DPS To Attempt To Reduce Death Toll

Major V. J. Cawthon, Commander of the Texas Department of Public Safety in Region 5, said, "We will use all available personnel to reduce the death toll during the Labor Day holiday." He continued, "In 1982, 50 persons were killed in traffic accidents on Texas streets and highways during the Labor Day holiday."

This is the last holiday of the summer, and thousands of motorists will take to the highways for an outing. Some of these motorists will be driving at high rates of speed. Others will be intoxicated. Cawthon said, "This combination plus the lack of seat belt usage could cause a high death count this Labor Day weekend."

He added, "Our troopers will be aggressive in combating the speeding and DWI problem because these violations continue

to be the leading factors in fatal accidents."

He concluded, "The Texas Department of Public Safety urges all Texas drivers to slow down to the legal speed limit, avoid the use of alcohol if they plan to drive, and to use their seat belt for safety."

Mrs. Ruby Gilkeyson, Mr. and Mrs. Roy S. Brown and Mrs. Charlsie Arnold went to Tyler Friday to attend the golden wedding anniversary celebration of Mr. and Mrs. Jeff Morriss.

OBITUARIES

HENRY R. IVORY

Funeral services for Henry Richard Ivory, 73, were conducted at 2:00 p.m. Friday at the First Baptist Church in Silvertton. Officiating were the Rev.

Floyd Knight, pastor of the New Fellowship Baptist Church in Silvertton, the Rev. Melvin Tatum of Tulia and the Rev. Roger Weeks of Turkey. Burial was in Resthaven Cemetery at Quitaque, with arrangements directed by Schooler-Gordon Funeral Directors of Silvertton.

Grandsons were pallbearers. Mr. Ivory died Tuesday night at the Amarillo Emergency Receiving Center where he had been transported by the Silvertton Volunteer Ambulance Service after he became ill.

Born March 16, 1910 in Sulphur Springs, Mr. Ivory moved to Silvertton in 1966 from Quitaque. He was a member of the New Fellowship Baptist Church. He married Easter Hodge July 1, 1979 in Silvertton.

Surviving are his wife; six daughters, Ella May Oliver of Fort Worth, Nellie Fay Polley of Plainview, Kathyne Davis of Silvertton, Henrietta Scoggins of Quitaque, Cora Brown of Lamesa

and Dixie Ivory of Amarillo; four sons, Joshua Ivory of Minneapolis, Minnesota, Billy Ivory of Los Angeles, California, Phineas Ivory of Amarillo and Clarence Ivory of Silvertton; 35 grandchildren and seven great-grandchildren.

He was preceded in death by three sons, Wesley, John and H. W. Ivory.

PAUL JOINER

Funeral services for Paul Joiner, 84, of Corpus Christi, formerly of Plainview and Silvertton, were conducted Friday in Corpus Christi with burial in a Corpus Christi cemetery.

Mr. Joiner died at Corpus Christi Regional Hospital August 17 after suffering an apparent heart attack two days earlier.

Born in Ellis County in 1899, his family moved to Throckmorton County and then to Silvertton in 1915.

He was a brother of Mrs. Alvin Redin of Plainview.

VETERANS BEING NOTIFIED OF OVERPAYMENTS

According to Billye Kesler, Veterans Service Officer for Briscoe County, a large number of veterans are now being notified of overpayments in their GI Bill educational accounts. Many such overpayments are the

result of veterans enrolling in college courses which were not approved for their particular degree program.

It appears that many veterans enrolled in the non-credit courses after undergoing counseling by personnel at the school where the degree program was being pursued. A large number of these overpayment cases are being brought to light at this particular time through school record audits by the Veterans Administration.

Any veteran who is notified of an overpayment in GI Bill benefits for the reasons set forth above should give serious consideration to applying for a waiver of the debt. In most instances, the veterans involved merely took the advice of the school counselor, and enrolled in subjects which were suggested as electives for their degree programs. In addition, although the school furnished the Veterans Administration with a certification of enrollment showing the courses being taken, the VA failed to determine that the non-credit course failed to fit into the degree program. In these instances, it appears that the schools and the Veterans Administration should share the responsibility for the erroneous enrollments, thus absolving the individual veterans from any

fault. Under VA regulations, a claimant may request a waiver of any overpayment which was incurred through no fault of his.

Veterans encountering difficulties such as those mentioned here should contact their local Veterans Service Officers for assistance in applying for waiver of educational benefit overpayments.

Pledge Center To Be Operated Again

Silverton will again be one of the over 30 cities taking part in the Panhandle segment of the Jerry Lewis Labor Day Telethon with a special Pledge Center located at Ray Thompson Implement, 507 Main.

Lois Hill is serving as coordinator for the pledge center which will be open throughout the Telethon from 8:00 p.m. Sunday, September 4, until 6:30 p.m. Monday, September 5, Labor Day Weekend. A special phone number, 823-2350, has been assigned for use by the people of Silverton to phone in their pledges.

