

Miss Mackenzie Pageant to be Staged Saturday

The Sixth Annual Miss Mackenzie Pageant will begin at 8:00 p.m. Saturday, September 29, in the Silverton School Auditorium under the sponsorship of the L. O. A. Junior Study Club. Admission will be \$2.50 for adults and students, and \$1.00 for preschoolers.

Thirty girls between the age of 16 and 18 from the cities of Lockney, Floydada, Tulla and Silverton will be competing for the honor of being Miss Mackenzie. These four cities make up the Mackenzie Municipal Water Authority which built Lake Mackenzie to provide a reservoir for

future municipal water needs. Miss Mackenzie is expected to promote and advertise Lake Mackenzie.

"Miss Mackenzie—Disco Dolls" is the theme for this year's pageant, and the contestants will appear in disco fashions.

The current Miss Mackenzie, Melba Dobbs of Tulla who is now attending Texas Tech University in Lubbock, will be present to crown her successor.

Mrs. Nelda Laney, wife of State Representative Pete Laney of Hale Center, will be master of ceremonies for the pageant.

Door prizes which have been

donated by merchants of the four towns, will be given away during the pageant.

The contestants will meet the judges and be interviewed at a Coke Party at 3:00 p.m. Saturday in the Pioneer Room at the First State Bank. This activity will be hosted by the Century of Progress Study Club of Silverton.

Judges for this year's pageant are Mrs. Karen Laney, Hale Center; Lynette Thuet, Post, of the Robert Smith Modeling School in Lubbock, and Doug Hodel of Lubbock.

The contestants will be assist-

ed onto the stage by Bill Denton and Mike Cornett, Silverton High School students.

Junior usherettes, who will be handing out programs, are Tami Edwards, Michella Gee, Rhonda Potter and Rita Denton, Silverton Junior High students.

Jack Robertson, jr. of Lubbock will be making pictures of the contestants before and during the contest. A \$5.00 deposit will be needed and this will pay for the proofs that will be mailed to each contestant. If additional pictures are desired the \$5.00 will be applied on the pictures.

All Around the Town

Area newspaper correspondent Carolyn Kitchens and the Silverton Funeral Home have been quite upset this week by the Amarillo Daily News' handling of Silverton's obituaries.

One of them they just simply omitted after it had been called in to them, and the other they edited, "to add some excitement," in the words of one of their employees.

Those involved in calling in the obituaries are at a loss to understand why these things have been done, but ask that the people give them their understanding while they are trying to straighten out this situation.

Wes Fleming, 20 Buried Tuesday

Funeral services for James Wesley (Wes) Fleming, 20, were conducted at 2:00 p.m. Tuesday at the Silverton Church of Christ with Earl Cantwell, minister of the Rock Creek Church of Christ, officiating, assisted by Dwight Rampley, a cousin of the Flemings.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Fleming died of injuries received in a one-vehicle rollover on south Main Street in Silverton about 11:30 p.m. Sunday.

Born January 12, 1959 in Tulla, he was the eldest child of Mr. and Mrs. Leo Fleming. He lived all of his life in Silverton and had attended Silverton Schools. He had been employed by Fleming Well Service and Ray Thompson Implement Company. This summer he had been employed by Champ McGavock in the cotton harvest in the Valley of Texas, and was spending the weekend at home at the time of his death. He was a member of the Silverton Church of Christ.

Survivors, in addition to his parents, are two sisters, Mrs. Annette Grady of Silverton and Miss Scotti Fleming of Amarillo; a brother, Cary Fleming of Silverton; his grandparents, Mr. and Mrs. L. E. Davis and Mr. and Mrs. Walter Fleming, all of Silverton, and great-grandparents, Mr. and Mrs. J. D. Nance and Mrs. Stella Davis, all of Silverton.

Pallbearers were Jeff Jones, Danny Perkins, Gary Younger, Kirk Durham, Mike Cornett and John Burson, all of Silverton; Brad Ziegler of Turkey and David Strange of Canyon.

Comment Period Extended To Oct. 1 For Corn, Soybeans, Sorghum

The comment period on U. S. Department of Agriculture proposals for the 1980 corn, sorghum and soybean programs has been extended to October 1, according to John Goodwin, acting administrator of the department's Agricultural Stabilization and Conservation Service.

