POTASSIUM DEFICIENCY

I have been hearing so much lately about potassium deficiencies, and since I have this problem myself, I would like to offer some information to help combat this problem.

Potassium influences the excitability of nervous tissue, and the movement of all types of muscle. That doesn't only mean an arm or leg muscle, it means all muscle—including the heart. The heart is one of the first muscles to feel a potassium deficiency. YOU may not feel any heart symptoms, but your heart will react to it. Lack of potassium helps produce hypertension, kidney problems and irregular heartbeat.

Potassium deficiency may cause the nerves to act up. Some have difficulty in swallowing or have a choking sensation. Many have to clear their throats excessively. They notice odd little coughs they can't explain. If potassium is increased, the nervous cough usually goes away.

Potassium is pulled from the soil by plant roots and accumulates in stems, seeds, leaves and fruits. Vegetables, nuts, seeds and fruits (particularly berries) are excellent sources. The best fruit sources are avocado, raisins, orange juice, bananas, apricots and peaches. Winter squash, raw tomato, beans and sweet potatoes are veggies providing the highest amount of potassium. Of the meats, fish and poultry: sardines, flounder, salmon, chicken, cod, beef liver and turkey provide the most milligrams. Blackstrap molasses is extremely abundant in this mineral, and a baked potato adds close to 800 milligrams of potassium to a meal.

Blood Drive Is September 4

Coffee Memorial Blood Center's bloodmobile will be at the City Hall in Silverton from 10:00 a.m. until 1:00 p.m. Tuesday, September 4, to take blood donations.

Connie Smith Wins Country Showdown

Mrs. Lynn (Connie) Smith was first-place winner in the Wrangler Country Showdown Sunday night at the Caravan Club in Amarillo.

There were 20 Tri-State area finalists in Sunday's competition, nine bands and 11 solo singers.

Mrs. Smith sang "Pride" by Janie Fricke and "I'll Be There If You Ever Want Me" by Gail Davies, backed by Chris Carpenter and his "Texas" band.

Mrs. Smith will compete in the state finals, representing KDJW, at 1:00 p.m. September 8 at Fair Park Coliseum on the Tri-State Fairgrounds in Amarillo. Contestants will be entered from as far away as El Paso and Del Rio. At stake in the state finals will be \$1,000 and a trip to Nashville to compete in the national finals.

Mrs. Smith is the daughter of Cecil and Marie Purcell of Quitaque. Her father played with Bob Wills at Turkey in the early days, but didn't go on the road with Wills "because he didn't really think Wills would make it." He taught his three youngest girls, Connie, Diana (who is married to David Johnston and lives in Silverton) and Ruth (who

CONNIE SMITH

is married to Wade Proctor and lives in Quitaque) to sing and play guitar at an early age. They sang at meetings and family gatherings.

Mrs. Smith plays bass and sings with Caprock Country, and has done so for the past 5½ years. Her husband is drummer with the band.

Silverton To Man Jerry Lewis Telethon Center

Silverton will again be one of over 30 cities taking part in the Panhandle segment of the Jerry Lewis Labor Day Telethon with a special Pledge Center located in the Pioneer Room at First State Bank, 500 Main Street.

Mrs. Lois Hill is serving as coordinator for the pledge center which will be open throughout the Telethon from 8:00 p.m. Sunday, September 2, until 6:30 p.m. Monday, September 3, Labor Day Weekend. A special phone number, 823-2426, has been assigned for use by the people of Silverton to phone in their pledges.

Originating from Las Vegas, the 22½ hour TV marathon is held to benefit the medical services and research programs of the Muscular Dystrophy Association (MDA). Telephone pledges and donations made through the Silverton Pledge Center, to be manned around the clock by Mrs. Jeannetta Bradford and other volunteers, will be credited to the citizens throughout the Telethon.

The Panhandle show will again be broadcast by KFDD-TV 10 in

Amarillo and will feature Mark Robertson-Baker as host and Bob Arnold and Patricia Logan (KFDD news personalities) as co-hosts. They will interview patients from pledge center towns, and will recognize various fund-raisers throughout the Panhandle, in addition to first-hand reports of pledge center activities.

This year, for the first time "The" Telethon will be aired live from the newly-remodeled Western Plaza Mall. The new location should generate a lot of excitement, as well as increased dollars for the fight against muscular dystrophy. A variety of special events will take place in the mall in conjunction with the marathon show, including various radio station promotions, clowns and a carnival.

Children wishing to collect door-to-door for "Jerry's Kids" are asked to come by the pledge center location no later than noon on Labor Day to pick up an official badge and canister. Other

OBITUARIES

GLEN R. LINDSEY

Funeral services for Glen Reed Lindsey, 61, were conducted at 2:00 p.m. Monday at the First Baptist Church in Silvertown, with the Rev. Jerry Miller, pastor, officiating.

