

Many Thousands Witness Opening Parade

UTILITIES CO. MAKES IMPROVEMENTS

Substantial increase in the electric generating capacity of the central power station located at Abilene of the West Texas Utilities Company is provided in a construction program now under way which involves the expenditure of approximately \$200,000.

The principal item of the plant enlargement program consists in the installation of the new turbo-generator with a rated capacity of 3,750 KVA. This big turbine, with its many accessories, already has been received and is now being placed at the power plant as an engineering job that will require up to two months to complete.

The new turbine is the last word in efficient steam turbine design. It is of the horizontal multi-stage type, designed for high vacuum, and its equipment represents the latest improvements in the electrical generating field.

An interesting feature in connection with the giant generator is the condenser which forms a bulky part of its equipment. The miles and miles of water tubing called inside the condenser require a vast amount of water for cooling the turbine. How vast this quantity of water is, may be sensed when it is known that the giant pump which supplies it handles 6,000 gallons of water per minute, which is approximately nine million gallons of water per day or about three times the amount of water used by the city of Dallas in the same period of time.

Installation of the new turbine and other plant improvements have been made because of the rapid growing needs of the West Texas electric consumers. Thousands of new customers have been added during the past month, both in the towns and communities already served and through the extension of the company lines to new towns and communities. The company is now serving approximately 20,000 electric customers in West Texas and this number is growing rapidly. The new generating equipment installed is necessary in order to keep pace with the growing demand and to enable the company to make good its boast that it is ahead of the needs of the communities it serves.

RECORD BOOKS READY FOR ALL DEPARTMENTS

In order to have records for future use and keep all records in good shape, each Director of a Division will have a Record Book furnished by the Manager's Office. All entries are to be made in this book, on the left hand page.

When awards are made entry should be made on the right hand page. Ribbons will be furnished same day judges complete their work. Money prizes will be mailed after the fair closes and the Secretary Treasurer can issue checks, after the awards are carefully gone over. This record book will also be used as a Record for collections, where entry money is collected. Each Department or Division Director and the Superintendents are expected to render a service in keeping these records that will render mistakes almost impossible and assure all of prompt action when awards are made as well as proper return of exhibits can be retained neatly and no loose sheets blow away or be misplaced or in any manner unintentionally destroyed or removed from division. These books will be furnished each division in time for all entries to be made and this record kept intact. Inside the cover pages of the book rules and regulations of each division will be found, avoiding necessity of keeping a Program list in hand or misplacing it, or it being carried away from division by others through oversight.

STUDENT OF MRS. MOSER MAKES GOOD AS OPERATOR

M. T. Black, who has been a student with Mrs. Carrie Moser, Western Union operator, for the past several months, has finished his course and is now stationed at Moran where he has charge of the Western Union office and according to Mrs. Moser he is making good and is appreciated by the company. She has had Mr. C. G. Baker, of Comanche, another worthy young man who is studying telegraphy and is getting down to the work nicely. Mrs. Moser is proving a great instructor and in the examination some time back made the highest honor in this entire district of many cities.

FARMER'S BUY TRUCKS AND TRAILERS TO HAUL COTTON

Several farmers of the Center Point Community have purchased trailers and trucks for the purpose of hauling off their cotton. By doing this they can carry off two and three bales a day and make more time than they could by taking off one bale a day with a wagon and team.

STAMPS QUARTET GIVES GOOD PROGRAM

The Stamps quartet of Jacksonville Texas under the management of Earnest Hamilton arrived here last Saturday afternoon from south Texas and gave a concert at Howard school house Saturday night with gratifying results. They sang at the Methodist church in Haskell at the morning services and at the Baptist church that night.

Rev. Albertson the pastor was sick and not able to preach and the quartet assisted the director Jim Fouts in putting on a musical program. They gave a concert at Haskell Monday night which was said to be one of the highest class musical programs ever staged in the city. Much applause was given the city. Much applause was given the city. Much applause was given the city.

The are representing the V. O. Stamps School of Music of Jacksonville Texas which begins its term November 9th and will continue for six weeks. A number of pupils from Haskell county are making their arrangements to attend this school this fall.

Fair Weather Insures Large Attendance

Grand Chancellor Texas K. of P.'s Here This Week

Max Krauskopf Grand Chancellor of the Knights of Pythias of Pecos Texas was in the city Thursday. He expected to meet with the order here Wednesday night but the rain came and the meeting did not materialize. He is a pleasant gentleman and the Lodge missed a treat by not being able to entertain him at their meeting.

Below we give a clipping from the Dallas News which is a part of the report of the Grand Chancellor of the K. of P.'s which he sent in under a Haskell date line regarding the growth of this great order.

While in Haskell upon an official visit of inspection to the local Knights of Pythias Lodge, Max Krauskopf of Pecos, grand chancellor of the Grand Lodge, Knights of Pythias of Texas, said that the order is enjoying a rapid growth in the State at this time.

"The girls' dormitory at the Pythian Home at Weatherford has been completely furnished," Mr. Krauskopf said, "and we not only have room for all the girls who are in the home, but can take care of quite a number more. A number of applications for admittance to the dormitory are pending and will be accepted upon an early date."

From early indications this morning the opening of the Haskell County Fair will witness one of the largest crowds ever assembled on opening day. Automobiles from all sections of Haskell and adjoining counties began to arrive at an early hour and the crowds continue to increase and it is predicted by the officials of the Fair that when the gates close tonight on the opening day, it will be one of the biggest opening day crowds ever attended any county fair in West Texas.

The order of the parade which will be held at 11:00 o'clock this morning is as follows:

1. Herald.
2. Haskell Band.
3. Queen.
4. Duchesses.
5. Officials of County, City, Fair.
6. Decorated cars and floats.
7. Old timers.
8. Rural floats and cars.
9. Advertisements.
10. Neighboring town delegations.
11. Fire departments.
12. Schools.
13. Features.
14. New models of cars.
15. Stunts.
16. Other entries.

The exhibit building including the livestock and poultry division is full of entries that would be a credit to a state fair.

The Automobile show Friday and Saturday are expected to draw a large number from all of West Texas.

Miss H. D. Nell, Director assisted by Miss Lois Ware, will present the patriotic pageant of peace. It cost \$150 people with huge open air stage this evening at the lake park.

