

Sign-Up Deadline Is Fast Approaching

Sign-up activity is in full swing at the local office of the Agricultural Stabilization and Conservation Service. Farmers are filing applications for the 1982 feed grain, wheat, upland cotton and rice programs.

Farmers may report their wheat, oats and barley acres at the same time that they sign up and avoid having to make a separate trip to the county office.

The 1982 acreage reduction programs offer farmers target price protection, commodity loans and use of the grain reserve for their 1982 crops.

Program participation so far has been light, but greater activity is expected with the approach of the April 16 deadline.

While the programs are voluntary, only those who sign up by April 16 will be eligible for program benefits.

Producers who wish to participate in the 1982 program should not let this date go by without signing the proper documents in the ASCS office.

Services Today For R. L. O. Riddell, 75

Funeral services for R. L. O. (Rags) Riddell, 75, will be at 2:30 o'clock this afternoon (Thursday) at the First Baptist Church in Silverton. Officiating will be the pastor, Rev. Royce Denton, and Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial will be in the Silverton Cemetery, with arrangements directed by the Silverton Funeral Home.

Pallbearers will be Lynn Smith, Dale Smith, J. L. Self, Donnie Perkins, Terry West and Flute Hutsell.

Mr. Riddell became ill at his home eight miles southeast of Silverton about 10:00 p.m. Tuesday, and was transported by the Silverton Volunteer Ambulance Service to the Briscoe County Clinic where he was pronounced dead on arrival by Dr. James Chua Tuan.

Born in HoHis, Oklahoma July 18, 1906, he was the son of the late Mr. and Mrs. H. L. O. Riddell. He and Miss Ella Leah Smith were married in Silverton on December 14, 1934.

Mr. Riddell was a farmer. Survivors include his wife, Ella Leah; one son, Alton (Tobe) Riddell of Silverton; three sisters, Mrs. Leona Brooks, Mrs. Clyde (Manemma) Hutsell and Mrs. M. B. (Juanita) Self, all of Silverton.

Sheriff Issues Warning To County Residents

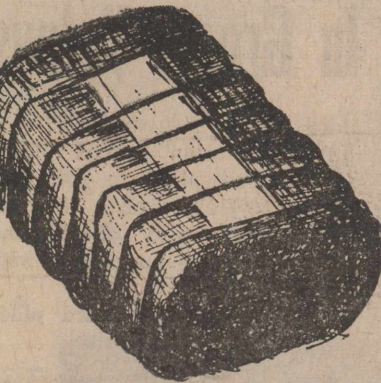

"Due to recent problems with prowlers and burglaries in both rural and town areas, the sheriff and city marshal are requesting your assistance. If you are going to be away from home please let your neighbors know and inform the city marshal or sheriff's department," said Sheriff Dick Roehr this week.

Take precautions to lock your home and business as well as possible. Provide adequate lighting, both inside and outside. Light switch timers are available at K-Mart and Radio Shack. These timers are quite effective, the sheriff added.

Do not publicize your absence from home any more than is necessary for security. Report any strange vehicles, get license numbers if at all possible, color and make if you can.

Report anything suspicious to the sheriff's office, 823-2201; sheriff's residence, 823-2031; city marshal, 823-2436; Quitaque Deputy Oliver Clark, 455-1206 or 455-1115.

Horse Short Course To Feature Production And Management

Horsemen in Briscoe County are invited to attend the annual Horse Short Course at Texas A&M University April 4-6 for the latest production and management information.

A day-and-a-half program at Rudder Center on the A&M campus beginning April 5 at 8:20 a.m. will feature discussions that should be of interest to every horseman, says Earnest Kiker, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

Topics will concern internal parasite control on the breeding farm, a condition scoring system for maximizing broodmare performance, methods of feeding young horses, abrupt versus gradual weaning system, horse research at Texas A&M, colic in horses and the current status of the blister beetle problem in

Texas.

Of special interest will be a talk on "A Scientific Approach to Maintaining Soundness and Increasing Speed in the Race Horse" by Tom Ivers of Oklahoma City, exercise physiologist and director of research with Celestial Acres Stud, Inc.

The program will also feature a discussion on the Texas Reined Cow Horse Association by the organization's president, Jack Brainard of Gainesville.

Other speakers include officials of Texas A&M's Department of Animal Science and College of Veterinary Medicine.

Two horse training sessions will also highlight the short course, points out Kiker. One will be at 6:30 p.m. April 4 and will deal with "Training Horses in the Saffle Bit." Professional horse trainer Bobby Ingersoll of Pleasant Grove, California, will demonstrate the basics of making young horses into working cow horses.