Masonic graveside rites were conducted in the Silvertown Cemetery, under the auspices of Silvertown Lodge 754 A.F.&A.M.

Arrangements were by Schooler-Gordon Funeral Directors of Silvertown.

Mr. Lindsey died early Sunday morning at Central Plains Hospital in Plainview where he had been a patient since suffering a heart attack at his home August 14.

Born in Abernathy July 13, 1923, he was a son of the late Auther Lindsey. He had resided in Briscoe County 35 years and was a retired farmer-stockman. He was an agent for Farmers Union insurance in Silvertown.

A World War II veteran, he had served in the U. S. Navy and was a member of the Veterans of Foreign Wars.

He was Past Master of Silvertown Lodge 754 A.F.&A.M., was a Past District Grand Master of the 97th District, was a charter member of Scottish Rite in Lubbock, was a member of Khiva Temple in Amarillo, and was a Past Patron of the Order of the Eastern Star. He was a member of the Silvertown Lions Club, Past Zone Chairman and former District Governor of Lions District 2T1. He was a former mayor of Silvertown and a member of Silvertown Senior Citizens and the First Baptist Church in Silvertown.

He married Lillian Brooks Smith November 1, 1947 in Anton.

Survivors include his wife, Lillian; a son, Don Smith of Seymour; a sister, Sue Blocker of Hurst; his mother, Mrs. Leavie Cherry of Silvertown, and two grandchildren.

He was preceded in death by a brother, Ramon.

Pallbearers were Virgil Crow, Charles Whitfill, Wayne Russell, Pascal Garrison, Stan Fogerson and Aaron Younger.

W. D. WOOD

Graveside rites for W. D. (Billy) Wood, 57, of Richmond were conducted at 5:00 p.m. Tuesday in the Silvertown Cemetery with his brother, Clayton Wood of Dell City, officiating.

Church To Have Mothers' Day Out

First Baptist Church will be hosting Mothers' Day Out August 31. This is a time set aside for busy mothers who do not always have time to relax and do what they would like to do because of the demands of their child or children.

Mothers' Day Out will begin at 8:15 a.m. and conclude at 3:30 p.m.

Each child will need a sack lunch, a blanket and a pillow. There are no fees—just sign in at the church office.

Mothers, have a nice day!

Save Your Child's Sight

Could your child be clueing you that he or she has trouble seeing? Some signs may be excessive rubbing of the eyes, shutting one eye, difficulty with close work, frequent blinking, squinting or frowning, undue sensitivity to light, inflamed or watery eyes, and recurring styes.

According to reports furnished

us by J. S. Lightsey and J. L. Francis there were 12,706 bushels of wheat and 3,597 bushels of oats threshed in Briscoe County this year. This is a very short

crop, but owing to prices being so high it has been a great help to our people, and if the proper arrangements are made to hold it very little wheat will have to be shipped in for sowing . . . Ted Reid, son of Mr. and Mrs. George Reid, who live 12 miles southwest of town, was married last Sunday at 9 a.m. at Tulia to Miss

Ruby Fowler who lived between here and Lockney. Ted is a bird man, having been in training at West Point, for some time and recently received his commission. He came home the first of the week and visited relatives and friends all week and he and his bride left immediately after the ceremony for West Point to