The curtain of night is dispelled to reveal Columbia, standing with justice on her right hand and Mercy on her left and the Herald who at command of Columbia calls allied nations to attend the welcoming of Peace. First France who is represented by Mary Helen Barrow and Lucile Middleton enters, followed by Belgium represented by Ruth Robertson and Opal Weaver; England represented by Iola Taylor and Mildred Darrell; Japan represented by Miss Misses Fannie Jack, Baldwin and Irma Churchwell; Italy, the land of sunshine and flowers, by Ella D. Koonce and Glenda Wingo who dance an Italian Pavana dance. Anita Grissom, Mary Sherrill, Mary Long and Emma Daugherty take the role of Spanish girls who dance the Highland Fling. Columbia then is represented by Daphne Bryant and Frances Grissom. Katherine Rike and May Kennison represent Ireland and dance the Irish jig.

Columbia looks over the representatives assembled and sees none from America. She bids the Herald summon America, Land of Liberty. As the strains of Yankee Doodle are heard, ten little soldiers appear and sing Pershing Had a Little Soldier. They are followed by the Sailors who sing Willson Sent a Little Sailor. Ten little Red Cross nurses in costume also play an important part in this scene. Typical Indian music is heard as a large group of Indians appear. Four choir boys who are Earnest Wright, Howard Wright, Hugh Anderson and Manley Branch then enter singing, followed by Uncle Sam who brings peace to all. Columbia then places a crown on Peace.

Another striking feature of the Pageant is the formation of the letters U. S. A. by thirty six small children. The Battle Song of Liberty is sung by the entire cast as the flags are raised and reveals Liberty who stands posing with torch held high.

The welcoming of Peace is brought to a close as the U. S. A. gives the Flag Salute and all join in singing America.

Taking leading roles in the scenario of the Pageant are Mrs. F. T. Sanders as Liberty, Miss Kathleen Mayfield who will represent Columbia, Miss Leda Bolin will represent Peace, Mrs. Claiborne Payne as Justice, and Mrs. J. L. Southern as Mercy. Mr. John Rike will play the part of Uncle Sam and Thomas Patterson will be the Herald.

HOWE RACES TO BE FEATURE T-O FAIR

The first part of the south-west division was scheduled during the Texas-Haskell Fair, October 2-4, at Haskell. A well equipped race track, built by the Haskell horse club in the summer, will be re-opened for the fair. It is a fine track and is a credit to the Haskell horse club. It is a fine track and is a credit to the Haskell horse club.

Electric Kitchen Is Feature at the Exhibit Building

Oh, how I love grandmothers. Among other interesting attractions at the Haskell County Fair is to be found a modern, electrically equipped kitchen, complete from top to bottom. Whether you give the old folk a shell, push a button and the coffee begins to boil, eggs begin to fry and then open the door of a snowy white refrigerator to the supply—all done by electricity. These are just a few things that are in the modern kitchen display of the West Texas Utilities Company.

Attracting attention and separated by a display case, is a vacuum cleaner, which might be found in the average American home. Here you are greeted with the sight of a cherry fire place and the hum of an electric sewing machine nearby. It might be well to say that the fireplace contains an electric heater. Another labor-saving device to be found in this room is the vacuum cleaner.

It is needless to say that thousands of Fair visitors will avail themselves of the opportunity of visiting this attractive booth during the Fair.

STORE AT MUNDAY IS BURGLARIZED

The E. E. Akers Dry Goods Co. store at Munday was broken into and about \$1500 in \$2000 worth of merchandise was stolen consisting of hats, men's shirts, silk dresses and just such as the most expensive things as could be had.

Night Watchman W. G. Moore stated that he was by the back door several times during the night. It seems it was the work of professionals and they left no clue.

McCONNELL EMPLOY TEACHERS FOR ENSUING TERM

H. M. Stone as Principal and Miss Sula Mae Ratliff as Assistant both of Haskell have been employed to teach the 1925-26 term of the McConnell school. Mr. Stone has taught many schools in Haskell County and is one of the county's foremost teachers. Miss Ratliff is one of Haskell's most popular young ladies with a finished education and it is the prediction that McConnell will have a successful school year. Mr. and Mrs. J. E. Guillet have been teaching the McConnell School for a number of years and did not accept the school this year. The future plans of Mr. and Mrs. Guillet are not known but their work in McConnell School at all times was very satisfactory.

INFORMATION BUREAU PUBLICITY BUREAU MANAGER'S OFFICE

During the Haskell County Fair, the Manager's Office will be located in the Exposition Building, near the rear door. This will also be an Information Bureau and Press or Publicity Headquarters. Director Sam A. Roberts of the Information and Publicity Division will be on hand or have some one about most of the time. W. M. Free of the Free Press will serve as Superintendent of this Department, and will have as his aids the entire Free Press force, off and on, co-operating. The Manager will be about this Fair Grounds office early and late, before the daily program starts and after it ends.

Telegrams will be received at the exhibition building if plans in the making mature, telephone connection will be made, establishing a telephone close by for general use.

McConnell Lady Very Ill

Mrs. F. E. Jones of McConnell was taken seriously ill last Saturday and her relatives and friends were very anxious about her condition, but on last report she was slowly improving.

OIL STOVE EXPLODES IN HOME SATURDAY MORNING

Saturday morning an oil stove exploded in the home of Etchel Kirby of the Saylor community which came very near destroying the home by fire but with quick thoughtfulness and keeping cool on the part of Mrs. Kirby the building and all its contents were saved from the flames.

The tank had sprung a leak and the stove caught on fire from the wasting oil. The stove was completely demolished but out side of that the home was not damaged but very little.

BOX SUPPER AT CURRY CHAPEL BRINGS LARGE SUM

The box and pie supper at Curry Chapel brought a nice sum of money last Saturday night. The sum being \$72.00. The highest box sold for \$7.50. They also had a guessing cake. Mr. Bursion being the lucky guesser. Then the cake was sold to the highest bidder.

The people of this community sure do thank the people for what they did for the church.

Box Supper Nets Nice Sum

The Box Supper held at the Center View Church helped out wonderfully in helping to pay off the note on the piano. There were not many present, but most all the ladies brought boxes and the boys didn't fail to bid on them. There were only about 20 boxes which netted the sum of \$41.85. The community wishes to thank each and every one who came and helped out in this supper, especially Mr. M. Harris of Saylor, who acted as the boxes for us.

G. S. Medford and family were in the city Saturday on business.

VAUGHAN QUARTET WILL GIVE A CONCERT AT HOWARD

We are authorized to announce that the Vaughan Quartet will give a musical concert at Howard Tuesday night October 6th beginning about eight o'clock. This is a fine bunch of singers under the management of R. E. Jourdan of Wills Point Texas.

VAUGHAN QUARTET WILL GIVE CONCERT AT WEINERT

We are authorized to announce that the Vaughan Quartet with R. E. Jourdan Manager will give a Musical Concert at Weinert Monday night October 5th beginning about 8 o'clock. This is a fine bunch of singers and they will give an excellent program.

