, call the Silverton City Hall, 823-2125, and ask for Jerry Patton.

Trophies will be awarded the

winning teams.

A concession stand will be provided.

Committees appointed for the tournament are: W. J. Copeland and Gary Younger, umpires; David Tipton and Mabry Greenhaw, trophies; Steve Barbour and Emmett Tomlin, team brackets; Anthony Kingery, Flute Hutsell, Tobe Riddell, advertising; Lynn Frizzell, Stan Fogerson, Dwight Ramsey, Archie Martin, Charlie Parker, Gary Younger, W. J. Copeland, Bruce Tiffin, fieldlights; Jerry Patton, Wayne Nance, Dwain Henderson, Jay Towe, Vance Childress, Charles Sarchet, Roy Younger, concession stand; Roy Younger, Charles Sarchet, Bruce Tiffin, W. J. Copeland, bookkeepers.

VA CAN PROVIDE HEADSTONE FOR GRAVES OF MOST VETERANS

Under federal laws, the U. S. Veterans Administration can provide a headstone for the grave of most veterans whose military service was under honorable conditions. According to Billye Kesler, service officer for Swisher County, the families of some veterans do not want the government grave marker, preferring to install a private marker of their own choice.

Public Law 95-476, enacted during the 1978 Session of the U. S. Congress, now permits the Veterans Administration to pay a cash allowance toward the purchase of a non-government grave marker for the graves of eligible veterans. The payment of the cash allowance applies only in cases where the burial of the eligible veteran has occurred on or after October 18, 1978, the date the above-mentioned law was approved.

Everyone Urged To Enter Bike-A-Thon

Everyone of all ages is needed to get their sponsor sheets now and ride in the Cystic Fibrosis Bike-A-Thon Thursday, August 9. The two-mile course would be good exercise and fun for young and old alike, be it on ten-speed, three-wheeler or what-ever.

Registration will begin at 9:30 a.m. on the south side of the courthouse square with the Bike-A-Thon starting at 10:00 from the southeast corner of the square. It will proceed south down Broadway to Thirteenth Street, then west to Loretta, north to Commerce, then back east to the original starting point. Riders can complete as many two-mile laps as they want. Refreshments and first-aid will be provided.

A \$50.00 savings bond will be awarded to the one who turns in the most money, and a \$25 savings account will be the prize for the one who rides the furthest (most miles). The prizes

were donated by the First State Bank in Silverton.

Anyone who turns in \$25.00 or more in donations will receive an official Bike-A-Thon T-shirt. All monies must be turned in by August 23 to be eligible for prizes.

Entry forms may be picked up at Jones Dept. Store. Prospective riders need to get their sponsors lined up now. If you have any questions, you may contact Mabry Greenhaw or Mrs. Roy Reed.

All proceeds will go to the Cystic Fibrosis Foundation.

Cystic Fibrosis is an incurable genetic disease which is inherited by one of every 1500 babies born in the United States. Both parents carry recessive genes for CF and number among one and 20 persons in the U. S. who may be carriers, usually without knowing it. With improving therapy and continuing research, many CF patients are now living into early adulthood.

Everyone is encouraged to ride in the Bike-A-Thon or sponsor a rider, and to come out Thursday, August 9, to be a part of all that will be happening on the courthouse square.

Anyone wishing to make a donation or help, please call Roy Reed at 823-2258.

Methodist VBS Is Slated August 13-18

Vacation Bible School will be held at the First United Methodist Church in Silverton from 9:30 until 11:30 a.m. August 13-18.

The hayride will start picking up kids around town beginning at 8:30 a.m. each day.

Siphoning Gasoline Is Potentially Dangerous

Gasoline poisoning has increased "tenfold" recently, according to Mike Ellis, director of the Texas State Poison Center, and Ellis says the upsurge seems to be directly related to the gasoline shortage in the area.

Gasoline siphoning can cause a person at least two major problems, he says. Ellis says a per-

son can swallow gas while transferring it, and the effects can be serious, even deadly. "Gasoline can go into the stomach," he says, "if the epiglottis slams shut and does not allow it to go into the lungs." In the stomach it will be nauseating and may cause vomiting, he says.

