

Public Invited To Attend Pep Rally

The public is invited to attend the pep rally at 3:00 p.m. Friday in the school gym. The juniors will present a skit, and the cheerleaders will do a routine.

Accident Victims Are Recovering

In a head-on traffic accident near the Dimmitt highway overpass in south Tulia recently, one was killed and the two other persons involved in the accident are recovering.

Driver of the pickup, which was traveling south in its lane, Terry Holt of Tulia, a former Silverton resident, has returned home from an Amarillo hospital.

Riding in the Camaro was Miss Russell White of Canyon, who was in the "Texas" cast. She is now out of intensive care and will undergo some facial surgery.

Driver of the Camaro, Tommy Dean Krommenhoek, jr., 18, was killed. His home was in Amarillo.

Tulia police chief Weldon Smith stated that the accident occurred when the Camaro was traveling north and crossed the median into the path of the southbound pickup.

Terry Holt is married to the former Lee Ann Tidwell, and is the son-in-law of Pee Wee and Pat Tidwell, who now reside in Tulia. He is employed by a Kress grain elevator, and was returning to work at the time of the accident.

CORRECTION—

It was incorrectly stated in last week's Booster Club news that an ice cream party was held after the scrimmage with Smyer for the players and their parents.

This was only partly correct. In truth, the ice cream supper was for everyone who attended the scrimmage.

Wilson Wylly Buried In South Dakota

Long-time Fort Pierre, South Dakota rancher Wilson Wylly died Sunday, August 29, at St. Mary's Hospital in Pierre.

Funeral services were conducted at the Madison Avenue Church of Christ in Pierre at 2:00 p.m. Tuesday, August 31, with the Rev. Nathan Blanton and the Rev. James Beam officiating.

Burial was in the Scotty Philip Cemetery in Stanley County. A memorial fund has been established.

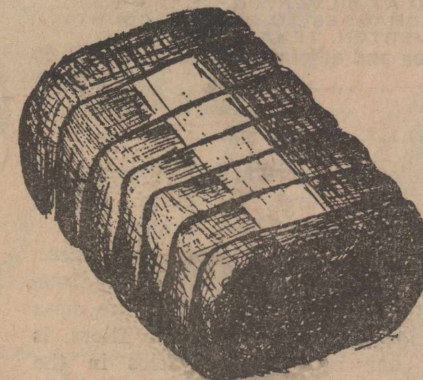

Mr. Wylly was born June 12, 1914, at Floydada, Texas. He moved to Deaf Smith County, Texas in 1928. On March 19, 1938 he married Iva Watters of Silverton, Texas at Clovis, New Mexico. The Wyllys resided in Deaf Smith County until 1951 when they moved to Stanley County, South Dakota, where they operated a ranch until the present time.

During his lifetime, Mr. Wylly served his community in various capacities. He was a member of the Church of Christ and served for more than 20 years as an elder in the church. From 1966 to 1977 he was Stanley County Justice of the Peace, and during part of that same period of time he served as Stanley County coroner. He was a past president and secretary-treasurer of the Fort Pierre Grasslands Association, a former member of the FmHA board, an ASCS committeeman, and served for many years as a board member of the Stanley County Co-op Marketing Association.

He is survived by his wife, Iva, of Pierre; three sons, James Wylly of Aberdeen, Mack and Bill Wylly, both of Fort Pierre; a daughter, Donna Crow of Littleton, Colorado; seven grandchildren and three grandsons; four brothers, and two sisters.

He was the brother-in-law of Lina Whittington of Quitaque, Eudean Crow and Sybil Martin, both of Silverton. Mr. and Mrs. Wayne Whittington of Quitaque, Mr. and Mrs. Virgil Crow and Mr. and Mrs. A. R. Martin of Silverton attended the funeral services in Fort Pierre. They returned home on Wednesday night of last week.

Owls Open New Season With 7-6 Win At Claude

Last Friday night was a really big night for Coach Marvin Self and the Silverton Owls. The Owls won their opening game of the season at Claude, 7-6. It was also Coach Self's first game and first victory as a head football coach.

The Silverton and Claude squads were fairly evenly matched, with the Owl roster averaging 148+ pounds and the Claude roster averaging 143+ pounds. Claude, like Silverton, suited up all players and neither team has enough boys to play a junior varsity schedule.

Missing from the Owl lineup were Sophomore Ross Estes, who is recovering from an appendectomy, and Senior Bob Arnold, due to illness.

Some of the younger Owls really came through for themselves, their team and their coaches.

The game opened with Silverton kicking off to Claude, and after the first three plays the Mustangs were short of first-down yardage and punted to the Owl-25. The Owls made a first down on their own 41 before stalling and punting away. Claude's next possession was cut short by a Mustang fumble, which was recovered by Russell Simpson on the Claude 30.

The Owls lost yards on first down, and on second down saw their pass intercepted on the Claude-34. The teams traded a couple of punts before Claude generated enough offense for a first down on the Silverton 36. After a penalty, an incomplete pass and good defense by the Owls, the Mustangs punted to the Silverton-10.