The other horse training session will be at 1:30 p.m. April 6 and will be on "Training the Western Riding Horse." Professional horse trainer Buddy Roulston of Brenham will demonstrate the basics of biting, riding and training horses to prepare them for western riding.

Rank Cogdell Wins First Place In Cutting Horse Show

Rank Cogdell, 17-year-old senior in Silverton High School and son of Mr. and Mrs. Billy Cogdell, won the non-pro class of the Panhandle Cutting Horse Association's third championship show of 1982 at the Tri-State Fairgrounds in Amarillo. His winning score on San Peppy Miss was 73.

His sister, Penny Cogdell, 19, on Doc Koko, and his brother, Dick Cogdell, 15, on Miss Lena Barrett, tied for fifth with scores of 72 in the non-pro class.

In the open class, Rank Cogdell, on Miss Lena Barrett, and Dick Cogdell, on San Peppy Miss, also tied for fifth.

The Cogdells have a fourth child, Jim, nine, who also competes in cutting horse competition in the youth class.

Last year, Rank Cogdell won the world youth cutting horse competition, Dick Cogdell was eleventh, and Penny Cogdell finished in the top 20.

All have been riding since they were two or three years old.

"I've ridden all my life," said Penny Cogdell, now a student at Texas Tech University in Lubbock. "Daddy has been my coach. I enjoy it a lot. It's kind of addictive. It gets to be a way of life."

Their father has been raising cutting horses for 32 years, and he owns one of the all-time great cutting horse mares, Lynx Melody. She won the National Cutting Horse Association Fort Worth Futurity in 1978 as a three-year-old. There were 580 horses competing.

She also won the National Cut-

ting Horse Association Derby, when she was four. And she won the Pacific Horse Maturity at the age of four. She is the only horse ever to win all three of those events, which are comparable to the triple crown in racing. One other horse has won two of the three events and tied for first, but Lynx Melody is the only horse ever to win all three outright.

She was world-champion cutting mare in 1980. She had a total life earnings of \$115,000 when she was retired at the age of five. She was trained by Larry Reeder of Stephenville.

"She is by far the best cutting horse I've owned," Cogdell said. And in 32 years he has owned a lot of them.

She is now seven years old and has had two colts, one of which is only a few days old. The colt was sired by Little Peppy, from the King Ranch. Although he already has had offers for the colt, Cogdell said he would probably keep him and let one of his children compete in cutting-horse competition with him.

Cogdell raises cutting horses as well as commercial Herefords on his ranch in northern Briscoe County. He has about 38 broodmares in addition to Lynx Melody. He also raises horses just for use on the ranch.

"Cutting is a practical sport," said Penny Cogdell. "We cut cattle on the ranch that we want to take to another pasture or to sell or something like that." The Cogdell family also enters about 45 cutting-horse shows each year.

The 1600 meter relay team, composed of Norby Garcia, Ricky

KIKER'S KORNER Earnest Kiker Briscoe County Extension Agent JUNIOR LIVESTOCK SHOWS— ARE THEY WORTH IT?

Before we discuss the merits of a junior livestock show, maybe we better define it. First of all, it's not a junior livestock show, it's a youngster show where livestock are used as props or visual aids. About 90% of the people who come to a livestock show come to see their youngster or someone else's youngster show themselves, and they have to have an animal in order to get into the ring. Junior livestock projects should never be sold as a money-making project. It is a teaching project, and should be sold as such. What does it teach? 1. It teaches youngsters to get along with people. Showing animals, winning, getting beat, and so forth, helps youngsters to get along with others. 2. Livestock feeding teaches responsibility. It is the feeder's responsibility to hear the alarm clock and obey it. If they learn nothing more than that, feeding is worthwhile. 3. Junior projects teach youngsters to attend to details. In feeding, and especially through life, it is often the little things that count. The person who goes the extra mile gets the job done. 4. Decisionmaking is the most painful task that a teenager has. The good animals shown this year didn't just happen to be here. Somebody planned it that way. 5. Feeding teaches youngsters to plan. Without a good planning job, we are sunk. 6. Somewhere along the line, we hope our young feeders will

learn a little about livestock production. We don't expect every youngster who feeds a calf, lamb, or hog to become a beef cattleman, sheepman or hogman; neither do we expect all little league baseball players to play for the major leagues. Feeding is a family project. I don't mean the whole family does the work. I mean the whole family must enjoy it. Half the value of the project is lost if the parents don't attend the show. I think sometimes we are prone to look at investments through the wrong end of the telescope. For example, we don't buy a car, we buy transportation; we don't buy a TV set, we buy entertainment; we don't miss a

education. By the same token, day of school, we lose a day of we don't invest toward a premium list or buy some youngster's calf or pig in a premium sale. Rather than that, we invest in the future of some boy or girl who in turn will help to keep America the greatest country on earth.

