Clowns To Entertain At Little Wrangler Rodeo Saturday Night

way for the Little Wrangler Rodeo Saturday night. Last week, some of the youth who will serve as rodeo clowns met to practice the techniques of clown make-up. For the final results of their clown training, be sure to come see the clowns at the Little Wrangler Rodeo. Those participating in the workshop last Friday were Rhett Montague, Mark Auston, Neal Edwards, Tracy Tomlin and Brad West.

Jackie Wheeler received her clown training and certification as a clown minister at Loyola University in Chicago at a Clown, Mime, Puppet and Dance workshop four years ago. Since then she organized a group of clowns in Missouri, called the Merry Methodist Misfits. There were 41 clowns who graduated from her training classes and their main ministry was in nursing homes and state schools. They taught other church youth groups how to be clown ministers and also entertained before civic organizations and at church functions with Bible story skits.

In Silverton, the clown ministry has been active with Jackie and Timmy Wheeler, her son, entertaining various groups and explaining their ministry. Soon there will be a training class offered at the Methodist Church and another clown troupe will

MYRL A. GRAHAM

Graveside rites for Myrl Anson Graham, 80, were conducted at 10:00 a.m. Tuesday in the Silverton Cemetery. Officiating was Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial arrangements were by Schooler-Gordon Funeral Directors of Silverton.

Mr. Graham died at his home in the Rock Creek community at about 1:52 p.m. Sunday.

Born December 19, 1904 on the J. A. Ranch in Donley County, he was the son of the late Will and Asha Graham. He moved with his family at the age of three to Briscoe County and the family

settled west of Quitaque. He spent his youth there, beginning school, attending high school, and then attending the University of Colorado at Boulder.

He returned to Quitaque, and married Miss Daisy Sachse January 31, 1931 at Hollis, Oklahoma.

In 1921, they moved to Silverton and settled west of town in the Rock Creek community, and he began a successful career in farming and ranching.

Mrs. Graham preceded him in death May 25, 1981.

He is survived by two sons, Carl Graham of the home and Jack Graham of Lefors; a sister, Lela Graham of Amarillo; a

brother, Walter Graham of Happy; three grandchildren and two great-grandchildren.

L. D. BILBERRY

Funeral services for L. D. Bilberry, 80, of Flomot, were conducted at 2:00 p.m. Tuesday at the First Baptist Church in Flomot with the Rev. Byron Hargrove, pastor, officiating.

Burial was in the Flomot Cemetery with arrangements by Schooler-Gordon Funeral Directors of Quitaque.

Mr. Bilberry died Sunday morning at Lockney General Hospital following a brief illness.

Mr. Bilberry was born at Dickens and moved to Flomot in 1960. He was a retired farmer and member and deacon of the First Baptist Church.

Surviving are his wife, the former Beatrice Giles; three daughters, Joyce Speer of Floydada, Jean Richardson of Snyder and Mrs. Jack (Nickie) Loudermilk of Quitaque; three sisters, Letah Fort, Leona Bilberry and Bonnie Hannum, all of Dallas; eight grandchildren and nine great-grandchildren.

Letter To The Editor

Dear Editor:

This letter is in response to the letter from Lynn Marler of Floydada that appeared in the Silverton paper last week. I am a mother of three boys and I am also interested in "childrens rights," although I believe they are achieved in a different way than through UIL sports. I believe it is the right of all of our children to obtain the best education possible to equip them to function as an adult once they leave the educational environment. Therefore, school courses should have precedence over sports.

I believe I can safely say that at least 99% of the students who graduate from any West Texas school will not make a living in pro sports; however, they will probably be called upon to use their minds in whatever profession they pursue—and what will be in their minds if they were prone to fail and only excelled in

'A good reputation is a fair estate.'

sports?

There may be many parts of the new education bill that are too stringent, but I certainly do not feel this is one of them. I say keep the extra-curricular activities in their place—after lessons and classwork. Let the bad grades that keep students from participating be an incentive to perform better in the classrooms.

