The local printing office will be

doing no commercial printing May 13 through May 22, and it is asked that you arrange to have printing done before or after that time so as not to be inconvenienced.

The Briscoe County News will be open all the days mentioned above except Friday, May 18.

## Incumbents Re-Elected In Democratic Primary

All incumbents were re-elected during the Democratic Primary held in Briscoe County last Saturday. A total of 968 voters, out of the almost-1500 voting strength of the county, went to the polls.

Those re-elected included the County Chairman, J. C. Fowler, and Precinct Chairmen O. C. Rampley, one; B. K. Blankenship, two; Jack Sutton, three, and John Wyatt, four, who were re-elected by write-in.

In the race for sheriff, incumbent Dick Roehr polled 586 votes to win nomination for re-election over his opponents, Bruce Tiffin of Silverton, who polled 172 votes, and Jack Chandler of Quitaque, who polled 208.

Fairy McWilliams was nominated as county tax assessor-collector with 592 votes over her opponent, Polly Jarrett, who polled 352 votes.

County Commissioner of Precinct 1 Shafe Weaver received 84 votes for nomination for re-election, over his opponents, Jimmy Myers, who received 48 votes, and T. V. McClure, who captured 17.

Commissioner of Precinct 3 Beryl Long polled 239 votes as

compared with 114 for his opponent, Flute Hutsell, to gain nomination for re-election to his seat in the court.

Briscoe County voters backed

area candidate Kent Hance in the six-way race for United States Senator nominee. Hance received 655 Briscoe votes, as compared with 138 for Krueger, and 48 for Doggett, whom Hance will face in a runoff the first Saturday in June.

Several other statewide runoffs are in the picture for the second primary.

## Mrs. Alvin Redin To Be Honored At Tree Planting

The public is invited to attend a Tree Planting Ceremony to honor Mrs. Alvin Redin of Plainview, a long-time teacher in the Silverton Public Schools.

The ceremony will be given by Briscoe County Judge Fred Mercer, and will take place in the park area at Lake Mackenzie at 10:00 a.m. on Friday, May 11. The park is on the south side of the lake.

Southwestern Extension Homemakers Club members will plant a flowering plum tree to honor Winnie Joiner Redin for her dedicated service and patience with two generations of boys and girls in Briscoe County.

Mrs. Redin's teaching career began in a one-room schoolhouse known as Francis School. In the fall of 1920, she taught primary

through eleventh grades. Even after riding horseback to school, she joined the students at recess and noon in their playground activities. She went from the Francis School to the Rock Creek School, and later to the Silverton School, where she taught for forty years.

Many years were spent in Silverton as an excellent math teacher, which was her first love. Later she consented to fill a gap as an English teacher. Even after retirement, Winnie Redin came back for another hitch at the job she did so well.

The club is hoping that many will be present for this ceremony at Lake Mackenzie on May 11 to honor one who proved her excellence as a teacher and an example in good citizenship.

Eight Briscoe County 4-Hers will compete in Texas 4-H Roundup contests June 6, on the Texas A&M University campus after winning second place in the district share-the-fun contest in Lubbock Saturday. Team

members are Cal Brannon, Shellie Cornett, Katrice Minyard, Donna Tomlin, Melannie Daniels, Jeannita Stephens, Kathy Brown and Kristy Fogerson. Their coach is Kathy Frizzell.

**ROBERT C. HUTSELL**

Funeral services for Robert Clyde Hutsell, 87, were conducted at 2:00 p.m. Sunday at the First Baptist Church in Silverton. Officiating was the Rev. Jerry Miller, pastor.

Burial was in the Silverton Cemetery, with arrangements under the direction of Schooler-Gordon Funeral Directors.

Mr. Hutsell died at 11:00 a.m. Friday at Lockney General Hospital after a brief bout with pneumonia.