Goodwin said the period was extended from September 18 because of changes in the 1979 feed grain supply-use situation and continuing transportation

difficulties. Current legislation requires the department to announce the 1980 feed grain program no later than November 15, but department officials hope to make their decision before then.

Comments should be sent to the director, production adjustment division, ASCS, USDA, Rm. 3630-S, P. O. Box 2415, Washington, D. C. 20013.

All comments will be available for public inspection at the office of the director during regular business hours.

of us are much confused about true happiness, but our Lord knew precisely the attitudes and experiences that make for genuine blessedness. In the matchless sermon on the mount the very first word that fell from His lips was "Happy (blessed) . . ." (Mt. 5:3) He knew this was the basic concern of His hearers, so He got right to the point: "Happy are the poor in spirit . . . they that mourn . . . the meek . . . they that hunger and thirst after righteousness . . . the merciful . . . the pure in heart . . . the peacemakers" "Think on these things!" Ben Franklin once advised, "My friend, all the constitution guarantees you is the pursuit of happiness. You have to catch it yourself." If you'd catch it, follow Jesus' instructions in Matthew 5.

COMMUNITY CONCERTS MEMBERSHIPS NOW BEING RENEWED

Current members of Plainview Community Concerts in the Silvertown area should have received renewal forms for the 1979-80 season, according to Mrs. Jack Strange, Silvertown chairperson.

Mrs. Strange urges that all members return their forms to Mrs. Graddy Tunnell, Box 1525, Plainview, with their check for their memberships at the earliest possible date. Members who fail to receive the renewal forms should mail their money to the same address, or contact Mrs. Strange.

For 35 years, Plainview Community Concerts has brought the nation's top artists to this area, in addition to a large number of international performers.

Headline attractions for this season will include "South Pacific" on October 31; Texas Boys Choir, November 10; Bayanihan Philippine Dance Company, January 30; Fred Waring and the Young Pennsylvanians, February 14, and Duo-pianists Grant & Winn on March 4.

All performances will be in Herral Memorial Auditorium on the Wayland Baptist College campus, with the exception of Fred Waring, who will be presented in Plainview High School auditorium. All attractions will begin at 8:00 p.m. except "South Pacific" and the Bayanihan Dancers, which will be at 8:15 p.m.

Each member's annual dues of \$15 entitles him to attend all concerts for the season. When the campaign closes, no memberships are offered. No tickets to individual performances are sold and admission to the concerts is by membership card only.

TELETHON PRODUCES RECORD PLEDGES

The 1979 Jerry Lewis Labor Day Telethon to benefit the Muscular Dystrophy Association (MDA) went off the air with a record \$30,075,227.00 in pledges. In the Amarillo viewing area, where the telethon was seen on KFDD-TV, \$149,998.00 was pledged. In Silvertown, \$347.00 was pledged and in the MDA canisters was \$28.78, a total of \$375.78.

Telethon '79, which was broadcast by a specially assembled "Love Network" of more than 200 television stations in the continental U. S., Hawaii, Alaska and Puerto Rico, originated from Del Webb's Hotel Sahara in Las Vegas for the seventh consecutive year. Telethon host Jerry Lewis said after the show, "the

What Think Ye?

When one thinks about people, trouble grows. When we think about God, trouble goes. When we flee from God we run into trouble.

Old truths are always new to us if they come with the aroma of heaven upon them, and the greatest respect we can show for truth is to use it.

In our quarreling, the truth is always lost. Let us, rather, reason one with another.

Error addresses the passions and prejudices; truth appeals to the conscience and understanding. The successful search for more truth must first begin by our living what truth we know.

Everyone wishes to have the truth on his side, but too few wish to be on the side of truth.

Jesus prayed, "Sanctify them through Thy truth, Thy word is truth." Many people seem to be worried about the scriptures they do not understand. But from the way so many live, one would think they had better be troubled about those they can understand.

A task without vision is drudgery. A vision without a task is dreaming. A task with a vision is victory. One day Michelangelo saw a block of marble which was, by the owner, thought to be of no value. "It is valuable to me," he cried. "There is an angel imprisoned in it and I must set it free."

