

Early Freeze Said Possible

The 30-day weather outlook through mid-October is not necessarily what most area farmers wanted to hear.

National Weather Service forecasters said today conditions should be near normal for much of the area through mid-October. And, in a year when crops were hurting from adverse weather, just near normal weather at the end of the growing season is "not what the doctor ordered."

Forecasters say that rainfall should be near normal over the High Plains the next four to five weeks while temperatures will run close to normal in the South Plains but below normal in the Panhandle.

Climatology indicates that even with near normal temperatures, South Plains cotton may have trouble making further lint development the rest of the season with night temperatures mostly under 60 degrees.

The average date of the first fall freeze is October 30 in the South Plains and around October 25 in the Panhandle. The outlook suggests that an early freeze is possible this year in the Panhandle, so growers should adjust farming strategies accordingly, forecasters said.

Cooler temperatures are resulting from a cold front that has drifted slowly southward across the High Plains. Temperatures were expected to remain cool through Wednesday, especially in the Panhandle.

At presstime a light shower was falling, accompanied by a brilliant lightning display.

Only widely scattered showers were expected in the southeast part of the Panhandle, but the forecast said they could occur in most sections Wednesday night. Showers were expected to increase in the north Thursday and over the region Friday and Saturday as another surge of cool air arrives.

A. J. LaVIGNE BURIED MONDAY

Funeral services for A. J. LaVigne, 60, of 3611 N.E. 21st in Amarillo, were conducted at 11:00 a.m. Monday at Blackburn-Shaw Martin Road Chapel with Glenn Adams, minister of Parkview Christian Church, officiating. Burial was in Llano Cemetery.

Mr. LaVigne died Friday in an Amarillo hospital where he had undergone the amputation of a leg about a week earlier. It had been thought he was recovering satisfactorily until he suffered a cardiac arrest Friday morning. He had diabetes and had undergone surgery for the amputation of his other leg some time ago.

Born in Tupper Lake, New York, Mr. LaVigne moved to Amarillo 30 years ago from Louisiana. He was a retired finance businessman, a World War II veteran and a member of Parkview Christian Church.

Survivors include his wife, Estelle; two sons; four daughters, one of whom is Mrs. Dwin (Rita) Davis of Allen, Oklahoma, who had been at her father's bedside at the time of his surgery; 14 grandchildren, including Scott and Missy Davis of Allen, Oklahoma; and two great-grandchildren.

1983 Wheat Program Signup Rescheduled

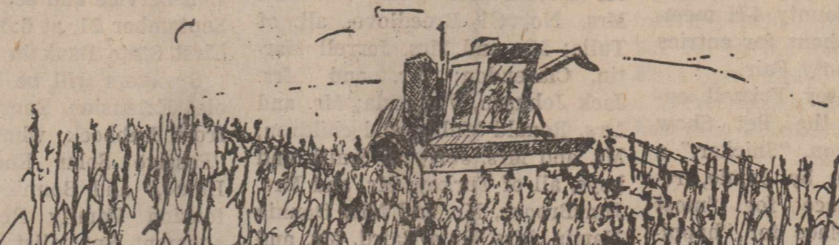

Secretary of Agriculture John R. Block says that because of legislation proposed by Congress in the Omnibus Reconciliation Act, he has rescheduled the sign-up period for the 1983 wheat program to begin October 1 instead of September 7. It will continue through March 31.

Spring and winter wheat producers must comply with the program provisions to be eligible for the wheat reserve program, loans, purchases and payments for the 1983 wheat crop. The 1983 wheat loan rate will be \$3.65 per bushel. The target price will be \$4.30 per bushel.

Instead of the 20 percent acreage reduction program announced by the USDA on July 14, the reconciliation legislation provides for a combination 15 percent acreage reduction and

Owls Defeat McLean 20-0 In Home Opener

Silverton's Owls are 2-0 after having defeated McLean 20-0 in the home opener last Friday night. It was also parents' night, and the players and their parents were introduced in a pre-game ceremony.

A large crowd filled the stands to watch as the Owls shut down the Tiger offense, limiting them to a gain of 12 yards rushing and 45 yards passing. This averaged allowing the Tigers .37 of a yard per rush and 4.50 yards per pass. McLean's deepest penetration into Owl territory was to near the 28 near the end of the game.

"Since our defensive backs didn't get many tackles, we know our linemen were really doing their job," said Coach Marvin Self. "Our defensive effort was super."

Craig Patton was credited with being in on 13 tackles, six of them solo efforts. Tad Cornett was in on 10 tackles, Eric Patton shared eight, and Freshman Barry Eddleman was in on six stops and recovered a fumble. Mitch Martin, Monroe Hill and David Schott were in on four tackles each, and Martin was also credited with a fumble recovery.