Born July 13, 1896, in Grapevine, Texas, he was the youngest of the twelve children of the late Mr. and Mrs. W. A. Hutsell. His mother died in 1899, and in 1905 the family moved, in a horse-drawn wagon, to Beaver County, Oklahoma, where his father had filed on some land. After five years of hardship, the family returned to Texas, to live at Carrollton.

Clyde Hutsell moved to Briscoe County, then to Floyd County, and returned to settle in the Haylake Community. He had resided in this county about 56 years. He married Nancy Manemma Riddell in Silverton on July 27, 1919.

He was a retired farmer. He had carried mail between Floydada and Silverton for several years, had managed the local Federal Land Bank office, and had been active in AAA, forerunner of ASCS, and worked in that office.

He and his wife had gone to live at the Lockney Care Center early in 1983.

**FUN NIGHT TO BE HELD IN SCHOOL GYM**

The Association of Texas Professional Educators is having a fund raiser night beginning at 7:30 p.m. Tuesday, May 15, in the Silverton School Gym.

There will be three volleyball games and one basketball game. A pie and cake auction will follow the games.

The school board members and their spouses will play the faculty in volleyball. Junior high boys and girls will play their parents in volleyball and basketball.

There will be a concession stand.

Admission will be \$1.00 for high school students and adults. Students under ninth grade will be admitted for 50c.

Everyone is invited to come and watch all the activities that are planned. It should be a full night of fun for all.

**Weather Continues To Be Unpredictable**

Silverton's weather continues to be unpredictable. The overnight low temperature dipped to 30 degrees Monday night, causing early risers to find frost on their windshields.

On Tuesday evening of last week, the area south and southwest of Silverton was hit by a damaging hailstorm. Mrs. Carrie Dell Dickerson reported that the hail damaged the roof of her home so badly that it began leaking that day. The roof had been replaced a few weeks before.

The storm was probably brew-

ing as a part of the storm that later ripped through Matador with the tornado. The Matador storm did not follow the direction taken by most tornadoes, and was said to have left that city traveling southeast.

Mr. and Mrs. Carl Nease and Marvin Adcox of Snyder, Oklahoma visited relatives over the weekend in Silverton. Mr. and Mrs. Nease are the parents of Ron Nease. Mr. Adcox is a nephew of Mrs. George Seaney.

**Public Invited To Special Meeting**

The public, and especially the parents of the Class of 1988 (this year's eighth graders), are invited to attend a meeting to discuss the New Curriculum Guidelines at 8:00 p.m. Monday, May 14, in the school auditorium.

**Could you get along without the services of your local CO-OP?**

**Sure. One way or another. But things wouldn't be the same.**

Why not? Because the simple device, of farmer ownership, has revolutionized the business of farm supply and marketing. And that revolution affects you every day of your life . . . whether or not you're doing business with your local co-op.

Cooperatives brought competition to the farm marketplace. They provided a source of goods and services with only one goal: to help you, its owners, make a better living from farming. This emphasis on service brought other suppliers into line.

That's why it's so important for you to support your local co-op, to keep it thriving and successful.

Your support will pay off two ways: better service from your local, and better service from the companies it competes with.

That's what cooperatives are all about.

# FHA Chapter Holds Special Event

The Silverton Chapter of Future Homemakers of America held a special event for the American Cancer Society during April and May. This was an official FHA Chapter Project for the 1983-84 school year.

This was the "Send a Mouse to

College" project, and the sophomore FHA members distributed pins and special donation envelopes to the elementary, junior high and high school students on April 30. The girls returned on May 2 to pick up the envelopes.

Proceeds of the project netted \$72.21 for the American Cancer Society.

It costs 87c to send a mouse to college. This is to provide mice for cancer research labs. Scientists need thousands of mice to help save lives from cancer.

