

Services Today For Clauda B. Welch

Funeral services for Clauda Burel Welch, 50, will be conducted at 10:00 a.m. today (Thursday, January 3) at the Bedford Street Church of Christ in Dimmitt. Dale Wells, minister, and Travis Gilliland of Memphis will officiate. Burial will be in Castro Memorial Gardens Cemetery, with arrangements directed by the Dennis Funeral Home of Dimmitt.

Welch died Monday in a Lubbock nursing home without ever having regained consciousness since he was injured March 19 while working for the Hill Cattle Company. The horse he was riding stepped into a hole and threw him backward. He fell on his neck and shoulders.

Welch was admitted to Methodist Hospital in Lubbock, then was transferred to the Veterans Administration Medical Center in Amarillo before entering the Colonial Nursing Home in Lubbock.

He lay comatose for nine months.

Welch was born January 14, 1929 in Silverton, and had been a Dimmitt resident and rancher for 14 years.

Survivors include his wife, the former Juanita Edwards; two sons, James Welch of Skellytown and Frank Welch of Dimmitt; two daughters, Ann Philpott of Lubbock and Beth Welch of Dimmitt; his mother, Mrs. Mabel Welch of Silverton; three brothers, Lynn and Ronald Welch, both of Silverton, and Carroll Welch of Tulsa; two sisters, Wilma McElmurry of Taft, California and Othel Long of California.

Mr. and Mrs. Berton Hughes spent the Christmas holidays from Friday, December 21, to Wednesday, December 26, in the home of their son and family, Rev. and Mrs. Randy Hughes, Amy Lynne and Matthew in Mineral Wells. Mr. and Mrs. Hughes were hosts this year for the Renfro Family Christmas which was held in Mineral Wells on Saturday, December 22. There were 20 there to enjoy the festivities.

Local Teacher To Head Student Travel Group To Europe

Cathy Woodyard of Silverton, a teacher in Silverton High School, has been chosen by the American Institute for Foreign Study (AIFS) of Greenwich, Connecticut, to accompany a group of students to Europe. AIFS is the oldest and most experienced student travel organization; it has arranged foreign study programs for nearly 200,000 students and teachers since it was founded in 1964.

Group members of "Our European Heritage" spend two weeks visiting London, Amsterdam, Paris, the Swiss Alps, Florence and Rome while tracing the origins of American life and history in each area. The group will see the ways in which the art, architecture, politics and social structure of these European cities have affected the rich and diverse origins of our own society. This program is especially attractive because it offers such a broad view of Europe for students within a limited amount of time.

There are still places available in this group. For further information, students and parents may contact Cathy Woodyard, Box 361, Silverton, Texas 79257.

Mr. and Mrs. Charles Sarchet spent a long weekend visiting in the home of his brother and sister-in-law, Mr. and Mrs. Harold L. Sarchet, in Fort Worth. They accompanied Mrs. Betty Sue Skelton, Mrs. M. T. Cruce and Cynthia Cruce, all of Lubbock, to Fort Worth. Others visiting there included Mr. and Mrs. Robert Sarchet, Kelly Sarchet, Mr. and Mrs. Robert Waco Sarchet, Allison and Heather and Mr. and Mrs. Fred Sarchet, all of Cleburne; Mr. and Mrs. Barry Sarchet, Krystal and Robert Lee II of Beville; Mr. and Mrs. Kent Powell of Wichita Falls, and Debbie Sarchet of Fort Worth.

To Seek Election As Tax Assessor

Mrs. Fairy McWilliams has authorized the Briscoe County News to announce that she is a candidate for the office of Briscoe County Tax Assessor-Collector, subject to action of the Democratic Primary on May 3, 1980.

She was appointed to serve out the unexpired term of the late A. S. McJimsey, and prior to that had worked in the office under McJimsey and three other tax assessor-collectors down through the years.

"I will be making an effort to contact Briscoe County residents prior to the primary to ask you for your vote, but until I have a chance to visit with you, I will appreciate your support and influence in my behalf," she said.

Regulatory Moves To Help The Small Saver

A series of regulatory moves designed to help the small saver—including a new 2½ year certificate tied to the yield on Treasury securities—was announced jointly by the Federal Home Loan Bank Board, the Federal Deposit Insurance Corporation, the Federal Reserve Board and the National Credit Union Administration.

The changes, which went into effect January 1, also increase the ability of federally insured depository institutions to compete for funds with market instruments which are not subject to interest rate ceilings.

The announcement represents a further adjustment of interest rate ceilings that began earlier in 1979. When announcing small-saver actions effective last July 1, the agencies said they planned to consult near the end of the year to determine whether further changes in ceilings would be appropriate.

