

Bonfire Is Thursday Night

There will be a homecoming bonfire tonight (Thursday) at the baseball park at 8:00 o'clock. Principal Gene Gee invites everyone to attend and join in supporting the team.

Jeff Smith Showed Grand Champion At Tri-State Fair

Jeff Smith, son of Mr. and Mrs. Lynn Smith, exhibited the Grand Champion at the Tri-State Fair Bantam Show.

He showed the Best Black Old English, Champion Old English and Grand Champion of the show. He received three trophies.

Infant Buried At Abilene Last Week

Graveside services were held last week at Abilene for the infant daughter of Mr. and Mrs. Donald Weast.

Survivors include her parents and a two-year-old brother, Nathan, of the family home in Abilene; her grandparents, Mr. and Mrs. Jack Strange of Silverton and Mr. and Mrs. Riddell Hutsell of Reseda, California, and her great-grandparents, Mr. and Mrs. R. C. Hutsell of Silverton and Mr. and Mrs. Clyde Tunnell of Farwell.

Sam Hunt, 84 Buried Friday

Graveside rites for Sam W. Hunt, 84, were conducted at 10:00 a.m. Friday in the Silverton Cemetery. Arrangements were directed by the Silverton Funeral Home.

Officiating were Earl Cantwell, minister of the Rock Creek Church of Christ, and the Rev. Royce Denton, pastor of the First Baptist Church.

Mr. Hunt died at 11:35 a.m. Wednesday in Swisher Memorial Hospital in Tullia after a brief illness. He had been a patient at Central Plains Hospital in Plainview and at the Tullia Nursing Home the last weeks of his life.

A retired trucker, Mr. Hunt was born February 8, 1896 in Fannin County, Texas. He moved to Silverton with his parents when he was 15 years old. He and the former Bessie Baker were married in Silverton on April 12, 1916. They had resided in Silverton their entire married life.

To this union were born five children.

Mr. Hunt was a truck driver and for a number of years drove a bus for the Silverton Schools. He was a member of the Presbyterian Church.

Survivors include his wife, Bessie; two sons, Delphine Hunt of El Cajon, California and Alfred Hunt of San Antonio; eleven grandchildren; sixteen great-grandchildren; one great-great-grandchild; two brothers, Frank Hunt of Silverton and Fred Hunt of Mt. Vernon, Texas; a sister, Charlie Baker of Springdale, Arkansas, and a number of nieces and nephews.

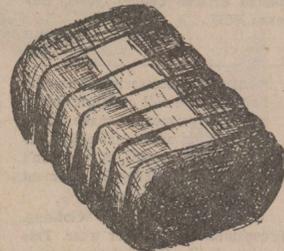

Mickey Pitts Dies In Louisiana

Word was received here Tuesday of the death of Mickey Pitts of Alexandria, Louisiana. He was married to the former Laura Mae Strange, and was the brother-in-law of Jack, Ted and Fred Strange of Silverton.

Services were scheduled in Alexandria.

Mrs. Wade Steele was returned home from Methodist Hospital Saturday by the Silverton Volunteer Ambulance Service. Mrs. Steele is recuperating well after having to undergo surgery twice on the hip she broke in a fall while on vacation in Nashville, Tennessee.

Briscoe County News

VOLUME 72 NUMBER 41

THURSDAY, OCTOBER 9, 1980

LIFE GOES ON — Roscoe High School twirler Iwana Miller practices before a football game. She

is the daughter of Mr. and Mrs. David Miller of Roscoe, the granddaughter of Mr. and Mrs.

Carver Monroe, and the niece of Mr. and Mrs. Robert Haley Hill.

Several Former Silverton Residents Living With Flood At Roscoe

Several former Silverton residents have been enduring the flood season at Roscoe for the past several weeks. These include Rev. and Mrs. Randy Hughes, Mr. and Mrs. Hank Brown and Mr. and Mrs. David (Marsha Monroe) Miller.

Since September 10, more than 18 inches of rain has fallen on Roscoe, and residents of the West Texas community have been without sewer service for several weeks. They still face from 45 to 60 days without sewer service, even if no more rain is received.