"Once it is in the stomach," Ellis says, "it is absorbed, the aromatic hydrocarbons can sensitize the heart to any catecholamine, such as adrenaline."

"What this means," he continued, "is with gasoline in the stomach and the heart sensitized, if a person becomes startled or afraid or experiences any sudden emotion that causes adrenal-

ine release, that adrenaline can potentially cause the heart to go into ventricular fibrillation. That person can be dead in four minutes, unless remedial methods, such as countershock, are performed."

A second potential problem of gasoline siphoning is that of aspiration or getting it into the lungs. "If a person coughs or chokes after sucking on the hose, he may possibly have gotten some of the liquid into his windpipe and a set of new and different problems will occur," Ellis says.

Upon entering the trachea and lungs, the gasoline is quite irritating. "The lung tries to take care of the irritating liquid by diluting it."

The most severe effect of gas aspiration, however, is that the oil-based product physically spreads out and coats the lungs. "Depending on how extensive the coating is," Ellis says, "will determine how much lung tissue is spared. It will determine if life can be maintained." In simple terms, aspiration can mean death.

"Children," Ellis says, "are more likely to aspirate petroleum products than adults." Ellis recently watched two 15-month-old girls, in unrelated cases, die of petroleum distillate aspiration. "We put them on respira-

Save Fuel, Money By Vacationing In Texas

State Comptroller Bob Bullock said Monday that gas line-weary Texans will save both fuel and money if they vacation in Texas this summer.

Texas continues to have the lowest gasoline tax rate at five cents a gallon, Bullock said, adding that short, in-state trips will conserve more fuel than long, cross country vacations.

The highest gasoline tax rate is 12 cents a gallon in Washington.

Bullock said gasoline tax rates in the nation's nine northwest states are nearly double the Texas rate—averaging 9.5 cents a gallon.

Nine states—Arkansas, Georgia, Iowa, Michigan, Montana, Nebraska, Pennsylvania, South Dakota and Washington—have recently increased gasoline tax rates.

Bullock also said consumers who are seeing their budgets chewed up by inflation benefit from Texas' low sales tax rate. The state's four percent sales tax is lower than the tax rates levied in 18 other states and equal to the rate set by 10 states.

The highest sales tax rate—seven percent—is levied by Connecticut.

Vacations may never be free,

but we would much rather be safe than sorry."

"Sometimes it may be that we tend to overreact," Ellis added, "but we would much rather be safe than sorry."

"Children," Ellis says, "are more likely to aspirate petroleum products than adults." Ellis recently watched two 15-month-old girls, in unrelated cases, die of petroleum distillate aspiration. "We put them on respira-

tion. "Children," Ellis says, "are more likely to aspirate petroleum products than adults." Ellis recently watched two 15-month-old girls, in unrelated cases, die of petroleum distillate aspiration. "We put them on respira-

Mid-Plains Telephone To Build New Headquarters Building

Mid-Plains Rural Telephone Cooperative, Inc. took a step toward making its new headquarters building a reality on July 26 with the opening of bids for construction. Bids were opened at 4:00 p.m. at the Swisher Memor-

Bullock said, but Texas' lower tax rates will stretch holiday dollars.

Bring Chairs To The Barbecue

People are being asked to bring their own chairs with them to the barbecue to be held on the courthouse square August 9 at 5:00 p.m.

These can be your lawn or folding chairs.

Holt Family Reunion Held Here Sunday

The G. C. Holt family held its reunion Sunday, August 5, at the Silverton School Cafeteria.

Ninety-one family members and friends participated in the reunion. This occasion was a joyful event, for there were cousins in attendance who had not seen one another for 30 years.

A bountiful lunch was served at noon, and this was followed by the entertainment to which everyone looks forward each year. W. A. Holt played old fashioned hoe-downs on his fiddle, and was joined by the following with guitars, piano and fiddles: Betty McPherson, Dock and Wanda Wallace, Bobby McPherson, Blake Kitchens and Brian Vining. Joan and Brian Vining added several vocal selections.