Quarterback Shane Reagan, who received honorable mention as Plainview Daily Herald Player of the Week for his efforts in the Claude game, had an outstanding game against McLean, both offensively and defensively. Reagan rushed for 44 yards in

addition to passing for a touchdown, rushing for two other scores, and intercepting four McLean passes. He completed passes to Bob Arnold (three) and Jim Forbes.

Forbes rushed for 117 yards in addition to gaining four yards on a pass from Reagan. Freshman Russell Simpson rushed for eight yards, Craig Patton gained 21 yards and Clifford Clardy picked up 20 yards rushing.

"Big plays are great, but it takes a lot of little plays to make a big play," Coach Self said. "It was a total team effort." The game opened with the Owls kicking off to McLean, who made 18 yards on their first play and had a pass intercepted on third down. The Owls gained eight yards on their first two plays and lost the ball via the fumble route on third down.

McLean suffered another interception on first down, and the Owls ran three plays and punted. After taking the next McLean turnover, Quarterback Reagan hit End Bob Arnold with a pass and Arnold covered 45 yards for a score. With 6:33 remaining to be played in the first quarter, Clifford Clardy kicked the extra point and the Owls held a 7-0 lead.

The ball changed hands quite a few times during the rest of the first half and into the fourth period there was no scoring until Reagan intercepted yet another McLean aerial and carried it into the end zone for an apparent score. A good job of acting on the part of one of the McLean players got a clipping penalty stepped off against the Owls and the ball was placed on the Silverton-25. Reagan gained five yards on first down, threw two incomplete passes, then ran to the one-yard line on fourth down. Next play, Reagan scored on a quarterback sneak. Clardy kicked the extra point, and with 9:04 remaining to be played in the game the Owls held a 14-0 lead.

Later the Owls took a McLean punt and drove for another touchdown. Reagan carried the last 15 yards, the kick failed, and with 1:39 remaining on the fourth-quarter clock, the Owls led 20-0.

The Owls rushed 51 times for a total of 210 yards, and Reagan completed six of 13 passes for a gain of 68 yards. This gave Silverton a total offense of 278 yards, as compared with 57 for the Tigers.

McLean received penalties totaling 30 yards on four infractions, while Silverton was penalized 35 yards. The Owls made 15 first downs, while the Tigers

Sunday Is "Kiss Your Baby" Day In Silverton

Mayor Charles Sarchet declared September 19 as "Kiss Your Baby" Day in Silverton by signing an official proclamation today.

"Kiss Your Baby" Day will be held as part of the National Cystic Fibrosis Week and the local CF Breath of Life Campaign.

Stressing the need for greater public health education in Silverton, the Mayor said that "Kiss Your Baby" Day is designed to help parents recognize the symptoms of Cystic Fibrosis in their children.

One of the signs of CF is a salty taste to the skin. Mothers have sometimes alerted doctors to the possibility of CF when kissing their babies and tasting salt, explained Mayor Sarchet.

A child receives a gene for the disease from each parent. So far, there's no cure for CF, but early diagnosis and treatment are helping to lengthen lives. Today, 50 percent of CF patients can be expected to live past age 19, where once few survived to school age.

The signs of Cystic Fibrosis include recurrent wheezing, persistent coughing with excessive mucus, pneumonia more than once, excessive appetite with poor weight gain and clubbing (enlargement of fingertips). Cystic Fibrosis signs also include a salty taste of the skin, persistent bulky diarrhea and nasal polyps.

The Mayor joins the Lone Star Chapter of the Cystic Fibrosis Foundation in urging everyone to "Kiss Your Baby" and watch for the signs of Cystic Fibrosis in all children.

Silverton Players Share Weekly Herald Honor

Silverton quarterback Shane Reagan and halfback Jim Forbes share the Plainview Daily Herald "Player of the Week" honors this week after their pair of outstanding performances led the Owls to a 20-0 win over McLean to give SHS a 2-0 record for the season.

Reagan had a strong night offensively with 68 yards passing including a 45-yard touchdown toss to Bob Arnold. He also had a 15-yard TD scamper down the right side and a quarterback sneak for another six points. Reagan finished with 45 yards rushing for 113 yards of total offense and two touchdowns.

A two-way starter, Reagan also had four interceptions, one being returned for an apparent touchdown which was called back due to a clipping call.

"Shane played a great game. I feel he could do a lot better. With the help of his line, he had the time to pass or to decide where the play should go," stated head coach Marvin Self. "He could not have done the job he did defensively if it was not for the defensive linemen who really put the pressure on McLean's quarterback and made him throw bad passes which were usually intercepted."

Sharing the title is teammate Jim Forbes, who had a terrific night offensively, rushing for 117 yards.