EAST SIDE SINGERS WILL MEET SUNDAY

The east side singing convention will meet at Pleasant View Church next Sunday afternoon October 4th at 2:30 o'clock. All singers are urged to be present and enjoy the program. The Stamps Quartet will be there if they are not called out of the community by other dates before that time. Also a Vaughn Quartet is expected to be here.

ROAD BOND ELECTION NOTICE
To the Resident Property Tax Paying Voters of Road District No. 7, of Haskell County, Texas:

Take notice that an election will be held on the 7th day of November, 1925, in and throughout Road District No. 7, of Haskell County, Texas, upon the question authorizing the issuance of \$100,000.00 road bonds for said district, and levying a tax in payment thereof, pursuant to the following order of the Court:

Order for Road Bond Election
The State of Texas,
County of Haskell.

In the Commissioners Court of Haskell County, Texas, at a regular term of said court, with all the members thereof present, on the 14th day of September, 1925, came on to be considered the following petition of W. W. Newton and 50 or more other property tax paying voters of the territory therein described, to wit:

Petition for Road Bond Election in Road District No. 7, of Haskell County Texas.

The State of Texas,
County of Haskell.

To the Commissioners Court of Haskell County, Texas:

We, the undersigned, being resident citizens within the hereinafter described and defined territory, to be designated and known as Road District No. 7, of Haskell County Texas, respectfully represent:

1. That we are resident property tax paying voters residing within the territory hereinafter described, to be designated and known as Road District No. 7, of Haskell County, Texas.

2. That we constitute more than 50 of the resident property tax paying voters within said territory.

3. That said territory does not overlap or embrace any part of any other subdivision or defined road district that has heretofore been established and issued road bonds which are now outstanding.

4. We desire that your honorable body create, establish, define, and describe said territory as Road District No. 7, of Haskell County, Texas, for the purpose of constructing, maintaining and operating macadamized, graveled, or paved roads and turnpikes, or in aid thereof.

5. We pray your honorable body order an election to be held in and throughout said Road District No. 7, of Haskell County, Texas, to determine whether or not the bonds of said Road District No. 7, of Haskell County, Texas, shall be issued in the amount of \$100,000.00, bearing interest at the rate of 5 per cent per annum, and maturing at such time as may be fixed by the Commissioners Court of said County, serially or otherwise, not to exceed thirty years from their date, for the purpose of constructing, maintaining and operating macadamized, graveled, or paved roads and turnpikes, or in aid thereof, within said district; and whether or not a tax shall be levied upon the property of said road district subject to taxation for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity.

6. The territory which we pray your honorable body to create, establish, define and describe as Road District No. 7, of Haskell County, Texas, lies wholly within said Haskell County, and is accurately described by metes and bounds as follows:

Beginning at a point in the west boundary line of said Haskell County, Texas, where said west line of Haskell County, intersects the north boundary line of survey No. 10, B. B. B. & C. R. R. Co. land in said Haskell County, Texas.

Thence East with said north boundary line of said survey No. 10 in said Haskell County, Texas to the Brazos

River;
Thence in a northeasterly direction across the Brazos river to the north-west corner of the J. Pointevert survey in said County;

Thence east with the north boundary line of said J. Pointevert survey passing its northeast corner and continuing on in a straight line across the W. P. Rice survey to a point in the west line of Survey No. 81, H. & T. C. R. R. Co. land in Haskell County, Texas;

Thence South with said west boundary line of survey No. 81, passing its southwest corner, then with the west boundary line of survey No. 82 and survey No. 80, H. & T. C. R. R. Co. land in Haskell County Texas to the southwest corner of survey No. 80 H. & T. C. R. R. Co. land;

Thence East with the North boundary line of survey No. 79, H. & T. C. R. R. Co. land passing its north east corner;

Thence along the north boundary line of survey No. 78, H. & T. C. R. R. Co. land passing its northeast corner, then along the north boundary line of survey No. 77, H. & T. C. R. R. Co. land, to its northeast corner.

Thence south with the east boundary line of said survey No. 77, to its southeast corner, which is also a point in the north boundary line of the Coryell County School land survey No. 62.

Thence East with the north boundary line of said Coryell County School land passing its northeast corner to a point, the northeast corner of the C. P. Killough survey;

Thence south with the east boundary line of said C. P. Killough survey, with the west boundary line of survey No. 55 and survey No. 54, H. & T. C. R. R. Co. land to the southwest corner of said survey No. 54;

Thence east with the south boundary line of said survey No. 54 and the south boundary line of surveys No. 53 and 52 H. & T. C. R. R. Co. land to the southeast corner of said survey No. 52 which is also the northeast corner of the Matthew Dunn survey;

Thence south with the east line of said Matthew Dunn survey, the east line of the Geo. Harris survey, the east line of the Geo. J. Johnstone survey, the east line of H. & T. C. R. R. Co. survey No. 91, with the east line of survey No. 92, in the name of H. M. Rike and S. R. Rike, continuing south with said line across the M. E. P. & P. R. R. Co. survey, which line also follows the Rule Public Road, continuing along said public road south across the John Harvey survey to a point in the north boundary line of survey No. 12, B. B. B. & R. R. Co. land;

Thence west with the north boundary line of said survey No. 12, to its northwest corner;

Thence south with the west boundary line of said survey No. 12 B. B. B. & C. R. R. Co. land to the point where the south boundary line of Haskell County intersects the west boundary line of said survey No. 12;

Thence west with the south boundary line of said Haskell County to the southwest corner of Haskell County, Texas;

Thence north with the west boundary line of Haskell County, Texas to the place of beginning.

And it appearing affirmatively to the Court that said petition is signed by or more of the resident property tax paying voters residing in the territory therein described, and that said territory does not overlap or embrace any part of any political subdivision or defined district that has heretofore been created and established and has

issued road bonds, any portion of which are outstanding;

And it further appearing to the court that said petition is in all respects in conformity with law and that the same should be granted and that such road district has been established and such election should be ordered;

It is therefore ordered, adjudged, and decreed by the Commissioners Court of Haskell County, Texas, that in accordance with said petition and in accordance with the Constitution and the laws of the State of Texas, an election be held in and throughout said Road District No. 7, of Haskell County, Texas, as described in foregoing petition, on the 7 day of November, 1925, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 7, of Haskell County, Texas, shall be issued in the amount of \$100,000.00, bearing interest at the rate of 5 per cent per annum, and maturing at such times as may be fixed by the Commissioners Court of said County, serially or otherwise, not to exceed thirty years from their date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, within said district; and whether or not a tax shall be levied upon the property of said road district subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

A copy of this order, signed by the County Judge or certified by the County Clerk, shall constitute a proper notice of said election, and notice of said election shall be given by publication in the Haskell Free Press a newspaper of general circulation, published at Haskell, Texas in said County, for at least four consecutive weeks prior to the date of said election; in addition thereto there shall be posted notices of said election at three public places in said Road District, and one at the Court house door of Haskell County, for at least three weeks before the date of said election.