Attending were W. A. Holt, Mr. and Mrs. Bryant Eddleman, Mr. and Mrs. Edwin Dickerson, Clinton Dickerson, Mr. and Mrs. Winston Hamilton, Mr. and Mrs. Jerry Baird, Kori and Kerry, Mr. and Mrs. Billy Wayne Garvin, Mr. and Mrs. Lenton Lanham, Mr. and Mrs. Charley Holt, Mr. and Mrs. Rex Holt, Mr. and Mrs. David Holt, Lance and Zeb, Mr. and Mrs. Robert McPherson and Bobby, Mr. and Mrs. Dock Wallace and Mr. and Mrs. Doc Minyard, all of Silverton;

Also, Mr. and Mrs. Wayne Hamilton, Todd and Tammy, Eric Cox, Tulia; Mr. and Mrs. Bill Enloe, Allen, Mr. and Mrs. Dink Bishop, Floydada; Mr. and Mrs. Lester Green, San Antonio; Mr. and Mrs. Edgar Holt, Graham; Jan Buffin and son, Munday; Mr. and Mrs. Jack Osborne, Pampa;

Also, Mr. and Mrs. Frank Shaffer, Perryton; Jill Daniel, Rockwall; Randa McDaniel, Plainview; Mrs. Kit McDaniel, Hale Center; Mr. and Mrs. James Carthel and Darla, Mr. and Mrs. Mike Holdaway, Amarillo; Mr. and Mrs. Bill Gaither and Angela and Mrs. Annie McGary, Spearman;

Also, Mr. and Mrs. Travis Holt, Weatherford; Mrs. Irene Holt,

ial building in Tulia, and Pharr Construction, Inc. of Lubbock was the low bidder with a base bid of \$427,777.00. An alternate for construction of portions of the sidewalks, paving, and storage yard fencing amounting to \$20,700.00 was also accepted.

Construction is expected to begin within 30 days and is due to be completed in 300 calendar days from the start.

The new building is to be located in the 400 block of North Hale Street in Tulia, one block south of Wilkerson Ford. Office facilities will occupy 8100 square feet with the unfinished indoor storage for cable and material taking up 6100 square feet of space. All areas of the new plant will comply with all governmental requirements for safety, handicapped persons, and energy efficiency.

Space requirements have been planned for growth through 25 years, with possible additions to go beyond that time.

A total of seven bids were received from contractors in Amarillo, Plainview and Lubbock. Of the three lowest bids, the base bids ranged from the low of \$427,777.00 to \$439,235.00, all in line with the architect's estimates.

The present offices are overcrowded, cutting down on efficiency and productivity. Not only will employees appreciate the new facility, but members also should enjoy the roomier, more convenient offices when conducting business at the headquarters.

Cleveland; Mrs. Gayle James, Rhonda and James, Spring; Mr. and Mrs. Brian Vining, Pampa; Mr. and Mrs. Clayton Pigg and Chrissi, Quitaque; Mr. and Mrs. Jerry Frizzell, Michelle, Tammy, Russell and Kyle, Fritch; Mr. and Mrs. Guy Cope, Amarillo; Blake Kitchens, South Plains; Kaoru Otake, Meto, Japan; Yoshiaki Hibono, Meto Japan;

Also, Mr. and Mrs. Norlan Dudley, Mr. and Mrs. Johnny McNamara and Reana, Mr. and Mrs. Doug Turner, Chad, Neal and Michelle Aaron, all of Lubbock.

Wayne and Marion Hamilton, Jerry and Jealeta Baird were the host couples for the 1979 reunion. Wayne Hamilton conducted a business meeting at the close of the reunion. David and Debbie Holt, Karen and Doug Turner were chosen as hosts and hostesses for the 1980 Holt reunion.

The American farmer builds two things better than anyone else in the world. He builds the next generation, passing along a special kind of wisdom... respect for the soil, honesty, independence, and faith in the future. And he builds his land, leaving it better than he found it. That kind of building usually requires borrowed long-term capital. That's where we have helped for 60 years.

Norris Reunion Held Here Recently

A Norris reunion was held in the home of Mr. and Mrs. Charlie Parker July 28-29.

Chaplain and Mrs. Elvin Norris, Martin and Mike, now of Yuma, Arizona, visited here from July 25 through August 1. Mr. and Mrs. Shorty Hutson, Ken and Brandi of Hereford were here from July 25 through July 29. Mr. and Mrs. Leland Norris and Wesley of Monahan visited July 28 through August 1.

