Junior High Scheduled For Physicals Today

The Junior High Owls are to report to the Briscoe County Clinic Thursday (today) at 1:30 p.m. for football physicals.

First game for the junior high will be September 16 when the Owls host Motley County. The following week, they go to Valley on their first road trip.

Stone Recovering In Corpus Christi Hospital

Jimmy Dewayne Stone, a 1982 graduate of Silverton High School, was injured August 5 when the module truck he was driving overturned near Corpus Christi. The truck caught fire, and Stone was pinned by his foot in the wreckage.

The palms of his hands, insides of his arms, thighs and right calf were burned. The doctors are presently waiting to see if he will need grafting on his lower leg.

His parents and sister, Mr. and Mrs. Jimmy Stone and Melissa, and Terri Ramsey left for Corpus Christi after receiving word about the accident. Mrs. Stone, and Melissa returned home Saturday, and Stone is still in Corpus with his son.

Jimmy Dewayne's address at the hospital is 343 West Burn Unit, Memorial Medical Hospital, 2606 Hospital Boulevard, Corpus Christi, Texas 78405.

Accident Victims Home, Improving

All of the young people who were involved in a two-car accident on Highway 87 in Silverton about 1:45 a.m. Sunday have returned to their homes and are recovering from their injuries.

John Segura, driver of the car involved in the accident, was treated for glass cuts and glass in his eye, and was released that same day at the Amarillo Emergency Receiving Center at Northwest Texas Hospital in Amarillo where all were transported by the Silverton Volunteer Ambulance Service.

Rank Cogdell, driver of the pickup involved in the accident, was diagnosed as having cracked ribs. He returned home Monday afternoon from Northwest Texas Hospital.

Shellie Peterson of Happy, a passenger in the Cogdell pickup, was to have been released from Northwest Texas Hospital Tuesday.

Services Held Sunday For Deral Young

Funeral services for Deral Lynn Young, 50, were conducted at 3:00 p.m. Sunday at the City Park Church of Christ in Floydada, with Perry Zumwalt, minister, and Cecil Osborne of South Plains officiating.

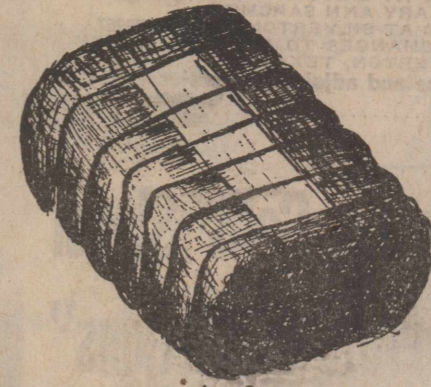

Burial was in Floyd County Memorial Park, with arrangements directed by Moore-Rose Funeral Home of Floydada.

Mr. Young died Saturday morning at his home in Floydada of cancer.

Born in Wheeler, he had lived most of his life in Floydada. He was a farmer and a veteran of the U. S. Army. He was a member of the Church of Christ. He married LaFawn Hanna April 5, 1953 in Lubbock.

Large Crowd Attends School Homecoming Here Saturday

A large crowd attended the Silverton School Homecoming here Saturday, and according to Bill Strange, one of the organizers of the event, more than 100 more were fed lunch in the school cafeteria than had been expected.

The event actually began with an ice cream supper in the school cafeteria. Breakfast was served Saturday morning for all present and former teachers.

Activities resumed with registration at 12:00 p.m. Saturday. A program was held in the auditorium following lunch.

Terry Bomar, another of the organizers of the homecoming, was master of ceremonies for the program. The invocation was given by John Francis, the Pledge of Allegiance to the Flag was led by Buddy Comer, and John Schott welcomed those present.

Marvin Self recognized the championship Silverton athletic teams, including the boys basketball teams of 1956, 1957, 1959, 1961, 1977, 1978, who were district champions, the team of 1977, which won the bi-district championship, and the team of 1978, which advanced to the state semi-finals. He recalled the girls basketball teams of 1954, 1955, 1956, 1961, which earned district championships, and the team of 1977, which was the only team of its classification to defeat the Nazareth Swiftettes who have won the state championship for six consecutive years. He recognized the 1941 6-man football bi-district champions, and district champions of 1947, 1970. Baseball honors were won in 1949, when the team brought home a bi-district championship, and in 1969, when the team was district champion.

It was later mentioned that Marvin was too modest to go ahead and mention Silverton athletes who had made their mark in college, including Bobby Kit-chens, Marvin Self and Dayne Mayfield in track at West Tex-

as State University; Hank Brown in football at Hardin-Simmons University; Joe Brooks and O. C. Rampley in football at West Texas State, and Grady Martin in football and basketball at Southern Methodist University.