Opening the second quarter, Silverton picked up a first down on the 21 and Quarterback Shane Reagan completed a pass to End Warren Jarrett, this play being nullified by a penalty and loss of down. The Owls were forced to punt again, and Claude set up for business on the Owl-40 after a Mustang penalty. The Mustangs got their second first down of the game on the Silverton-29. An incomplete pass failed to net the necessary yardage for the Mustangs on their next fourth down play, and the ball went over to Silverton on the Owl 22.

This time the Owls mounted a sustained drive that culminated in a touchdown. After making in first downs on the Silverton 41, Claude 48, 36 and 21 on runs and passes from Reagan to Warren Jarrett (two) and Russell Simpson and a penalty against the Mustangs, Reagan hit David Schott in the end zone for six points. With 1:54 remaining to be played in the first half, Clifford Clardy booted the extra point, and the Owls held a 7-0 lead.

The Mustangs made a first down on the Silverton-40 before seeing the ball go over on downs on the Silverton-42 with :44 remaining on the clock. Reagan completed a pass to Clardy for another first down as time ran out.

The Owls took the kickoff which opened the second half and made a first down on their own 49 before penalties stalled the attack. Reagan completed a pass to Clardy which would have netted a first down except for a penalty, and eventually the ball went over to the Mustangs on the Claude 44.

The Mustangs opened a drive that saw first downs made on

the Silverton 44, 30 and 20 yard lines. Then on third down, Silverton's Reagan intercepted a Claude pass and carried to the 26. The Owls weren't able to capitalize on the turnover, and punted to the Claude-39.

Claude made a first down on the Silverton 45, then failed to gain yardage and punted as the third period ended. The punt bounced into the back of a Silverton player, the Mustangs recovered, and retained possession on the Silverton 27. After making a first down on the Silverton 10, the Mustangs scored on an end run with 7:36 remaining to be played in the last quarter. They chose to go for two extra points and failed, leaving the score at 7-6.

The Owls came back with two first downs, on the Claude 42 and 30, before turning the ball over on a fumble at the 34. Claude finished with four back-to-back first downs, turning the ball over on downs on the Silverton 34 with 1:02 remaining on the clock.

The Owls made 11 first downs, as compared with 12 for the Mustangs. Silverton rushed for 132 yards and passed for 104 yards. Claude passed for 59 and rushed for 187 yards.

Reagan completed five of 12 passes, intercepted a pass, and gained nine yards rushing. Craig Patton rushed for 28 yards, Jim Forbes ran for 46 yards, and Russell Simpson gained 22 yards rushing.

Eric Patton was in on 19 tackles, Jim Forbes was in on 16, Tad Cornett was involved in 14 stops, and Craig Patton was in on 12.

The Owls will be hosting McLean at 8:00 p.m. Friday. The 34-player Tiger squad averages 152+ pounds, and has four players, all juniors and seniors, who top the 200-pound mark on the scales. All of these boys play tackle, and one is former Silverton resident Lance Stovall, whose father, Bill, coached here a few years ago.

Everyone is asked to bring sandwiches for your family and eat together at the football field after the game. Drinks will be furnished.

These lovely misses (?) led a special cheer for the senior Owls in the school lunchroom last Friday at noon. From left to right, they are Johnni Asebedo, Archi Martin, Jerri Patton and Donni Cornett. The cheer: "Pork chop, pork chop, greasy, greasy; we'll beat the Mustangs, easy, easy."

County FmHA Offices Reorganized In Texas

The Farmers Home Administration (FmHA) in Texas has announced a reorganization of its district and county offices. In the reorganization there will be a realignment of the counties served by the district office in Lubbock.

Donald R. Perry, district director in Lubbock, said that the following FmHA county offices will now be under his administration: Plains, Brownfield, Tahoka, Crosbyton, Lubbock, Levelland and Morton. Spur will be served out of the Vernon district office, and Muleshoe, Littlefield, Plainview, Floydada, Dimmitt, Farwell and Tulia will be served by the new district office scheduled to open in Plainview. Perry said that the realignment of district lines will more equally distribute the workload of the employees in the state.

In announcing the reorganization, J. Lynn Futch, state director, said that the aim of FmHA is to provide a sound credit program to rural people who are unable to obtain credit elsewhere, and to provide the servicing activities needed to insure that the loans are repaid. Mr. Futch also said that because of

Cheerleaders Taking Orders For Mums

Silverton High School cheerleaders are taking orders for homecoming mums. Homecoming-football game will be Friday, September 24, when the Owls play Amherst.

The mums are silk and can be worn game after game. An adult mum is \$12.00 and a child's mum is \$10.00.

If you bought a mum during the School Homecoming in August, the cheerleaders will decorate it for a football game with the number of your favorite football player, trinkets and a football player for \$4.00. Garters for the men are \$2.50.

To order, contact one of the cheerleaders, Missy Brown, Lisa Lavy, Alesha Patton, Kathy Brown, Tammi Edwards, Kori Baird, or call Mrs. Jealeta Baird at 823-2476. The cheerleaders suggest that you buy your favorite girl a mum corsage early, so she can show her homecoming game spirit all that day.

on September 17 in the Silverton Elementary School.

Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, and mumps.

A free barbecue will be sponsored by the dealers for all at-

Cemetery Board Has Business Meeting Here

At a recent Board meeting of the Silverton Cemetery Association, the decision was made to publish a financial statement so that all those interested might see how their contributions have been used. The certificates of deposit have been made possible by several people who have made large contributions, asking that the interest be used for upkeep of the cemetery.