Others attending July 28-29 were Susie Parker, Canyon; Mr. and Mrs. Brit Parker, Bartlesville, Oklahoma; Mr. and Mrs. Ed Thomas, Angela and Loneta, Hereford; Mr. and Mrs. Jack Davis, Annie Williams, Mr. and Mrs. Dwain Henderson, Wayne, Zane and Sonya, all of Silverton;

Attend Youth Meeting in Houston

Young people from the Rock Creek Church of Christ attended a youth meeting in Houston over the weekend. They were accompanied by Mr. and Mrs. Elton Cantwell.

Others making the trip were Barry and Michelle Francis, Katy Francis, Becky Francis, Donna Rowell, Roger Cantwell, Brenda Cantwell and Mary Chris Cantwell. Also travelling with the Silverton group were Dean and Elvin Corder of Lubbock and Shellie and John Baldwin of Brownfield.

Elton and Lanita Cantwell were guests in the home of Mr. and Mrs. Randy Cantwell, Samantha and Carol, while in Houston.

Mr. and Mrs. Perry Thomas and their granddaughters, Juanah Sue and Melissa Woods, have recently returned from a trip to Wichita, Kansas, where

Mr. and Mrs. Gene Davis and Warren, Wellington; Mr. and Mrs. Jackie Davis, Sunny and Matt, Memphis; Mrs. Naomi Yocum, Mr. and Mrs. Gale Yocum, Tabatha and Gale, Tucumcari, New Mexico; Mrs. Wanda Wilcox, Mrs. Margaret Motzenbocker and Leslie, Albuquerque, New Mexico; Mrs. Ruby Farmer, Dallas; Mrs. Joyce Greaser and DeShane, Portland, Oregon; Mr. and Mrs. Mike Norris, Dyrle and Andrea, Amarillo.

they visited Mr. and Mrs. Don Thomas, Jeff and Amy.

Don Thomas has been on several trips for Cessna Aircraft recently, and returned home from Australia while his family was there.

Perry Thomas has recovered well following his recent surgery, and is now back at work in the shoe shop.

Mrs. Iris Graham of Amarillo returned home Monday after having visited here with Mrs. Jettie Hardcastle for several days. The two returned last week after a visit in Denver, Colorado with friends and after spending two weeks in Cheyenne, Wyoming with Mr. and Mrs. Al Stevenson during the rodeo and tornado. Mrs. Hardcastle reports that the

damage done by the tornado and the hail storm which followed it did an almost unbelievable amount of damage to homes and also to the Governor's mansion. The tornado passed a block away from the Stevenson home.

Mrs. Veda Cantwell of Carrollton visited relatives and friends here last week.

MRS. JOHNNY D. WOOD

☆☆☆ ☆☆☆
Harris - Wood Vows Exchanged Recently In San Antonio

Mary Eileen Harris and Johnny Dalton Wood were wed July 27 at 7:00 p.m. in San Antonio, Texas. Parents of the couple are Dr. and Mrs. Robert E. Harris of San Antonio and Mr. and Mrs. Clayton D. Wood of Dell City. The bride was given in marriage by her father. She wore her mother's wedding gown of silk taffeta and Alencon lace with scalloped Sabrina neckline, long sleeves, and full skirt. Her veil fell from a lace cap trimmed with pearls and she carried a bouquet of cascading phalaenopsis orchids with ivy, bridal pink roses and lily of the valley. The bride's attendants were her sisters, Martha Lynette Har-

ris, Janice Frances Harris, Jean Ellen Harris, and sisters of the groom, Tracy Ann Wood and Kelli Lois Wood. Victor Reyes of Levelland served as best man. Serving as groomsmen and ushers were Chris Snodgrass, Dell City; Howard Tooley, Amherst; Darrel Mauldin, Clyde, and Bill Harris, brother of the bride. Following the ceremony, the bride's parents hosted a reception at Lazy Oaks Ranch. After a short wedding trip the couple will be at home in Dell City until they return to Abilene Christian University in September.