The church needs a little more footshaking as well as some good handshaking, and one wise man said that one visit is worth a bucketful of letters.

The young minister wishing to make the visitors welcome said, "We thank God for those who are not regularly with us."

generosity of the American public show that we're a nation that really cares and that we'll never let 'my kids' down."

The Silvertown Young Homemakers would like to thank each of you who put your money in the MDA canisters and called in pledges during the Telethon.

PRECIOUS PURSUIT

At Ohio State University a survey was sent to every 42nd name in the directory. Twenty-two subjects were listed such as financial security, getting good grades, personal happiness, racism, over population, etc. The students were asked to check the subject of their main concern among the topics. Out of 642 responses, the one that ranked ahead by far was "personal happiness."

Jesus knew long ago that life's chief quest is happiness. Many

The TIE that Binds...

Man and woman began their married life in church and according to God's holy word are joined together. With the Bible as the basis for the beginning of a new life together, it seems only reasonable that a continued study of God's word would strengthen and serve as a guide to any couple. The Bible can truly serve as a tie that will bind two together in accord. The church as God's agency on earth can help you in Bible study, and with the guidance of the Holy Spirit can help you to understand God's will in your life.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58-11

AS A MAN THINKETH Gerald Beasley A LEECH'S DAUGHTERS

"A leech has two daughters, and both are named 'Give me!'" (Prov. 30:15)

The Bible is replete with warnings against selfishness. Jesus "emptied himself . . . and . . . humbled himself" in our behalf (Philipp. 2:7-8). The Son of God would have His follower "deny himself" (Mt. 16:24).

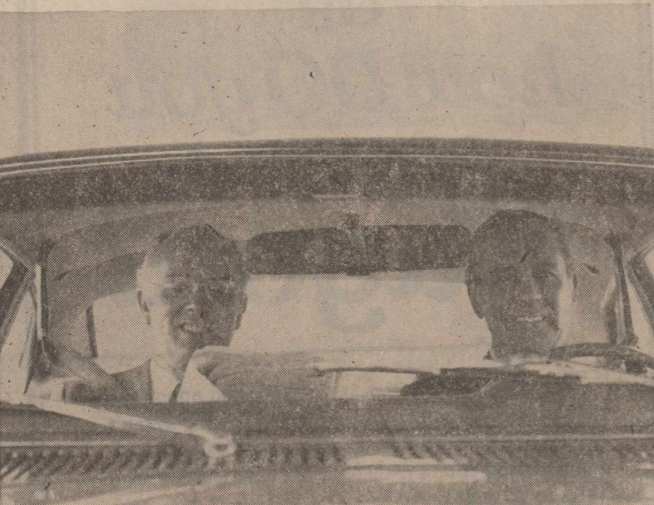

But ugly self is much inclined to query, "What's in it for me?" Self would "feather his own nest," ignoring Bible warnings against avarice, greed, covetousness.

A blood-sucking leech is not pleasant to contemplate, but no less repulsive is the person whose every thought, word and action issues a self-aggrandizing "Give me!"

Jesus "came not to be ministered unto, but to minister, and to give his life as ransom for many" (Mt. 20). In humility, service, self-giving He would be our example. (1 Pet. 2:21).

"It is more blessed to give than to receive."

Double up, America.

Two can ride cheaper than one.

If you drive to work by yourself, you're spending twice as much money on commuting as you should.

That's too much.

Cut it in half. Take a friend.

Not only will your daily commute cost you half as much, but that monotonous trip will be a lot more pleasant.

Let's double up. Carpools are a great way to get where we're going. Faster and cheaper.

ran out.

The Lubbock Avalanche-Journal continues to have Silverton rated among the top five Class B teams on the South Plains, with those teams in this order: 1. Amherst, 3-0; 2. Klondike, 3-0; 3. New Home, 3-0; 4. Silverton, 2-1; 5. Wilson, 2-1. However, ratings mean nothing, and the Owls will have to work hard Friday night to add Lazbuddie to their string of victories.

Elsewhere in District 2-B North Zone Claude played White Deer to a scoreless tie last Friday night; Ralls 24, Happy 20; Crosbyton 29, Motley County 0; Nazareth 7, Hart 0; Valley 60, Spur 0.