The problem is the city sewage holding tank and the earthen dike which retains it. They are attempting to drain the lake because it is feared that the dike might break after receiving a large volume of runoff water from the rainfall.

School has been dismissed about four days since the local emergency began. One day last week school was dismissed and women and children joined the other workers in reinforcing the dike with sandbags.

Police Chief Jim Blackley said that Roscoe has an annual budget of \$62,000 a year, and by the fourth day of "this thing" they were into the 1982 budget. It is not known from where all the funds to finance the drainage of the sewage holding tank will come.

Fifty portable toilets have been placed all over Roscoe and

residents must use these rather than their own convenience system. One resident was quoted as saying that it was a big help when a toilet was placed across the street from their home; that before that time they had had to use a toilet three blocks away.

A reporter from the Fort Worth Star Telegram was in Roscoe doing a story when Iwana Miller, granddaughter of Mr. and Mrs. Carver Monroe, came home from school in her outfit that she wears as a twirler for the Roscoe High School band. He took her picture in the street in front of the David Miller home where Miss Miller stood ankle-deep in water. Two rooms of the Miller home have had water in them, and the family was praying that no more rain would fall now.

The Roscoe football team played Bronte that Friday night, and lost the game 17-6. An official at the Roscoe school said that their team's quarterback was out with a leg injury. But people in Roscoe don't have to be reminded that "when it rains, it pours."

Most businesses have stayed open and have allowed their employees extra time off to help with the relief effort.

"It's a real good feeling the way the town has pulled together," said Jackie Woner, the local postmaster's wife, as she took an all-too-brief break at City Hall.

"But it also makes you stop and realize how we've all had it easy for so long.

"When you don't have an automatic dishwasher, or any way to wash your clothes, you really appreciate modern conveniences more."

Residents have been taking "splash baths" and dumping the used water outside on their already-soaked lawns.

"We had an engineer in here yesterday and he estimated we need about \$13 million to get back to normal," said Mayor B. P. Cain. "You can see that with 1,400 people that would be a long row to hoe."

Cain also explained that the flooding is the product not just of nature, but also of Roscoe's position and history. "We're in the lowest area of the county. We get runoff from all three directions," Cain added.

Booster Club To Sponsor Cook-Out

The Booster Club is having a hot dog cook-out on the football field after the junior high football game with Happy on Thursday night, October 16.

The public is invited to attend. 41-2tnc

Mrs. Ashel McDaniel entered Central Plains Hospital in Plainview Monday morning, and is undergoing treatment there.

Mrs. J. R. Steele underwent a series of tests at St. Anthony's Hospital in Amarillo last week.

Owls To Open District Action At Home Friday

Silverton's Owls will open district warfare with Motley County on the home field Friday night. Fans should take note that kickoff time for all the remaining games will be 7:30 p.m.

The football team will be presenting the candidates for 1980 Football Queen in pregame activities scheduled to begin at 7:00 p.m.

Nominated for Football Queen are Joni Denton, senior, daughter of Rev. and Mrs. Royce Denton; Cynthia Edwards, junior, daughter of Mr. and Mrs. Harold Edwards; Missy Brown, sophomore, daughter of Mr. and Mrs. Don Brown; Donna Boling, freshman, daughter of Mr. and Mrs. Bill Boling.

This week the Owls are trying to put the memories of last week's 27-0 loss to Kress out of their minds while preparing for the tough Motley County Matadors who are ranked ninth in the state in Class A.

"We didn't get anyone hurt

last week," said Coach Joe Stubblefield, "and we are expecting that everyone will be ready to play this week."

Roger Cantwell was the leading defender for the Owls, getting 12 tackles. He was also the highest grading lineman. "Roger had a good game all around last week," Coach Stubblefield said. Shane Reagan was the highest grading back.

"Kress had changed quarterbacks, and this helped their offense. The kid hadn't played much all year, but came in and did a very good job for them," Coach Stubblefield said.

When questioned about Motley County, the coach said that they have one of the best runners around in Harvey Lee. "Stopping him will be our top priority," the coach added. "Motley County has its weaknesses and one of them is a lack of speed. They have a speedy end, but the rest of the team has just average speed. This is a tough district this year, and all of the games for the Owls will be tough ones."