The Owl Fight Song was led by former cheerleaders Carolyn (Frizzell) Reagan, Lallie (Haynes) Patton, LaQuetta (Chitty) Schott, Toni (Rhode) Jenkins, Donaleta (Seaney) Garrison and Elaine (Stephens) Forbes.

Entertainment was provided by John Francis, Class of 1951; Cliff Stodghill, Class of 1948; Joy (Reithmayer) Stodghill, Class of 1950; Jim Burson, Class of 1967. Selections included "Back Home Again" and "Time Changes Everything," with vocals by Burson; "Sentimental Journey" and "Life Has Been a Pleasure," sung by the Stodghills; and an instrumental, "In the Mood."

Speakers were three former Silverton coaches, Dutch Cleavinger of Canyon, Aulton Durham of Cleburne and Hank Brown of Roscoe.

The classes were recognized by Bill Strange, and Mrs. Bill (Sharon Storie) Strange read the minutes of the previous meeting. Mrs. Terry (Paula Birdwell) Bomar announced that Wayne and Tina Nance, Stan and Lynda Foggerson and Lynn and Kathy Frizzell had volunteered to be in charge of the next homecoming. Mrs. Wayne (Tina Weaver) Nance and Superintendent O. C. Rampley were in charge of presenting the Homecoming Queen, a highlight of the program. Selected as the queen this year was Mrs. Alvin (Winnie) Joiner Redin, who taught at the Rock Creek School before teaching in the Silverton Schools for many years. She retired from teaching in 1970, and now makes her home with her husband in Plainview.

The meeting was concluded with the singing of the alma mater.

The SHS cheerleaders for 1982-83 conducted registration and sold mums for the homecoming. Dressed in their red and white cheerleading uniforms, they added a lot of color to the festivities.

Following the parade, a barbecue supper was served on the courthouse square where diners visited on the lawn, on the steps of the courthouse, or in chairs under a huge tent erected to provide shade. Free tickets to the

Varsity Owls To Scrimmage At Jayton Friday Night

Twenty Silverton High School boys have reported out for football this year, and according to Coach Marvin Self, even though they are few in number they are some "good boys." Several of the players have been sick or nursing minor injuries, so the workouts have been light this week in spite of the fact that the

team is to scrimmage at Jayton at 7:00 p.m. Friday.

There will be a scrimmage with Smyer here the following Friday at 6:30 p.m.

The regular season opens at Claude September 3 at 8:00 p.m. The first home game will be with McLean on September 10.

Parade Opened County's 90th Birthday Celebration

Getting the Briscoe County 90th Birthday Celebration underway Thursday afternoon was a parade featuring floats, bicycles, fire trucks, riding clubs and a bit of humor provided by the L. O. A. Junior Study Club with the "Silverton Funny Farm."

The parade was led by a color guard from the Texas National Guard headquartered in Tulia.

The Progressive Homemakers received first place in the float division and was presented \$75 donated by First State Bank. The float carried a replica of the historic Briscoe County Jail built in 1894.

Placing second was the float entered by the Stephens Gang. It was awarded \$50 donated by the Silverton Barbecue Club. The theme of this float was "Silverton Has Something For Everyone," and featured farming, agribusiness, oil and Lake Mackenzie surrounding a giant Tex-mas.

Another clever entry was that of the Silverton Young Farmers, which showed a scrubby old pickup pulling a broken-down cotton trailer with a sign on it that indicated there'd be no cotton in this part of Briscoe County this year.

Donley County 4-H Riding Club won the first place trophy and Boys Ranch won second place in the junior riding club division. Lelia Lake Riding Club won first place and \$25 contributed by Mac's Backhoe Service in the senior riding clubs division.

Prizes were awarded by Harvey McJimesy, parade marshal, who asked that appreciation be expressed to all those who took part in the parade and to all those who provided prizes for the parade's winning entries.

Winners in the children's bicycle parade were Monica Arnold, who won first place, \$10 and two rodeo tickets; Avonna Miller, who won second, \$5 and two rodeo tickets, and Heath May, third place, \$2.50 and two rodeo tickets.

Chick Northcutt, 88, Lela Rhea, 88, Charlsie B. Arnold, 90, Alvin Redin, 86, Stella Davis, 87 and Mary Rampley, 88 were recognized as the eldest persons registering at the celebration. Several others registered who were born before 1900, including Buck Baird, Mae Bomar, Georgia Allard, Anna Lee Anderson, Jim Brooks, Mabel Welch and Nelle Bryant.