This week McLean is at Claude, Amherst is at Happy, Sudan is at Motley County, Nazareth is at Whiteface, and Paducah is at Valley.

The Owls will need all the fan support they can get Friday night. They are at home. Be there!

MRS. GENTRY BURIED

HERE RECENTLY

Mrs. Ella Gentry, 95, of Lubbock was buried in the Silverton Cemetery recently, with arrangements made by Rix Funeral Directors.

Mrs. Gentry died Wednesday, September 5, at the University Villa.

A native of Collin County, she married H. J. Gentry there August 4, 1904. The couple had lived in Kentucky, Alabama, Amarillo and Slaton before moving to Lubbock in 1917. She was a member of the Broadway Church of Christ, and her husband was the engineer on the first passenger train from Amarillo to Slaton in 1917.

Survivors include a son, Bruce Gentry of Lubbock; six grandchildren, nine great-grandchildren and a great-great-grandchild.

lead.

Taking possession of the ball on their own 38, the Tigers began their only successful drive of the game. After making a first down on the Silverton 40, the Tigers passed into the waiting arms of Paul Brannon, but the referees called pass interference against the Owls and gave the Tigers a first down on the Silverton 14. McLean scored from the two with 6:48 remaining to be played in the quarter. They kicked the extra point, and narrowed the score to 12-7.

McLean kicked to the Owls, who were penalized for clipping on the kickoff, and set up operations on their own 22. McPherson made a first down on the Owl 37, then runs by Mark Patton, Brannon and McPherson moved the ball out to the 47. From this point, Brannon passed to Nicky McJimsey, who tipped the ball, it bounced off a Tiger defender and back into McJimsey's arms for another score for the Owls with 4:35 still showing on the clock. Tommy Potter kicked the extra point, and the Owls led 19-7.

The Tigers ran three plays and punted, and the Owls opened another attack which was halted by McLean with 14 seconds remaining in the first half when they intercepted an Owl pass and carried it to the Silverton 27. The Tigers failed on a field goal attempt with one second showing on the clock.

The Owls were unable to move the ball when they took the kickoff which opened the second half of action, and punted into the end zone. McLean made first downs on their own 38 and on the Silverton 47 before Potter intercepted a Tiger aerial on the Silverton 40. This time Silverton's possession resulted in a 15-yard penalty, and the Owls weren't able to gain enough yardage, and punted. McLean fumbled the punt, and Comer recovered for the Owls on the Tiger 19.

Then the Owls returned the favor and fumbled the ball away at the McLean 15. Potter ran McLean's punt back to the McLean 18, and the Owls made a first down on the seven before losing the ball again via the fumble route.

The Owls allowed McLean to complete a pass on the Tiger 30, before defense by Comer and Cornett forced a punt. Silverton's next drive also ended with a fumble which was recovered by McLean.

McLean completed a pass to the Silverton 17, before Cornett recovered a McLean fumble on the Silverton 42. The teams exchanged punts, and with 2:12 remaining to be played in the game, Comer recovered another fumble on the McLean 25. Brannon completed another pass to McJimsey for a first down on the Tiger 15, and the Owls were near the McLean goal when time

WESTWARD DOUGH!

OR
how DO you COVER A Wagon?

The wild, wild West. Land of hope and opportunity to thousands of courageous settlers. But, if it weren't for the dollars of thousands more Americans taking stock in their country, there might never have been a West to go west to.

You see, money raised from the sale of government securities helped us purchase the Louisiana Territory from the French. Other securities helped buy the states of California, Nevada, Utah, western Colorado and most of New Mexico and Arizona from Mexico. Even settlement of the Oregon Territory was made possible through the issuance of United States securities.

Today, you can still take stock in your country's growth by buying U. S. Savings Bonds.

Just sign up for the Payroll Savings Plan where you work. There's no easier, safer way to save or help your country. After all, U. S. Savings Bonds are still a great way for you to go West. Or East, North and South.

Now U. S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. If you need, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and Federal tax may be deducted until redemption.