Couple Being Honored As "Pioneers Of The Day"

What Briscoe County residents could be more appropriately honored as "Pioneers of the Day" than George and Agnes Seaney? This was the feeling of the L. O. A. Junior Study Club members when they chose to honor these long-time residents of the community. The L. O. A. Junior Study Club is proud of all the pioneers and what each has done to make this an outstanding community. It was felt that the Briscoe County Birthday Celebration was an appropriate occasion on which to honor and learn more about long-time local residents.

George Seaney and the former Agnes Adcox were married December 14, 1919, and came to Briscoe County from Erick, Oklahoma, leaving there December 10, 1924 in a covered wagon loaded with all their belongings and pulled by four horses. Their daughter, Donaleta (now Mrs. Pascal Garrison) was one year old at that time. They stayed in Shamrock the first night and the roads were covered with snow and ice. They had to tie their wagon wheels when going downhill because it was so slick. They

GEORGE AND AGNES SEANEY—1919

cooked by the campfire and took turns walking behind the wagon three or four miles a day. On the third day they reached the Salt Fork of the Red River north of Clarendon. They drove in the water and broke a coupling pole in their wagon. A crew of men who were building a bridge and had quit for the day repaired the wagon and would not take any pay. It was after dark when they arrived at the wagon yard in Clarendon and the manager and his wife came out and invited them to a square dance at their home at which there was a table laid with all kinds of food.

Maybe these experiences are part of the reason why George and Agnes Seaney are such warm and hospitable people. Entertaining in their home has always been a great joy, and the Seaneys have always opened the door of their home.

During the first year after reaching the Plains, George had two milk cows and 24 laying hens, along with a garden. They

had to go to the canyons to get wood to burn in their cookstove and heater, and cowchips also were used. Their son, Cecil, was born at home in 1927.

Years later, after moving to Swisher County and then back to Briscoe County, they ran a milk route, picking up milk and hauling it to the Swisher Creamery in Tullia.

George and Agnes have always loved playing "42" and after working hard all day they enjoyed inviting friends to their house. During a deep snow one winter, the Arnold Browns and the Dee McWilliams would drive out as far as they could in the car and George would meet them on a tractor and they spent several weekends that winter playing "42".

From 1944 until 1963, when he retired, George and Agnes operated a hardware store.

They have always taken an active part in the community. George has served as president of the Silverton Cemetery Association since 1947. He has taken care of the grounds at the cemetery for years, and everyone is proud of how beautiful it is. The Seaneys both collect Memorial Day donations and memorial gifts for the cemetery. They keep books on memorials and furnish lists of the donors to the families involved.

They are active, devoted and faithful members of the United Methodist Church, where their influence continually bonds the christian fellowship.

George and Agnes have greatly enriched the lives of their two children, five grandchildren and eleven great-grandchildren by the heritage they share, the example they set and the love they give.

Each newcomer to the Silverton community, regardless of age, is given a special place in the hearts of the Seaneys. They both have been blessed with a keen awareness of the needs of others. As special friends, they are always among the first to offer a casserole, bake a cake, send a card, or share a concern.

What a contribution George and Agnes Seaney have made to the life of each Silverton-area resident!

Deputy Sheriff Johnny Butler of Quitaque was taken to Hall County Hospital in Memphis Friday by the Quitaque Ambulance Service. He returned home Monday, but expects to return to the hospital for surgery later this week.

Mrs. Amelia Johnson of Quitaque and Ronald Kitchens were married June 27 in Silverton. They left immediately for a trip to Canada. They were met there by Mr. and Mrs. W. E. Schott, jr., and the two couples continued their sight-seeing trip together.

BOOT RACES

There will be Boot Races every night at the rodeo. There will be a \$5.00 entry fee per team, winner take all.

Mrs. Daphne Lytle was to enter Central Plains Hospital Wednesday, and expected to undergo surgery on her leg today.

Younger - Meyer Vows Exchanged In Silverton On July 27

Miss Lisa Younger became the bride of Tim Meyer in a double-ring ceremony Friday evening, July 27, at the home of the bride's parents. The Rev. Jesse Dea, pastor of the First United Methodist Church in Silverton, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Roy Younger of Silverton, and the bridegroom is the son of Mr. and Mrs. Billy Meyer of Turkey.

Boston ferns on pedestals decorated the nuptial area.