Mrs. Blanche Newman, 82, was named the 1982 Briscoe County Pioneer For The Day by the Briscoe County Historical Survey Committee. She received a corsage and plaque from the L. O. A. Junior Study Club. Mrs. Newman has resided in Briscoe County since November 1900.

barbecue were given to all citizens 65 years of age or older who had lived in Briscoe County at least 40 years.

Providing music during the barbecue was a band composed of Cliff and Joy Stodghill, John Francis, Jimmy Burson, Benny Brown and Ronnie Hester.

Other attractions at the celebration were the arts and crafts booths on the courthouse lawn. The many wares on display and for sale included paintings, bits and spurs, dolls, jewelry, pottery, wooden framed mirrors, pillows, aprons, baby quilts and stuffed toys.

Silverton Young Farmers sponsored the rodeo in Wood Memorial Arena with stock furnished by C Bar T Rodeo Company of Lubbock.

Highlighting the rodeo were some special events on Saturday. Kori Baird, daughter of Mr. and Mrs. Jerry Baird, was selected as the 1982 Rodeo Queen. Her sponsor was the Silverton Young Farmers. Other candidates were Kristy Foggerson, Missy Brown and Angie Lowrey.

A handmade saddle, made by Jack Osborne, was auctioned. Billy Cogdell bought the saddle and donated it back to the Silverton Young Farmers Rodeo. The second auction of the saddle saw Donnie Martin become its owner.

Nightly dances were held on the Silverton Elevators' concrete slab. The Rough Riders of Nazareth played Thursday and Friday nights, and the Texas Five Plus One of Dumas provided the music Saturday night.

Hodge Services Conducted Last Week

Services for Hugh (Hap) Hodge were conducted at Piedmont, Oklahoma at 4:00 p.m. on Wednesday, August 11. Burial was under the direction of Davis Funeral Home of Guthrie, Oklahoma. Officiating at the services was Rev. Bill Luttrell, pastor of the First Methodist Church.

Surviving are one daughter, Mrs. Lois Cline of Silverton; one granddaughter, Mrs. Ruth Ann Scrivner of Turkey, and two sisters.

Soil Conservation Service Accepting Applications Now

The USDA Soil Conservation Service is now accepting applications for volunteers who want to help install conservation measures.

"Thanks to the Agriculture and Food Act of 1981, the Soil Conservation Service now can accept the volunteer services of people in helping with soil and water conservation programs," said John Crowell, district conservationist for SCS at Silverton. "Freeing SCS employees to concentrate on priority work helps us give the public more for each tax dollar."

SCS volunteers are unpaid and will not replace any other USDA employee. They can help with field surveys and layout of conservation practices, help train students for soil and land judging contests and help with conservation education programs. They can help construct outdoor learning areas, help with public information campaigns, or with routine paperwork.

One volunteer who has signed up is a long-time friend of resource conservation, actor Eddie Albert, who recorded radio spots to help promote the volunteer program.

Many skills are needed and volunteers are permitted to perform a wide range of services on a part-time basis.

With the help of volunteers, we can be more responsive to farmers, ranchers and other land users, and do a better job for less money in less time, Crowell said.

METHODISTS HAVING BACK-TO-SCHOOL PARTY

The Methodist Church is having a back-to-school party Sunday night at 7:00 o'clock in the church basement. This is for all church members from kindergarten through college, and includes teachers, too. Parents and other members are also invited.

Come join in the fun and refreshments Sunday night.

Hightower Spokesman Calls Slover Statements "Deliberate Distortions"

Labeling them "deliberate distortions and complete fabrications," a Hightower campaign spokesman condemned recent remarks by Hightower congressional opponent Ron Slover. Bob Davis, campaign manager for the Jack Hightower re-election campaign, said Slover exhibited a remarkable lack of knowledge of the facts when he claimed Hightower was opposed to a balanced federal budget and to a proposal for such an amendment to the United States Constitution.

The facts are, "Jack Hightower has been on record in support of a balanced budget since 1961," Davis said. "He has voted numerous times to reduce federal spending, including, of course, his votes last year for the Reagan budget cuts. He is also a co-sponsor of H.J.R. 350 which is a balanced budget amendment to the Constitution. Slover attended the same rally on the Capitol steps that Congressman Hightower did and Slover knows his statements are totally inaccurate."

The rally Davis referred to was held in Washington to kick off a national campaign for a balanced budget amendment, and it was attended by the President, Vice-President, Members of Congress and congressional candidates in support of such an amendment. The rally, and Hightower's attendance, was widely reported in newspapers and on television in the 13th District.