Among those sending a mouse to college this year were Diana Lemons, Jimmy Myers, Brandon Lowery, Mateka Crosslin, Christina Stephens, Chantal Marshall, Carrie Baird, Patrick O'Neal, Amber James, Shannon Weaver, Pat Fitzgerald, Kelly Braisher, R. # Only One Injury Received In Matador Tornado

Only one, Mrs. Clovis Murphy, who lived one-half block from the Motley County High School, was received during the tornado which hit Matador at 8:46 p.m. Tuesday of last week. Mrs. Murphy reportedly was found underneath a table in her home, and is recovering from her injuries.

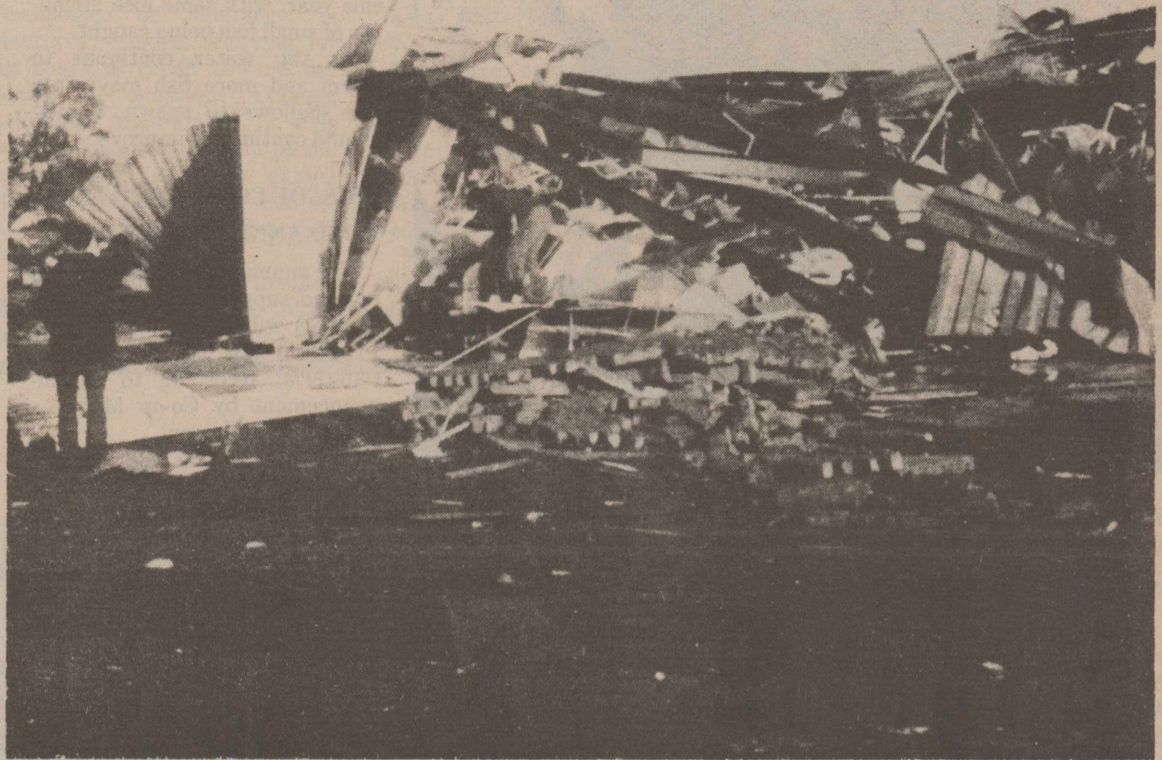

The football field was hit, toppling the light poles, then the bus barn was crumbled and the Motley County School was demolished. The Moe Eddleman family, and others, had taken shelter in the school library which is underground and were uninjured. It was reported that the home next door to theirs was hit, but theirs wasn't. It undoubtedly suffered some structural damage, and it was said that their car was ruined.

The home of Mrs. Nell Clem, Matador postmaster and mother of Mrs. Gary (Cathey) Weaks of Silverton, was demolished. Mrs. Clem took refuge in a closet of the home which she had moved into about two weeks earlier.