reside. He expects to be kept there for some time to assist in instructing airmen for the service . . . Herman Pitts and Miss Lela Hill were married at the Methodist parsonage last Sunday evening. Pastor Zoro B. Pirtle officiating. The groom is the son of Mr. and Mrs. J. N. Pitts who live four miles north of town, and the bride is the daughter of Mr. and Mrs. R. M. Hill, who live southwest of town four miles, and are favored young people of the community . . . The following boys left yesterday for Camp Travis: Thomas J. Roberts, Otho L. Shoemaker, Iry Otho Graves, Roy H. Sutton, William A. Holt, Martin M. Potter, Willie L. Gregg, Jesse B. Foster, Alvin Redin, John H. Findley. Three of them left young wives behind. They were Thomas J. Roberts, William A. Holt and Alvin L. Redin. A large crowd was gathered to bid them goodbye and to cheer them as they left . . . Those who have volunteered in the Texas Cavalry, and who are expecting to go at any time, are Bill Smith, Gay Nix, Elbert Dickerson, Will Dickerson, Malcom Daniel, Thos. Pirtle, Dick Cowart, Louis Sewell, Emmett Puckett, Dick Ellis, Ollie Simmons . . . J. L. Francis was in town Saturday and informed us that they are breaking wheat land at the rate of 35 to 40 acres a day with a tractor and teams, and expects to get 600 acres ready for wheat in the next two weeks. He has just purchased a new tractor, driving it overland from Amarillo . . . List of registrants for the draft included Robert V. Dudgeon, Donald J. Hall, Fermon L. Green, Scott L. Smithee, Oscar L. (Jack) Brooks, Prentice M. Skeen, William O. Perry . . . A. N. Askey, Q. E. Brown and Walter Fogerson were trustees of the Silverton School . . . Miner Crawford is getting about over his auto wreck and was able to be at the Local Board headquarters yesterday to help get the boys off . . . V. L. Dunham was among those up from Quitaque yesterday. He reports everything fine under the cap . . . Miss Bertie McDaniel, a trained nurse from the Plainview Sanitarium, is visiting home folks Mr. and Mrs. R. N. McDaniel near Rock Creek this week . . . Mr. and Mrs. W. M. Biffle are parents of a daughter . . . Mr. and Mrs. J. D. Grewe have our thanks for some watermelons which they brought in one day last week. The melons were not very large, but were of fine flavor and were highly enjoyed . . . Mr. and Mrs. W. L. Jewett raised a nice lot of musk-melons and cantaloupes this year, some of which we had the privilege of sampling . . . Noel Honea was up from the ranch a day or two this week. THE ELEGANT EGG

A connoisseur of fine foods once wrote: "Nothing in the way of food is more simple than the egg and nothing so quick and marvelous in its manifold uses and transformations." How true! The yolk and the white of the egg, working together or separately, produce cooking miracles with elegant results.

Eggs are served in a variety of ways. Although commonly thought of as a basic breakfast food, they are frequently served at other meals. Since eggs are simple to prepare and economical, adherence to the basic principals of protein cookery will enhance the appearance and palatability of egg dishes. Low cooking temperature will keep eggs from becoming tough, crumbly or from shrinking. Eggs are used in cooking for binding, coating, leavening, thickening and emulsifying.

Nutritionally, eggs contain all the vitamins, except Vitamin C, many important minerals and they are extremely high in protein. Prices for eggs can fluctuate if the number of laying hens are reduced as a result of the economy, disease of the hens or cold weather. When supplies do not exceed demand, then egg prices may be higher than normal. Even when egg prices rise, they are still an economical buy at pennies per serving.

Eggs are available in five sizes—jumbo, extra-large, medium and small. The most common sizes which are available in the grocery store are: medium, large and extra large. If you are perplexed about which size eggs to buy, remember this simple rule: If the price difference between two sizes is less than 7c then the larger size eggs are the better buy. Always compare prices within the same grade of eggs. When selecting egg size

and grade, keep in mind the ways in which you plan to use them. Stores generally stock only grade A or AA. These eggs are used for general cooking and should be used when appearance is important. Grade B eggs can be used in cooking and baking. Most recipes have been developed using large or medium eggs.

Gonzales County is the leading county in Texas egg production. Egg production plants are located in Post and Idalou, near Lubbock. Texas eggs can be identified in the grocery store by a Texas symbol or the words "Produced in Texas" on the carton. Inspectors with the Texas Department of Agriculture check eggs periodically in grocery stores for high quality and freshness.

Always look for and choose Texas eggs; produced close to home, they will provide a fresh bargain no matter how you prepare them! Enjoy these "egg"ceptional recipes from the Texas Department of Agriculture!

GARDEN OMELET

4 eggs
1/4 cup water
1/2 teaspoon salt
Dash pepper
2 tablespoons butter, divided

Mix eggs, water, salt and pepper with fork. Heat one tablespoon butter in omelet pan or 8-inch skillet until just hot enough to sizzle a drop of water. Pour in about 1/2 cup egg mixture. Mixture should set at edges at once. With pancake turner, carefully draw cooked portions at edges toward center, so uncooked portions flow to bottom. Tilt skillet as necessary so uncooked eggs can flow. Slide pan rapidly back and forth over heat to keep mixture in motion and sliding freely. While top is still moist and creamy-looking, spoon half the GARDEN FILLING over half of omelet. With pancake turner fold in half or roll, turning out onto platter with a quick flip of the wrist. Keep warm. Repeat with remaining egg mixture for a second omelet; fill with remaining filling.

BRISCOE COUNTY NEWS

GARDEN FILLING

1/4 cup chopped onion
2 tablespoons butter
2 medium peeled and chopped tomatoes
1 medium sliced zucchini
1/4 cup chopped green pepper
2 tablespoons snipped parsley
1 1/2 teaspoon seasoned salt

In saucepan, cook onion in 2 tablespoons butter over medium heat until tender but not brown, about 4 to 5 minutes. Stir in remaining vegetables, parsley and seasoned salt. Simmer, uncovered, about 5 minutes, or until thick.