Junior 4-H Opens New Club Year

The Junior 4-H Club had 25 people present for its first meeting of the year. They were Venita Asebedo, Kori Baird, Donna Boling, Kerry Copeland, Ty Copeland, Rita Denton, Ron Denton, Brandon Eddleman, Joe Ted Edwards, Tammi Edwards, Carman Juarez, Terry Juarez, Earnest Lain, Lisa Lavy, Peter Martinez, Katrice Minyard, Rhett Montague, Linda O'Neal, DeLyn Patton, Rhonda Potter, Todd Reagan, Corey Robertson, Jeannita Stephens, Stephen Stephens and Donna Tomlin. Adults present were Jerry and Vicki Bean and Earnest Kiker.

Officers elected were Joe Ted Edwards, president; Rhonda Potter, vice president; Donna Boling, secretary; Tammi Edwards, reporter; Donna Tomlin and Brandon Eddleman, Council delegates; Rita Denton, head of refreshments; Lisa Lavy, Stephen

Stephens and Kori Baird, telephone committee.

Vicki Bean gave a report, comparing 4-H record books and football. This report changed a few minds about 4-H record books.

The Pledge of Allegiance was led by Stephen Stephens, and the 4-H Motto was given by Todd Reagan. Rita Denton assigned Donna Tomlin and Katrice Minyard to bring refreshments for the next meeting.

Earnest Kiker has asked that all 4-Hers who are interested in feeding lambs or barrows please to contact his office.

TEAMS PLAYING IN LAZBUDDIE TODAY

The junior high and junior varsity Owls will be in Lazbuddie today to play a pair of games beginning at 5:30 p.m.

Both teams were idle last week, and will be working hard for victories today. They need your support.

Booster Club Sees Game Film

The Silverton Booster Club met September 25 in the school cafeteria. Coaches Jerry Watson and Steve Oates showed the Silverton - McLean game film to about 50 Owl fans.

The Booster Club meets each Tuesday night at 8:00 p.m. All junior high, junior varsity and varsity parents and fans are encouraged to attend these meetings.

Pep Rally for junior high will be at 3:15 p.m. Thursdays. Pep Rally for high school will be at 3:00 p.m. Fridays in the gym. Everyone is invited and urged to attend these Pep Rallies.

The football team is in need of old batteries to sell to help pay for their weight machine. If you would like to donate old batteries, call a football player and he will come pick them up, or you may deliver them to the field house yourself.

TURNER REUNION

HELD SEPTEMBER 16

The descendants of J. J. and Hattie Lou Turner met at the Silverton School Cafeteria September 16, 1979, for a noon luncheon and to visit.

Attending were Mrs. John Turner, Lockney; Mr. and Mrs. Roy (Luerany) Hunter, Quitaque; Mr. and Mrs. Lloyd (Marie) Jeffreys, Hale Center, their children and the children of the late D. G. and Eula Shelton.

Others present were Paul and Judith Shelton, Joe, Beverly and Mike Shelton, John, Jennie, Pat and James Shelton, George, Martha and Georgeanna McJimsey, all of Amarillo; Lewis, Sis, Judson, Janna and Lynett Walker, Kress; Autry, Inette, Pattie and Russell Johnson, Edd, Barbara and Eddie Shelton, Virginia, Charles and Jay Thornton, all of Tullia; Latonya Shelton and Vickie Johnson, Canyon; Doug, Karen, Chad and Neal Turner, Lubbock; Donald Ray, Lula Mae, Eric, Johnny and Margee Turner, Odessa; Calvin Shelton, Silverton; John David, Mary, Loretta, Amy, Carolyn and David Turner, Lockney, and Mrs. Herbert Walker, Plainview.

Silverton Young Farmers have been hauling dirt and filling in around the football field during the past week. Booster Club

members have been assisting with this work which should help keep water from standing outside the playing field and

track in the driving and parking area.

Home Energy Check List

Presented At Club Meeting

L. O. A. Junior Study Club enjoyed the hospitality of hostesses Patsy Towe and LaJuan Eddleman Monday, September 17. Members gathered in the home of Patsy Towe for the second meeting of the club year.

Darrah McCammon, conservation chairman, presented a program concerning a home energy check list sponsored by Owens Corning Fiberglass Company. Tips for improving the home were given and ideas for do-it-yourself improvements were shared. Plans were made to present the program for other groups in Silverton.