Originating from Las Vegas, the 22½ hour TV marathon is held to benefit the medical services and research programs of the Muscular Dystrophy Association (MDA). Telephone pledges and donations made through the Silverton Pledge Center, to be manned around the clock by Vici Baird and other volunteers, will be credited to the citizens throughout the Telethon.

The Panhandle show will again be broadcast by KFDD-TV 10 in Amarillo and will feature Mark Robertson-Baker and Ken Baiert as emcees. They will interview patients from pledge center towns, and will recognize various fund-raisers throughout the Panhandle, in addition to first-hand reports of pledge center activities.

Pledge Center volunteers also are planning a door-to-door drive, fish bowl and a T-shirt sale for Labor Day. Children from the kindergarten up to the eighth grade interested in helping Jerry's Kids should come by the Center location at Ray Thompson Implement starting at 10:00 a.m. on Monday, September 5, to pick

up an official canister, Telethon badge and instructions, and those wishing to drop off donations can bring them by the fish bowl located at the Silverton Pledge Center.

Anyone wishing to volunteer to answer phones or help at the Pledge Center in any other way should call Lois Hill as soon as possible at 823-2447.

Funds raised through the Telethon by Silverton citizens will be spent in the Panhandle area to assist patients with muscular dystrophy and to advance MDA's worldwide research program.

The Jerry Lewis Labor Day Telethon Set To Be Aired

The Jerry Lewis Labor Day Telethon started back in 1966. It was broadcast by only one station—WNEU-TV in New York, and it was the first televised fund-raising event of its kind to raise over \$1 million in pledges.

From that time, Jerry's Labor Day Telethon grew steadily, watching the show is a Labor Day tradition. Jerry's confidence in the generosity and compassion of the American people is always justified every Labor Day. The Telethons since 1966 have continued to set new records in the number of dollars pledged to a televised charitable event.

In the eleven years that the A. C. Nielsen Company has been measuring the Jerry Lewis Labor Day Telethon (1972-1982), the viewing levels for the show have grown by 50 percent. The show was also broadcast by

television stations and cable systems in Canada, reaching millions of other viewers not included in the Nielsen count.

Money raised during the show helps the Muscular Dystrophy Association carry on its fight against 40 neuromuscular diseases by supporting basic and applied research, a comprehensive program of medical and social services for patients and their families, and far-reaching professional and public health education.

People with neuromuscular diseases in communities nationwide benefit directly from Telethon dollars, which support local MDA programs. For example, patients receive medical care, physical therapy, selected orthopedic aids, and counseling. MDA also sponsors free camping sessions in 42 states throughout the U. S., offers adult recreational and educational activities year-round, and provides patients with aid in transportation. All of MDA's services are offered at no direct charge to patients or their families.

Over the years, a countless number of entertainers, athletes, leaders in labor, government and civic affairs, corporate and groups have participated in the Telethon to show their support for the fight against neuromuscular diseases.

In addition to being the Telethon's host, Jerry Lewis is MDA's number one volunteer, an unpaid post that involves him in all phases of Association activity, his commitment to the fight against muscular dystrophy and related disorders remains firm. Says Jerry, "Each man must choose the cause closest to his heart, and I've chosen mine."

The success of the Telethon is also dependent on the many thousands of volunteers in neighborhoods nationwide who take pledge calls and help out in any number of ways to help MDA defeat neuromuscular disease. For information on how to help, volunteers should phone the nearest MDA field office.

TEXANS PREDICTED TO DIE DURING LABOR DAY HOLIDAY WEEKEND

The Texas Department of Public Safety has estimated as many as 51 persons will be killed in traffic accidents during the Labor Day holiday. The estimate includes traffic deaths which may occur on urban streets and rural highways.

Colonel Jim Adams, DPS director, says Texas has about 14 percent fewer fatal accidents now than at the same time during 1982.

"We are hopeful the trend will continue downward for the remainder of the year. However holiday weekends always seem to bring higher death tolls than do other times of the year," Adams said.

The DPS reported 50 deaths during Labor Day last year. However, the inclusion of subsequent deaths due to traffic injuries received during the 78-hour period raised the final count to 57.

"During the 1982 holiday, 27 people were killed in accidents where DWI or speed was a contributing factor. This represented close to half of all the fatalities which occurred during that particular holiday," said Adams.

The DPS director called for sober driving, use of seat belts and a reduction in speed.

"We know alcohol contributes to about half of our traffic deaths, so it is obvious that a driver should not drink and drive. Also, we can prove the lifesaving effects of seat belt usage and our statistics show that slower speeds enhance one's chances for survival if an accident occurs," said Adams.

"We had 55 persons killed during the Fourth of July holiday and some are still seriously injured and will probably die before the year is over. This makes that holiday the deadliest 78-hour holiday since 1970," he said.