Said election shall be held at Sager-ton at school building, Frank Pilley, Presiding officer; Bunker Hill, at school building, J. J. Woffard, presiding

officer; Joe Bailey at school building, W. M. Madlin, Presiding officer; in said Road District No. 7, of Haskell County Texas:

Said election shall be held under the provisions of Article 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes of 1911, as amended by Chapter 203, Acts of 1917, of the Regular Session, and amendments thereto, and the manner of holding said election shall be governed by the general laws of the State of Texas, regulating elections when not in conflict with the provisions of the hereinafore mentioned statutes.

All persons who are legally qualified voters of this State and this County, and who are resident property tax payers in said Road District No. 7, of Haskell County, Texas shall be entitled to vote at said election, and all voters desiring to support the proposition to issue such bonds shall have written or printed on their ballots the words "For the issuance of bonds and the levying of the tax in payment thereof," and those opposed thereto shall have written or printed on their ballots the words "Against the issuance of bonds and the levying of the tax in payment thereof."

The County Judge is hereby directed to cause notices of said election to be published and posted as hereinbefore set out, and further orders are reserved until said election shall have been held and returns thereon made to this court.

GREAT PROFIT SHARING SALE
HAS BEEN A MOST
WONDERFUL SUCCESS.

People came for miles and miles—from all parts of Haskell and adjoining counties—and carried away loads of the wonderful bargains we are offering. Not one went away disappointed or dissatisfied. Our store was literally jammed with eager shoppers from the time our doors were opened until the close; everyone in a good humor—buying fast and furious of Our Wonderful Bargains.

Our stock has been replenished of all little items that might run short in a sale of this kind, so you can come to our sale—expecting the same bargains you received the first days of Our Sale.

5C—SHOE SALE—5C

Our 5c Shoe Sale has caused quite a sensation. With any shoe sold out of our shelving (and at a discount) to the amount of \$1.00 or more we will sell you another pair of shoes or slippers for 5c. These shoes are of high grade material but out of style—have narrow toes, high heels or one pair of a style. They are good for home wear. You can get a pair of these shoes for 5c if you want them. Not only that, you buy your first pair at a big discount. What we are after is to bring you to our store for your shoes—and to clean out every pair of undesirable shoes in our house—as we expect to carry nothing but specialty lines in the future.

MILLINERY AND READY-TO-WEAR

Reduced to unbelievable prices for this season of the year. We have the largest stock in this section, bought right for cash and we are selling it for less. All we ask is for a look before buying anything in these lines.

We extend to Haskell and adjoining counties a hearty invitation to visit *Our Fair*, and to make our store your headquarters while in the city.

SOCIETY and Club

Queen of the Haskell County Fair.

Who is the 1925 Queen of the Haskell County Fair? This is the question in every feminine mind, and every feminine heart is a-flutter at the thought of the Queen's Coronation and the brilliant reception for the party on the Courthouse lawn Friday evening at eight thirty o'clock. This will be the mobilizing of the entire county and the opening of the social season. The well-kept Courthouse lawn with the growing flowers, will be a lovely background for the gorgeously gowned brides, her attendants and the visiting guests, equally elaborately gowned. Almost wish we could not know the Queen is until she steps out this evening to receive her crown. We will know when she rides in down Main street and on to the square on the big parade on the opening day of the Fair. After the Queen's coronation there will be a street dance on the South Side of the Square at which time it is believed there will be the greatest social gathering that ever took place on the Haskell square.

U Fields Invited to Choose Location for Chautauque.

Miss J. U. Fields left Haskell Sunday night in order to reach Fort Worth today, when a special train left with the party of Texas Club Women who are to report on a location for a Chautauque in New Mexico or Texas. They are in a special car, accompanied by

Division Passenger Agent A. C. Ater and Mrs. Ater. The personnel of the party follows: Mrs. Henry Redmond, Corpus Christi, State President; Mrs. J. U. Fields, Haskell; Mrs. E. E. Maloney, Commerce; Mrs. W. R. Potter, Bowie; Mrs. Florence C. Fiore, Cleburne; Mrs. F. A. Tompkinson, Corpus Christi; Mrs. Mamie Folsom Wynne and Mrs. W. C. Martin, Dallas; as Oklahoma is one of the states interested in the formation of the Chautauque, Dr. Winnie M. Sanger, of Oklahoma City, president of the Oklahoma Federation, also went. The trip has been so arranged that the party will pass the places of most scenic beauty and natural resources; this committee will report to the State Convention at Austin in November and they in turn will report to each district convention for their approval. Mrs. Martin states that Texas will be given first choice as Texas club women were the first to submit the plan, but that New Mexico would be thoroughly looked over.

The Parent-Teachers Association.

Mrs. Chas. Parsons, president of the P. T. A., called a meeting of the Association last Friday afternoon at four o'clock to dispose of certain business and perfect plans for a booth during the Fair, and it was decided to have the Association represented in the parade. Also at a later date when the fair is over a full report of just what this association has accomplished and stands for will be tabulated in the papers so all may see the good that it has done. After a saxophone solo by Miss Ruth

Robertson, accompanied by Mrs. H. D. Neff, and a character reading, "Don't Cher Know" by Miss Lois Ware, Mr. Neff gave a splendid, practical talk on the needs of the schools. The suggestion that the association take up a course of study in connection with the material good that they do is a splendid one, and then the imperative need of library books and maps, charts and dictionaries should interest every parent to at least come and determine just how much help each can give to supply these needs. The Association will meet the second Thursday in October at the High School. Let's tell our neighbor about it and take a stand with our school this year and see what can be accomplished with all working together.

Mammoth Pageant.

Mrs. H. D. Neff and Miss Lois Ware, expression teacher of the Haskell High School will put on a mammoth pageant on the large platform in front of the Grandstand at the Fair Park on Thursday evening, when one hundred and fifty characters in brilliant costumes will entertain the guests who it is believed will tax the capacity of the enlarged grand stand. Don't miss that.

Flowers on the Fair Park Grounds.

In looking over the improvements at the Fair Park, the first thing to greet the eye was the beautiful vines and flowers on the fence and near the entrance of the Main Exhibit Hall. A few inquiries brought to light the fact that Mesdames T. E. Campe and W. M. Wells planted these flowers and have attended them regularly ever since. The thousands of Fair visitors will enjoy these flowers and join us in our indebtedness to these ladies.