Sheryl Weaver, international affairs chairman, related facts of several religions of China. It was surprising and informative to learn of the three main religions of a country that people still know very little about.

The Miss Mackenzie Pageant was the main order of business during the planning session conducted by Tina Nance, president, and Gail Wyatt, civic and projects chairman. Work assignments were made and reports of projects already completed were given.

Refreshments were served to Deb Burson, Jealeta Baird, Jane

Self, Tish Whitfill, Paula Garvin, Tina Nance, Gail Wyatt, Martha Millhollon, Susie Tiffin, Sheryl Weaver, Cathey Weeks, and hostesses Patsy Towe and LaJuan Eddleman.

"Time" Is Topic Of Club Program

The Progressive Extension Homemakers met Monday night, September 24, in the Pioneer Room of the First State Bank. Lynda Fogerson gave a program on "Time."

Marsha Brunson presided over the business meeting. The members voted to sell community cookbooks and drew their secret pals for the new year.

Sheryl Breedlove was selected "Clubwoman of the Year."

Refreshments were served by the hostesses, Sheryl Breedlove, Anita Ramsey and Denise Kelum, to Marsha Brunson, Tisa Whitfill, Dorothy Martin, Kathy Kingery, Lynda Fogerson, Belinda Matlock, Bena Hester, Regina Atwood, Roy Reed, Sandra Smith, Debbie Weeks, Nedra Hardin, Ramona Martin and Debbie Barbour.

HARVEST FESTIVAL SLATED SATURDAY

Members of First United Methodist Church of Lockney are putting the finishing touches on items they will donate for the first Harvest Festival to be held Saturday, September 29.

Paintings, quilts, afghans, a deacon's bench, a wooden planter, tool caddy and small wishing well, large plants, tote-painted articles and wall hangings are among the items already given to the auction sale which will begin at 1:00 p.m. Saturday.

A turkey and dressing meal, cooked by ladies of the church, will be served from 11:30 a.m. until the auction begins. Menu will also include green beans, candied sweet potatoes, cranberry sauce, tomatoes, and pecan or pumpkin pie. Tickets are \$3.50 for adults and children over 10 years old, and \$2.50 for younger children.