It was a long night at Kress for Silverton. Nothing the Owls tried worked, and in addition they lost a fumble on their own three and had an interception. The Owls managed only six first downs in the game.

Kress scored six points in the first quarter and had a really big 21-point second quarter. The Roos were held scoreless in the second half. The Kress scores came on runs of twenty-eight, one, three and one yards.

"Their offensive and defensive lines were just a lot tougher than we expected," Stubblefield said.

"Our team can't really do a lot of finesse stuff because we have a real inexperienced line and when we start passing the other team starts blitzing," said Stubblefield of the Owls, who stuck pretty much to the ground in the final half despite their four-touchdown deficit.

Kress fans admitted that this was the best their team had played all year, and the 27 points was one more than Kress had produced in its first four games this season.

Quite a few fans were present at Kress Friday night, and the game was played in perfect football weather. The Owls will need the continued support and backing of fans to continue through season. There are some difficult games ahead, with Valley (5-0) ranked second in the state in Class A, and Motley County (5-0) also in the top ten best teams.

All of the District's teams are improved this year except the Owls who graduated more than enough players for a whole team last spring. Earlier in the season, Coach Stubblefield had lamented that the team would be playing everyone's senior teams this year.

The juniors are serving an enchilada supper in the school cafeteria from 5:00 until 7:00 p.m. Friday. Plan now to attend the supper, enjoy fellowship with your friends and neighbors, and yell for the Owls as they take on the Matadors at 7:30 p.m.

J. L. West has been a patient at Methodist Hospital in Lubbock since September 11. He is continuing to undergo tests and treatment.

Mrs. L. W. Francis has been in serious condition at Lockney General Hospital for the past two weeks.

Juniors To Serve Enchilada Supper

The Junior Class of Silverton High School will serve an enchilada supper Friday, October 10, in the school cafeteria. This will precede the home football game with Motley County High.

The menu will include enchiladas, beans, hot sauce, chips and salad. Serving will be from 5:00 until 7:00 p.m.

Tickets purchased in advance will be \$2.75 each, and tickets at the door will be \$3.00.

S.B.A. Making Disaster Loans To Farmers

The Small Business Administration farm disaster department is currently making disaster loans to those farmers and ranchers who suffered a loss because of recent drought and other natural disasters. Two hundred and forty-seven out of two hundred and fifty-four counties in Texas have been declared eligible for emergency loans to farmers and ranchers by the disaster declaration by the Small Business Administration at the request of the Governor.

Those farmers and ranchers who need applications and information about this program should contact the Small Business Administration Farm Disaster Office located at 5555 N. Lamar J109, Austin, Texas 78751. A toll free number has been installed at the Austin office. Interested persons should contact the Small Business Administration via this toll free number and leave their numbers. They will be called immediately by a loan officer who will answer their questions. The toll free number is 1-800-252-9726.

To be eligible for these loans, the producer must show that the farm operation suffered a loss and that the business has the ability to repay the loan. These loans can be up to \$500,000.00 (and more in some cases) at the rate of either 5% or 8 1/4% (depending on whether the applicant is solvent enough to be able to obtain credit somewhere else) and can carry maturities up to 30 years (depending also on each individual's ability to repay the loan).

The application will be mailed to prospective applicants who call the above number and request one. These applications are simple to fill out and can normally be filled out by the applicant or his normal bookkeeper. The Small Business Administration does not recommend or endorse any loan packager and to insure that packagers do not take advantage of applicants includes in its applications a form that must detail the amount charged by any representative for his services.

Young Farmers Meet Tonight

Silverton Young Farmers will meet tonight (Thursday), October 9, at 8:00 p.m. in the Silverton School Vocational Agriculture Department with Bill Reid presiding.

The Young Farmer organization endeavors to serve the community through education, leadership, recreation and community service activities.

Meetings are open to guests.

County 4-H'ers Take Top Honors at Fair

Paula and Robert Helms, children of Mr. and Mrs. Joe Edd Helms of Quitaque, exhibited their Southdown and Suffolk breeding sheep last Thursday at the Panhandle South Plains Fair. Paula exhibited the Grand Champion Southdown Ewe and placed first in the Ewe Lamb Class.