FOOD FADS

Although our food supply is unsurpassed in quantity, variety and nutritional value, each year consumers spend more than \$100 million in organic food stores, and more than \$600 million on self-prescribed vitamins.

A survey revealed that three-fourths of the adult population surveyed incorrectly believed vitamins provide energy, and one-fourth of those sampled use nutritional supplements without the advice of a physician.

I have available an excellent

Food Fads mailout series covering "Food Fads and Fallacies," "A Primer on Food Additives," "Myths of Vitamins," "Organic Foods," and "Identifying Food Quackery."

The first lesson is designed to make you think about the wide variety of food fads. The second lesson gives the history of the Food and Drug Administration and the purpose of food additives. Lesson three considers in great depth fads related to vitamin supplements and the functions of vitamin C. The fourth lesson considers organic foods in greater depth. Lesson five identifies food quackery, how to recognize it and what to do about it.

Mrs. Carl Bomar and Mrs. James Davis display the Caprock District quilt that was given away at the Twenty-second Annual Convention of Caprock District TFWC. Each quilt block was designed and made to represent a club in the district. The blocks were pieced and quilted by Mrs. Monroe Lowrey, who quilted individual designs in each block. This created a work of art. The quilt really represents the federation motto, "Unity in Diversity." Mrs. J. M. Thacker, president of Predicta Study Club of Roaring Springs, received the quilt. — Briscoe County News Photo

Mrs. James Davis Presides Over Annual Caprock District Convention In Lubbock

The Twenty-second Annual Convention of the Caprock District of the Texas Federation of Women's Clubs met at the Hilton Inn in Lubbock March 26-27. Mrs. James Davis, president, presided at the convention which was attended by 200 women. There are 53 clubs in the district which includes 19 counties bounded by Swisher and Briscoe on the north, Gaines and Dawson on the south. The object of the Texas Federation is to unite the women's clubs and like organizations throughout the state for the purpose of mutual benefit, and for the promotion of their common interest in Americanism, American home, education, fine arts, public welfare, philanthropy, and general welfare of the state. The convention is to recognize the achievements during the past year of the women and their

clubs. Guest speakers at the convention were Mrs. B. M. Sims, TFWC President, Wellington, and Mrs. Harold Green, TFWC First Vice President, Tahoka. Members attending from the Century of Progress Study Club in Silverton were Mrs. James Davis, club president and district president; Mrs. F. E. Hutsell, executive secretary; Mrs. O. C. Pool Assn. Elects New Directors

New directors were elected by members of Silverton Pool, Inc. at the annual meeting February 23.

The terms of Jay Towe, Lynn Frizzell and Emmett Tomlin expired.

Elected as new directors were Dwight Ramsey, Gary Weaks and Dana Martin. Holdover directors are Mmes. Janice Hill, Tina Nance and Shirley Henderson. Ramsey was elected to serve as president of the association, and Mrs. Henderson was re-elected to serve as secretary-treasurer.

Paul Brannon was employed as pool manager.

Tuesday night of this week the board of directors met and accepted the bid submitted by Scott Hutsell for a new filtering and heating system for the pool.

Clean-up days at the pool were set for May 15-16 and May 22-23.

Dues will be \$55.00 for operating expenses and \$10.00 for paying for the new heating and filtering system per member family. The total \$65.00 dues must be paid to Shirley Henderson or Janice Hill before any member can swim.

Parties will be \$30.00, and guest dues will be \$1.50.

Projected opening date for the pool is June 1.

The pool will be closed July 4 and during the Briscoe County Birthday Celebration and Rodeo.

WARNING PERIOD FOR LIABILITY INSURANCE LAW EXPIRES

The 90-day warning period for the new mandatory liability insurance law expired this week. After midnight Wednesday, March 31, state troopers will begin issuing citations to drivers who fail to show proof of insurance when such information is requested.

The law, which became effective January 1, 1982, requires all drivers to carry minimum liability coverage for bodily injury of \$10,000 per person (\$20,000 for two or more persons) and property damage of \$5,000.

Colonel Jim Adams, DPS director, said the law is encouraging more drivers to obtain the required coverage.

"DPS figures show that during 1981, approximately 73% of drivers involved in reportable accidents had the insurance," Adams pointed out. "That number increased to 81% for the first two months of this year."