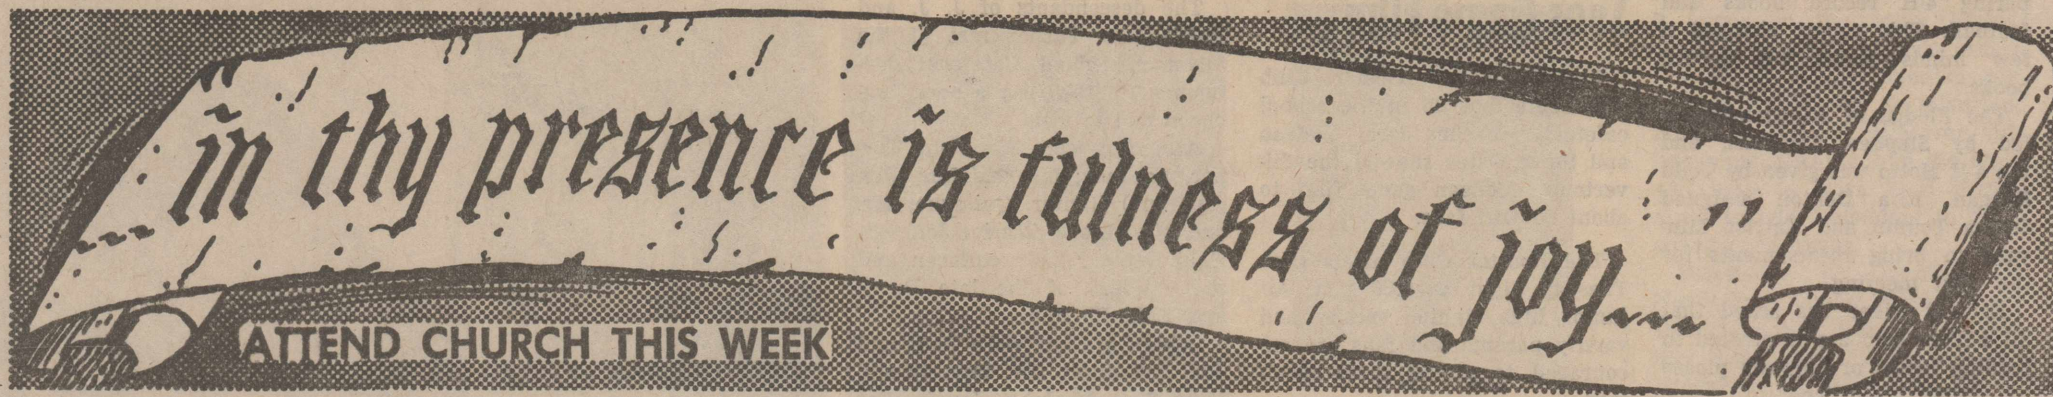

In addition, a "Country Store" for smaller items and plants and possibly Christmas decorations will be open. A "Sweet Shop" will offer for sale baked goods, jellies, etc.

The youth of the church will conduct a car wash from 9:00 until 11:00 a.m. at the church with proceeds to be donated to the Harvest Festival fund.

The public is invited to attend and share this first Harvest Festival with the congregation of First United Methodist Church of Lockney.

The Carpenter's FRIEND

To build... one must have plans, and plans give exact measurements. The carpenter who makes careful measurements finds that the work is made easier. Careful measuring prevents waste... waste of time and materials. Therefore the measuring device is truly a friend to the carpenter.

The church wants to be your friend, and help you to a easier and better way of life. The Bible clearly gives us a way to measure life. Through many centuries man has found no better rules than those given in the Bible.

Attend church and receive the friendly welcome that awaits you.

EVERYONE IN THE CHURCH... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

USDA Seeks Comments On Proposals For 1980 Cotton Program

Before making decisions on the 1980 upland cotton program, the U. S. Department of Agriculture is asking the public to submit recommendations on the program. Deadline for receiving comments is November 19. Ray Fitzgerald, Administrator

KIKER'S KORNER

Earnest Kiker
Briscoe County Extension Agent

There are five keys to successful leadership.

A good leader believes in people, encourages them and gives them responsibility. The leader also acts as a talent scout and develops a positive attitude toward getting things done.

Anyone who is willing to tackle a job that requires cooperating with others can learn to be an effective leader.

This is where the 4-H program comes in—it can help youth become effective leaders.

The national 4-H leadership program, supported by Reader's Digest, stimulates young people to become leaders through a variety of learn-by-doing activities. These activities help turn girls and boys 9-19 into the creative, inspiring individuals that others just naturally want to follow.

As a first step, 4-H members gain self-confidence by becoming experts at something, whether it's baking a cake, fixing a bike or playing a game. Then, they share their expertise with others through demonstrations, speeches and exhibits. Soon they are serving on committees and holding offices in their 4-H clubs. As junior and teen leaders they are assisting younger 4-H'ers with their projects.

Finally, leadership skills learned in 4-H are carried over into the community. Nine national 4-H leadership winners reported activities that ranged from spearheading local charity drives and organizing leadership conferences for inner city teens to chairing a county youth committee for a congressional candidate.

Each national winner received a \$1,000 scholarship donated by Reader's Digest. The high ranking girl and boy won silver trays presented in the name of President Jimmy Carter.

Other recognition for program members includes an expense-paid trip to the National 4-H Congress in Chicago for one 4-H member per state and up to four medals of honor in each county.

Winners are chosen by the Extension Service, which conducts the 4-H program, and awards are arranged by the National 4-H Council.

Further details on becoming involved in the 4-H leadership program are available at the county Extension office.

of the U. S. Department of Agriculture's Agricultural Stabilization and Conservation Service, said public comment is being sought on the following program provisions:

—the target price;

—the national program acreage (NPA) and program allocation factor for upland cotton. (The NPA is the number of harvested acres the department estimates needed to meet domestic and export requirements during the 1980-81 marketing year which begins August 1, 1980. The minimum NPA required by law is 10 million acres. The allocation factor is determined by dividing the NPA for the 1980 crop by the estimated harvested acreage for the crop.)