If one wants to spend money to assure children of their "rights," let us use the money to broaden the curriculum of the schools to teach our children to be creative and equip them to compete in the job market after graduation. At Silverton High we do not have such courses available as foreign languages, art, music, journalism, mechanical drawing, shop, woodworking, sociology, psychology. These courses, rather than football or basketball, make for a more well-rounded personality than a sports program. I say let our children have fun in extracurricular activities only if and when they prove themselves in the classroom. And if we're really worried about their "rights," give them a more well-rounded education.

through the files of the

Briscoe County News April 23, 1970-Tornado rips path through Silverton, bending the "Welcome to Silverton" sign and traveling a few yards south of the Johnnie Lanham home. The twister apparently hopped and skipped just above the ground level about five blocks down Thirteenth Street, taking a short cut across Silverton Elevators and north to the railroad tracks where it picked up and examined the tracks. Still not satisfied, it traveled to Highway 86, where it picked up and examined the automobile in which Mr. and Mrs. Jim Nunnally and baby of Richardson were riding, tossed it aside and aimed itself on a northeasterly course to the Hedley area. The family of Mrs. Dorothy Crosslin felt the wrath of the storm more than any other, because they lost everything they owned and Mrs. Crosslin's daughter, Linda K., 14, lost her life. Mrs. Crosslin was injured, rescue workers having to dig her from beneath the wreckage of her home . . . Several local residents were nominated for special awards after the tornado by the editor of the Briscoe County News. Glenda McGavock was nominated as best cook, for being able to put a cake together so good that even a tornado couldn't damage it. (Do you suppose she makes it out of concrete and ices it with plaster of paris?) Her reputation as a baker of cakes had spread far and wide, though she probably hasn't received any orders for cakes. It was unfortunate that when he came inside the house to take pictures of the cake that an outof-town cameraman stepped on it and squashed it like a pancake right there in the middle of the living room floor.

Property Taxes Likely To Rise At County Level

Briscoe County Judge Fred Mercer said today that "the state has found a way to get through the legislative session in Austin without raising any state taxes, but the way they have decided to do it means that the property taxes will probably have to be raised at the county level or services cut."

Judge Mercer indicated that the cost of state programs such as the administration of justice, including increased local costs of the judicial system and costs of incarcerating state prisoners, and even the cost of driver education in the public schools, may be financed out of county and district court fees if pending legislation is passed.

"The way this works," Judge Mercer said, "is that the state increases its share of fees that the county collects in order to raise revenue for state pro-

MOTHER

"M" in "mother" is for Meditative. "Mary kept all these sayings, pondering them in her heart." Mother's hearts are for pondering and praying!

"O" is for Others-concerned. The word "mother" is mostly "other!" ... not looking each of you to his own things, but each of you also to things of others."

"T" is for Time-respector.
"From a babe" Timothy had known the sacred writings. Eunice and Lois trained him from his tenderest times.

"H" is for Homemaker. A predictor writes: "... the homemaker will disappear from the scene in the eighties." God forbid! What a need to "train young women to love their husbands, to love their children, to be sober-minded, chaste, workers at home..."

"E" is for Eternity-minded. Anciently, Hannah arranged that her son "appear before Jehovah, and there abide forever" (1 Sam. 1).

"R" is for Responsibility-acceptor. Paul writes that young widows were to avoid idleness. They were to "marry, bear children, rule the household" (1 Tim. 5).

Thank you, mothers.

Tournament Successful

Thank you's are in order to all those who helped make the Caprock Soil and Water Conservation District Volleyball Tournament a success.

The District donated some of the proceeds to the Briscoe County 4-H. The funds will be used to send nine Briscoe County 4-H members to State Roundup at Texas A&M University next month.

All of the empty Coke cans were donated to the P-TA project.

The winners in the men's division were: 1. Floor Bouncers; 2. Dickens; 3. Who Knows (Clarendon).

Winners in the women's division were: 1. Mixed Nuts, 2. Pizazz (Lakeview) and 3. Tulia.

grams. This could decrease the future amount of money that the county gets to retain from the fees. The county could be forced to take up the slack by increasing property taxes just to stay even"

The judge said that counties only have four sources of revenue: property tax, fines and fees, and federal revenue sharing. He said that revenue sharing "has been going down for several years, and that the administration proposes to eliminate it by October 31, 1986. Revenue sharing averaged 16% of county budgets statewide in 1977 but in 1982 it amounted to only 11%. It's dropped even more since 1982 and will be gone entirely by late 1986," the judge said.

