THINK SILVERTON!

THURSDAY, JULY 11, 1985

VOLUME 77 NUMBER 28

SHS Cheerleaders recently attended the High Plains Cheerleading School at Texas Tech University, where they won two spirit sticks and brought one home because they won it the last day. The girls are (clockwise, from left) Stacie Chappell, Kathy Brown, DeLyn Patton, Donna Tomlin, Kori Baird and Doree Brodeen.

KINDERGARTEN STUDENTS MUST HAVE DPT BOOSTERS

Boys and girls who will enter kindergarten in the fall will be required to have had their DPT boosters.

The vaccine is available now.

There will be a free clinic from 1:00 until 3:00 p.m. July 22 at the County Annex Building, 138 Broadway, in Tulia.

The next clinic to be held in Silverton will be in September, but will not be in time for this year's kindergarten students.

Square Dances At Tulia Friday, Saturday

There will be square dances Friday and Saturday nights in Tulia.

Friday, July 12, at 8:00 p.m. there will be a street square dance and Jack Thompson will be

Mackenzie Lake Job Finalists Selected

A review committee Monday narrowed from 32 to six the number of candidates for manager of Lake Mackenzie, part of a selection process to find a replacement for retiring Manager Neil Taylor.

Taylor said the six candidates, from the western, central and southern regions of Texas, will undergo personal interviews, with final selection by the Mackenzie Municipal Water Authority Board likely in mid or late July.

Taylor said he plans to retire later this summer.

The authority supplies municipal water for Lockney, Floydada, Silverton and Tulia. Two representatives from each of the cities sit on the authority's board of directors. The review committee consists of C. J. Payne, T. Owen

caller.

Saturday, July 13, at 8:00 p.m. there will be a square dance at the VFW Hall, and Sid Perkins will be caller.

THINK SILVERTON!

Millers Lose Home Belongings To Fire

The home of Jerry, Peggy, Avonna, Crystal and Rusty Miller on south Main Street in Silverton sustained heavy dam-

age by fire Monday evening, and as a result the family lost all their household and personal belongings.

Friends have established a love fund for the Millers at First State Bank in Silverton, and you may donate money by sending or taking it to the bank.

If you wish to donate clothing, you may take it to the First Baptist Church. The clothing sizes of each member of the family are on file at Jones Dept. Store in Silverton.

CHEESE TO BE GIVEN HERE FRIDAY, JULY 12

Cheese will be given to those who are eligible and signed up for it beginning at 8:00 a.m. Friday, July 12, at the Community Building in Silverton.

EMERGENCIES CREATED DISASTER SITUATION HERE MONDAY EVENING

Both ambulances were on calls and the fire department volunteers were working a house fire at the same time, stretching Silverton's volunteer services to their maximum capacity Monday evening. This is an unusual occurrence which created a disaster situation for the town.

If anyone else had needed the emergency services between about 7:00 and 7:30 p.m. that day, there would have been no equipment or personnel available. Units would have been called from another town, probably from Quitaque.

The first ambulance had left town about 6:30 p.m. to take a man to Lockney General Hospital for medical treatment. While that ambulance was still at the Lockney facility, the other Silverton ambulance arrived with a woman patient. She was admitted to the hospital, while the man was treated and sent home.

The first ambulance arriving back home, after delivering the patient to his home, was called to

the scene of the fire for support.

All the emergency units were back at the station by about 9:00 p.m., after having utilized all ambulance, fire and police department personnel and equipment.

A view of some of the new area of Lake Mackenzie, this is a quiet cove in Williams Creek. The lake being some six or seven feet higher than its previous maximum, there are new coves which are now navigable by boat.

OBITUARIES

LOWELL CALLAWAY

Funeral services for Lowell Callaway, 77, were conducted Monday at 2:00 p.m. at the Rock Creek Church of Christ with J. D. Nance, minister, and Homer Youngblood, Millsap Church of Christ minister, officiating. Burial was in the Silverton Cemetery, with arrangements by Schooler-Gordon Funeral Directors.

Mr. Callaway died at 7:10 a.m. Saturday at Lockney General Hospital following a lengthy illness.

Born September 10, 1907 in Hill County, Texas, he was the son of Mr. and Mrs. Thomas L. Callaway. He came to Briscoe County in February 1930, after being discharged from the U. S. Navy. He had served all but his basic training aboard the Battleship Texas which is now a historical monument enshrined in Galveston Harbor. His mother and step-father, Mr. and Mrs. H. L. Rafferty, had moved from Johnson County to the Rock Creek community in the early fall of 1929.