"Slover is either confused or has embarked upon a deliberate campaign to smear both Mr. Hightower and distort his widely-known record on budget issues. Slover's campaign rhetoric is following the same pattern he used

last election when he was defeated, and it is clear he has a continuing credibility problem." "Since Slover has no legislative experience of his own, and no record of accomplishment in this field, at any level, it appears he has been told by his East Coast campaign advisors to run a negative campaign and avoid or distort specifics. Responsible people in our part of Texas, both Democrats and Republicans, know Jack Hightower and his record. They are not and will not be fooled by the negative tactics employed by Slover."

Davis further pointed out that in the 1980 campaign, Slover attempted to claim that Hightower had supported the windfall profits tax on oil producers and has come close to repeating that theme this year. Davis said that Slover knew then that Hightower had opposed the tax in numerous speeches, worked against it, and finally voted against it on the House floor, but that Slover used that attack theme anyway throughout the campaign.

Farmers Warned About Telephone Solicitations

Farmers being solicited by telephone to buy KnockOut pesticide are warned to be aware that the product may be grossly misrepresented, Agriculture Commissioner Reagan V. Brown said today.

"We have received several calls from scattered locations in the state from farmers who have purchased the pesticide after telephone solicitations and have found that it does not live up to the sales pitch," Brown said.

The telephone salesmen have stated that it is as good as or superior to another well-known, commonly-used herbicide (Round-up). The most recent telephone solicitations have been from Alpine Farm Products in Long Island, New York.

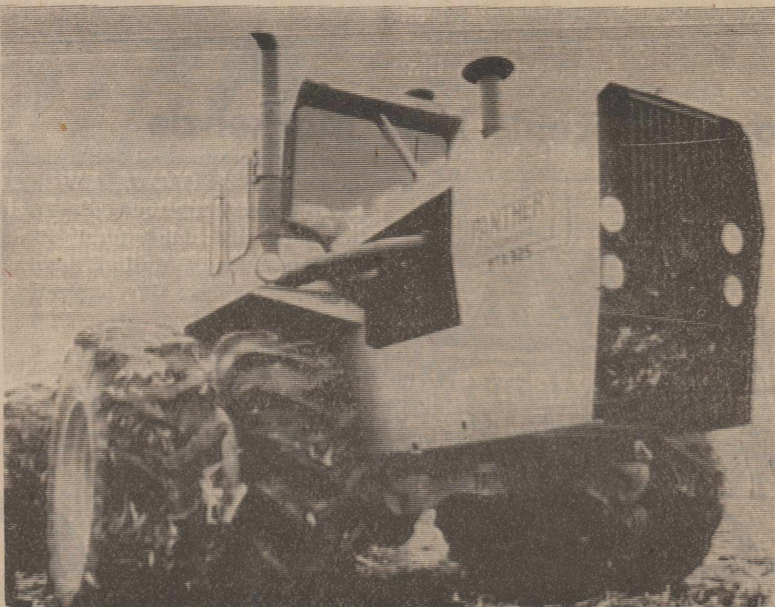

Knock-Out is registered for sale with the Texas Department of Agriculture with a label specifying a 1.8% active ingredient. "There is nothing illegal about selling this product, but its performance is being misrepresented. The pesticide being compared contains 41% active ingredient."

Brown urged farmers before ordering such pesticides from out-of-state firms to compare the active ingredient percentage on products formulated for the same purpose. "There is still no assurance that the contents meet label specifications on purchases resulting from such telephone solicitations."

They should also check the local prices. "The cost of the product is often the same or more than they would pay locally."

Pesticides sold by such out-of-state dealers could lack the proper precautions for use on the label. There is no assurance that the pesticides are not contaminated or that they have not been diluted.

Brown advised farmers to buy

New Steiger Tractor Dealer Named Here

Don Brown, Brown-McMurtry Implement, Silvertown, has been named a dealer for Steiger Tractor, Inc.

Brown - McMurtry Implement will now be able to offer a full line-up of high-horsepower, four-wheel-drive tractors to farmers in the Silvertown area.

Brown - McMurtry Implement was selected because of its proven commitment to service and sales excellence, according to Steiger district manager John Weaver.

"We are very pleased to be able to offer Steiger tractors," Don Brown, owner, Brown-McMurtry Implement, said. "Steiger has built an outstanding reputation for quality among farmers all over the U. S. . . all over the world for that matter."

from dealers they know, "ones that they can complain to if the product does not work as it should."

If farmers have purchased pesticides from this company and still have the containers, they are requested to notify the Texas Department of Agriculture.

We expect a lot of interest and inquiries from farmers in the area."

Steiger Tractor, Inc. is headquartered in Fargo, North Dakota.