Robert exhibited the third place Suffolk Ewe and placed third in the Ewe Lamb Class.

Those attending the fair were Joe Edd, Joan, Kenneth, Robbie and Paula Helms, Earnest and Vickie Kiker.

WARDROBE COST-CUTTING
 Careful planning can help cut the cost of your wardrobe. First, analyze existing garments to see which ones can still be worn this year. Decide what items are needed to complete ensembles and to give this year's "look" to your wardrobe.

List things you need to buy or make to complete outfits. Carry samples of fabrics to be matched or coordinated with new gar-

ments and accessories—I usually have a purse full of fabric scraps from the garments I make to use in matching additional pieces, fabric, or accessories. If you don't have a scrap, carry the garment with you when shopping.

When shopping for clothing, consider the cost per wear. This is much like the cost per serving in food buying. Basic wardrobe items that will receive a great deal of wear—like shoes, coats, basic suits—can cost more to purchase because the cost per wear will be relatively low if they are worn several times a week for a year or more. An item that will be worn very little—formal wear, special occasion

County 4-H members have been celebrating National 4-H Week October 5-11, with activities planned by a committee of 4-H members.

Posters entered by 4-H members in the poster contest have been on display.

4-H Adult Leaders Association sponsored the Briscoe County Pig Sale October 7, as a fund-raising event to support 4-H activities during the year.

4-H is the largest out-of-school educational youth organization in the nation. The 4-H program has the financial support of numerous large corporations. More than 1800 corporations, businesses, foundations, and individuals made contributions through the National 4-H Council last year.

Outfits, etc.—should cost less initially because the cost per wear will be great if they are only worn a few times per year.

Select separates when practical as they can extend a wardrobe by combining with several other pieces. Plaid skirts can be paired with blazers, sweaters, blouses in any of the colors in the skirt.

Make items for your wardrobe when skills and time make this possible. A workable wardrobe does not have to cost a lot of money, but requires some advanced planning to achieve.

At the local level, adult leaders, businesses and individuals support 4-H through their time, money, and other assistance.

Cynthia Edwards, a local 4-H member, placed third at the recent State 4-H Fashion Revue in Abilene and received second place in the Cotton division for her three-piece outfit constructed as part of her 4-H Clothing Project.

Youth interested in being a member of 4-H need to come by the Extension office and enroll before the monthly 4-H meeting in October.

The 4-H Foods Projects are beginning with two different groups organized from those who have signed up for this project. Stan Fogerson will serve as a leader for a group of boys interested in foods if they will call the Extension office and sign up. Teenage 4-H'ers are especially encouraged as four can qualify for the District Food Show, but the county has only one senior 4-H'er in foods.

4-H members who are seniors in high school and plan to apply for a 4-H scholarship need to take the SAT test this fall so the score will be available for the application in the spring.

As A Man Thinketh

Gerald Beasley

NO TIME FOR GOD?

America's millions feverishly come and go, eat and drink, laugh and cry, then suddenly their soul is "required."

Time schedules are tight; life is hurried and harried. The strain cracks some. Some, in confusion and cowardice, visit the treacherous unreal through tranquilizers and alcohol.

Look at the "market" time is its most precious commodity! Who has enough time? Surely, selfish, fleshly trivialities soak up hours, days, years and lives. Actually, we have plenty of time, but we never seem to get around to doing the things we know we ought to do.

Bible study resolutions are made, but the precious Book is handled only when dusting. Not enough time.

Many express an interest in obeying Christ but to date remain out of Him. Too busy. Not enough time.

Dotting parents hurry babes to the doctor at every sniffle but, in tragic carelessness, withhold from precious offspring "the sacred writings," able to make them "wise unto salvation." Parent, have you seen your child grow up and go away with the best time for real understanding and companionship gone forever? Too busy? Not enough time?

The Bible was written for the present. "Now is the acceptable time." It promises not another day, nor hour, nor minute.

Face it. Life's supreme challenge is to learn and obey God's will. Slow down! Think! (Philippians 4:8-9)

Do you have time to glorify your Maker? You will have time to die. A life with no time for God is foolish and tragic. To a selfish, barn-burning fool the Lord said, "... this night thy soul shall be required."