"Taxes have to be increased even more by the county if inflation causes increased costs. And while the state is taking more of historical county revenue, legislators are devising ways to have the county take on more and more responsibility that normally would be handled by the state. The more responsibility they give us, the more property taxpayers have to pay."

"What this means," the judge said, "is that the federal government is passing costs to the state, the state is passing costs to the counties and they are both telling everyone that they aren't raising taxes. They're not. Local government has to do it for them."

IN-DEPTH DISCUSSION CONCERNING AG-USE

VALUES PLANNED HERE

The Briscoe County Appraisal District board of directors is planning an in-depth discussion concerning ag-use values for 1985 during their regular meeting Thursday morning at 9:00 o'clock in the county courtroom.

Since these values could affect the Briscoe County and Silverton ISD tax bases, the board is extending an invitation to the judge and all members of the commissioners court, and to the president and all members of the board of trustees to join in the discussion. The board of directors would appreciate some input from all jurisdictions who have an interest in this topic.

I'm sure that most of you have prepared your plot and have planted those early vegetables. Most of us have gardens for several reasons whether it's because you have always had one, or because you love to dig around and scratch in the back yard.

For whatever reason you raise a garden, we can all agree that gardens provide high quality vegetables for fresh use that we love and enjoy having with those great home-cooked meals.

You can maintain that garden throughout if you remember some very important management practices that include proper fertilization, proper irrigation, proper control of insects, weeds and disease.

A good fertilizer management program is essential to make your garden a success. All vegetables require relatively large amounts of plant nutrients. The soils of our area generally contain an adequate amount of essential nutrients with exception of nitrogen and phosphorus. In some cases you may need small amounts of iron or zinc. To best determine your garden needs, I recommend that a soil analysis be completed. A minimal cost of \$7.00 through the Extension Soil Lab is charged. For more information on soil tests please contact me anytime.

In plain and simple terms the dividend of a sound fertilization program is futile if the garden is not properly watered. It is rare for vegetables to recover totally from a severe lack of moisture. Too much water, on the other hand, can result in nutrient deficiencies, disease problems, and in the extreme can cause death to the plant. A good rule of thumb is to wet the top four to six inches of soil for shallow-rooted vegetables like onions, radishes, celery and lettuce; and ten to twelve inches for potatoes, tomatoes, peppers and sweet corn. The moisture content should be checked periodically with a shovel. Irrigation frequency will depend on the total available supply of soil water and the water use rate. Do not wait until vegetables show signs of wilting before watering! Our gardens require about one to two inches of water per week (whether it's from irrigation or rain) or roughly 60 to 120 gallons per 100 square feet of garden.

In next week's column, I'll be discussing ways to control insects, weeds and disease in your home garden.

The contest is open to all boys and girls 5-11 who have a copy of the Briscoe County News containing the picture to be colored.

Pictures colored for Week #1 or Week #2 are to be taken or mailed to the Briscoe County News, Box 130, Silverton, Texas 79257. The Week #1 pictures are due Friday, May 10, and the Week #2 pictures are due Friday, May 17.

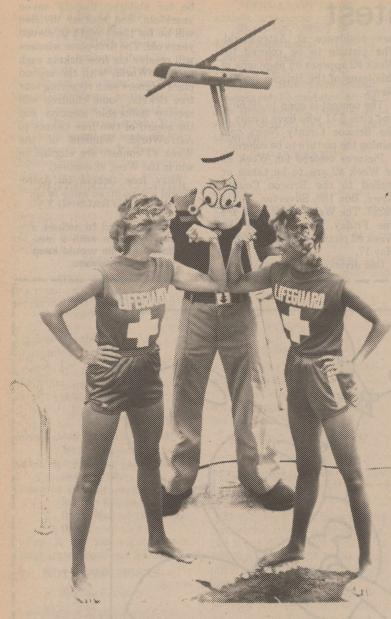

One division of the contest will

be for children five to seven years old, and another division will be for those eight to eleven years old. The first-place winners will receive six free tickets each to AstroWorld, with the second place winners each receiving four free tickets. Some children will receive honorable mention and the award of two free tickets to AstroWorld. Winners of the Week #1 contest are eligible to win in the Week #2 contest.