George Seaney retired September 1 as caretaker of the cemetery. Again appreciation is expressed to him for his faithful care for the past 35 years. Ashel McDaniel has agreed to oversee the work at the cemetery until next spring.

The house at the cemetery is being repaired, painted and roofed by Dwain Henderson and Fred Minyard. The 55-year-old building, used as a tool shed in the past, served very well as a meeting place this past Memorial Day when the weather was so cold and windy.

The Association is interested in seeing that all unmarked graves have some type of permanent marker. At first count there were approximately 120 unmarked sites (no name on stone or marker). At least six of these sites have been marked by the families in the past year. If you have any information about an unmarked or unnamed grave, please contact Carolyn Lowrey at Box 795, Silverton.

Seniors To Have Spaghetti Supper

Silverton Seniors will sponsor a spaghetti supper from 5:00 until 7:30 p.m. Friday, September 10, in the school cafeteria. The price will be \$3.50 for adults and \$2.50 for children 12 and under.

The menu will include spaghetti, garlic bread, salad, homemade pie, tea and coffee.

The seniors would like to invite everyone to come and eat before the football game between the Silverton Owls and the McLean Tigers.

Lions To Sponsor Sales for the Blind

Tuesday, September 14, is the date for the annual Silverton Lions Club sale of merchandise made by the blind. Many household items will be offered at the sale, including brooms, mops, brushes, dish towels, oven mitts, pot holders, ironing board covers, sponges, dust pans, pet dishes, and other items too numerous to mention.

Proceeds from the sale will be used by the local Lions to help people in the community as well as community-wide projects. Be sure to keep this in mind next Tuesday, and help the Lions have a good sale.

Field Day To Be Held In Silverton September 10

Agricultural Equipment and Chemical Field Day will be held in Silverton Friday, September 10, according to Earnest Kiker, Briscoe County Extension Agent.

Farmers are urged to meet at the First State Bank in Silverton at 8:30 a.m. for coffee and donuts, and begin the program.

Equipment demonstrations, chemical use, limited tillage in cotton, reducing cost with minimum tillage and 1983 Farm Program are a few of the topics to be discussed by Randy Underwood, agronomist for the Soil Conservation Service, Dr. James Supak, cotton agronomist with the Texas Agriculture Extension Service, and James Griffin, County Executive Director of ASCS.

Equipment and chemical companies will discuss and show slides of equipment and chemical use during the morning session. At 10:30 a.m. an equipment demonstration will be held 1/4 mile west of Silverton on the north side of Highway 86. Dealers who will be present for this Field Day are Brown-McMurtry Implement Company, John Deere, Ray Teeple Fertilizer, Eversman, Felix King, Ciba Geigy, Monsanto and Dupont.

A free barbecue will be sponsored by the dealers for all at-

tending the Field Day. The barbecue will be held at the Bryant Eddleman barn, one mile west of Silverton on the south side of Highway 86.

After the noon meal farmers may visit the Briscoe County Weather Station located at the Eddleman barn and return to the equipment demonstration.

Herb Burns, agronomist for the Soil Conservation Service, Elston Grubburgh, Extension Agricultural Engineer - Mechanization, Pat Morrison, Extension Entomologist for soybean, sorghum and sunflowers, Joe Bryant, Extension communications specialist, Dr. James Supak, Extension Agronomist - Cotton, and Randy Underwood, agronomist with the Soil Conservation Service, will be available for questions during the afternoon.

Everyone is encouraged to attend any or all of the Equipment Field Day sponsored by Caprock Soil and Water Conservation District and Briscoe County Extension Service Agricultural Committee.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion or national origin.

Texas Has Travel Magazine On Newsstands

For the first time in its history, Texas has a travel magazine on the newsstands.

"Texas Highways" magazine, the state's official travel publication, went on the newsstands last month in all major cities throughout Texas, a few cities in surrounding states, and in Chicago and New York.

The latest issue to hit newsstands and supermarkets features Jack Grimm, the Abilene oilman who claims to have discovered Noah's Ark on Mount Ararat in Turkey; who sent an expedition to photograph not one but two Loch Ness monsters; who ALMOST raised "the Titanic"; and who has a new scheme brewing in West Texas.

Now he is sponsoring the Jack Grimm World Class Hang Gliding Meet. Competitors from around the world will come in September to jump off the 340-foot cliff on Grimm's mesa near Buffalo Gap (near Abilene), to glide and swoop through the clear blue sky, all for the love

of the sport and the world's largest purse for hang gliding, courtesy of Jack Grimm.

A feature about the meet, which includes specific directions on how to get to the mesa and how to judge the fliers, is one of several articles in the September issue of "Texas Highways" magazine that will attract readers who are interested in Texana and what is going on in the Lone Star State.

The cover story, "The Devil's Rope," tells about the barbed wire that "snagged, bloodied, and tamed the West," while another feature describes the new and improved LBJ Library and Museum in Austin. The library reopened in June with more in-depth displays describing the Johnson Presidential years.

The September "Texas Highways" magazine also includes an article on the Rio Grande Valley's "miracle plant," aloe vera, and describes its medicinal use since the days of King Solomon. A special feature on one of the state's most valuable crops, rice, includes a section of tempting new recipes using rice.