The new measures are as follows:

1. Replace the existing four-year floating-rate time deposit with a new floating rate certificate with a maturity of 2½ years or more tied to the yield on Treasury securities maturing in 2½ years. For thrift institutions (savings and loan associations and mutual savings banks), the ceiling rate will be 50 basis points below the 2½ year Treasury rate, while for banks the ceiling rate will be 75 basis points below the Treasury rate. Federal credit unions may offer the same variable ceiling rate as thrifts on share certificates of 90 days or more. There are no minimum deposit requirements and compounding of interest will be permitted.

The ceiling will be established monthly for new deposits based on the rate announced by the Treasury three business days before the beginning of each month. Recently, the yield on Treasury securities that mature in 2½ years has averaged approximately 11.20%. Thus, the comparable ceiling for thrift institutions, were the new certificate available, would be 10.70% and for banks, 10.45%. After compounding, the effective yield on this instrument would be 11.46% and 11.18% for thrifts and banks respectively. The ceiling rate that is established monthly will apply to all new deposits issued throughout the month. The ceiling on outstanding deposits of this type will not change during the life of the deposit.

The new certificate replaces the four-year variable rate deposit that was established effective last July 1. All fixed rate ceilings remain in effect, however.

2. Increase by ¼ of a percentage point the ceiling on deposits maturing in 90 days to one year. The new nominal ceiling for commercial banks is 5¼% while thrifts may pay up to 6%.

3. Permit banks to pay the same rate so thrifts when IRA/Keogh and governmental unit deposits of \$10,000 or more placed in 26-week money market certificates regardless of the level of the Treasury bill rate. However, the thrifts' differential on such certificates when the Treasury bill rate is below 9% continues to apply for other depositors of 26-week money market certificates.

The new actions were taken by the individual agencies after consultations required by law. The agencies also indicated that they plan to monitor future deposit flows among depository institutions on a continuing basis.

What Think Ye?

WITH DEEPEST GRATITUDE TO OUR BELOVED FRIENDS

We have always been thankful to our Heavenly Father that our lot was cast among such wonderful people. But the surprise we had on my birthday stirred our hearts to inexpressible thankfulness both to God and to you, our beloved friends.

The forethought of you two wonderful people, John and Maebelle, leaves us without words to express our love. Few people

realize the time and effort required in this unselfish "labor of love." We think we understand and do love you with all our hearts. May God bless you for this great sacrifice of time in our behalf, unworthy tho' we are.

To the rest of you lovely friends who responded to their call to have a part in the surprise project on my birthday, we loved you all before and now we assure you that your gift has provided a beautiful halo for the love in our hearts. We appreciate the money gift—it was more than bountiful, and the time you spent in going along with the idea of putting it in the candy. It surely added up to a great many combined hours. You may well know that the time spent in removing

Teen Leader Retreat As A Man Thinketh Planned In January

Gerald Beasley

BEAUTY

A unique training for 4-H teen leaders is scheduled for the Texas 4-H Center near Brownwood January 11-13, 1980.

Teen leaders from across the state will participate in the Teen Leader Retreat, "Living and Telling the 4-H Story." The 4-H'ers can choose from nine workshops to help them improve 4-H member interest and develop their leadership skills in promoting 4-H.

It has to be remembered as some of the most enjoyable we have ever spent. It was not only a pleasant but a sweet task.

The spending of this great gift will also be a pleasant one, but it will also have its moments of anxiety lest we spend one cent of it unwisely. We will try diligently to keep within the bounds of your restrictions. The gift was so bountiful and there are so few things we actually need. We may have to call on some of you to help us decide what to buy with it.

Our prayer of thanksgiving to our Father will surely include our request to Him on behalf of you all, that He will keep you in His love and bless you exceedingly, and that this happy experience will not only draw us closer together, but will also draw us all closer to Him who surely must have prompted your love gift, and certainly filled our unworthy hearts with grace to receive it in love.

God's great blessing has been on us in granting us almost a lifetime of blessed fellowship with you all.

With inexpressible Christian love,
Earl and Inetha Cantwell

As A Man Thinketh

"My self is a prison that holds me within as I gaze at the world far and wide. Well, since I can never get out of my mind I'll make it attractive inside."

The "outward man" decays, but the "inward man" can be "renewed day by day" (II Cor. 4:16). "Outward adorning" is not to have priority, but the "hidden man of the heart" is to have an attractiveness "which is in the sight of God of great price" (I Pet. 3:4).

We put on outward apparel. In pleasing God we also "put on" inward apparel. "... put on the new man." "Put on ... a heart of compassion, kindness, lowliness, meekness, longsuffering."

The workshops offered are Exhibits, Clowning, Newspaper, Public Speaking, Puppets, Radio, Television, Slide Presentation, and skits.