Girl Scouts Have First Outing.

Early last Saturday morning, between five and six o'clock the telephones in the homes of certain young lady scouts began to ring and arrangements made for some one to go by for some one else and all go to the Courthouse lawn, and from there they went to Bledsoe's Lake and spent a delightful and a profitable day with women trained in the knowledge of Girl Scouts lore. This as we understand it consisted of when, what and how to play, when and how to work and when and what to eat. And it was all demonstrated. One feature that should appeal to Haskell mothers was the scientifically prepared lunch that only cost a fraction over seventeen cents apiece, for each meal. Mrs. Ray was on hand with her swimming lessons. The other ladies besides the leader, Mrs. Ed Sprrows, was Mrs. S. R. Rike and Miss Lela Sprrows.

Birthday Party.

Mrs. G. M. Williams gave a lovely party for her daughter, Geneva, last Thursday evening which was especially honoring her thirteenth birthday. The flower framed lawn made an ideal place for the out-of-doors games. When the time came for the refreshments there was a large birthday cake centering the table carrying the exact number of candles. Ice cream and cake was served to Misses Mary Emma Whiteker, Christene Ballard, Annie Bess Thompson, Gladys Conner, Ora Bell Pope, Ruth and Oleta Stanley, Martha Lou and Marjorie Rogers, Joy Sorrells, Elsie Bradley, Vera Bradley, Lucile Foot, Kathryn Smith, Mildred

Simmons, Kathryn Rike, G. W. Reynolds, Earline Mask and Jim Ferguson, Roy Sanders, Homer Ferguson, Louis Sherman, D. L. Cummins, Bill Clifford, Glenn Marrs and Cecil Bradley.

Singing Contest.

On Saturday evening on the big platform in front of the Grandstand there will be a singing contest, that will interest everybody in the county, because every community is going to have contestants in it. Haskell county through the various singing schools that have been taught all over the county for the past two years, has raised her standard of good music. This will be an inspiration and a real treat for music lovers. Come early and get a seat.

Beautiful Wedding at Rochester.

(By Mrs. W. J. Bragg)

A beautiful tho' quiet wedding was solemnized when Miss Lois Mansell, daughter of Mr. and Mrs. J. E. Mansell, and Mr. Hob Smith of Knox City, were united in marriage Monday at dawn at the bride's home. Rev. L. E. Frazier, pastor of the First Baptist Church, officiated with the ring ceremony. Ferns and cut flowers were used in decorations. Preceding the service Miss Mildred Bragg, cousin of the bride, sang "The Hour That Gave Me You." She was accompanied by Miss Oma Lee Mansell. Candelabra of brass, with burning tapers, threw soft rays over the beautiful setting. The bridal chorus from Lohengrin was played softly as the wedding party entered. Philip Lowry of Munday, was best man, and entered with the bridegroom. Little Chellie Sue Bragg carried the ring in the heart of a beautiful white rose. She was fairly like in a creation of blue tulle and messaline. Next came the bride, with the maid of honor, Miss Annie Dodson, of Fort Worth. The bride wore a gown of chenille and blue georgette and a bandeau of orange blossoms and carried a bouquet of brides roses and ferns. The maid of honor was very attractive in a cut velvet model of burnt orange and blue. Mrs. Bob Speck at the piano, accompanied on the violin by Miss Lorine Lowry of Munday, played "Traumerie" softly during the ceremony. Only immediate relatives and a few intimate friends were present. The couple left immediately for Galveston and Fort Worth and points east.

Haskell, Texas, Friday October 2, 1925

Prospects for getting a thorough test for oil in Haskell County are good at the present time if the land owners will co-operate with the operators in blocking their land in a solid body, instead of holding out, as some land owners in other counties have done. An oil operator is not going to drill a rank wildcat well when someone is holding back acreage in the center of the block that should be included. There is no reason that they should do it, as they are taking the big end of the risk when they drill in wildcat territory and the majority of the wells are partially financed by selling acreage to other operators. There are but few if any, oil men able to play the wildcat game without operating on this basis, and stay in the game. He is intitled to protection on the acreage, and furthermore, if an operator would drill without the acreage being in a solid body

which he will not do, it would not be fair to the other land owners in the vicinity of the well.

With four wells now drilling in the County, the oil men have their eyes on this section and more wells are possible if the operators are given the proper encouragement.

With the stage all set for the opening of the Haskell County Fair this morning promises to be one of the greatest County Fairs ever held in Texas. The program is an extensive one and with favorable weather it is predicted that more people will attend than ever before. There will be two days of automobile racing, Friday and Saturday, a bigger carnival company is on the grounds ready to entertain and amuse the visitors. The livestock and poultry entries are larger. The exhibit hall is full of some of the finest exhibits ever shown at any Fair. The prizes and premiums will run into the thousands of dollars, if the weather is favorable, it will be remembered in years to come as a big event in the history of Haskell County. If you have not planned to attend for more than one day, change your plans, for it will be impossible for you to see everything in one day, it is too big and too elaborate a show to see all in so short a time.

CONSISTANT ADVERTISING PAYS

It is a fact that there are many business men who do not know the real value of advertising from a practical point of view. They have never tried persistent advertising on a consistent basis. A number of business men advertise spasmodically and expect the same results from an occasional advertisement that should be obtained from constant advertising. This is almost

impossible and it is the means of discouragement when they do not receive the results expected. But the business man who keeps everlastingly his business and the prices of his commodities before the people is the man who gets the desired results and knows that consistent advertising pays.

The most popular doctor in the world just now is Dr. Robert Emory, of California. Dr. Emory has for several years made a study of cancer, and recently he gave to the press a statement in which he said that dancing if practiced frequently, will free a person from any danger of developing cancer. What an answer this doctor has put in the mouths of boys and girls who are warned to beware of the dance by parents and pastors. "Do you want me to die of loathsome cancer?" the petite little miss will say when urged by her mother not to dance; and to the dance she will go. We say this doctor is the most popular physician in the world, but he can increase his popularity by giving out further statements. Let him declare that cancer oil causes Bright's disease and epilepsy, and urge attending churches as a preventive of appendicitis. —Honey Grove Signal.

ELIMINATING MISFITS

Industrial executives are wrestling with the problem of how to aid young college men in selecting suitable careers in industry, with a view of eliminating misfits.

A survey recently conducted indicates that many young men make the mistake of selecting a vocation without knowing anything about its requirements or whether they are naturally adapted to fulfill them.