"Many of Reagan's big plays, like the 15-yard touchdown run, were set up by Forbes, who broke open McLean's defense with two 25-yard runs on the drive that eventually ended up with Reagan scoring from 15 yards out," Self said. "Jim just really opened up their defense by rushing at will from any side or any position."

Mrs. Bessie Hunt flew to El Cajon, California September 4 to visit her son, Del Hunt, his wife, their children, grandchildren and great-grandchildren, some of whom Mrs. Hunt had not met. They are making five-generation pictures while she is in California. She expects to return home about October 4.

The Progressive Homemakers would like to thank Duane Reynolds, Hester & Son Gulf, Marvin Self and all of the husbands of club members for their donations and help on our float. We also appreciate the First State Bank for donating the prize money. Margaret Frizzell

Thank you all for the flowers, cards and visits while I was in the hospital, and for the consideration and patience while the Shoe Shop was closed. We appreciate our friends and customers. Perry and Estelle

A special thanks to my many friends in Silverton, the old hometown, for the prayers, cards, phone calls and visits during my stay in the Lockney Hospital. Miss everyone so much. God bless each and every one. Margie Turner

Thank you so much for the cards, phone calls, food and every expression of your friendship while I was in the hospital and since I returned home. All are appreciated very much. Mrs. Joe Davis

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 2, 1982

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment repealing the state property tax."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year. The amendment would set the state welfare spending limit at \$100,000,000 for the 1982-1983 biennium. The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals. The proposed amendment will appear on the ballot as follows: "The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote. Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board. The proposed amendment will appear on the ballot as follows: "The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

PROPOSICION NUMERO 3 EN LA BOLETA

Resolución Conjunta del Senado 8 propone una enmienda constitucional que exención de la imposición de impuestos la maquinaria y el equipo que se usan en la producción de productos agrícolas y ganaderos. No se impondría límites de dólares y la exención se aplicaría a las sociedades anónimas y colectivas tanto como a las familias y los individuos. La propuesta enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que exención los implementos de producción agrícola (maquinaria y equipo agrícola) de la imposición de impuestos por avalúo."

PROPOSICION NUMERO 5 EN LA BOLETA

Resolución Conjunta No. 119 de la Cámara de Representantes propone una enmienda constitucional que autorice a los condados de Tarrant y Bee celebrar elecciones en los dos condados para anular por mayoría el oficio de tesoroero del condado. Si se anula el oficio de tesoroero del condado, se cederán los deberes, poderes y funciones de dicho oficio al auditor del condado o al sucesor de las funciones del auditor. La enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que anula el oficio de tesoroero del condado en los condados de Tarrant y Bee."

PROPOSICION NUMERO 4 EN LA BOLETA

La propuesta enmienda establecerá el límite de gastos de asistencia pública estatal a \$100,000,000 para el bienio 1982-1983. Además la enmienda provee que para cada bienio subsiguiente la cantidad máxima que se pueda gastar en asistencia pública no será en exceso de 1% del presupuesto estatal. La propuesta enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes, necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 6 EN LA BOLETA

Resolución Conjunta del Senado 6 propone una enmienda constitucional que aumente el límite de la tarifa constitucional de interés en los bonos generales estatales de obligación de 6% a 12%. Sin embargo, el nuevo límite de 12% no se aplica a bonos emitidos de la Junta de Terrenos para Veteranos. La propuesta enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que aumenta la tarifa máxima de interés de los bonos generales estatales de obligación a un promedio ponderado de 12% de interés anual."

PROPOSICION NUMERO 2 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 62 tal como fue enmendada por Resolución Conjunta del Senado 10 propone una enmienda constitucional que elimine el límite de \$80,000,000 de asistencia pública estatal durante cualquier año fiscal. La enmienda establecerá el límite de gastos de asistencia pública estatal a \$100,000,000 para el bienio 1982-1983. Además la enmienda provee que para cada bienio subsiguiente la cantidad máxima que se pueda gastar en asistencia pública no será en exceso de 1% del presupuesto estatal. La propuesta enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes, necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 1 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 1 propone una enmienda constitucional que prohíba cualquier impuesto estatal por avalúo. Los recibos de impuestos estatales por avalúo anteriormente autorizados que son cobrados después de la fecha efectiva de la propuesta enmienda a esta sección serán depositados al crédito del fondo general del condado que cobra los impuestos y pueden ser gastados para los fines del condado. Los impuestos que son cobrados antes de esa fecha serán distribuidos por la Legislatura entre las instituciones educativas que son elegibles para recibir esos fondos bajo ley previa. La propuesta enmienda también revoca una sección de la Constitución que impone un impuesto por avalúo para un fondo para la construcción de 17 colegios y universidades estatales. La propuesta enmienda aparecerá en la boleta como sigue: "La enmienda constitucional que revoca el impuesto estatal sobre la propiedad."