The photo feature of the month shows off Palo Duro Canyon, where fall color barely begins to tinge the foliage in September. The spectacular photographs of the canyon are typi-

cal of photo features in every issue of "Texas Highways" magazine, since 1975 the state's official travel magazine.

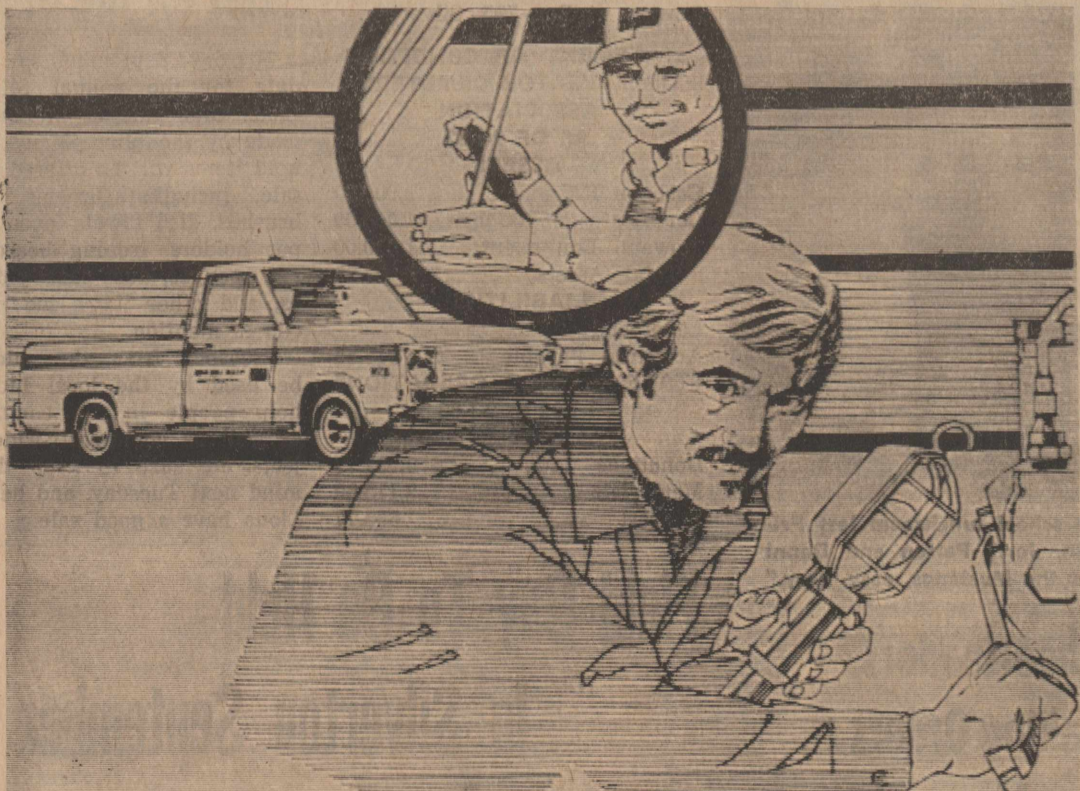

Since receiving that designation from the state legislature, the magazine's circulation has jumped dramatically from 20,000 to some 280,000 copies per month. It has developed into a 48-page, full-color monthly, with spectacular photographs on every page. The newsstand price is \$1.50.

A reader who wants to make sure he doesn't miss a single issue can order a one-year subscription by sending his mailing address and a check for \$10 (\$15 to foreign addresses) to "Texas Highways" magazine, Box 5016, Austin 78763.

Future issues will include a variety of Texas subjects, from cowboys to restored Victorian mansions at Christmas time. Photo features might be outstanding scenes of Big Bend National Park, dazzling vistas of spring bluebonnets, or dramatic fall foliage. Other issues of "Texas Highways" magazine will take readers on cattle roundups, will reveal the secret recipes from various ethnic groups that enrich the Texas cuisine, explore little known weekend getaway places around the state, and review dramatic stories of Texas pioneers.

Jerry Lewis Telethon Raises \$28.65 Million For Muscular Dystrophy

The Silvertown Pledge Center for the Jerry Lewis Labor Day Telethon raised \$348.00 in pledges and \$269.51 in special events during the 22½ hour marathon to benefit the Muscular Dystrophy Association (MDA). In the Panhandle area, a total of \$191,657.00 in pledges went up on the toteboard representing the support of those in the KFDD-TV Channel 10 viewing area.

"This community showed a tremendous compassion and generosity, and we are grateful for their support," said Pledge Center Coordinators Lois Hill, Betty Stephens, Veneta Chappell and the other volunteers who sponsored the 1982 center. The Pledge Center was located at

Ray Thompson Implement Company.

In addition to pledges raised, the following special events and their results were also held: (1) fish bowl, \$24.59; (2) door-to-door drive, \$128.85, and (3) extra special person, \$16.25.

Funds raised by the Telethon help support MDA's global research effort and nationwide program of medical services. The Association sponsors 10 research/clinical centers in the United States, England, and some 600 research projects worldwide. It also maintains more than 240 outpatient clinics, where MDA patients receive medical care, orthopedic aids, and related services free of charge.