In order that mistakes in the choice of a vocation may be avoided, it is suggested that a course of reading be provided for high school students, which will acquaint them with the fundamentals of several vocations, the nature of their activities and demands, as well as something concerning the atmosphere in which they must be pursued.

Then, after completing high school, it is recommended that a tentative choice be made and that practical work in the industry selected be undertaken for a time before entering college. Owing to the highly specialized character of most occupations it is declared to be desirable that a final choice be made as early as possible so that college courses may be pursued with a view to practical preparation for the selected vocation.

There is little doubt that some such plan as this, carried out under the direction of competent vocational advisers, would tend to better prepare young men for their life work, thereby greatly enhancing their chances for success.

BELL-RINGERS EXPOSED

An illuminating expose of the methods of house-to-house peddler, was recently made by the Oklahoma City Times, which detailed one of its best reporters to take employment with a "direct-selling" house and afterwards write up his experiences.

The reporter told of the tricks to which he was taught to resort in order to gain the interest of housewives; how positive rudeness was encouraged when

necessary to get into the house; how persistence enabled salesmen to force women to make purchases against their will.

He told of the trick of giving some trifling article as a means of "breaking the ice" and securing a second opportunity to gain admission to the home. Most important of all he showed that in most cases the articles sold by order-takers could be bought for less in regular stores.

It was also shown that housewives are getting tired of the bell-ringers who disturb them at all hours of the day and make their lives a burden. Still, a persistent peddler makes many sales, because a good-natured lady is too considerate to turn him down flat, as she ought to do.

DON'T BE A PARASITE

No town will ever become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to town. Too often the men in a few lines of trade are about the only ones who reach out after customers. Other merchants wait until these men, by judicious advertising, induce the people to come to town and content themselves with the trade that naturally drifts to their place. Don't be a parasite, but join with your fellow merchants in an effort to bring trade to town.

BIGGEST CATTLE DRIVE IN HISTORY IN "NORTH OF 36"

The final long-horn cattle drive in the history of the world took place recently when the last great herd—over four thousand in number—started in Texas, towards the railroad in Abilene, Kansas.

The journey was made in connection with the filming of the historical Emerson Hough novel, "North of 36," an Irvin Willat production for Paramount coming to the Haskell Theatre next Monday and Tuesday.

Headed by Lois Wilson, Jack Holt, Ernest Torrence, and Noah Beery, who have featured roles in the production, and followed by an army of cowboys, chuck-wagons, oxen and Indian guides, the tremendous herd of long-horns swung out of the big ranch-yard and started across country in the direction of Abilene, Kansas.

The herd of 4,000 long horns is the only remaining one in the world—stock men having replaced them with a superior breed of beef. According to the owner of the cattle, the drive is the first one of its kind in almost forty years. It will also be the last. Almost immediately after "North of 36" was completed he marketed the stock.

"North of 36" was adapted for the screen by James Hamilton. The screen play is said to be the book brought to life.

There is a high class cast playing in support of the principals.

BEGGAR ON HORSEBACK CRUISE NOVELTY PICTURE

"Beggar on Horseback" described as a delightfully fantastic treatment of modern affairs, is James Cruze's latest Paramount production, opening on Friday October 9th at the Haskell Theatre.

With Edward Horton and Esther Ralston heading the cast in featured roles, Cruze has carried out and amplified the astonishing situation that made the original George S. Kaufman-Marc Connelly stage play one of New York's seasonal sensations.

The picture has been made along mammoth lines, one of Paramount's entire stages being devoted to a single set. The story deals with a young musical genius who is pursued by two girls, one rich and the other poor, and with a dream he has in which the happenings of every-day are magnified to unbelievable proportions.

Walter Woods wrote the screen play, and Karl Brown, who "shot" "The Covered Wagon" and all the other Cruze successes, supervised photography.

DANGER! KEEP OUT! NO TRESPASSING

Through such signs as these was the only way the Paramount company on location in Texas had of warning possible passersby of danger to life and limb.

The signs were posted around a ten mile area out on the prairie to prevent possible injury to outsiders in a huge stampede of long-horn cattle in the filming of the Paramount picture, "North of 36."

In the production, directed by Irvin Willat, which was written by Emerson Hough, author of "The Covered Wagon," a tremendous pioneer cattle drive takes place from the grazing lands in the south to the railroads in the north. It is this drive which forms the backbone of the story and it is during the journey that the future of the Lone Star State is decided; if the caravan reaches the north, Texas will be the wealthiest state in the Union; if it fails it will be bankrupt.

Featured in the cast of "North of 36" coming next Monday and Tuesday Oct. 5th and 6th to the Haskell Theatre are Jack Holt, Ernest Torrence, Lois Wilson, the "Covered Wagon" girl and Noah Beery.

The cattle stampedes (there are two of them in the picture) are genuine thrills—and but two of the many big scenes in the production.

NOTICE To The Mayor and Board of Aldermen Haskell, Texas.

Greetings:
As ministers of the Gospel of Christ, and as citizens whose lives are given wholly to up-holding the moral and spiritual character of the community, we are constrained to enter our personal protest against the modern dance. History and experience have proven that the modern dance is destructive to spiritual and moral character. Therefore we are bound by our sense of duty as citizens and by our love for the purity and virtue of the young life of Haskell to oppose the modern dance as a menace to our young people.

We therefore request the city authorities to prohibit the street dance which is announced for Friday night October 2, 1925, for the special reason that this is giving public approval to what we are convinced is to the moral detriment of our people.

HELP THE FREE PRESS BY GIVING THE NEWS TO THE EDITOR

Some of our friends are very mindful. When they have an item of news for the Free Press they will call us by phone or tell us on the streets or better still will write the article and hand it in to us for the paper. This is very kind in our friends and we assure you that it is appreciated by the Free Press and also its many readers for helping to make our county paper a real newsy paper. We still have a few of our friends who will refrain from telling us of the news regarding themselves and their friends and expect us to do a clever trick in detective work and find out all about them. This is the wrong way to look at it. You are due the courtesy to your guests to give their name to the home paper when they visit you and the reason they do not always appear is that we do not know it. When you go away from your home town to other cities counties or states we will gladly make a news item of your visit if we know it. We are giving our best effort to getting out a real county paper and you can help us by giving us the news.

Kicked by Ford Arm Broken

J. M. (Mike) Perry of this city had his right arm broken just above the wrist early Tuesday morning while attempting to crank a Ford car which backfired and the crank struck him breaking both bones of the arm. According to the attending physicians it was a very serious brake. Uncle Mike had driven to town and left his car near the Post office corner and when he attempted to crank the car the accident occurred. On last report Uncle Mike was doing nicely.