COFFEE SOUFFLE

6 eggs
1/4 cup butter or margarine
1/3 cup all-purpose flour
2 teaspoons instant coffee crystals

Dash salt
1 cup milk
1/2 cup water
3/4 teaspoon cream of tartar
1/4 cup sugar
Coffee Pecan Sauce (below)

Separate the eggs; set aside. In a small saucepan, melt the butter or margarine; blend in flour, coffee crystals and salt. Add milk and water all at once. Cook, stirring constantly, over medium heat until mixture begins to boil. Remove from heat. In a large mixer bowl, beat egg whites with cream of tartar at high speed until foamy. Gradually add sugar, beating to stiff peaks. Stir egg yolks into reserved mixture and blend thoroughly. Gently fold coffee mixture into egg whites.

Pour the mixture into an ungreased souffle dish with buttered and sugar-sprinkled foil collar. Bake at 325 degrees F. for 1 1/4 hours or until knife inserted just off-center comes out clean. Remove from oven; detach foil collar. Serve at once with Coffee Pecan Sauce. Serves 6-8.

COFFEE PECAN SAUCE

4 teaspoons cornstarch
2 teaspoons instant coffee crystals
3/4 cup water
1/2 cup light corn syrup
1/4 cup chopped pecans
1 tablespoon butter or margarine
1 teaspoon vanilla

In a small saucepan, stir together cornstarch and instant coffee crystals. Add water and corn syrup; cook over medium heat, stirring until thick and bubbly. Stir in pecans, butter and vanilla. Serve warm.

EGGS MORNAY

6 thin slices cooked ham
Butter
6 English muffin halves
6 poached eggs
Mornay Sauce (below)
1 tablespoon finely chopped green pepper
1 tablespoon snipped chives

Lightly brown ham in butter. Toast and butter muffins, place ham slice on each muffin half. Place a poached egg atop each ham slice. Pour Mornay Sauce (below) over eggs; sprinkle with green pepper and chives. Serves 6.

MORNAY SAUCE

3 tablespoons butter
3 tablespoons all-purpose flour
1/2 teaspoon salt
1/8 teaspoon ground nutmeg
Dash pepper
1 1/4 cups light cream
1/4 cup dry white wine
1/3 cup shredded swiss cheese
Melt butter; blend in flour,

Gymnastic Classes To Begin Soon

Gymnastic classes will be held in Floydada and Matador this fall.

Classes in Matador begin September 4 at 4:45 p.m. at Summitt Savings & Loan.

In Floydada, the classes begin at 5:00 p.m. September 10 in the basement of Caprock Hospital.

The classes will be for all ages, beginners and up. There will be a boys class, also.

Classes will be held year-around. For further information contact Shannon Edwards, 806 983-2875.

Rules Listed Governing All School Absences

Silverton ISD sets forth the following rules governing student absences from school. This doesn't include extracurricular absences for school sponsored or sanctioned events which may not exceed ten days per school year.

The reason for an absence must be in writing and signed by parent or guardian.

The following are valid reasons for excused absences: (1) Personal illness; (2) Illness or death in the student's family; (3) Quarantine; (4) Weather or road conditions; (5) Other unusual causes at the discretion of the principal.

More than ten absences during the school year will cause the student to lose credit in the course/courses in which the absences occur. Credit may be reinstated as the result of a meeting with the parent, principal and at least one teacher. A doctor's certification may be required when excessive illness has been the reason for absence.

Three tardies count as one absence. Being in class for less than 30 minutes is an absence. A student may not receive credit in a class with more than five unexcused absences per semester.

ANNOUNCEMENTS

Announcements may be made only once a day at school, and this will be at 8:20 a.m.

MR. AND MRS. WAYLAND FITZGERALD

Couple To Be Honored On Golden Wedding Anniversary

Friends and relatives of Mr. and Mrs. Wayland Fitzgerald are invited to a golden wedding anniversary reception from 2:00 until 4:00 p.m. Sunday, September 9, in the Pioneer Room at First State Bank in Silverton. No invitations are being sent locally.

The reception is being hosted by the couple's three children and their spouses, Guinn and Pat Fitzgerald, Bill and Shirley Durham, all of Silverton, and Norvell and Betty Breedlove of College Station.

Mr. and Mrs. Fitzgerald also have nine grandchildren, three of whom are married, who will be helping with the reception. They are Rodger and Nanette Kennedy of Levelland, Chris and Karen Breedlove of Harlingen, Suzette Fitzgerald, Craig and Debbie Breedlove, all of Amarillo, Kirk Durham, Lee Ann

Durham and DeLynn Fitzgerald, all of Silverton, Kimberly Fitzgerald of Canyon, Curtis Breedlove of Tulia. The couple also has two great-grandsons, Justin Breedlove of Harlingen and Russell Kennedy of Levelland.