Mr. Callaway and the former Modean Jasper were married November 25, 1933 at the Earl Cantwell home in the Rock Creek community. It was the first marriage ceremony Brother Cantwell performed.

The Callaways made their home in the Francis community where he was engaged in farming. Modean Callaway died in 1976.

On July 8, 1977, Mr. Callaway married the former Hazel Senter. He retired from farming, and they had made their home on the farm in the summer and at Harlingen during the winter months.

He was a member of the Rock Creek Church of Christ.

Survivors, in addition to his wife, Hazel, include two daughters, Wayma Lewis and Gay Lynn Eddleman, both of Amarillo; two brothers, Pete Callaway of Floydada and Bob Rafferty of Houston; two sisters, Virginia Carver and Lee Walding, both of Floydada; five grandchildren and three great-grandchildren.

Pallbearers were nephews and friends, including Micki Jasper, Joe Brannon and Tavio Trevino of Silverton.

EMA GENE COBB

Graveside services were conducted at 11:00 a.m. Saturday in the Claude Cemetery by Boxwell Brothers Funeral Directors of Amarillo for Mrs. Ema Gene Cobb, 55, who died Thursday in Amarillo.

Mrs. Cobb, born in Happy, had lived in the San Jacinto community for 27 years. She attended Canyon schools and was in the first class of registered dental assistants in Texas.

Survivors include her husband, Stanley Cobb; three daughters, Janey Cobb, Carol Cobb and Stanna Cobb, all of the home; three brothers, Dallas G. Zachry of Roy, New Mexico, Clarence D. Zachry of Hugo, Oklahoma and H. Blake Zachry of Hobbs, New Mexico; and two sisters, Ruby Davis of Canyon and Norma Dozier of Texarkana.

The family suggested memorials be to the Wayside Emergency Team.

VASSIE WILMETH

Funeral services for Vassie V. Wilmeth, 87, were conducted Saturday at the Third and

Donley Church of Christ in Tulia, with Harold Kennamer, minister, officiating. Burial was in Dreamland Cemetery at Canyon by Memorial Park Funeral Home.

Mrs. Wilmeth died Thursday in Tulia.

Born in Van Alstyne, she was a retired elementary school teacher and a member of the Church of Christ. She and her husband lived in Silverton and taught in the local school for several years. Her husband, Edward Wilmeth, died in 1981.

Survivors include a son, Edward Dwain Wilmeth of Amarillo and a brother, C. C. Watson of Oklahoma City, Oklahoma.

Caprock Camera Club To Meet Tonight

Caprock Camera Club will meet at 8:00 p.m. Thursday, July 11, at the First National Bank in Quitaque.

Everyone interested is invited to attend.

4-H Trail Ride Is Saturday, July 13

Hey kids! remember the 4-H Horse Club Trailride is Saturday, July 13. Time to meet will be 8:00 a.m. (morning) at the Lower Barrel Camp. There will be a noon cookout.

Moms are asked to check with Dirk Aaron on what you can bring to help out with the noon meal.

Jimmy Burson and Hand Baird are the Ride Leaders.

Capt. Davis Completes Advanced Course

Capt. Alex B. Davis, son of Lt. Col. and Mrs. Carol D. Davis of Silverton, has completed an armor officer advanced course at the U. S. Army Armor School at Fort Knox, Kentucky.

Students were trained in administration and operations, management, armor and cavalry operations, nuclear, chemical and biological operations as well as internal defense, logistical support and research development.

The captain is the grandson of Mrs. Zeldia Dudley and Mrs. Stella Davis, both of Silverton.

His wife, Stephanie, is the daughter of retired Army 1st Sgt. Bill and Leigh Wimberly of 504 Cable Loop, Leesville, Alabama.

Davis is a 1980 graduate of Northwestern State University, Natchitoches, Louisiana.

John Deere Announces New Finance Program

John Deere has announced a new program to waive finance charges for up to 10 months on all new farm tractors—utility, row-crop and 4-wheel drive—purchased through the John Deere finance plan. Finance charges will be waived until April 1, 1986.

Waiver of finance charges reduces the interest paid during the term of a retail financing contract. Additionally, the program permits a faster buildup of the buyer's equity in the tractors since all payments during the waiver of finance charges period apply entirely to principal.