It's True.

"We put the heat pump in our home based on the recommendation from a builder. He said, 'by having a heat pump, you will save money over a long period of time on heating and cooling costs.' And, he was right! We are saving money with a heat pump. The heat pump really does do an efficient job of heating and cooling the home. If we were doing it all over, we would put a heat pump in again based on the results we've seen with lower electric bills. We are extremely pleased with the way the heat pump has performed."

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

Juarez Named Player of Week

Silverton two-way starter Gary Juarez has earned Plainview Daily Herald Player of the Week honors for his offensive and defensive performance in the Owls' contest against Groom. The Sil-

verton standout made 22 tackles from his linebacker position and led the Owls offensively, rushing for 67 yards on 17 carries in the game, which Groom won 12-6.

Juarez, a 165-pound junior, recorded Silverton's six points on a 12-yard run, which tied the game at 6-6 in the third quarter.

Receiving honorable mention for their performance in the game against Groom were Mitchell Martin, who made 13 tackles, and Russell Couch, who picked off a Groom pass.

Young Farmers Host Supper, Game Party

Silverton Young Farmers hosted a sandwich supper and "42" party in honor of the club's new advisor and his wife, George and Sue Martin, on Saturday, October 4, in the Pioneer Room at the First State Bank.

Winners in the "42" game were Donnie Perkins, high score; Mrs. G. W. Chappell, low score and traveling prize. Prizes were compliments of Silverton Gin. There was also an exciting (several letters were missing) game of Scrabble.

Those attending the supper were Calvin Shelton, Tobe Riddell, Clinton Dickerson, Fred Brannon, Mr. and Mrs. Wayland Fitzgerald, Mr. and Mrs. Donnie Perkins and Patti, Mr. and Mrs. Donald Perkins, Mr. and Mrs. G. W. Chappell, Mr. and Mrs. Claude Jarrett, Mr. and Mrs. Wayne Stephens and the honorees, Mr. and Mrs. George Martin.

Growing Washington-based GOVERNMENT seeking branches all points West.

Major BENEFITS.

Option for STATEHOOD.

Even the Founding Fathers knew thirteen was only for starters.

So it wasn't long before sights were set on the land to the west.

But it took money to explore and settle. And thanks to Americans taking stock in their country, the money was there.

Today, taking stock in your country is just as important. And one of the best ways to do it is to buy U.S. Savings Bonds.

Just join the Payroll Savings Plan at work. Out of each paycheck, a little is set aside to buy Bonds. Automatically. And that means regular savings you can depend on.

Buy U.S. Savings Bonds. There's no safer way to save.

After all, the money's guaranteed by the home office.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

200 years at the same location.

MRS. KEVIN DREW

Francis - Drew Vows Exchanged In Church Ceremony Here Friday

Before an archway of candles and greenery, Miss Betty Francis became the bride of Robert Kevin Drew Friday evening at the Rock Creek Church of Christ. Minister Earl Cantwell performed the ceremony.

Mr. and Mrs. William Alvie Francis of Silverton are parents of the bride. Parents of the bridegroom are Mr. and Mrs. Emmett Kirk Drew of Carrolton.

Barry Francis, brother of the bride, and Mary Chris Cantwell

were soloists for the ceremony.

Given in marriage by her father, the bride wore an ivory satin gown which she had made. The full bodice of the dress was gathered to a square neckline yoke that was appliqued with chantilly lace and pearls. The full sheer sleeves were accented with satin cuffs and complimented with pearl buttons that belonged to her great-grandmother.

The gown featured a fitted waist and four tiers of ruffles in

the skirt. A self-belt covered with lace and handstitched with pearls defined the waist. A waist-length mantilla of ivory chantilly lace complimented her attire.

The bridal bouquet was a cascade of handmade ivory and melon-colored roses interspersed with baby's breath. The bouquet and those of her attendants were made by the bride.

A diamond ring belonging to her maternal grandmother, Mrs. Floye McCracken of Quitaque, represented the bride's "something old." Her gown was new, she borrowed a pearl necklace from her mother and added the traditional touch of blue.

