CHARLSIE BOMAR ARNOLD

### Charlsie Arnold Is Pioneer For A Day

Mrs. Charlsie Bomar Arnold has been selected as Pioneer For a Day and will be recognized during the Briscoe County Birthday Celebration. She is a true pioneer, having been born on a ranch west of Silverton and having spent most of her 91 years in Silverton. She and her husband, Jim Bomar, owned a farm implement business and later a grocery store which they were operating at the time of his death in 1948.

After being widowed, she studied to be a nurse and received her LVN license. She was a nurse at the Briscoe County Hospital, working all night many Saturday nights, but that never kept her from teaching her Sunday School Class and singing in the choir on Sunday mornings. Her love for music started early in her life and she led the singing in her church for many years.

In 1955, she married A. D. Arnold, a retired carpenter. At the time of their marriage, she had a gift shop in her home. As her business expanded, she moved her shop into a larger building on Main Street. Mrs. Arnold and her daughter, Zollie Brown, operated this store for 18 years. ### County Birthday Celebration

### Opens In Silverton Today

Briscoe County's 91st birthday will be celebrated this weekend in Silverton. There will be something of interest for each and every member of the family.

Activities open today with an arts and crafts fair to be set up on the courthouse lawn. Booths will be selling their wares all day. Many unusual items will be offered for sale.

Silverton Senior Citizens have made a king-size quilt which will be auctioned off during the barbecue.

There will be tricycle races in front of the First State Bank for kids two to five years old. Each youngster needs to bring his own tricycle and meet with the L. O. A. Junior Study Club members in front of the bank at 3:30 p.m.

A western parade through downtown Silverton will begin at 4:00 p.m. There will be prizes for the best floats and riding clubs.

A section of the parade will be devoted to the kid's bicycle parade. This is sponsored by the Briscoe County News, and cash prizes will be \$10.00 for first place, \$5.00 for second and \$2.50 for third place. Entrants will need to pick up an identification number from the Briscoe County News before parade time. This will be used to identify the winners because the judges may not know the contestants' names. Numbers are to be placed on the backs of the contestants or their bicycles. Numbers will be available from the sponsor at the corner of Main and Seventh Streets (at the hotel) where the bicyclists are to gather at 3:45 p.m.

Following the parade, everyone is invited to gather on the courthouse square where a huge tent will be erected, for a meal of

barbecue and all the trimmings.

To help defray the cost of the barbecue, tickets will be sold for \$4.00 per plate. Donations to help defray the cost of the barbecue may be left at the First State Bank.

Free barbecue tickets will be given to all residents 65 years of age or older who have lived in Briscoe County 40 years or longer. A booth will be provided under the tent where senior citizens can register and receive their tickets, and where tickets can be purchased.

Donations are being solicited to defray the cost of renting the tent to shade the south side of the courthouse lawn. The tent rental is approximately \$700.

The Young Farmers would like to thank everyone who has helped in the past with their donations of time, labor and money. With your support, it is hoped that this annual event will continue.

Starting Thursday, there will be three performances of the Silverton Young Farmers Rodeo at Wood Memorial Arena with participants from all over the area testing their rodeo skills beginning at 8:00 o'clock nightly. A special event for Briscoe County residents only will be seven steers, six ropers and six muggers. This alone might be worth the price of admission.

The other rodeo events are tie down calf roping, heading and heeling, ladies barrel race, bare-back bronc riding, bull riding and saddle bronc riding. Stock will be furnished by the C Bar T Rodeo Company of Lubbock. Rodeo admission will be \$3.00 for adults and \$2.00 for children under 12.

At 9:00 p.m. each day, dances will be held in the newly

remodeled Briscoe County Show Barn. Thursday and Friday nights the music will be by Caprock Country, and Saturday night's music for the dance will be by the Playa Playboys. The dances are co-sponsored by the Silverton Young Farmers and Silverton Fire Department, and the Fire Department will also be operating concession stands at the rodeo and dances. All of the money made by these organizations benefits the people of Silverton through community projects and purchase of fire department equipment.