Cystic Fibrosis Claims Three Lives Every Day

Every day five new lives begin with Cystic Fibrosis. Every day three lives are lost because of this tragic disease.

These are grim facts, but CF is a grim disease, causing complications mainly in the lungs and digestive system. CF causes the body to produce a glue-like mucus which fills the lungs, creating an environment ideal for lung-damaging infections. Thick mucus also frequently blocks the flow of pancreatic enzymes which are vital to digesting food. CF is still incurable.

The Cystic Fibrosis Foundation sponsors research to find a cure or control for the disease, which takes the lives of half its victims before age 19. To help raise funds for this vital research, and for patient care and education programs benefiting children with CF, the Lone Star Chapter of the Foundation conducts its annual Breath of Life Campaign. According to Wanda Strange, chairman of the campaign in Silvertown. "Research is the key to the future for children and young people with CF,

and care and treatment are the necessities for the present. Our community's support will help buy time through care and give hope through research to children and young adults for whom time is running out."

According to Mrs. Strange, progress has been made, but more needs to be accomplished. "In 1955, when the CF foundation was established, a child born with the disease stood a slim chance of living to school age. Today, with early diagnosis and comprehensive treatment which includes a spectrum of expensive drugs, these children are living longer and better lives. But the progress isn't enough. CF is still the leading genetic killer of children."

One of more than 100 CF Foundation Chapters in the United States, the Lone Star Chapter is holding its annual Breath of Life Campaign in Silvertown during National Cystic Fibrosis Week, September 19-25, 1982. Mrs. Strange urges everyone to support this campaign because "Cystic Fibrosis kills youth . . . help us kill Cystic Fibrosis."

They could practice medicine anywhere. They'd rather work for the Navy.

At U.S. Navy hospitals around the world or on ships at sea, some of the most dedicated men and women in the medical profession have chosen to put their experience to work in the Navy.

In fact, some of the best people in a broad range of highly skilled fields are working in the Navy. In medicine or communications, in electronics or engineering, you'll find Navy men and women who not only believe in being the best at what they do, they believe it means more when it's done for their country.

Six Flags Unveils Plans For Park's Biggest Ride

Six Flags Over Texas has announced plans for construction of the largest, most expensive addition to the park's ride line-up in its history.

Work has already begun on a \$4.2 million dollar river rapids ride to be known as "Roaring Rapids."

The huge attraction, which will open in the spring of 1983, will occupy land formerly devoted to LaSalle's Riverboat Adventure and about half of the

area originally known as Skull Island.

Six Flags General Manager Ray Williams said site preparation began August 16, the day after the park's old Riverboat attraction carried its last passengers.

"Like the Riverboat, Roaring Rapids will be a ride the whole family can enjoy," Williams said, "but, it will be considerably more exciting. It's definitely a thrill ride, but, at the same

time, it's the kind of ride which appeals to a very broad age range.

"It will make it possible for the average family to experience the same brand of excitement that, until now, has been available only to those who've been lucky enough to be able to take raft trips through the canyons of the Rio Grande, the Colorado or other rivers that boast thundering rapids."

"The rapids ride was the brainchild of a Six Flags executive who found himself fascinated by the man-made river used for the kayak races in the 1972 Summer Olympics in Munich," Williams said. "Our company teamed with Intamin AG of Zurich, Switzerland, to design a river which would accommodate not just kayaks, but huge, circular rafts carrying a dozen passengers each.

"It worked, and we opened the first of the rapids rides in 1980 at our Astroworld park in Houston. As of 1983, there will be versions of the ride in all six of the theme parks operated nationwide by Six Flags Corporation."

Williams said the rapids ride at the Arlington park has been designed to provide a maximum amount of fast-moving and cascading water activity.

It will be filled with 1.5 million gallons of water and will be powered by two 400 horsepower pumps which will create rapids forces by pumping a total of

Meat Taco with Cheese, Lettuce

150,000 gallons of water per minute. Additional pumps will create three waterfalls which will pour down from elaborate man-made "canyon" walls.

The rapids effect will be created as tons of water are forced over specially-designed contours in the river's concrete bed.

The 1,440-foot-long river will feature three lakes and four stretches of rapids. At its widest point the river will measure 80 feet across. The most narrow stretch will be 16 feet wide. The grade of the river will drop 14 feet from start to finish. Average water speed will be 16.6 feet per second.

The ride will be equipped with 20 twelve-passenger boats, and will be capable of carrying nearly 2,000 riders per hour.

Williams commented, "The high hourly capacity of Roaring Rapids fits right in with our goal of providing maximum entertainment with a minimum of waiting time."

He said the ride will be extensively landscaped and, in some areas, will feature animated figures of animals which would be found along the banks of natural streams in Texas.

Williams said construction is expected to take about eight months.

Miss Mackenzie Contest Set For October 2

The L. O. A. Junior Study Club of Silvertown will sponsor the Ninth Annual Miss Mackenzie Contest on Saturday, October 2. It will begin at 8:00 p.m. in the Silvertown School Auditorium. This contest is being held to promote and advertise Lake Mackenzie.

A get-acquainted party will be held at 4:00 p.m. the day of the contest in the Pioneer Room at First State Bank in Silvertown. Contestants will be interviewed by the judges at this time. The Coke Party is sponsored by the Century of Progress Study Club of Silvertown.