Miss Katy Francis served her sister as maid of honor. Bridesmaids were Mrs. Barry Francis, sister-in-law of the bride, and Mrs. Mark Gold of Sierra Vista, Arizona, cousin of the bride.

They were attired in identical floor-length gowns of melon-colored polyester that featured fitted bodices. The chiffon capes had scooped necklines and the gathered skirts were complimented with self belts.

Attendants' bouquets were arrangements of roses and daisies in shades of melon, ivory and blue.

Byron Drew of Carrolton, brother of the bridegroom, was best man and Neal Cooper of Dallas and Kerry Powell of Lubbock were groomsmen and also served as ushers.

John David Drew of Carrolton and Mrs. Brant Lookingbill of Vega served as candlelighters. Jo Jarrett of Lubbock, cousin of the bride, registered guests, and Aimee Francis distributed rice bags.

Assisting with the reception held in the fellowship hall of the church were Brenda Cantwell, Susan Sorelle, Jo Jarrett, and Mmes. Ima Nell Francis, Elton Cantwell, J. D. Nance, Aubrey Rowell and Fred Arnold.

A lace cloth covered the bride's table and featured an arrangement of melon-colored roses and baby's breath. Crystal and silver appointments were used.

Green depression glass appointments were used on the groom's table which also was laid with a lace cloth.

A graduate of Silverton High School, Mrs. Drew attended West Texas State University, graduat-

ed from Texas Tech University and is affiliated with Pi Omega Pi, business education honorary. Drew is a candidate for May graduation from Texas Tech and is a member of Tech Finance Association. He is employed by the First State Bank of Shallowater. The bride is employed by Pratas, Smith and Moore, Lubbock CPA firm.

Smokey's Barbecue in Plainview was the scene of the rehearsal dinner.

Following a wedding trip to New Orleans, the couple will be

at home after October 10 at 1804 17th in Lubbock.

HONORED AT SHOWER IN AMARILLO RECENTLY

LaShawn Couch, infant daughter of Mr. and Mrs. Lyndall Couch of Amarillo, was guest of honor recently at a baby shower and luncheon given in the home of Mrs. Pat Jenkins in Amarillo. Approximately twenty people were present.

LaShawn was presented with many lovely gifts. Her mother, Lydia, and brother, Lyndon, ac-

companied her to the party. A lovely time was had by all.

Mrs. Dwain Henderson was in Amarillo for medical tests and treatment on Thursday of last week.

It's True.

"We bought a house a few years back, and it had a heat pump in it. I was very satisfied with it and simply decided to have it put in our new home here. The reason I like the heat pump is because it is efficient, simple and clean... you don't have to fuss with any change over from heating and cooling. I was given projected operating costs of the heat pump in both homes by Southwestern Public Service. And, in every month since I've had the heat pump, my actual monthly operating costs have been considerably lower than the estimated projections. So, consequently I've been very pleased. I would definitely recommend the heat pump to my friends or anyone else because in my opinion, it is a good unit and economical."

Jerry Newsom

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

Granddaughters Of Mr. and Mrs. Kellum Are Twirlers In Lubbock

Two granddaughters of Mr. and Mrs. Allen Kellum, Carren and Catherine Goodwin, are twirlers for their respective schools in Lubbock.

Carren is a twirler for the Texas Tech band, and Catherine

is a twirler for the Monterey High School band.

They are daughters of Mr. and Mrs. Gene Goodwin of Lubbock. Their mother is the former Leah Dare Kellum.

Plans Being Made For National Spelling Bee

The Amarillo Globe-News and West Texas State University are again sponsoring the National Spelling Bee for boys and girls from grades four through eight.

Directors across the 46-county area are being named. The director for Briscoe County is Mrs. Dorothy Crabb of the Silverton Junior High School.

Directors are in complete control of their county events, and work with private and public schools.

Winners of the various county spell-downs will gather in Amarillo on April 25 to name the 33rd regional champion. The deadline for naming the 1981 county winners will be April 4, 1981.