### Club To Sponsor Tricycle Races

L. O. A. Junior Study Club is sponsoring tricycle races for area youngsters, beginning at 3:30 this afternoon (Thursday) in front of the First State Bank.

There will be divisions for two year olds, for those three and four years old, and for those five years old.

### Barbecue Tickets Still On Sale

Tickets to the barbecue are still on sale by members of the Silverton Young Farmers, and the tickets can also be purchased at the City Hall. Price is \$4.00 each.

If you are over 65 and have lived in the county 40 years or longer, you can receive a free barbecue ticket by registering.

# Owls Begin Workouts For Six-Man Football

Thirteen Owls began working out for six-man football Monday morning, according to Head Coach Marvin Self. The squad is made up of five seniors, one junior, five sophomores and two freshmen.

Reporting for the new season are Jim Forbes, Warren Jarrett, Cary Fleming, Monroe Hill, Max Davis, seniors; David Schott, junior; Scotty Harris, Todd Reagan, Russell Simpson, Joe Ted Edwards, sophomores; Corey Robertson and Sloan Grabbe, freshmen.

Basic rules to know for six-man football include the field dimensions being changed to 40 yards wide by 80 yards long. Fifteen yards must be made for a first down. Ten minute quarters are played, and there is a two-minute break between quarters. The halftime intermission is 15 minutes long.

A touchdown scores six points; field goal, four points; running extra point, one point, and kicked

extra point, two points.

When a team is behind by 45 points at the half, or at any time a team secures a lead of 45 points during the second half, the game is over immediately.

All players may receive a pass. Kickoff is from the 30 yard line.

There is no return kick or fair catch.

A ball out of the end zone is returned and put into play on the 15 yard line. If a safety occurs, the ball is kicked from the 30 yard line.

There must be at least three men on the line of scrimmage when the ball is snapped.

The quarterback cannot penetrate the line of scrimmage unless he hands off to another team member and that player then hands the ball back to the quarterback. Whichever player receives the snap from center is considered the quarterback.

China pattern at her shop.

Mrs. Arnold has become a special person to many people by being progressive and always looking forward. She lives for the future and never in the past. A few years ago she needed some new trees. The small ones were a lot less expensive than the larger ones. She thought only a moment and said, "Give me the small ones; I've got time for them to grow."

Every Christmas Mrs. Arnold decorates early, because she just can't wait to get her decorations up. She knows she shouldn't, but she strings the lights, by herself, around the roof of her home and in her trees and shrubs. Two years ago, she told her daughter, Ruby Gilkeyson, that she wished she had a job. Mrs. Gilkeyson replied, "Maybe you can get a job stringing Christmas lights around the roofs of peoples houses."

One of her neighbors, who was much younger than she, commented to his wife that he might not put up a Christmas tree that year because it was too much trouble. That night, as he drove by Mrs. Arnold's, her house and yard were ablaze with beautiful lights. This changed his mind about decorating and, needless to say, he went home and put up a tree.

prayer. Yes, God has been good to Charlsie Arnold by allowing her to be as active as she is and to live as long as she has, and the people of Silverton have also been blessed by having known her.

Mrs. Arnold was selected as

the Briscoe County Pioneer of the Day by the Briscoe County Historical Survey Committee and will be recognized at the barbecue and presented a plaque this afternoon. This annual presentation is sponsored by the L. O. A. Junior Study Club.