Fitzgerald, son of the late Mr. and Mrs. Milton Fitzgerald, moved to Floyd County in 1929 from Hedley. He married Miss Florene Montague, daughter of Briscoe County pioneers the late Mr. and Mrs. Dan Montague, in Clarendon on September 8, 1934. They have lived in Briscoe County all of the fifty years of their marriage.

Mr. and Mrs. Fitzgerald are members of the Rock Creek Church of Christ and are active in a number of community clubs, including the Silverton Senior Citizens.

Tiffin Reunion Held In Quitaque August 10-11

The 1984 Tiffin Reunion was held August 10-11 at the Quitaque Community Center. Over 100 relatives attended over the two-day period from eight states. Besides different points in Texas, relatives came from Alabama, California, Oklahoma, Mississippi, New Mexico, Colorado and Kansas.

Relatives attending from Silverton were Keyth and Vivian Tiffin, Spud and Betty Nan Tiffin, Doc, Sharon and Russell Simpson, Johnny Tiffin, Rex and Mary Tiffin.

Friday evening sandwiches

and homemade ice cream were served, and Rex and Mary showed some of their slides from their European trip last summer, specifically showing ones around Carlisle, England since that is where the Tiffin family originated.

Saturday a covered dish meal was enjoyed by all and songs were sung, played by R. C. McDonald, Jackie Tiffin and Bessie Cates.

Hosts for this year were Rex and Mary Tiffin, Glen and LaVerne Tiffin.

P.A.S.S. Meets In Francis Home

Mrs. John T. Francis was hostess for the Prayer and Share Sisters Thursday, August 23. The group studied about the sin of anxiety and worry. It was all summed up in the fact that "Worry never robs tomorrow of its sorrow; it only robs today of its strength," and that it actually shows distrust in the promises of God.

The opening prayer was led by Mrs. Elton Cantwell and the devotional was read by Mrs. Jene Montague. The program was a book review given by Mrs. Francis on the Spirit-Controlled Temperments.

Mrs. Jene Montague will host the September meeting with Mrs. Dana Martin giving the devotional.

Any woman interested in attending is welcome at anytime.

AS A MAN THINKETH

Gerald Beasley

OPEN THE TOP

One writer says that Haman in the book of Esther "was a man of utmost vanity, blindest prejudices, and capable of the deadliest enmity; a time-serving, selfish, implacable, swaggering bully, a man whose mind was covered over at the top, so as to shut out all lofty aspirations; and closed in at the sides, so as to shut out all kindness; and open only at the bottom, for the incoming of base passions, pride, haughtiness, and hate." If you know Haman, you'll agree.

One may have a mind "covered over at the top." This prevents setting "your mind on the things that are above" (Col. 3:2).

A mind "open only at the bottom" is a sucking vacuum that draws in "obscenity . . . coarse joking, which are out of place" (Eph. 5:4, N.I.V.). ". . . out of the heart come forth evil thoughts, murders, adulteries, fornications, thefts, false witness, railings: these are the things which defile . . ." (Mt. 15:19). These "uglies" fill the heart when it is "open only at the bottom."

Open the "top." Sense "lofty aspirations." ". . . whatsoever things are true . . . honorable . . . just . . . pure . . . lovely . . . of good report; if there be any virtue, and if there be any praise, think on these things" (Philip. 4).

Jerry's Kids Need Your Help

Do you want to help "Jerry's Kids"? If so, come by the Telethon Center in the Pioneer Room at First State Bank, 500 Main, and pick up an official badge and canister. Then you can go door-to-door in your neighborhood to collect donations for the fight against muscular dystrophy.

Starting at 10:00 a.m. Monday, September 3, the Muscular Dystrophy Association and Allsup's will be combining efforts. Those who help will receive an iron-on plus a soft drink or ice cream cone.

Boys and girls between kindergarten and twelfth grade are needed to help collect donations for MDA.

Leaner Beef Rides Trail to Market

AUSTIN--"Beef," wrote a famous 19th Century French chef, "is the soul of cooking." In Texas, he might have added, it is also the backbone.

For more than a century Texas has been the largest cattle producer in the country. The state's cattlemen raise more than 14 million head, twice that of runner-up Nebraska, and cattle and calves comprise over 40 percent of all agricultural cash receipts, a \$4 - \$5 billion annual business. Many Texans eat beef not just for

enjoyment but because it is part of their heritage and essential to the state's economy.