Dr. Lester Grabbe of Pasadena, California and Mrs. Susan Edwards and Nolan are visiting this week with their parents, Mr. and Mrs. Warner Grabbe. Dr. Grabbe and family are moving to England soon, where he will be assistant professor in Greek and Hebrew studies at Hall University.

Swisher County To Crack Down On Carcass Situation

Swisher County officials plan to crack down on persons who put dead stock on the roadways in order to have the carcasses carried away by the county's rendering service.

"The problem is the stock dies and the people pull it out to the roadside for the rendering plant to come by and pick it up," said Sheriff Gary Gerdes. "Sometimes these plant trucks do not get by for several days, and then the carcass is too rotted to pick up."

Gerdes said these practices have been going on for years, and to halt the unsanitary dumping, the Swisher County Commissioners Court last year passed an ordinance declaring a \$200 fine be levied against anyone who leaves or puts dead stock on the roadways.

The new ordinance helped decrease the problem for a little while, Gerdes said, but the dumping of carcasses has started to cause problems again.

The county recently redoubled its efforts to catch and prosecute ordinance violators, posting notices which outline the law and the fine, and encouraging information against people who dis-

pose of dead stock improperly. The notice said the ditches are not the place to leave dead stock, and those with dead animals should call the rendering plant, leaving the dead animals on their land until the carcasses are picked up.

Gerdes said in some cases the rendering plant will not pick up the carcasses, thus shifting the responsibility for animal disposal back to the owner. These carcasses can be buried or burned.

COUPLE'S MARRIAGE IS ANNOUNCED

Mr. and Mrs. Gail Bullock announce the marriage of their daughter, Roxanne, to Mr. Mike Montague.

The couple exchanged vows June 18 in Corpus Christi, Texas. They are making their home at Lake Mackenzie.

Mrs. Warner Grabbe returned home Monday from a ten-day bus tour with a group of teenagers and adults from the Worldwide Church of God. They visited points of interest in Oklahoma, Arkansas, Tennessee and North Carolina, which included the World's Fair at Knoxville and the Great Smoky Mountain National Park in Tennessee and North Carolina.

Class Of 1932 Enjoys 50-Year Reunion

Fifty years ago, seventeen seniors walked across the stage to receive their diplomas from Silverton High School. Last Saturday, ten of this number returned to enjoy their fiftieth anniversary.

A sunrise breakfast at the J. D. Nance home at Lake Mackenzie began the reunion.

Attending the breakfast were Conrad and Leota Alexander,

Mildred Formby Slough, Dickens; Nelle Formby Baxter, Lake Elsinore, California; Edward Spillman, Oakdale, California; Donald Spillman, Chad and Troy, Livermore, California; Dutch and Earlyn Cleavinger, Canyon; James and Lallie Patton, Aubrey and Mae Rowell, Carver and Iwana Monroe, J. D. and Lois Nance.

Following the homecoming program at school, the Class of 1932 hosted a tea for the Classes of 1931 and 1933. Clyette Cowsar McMurtry joined her 1932 classmates there for the tea.

More than sixty people regis-

tered at the tea, including Mrs. Winnie Redin of Plainview, Dutch Cleavinger of Canyon, Mrs. Lucille Wilson Ford of Tulsa, and Miss Anna Lee Anderson, former teachers of the Class of 1932.

Four of the 1932 graduates are deceased. These include Catherine Cline Boggs, Carolyn Schott Self and Pete Cowart.

Kenneth Davis of Houston, one of the Class of 1932, was in M. D. Anderson Hospital. R. D. Hodges of Houston, Agnes Braly of Plainview and Martha Cox Hampton of Denver, Colorado were unable to attend.

The first cheerleaders from Silverton High School ever to attend cheerleading school were Elaine (Stephens) Forbes, La-Quetta (Chitty) Schott, Carolyn (Frizzell) Reagan and Toni Jenkins. The girls hadn't led a cheer together in 20 years, but with Donaleta (Seaney) Garrison and Lallie (Haynes) Patton, also former SHS cheerleaders, led the singing of the Owl Fight Song at the Homecoming Saturday afternoon. "Hey, these are real pom-poms," said one of the girls of the pom-poms they had borrowed from the current SHS cheerleaders. "All we had were homemade ones!"

Class Of 1957 Has 25th-Year Reunion

The Class of 1957 held its 25th-year reunion Saturday, August 14, 1982 in the home of Robert and Carlye Hill. The Hills hosted the event by having a hamburger supper in honor of the occasion.

One of the highlights of the evening was the reading of the Class Prophecy; however, the nicest part, according to one member of the class, was being together again, reminiscing about old times, and finding out what each has been doing the last 25 years.