Given in marriage by her father, the bride wore a formal gown of candlelight chiffon. Embroidered lace accented the Queen Anne collar and the bodice to form a V-shape yoke. Full sheer sleeves were trimmed with a ruffle cuff and lace. The bride's fingertip veil was edged with Chantilly lace. She carried a cascade of white daisies entwined with ivy atop a lace-covered Bible.

To carry out tradition, the bride chose her Bible as something old, borrowed a pair of opal earrings from Mrs. George Reed, and added a blue garter. Her wedding ensemble was new and she placed pennies in her shoe minted in the birth years of the bridegroom and herself.

Mrs. Lyndall Couch, sister of the bride, served as matron of honor. Bridesmaids were Mrs. Douglas Bradford, sister of the bride, and Miss Jacqueline Reed of Quitaque.

Ronnie Stewart of Quitaque served as best man. Groomsman were Douglas Bradford and Lyndall Couch, both of Silverton.

Reception guests were registered by Shanlee Meyer, sister of the groom. A small candelabra with tapers in pastel colors accented the reception table which was covered with a green cloth and white linen overlay.

The three-tiered cake was decorated with spring flowers. Refreshments were served with crystal and silver appointments by Karla Meyer of Turkey and Mrs. Randy Fraser of Groom, sisters of the groom, and Cynthia Speer of Lubbock.

After a wedding trip to Dal-

las, the couple is making their home north of Quitaque.

The bride is a 1979 graduate of Silverton High School. The groom is a 1974 graduate of Valley High School.

REHEARSAL PARTY

The groom's parents were hosts for a rehearsal dinner at the Sportsman Restaurant in Quitaque.

TUESDAY WILL BE WORK NIGHT

Tuesday, August 14, will be family work night at the Silverton Football Field. All parents, Booster Club members and fans are asked to be at the Football Field at 8:00 p.m. Bring your hoes, rakes, brooms, etc.

Frizzell Rites Held At Lockney

Funeral services for Alvin Elco Frizzell, 90, of Floydada were conducted at 10:00 a.m. Monday at the First Baptist Church in Lockney, with the Rev. Floyd Bradley, pastor of the First Baptist Church in Floydada, officiating. Assisting was the Rev. John Jenkins, pastor of the First Baptist Church in Lockney. Burial was in the Lockney Cemetery, with arrangements under the direction of Moore-Rose Funeral Home.

Mr. Frizzell died at 11:37 a.m. Friday at Lockney General Hospital.

Born September 7, 1888 at Bible Hill, Tennessee, Mr. Frizzell married the former Ethel Greenway on February 14, 1955 in Lockney.

A retired farmer, Mr. Frizzell moved to Floyd County in 1908 from Caddo, Oklahoma. He was a member of the First Baptist Church of Floydada.

Survivors include his wife, of the home; four sons, Hubert Frizzell, Jack Frizzell and Pat Frizzell, all of Lockney, and Milton (Snooks) Frizzell of Silverton; two daughters, Denz Boyter of Lubbock and Mrs. George (Laverne) Long of Silverton; a brother, G. A. Frizzell of Globe,

Mrs. Lane Buried At Clarendon

Funeral services were conducted at 4:00 p.m. Tuesday at the Calvary Baptist Church in Clarendon for Mrs. Marie Lane, 64, who died Sunday. Officiating were the Rev. Lowell Hall, pastor of Independent Baptist Church in Rome, New York, and Richard Roehr of Silverton. Burial was in Citizens Cemetery at Clarendon by Robertson Funeral Directors.

Mrs. Lane was born in Comanche County and had lived in Donley County since 1937. She was a member of the Calvary Baptist Church.

She married J. B. Lane in 1931.

Survivors include her husband; four daughters, Mrs. Carol Hall of Clarendon, Mrs. Joanna Hall of Rome, New York, Mrs. Joan Roehr of Silverton and Mrs. Eva Turner of Amarillo; a son, David of Clarendon; her father, Jay Durham of Idabel, Oklahoma; a sister, Mrs. Helen Rector of San Angelo; a half-brother, Jay Durham, jr., of Idabel, Oklahoma; 15 grandchildren, including Merle, Debra, Mitchell and Monte Roehr of Silverton, and three great-grandchildren, including Amy Roehr of Silverton.