They eat a lot of it, too. According to a recent survey, more than one-fourth of adult Texans consume beef five times or more a week, and two-thirds have eaten it in any 24-hour period. This is good news for cattle raisers, who have had to fight a negative image fueled by health concerns over the cholesterol and fat content of red meat. "To combat the bad publi-

city the National Livestock and Meat Board and the U.S. Department of Agriculture initiated a study to compile current nutritional data," said Paulette Schwartz, Texas Department of Agriculture (TDA) assistant marketing director. The study took five years to collect and analyze data, updating information that was 25 years old.

The research found that beef coming to market today is 27 percent leaner than it was a generation ago when a steak wasn't a steak without an inch

of fat running around it. It also revealed that:

An average three-ounce serving of beef is 192 calories, making a six-ounce serving less than 400.

The leanest--and least caloric--cuts are eye of round, 157 calories per three ounces; top round, 165; very lean cubed steak, 166, and tip roast, 170.

Slightly more fatty are top sirloin steak, 185 calories; top loin, 195; flank steak, 196; tenderloin, 200, and 80 percent lean ground beef, 238.

Dr. Russell Cross, head of the meats and muscle biology section at Texas A&M University, said carcass fat reduction is due more to economics than health concerns. The high cost of raising beef forced the industry to take a closer look at cutting costs.

"We produce 6 billion pounds of waste fat in this country," said Cross. "The goal in the beef industry is to reduce fat without reducing palatability."

Since the 1960's cattlemen have bred for leaner animals, a move away from the short, stocky Angus and Herefords that had dominated stock shows previously. Brahman and such exotic imports as Chianina cattle gained prominence in competitions and began influencing the meat consumers bought at supermarkets. Today the most popular slaughter animals are crossbreeds that combine characteristics of fat and lean breeds.

The industry also feeds animals differently--less grain and more silage for shorter periods of time--and trims meat more closely. Instead of shipping beef to retail stores by the carcass, packers trim it and box it, cutting transportation costs and eliminating outside fat before it reaches the meat counter.

"Nowadays consumers don't want that layer of fat," said Anne Anderson, Texas coordinator for the Beef Industry Council. "They won't buy it if it's too fat."

If you are looking to cut fat from your diet, choose very lean meat to prepare Quick Garlic Cubed Steaks, a recipe from the TDA test kitchen. The economical steaks are delicious prepared over hot coals.

QUICK GARLIC CUBED STEAKS

- 1/4 C. butter or margarine
- 2 T. Worcestershire sauce
- 2 T. lemon juice
- 1 tsp. finely snipped parsley
- 1/2 tsp. celery salt
- 1 minced garlic clove
- 6 beef cubed steaks
- Salt and pepper
- 6 Vienna or French bread slices, toasted

In saucepan melt butter; stir in Worcestershire sauce, lemon juice, snipped parsley, celery salt and garlic. Brush butter mixture on both sides of steaks. Place steaks in wire grill basket. Grill over hot coals 1-2 minutes. Turn basket over and grill 1-2 minutes more. Season steaks with salt and pepper. Place each steak on a slice of toasted bread. If desired, spoon remaining butter mixture over steaks. Serves 6.

Many people have questions about funerals and funeral prices.

We want to answer those questions.

The cost of a funeral varies a great deal from family to family, depending on the type of services and merchandise selected. You choose what you want and what you want to spend.

There are many factors which affect the price of a funeral. Caskets, for instance, vary from several hundred to several thousand dollars in price. Outer enclosures also vary in price. We offer a wide variety of outer enclosures, including concrete, fiberglass and steel vaults, and pine and concrete grave liners. Other factors which affect funeral prices are cash advance items which are charged for services rendered by those outside the funeral home, such as opening and closing the grave, funeral notices, and certified copies of death certificates.

In other words, we have a funeral to fit the need of every family.

By way of comparison:

DPS Estimating 54 Holiday Traffic Deaths

The Department of Public Safety is estimating that as many as 54 deaths will result from traffic accidents during the Labor Day holiday. DPS Director Jim Adams said the estimate is based upon previous holiday experience.

"During the last Labor Day period, we had 52 deaths reported in both urban and rural accidents. The inclusion of subsequent deaths due to traffic-related injuries which occurred during the period brought the final count to 55," Adams said.

"Obviously, we would be pleased to have no fatal accidents during this 78-hour holiday, but our statistics show that is not probable. We know that some drivers will insist upon driving while intoxicated, others will deliberately exceed the speed limits and still others will drive in a careless or reckless manner," he said. "Unfortunately, fatal accidents can be expected."