Attending were Carlye and Robert Hill and sons; Brad and Nancy Wilson and their two children from Costa Mesa, California; Sammy and Rita Turner and their three children of Odessa; Rose Ann (Dennis) Buck of Oklahoma City, Oklahoma; Jack and Carolyn (Martin) Carlisle of Lubbock; Norman Chitty of Amarillo; Troy Chitty of El Paso; Jimmy and Edwina (Breedlove) Smith of Andrews; DeLeath and Sue Peugh, who were enroute to Fresno, California to make their home; Don Thomas of Wichita, Kansas; James and Donna Alexander of Lubbock; Charles Don Wallace of Quitaque; Bill and Evelyn Verden of Earth; Richard and Gay Lynn (Callaway) Eddleman of Amarillo.

MR. AND MRS. IKE JOHNSON

Couple To Observe Fiftieth Anniversary

Mr. and Mrs. Ike Johnson of Lockney will observe their 50th wedding anniversary with a reception Sunday, August 22, from 2:00 until 4:00 p.m.

The event will be held in the fellowship hall of First United Methodist Church in Lockney.

Friends and relatives are invited to attend.

Hosts will be the couple's three children, Betty and Orland Gilbert of Lubbock, Rita Burleson of Andrews, Tom and Dixie Johnson of Lockney; and their grandchildren, Greg and Gavin Gilbert of Lubbock, Todd Burleson of Denton, Melissa and Steve Johnson of Lockney. Several nieces will assist with hospitality.

Special guests will be Mrs. Johnson's sisters, Mrs. Clyde Baxter of Lockney and Billie Bue Dorsett of Lamesa; and Mr. Johnson's sister-in-law, Mrs. Lavon Johnson of Lockney.

Mr. Johnson was born in Greenville. His wife, the former Lucile Jarboe, was born in Lexington, Oklahoma. Their parents, the late Mr. and Mrs. Tom Jarboe and the late Mr. and Mrs. M. S. Johnson, were neighbors in the Lone Star community north of Lockney.

Ike Johnson and Lucile Jarboe were married August 17, 1932, in Fort Sumner, New Mexico. They have resided in Floyd County except for several years in Plainview and then several years in Fort Worth during World War II. He is a retired farmer and mechanic.

Max Burson of Plainview, Mr. and Mrs. Darrell Sorter and Sherri of Winfield, Missouri have been guests of Mr. and Mrs. James Patton during the past week. Mrs. Sorter and Sherri had spent about three weeks here with her parents and other relatives.

Perry Thomas is undergoing tests and treatment at Northwest Texas Hospital in Amarillo.

Scientist Defends Safety Of Meat In The Diet

"Present efforts to inform the public that beef contains high levels of saturated fatty acids is unwarranted, unnecessary, and is without a sound basis," says Dr. Randall Wood, Professor in Biochemistry at Texas A&M University.

Lean beef was also examined because public attention is being focused on beef as containing saturated fats, and more recently, as containing trans fatty acids.

NOT REQUIRED

Many of the latter, Wood explains, are not required by the body for nutrition and are thought by some to constitute a possible health hazard.

However, Wood says his research shows one would have to eat 100 pounds of lean beef to get the same amount of trans fatty acids found in one pound of most margarines.

As to processed meats in four major categories (bologna, hot dogs and wieners, luncheon meats, and vienna sausage),

Wood says that though they contain about 30% fat, it is primarily triglycerides that contain natural fatty acids and not the "unnatural fats" suspected of being health hazards.

Previous research by Wood on vegetable oils (cooking oils, shortening, salad oils, margarines, etc.) showed they generally contain a high content of these "unnatural" fats, resulting from the partial hydrogenation of fats and oils.

He explained his use of the term "unnatural fats" as forms of fat not usually found in the natural content of most unprocessed vegetable oils.

Many of these "unnatural fats" appear to have no use other than as a source of energy in the human diet and some may even accumulate in the fatty deposits of the body.

In addition to the direct consumption from cooking oils, shortening, salad oils, margarines, etc., these unnatural isomers from partially hydrogenated fat and oils are finding their way into the American diet in other ways.

Wood cites research by Mary Enig at the University of Maryland which examined 220 processed food items and found most contained significant quantities of trans fatty acids (unnatural fats).

GENERAL LIST

The general categories of foods examined were breads and rolls, breadings and fried crusts, cakes, candies, crackers, french

fries, frostings, non-dairy creamers and toppings, pastries, pies and doughnuts, snacks and chips, in addition to margarines, shortenings and salad dressings.

Of particular concern to Wood is the apparent accumulation in the body of some of the unnatural fatty acids.