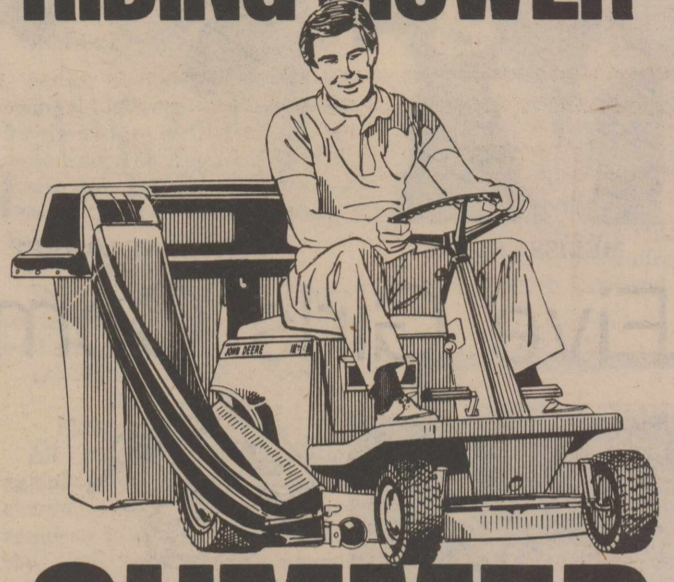

Mrs. Arnold works diligently at maintaining a beautiful flower garden and neat yard, from early spring to late fall. Every summer she promises herself that during the very hottest part of the day she will go in the house or stay in the shade, but she rarely ever keeps that promise. Because of her failing eyesight, she laughingly says she pulls more flowers than weeds, but the beauty of her yard doesn't show this to be true.

Mrs. Arnold was delighted when she was asked by her granddaughter, Sharon Simpson, if she would like to host her great-grandson's wedding rehearsal dinner in her back yard. She claims this really gave her a goal to work toward this summer and something to look forward to. Because of this, her ever-beautiful yard seems to be just a little prettier than usual this summer.

One day Ruby Gilkeyson and some other ladies her age were discussing what might become of them as they got older. One commented that she guessed she would end up in a nursing home, but Mrs. Gilkeyson said she didn't have to worry about things like that because "Mother can take care of me." That thought wouldn't surprise too many people in Silverton.

When questioning Mrs. Arnold about her longevity, she quickly answers that she attributes it to something that happened to her as a young mother. She was very sickly during that time of her life and she promised God, if He would let her live to raise her two girls, she would serve Him all the days of her life. She has kept her promise to Him and He has more than answered her

### USDA Issues Preliminary Loan, Purchase Rate For 1983 Soybeans

The U. S. Department of Agriculture has issued a preliminary loan and purchase rate of \$5.02 per bushel for 1983-crop

soybeans, the minimum permitted by law and unchanged from 1982.

According to Everett Rank,

administrator of USDA's Agricultural Stabilization and Conservation Service, the loan rate is set by law at 75 percent of the

simple average price received by farmers during the past five years, excluding the high and low years. That law also requires USDA to issue a preliminary loan and purchase rate not

earlier than 30 days before September 1, the beginning of the soybean marketing year.

Rank said USDA would issue a final 1983 soybean loan and purchase rate no later than October 1, by which time USDA will have final figures on prices received by farmers for the 1982 crop.

Rank said all producers of 1983-crop soybeans will be eligible for loans and purchases since USDA does not require participation in production adjustment programs as a condition of eligibility for soybean farmers.

Soybeans are ineligible for any reserve program or for storage payments, Rank said.

## Claude Akins Promotes Conservation Practices

To promote the conservation of soil, water and related renewable natural resources in Briscoe County, Jack Sutton, chairman of the Caprock Soil and Water Conservation District, announced today the support and assistance of internationally-known actor, Claude Akins.

"Akins, who speaks for soil and water conservation in a series of broadcast public service messages, is particularly recognized for his portrayal of gypsy trucker Sonny Pruitt in NBC-TV's 'Movin On' and for his title role in NBC-TV's adventure-comedy 'Lobo,'" said Sutton.

Akins also guest starred in numerous TV series such as Police Story, Medical Story, Mannix, McCloud, Cannon, The Streets of San Francisco, Fantasy Island and B. J. and the Bear. He also appeared in films such as "From Here to Eternity," "The Caine Mutiny," "Skyjacked," "The Devil's Brigade," "Inherit the Wind," "The Great Bank Robbery" and "Timber Tramps."