Orr of Newt Orr of Haskell; Mr. and Mrs. Nest Condron and family of Throckmorton; Mr. and Mrs. W. H. Means and children; Mr. and Mrs. Ira Gilmore and children; Mrs. Bettie Bradford and children, Newt and Bell Means, all Throckmorton.

There were eight children in all, boys and four girls, 13 grandchildren and one great-grandchild. The day was very pleasantly spent. It had been 25 years since Mrs. Means had pleasure of gathering all of her children at home at one time.

Highway supervisor Wayne Perry who has charge of the up-keep of Haskell and Throckmorton Counties Highway says that he is hoping for road equipment to arrive in the future so that he can begin grading and getting the roads in condition for the winter traffic. Mr. Perry, formerly commissioner of precinct 3 and was known as one of the road commissioners Haskell county ever had. The state department is fortunate in securing Mr. Perry at Haskell and Throckmorton counties assured the best service possible Highway construction.

J. W. Tidwell one of Haskell county successful farmers was in the city Friday and said that this was the first time in his life that his neighbors were picking cotton and his own cotton was not open enough to pick. He has more than a hundred acres planted cotton and it is still growing and ready to open. But he can rest assured that his cotton will make better maturing than by premature opening which quite a lot of cotton has done because of the long hot dry summer months.

Mr. and Mrs. G. E. Davis of the Dennis Chapel community were Haskell shoppers Saturday. They received from the Owens Farm of Massachusetts a fine Buff Orpington cock which they expect to head their flock of fine Orpingtons they have been breeding for years. This bird is almost perfect in color, comb type and weight. He seemed to be very strong and vigorous and is doubtless one of the best birds ever shipped to Haskell county by any breeder. He arrived Saturday morning and they were showing him to friends on the streets and all pronounced him a fine bird.

Rev. O. S. McIver and daughter Naomi spent several days with relatives and friends. Rev. McIver lives at Aspermont where his daughter will teach in the schools. Mrs. McIver is a daughter of Mr. and Mrs. B. G. Magra.

Mrs. J. T. Baker of Hum, Texas is visiting her son Rev. M. L. Baker this week. She will remain here for a week or more while on her visit.

Don means a former business man of Haskell but who is now in the grocery business at Sparrenburg near Big Spring was in the city last week on several different occasions and while here called to see us. He was here to attend the family reunion which took place Sunday September 20 at the home of his mother Mrs. R. D. Means of Throckmorton. He reports his business good and getting along nicely.

A Sure Cure

Doc—Well, what's troubling you?
Patient—Frequent pains in the back.
Doc—Here are some pills; take one 15 minutes before the pain starts.

J. C. McKinney, one of Haskell county's best farmers, was in the city Saturday on business and brought a large pair of fresh eggs and a number of pounds of fresh country butter. Mr. McKinney stated that he had sold 14 pounds of butter from his two fine Jersey milch cows during the week, after supplying the table at home with all the butter they could use. He keeps only the best cows and chickens and feeds them carefully and looks after them in a way that they are profitable in production. He sold 10 or more dozen eggs during the week. Mr. McKinney grows his living at home and sells the surplus.

J. M. Ivey, one of the first discoverers of Jud, Texas, was in the city last Saturday recuperating from an extended tour of the plains. Mr. Ivey is a former commissioner of Haskell county and likes to see the jitneys kick up the dust while gliding smoothly over the rolling prairies of Texas watching the waving maize, the bursting cotton bolls. He was away from Jud three weeks, visiting Lubbock and other cities of the great south plains. He was in one

five-inch rain while on the plains and there seemed to be plenty of moisture in parts visited by Mr. Ivey. Mrs. Ivey accompanied him on the entire trip.

Booster For Free Press

Lex B. Morris came into our sanctum Tuesday stating that he had just returned from his home at Denton and said that the rain which fell at Denton would not exceed one-half inch in a grand total and that they were still needing rain in that section. He further stated that the Haskell Free Press was a very welcome visitor to his home with its bountiful supply of news from all over Haskell county. Lex is a Free Press booster every time.

FOR SALE—Hay baling outfit, press, hay rakes, mowers and other things at a reasonable price. See M. L. Lowrance west of church of Assembly of God Haskell. Itc.

E. M. Reynolds of Jacksonville Pa. is visiting his mother Mrs. C. C. Reynolds, brother R. J. Reynolds and sister Mrs. H. S. Wilson of this city.

Mr. and Mrs. Jim Caffey of Stamford and Mr. and Mrs. Tompson and children of the Pleasant Valley community spent Saturday night and Sunday with relatives of this place.

Mr. J. W. Adcock returned home Monday from Waco where he has been at the bedside of his daughter Minnie Mae, who is seriously ill with typhoid fever in a Waco sanitarium.

Mr. and Mrs. G. V. Middlebrook visited the latter's aunt, Mrs. J. B. Nanny of the Howard community Sunday afternoon.

Safe!

Little Janet, home from school unusually early, rang the door bell, but no one answered. She rang a second and third time, but still in vain. Then a brilliant idea struck her.

She flattened her nose against the window pane and in a shrill voice that must have reached the ears of every neighbor, called out:

"It's all right, mother; I'm not the installment man!"

To Stop a Cough Quick take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey is due to the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin when massed a touch.

Both remedies are packed in one carton and the cost of the combined treatment is 50c. 2c per bottle. See drug dealer for HAYES' HEALING HONEY.

No Worms in a Healthy Child

All children troubled with worms have an un-healthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES' TASTELISS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 5c per bottle.

CENTER POINT

(By Ethel L. Bland)

The health is very good in this community.

Cotton picking and baling is in full swing this week. Most of the farmers have had a good crop of cotton.

Most all the people in this community are planning to attend the Fair at Haskell this week.

We had a large crowd in Sunday School Sunday and invite all who do not attend Sunday School elsewhere that need to attend, and get into the Lord's work to come and be with us.

It will do you no harm, but good, if you will come and do your duty.

Mrs. R. G. Brauman and Mrs. L. E. Bland called on Miss Tena Bland of Sayles Monday.

Mr. Ames Patterson of Old Glory was in this community Monday.

Most all the young people were in Stamford Sunday night.

Mr. and Mrs. L. C. Phillips and son of Sayles visited in this community Friday night.

JUD

(By Florence Ray)

There isn't much news for the present. Everybody knows it has been raining. If not, come to Jud and go boat riding after some of the big rains we have had. We can assure you the water will be deep enough.

The farmers seem to think their cotton has drifted toward the river.

If everybody is like Jud people they would enjoy seeing the sun shine again.