Rehearsal will be held Tuesday, September 28, at 6:00 p.m. in the Silvertown School Auditorium.

OFFICIAL RULES
Entrant must be not less than 16 or more than 18 years of age on the day of the contest. She

must be single and never married.

Entrant must be an American citizen.

Entrant must be of good character and possess poise.

Entrant must be sponsored by a civic organization, business or club.

Entrant must be attending school in Lockney, Floydada, Tulia or Silvertown.

Entrant must appear in formal gown and sportswear.

Entrant will be judged on poise, appearance and personality.

Entrant must supply billfold-size picture with entry form.

Entry fee of \$15.00 from sponsor must accompany entry form.

Winner will be expected to promote and advertise Lake Mackenzie. Deadline for entries is September 18, 1982.

Entry forms are available at the local newspaper office and may be picked up by either the sponsor or contestant. All businesses, clubs and civic organizations are invited to sponsor a girl.

You may contact Mrs. Jene Montague, 847-2618, Silvertown, or Mrs. Jerry Baird, 823-2476, Silvertown.

Young Farmers To Meet Tonight

Silvertown Young Farmers are to meet at 9:00 p.m. tonight (Thursday, September 9) at the ag shop.

Mr. and Mrs. Winston Hamilton returned last week from a trip to Grand Junction, Colorado. While there she visited her brother-in-law and sister, Mr. and Mrs. Joe Schnaible, and they also visited former Silvertown residents, Ted and Peggy Roussin. The Roussins sent best wishes to all their friends in Silvertown.

Experiment Station Plans Field Day At Halfway

Research aimed at helping High Plains farmers make better management decisions about their crops will be demonstrated September 14 at the 73rd annual field day of the Texas Agricultural Experiment Station (TAES) at Lubbock and Halfway.

The Texas A&M University Halfway, 14 miles west of Plainview in U. S. Highway 70, is the host this year, said Dr. Bill Ott, resident director of research for

the Lubbock - Halfway centers. The annual program alternates between the two facilities, in cooperation with the High Plains Research Foundation.

Five major displays are planned on the tours of the research sites at Halfway, said James Bordovsky, research agricultural engineer and field day chairman. These stops will illustrate research being conducted in weed research, cotton breeding strategies, including on-farm computer application; and display a High Plains Research Facility at new multi-function irrigation system which will apply both water and chemicals through a dual nozzle system.

Also featured on the tour will be research on sorghum im-

WET, WETTER, WETTEST— Construction has begun at Six Flags Over Texas on a huge river rapids ride to be called "Roaring Rapids." The 4.2 million dollar project is expected to open at the Arlington theme park early in the spring of 1983.

provement, mite control, soil fertility, grain sorghum performance, and soybean evaluation. Farm machinery, irrigation equipment and other farm implements will be on display by area manufacturers and suppliers.

Tours will begin at 1:00 p.m. and end at 5:00 p.m. The field day is a cooperative presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Extension Service and the Agricultural Research Service of the U. S. Department of Agriculture.