Throughout the four states that are assigned the AGN-WTSU district, most schools use the booklet prepared by the national sponsors, the Scripps-Howard Newspapers. "Words of the Champions," containing more than 500 new words, is available from the Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas 79166. The word list costs 40 cents each.

Orders may be placed by students, principals and county directors to the newspaper.

The date of the 1981 National Spelling Bee will be June 1 through June 5 in Washington, D. C. where more than 100 regional finalists will compete. Expenses for the 1981 AGN-WTSU champion will be furnished by the Amarillo Globe-News. Various other awards will be given to some of the top area spellers and each county champion will receive a Bee trophy.

National rules allow any student who has not reached his or her 16th birthday or gone beyond the eighth grade at the end of the current school term to compete.

The area sponsors also promote a Junior Bee for elementary grades 4, 5 and 6. These county Junior winners will not take part in regional competition but will be recognized in Amarillo during Bee Day activities.

Additional information may be obtained from Mrs. Jeane Bartlett, Spelling Bee Editor, or Gene Parker, director of placement, West Texas State University.

The 1980 regional champ, Traci Hutton of Borger, placed 23rd in the national finals among a field of 112 from all across the states.

Social Security in Briscoe County

BY JANICE ULMER

Are you considering retiring at the end of 1980? If so, you should start making serious plans including social security now.

First, if you are under 65 considering retirement, you should remember that Social Security benefits will be permanently reduced if received before 65. The

amount of the reduction depends on the number of months you get benefits before 65. The reduction rate is 20% at 62, 13 1/4% at 63 and 6% at 64. It is figured by the number of months a person is under 65.

Other factors can influence your decision to retire. Availability of a company pension could be a factor. So could one's ability to continue working. At any rate, you should apply for social security retirement checks two or three months before you reach 65, even though you have no retirement plans. This will insure that you have full Medicare protection at the earliest possible time.

You will need certain information ready when applying. This includes your social security card or a record of the number, proof of your date of birth, and your W-2 forms or self-employment tax returns for the past two years.

In order to prove your age we need an official record of birth or baptism recorded early in life. If this is not available, you should bring the best evidence available. We can assist you in determining what is considered best evidence.

We need your W-2 forms in order to insure that all your earnings are considered in figuring your benefit.

If you are applying as a husband or wife you will need the same documents. Birth certifi-

cates of any eligible children are also needed.

Difficulty in securing any of this evidence is not a reason to delay applying. We can assist you in securing most proofs.

We have a pamphlet, "Thinking About Retiring?" available at our local office, 1401-B West Fifth Street, Plainview, Texas. Call 293-4371 and we will be glad to send you one. We are also able to help you make any application by phone, saving you time and energy.

CARREN GOODWIN

CATHERINE GOODWIN

Who goes out of this world for you?

We do... General Telephone. This is one of our earth stations. It beams 18,000 phone calls at a clip to a satellite hovering more than 20,000 miles above the equator. It gathers in the same number of calls, and sends them out over our regular telephone network. It's part of the incredibly complex system that's just about the world's most efficient communications system. And it has reliability built in, whether

it's an earth station talking to outer space, or a cute little phone built like Mickey Mouse. Because we realize how important it is to keep you in touch with your world. We spend hundreds of millions of dollars every year, making sure that when you pick up your phone... it works.

We keep you talking.

A stitch in time OR Elias Howe was a SEW-SEW inventor.

When Howe invented the sewing machine in 1846, he really got needed. Some tailors said a machine could never replace hand work, or so it seemed. But a few followed the thread of Howe's thinking. An automatic stitcher worked faster and more consistently, and the results were highly profitable.

Which happens to be the same reason folks today sign up for the Payroll Savings Plan. It's tailored to let you buy U.S. Savings Bonds automatically. And that makes saving faster and more consistent. With results that are highly profitable.

So, save regularly with U.S. Savings Bonds. You'll have your future all sewn up.