Pioneer Passes Away

One of the oldest citizens of Haskell passed away last Tuesday afternoon September 29, at 5:30 o'clock when the spirit of J. S. Stephens left this tenement of clay for mansions in the skies. The life of this pioneer citizen was long when counted by calendar years but it was far longer when measured by service and kind deeds that enrich and bless the world.

This noble veteran whose passing left sadness in so many hearts had passed his 68th mile stone in life. He was born in Nacogdoches County Texas February 11, 1858, and was converted at the age of 33 and joined the Long Branch Baptist church in Eastland Co. Texas and has lived a consecrated christian life since then. He was ordained a deacon in 1893 in which capacity he served faithfully at all times. Bro. Stephens was married to Miss Laura Bazemore in Vanarsdell Co., in 1878. To this union there were born nine children, 3 boys and 6 girls. All except one girl who died in childhood are still living. J. J. Stephens, Sweetwater, Texas; Curly Stephens, Lamesa, Texas; Lee Stephens, Mt. Pleasant, Texas; Mrs. C. C. Basham, Elder of Mt. Pleasant, Texas; Mrs. V. A. Duncan, Winnie, Okla.; Mrs. C. C. Potts, Role, Texas; Mrs. Jesse Josselyn, Haskell, Texas; Mrs. W. D. Rogers, Haskell, Texas. These were all present at the bedside except Lee and Mrs. Basham who were prevented from coming on account of sickness.

Bro. Stephens had his first stroke of paralysis in October 1919 and a second stroke in just a few weeks. This left him an invalid the remainder of his days.

This noble christian man was a true soldier of the cross, a man who gave love to the world and received love in return. He had a great heart of sympathy for his fellow man and he put his whole soul in the work of his master to the end. He was always cheerful and happy despite his afflictions. The life of this good man will live on in the hearts of others for a beautiful and useful life cannot die.

The funeral services were conducted at the First Baptist Church at 2:30 p. m. Wednesday by Rev. W. H. Alberson assisted by Reverends W. J. Road and T. N. Alvis, after which his remains were laid to rest in beautiful Willow Cemetery. A beautiful floral offering was left on his bier by his many friends as a token of the high esteem in which he was held.

Middleton-Smith

Calvin Middleton and Miss Thelma Smith both of this city were married Monday night September 28, at 8 o'clock at the Methodist parsonage. Rev. Ben Hardy officiating. These happy young people have a host of friends who wish them much joy.

THE AMERICAN FLAG

(By L. C. Hodgson, former Mayor of St. Paul, Minn.)

It is no fabric of silk or bunting—no mere beautiful cloth woven by human hands. It is a living thing, pulsing with the throbbing ardors of humanity, glowing with the fervor of immortal hopes, leaping out in ecstasies of love and dream. It is a song—the song of upward looking men. It is an altar fragrant with sacrifice. It is a garden wherefrom a nation grew, watered by the pure blood of heroes. It is a heaven wherein the sanctified are gathered. It is the Home where freemen dwell. It is the battlefield whereon Honor stellas its blow for the cause of God. It is a flame springing up to consume injustice and wither the hosts of wrong. It is a voice that speaks with the eloquence of graves where sleep those who died to make it mean Purity and Righteousness. He who looks upon the Flag with ransomed eyes beholds within its folds the valor and the faith of Lexington and Gettysburg—the blazing eyes of the embattled farmers at Concord Bridge—the fierce splendors of the ocean that was the cradle of Paul Jones—the clarion death cry above the ruined Alamo—the prayer of Washington at Valley Forge—the agony of Lincoln as he paced the midnight hours—and, crowning all the wind-swept faces of the boys who died along the thunder-smitten hills in France. The Flag of the United States is the Glory of God shining in the faces of those who dream of a world made clean enough to be the dwelling place of God. It turns our sorrows into exultation and our sacrifices into melody of service. For such a Flag true men will always gladly die—for such a Flag good men will always nobly live.

SOMETHING TO THINK ABOUT

It takes a few things besides buildings and people to make a city. One of these municipal systems worth thinking about is an adequate supply of water distributed by modern, dependable equipment. We have it. Haskell citizens should boast of her abundance of good water, and modern equipment, and much credit should be given the head of this department for the profitable and efficient manner in which this department is being handled. All who use it would be to a great disadvantage should anything happen to prevent them from having it. Now let's do some good hard thinking about a proposition of just as much importance, and just as necessary to the development, promotion, and well-being of our city.

Haskell has long since out-grown her present sewer system and disposal plant. Almost every day a new dwell-

ing or business house looms up to add its beauty as a residence, or its convenience as a place of business, to our city. This means that another family or another merchant and his family has moved to Haskell. In the last six months more than twenty new residences have been built, only three of owners of the others were compelled to build out-door toilets. At the above rate Haskell will have about thirty-five of these germ-creating, filthy-smelling privys added to her alleys each year. There is but one way to prevent this condition. There is but one way to promote absolute sanitation, and protect the good water and good health we now enjoy. Build a sewer system that will reach every home, and you may not know it, however it is a fact, that this entire town can be sewered without raising the taxes one penny or voting five cents worth of bonds. Now, men and women, boys and girls of this good town, let's get behind our City Council and show them that we are ready for Haskell to have a complete sewer system and modern disposal plant.

TWELVE TRAGEDIES

A man cut his advertising to see if he could save money. He's broke.
A man touched a trolley wire to see if it was charged. It was.
A boy blew in his 22 rifle barrel to see if it was unloaded. It wasn't.
A girl turned bandit to get a thrill. She got it from an automatic.
A country boob blew out the gas so he could sleep. He is still sleeping.
A man struck a match to see if the gasoline tank on his auto was empty. It wasn't.
A man patted a strange bulldog on the head to see if the critter was affectionate. He wasn't.
A man speeded to see if he could

beat the train to the crossing. He couldn't.

A man undertook to pass two speeding cars on the public highway. He didn't.

A jay-walker tried to beat the five-vers across with the "go" sign on. He'll never walk again.

A guy took a drink from a strange bottle to see if it had a kick. He's been blind since.

A sheik kissed a strange girl to see if she would stand for it. She wouldn't.

J. C. Montgomery, one of the pioneers of Haskell county, who has lived in the county many years was in the city Saturday. He had just returned from Florida, Florida, Wichita Falls, and other cities where he visited relatives and friends. He now lives on Buffalo Creek in the Howard community where he is a contented and happy farmer. It is reported that he is one of the men who was in the survey when Buffalo Creek was routed through Haskell county and it is further stated that he is responsible for the county getting this beautiful stream with its rich bottom lands of productive soil. He deserves much honor for his achievements and should take his place with the great fathers of Texas who have done something worth while for the country in which they live.