R. P. FULLER, and wife,
LLOYD ELAINE FULLER
VS.
THE UNKNOWN STOCKHOLDERS OF JAGUAR OIL COMPANY

IN THE DISTRICT COURT

OF BRISCOE COUNTY, TEXAS
PLAINTIFFS'
ORIGINAL PETITION
TO THE HONORABLE JUDGE OF SAID COURT:

NOW COME R. P. FULLER, and wife, LLOYD ELAINE FULLER, hereinafter called Plaintiffs, complaining of THE UNKNOWN STOCKHOLDERS OF JAGUAR OIL COMPANY, a defunct corporation, and as grounds therefor, would show to the Court the following:

I.

The Plaintiffs, R. P. FULLER and LLOYD ELAINE FULLER, are residents of Lubbock, Lubbock County, Texas. The residence of the Defendants is unknown, and the names and identities of the Stockholders of JAGUAR OIL COMPANY, a defunct corporation, are unknown to the Plaintiffs. Service of process should be obtained upon the Defendants by publication pursuant to the provisions of Rule 111, Rule 114, and Rule 115, of the Texas Rules of Civil Procedure. The property which is the subject of this proceeding accrued to the Stockholders of JAGUAR OIL COMPANY when it became a defunct corporation on September 1, 1956, by having its charter forfeited pursuant to Article 7096, Revised Civil Statutes of Texas, for failure to pay franchise taxes in the State of Texas.

II.

Plaintiffs would show that heretofore, to-wit, prior to July 1, 1954, they were the owners, in fee simple, of an undivided one-fourth interest in all of the oil, gas and other minerals in, under or which may be produced from the following lands situated in Briscoe County, Texas, to-wit:

All of a tract of land out of the West part of the South Two-Thirds of Section 158, in Block G & M, Certificate 4/611 G.C. & S.F. R.R. Co. Survey and described by metes and bounds as follows:

BEGINNING at the Southwest corner of said Section 158 for the Southwest and beginning corner of this tract;

THENCE North 1267.2 varas to a point in the West line of said Section 158, for the Northwest corner of this tract;

THENCE East 1009.1 varas to a point for the Northeast corner of this tract;

THENCE South 1267.2 varas to a point in the South line of said Section 158 for the Southeast corner of this tract;

THENCE West 1009.1 varas to the PLACE OF BEGINNING, containing 226-²/₃ acres, more or less.

III.

By a Mineral Deed dated November 30, 1953, but delivered subsequent to June 23, 1954, and recorded July 1, 1954, in Volume 50, Page 52-54, of the Deed Records of Briscoe County, Texas, R. P. FULLER and wife, LLOYD ELAINE FULLER, purported to convey an undivided one-half (1/2) interest in all of the oil, gas and other minerals in, under or which may be produced from the above described property to JAGUAR OIL COMPANY in a transaction whereby JAGUAR OIL COMPANY was to pay the agreed consideration for said conveyance by a draft or check. The draft or check of the purchaser was not honored and the consideration to be paid for the conveyance of said mineral interest was not paid to the Grantors. Thereafter, for the purpose of rescinding said transaction on or about August 16, 1954, JAGUAR OIL COMPANY executed and delivered its Mineral Deed reconveying the above described interest to R. P. FULLER and LLOYD ELAINE FULLER, but the Plaintiffs have lost or misplaced said Deed, and it was not recorded. Plaintiffs would show that there was a total failure of consideration for the execution and delivery of the original Mineral Deed to JAGUAR OIL COMPANY mentioned above, and Plaintiffs seek cancellation of said Mineral Deed.

IV.

Plaintiffs would show that they are entitled to cancellation of the above described Mineral Deed to JAGUAR OIL COMPANY for failure of consideration and for judgment quieting title to an undivided one-fourth (1/4) interest in the minerals in, under or which may be produced from the above described property.

V.

Plaintiffs would further show that there was an error in the Mineral Deed purported to convey an undivided one-half (1/2) interest in the oil, gas and other minerals in, under or which may be produced from the above described property, whereas the Plaintiffs only owned an undivided one-fourth (1/4) interest in

said minerals, they having previously conveyed an undivided one-fourth (1/4) interest in said minerals to ROY FURR. Plaintiffs seek judgment declaring that their mineral interest in the above described property is an undivided one-fourth (1/4) interest rather than an undivided one-half (1/2) interest.

WHEREFORE, PREMISES CONSIDERED, Plaintiffs pray that the Defendants be cited according to law to appear herein and that upon hearing hereof, Plaintiffs have judgment canceling the above described Mineral Deed and quieting title to the above mentioned mineral interest in Plaintiffs. Plaintiffs seek recovery of all costs of court and general relief.