Akins, whose interest in soil and water conservation was nurtured at an early age, said, "My feeling for the land comes from my father, who all his life had a love for the soil. He had a small piece of land outside Bedford, Indiana, and I watched him take care of it as if it were a very important partner. Through his example, I learned that proper treatment of the land is the only way it will really serve us as it's supposed to."

In commenting on current ecological and environmental concerns and how soil and water conservation fits into the overall picture Akins said, "With the problem of an increasing world population and the taking of farm areas for urban development and other uses, I think agricultural producers are constantly facing the problem of trying to produce more and more from less and less on a limited resource."

"Though we have made great advances in conservation efforts in the last several decades, other issues have emerged to cause soil and water conservation to be given a backseat in state and national priorities. These resources should be considered equally

along with the other problems we have in our ecology," added Akins.

From a personal viewpoint Akins said, "When I was in the army and in India, I saw the effects of bad land use and the starvation that follows. The people in the area I visited knew the land was subject to flooding every year and yet they did nothing to protect it. Brazil is another example. While there, I remember how farmers would farm out their land and then move to another plot rather than restoring what they had."

"Look at what happened in this country prior to and during the dust bowl era of the '30's. Soil conservation was mostly ignored until the land suddenly got blown away. At that point it was too late, so when we see signs of soil and water erosion the time to do something about it is when we first discover it and not wait until it's too late. The point I'm trying to make is that soil and water conservation is an ongoing thing and requires total public interest and support," concluded Akins.

Commenting on Akins' interest in assisting Texas SWCDs with a conservation public awareness message, Sutton said, "We appreciate Claude's involvement in our local and state conservation efforts. He is saying what we have been talking about all along. And that is the conservation of soil, plant and animal resources does not mean hoarding these things for future use, but using them efficiently and in such a way that they will last and become more productive."

"If our district office is to serve Silverton and the surrounding area effectively, we need good two-way communication in our community. And that's what Claude is emphasizing in these public service programs. We need to know local concerns and we need understanding of and local support of our long-range goals and objectives to accomplish soil and water conservation in our community," said Sutton.

Mrs. Lottie Clemmer entered St. Mary's Hospital in Lubbock Monday of last week, and has been receiving treatment.

## Miss Robertson Weds Hugh Mac Bain, Jr.

Stacy Rene Robertson became the bride of Hugh Mac (Mackie) Bain, jr. Saturday afternoon at five o'clock in the home of her parents, Mr. and Mrs. Jack D. Robertson, in Silverton. Parents of the bridegroom are Mr. and Mrs. H. M. Bain, 917 Baltimore in Plainview.

Ted Kingery, former minister of the Silverton Church of Christ, performed the ceremony. Providing vocal wedding music was Mrs. Bain, mother of the groom, and his sisters, Susan Bain of Plainview and Carla Kott of Austin.

Forming the altar area in the home was an oval candelabra with 15 candles, flanked by seven-branched candelabras on either side, and arrangements of yellow and white daisy poms with greenery of tree fern, springeri and lemon leaf foliage.

The bride was given in marriage by her father. She wore a formal bridal gown of white organza designed with a bodice accented with Chantilly lace and tiny seed pearls. It featured a scoop neckline and short puffy push-up sleeves. The natural waistline fell to a full triple flounced skirt which flowed to the back forming a chapel-length train.

She chose to wear a wreath on her head fashioned from silk flowers and Schiffler lace. The wreath held a two-tiered fingertip veil of silk illusion. She carried a cascade of yellow sweetheart roses and yellow daisies accented with leather leaf greenery.