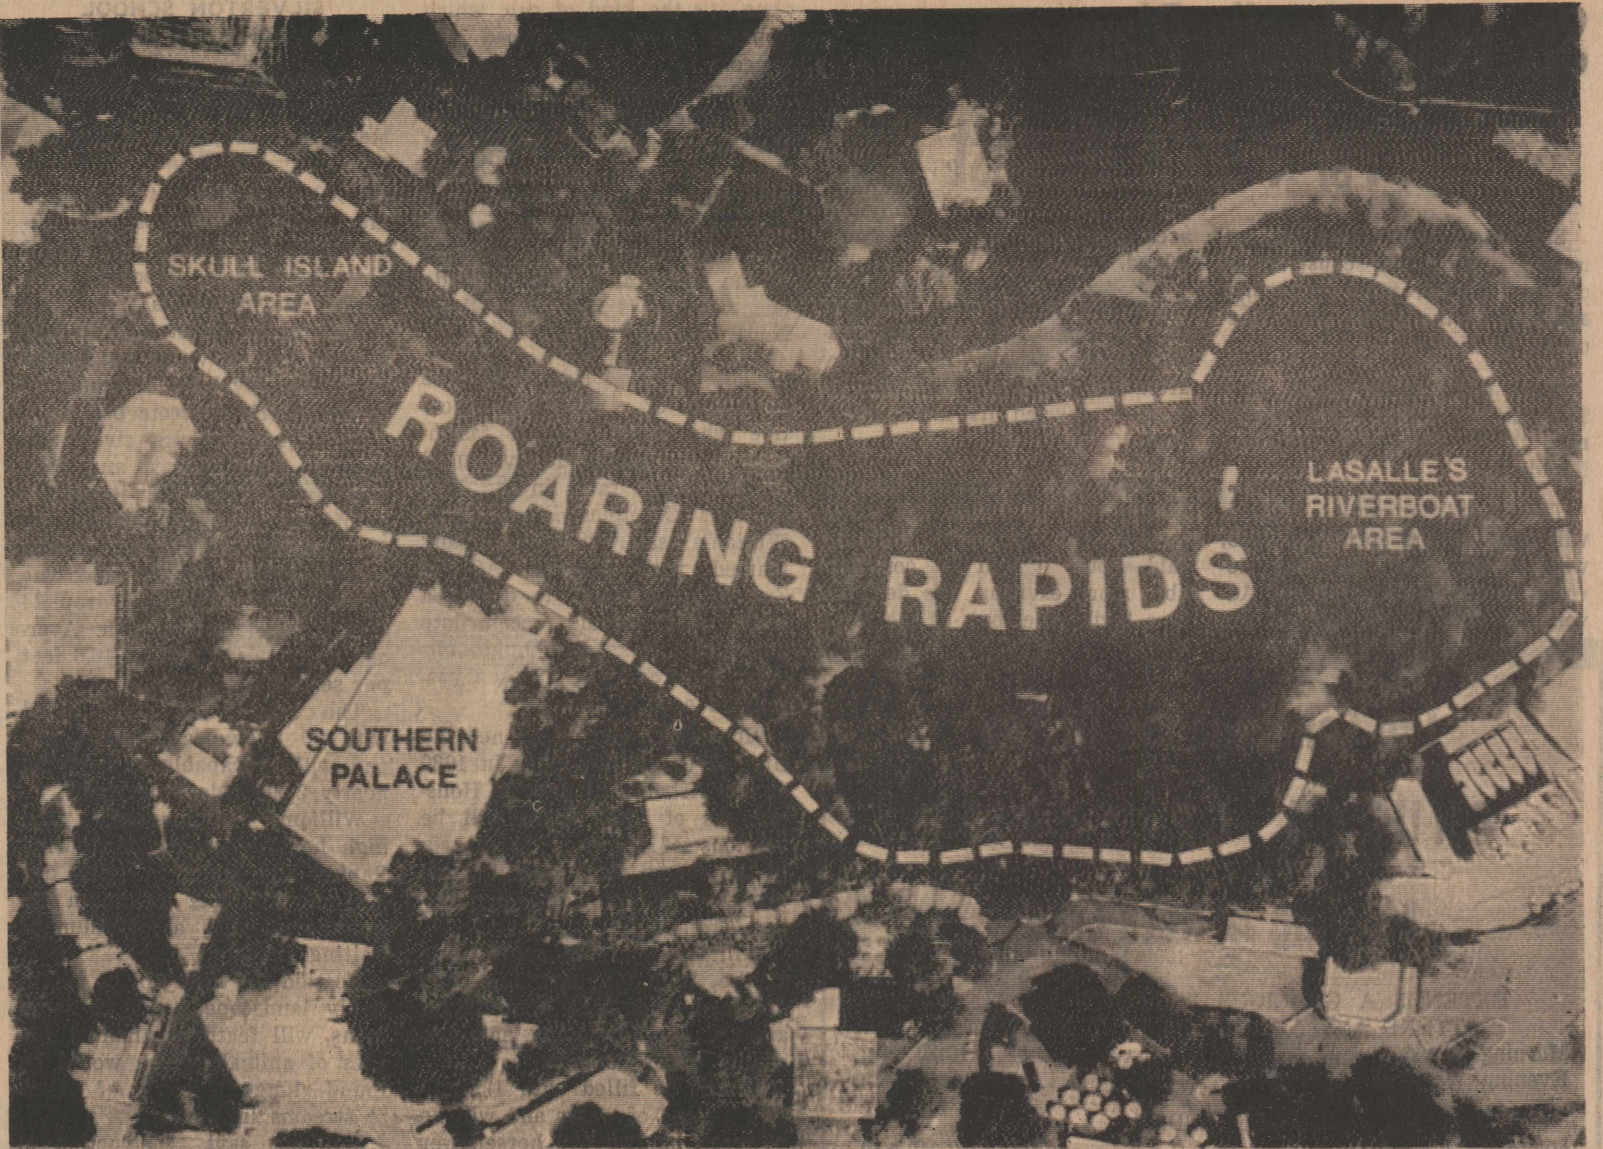

Professional staffs of these agencies will be on hand to answer questions and discuss problems with agricultural producers, home owners and gardeners, Bordovsky said.

4-H Food And Nutrition Project To Begin Soon

All youth 9-19 years of age who want to be in the 4-H food and nutrition project should call the County Extension Office, 823-2343. The group needs to begin in September. Kathy Frizzell will teach a boys group and Lee O'Neal will teach an advanced group with at least three years experience in the food project. Both leaders have some exciting activities planned.

Other adults or older 4-H'ers are needed to teach other groups. Trainin and materials are provided by County Extension Agent Lynda Fogerson. Boys or girls who have not been in 4-H before may enroll in this project and join 4-H by calling the Extension office.

The 4-H program is open to youth 9-19 years of age regardless of socio-economic level, race, color, sex, religion, or national origin.

BRISCOE COUNTY NEWS

Records are made to be broken. And the International 5488 was made to break them.

Significant records, too. The kind that tell you just how productive a tractor really is. If you're looking for *drawbar pull*, the 18,646 pounds of pull that the 5488 recorded in official tests is the most you'll find on any two-wheel-drive tractor.

You need *drawbar horsepower*. The 5488 recorded 164.82 horsepower. Another record.