The accumulation suggests that the body's enzymes prefer not to use or replace these fatty acids as fast as naturally-occurring acids.

PROBLEM LEVELS

Accumulation of the unnatural fatty acid could finally reach levels in membranes (barriers between cells and structures within cells) so that the cells could no longer function normally.

"The public is so confused by the numerous recommendations of the types of fats they should have in their diet that they don't know what to believe," Wood says, "but this has resulted largely from recommendations being made on incomplete data."

"If I have to make a personal choice, I'll choose the natural fat. Our research indicates that instead of fearing the fat found in processed meat and lean beef that we might be better off seeking ways to cut down on use of processed vegetable oils or cutting back on the amount of fat we eat."

"We are trying to determine whether the fatty acids produced during the partial hydrogenation of such fats and oils are safe. If they are, the data will support it but if they're not, let's remove them from the American diet."

"This wouldn't preclude our continued use of these foods; it would simply mean modifying processing methods."

TECHNOLOGY AVAILABLE

"Industry already has the technology to produce the same quality products containing only

natural fatty acids without any additional increase in the cost of the product," Wood concluded.

AS A MAN THINKETH

Gerald Beasley
OBFUSCATORY SCRIVENERY
Obfuscatory scrivenery is foggy writing! A plumber wrote the National Bureau of Standards about using acid in clogged drains. The response: "The efficacy of hydrochloric acid is indisputable, but the ionic residues are incompatible with metallic permanence." That's foggy!

Some writings are much simpler than others. Insurance and tax forms are often unclear.

"Teach me thy way, O Lord, and lead me in a plain path" (Psa. 27:11). "Our Father who art in heaven" and the words following shout their plainness at us. The sermon on the mount begins simply, "Blessed are the poor in spirit . . ." and at its conclusion we're told "the multitudes were astonished at his teaching." "The common people heard him gladly."

Jesus' great commission (Mt. 28:18-20; Mk. 16:15-16) is easily understood. Even "wayfaring men . . . shall not err therein" (Isa. 35).

Yes, there is "meat" in the Word, but there is abundant "milk" (1 Pet. 2), too! Drink it. Study it. Believe it. Obey it.

Lynn Smith had the misfortune of breaking a bone in his foot in a swimming accident at Lake Theo Saturday afternoon.

Jon Mac Edwards of Canyon visited his grandparents, Mr. and Mrs. Roy Mack Walker, over the weekend.

did you know?

The steam-driven turbine rotor at Tolk Station, our new coal-fired plant near Muleshoe, Texas, whirls at such great speed that if it were placed on the highway, it would travel the 125 miles from Lubbock to Amarillo in about 6 minutes. Other interesting facts about the power plant, which began generating electricity in July: At the speed the main steam — which drives the turbine — travels through the pipes, it could finish the Boston Marathon (26 miles) in about 12 minutes. At maximum output the turbine produces about 728,000 horsepower. It can provide power for 5,430,000 hundred-watt light bulbs.

Jim Matthews, Generation Design & Construction Group Manager, Amarillo.

The primary fuel for Tolk Station is a low-sulphur, high-heat-value coal from the Black Thunder Mine near Gillette, Wyoming. Southwestern Public Service made the decision to buy this coal because the low-sulphur rating means we can comply with certain requirements of the Clean Air Act without installing extremely complex and extremely expensive pollution-control devices.