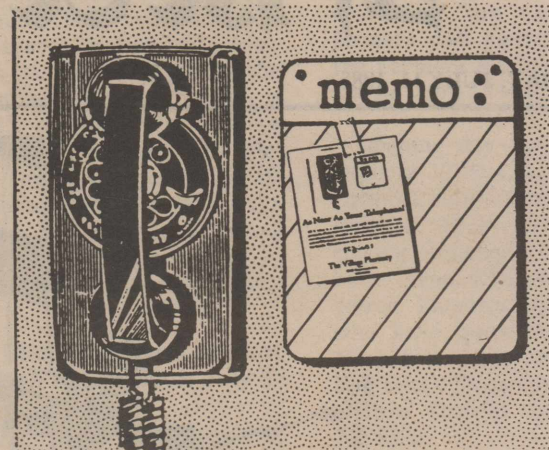

The company has also announced a discount schedule for buyers of new John Deere tractors who choose not to use the waiver of finance charges. Discounts range as high as \$1,025

on utility tractors, \$2,575 on row-crop tractors and \$4,450 on 4-wheel drive tractors.

"A contented mind is a continual feast."
 English proverb

The human tongue has four types of taste buds... differing between sweet, sour, salty and bitter. Cats cannot taste sweetness.

FOOD SAFETY CAN BE INCREASED AT HOME

To avoid the possibility of contracting food-borne illness

from foods prepared at home, Texas A&M University Agricultural Extension Service nutritionists recommend the following: Be sure to wash your hands carefully before handling food and wash raw foods very well.

Be especially careful to wash your cutting board and knives after each use, since cooked foods are often contaminated by raw foods that have been cut on the same board. Heat foods to at least 155 degrees F. before serving and keep cold foods well refrigerated until serving time.

Refrigerate or freeze leftovers immediately after a meal, and never allow foods to stand at room temperature for more than two hours.

CLIFF OLDHAM KIM FITZGERALD

Couple To Marry Here September 21

Mr. and Mrs. Guinn Fitzgerald are announcing the engagement and approaching marriage of their daughter, Kim, to Mr. Clifford Oldham, son of Mr. and Mrs. J. H. Oldham of Samnorwood.

First Baptist Church in Silverton will be the scene of the September 21 wedding.

The bride-elect received her degree in applied arts and sciences in May at West Texas

Mrs. Versie Woodard of Farmers Branch visited recently with her brother, Earl Cantwell, and also visited in Tulia with her sister, Bertha Self.

Brenda and Jackie Gaskins of Lubbock visited her parents, Elton and Lanita Cantwell, this past weekend.

Visitors in the home of Mrs. Edith Cruce in Lubbock Saturday included Mr. and Mrs. Robert Sarchet, Cleburne; Johnny Robison and son, Casey, Arlington; Mr. and Mrs. Charles Sarchet, Silverton; Mr. and Mrs. Jerry Sarchet and Jerod, Keenan Cruce, Haley and Tanner, Mrs. Elizabeth Skelton, and Cynthia Cruce, all of Lubbock.

Mr. and Mrs. Charles Sarchet visited in the home of Mr. and Mrs. Ken Sarchet, Brandon, Jordan and Molly in the afternoon, and Charles' birthday was celebrated.

Strange-McGuire Vows Exchanged In Corsicana

Wedding vows were exchanged by DeAnn Strange and Mark McGuire at 2:30 p.m. Saturday, May 11, at the West Hill Church of Christ Chapel in Corsicana. Minister John Shero officiated the double-ring ceremony.

The bride is the daughter of Helen Strange and the late Ted Strange, and the bridegroom is the son of Mr. and Mrs. Floyd McGuire of Abilene.

The chapel was decorated with a pair of brass candelabra holding white tapers entwined with greenery. Bamboo palms in brass urns were placed at either side. White satin bows marked family pews.

Matron of honor was Debra

Haynie of Corsicana, sister of the bride. Floyd McGuire, father of the groom, served as best man.

Serving as ushers and candle-lighters were Joe McGuire of Abilene and Mike McGuire of San Angelo, brothers of the groom.

The bride was escorted to the altar by her brother, David Strange of Midland. The bride wore a white tea-length dress accented with an embroidered bodice with a high neckline and pleated skirt.

Her attendant wore an aqua dress with scoop neckline and carried a single yellow rose.

A reception followed in the church parlor where the bride's

table was decorated with an epergne of spring flowers and pink tapers. Guests were served by Kim McPherson of Lubbock, cousin of the bride, and Laura McGuire of San Angelo, sister-in-law of the groom. Presiding at the bride's book was Shellie Cornett of Dimmitt, cousin of the bride.