Other homes destroyed were those of Willie Russell, Ray Webb, Keith Paschal, George Hogland, Bennie Cox's rent house where Bill Durham's daughter lived, Mrs. Clovis Murphy, Bill Durham, Steve Burns, John Johnson, Gerald Pipkin, Mrs. L. J. Barkley, Bob Jameson and Ted Green.

The list of homes damaged includes those of Ross Bearden, Buford Hobbs, Tom Schultz, Ward Rattan, Marvin Patton, Mrs. Ben (Tommie) Edwards, Douglas Campbell, Bundy Hal Campbell, H. A. Stevens, Eva Griffin, Greta Smallwood, Dusty Smith, Bill Pipkin and the Baptist Church.

Damage is estimated in the

millions of dollars.

The tornado skipped across Matador, leaving the town looking like a bombed-out remainder of a war—a scene with which Silverton residents are quite familiar. Its path was said to be a mile long and a quarter-mile wide.

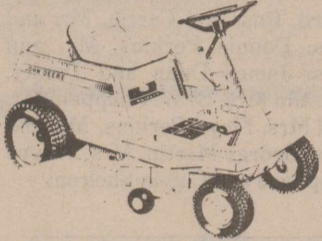

Briscoe County Sheriff Dick Roehr and Calvin Shelton took a generator and other equipment to Matador as soon that night as word reached Silverton. Briscoe County Deputy Oliver Clark and his wife, Twila, who is a certified peace officer, also went to the scene to assist DPS units from all over the South Plains, lawmen and firemen from Floydada, Paducah, Turkey and Dickens.

Mrs. Nell Clem, Matador Postmaster and mother of Mrs. Gary [Cathey] Weaks of Silverton, had moved into this house less than

two weeks before the tornado slammed into it on Tuesday night of last week. Mrs. Clem took shelter in a closet in the home.

Bruce Tiffin shows off the 7½ and 10½ pound hybrid stripers he caught at Lake Mackenzie last Friday.

**Fishing Improving At Lake Mackenzie**

Bruce Tiffin of Silverton caught two large fish at Lake Mackenzie late Friday afternoon, May 4, while he was trolling and plugging with Emmett Tomlin and Anthony Kingery. The two hybrid stripers weighed 7½ and 10½ pounds. This was not a lake record, because Randy Wilson from Amarillo caught a 12-pound hybrid April 14. Fishing at Lake Mackenzie has improved daily as the weather warms up. Tomlin, who is assistant manager of the Mackenzie Municipal Water Authority, states that he has seen more good stringers of fish caught this spring than in

the previous three springs. Tomlin definitely feels that the fertilization of the vegetation in the lake last summer is paying off. Nice bass, channel cat and hybrid bass are being caught. More crappie have been caught this year, with some nice stringers of small fish being caught. As the water continues to warm and more fish move into the shallows to spawn, fishing should continue to improve.

At one time Demas was a fellow-worker of Paul along with Mark and Luke (Philemon 24), but later when Paul, "already being offered," was in a Roman prison Demas forsook Paul, "having loved this present world" (2 Tim. 4). Demas was like the girl who wanted to hear "more about Jerome Green."

Mrs. Paul (Judith Bradley) Shelton, 48, a former Tulia resident who now lives at 5023 S. Bonham in Amarillo, was in serious condition Thursday night of last week at Northwest Texas Hospital in Amarillo following a three-car crash at the intersection of Darrell and South Fannin streets in residential southwest Amarillo. The collision occurred about 7:00 p.m. when a pickup collided with Mrs. Shelton's car in the intersection. After the impact, her car veered onto a front lawn, and the pickup collided head-on with another car. Two men pulled Mrs. Shelton out of her car, which appeared to be on fire.

Mrs. Shelton received head and internal injuries.

Calvin Shelton visited his brother's family last week, and reports that although his sister-in-law is still having serious problems, she is some better.