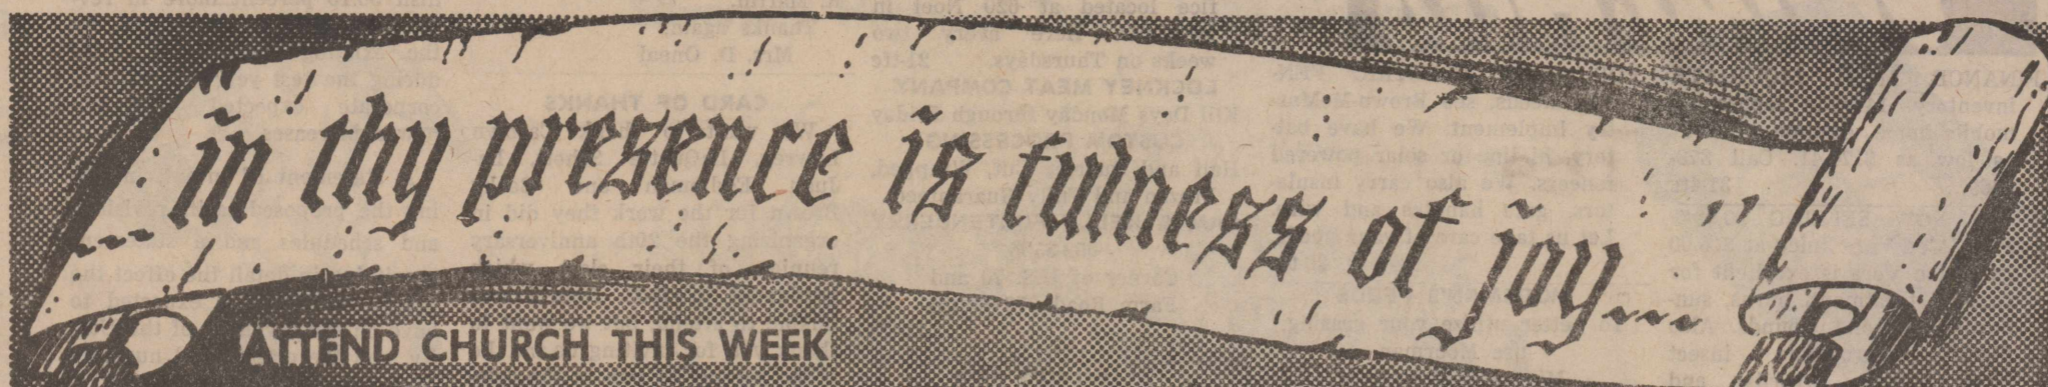

Leo Austin, Supervising Engineer, Roswell.

We'll turn things upside down to benefit our customers. Here's an example: We use a "rotary dumper" system to unload the railroad cars which carry coal to Tolk. The cars are unloaded one by one. Each is attached to a large wheel that literally turns the car upside down, pouring out the coal. The system allows us to use lighter weight coal cars. So our freight cost is lower, and so is the fuel cost adjustment our customers pay.

Jack Logan, Operations Superintendent, Muleshoe.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Cards of Thanks

CARD OF THANKS A great big Texas thank you to all the people, organizations and businesses who donated to the barbecue fund.

We appreciate all the help that the Silverton Lions Club and Silverton Volunteer Fire Department have given us year after year!

All the support is much appreciated. Silverton Young Farmers

CARD OF THANKS The Silverton Young Farmers would like to express their appreciation to all the people who made the rodeo a success!

We want especially to thank Billy Cogdell for purchasing the handmade saddle and donating it back to the Young Farmers Rodeo.

Each queen candidate did a great job. We are very proud of Kori Baird, Missy Brown, Kristy Fogerson and Angie Lowrey!

Once again, thank you to each one named and to the many unnamed ones who contributed to the success of the rodeo.

CARD OF THANKS We would like to thank Harris Gin for the use of their barn, Calvin Shelton for the use of his trailer, and the Barbecue Fund for the second-place prize money. Also, the Silverton Young Farmers for their continuing of the rodeo and barbecue. The Stephens Gang

CARD OF THANKS I would like to thank the L. O. A. Junior Study Club for sponsoring me as a queen candidate during the rodeo, to the Doug Forbes family for their horse and help with riding, and to all the people who supported me by buying rodeo tickets. Kristy Fogerson

CARD OF THANKS

I would like to thank everyone for the cards, letters and calls when I fell and hurt myself. A special thanks to Mr. and Mrs. Jord Hollingsworth and Mrs. A. R. Martin.

Thanks again, Mrs. D. Oneal

CARD OF THANKS

We want to thank Carolyn Lowrey, LaQuetta Schott, Lajuan Eddleman and Becky Brown for the work they did in organizing the 20th anniversary reunion of their class which graduated in 1962. Robert was unable to attend, but we want to thank you for inviting us and the other parents to join in the celebration, and for the delicious food that was provided. It was good seeing and visiting with so many we hadn't seen in some time.

Thanks again. We love you all, Berton and Vivian Hughes

CARD OF THANKS

I would like to thank everyone for your support during the rodeo and everyone who bought tickets from me to help me out. I would also like to thank the Young Farmers for sponsoring me. Thanks again. Kori Baird

LEGAL NOTICE

Lighthouse Electric Cooperative, Inc., (the "Utility") in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of its intent to implement a new schedule of electric rates, effective

September 1, 1982, or as soon thereafter as permitted by law. All classes of consumers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish 50.15 percent more in revenues than were furnished by the existing schedule of rates during the test year and will incorporate expected wholesale power increases.

A statement of intent, including the proposed tariff revisions and schedules and a statement specifying in detail the effect the proposed change is expected to have on the revenues of the Utility, and the classes and numbers of Utility customers affected, is on file with the Public Utility Commission of Texas and is available for Public Inspection at the Cooperative offices, Hwy. 70 East, Floydada, Texas, and 502