After a wedding trip, the newlyweds are living in Austin.

The bride is a 1982 graduate of Silverton High School and attended West Texas State University. The groom is a 1980 graduate of Dumas High School and a 1985 graduate of West Texas State University.

The bride is employed as assistant manager of a retail clothier in Austin, and the groom is employed by Texas Copiers of Austin.

Lanita Cantwell and her mother, Jewel Fleming of Amarillo, recently visited with Mr. and Mrs. Mark Burk, Cally and Cameron near Raton, New Mexico. They helped Cally celebrate her third birthday on the 28th. Before returning home, Lanita stopped in Canyon to visit her other grandchild, Devin Cantwell, and his mother, Shannon.

HAPPY 35th!

Love,
Bryan, Mary, Matthew, Nicholas,
Donna and Carol

SECOND FIDDLE

A famous conductor observed, "Second fiddle is the hardest to play. I can get plenty of first violinists, but to find one who can play second fiddle with enthusiasm—that's a problem, and if we have no second fiddle, we have no harmony!"

Now, taste, chew, swallow and assimilate Philippians 2:3-4: "... doing nothing through faction or through vainglory, but in lowliness of mind each counting other better than himself; not looking each of you to his own things, but each of you also to the things of others."

See that winning score on the board? Rest assured the victorious group had teamwork.

Divisiveness, jealousies and kindred "uglies" tainted deeply the church in Corinth. They were "yet carnal," "mere infants" (1 Cor. 3:1).

But the household of Stephanas had maturely "set themselves to minister unto the saints."

Others were told "to be in subjection unto such and to everyone that helpeth in the work and laboreth" (1 Cor. 16:15-16). Being "in subjection" is surely "second fiddle" involvement. But rest assured it is divinely approved!

SENATOR'S MOBILE

OFFICE TO BE IN AREA

State Senator Bill Sarpalins' mobile office will be in this area on Wednesday, July 24.

The schedule reflects that the office will be in Wellington from 8:00 until 9:00 a.m. at the courthouse; at Peoples State Bank in Turkey from 11:00 a.m. until 12:00 noon; at First National Bank in Quitaque from 1:30 until 2:30 p.m., and at the courthouse in Silverton from 3:00 until 4:00 p.m.

Brown Reunion Held At School Cafeteria

A Brown reunion was hosted by J. D. and Lois Nance recently in the Silverton School Cafeteria.

Those enjoying the reunion day together were Mrs. Clayton Wood and Kelli Lois, Dell City; Mr. and Mrs. John Burson and Amy, Rocky Neely and Mark Hoskins, Roswell, New Mexico; Mr. and Mrs. Fares Lahoud, Michael and Christopher, Fort Worth; Mr. and Mrs. Rex Redies, Plainview.

Attending from Silverton were Mr. and Mrs. J. L. Self, Mr. and Mrs. Lynn Frizzell, Jamie and Casey, Melannie Daniels, Mr. and Mrs. F. E. Hutsell, Colleen and Robin Hutsell, Mr. and Mrs. Wade Steele and the Nances.

Ann Brown Wright was vacationing in Germany with her husband, Duane, and son, Spencer. She was the only daughter of the late U. D. and Zemily Brown that didn't attend the reunion.

Michael and Christopher Lahoud are vacationing here with their great-grandparents, Mr. and Mrs. J. D. Nance. The boys live in Fort Worth.

The invention of the first mechanical clock has been attributed to Hsing Liang Len'tsan of China, circa 725 A.D.

Weather Related Problems Continue To Bother Cotton Crop

Weather-related problems continue to bother the growth and development of High Plains cotton, says Dr. James Leser, area entomologist with the Texas Agricultural Extension Service at Lubbock.

"Like a broken record," he said, "cool temperatures, cloudy skies and rain showers still plague cotton growth."

Ascochyta blight has appeared in more fields during the past week or so, resulting in loss of productive leaf surface area, he said.

Blight infections and earlier thrip damage, he said, have hampered the ability of plants to set squares. Temik-treated cotton at Earth had 2.5 times more leaf area than untreated plants and averaged two to four squares per plant, he said.

Unprotected plants had fruiting nodes, he said, but had failed to set any squares.

"The impact of these earlier thrips and blight problems surely will show as reduced yields at harvest," he said.

Cloudy, relatively cool weather could cause excessive square shedding, the entomologist said. Excessive square loss often is blamed on insects, he said, when in fact weather-related conditions, high nitrogen, plant densities and non-pest problems are to blame.