"DWI and speeding are always the biggest contributing factors to our traffic deaths, but the failure to use seat belts is another reason we have so many fatalities. If more drivers would simply stay sober, drive within the speed limits and wear seat belts, fatalities would decline still further," said Adams.

DPS statistics for the year to date reveal a two percent decrease in fatalities statewide. Adams says the decrease in total deaths may indicate more people are using seat belts.

"While the decline in fatalities is not as substantial as we'd like to see, we do feel that seat belt use is increasing and may be a factor in this decrease. It is an obvious lifesaving device that is available in the vast majority of our vehicles," noted Adams.

DPS will conduct two major programs during the Labor Day period. Operation Motorcade will provide updated numbers of traffic deaths to the news media

as the accidents occur. Operation Holiday stations troopers at locations where high volumes of traffic are anticipated or where violations are expected.

**SOCIAL SECURITY
IN
BRISCOE COUNTY
BY**

**TERRY J. CLEMENTS
TO WORKING SOCIAL
SECURITY BENEFICIARIES—**

So, you are earning money while receiving retirement benefits. That's good. You are making excellent use of something called the "annual earnings test." For instance, if your annual earnings (wages and/or self employment income) do not exceed \$5,160 (\$6,960 if age 65 or older), benefits will not be reduced at all. Even if earnings exceed this "exempt" amount, only half the excess will be used to reduce your Social Security benefits.

However, let me caution you about overpayments. Of all So-

cial Security beneficiaries, you are the most likely to be overpaid. This is mainly because earnings information is commonly incorrect. It is tough to estimate earnings accurately.

What can you do to prevent being overpaid? Follow the steps outlined below. By doing so you will reduce the chance of overpayments due to earnings or if an overpayment should occur, the amount will probably be smaller.

1. File the required annual report. Persons who make over the \$5,160/6,960 amount who are under age 70 must file an annual report each year. The deadline is April 15. It must be filed in addition to your tax return. It is a simple report. The basic information required is the actual earnings for the previous year and an estimate of earnings for the current year.

2. Be very careful about estimating your earnings. A starting place is the amount of earnings for the previous year. But don't stop at that point! Consider the possibility of bonuses, cost of living increases, other types of raises and overtime. Also, think about whether you will likely "fill in" for other employees during the year. Your Social Security benefits will be based on a current year estimate. Make sure it is as accurate as possible.

3. Keep track of earnings during the year. If you determine at any point that the estimate should be increased or decreased, call the Social Security office. The people there can update your record and adjust your checks appropriately.

Remember, it is a lot easier to get overpaid than to pay the money back. By following these steps you can continue to get the most out of working and receiving Social Security.

If you have a question concerning the Annual Earnings Test or any Social Security question, please call us at 293-4371. If you need to visit our office our address is 1401-B West 5th in Plainview.

**HEALTH BOARD BACKS
CONTINUED IMMUNIZATION**

Despite some controversy over pertussis vaccine, the Texas Board of Health has urged the continued use of this immunization against whooping cough.

At its monthly meeting in Austin recently, Board members went on record for supporting the Texas Department of Health's use of DPT vaccine, which protects against diphtheria, tetanus, and pertussis or whooping cough.

The Health Department purchases DPT vaccine from commercial pharmaceutical manufacturers and distributes it free to local health departments around the state.

In June, Wyeth Laboratories, the manufacturer of DPT vaccine under contract with the TDH, announced it was discontinuing its production because of the high costs involved in defending against lawsuits over the vaccine's infrequent, harmful side effects. Because of legal costs and the limited availability of the pertussis vaccine, its price has sky-rocketed. Earlier this year a 15-dose vial cost \$1.60. That price is expected to jump to \$42—or 26 times the earlier price.

According to Commissioner of Health Dr. Robert Bernstein, the 45,000 vials needed by the TDH each year will now cost \$1.9 million.

"The pertussis vaccine infrequently causes reactions which on very rare occasions are serious. The important thing, however, is that it does provide the needed protection against whooping cough," he told the Board.

Statistics show that serious reactions to the vaccine occur in only one out of 300,000 immunizations.

The Commissioner emphasized the need for the vaccine by explaining that in 1934 there were 265,269 reported cases of

pertussis in the country and 7,518 deaths. In 1983, there were 2,258 cases and fewer than 10 deaths.

He urged parents to have their children immunized against pertussis saying, "The fact that there is little pertussis now is because of the use of the pertussis vaccine. Without the use of the vaccine, the disease will return in large numbers, and many children will die," he said.

Dr. Bernstein said one way or another the TDH will provide pertussis vaccine for Texas children who cannot get it otherwise. He added that the Department also will urge the continued acceptance of DPT immunizations by the public and its careful and controlled use by private physicians.