Fifty free tickets to Astro-World will be given away in all.

Briscoe County Stock Show **Board Meets**

The Briscoe County Stock Show Board met April 9, 1985 in the Pioneer Room at First State Bank in Silverton. The board elected officers, appointed Division Superintendents and revised the rules, said Dirk Aaron, County Extension Agent.

John Schott of Silverton was elected chairman, and Jimmy Burson was elected secretarytreasurer.

Perry Brunson of Silverton will be Swine Superintendent. Joe Edd Helms of Quitaque will be Sheep Superintendent. Larry Don Price of Quitaque will be Dairy Cattle Superintendent, and Doug Forbes of Silverton will be Beef Cattle Superintendent.

The board also formed an executive committee, made up of the above members, and assigned them the task of hiring a judge. The committee met May 6 at the First National Bank in Quitaque and decided that Ken Cook from San Angelo would be the judge for 1986.

The board also approved the following rules to govern the 1986 show:

1. All exhibits will be under the control of the management but the show will in no case be responsible for any damage that may occur.

2. Entry fee will be \$5.00 per head -for swine, sheep, dairy heifers, steers and beef heifers.

3. All exhibitors must be bonified members of active FFA Chapters or 4-H Clubs in Briscoe

4. All animals must have been the property of the owner and exhibitor throughout the feeding project. Feeding period for lambs, swine and dairy heifers is November 15, 1985. Feeding period for beef steers and beef heifers is July 1. Steers must be validated in accordance with the state rules.

5. Each exhibitor shall exhibit his own animal and be responsible for its care while on the show grounds, unless otherwise granted permission by the show superintendent.

6. Each exhibitor may enter no more than three animals in each the heifer, barrow, lamb and steer class. There must be a minimum of five animals to make a class, except the beef heifer class which will have a minimum number in 1986.

7. All bedding for the animals will be furnished by the show; no straw will be permitted.

8. Weight limits, etc. will be as

Lambs-75 lbs. up on Southdowns; 90 lbs. up on all other breeds. All lambs must still have baby teeth.

Swine—No minimum up to 250 lb. maximum (five-pound cush-

Steers-800 lbs. minimum and up (must have baby teeth)

Heifers-No weight limit; age limit 12 months to 24 months of age. Must be halter broken.

Awards will be buckles for all champions and reserve champion will get trophy. For further information contact the County Extension Office, 823-2343.

INDEPENDENT OR DEPENDENT?

"I don't want to be a burden on anyone." Have you or your parents or an older person you know made this comment?

Because our society values independence and teaches it from childhood, "unlearning inde-pendence" is a difficult task for older people when they are faced with being dependent on others for certain areas of their lives. The greatest cause of low morale among older people is the fear of dependency. Keeping their independence is preserving their sense of self-worth. As we reach adulthood, we value the ability to make our own decisions and manage our own affairs. We do not welcome events or circumstances which cause us to become dependent on others, either economically, physically, mentally or socially.

Because circumstances beyond our control may force us to depend on others for certain things, we need to accept the fact that we may need others and learn to allow them to help. To be totally independent and self-reliant may be lonely for the older

We, as children of older parents, must also realize the importance of independence and allow those older adults in our family to exercise their independence in every area possible.

We should all work toward interdependence—learning love and rely on the friends, relatives and neighbors who care about us and whom we care about. After all, is there really such a thing as total independence? Aren't we all dependent on others in our society for our needs? MAY IS OLDER TEXAN MONTH.

Junior-Senior Banquet Held Here Recently

The Junior-Senior Banquet of 1985 began at 7:30 o'clock on the evening of April 27. Theme this year was "Puttin' on the Ritz." The scenery was a skyline view of buildings with black and silver streamers.

The welcome was given by Donna Tomlin, and the Senior response was by David Schott.

Dinner was catered by Cattle

Guests were recognized by Kori Baird. The Senior Class History was read by Stephen Stephens, the Class Prophecy was read by Dick Cogdell, and the Class Will was read by Alesha Patton.

The seniors considered the banquet a huge success, and the juniors wish the seniors the best of luck.