Visiting in the homes of Mr. and Mrs. R. L. Hill and other relatives the past two weeks have been Mr. and Mrs. Dick Reid, Richard and Amy of Idaho Falls, Idaho.

Arizona; two sisters, Mrs. W. H. Workman of Lockney and Mrs. Ethel Warren of Floydada; 15 grandchildren and 21 great-grandchildren.

Pallbearers were grandsons, David Frizzell, Jerry Frizzell, Lynn Frizzell, Tony Frizzell, Nicky Long and Mike Boyter.

The Carpenter's FRIEND

To build... one must have plans, and plans give exact measurements. The carpenter who makes careful measurements finds that the work is made easier. Careful measuring prevents waste... waste of time and materials. Therefore the measuring device is truly a friend to the carpenter.

The church wants to be your friend, and help you to a easier and better way of life. The Bible clearly gives us a way to measure life. Through many centuries man has found no better rules than those given in the Bible.

Attend church and receive the friendly welcome that awaits you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DON AND SYBIL HARRINGTON CANCER CENTER

Harrington Cancer Center Will Be Unique In Texas

From the architectural design of the building, to the utilization of the newest concepts in treatment of cancer patients, the Don and Sybil Harrington Cancer Center will be "one of a kind" for the State of Texas.

The Center, which will be built in the Amarillo Medical Center, is scheduled to begin construction in September and completion is expected in 1981. To develop a comprehensive

plan to treat and manage cancer in the Panhandle area, consultants from Washington, D. C., Madison, Wisconsin, Sacramento, California, and M. D. Anderson Hospital, representing many different types of cancer programs were brought to Amarillo.

The result of this consultation was the formation of the Panhandle Area Cancer Council which is responsible for the Center.

The Don and Sybil Harrington Cancer Center is designed to support and work with existing cancer programs and activities at St. Anthony's Hospital, High Plains Baptist Hospital and Northwest Texas Hospital.

A new facility is needed to implement the new concepts of cancer treatment and to provide a "visible sign of hope" to residents of the Texas Panhandle area in the fight against cancer.

Because only about 10% of cancer patients actually need hospitalization, the Don and Sybil Harrington Cancer Center's approach to treating cancer will be ambulatory. Patients can live at home in familiar surroundings

with family and friends while coming to the center for treatment.

The center will be better equipped to deal with the realities of cancer than most hospitals. In a hospital, efforts are geared to getting the patient well. Unfortunately, a cancer patient often will never recover, but with proper treatment the disease may be arrested and the patient rehabilitated to lead a relatively normal life for the duration of the disease.

Over the past 20 years, a quiet revolution has occurred in this country in the treatment of cancer. And, at this time it has become increasingly clear that the

multi-disciplinary approach is most effective in the treatment of patients with cancer.

A group of small independent clinics will be created to provide the patient immediate access to the full range of specialists necessary for modern cancer treatment. The emphasis will be on "small" to insure a personal relationship between the patient, his family and the professionals treating him.

Before a patient with cancer is treated at the Don and Sybil Harrington Cancer Center, he or she will be evaluated by a team of specialists such as surgeons, radiation oncologists, medical oncologists and others. (An oncologist is one who specializes in the treatment of cancer.)

For example, in breast cancer, it is important to decide if pre- or post-operative radiation therapy is necessary. It must also be determined if chemotherapy should begin following surgery or be delayed until a recurrence is evident.

Psychological impact on a patient in the loss of her breast requires the sympathetic support of a social worker and perhaps a psychiatrist. And as other forms of treatment become more proven and valuable, they will easily fit into the multi-disciplinary mode of cancer treatment.

In the design of the building, architects Paul Rudolph of New York and Wilson/Doche of Amarillo have made an effort to create an environment of support, concern and indeed love. They have conceived the Don and Sybil Harrington Cancer Center as a large home with a protective roof overhanging a sheltered porch courtyard.

The interior is designed to maximize natural light to give a sense of space, to let in the life which will surround the facility, and to make the patient aware

of the beautiful sky which is the predominant natural feature of the Panhandle area.

Whenever possible corridors, which create a sense of isolation and depersonalization, have been omitted. For example, the second floor corridor will be a balcony overlooking the entrance to the courtyard. Stretcher patients from High Plains Baptist Hospital and Northwest Texas Hospital will enter the center via the second floor balcony and will have a full view of the light and life around them.