"Fleahoppers certainly can be responsible for square loss in some fields, but in most cases they aren't the culprit," he said. "Because fleahoppers are so often implicated in such situations, we (entomologists) frequently refer to them as the 'mythical' hopper."

Proper field monitoring can determine whether this "invisible thief" is present, Leser said. In southern counties last year, he

Extension Highlights

Dirk Aaron
Briscoe County Extension Agent
**CONTROL WHITE GRUBS
IN LAWNS**

White grub control in lawns is important during the summer season.

May or June beetles are emerging from the soil and

said, excessive square loss attributed to fleahoppers actually was caused by early infestations of small bollworms.

A few bollworm eggs and larvae have been found in isolated fields across the area. Trapping studies conducted by Dr. Don Rummel, research entomologist at Lubbock, indicate migration thus far isn't a significant factor.

Survival of over-wintered bollworms from a mild winter appears higher than in 1984 and 1983, Leser said. A big peak in 1984, he said, probably came from a massive movement of moths into the area from downstate.

No, he's not willing to predict the bollworm situation for 1985.

The cotton crop needs seasonably warm to hot and basically dry conditions, with plenty of quality sunlight, sources said. Variable daytime temperatures, with no sustained period of 90-plus degrees, and periodic lows below 60 degrees have contributed to relatively slow crop development.

Cotton could be expected to react positively to an extended period of mainly hot, dry weather. It needs conditions conducive to development of a strong root system, without which it could suffer later when it would have insufficient time to tap the deep moisture reserve.

BRISCOE COUNTY NEWS

starting to swarm in late evenings. Females are laying eggs and white grub worms that hatch will soon be feeding on roots of bermudagrass and St. Augustinegrass in home lawns. Once grubs begin feeding, control measures should be taken, says Dirk Aaron, Briscoe County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

White grubs in excessive numbers can heavily damage lawns, notes Aaron. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of four inches. Examine at least one square foot of sod for 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon, Dursban or Dylox provides adequate control and should be used at recommended rates given on the chemical container label. The granular form is easier to apply and to wash into the soil than liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock them down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass

to the root zone where grubs are feeding, emphasizes Aaron.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the County Extension Office.

We're going to rewrite your phone book soon.

Do you want us to make any changes?

Before the presses roll on the new edition of your phone book, take a minute to check:

- Make sure you're listed correctly.
- Or tell us if you'd like more listings (the kids, a relative, or your spouse, for example).
- After all, it's your phone book. When you see your name in print, it ought to be the

way you want to see it.

So, if you want any changes or additions, let us tell you what the charges might be, if any. Just call our business office now.

GTE

Nuclear Waste To Be Discussed At Meeting

Residents of the Silverton area are invited to a meeting Tuesday, July 23, in Amarillo, to learn more about the high-level nuclear waste repository that may be located in Deaf Smith County.

The program is scheduled from 4:00 until 9:30 p.m. in Exhibit Hall of the Amarillo Civic Center, with the first part of the session devoted to giving the public an opportunity to visit with and question persons present to explain aspects of the project. Speakers will make formal presentations beginning at 6:30 p.m.

The Department of Energy is sponsoring the meeting, the first of its kind to be held in Amarillo, and more than 30 government representatives will be present to outline plans and answer questions about the proposed facility.

Also present will be spokesmen for citizens opposed to locating the nuclear dump in a nine-square-mile area in northern Deaf Smith County, one of three sites designated as "finalists" in the search for a place to store the nation's most dangerous nuclear garbage.

Mrs. Beulah Lee Carter of Amarillo, chairman of a temporary committee organized last month to fight choice of the Deaf Smith site, announced plans for the groups' representation at the upcoming meeting.

Among spokesmen for the group, she said, will be Wayne Wyatt, manager of Hi-Plains Underground Water District No 1, of Lubbock; Wayne Richardson of Richardson Feeds, the nation's largest producer of certified seeds, and which is located within the proposed site for the nuclear dump; Don Hancock of Albuquerque, joint technical assistant to both POWER and STAND, anti-dump organizations formed in Deaf

DON'T PAY JUST FOR BRAND NAME

Would you buy the more expensive of two identical products? Most people would say "no," but many shoppers do just that.

Many products are virtually

Smith and Swisher counties, respectively; Carl King of Dimmitt, president of the Texas Corn Growers Association; and Angela Lamb, head of the Amarillo office of the Texas Agriculture Department.