Those in attendance were Mr. and Mrs. Gordon Lowrey, Mr. and Mrs. J. E. Patton, Mr. and Mrs. Gary Weaks, Mr. and Mrs. Perry Brunson, Mr. and Mrs. Jimmy Burson, Mr. and Mrs. O. C. Rampley, Mr. and Mrs. Leonard Morgan, Mr. and Mrs. John Herring, Mr. and Mrs. Jack Shely, Mr. and Mrs. George Martin, Mr. and Mrs. Duane Reynolds, Mr. and Mrs. Dan Walters, Miss Denise Johnson, Mrs. Jealeta Baird, Miss Kelly Braisher, Warren Jarrett, Dick Cogdell, Shavonne Lowrey, Alesha Patton, Stephen Stephens, Estella Trevino, Soledad Garcia, David Schott, Ross Estes, Melissa Stone, Russell Bingham, Kori Baird, Tim McWilliams, Doree Brodeen, Norma Trevino, Rose Trevino, Kathy Brown, Scotty Harris, Donna Tomlin, Jeff Wheeler, Lee Ann Durham, Kristy Fogerson, Todd Reagan, Melannie Daniels, Cal Brannon, Russell Simpson, Lisa Lavy, Hope Patino, Gloria Segura and Rene Ramirez.

The servers were Jeannita Stephens, Kim Burson, Shannon Bingham and Suzann Settle. Appreciation is expressed to these girls for serving.

HISTORY OF THE **CLASS OF 1985**

The Class of 1985 began our trek through Silverton schools in 1973. We missed out on kinder garten by only one year.

Our members numbered 27, and that was the largest class we had in our 12 years. In second grade, we added Estella to our role and had 23 classmates. We gained two more classmates in 1976 and lost three in 1977, but we did add Soledad to our class in fourth grade. In 1978 we gained another classmate and from then on, we lost members steadily until we reached our present total of eight. We eight are proud to be the Class of 1985.

PROPHECY OF THE CLASS OF 1985

It's the year 2005 and the class has been brought together at the Silverton Civic Center to plan their long-awaited Senior trip during their class reunion. Plans have been discussed to have another volleyball tourney sponsored by none other than Mrs. Jeannett Herring, to raise money for the trip. Do you remember twenty years ago when you were the senior sponsor, Mrs. Herring? Well, today, we want you to catch up on what's happened in each of our lives.

Let's start with Estella Trevino, valedictorian of that Senior class. Estella fulfilled her dreams of becoming a pharmacist. She has just landed her largest contract with the Silverton General Hospital. Congratulations,

Of course you have heard what course Stephen Stephens' life has taken. His name appears daily in the paper since he's become a world-wide known pig farmer. He attributes his success in pig farming to Mr. George Martin.

David Schott has just flown into Silverton International Airport from Hawaii. While he was there he participated in Hawaii's greatest Surf Board Contest. David had the misfortune of breaking both his legs when Spicoli ran over him.

Alesha has just come back from San Antonio from knee surgery. She has just had both knee caps replaced. She has gotten her degree in physical therapy and has married the knee surgeon and has two sets of

Now we come to Soledad Garcia. She went to Secretarial School and got her degree. Now she works for the President. Believe it or not, she is the Secretary of State.

Well, Ross Estes has married Melissa Stone. (Who would have guessed it!) He works for GTE telephone company keeping them phone lines open. In his spare time he races cars. He is entered in the Indy 500 with none other than GTE sponsoring

Dick Cogdell is a reformed alcoholic and has become a preacher. He is known worldwide for his fight against alcohol abuse in high school students. He has also been on several crusades to Africa with Billy Graham. He now has a weekly series called PADS—Preachers Against Drunk Students.

Now the last one of the graduating seniors of 1985, Russell Bingham. He is now the world famous leader of the New York Symphony. He has changed his name to Russarati. He has one famous chemistry teacher on his front row at every performance, Mr. Dan Walters, of course. He is the one wearing the Michael Jackson T-shirt.

Now for our class sponsor, Mrs. Jeannett Herring. Her career is still undecided. Her famous line is "When I grow up I want to become a . . ." Your guess is as good as ours!