WHO IN THE WORLD IS THIS?

Recently an entertainer died. I had never heard of him. But news media gave his death much coverage. "Who in the world is this?" I thought, "I never heard of him."

Brotherton and Electra Malone, both of Dallas; Ronald Thompson of Weatherford; Dr. Emilio Caballero of West Texas State University; Ben Konis, Jon Birdsong and Stephan Kramer, all of Amarillo.

She also has studied with John Pike in Woodstock, New York; Foster Coddell in Connecticut; Tony Van Hasett of Tulsa, Oklahoma, and has been a student of A1 School, Minneapolis, Minnesota.

Born in Silverton, the daughter of the late Roscoe Fort, Mrs. Holcomb moved to Lubbock when she was six years old. She also lived in Floydada, Matador and Spur. Later she married Calvin D. Holcomb and lived in Central Texas where he was a county agricultural agent. They moved to Tulia when he became Swisher County Agent, and from there went to Gaines County where Holcomb was agent for 19 years.

After her husband's death in 1975, she started painting full time and moved back to Tulia. The Holcomb's son, Bill, lives in Detroit. Mrs. Holcomb has two grandchildren.

Mrs. Holcomb taught private art lessons three years at Seminole. She paints in pastels, water colors, oil, tempera mediums and does China painting.

Her paintings will be shown at the Hereford State Bank in Hereford April 5-16.

This caused me to reflect: Are there "average" Americans who know nothing of Jesus of Nazareth?

Years ago I discussed "religion" with an army sergeant. He was a nice guy, but I was startled when he insisted he'd never heard of Jesus. He couldn't believe that a man could "be that good."

The Bible says amazing, glorious things about one Jesus! The "noble" (Acts 17:11), Bible-examining mind is overwhelmed at His significance, pre-eminence, authority, firstness and lastness (Rev. 22:13), diety, etc.

Many have perhaps a vague awareness of Jesus Christ, but doubtless millions of Americans virtually "have never heard of him."

Many current papers and docu-

ments are dated "1982." Why? About 1982 years ago a baby was virgin-born. Grown, He walked the shores of Galilee, "went about doing good," performed many "signs," with redemption purpose (1 Cor. 15:1-3) submitted to a cruel death, then arose from Joseph's "own new tomb."

Who in the world is this, "What think ye of the Christ?"

did you know?

Many owners of SPS common stock are also customers who live within its 45,000-square-mile service area. Twenty-nine percent of the total shareholders live in the southwestern part of the United States. Of this group, 80% live in Texas and about one-half of the Texas shareholders live in the area served by Southwestern Public Service Company. SPS has common shareholders in all 50 states, the District of Columbia and 12 foreign countries.

Bill Helton, Assistant Secretary, Amarillo.

An energy-efficient electric water heater can save you money when installed close to the point of use. And, since the heater is glass-lined and fully-insulated, it keeps water hot longer. You can reduce the amount of water your household uses by filling the dishwasher to capacity before turning it on or by using the short cycle. Using your clothes washer only when you have a full load and taking showers rather than baths also can save money on water and electric bills.

Don Pemberton, Consumer Services Representative, Lubbock.

Keeping track of the amount of electricity your family uses is easy when you know how to read your own electric meter. Many customers are confused by the four or five dials they see on the meter, yet reading the meter is not difficult and may help you budget for your monthly electric bill even before it arrives. For complete instructions on reading your meter, check the back of the envelope your electric bill comes in or contact your local SPS office for the free booklet "Reading Your Meter."

Charlie McVay, Meterman Journeyman, Roswell.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

GOOD FRUITS

"The wisdom that is from above is first pure, then peaceable, gentle, and easy to be entreated, full of mercy and GOOD FRUITS."

There are two forces at work in this world, evil and good. We have the freedom to choose between these two things.

"O taste and see that the Lord is good: blessed is the man that trusteth in him."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cards of Thanks

CARD OF THANKS
We want to express our heartfelt thanks to each of you for your prayers, get well cards, food, flowers, calls, visits and every other act of kindness while I was sick. A very special thanks goes to Dr. James Chua Tuan and the very efficient Silvertown ambulance crew. May God bless each one of you for everything you have done.
Love,
Shirley, Duane and Jan Reynolds

CARD OF THANKS
I want to thank all the people of Silvertown for the food, money and cards while I was in the hospital. I am home now. I was released March 23 for good.
May God bless in His richness in everything you do in the last days we now are living in.
Lucille Elsa Scott