In addition, the Board of Health recommended that the TDH support efforts to promote federal legislation which would limit the liability related to producing DPT vaccine. Such legislation would allow pharmaceutical companies to produce the vaccine at reasonable prices.

State law requires that a child attending a day-care center be vaccinated against diphtheria, tetanus and pertussis. Any child attending an elementary or other school must have received either DPT vaccine or tetanus-diphtheria vaccine. Children attending child-care facilities or schools must also have received polio, measles, rubella and mumps vaccines.

Each school district may determine the price charged for reduced-price meals, but in no case may the charge for a

reduced-price lunch exceed 40c or a reduced-price breakfast exceed 30c.

Income Eligibility Guidelines for free and reduced-price meals must be provided to the public.

The Silverton Public School serves nutritious meals every school day. Students may buy lunch for 75c and breakfast for 35c.

Children from families whose income falls within the level shown on the chart which accompanies this article are eligible for either free meals or reduced-price meals priced at 40c for lunch and 30c for breakfast.

To apply for free or reduced-price meals, please fill out an application and turn it in at the school office. Please answer all questions on the form, which is available at the school office. An application which does not contain the following information cannot be processed by the school: (1) the total household income must be listed by the amount received by each household member receiving income and the type of income it is (such as wages, child support, etc.) OR your food stamp case number if your household is on food stamps; (2) names of all household members; (3) social security numbers of all household members 21 years old or older or the word "None" for any household member who does not have a social security number; (4) the signature of an adult household member.

The information on the application may be checked by the school or other officials at any time during the school year.

If your child is approved for meal benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

You may apply for benefits at any time during the school year. If you are not eligible now but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

If you have foster children living with you, they may be eligible for these benefits. If you wish to apply for these benefits for them, please contact the school and they will help you complete the application.

Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D. C. 20250.

If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing O. C. Rampley, Box 597, Silverton, Texas 79257, 806 823-2476.

The information you provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

If you have questions or need help in filling out the application form, please contact Leonard Morgan, 806 823-2476. You will be notified when the application is approved or denied.

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to sell it.

Always consider resale value when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

Compare John Deere with our two leading competitors. According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

What's that mean in dollars? Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

Is this only true of one model? No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

Is resale your only John Deere advantage? No. Don't forget the remarkable fuel efficiency of today's 50 Series

John Deere tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.

September 30 Is Last Date To Apply For Federal Crop Insurance

September 30 is the last day to apply for Crop Insurance for Barley, Oats and Wheat in Briscoe County, according to Jackie Harris, District Director for the Federal Crop Insurance Corporation (FCIC). Crop Insurance covers un-

avoidable loss of production resulting from adverse weather conditions, wildlife, earthquake or fire.

"Three coverage levels (50, 65 or 75 percent) are available for insurance protection. Additionally, FCIC offers three optional

price elections for valuing production lost or damaged," says Harris.

"To assist producers, the Federal Crop Insurance Corporation will cost-share up to 30 percent of the cost of carrying insurance. For more information about the program, producers should contact an authorized Crop Insurance agent," says Harris.

To select an agent, producers should check the list of agents available at their county ASCS

office. Applications should be made no later than September 30.

LETTER TO THE EDITOR

Dear Editor:

I would like to commend you for your efforts and good newspaper-man-ship on the last homecoming. I just have been forwarded the Briscoe County News (to Pasagoula, Mississippi) and I enjoyed it very much. You did a

remarkable job as usual, and you are to be congratulated for it. You put out a newspaper that everyone enjoys and respects. Here's hoping that the town of Silverton and you'll will have much success in the future. Thanks for a job well done.

Sincerely,
C. L. Dunn

A Combination we CAN'T LIVE WITH!
A message from this newspaper and the Troopers of the Texas Department of Public Safety.

Save your skin. It could save your life.

The sun can do more to your skin than burn it. Overexposure to the sun can also lead to skin cancer. If you work in the sun, or are a sun-worshipper, be sensible. Avoid prolonged exposure. Cover up. Cut down on the chances of skin cancer. It's your skin. Save it.

CARDS OF THANKS

I would like to thank South-
western Home Demonstration
Club for sponsoring me in the
Rodeo Queen contest. I would
especially like to say thanks to all
the people who bought tickets
from me. A big thanks to Jerry
Baird for furnishing me with a
horse. I also would like to say
thanks to the Young Farmers for
the gift.

Thank you,
Tonnette Miller

Thanks to my friends and
neighbors for the phone calls,
cards, prayers, visits and food
while I was sick. I appreciate
them very much.

Common Cancer

Uterine cancer is the fourth
most common cancer in
women. It is actually two
different forms—cervical
and endometrial. Both types
can be successfully cured,