CLASS WILL **CLASS OF 1985**

We, the members of the Senior Class of Silverton High School, having been thoroughly examined and tested and pronounced reasonably sane and able to negotiate such an important and vital document, do hereby execute and declare this to be our last will and testament, and do hereby declare all previous wills, if any, or promises made to be null and void. We also declare that all bequests and provisions in this document have been made with careful deliberation, consideration and unmitigations to wit.

We bequeath to our parents our deepest gratitude for all the sacrifices they have made in our behalf in order that we may be given an education to fit us for our life careers. We did not realize all the hardships and worries that we at times caused them. But now that H. R. Perot has messed up the education system, their worries have increased considerably. We appreciate all they have done for us. By the way, we will all of you our dirty laundry and expenses at college.

To the faculty and school officials, we bequeath our sincere apologies to a choice few for all the headaches and heartaches they may have suffered in the training and development of our youthful minds. We realize that it has been a tremendous, yet wonderful task, but they have done a good job of it. They have accomplished wonderful results, as you can see for yourselves.

Especially to our worthy principal do we bequeath the memories of this marvelous and outstanding class with the feeling that the wonderful achievements of each and every member of said class will be so great that they will reflect upon him and make him equally famous. The mere mention of the fact that he was connected with this class will be a passport to his future success and a source of great pleasure and satisfaction in his old age. We will to Mr. Morgan the H. R. Perot masterpiece flag.

The individual members of said class will their possessions as follows:

To Sloan Grabbe, I, Russell Bingham, will the Indianapolis 500 Race Track so he can drive at top speed without getting stopped. I also will Joe Ted Edwards a package store so he can always have something to drink.

To Joe Ted Edwards, I, Dick Cogdell, will the Adolph Coors franchise and its racing team. To Mr. and Mrs. John Herring, I will their own nuclear dump site.

To Jeff Wheeler, I, Ross Estes, will the ability to be the super stud he thinks he is. I also will Scotty Harris the ability to receive a basketball scholarship to Amarillo College which has disbanded their program.

To Gloria Segura, I, Soledad Garcia, will the ability to become a famous poet. I also will Hope Patino the ability to turn in all homework on time and become an A student.

To Shavonne Lowrey, I, Alesha Patton, will the ability to be an All-American by graduation of 1986 and to be at class on time. I also will Shavonne Lowrey and Kathy Brown a can of firm grip for next year's track season.

To Scotty Harris, I, David Schott, will the ability to become as great a golf player as Arnold Palmer. I also will Jeff Wheeler the ability to take up for himself. I also will DeLynn Fitzgerald my fog lights for the inside of her car. I also will Mrs. Rampley the ability to knock before coming into a classroom.

To Kristy Fogerson, I, Stephen Stephens, will the ability to keep from tripping over lines on the basketball court. I also will Russell Simpson the ability to drink four beers without getting

To Rose Trevino, I, Estella Trevino, will the ability to stop talking between classes so she won't be late for class, especially Mr. Whitfill's class.

We, the senior class, will to our two favorite teachers, Denise Johnson, her very own army, and to Kelly Braisher, the ability to become a full-fledged Texan and an avid Texas Longhorn fan.

To the Junior Class we ability to grow up within the next year and accomplish something on their own.

We, the Senior Class, to the best of our ability, plan on coming back to SHS to prove that we have accomplished our goals and did not end up in the gutter, failures.

Finally, we hereby appoint our beloved principal, Mr. Leonard Morgan, to be sole executor of this, our last will and testament, and if any trivial possessions have been overlooked, he is hereby authorized to hand them

down to the Junior Class. In witness whereof, we the Class of 1985, have set our hand and seal on this 27th day of April, in the year of 1985.

OWLETTES COMPETE IN REGIONAL TRACK MEET

Six members of the Owlette track team competed in the Regional Meet at Levelland Friday and Saturday.

Alesha Patton placed sixth with 15-11 in the long jump and placed seventh in the 200 meter

The relay team, composed of Alesha Patton, Kathy Brown, Shavonne Lowrey and Suzann Settle, didn't get its best handoffs and failed to make the finals, according to Coach Kelly Braish-

Shavonne Lowrey didn't compete in the discus, due to having a shoulder injury.

According to Coach Braisher, the track girls have given 100% of themselves, and have done as much as anyone could ask with a team of eight participants.