Also expected to be at the meeting to ask and answer questions on effects of a nuclear waste repository in this area will be representatives of a variety of agriculture, agribusiness and livestock interests, according to Mrs. Carter. Tonya Klueskens of Hereford, president of POWER, and Delbert Devin of Tulia, president of STAND, plan to attend, along with Panhandle legislators and other public officials, she said.

The temporary committee will be seeking to recruit members for a permanent organization to join groups already formed in Tulia and Hereford to fight location of the repository in the Panhandle.

"A good attendance from a wide area will help convince the DOE that our people don't want that dump," said Mrs. Carter.

"People need to see that DOE has no answer to many of our questions about dangers of dumping nuclear garbage in our area," she said.

the same in content or ingredients. Only the price varies. For example, you might find that two different national brands of fly repellent have the same list of chemicals on the label. Yet, one may cost much more.

Significant price differences between brands are also obvious in aspirin products and vitamins. Other products that are basically the same except for price are petroleum jelly, mineral oil, rubbing alcohol, hydrogen peroxide and ammonia.

You can also find many food products that are essentially the same except for price. Many staples such as soda, pepper, sugar, flour, corn syrup, brown sugar, powdered sugar, vinegar and corn starch fit in this category. Most of these products—whether brand name or not—contain the same ingredients because of government controls called Standards of Identity. These standards apply to many basic products and foods. So, for example, each manufacturer must include the same combination of ingredients for a product to be labeled aspirin or peanut butter or corn syrup.

When you find products that are the same, save money by buying the least expensive, rather than always looking for a familiar brand name.

C.O.D. MAIL IS

NEW POSTAL SCAM

Con artists make phone calls, telling people they've won fan-

tastic prizes and that the "instructions" for receiving them will be sent by mail. Then the letters arrive C.O.D. and the receiver pays a high fee. Consumers who are fooled by this scam end up with worthless

paper for their money. If you receive one of these calls, inform your postmaster.

In some parts of the Sahara Desert there are underground streams. People digging for water can sometimes catch fish.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

CARDS OF THANKS

Many kindnesses, gifts, considerations and friendships have come our way during our six-year stay in Silverton. Of course, we express very special thanks and love to the Silverton Church of Christ. We feel genuine gratitude toward Briscoe County News for capable services rendered and thoughtful cooperation. Many other persons and businesses in Silverton and Briscoe County have contributed to our pleasant feeling of acceptance in this delightful part of the Panhandle. We will miss a "bunch" of you. We will be nearby, working with the McLean, Texas Church of Christ. Drop in any time. You're always welcome. We mean it! 3 John 2 and Hebrews 13:18.
Pauline and Gerald Beasley

High Plains Farmers Market To Open In Lubbock July 13

"Local, farm fresh produce, sold by the farmers themselves, will be available in Lubbock starting July 13," Texas Department of Agriculture Marketing Specialist Johnie Turpen announced to Lubbock consumers today. "This farmers market should reap great benefits for both High Plains fruit and vegetable farmers and gardeners as well as Lubbock consumers," Turpen added.

The High Plains Farmers Market Association, which was organized jointly by the Texas Department of Agriculture, and Lubbock County and Area Extension Agents, will operate each Tuesday, Thursday and Saturday from 8:00 a.m. until the farmers sell out in the Under-

wood Warehouse on the corner of 24th and Avenue E. This facility has been donated to the farmers for the market by Mr. Harris Underwood.

"Consumers are encouraged to be there early," Association President Wayne Robertson of Petersburg stressed, "so that they can get the cream of the crop. The farmers are excited about this new market."

"Despite the wet weather, we expect some good quality produce opening day," Robertson concluded, "but we need more farmers and gardeners to join the Farmers Market Association and be there on opening day."

Opening day ceremonies will begin at 10:00 a.m. with several Lubbock dignitaries scheduled to speak at the event and a ribbon cutting organized by the Lubbock Area Chamber of Commerce. Farmers and consumers who have questions about the Market are encouraged to call the Texas Department of Agriculture District office at 806 799-8555.

The Texas Department of Agriculture is assisting this effort as a part of a new initiative by Agriculture Commissioner Jim Hightower. In 1983 and 1984, TDA was successful in assisting 19 local communities in expanding existing markets or starting new farmers markets. TDA expects to work with 14 Texas communities in 1985, which are seeking to start a new market or improve an existing one. The High Plains market is a part of this emphasis.