Mrs. Allison Robertson of Floydada, the bride's sister-in-law, was matron of honor and the bride's only attendant. She wore a gown of lemon peel yellow chiffon over taffeta styled with a drop shoulder. The floor-length full skirt featured a ruffle around the hemline. # USDA Announces Provisional Details For 1984 Wheat Program

Secretary of Agriculture John R. Block has announced options for the 1984 wheat program, pending program legislation presently under consideration by the Congress.

Block listed general guidelines for next year's program on July 1 which permitted farmers to make preliminary planting decisions and financial commitments for their crop, while the Congress continued deliberations on target price freeze proposals.

"Since legislative action on the proposed target price freeze is now before the U. S. Senate, it is up to the Congress to decide which option they want to choose," Block said. "It is important to get this issue resolved in order to assist farmers in making their management decisions."

He listed the following 1984 wheat program options:

—If new legislation freezes the target price at \$4.30 per bushel, the acreage reduction requirement will be 25 percent and there will be a payment-in-kind program of 10 to 25 percent for farmers who divert additional land. The payment-in-kind compensation will be 80 percent of the program yield.

—If Congress does not freeze target prices and the target price automatically escalates to \$4.45 per bushel, the acreage reduction requirement will be 30 percent and there will be a payment-in-kind program of 10 to 20 percent for farmers who divert additional land. The payment-in-kind compensation will be 75 percent of the program yield.

Producers participating in the payment-in-kind program and having both reserve and regular loan grain would be required to make their reserve grain available for PIK. Those farmers who have neither will be eligible for participation in the payment-in-kind program by volunteering to harvest for payment-in-kind.

In addition:

—Land taken out of production must be devoted to a conservation use. This land must be acreage that would have been devoted to small grains or row crops in 1984.

—The national average loan

and purchase rate will be \$3.30 per bushel. The Food and Agriculture Act of 1981 permits the loan rate to be set at this level since the season's average price for the 1983 crop is expected to be less than 105 percent of current loan rate.

Block said the current loan rate is above market clearing levels and places U. S. producers at a competitive disadvantage in

world markets. "This reduction will begin to restore competitiveness in world markets and send a signal to our export competitors that we will no longer maintain a 'high price umbrella' which allows them to undercut us in the world market," Block said.

"Ruling is easy, governing difficult."

## USDA Reopens, Revises Upland Cotton Purchase Program

Beginning this week, the U. S. Department of Agriculture will offer to acquire 1980, 1981 and 1982-crop upland cotton from farmers who have cotton pledged as collateral for outstanding Commodity Credit Corporation price support loans, Secretary of Agriculture John R. Block has said.

The new purchase program, which is authorized by recent legislation, will allow CCC to acquire cotton to fulfill obligations

under the payment-in-kind program, he said.

Farmers with cotton pledged as collateral for a CCC-loan may submit offers to sell their cotton to CCC August 8-24 at the county office of USDA's Agricultural Stabilization and Conservation Service where the loan was obtained. The offer must specify the quantity of cotton the farmers offers to sell to CCC and the number of bales of cotton CCC must pay the farmer as in-kind compensation.

Offers to sell cotton to CCC may be submitted without regard to any maximum bid percentage of the total quantity of cotton offered for sale to CCC. CCC will accept all zero bids.

The factors in determining bid acceptance include the date the bid was offered, the bid percentage, the crop year of cotton offered (1980, 1981 and 1982-crop cotton will be reviewed and evaluated separately) and the quantities needed to satisfy PIK obligations.

Producers who have previously submitted bids to sell 1982-crop cotton to CCC which were accepted under the previous cotton purchase program may submit a new bid, Block said. The new bid will nullify the

previous bid.

The previously announced requirement that some producers obtain loans on their 1983-crop cotton production has been suspended, Block said. However, if a sufficient quantity of cotton is not acquired under this cotton purchase program to satisfy PIK obligations, producers may be required to obtain a loan on their 1983-crop production for PIK purposes.