The Don and Sybil Harrington Cancer Center will contain the latest in cancer treatment and diagnostic facilities. A radiation therapy section, which will house two linear accelerators, a pharmacy and laboratory, are planned.

A treatment planning module will be instituted at the center and will be shared with St. Anthony's Hospital. Space has been provided for the Panhandle Regional Tumor Clinic and Registry and the American Cancer Society. The center will also contain an amphitheatre for the purpose of cancer education.

The "quiet revolution" in cancer treatment has been due in large part to research that has come out of America's universities. The Don and Sybil Harrington Cancer Center will develop a cancer research program in affiliation with the Texas Tech University School of Medicine. The center will also be physically connected to the Regional Academic Health Center of Texas Tech University.

To make the center a reality, two grants totaling \$4 million have been made to the Panhandle Area Cancer Council from the Harrington Foundation. The construction site of 3.73 acres and \$60,000 for interim financing of operational expenses was

Area Antelope Population Stable

The antelope herds are monitored each year by personnel of the Texas Parks and Wildlife Department and a recent aerial count in the Texas Panhandle found the herd population up a little from 1978.

"Antelope are open-country animals which makes them easier to count from the air and we tallied 2,256 animals on a recent aerial survey in the Panhandle," said David Dvorak, project wildlife biologist.

"The P&WD will probably issue the same number of antelope permits to the area landowners as were issued last year which was 353," Dvorak continued.

The wildlife biologist noted that the traditional antelope range observed during the survey was in excellent condition with plenty of forb plants available to the animals.

The survey crew also counted 142 coyotes while flying the ranches which is a marked increase over last year's count of the predators.

The 1979 antelope season for the Panhandle, Permian Basin, and Trans-Pecos regions has been set for September 27 - October 7.

granted to the project by the Amarillo Area Foundation.

A campaign to raise a minimum of \$1.5 million from regional contributors will begin August 6 under the leadership of businessman Ed Fancher and civic leader Betty Howell. Serving on the steering committee to direct the campaign are Mrs. Lee T. Bivins, C. A. Cash, James R. Cook, Gene Edwards, Mrs. T. Boone Pickens, Berl Springer, Tol Ware and K. Bert Watson.

Customer averaged billing plan

Southwestern's Averaged Billing Plan is designed to minimize the ups and downs in your electric bill.

If you've wished the amount of your electric bills could be more consistent every month instead of changing so much between seasons — here's a way...

The Averaged Billing Plan is provided to HELP SMOOTH OUT THE HIGHS AND LOWS that occur in your electric bills. As the name implies, this plan arranges for you to pay an "average" rather than the actual amount used each month.

Who's eligible for this plan?

Any residential customer with satisfactory credit, whose average bill is \$25.00 or more, can request the Averaged Billing Plan.

How to get started.

All you have to do is call

Southwestern Public Service Company. There's no charge for participation in the Averaged Billing Plan. If for any reason you decide to drop the plan once you've started, just notify us. Payment by Automatic Bank Draft can also, in most cases, be arranged.

This is how the Averaged Billing Plan works.

The dollar amount of your electric bill each month will be determined by averaging the actual dollar amount of your bill for the past 12 months. When the amount you have paid does not cover the amount you have used, 15 percent of the difference will be added to your monthly average.

So, the Averaged Billing Plan does not change your rate, but allows you to pay less during high-use months and make up the difference by paying more during low-use months.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.000 miles of Railroad Crossing Approach and Pavement Markings at Various Locations Throughout Dist. 25 on Various Highways, covered by RRP 000S (114) and RRO 000S (84) in Briscoe, etc. County, will be received at the State Department of Highways and Public Transportation, Austin, until 9:00 a.m., August 23, 1979, and then publicly opened and read.

The State Department of Highways and Public Transportation, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the U. S. Department of Transportation (15 C.F.R., Part 8), issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the ground of race, color, or national origin, and further that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award. Plans and specifications including minimum wage rates as provided by Law are available at the office of Vance L. Castleberry, Resident Engineer, Childress, Texas, and State Department of Highways and Public Transportation, Austin. Usual rights reserved. 32-2tc