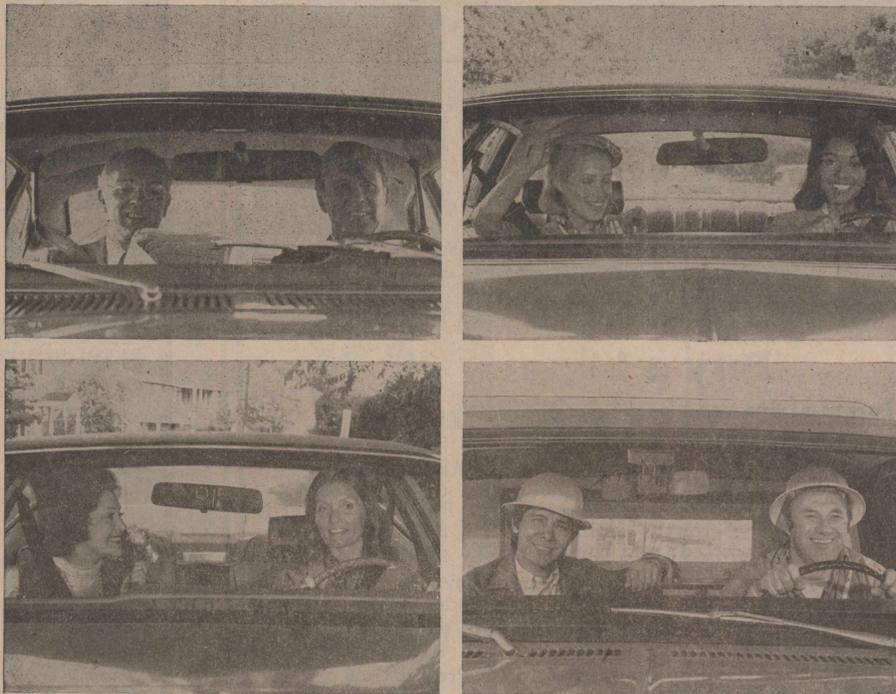

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/4% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

A public service of the publisher and the Advertising Council.

Double up, America.

Two can ride cheaper than one.

If you drive to work by yourself, you're spending twice as much money on commuting as you should.

That's too much.

Cut it in half. Take a friend.

Not only will your daily commute cost you half as much, but that monotonous trip will be a lot more pleasant.

Let's double up. Carpools are a great way to get where we're going. Faster and cheaper.

Junior High Owls Play at Matador

Silverton's Junior High Owls play Motley County at Matador this afternoon, with game time set at 5:00 p.m. There will be no junior varsity game this week. The junior high boys lost 40-0 last Thursday to a much larger Kress team.

The junior varsity boys lost their game 26-6, with the lone score for the Owls coming on a four-yard run by Quarterback Warren Jarrett. Jarrett completed passes to David Gee and to Clifford Clardy on this scoring drive.

Silverton's first drive was cut short by a Kress pass interception. The Kangaroos scored on their first possession, and the Owls picked up a couple of first downs before being forced to punt. The Kangaroos scored on their second possession, this coming with 7:42 remaining in the second quarter.

The Owls lost the ball on a fumble on their own 34, and Kress converted this into still another score with 5:16 still showing in the first half.

With five seconds remaining in the first half, the Owls had a pass intercepted about half a foot outside the Kress goal line.

Kress opened the second half of play by driving for another score.

Silverton's next possession was interrupted by a pass interception. This time the defense held, and the ball went over on downs to the Owls at the Silverton 15. Silverton's next drive ended with a fumble recovered by Kress on the Owl 20. Silverton's scoring drive was set up by recovering a 'Roo fumble on the Owl 43.

The junior varsity team has been operating with only 11 players. They are 32-Clifford Clardy, 40-David Gee, 51-Gordon Vaughn, 61-Craig Patton, 60-Tad Cornett, 71-Kerry Baird, 66-Max Davis, 10-Warren Jarrett, 85-Jim Forbes, 35-Dario Montelongo

and 87-Danny Denton.

Denton is the varsity team manager, and fills out the roster so that the junior varsity can have a team. Thus, he works as manager part of the week and plays football the rest of the week.

THE JOY OF SHARING

There is pleasure in doing things with others. It may be looking at a picture magazine, or riding toys, or for parents it may even be sharing knowledge of the day's events that bring joy.

God's people have a desire to share with you in the greatest joy, that of worshipping together in God's House. **ATTEND CHURCH**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