The suspension of the "harvest for PIK" requirement combined with the new purchase program will delay the PIK availability for some producers, since CCC can-

the Tulia Fire Department is not determine how much cotton will be available until after the bids have been evaluated, Block said. The processing of the purchased cotton into CCC inventory will also result in some delay, he said. These delays should not affect producers with whole base bids or producers with sufficient cotton to satisfy PIK from loans, according to Block.

sponsoring a 3-2 Softball Tournament August 19-21.

There will be divisions for men's teams and for mixed teams. The men's teams will be required to furnish Blue Dot balls. Balls will be furnished for the mixed teams.

There is a \$75.00 entry fee, and deadline for entering is August 16.

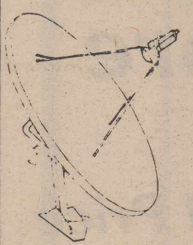

First, second and third place team trophies will be awarded, and in addition, individual trophies will be presented to the first place teams.

# Brown-Forbes Vows Exchanged Here

Double-ring wedding vows were exchanged by Miss Missy Brown and Cam Forbes at 6:30 p.m. Friday, August 5, at the First Baptist Church in Silverton. The Rev. Jesse Dea, Methodist minister from Follett, performed the ceremony before an archway formed with candelabra holding pink tapers behind an arrangement of mixed pink flowers.

Parents of the couple are Mr. and Mrs. Don Brown and Mr. and Mrs. Doug Forbes, all of Silver-

ton. Escorted and given in marriage by her father, the bride wore a formal gown of white organza designed with a high sheer Victorian neckline of antique Chantilly lace. Alencon lace accented the neck and bodice of the gown, and a double-row flounce formed the sleeves and extended over the closely-fitted bodice. Her skirt fell into a double lace-edged hemline which swept to back fullness and extended into a chapel-length

in a silver candelabra. Crystal and silver appointments were used to serve cake, coffee and punch.

Presiding at the reception table were Miss Jeni Denton of Clovis, New Mexico, Miss Jan Reynolds of Silverton and Mrs. Jana Whealdon of Carrollton. Others assisting with the reception were Mrs. Carolyn Reagan, Mrs. Vaughnell Brannon and Mrs. Waynelle Couch.

The wedding cake was made in three tiers and was accented with pink flowers.

Following a wedding trip to Puerto Vallarta, Mexico, the couple will be at home in Canyon, where both plan to attend West Texas State University this fall. Both are graduates of Silverton High School.

### REHEARSAL PARTY

The rehearsal party was hosted by Mr. and Mrs. Doug Forbes in their home.

train. She added a picture hat and carried a hand-tied bouquet of pink roses and baby's breath.

To carry out bridal tradition, the bride carried a thimble which had belonged to the groom's great-great-grandmother. Her wedding ensemble was something new, she borrowed earrings, and added a blue garter.

Serving her sister as matron of honor was Mrs. Liz Griffin of Silverton. She wore a sundress made of hot pink linen with loose-fitting top made of white eyelet. The dress was tied at the waist with an aqua ribbon, and she carried a long-stemmed pink rose.

Miss Kathy Brown of Silverton was her sister's maid of honor. She wore a dress styled identically to that worn by the matron of honor.

Zane Reagan of Silverton was his friend's best man, and Jim Forbes of Silverton served as his brother's groomsman. Guests were seated by Randy Clay of Quitaque and Ray Stephens of Silverton, cousin of the groom.

Miss Jeni Denton, pianist provided traditional nuptial selections, including the theme from "The Young and the Restless," "Looking Through the Eyes of Love" and "Truly."

The bride's mother chose a peach silk dress and a white gardenia corsage for the wedding. A beige lace sundress with jacket and a white gardenia corsage was chosen by the bridegroom's mother.

### RECEPTION

A reception was held following the ceremony at the home of the bride's parents. Cake and punch were served inside the home, and

the rest of the reception was held outside.

Centerpiece on the refreshment table was an arrangement of pink carnations and pink roses