All Briscoe County teen 4-H'ers are invited to attend.

Extension Agent Lynda Fogerson will accompany the county participants.

Cost is \$22.30 for meals and lodging from Saturday through Sunday noon or \$29.95 if the group goes on Friday night. Recreation is planned for Friday night, Saturday morning and Saturday night.

Call the Extension Office—823-2343—to register by January 2, 1980.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic levels, race, color, sex, religion or national origin.

"... above all these things put on love." (Col. 3:10-14). It is not surprising, then, to learn that we can "put on Christ" (Gal. 3) in humble obedience.

"... the Lord seeth not as man seeth; for man looketh on the outward appearance, but the Lord looketh on the heart" (I Sam. 16:7). I'll guarantee that the most genuinely lovely people you know are enrolled in God's beauty pageant!

SURVEY OF FARM FINANCIAL STRUCTURE WILL BE TAKEN

A survey of the financial characteristics of operators and owners of farm land to produce needed information for committees of the Congress will be taken in January by the Bureau of the Census, U. S. Department of Commerce.

Survey report forms will be sent to a sample of U. S. farmers and ranchers as a follow-on to the 1978 Census of Agriculture conducted earlier this year. The farm finance survey is the latest in a series to obtain data on land ownership, expenditures, credit used, debts, assets, income, taxes, and operator and landlord characteristics. Earlier surveys were conducted in 1960, 1965 and 1970.

Two survey forms will be mailed: one will be to 40,000 farm operators and a second to the landlords of the same farms. The first will have questions on land ownership as well as the financial status of the operators. Additional characteristics of these owner-operators will be obtained by matching to corresponding 1978 Census of Agriculture reports.

The landlord form will provide statistics on characteristics of both farm-operating and non-farm operating landlords and will seek in-depth data on the occupation of the owners, and type of ownership. For all farm owners, a separate tabulation will be made for those whose income is primarily from farming versus those whose main occupation is other than farming.

Bureau officials point out that, although the survey was primarily designed to provide estimates of the financial structure of the nation's agriculture, current needs for more information on ownership of agricultural lands have required its scope to be broadened.

Foreign ownership, rapidly increasing land values, increased concentrations in ownership and in agricultural production, and loss of farmland to urban and other nonfarm uses all have been recent topics of discussion by Congressional committees and policy-making groups in the agricultural community.

With the addition to the survey of a limited number of questions relating to the ownership of land, much of the benchmark data required by the policy makers can be obtained with a minimum of additional respondent burden and cost.

In the Census of Agriculture, the focus is on the farm operating unit rather than ownership. Data are not collected in the census for owners of agricultural land who do not operate farms. This survey will provide such statistics.

Like the census, response to the survey form is mandatory. Bureau officials stress that the same law requires that individual reports be kept confidential and that only statistical totals be released for publication. They request that the forms be returned within 20 days from receipt and emphasize that if book figures are not available, best estimates will be accepted. Urging a speedy response, officials note this will facilitate early publication of data and avoid the expense of additional requests. Published data will be available in mid-1981 as part of Volume 5, Special Reports of the 1978 Census of Agriculture.

*Ring out the Old
Ring in the NEW*

Ring

Another year has passed, and things gone by, we cannot change. So ring out the old year and ring in the new with high resolutions. These bells, which have long been used by churches as a call to worship, are ringing an opportunity for you to begin the new year at worship with the Lord in His house. Start now and be faithful throughout this year. Attend Church regularly.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

CARD OF THANKS
 I want to extend thanks to all
 my friends in Silverton for their
 gifts and to the one who sent me
 the card of "One Solitary Life"
 with the money. It was so beau-
 tiful. I enjoyed telephone calls
 from friends at Texarkana and
 my nephew in California.
 I was sorry my sis from Lev-
 elland (Georgia Vaughn) did not
 make it because she had to be
 home with her company.
 Hoping all a Happy New Year!
 Elsa Lucille Scott
CARD OF THANKS
 Dear friends,
 Thanks to each and every one
 of you for your prayers, phone
 calls, cards, food and visits while
 Oford was in the hospital and
 since we have been home.
 Special thanks to T. V. and
 Opal and Brother Denton for sit-
 ting with the family while Oford
 was in surgery.
 People like you are what make
 our heart keep ticking.
 Oford and Christene King

The American farmer builds two things
 better than anyone else in the world.
 He builds the next generation, passing
 along a special kind of wisdom...
 respect for the soil, honesty, independence,
 and faith in the future. And he builds his
 land, leaving it better than he found it.
 That kind of building usually requires
 borrowed long-term capital. That's where
 we have helped for 60 years.