—the voluntary reduction from 1979 upland cotton acreage in order to guarantee target price protection on total 1980 planted acreage;

—whether there should be a set-aside requirement for upland cotton and, if so, the amount of set-aside;

—if a set-aside is in effect, whether there should be a limitation on upland cotton planted acreage and, if so, the extent of such limitation;

—whether there should be a provision for additional diversion of upland cotton and, if so, the extent of such diversion and the payment therefor.

The national program acreage and the voluntary reduction percentage must be announced by December 14. The remaining provisions have no deadline.

Before these determinations are made, the secretary will consider any written recommendations received by the director, production adjustment division, USDA - ASCS, P. O. Box 2415, Washington, D. C. 20013. Comments will be available for public inspection during normal business hours in room 3630 of the department's South Building.

WHY JARS DON'T SEAL

Sealing failures in home canning can result from some common mistakes.

Take the following precautions to avoid canning failures:

1. Read and follow package instructions for using caps and lids. Don't take it for granted that all home canning caps are alike and are used exactly the same way.
2. Leave correct amount of head space when filling jars.
3. Take time to "knife out" air bubbles before sealing the jar.
4. Remove particles of food, seeds or seasonings from jar top

or threads with damp cloth before putting on lid. Particles left on jar rim can cause lid to seal, then loosen.

5. Tighten bands only comfortably tight to prevent buckled lids. Screwing the band too tight can cause lids to buckle. A band must be tight enough to hold the rubber sealing compound closely against the jar top. However, if the band is forced as far as it can be turned with a strong hand, the jar cannot vent. When the jar cannot vent, pressure within the jar causes the lid to buckle.

6. Heat sufficiently to seal the lid. Follow recommended processing time and method.

7. Exhaust (vent) steam-pressure canner for a full 10 minutes, or until a stream of "blue steam" is visible, before closing petcock.

If steam is not exhausted, there is an uneven amount of steam pressure in the canner. As a result, some lids may seal while others in the same canner load may not.

8. Don't let the pressure in canner fluctuate. This can cause food particles to be forced between jar and lid which will cause sealing failure.

The same thing may happen if steam is released too quickly after processing. Let pressure in canner reach zero degrees naturally before removing cover. Do not run cold water over canner to reduce pressure.

9. Don't reuse jars in which commercial foods are sold.

10. Don't use warped, rusted, worn bands, or old commercial caps.

11. Don't reuse lids. The lid of a two-piece metal cap should not be used more than once.

12. Don't use old jar lids. The sealing compound may be hard and not soften sufficiently to obtain a good seal.

As long as the sealing compound is resilient when mashed with the fingernail, the lid will probably seal.

If jars do not seal, you may reheat and process over again.

However, the product will be over-cooked and lose food value, flavor and texture.

You may keep a few jars in the refrigerator and use them within a short time instead of re-processing.

WHAT THINK YE? THE BUTTERFLY AND THE BUMBLEBEE

According to the theory of aerodynamics, the butterfly should be able to fly as fast as the bumblebee, and the bumblebee should not be able to fly at all. The butterfly has a small, light body and a great wing-spread, while the bumblebee has a stubby, short body, heavy and awkward in desing, with practically no wing-spread at all. Yet the bumblebee is not acquainted with the laws of the theory of aerodynamics, so in his ignorance he flies anyway . . . and very fast.

There are bumblebee people in every community, and sad to say in every church, club, and every kind of organization. They do not know that it is "impossible" to build up the schools, businesses, church attendance, and the community, so they just "fly right in" and do it anyway. They go ahead and build, while the experts stand around and say "it can't be done."

There are also some butterfly people in every community, church, etc. They have the wing-spread, the beauty, the talent and the ability. They even have the know-how to do the job. They are trained and capable. They have the opportunity and the backing. But they don't get results. They just flit around and look lovely and make splendid impressions — but nothing happens.

Why the difference in results? It is not the training but the aiming. Have you ever been hit by a butterfly, if you have it was simply an accident on the part of the butterfly. And maybe you didn't know it, but if you have ever been hit by a bumblebee it was no accident. He aimed at you. He meant business. He put some energy behind his aim, and you can believe he got results. So can we all if we aim for bigger and better things for our community. Let us never be weary in well doing.

We all should strive to be like a well-regulated watch of pure gold: have an open face, be always on time, with hands that are always busy and full of good works.