And when it comes to *fuel efficiency*, no tractor over 165 PTO HP uses fewer pounds of fuel per HP hour than the International 5488. This 187 PTO HP tractor is a quiet tractor, too. While it was busy breaking performance

records, the 5488 also tied the mark for noise level with a 73.0 decibel reading.

See for yourself the powerful International tractor that's making news instead of noise. Visit us today. Then maybe you'll be setting records tomorrow.

A real feel for the work you do.

Records based on official results for two-wheel-drive fuel economy and drawbar performance.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 2, 1982

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium. The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

PROPOSICION NUMERO 3 EN LA BOLETA

Resolución Conjunta del Senado 8 propone una enmienda constitucional que exención de la imposición de impuestos la maquinaria y el equipo que se usan en la producción de productos agrícolas y ganaderos. No se impondría límites de dólares y la exención se aplicaría a las sociedades anónimas y colectivas tanto como a las familias y los individuos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que exención los implementos de producción agrícola (maquinaria y equipo agrícola) de la imposición de impuestos por avalúo."

PROPOSICION NUMERO 4 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 77 propone una enmienda constitucional que autorice a la Legislatura establecer un límite de cuatro años para los plazos de los miembros de las juntas de ciertos distritos de agua y distritos de conservación y reclamación.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 5 EN LA BOLETA

Resolución Conjunta No. 119 de la Cámara de Representantes propone una enmienda constitucional que autorice a los condados de Tarrant y Bee celebrar elecciones en los dos condados para anular por mayoría el oficio de tesoro del condado.

Si se anula el oficio de tesoro del condado, se cederán los deberes, poderes y funciones de dicho oficio al auditor del condado o al sucesor de las funciones del auditor.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que anula el oficio de tesoro del condado en los condados de Tarrant y Bee."

PROPOSICION NUMERO 6 EN LA BOLETA

Resolución Conjunta del Senado 6 propone una enmienda constitucional que aumente el límite de la tarifa constitucional de interés en los bonos generales estatales de obligación de 6% a 12%. Sin embargo, el nuevo límite de 12% no se aplica a bonos emitidos de la Junta de Terrenos para Veteranos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que aumenta la tarifa máxima de interés que se permite en los bonos generales estatales de obligación a un promedio ponderado de 12% de interés anual."

AVISO PUBLICO Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION GENERAL 2 DE NOVIEMBRE DE 1982

PROPOSICION NUMERO 1 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 1 propone una enmienda constitucional que prohíba cualquier impuesto estatal por avalúo. Los recibos de impuestos estatales por avalúo anteriormente autorizados que son cobrados después de la fecha efectiva de la propuesta enmienda a esta sección serán depositados al crédito del fondo general del condado que cobra los impuestos y pueden ser gastados para los fines del condado. Los impuestos que son cobrados antes de esa fecha serán distribuidos por la Legislatura entre las instituciones educativas que son elegibles para recibir esos fondos bajo ley previa. La propuesta enmienda también revoca una sección de la Constitución que impone un impuesto por avalúo para un fondo para la construcción de 17 colegios y universidades estatales.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que revoca el impuesto estatal sobre la propiedad."

PROPOSICION NUMERO 2 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 62 tal como fue enmendada por Resolución Conjunta del Senado 10 propone una enmienda constitucional que elimine el límite de \$80,000,000 de asistencia pública estatal durante cualquier año fiscal.

La enmienda establecería el límite de gastos de asistencia pública estatal a \$160,000,000 para el bienio 1982-1983.

Además la enmienda provee que para cada bienio subsiguiente la cantidad máxima que se pueda gastar en asistencia pública no será en exceso de 1% del presupuesto estatal.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Lula Bellinger

CARD OF THANKS
Thank you to the Silverton Volunteer Fire Department for helping us put out the grass fire.
Bailey Hill

CARD OF THANKS
We would like to thank everyone who thought of us during Terry's accident.
Thank you to all who sent us cards and those who called the hospital to see about him. We really appreciate it.
Terry, Lee Ann and kids

CARD OF THANKS
I want to express my thanks for the cards, flowers, food and visits while I was in the hospital and since I came home. They were very much appreciated.
J. W. Lyon, jr.

CARD OF THANKS
We would like to thank each of you who put your money in the MD canisters and phoned in your pledges during the Telethon. A special thanks goes to Don Cornett for letting us use the Ray Thompson Implement building; Jeannita Stephens, Shannon Bingham, Stephen Stephens, Fay Perkins, Jeanny Bradford, Sandi Tomlin, Sandy Perkins, Becky Dunn, Shirley Henderson and Vici Baird for helping during the Telethon, and Venita Asebedo, Missy Minyard, Stacie Chappell, Tonia

Perkins and Santos Segura for going door to door. Thanks to Silverton Metal Works for the use of office machines and our husbands.
Lois Hill, Betty Stephens and Veneta Chappell

THEFT?

PROTECT YOUR MAIL:

- Make sure your mailbox is secure.
- Promptly remove mail from mailbox (ESPECIALLY CHECKS)
- Immediately notify the post office and mailers if you change your address.
- Report non-receipt of checks, food stamps and ATP's to the issuing agency.
- Immediately advise the Postmaster or Postal Inspector when your mail has been stolen.

MAIL THEFT is a FEDERAL CRIME investigated by the Postal Inspection Service. REWARDS are payable for information leading to arrest and conviction of violators.
