THINK SILVERTON!

THURSDAY, SEPTEMBER 26, 1985

VOLUME 77 NUMBER 39

All Around
The Town

BY MARY ANN SARCHET

Your attention is directed this week to the observance of EMS Week September 29-October 5.

The Emergency Medical Services—called EMS—includes everyone and everything that an injured or ill person comes into contact with when that person receives emergency care—from the citizen who puts a compress on a bleeding injury, to the emergency medical technicians who stabilize and transport the injured person, to the ambulance and its equipment that the victim is transported in, to the hospital itself and the physicians and nurses who specialize in emergency department medicine.

In Silverton, where we have no doctor in our county, the work of the EMS becomes even more important. The ambulances are equipped with radios which put the local EMS personnel in immediate contact with doctors

P-TA To Have First Meeting of New School Year

The Silverton P-TA will hold its first meeting of the 1985-86 school year on Monday, September 30, at 7:30 p.m. in the Pioneer Room at First State Bank.

Anyone interested in being a member of the P-TA is asked to attend this meeting. Yearly dues of \$2.00 will be collected at this time.

The P-TA organization is for your children and your school. Please come and share your ideas for programs for this next year. Programs already planned are: a speaker from Amarillo will talk on drugs and drug abuse; a MADD organization member will talk on drunk driving; an open house at the school and the second annual Little Wrangler Rodeo.

The P-TA had 60 members last year and would like to see even more members this year. Come join the Silverton P-TA on Monday, September 30, at 7:30 p.m. If you can't be there, please contact one of the officers: Raye Smith, president; Vicki Bean and Connie Smith, vice presidents; Tisa Whitfill, secretary-treasurer, and Ramona Martin, reporter-historian.

Some members of the Silverton EMS pictured Tuesday morning were [kneeling, from left] Della Boling, Larry Comer, Mary Ann Sarchet, Faye Self, Anthony Kingery, Lynn Frizzell;

[standing] LaRue Garvin, Emmett Tomlin, James Edwards, Jerry Patton, J. L. Self, Dick Roehr, Ted Kingery and Bill Boling.

Silverton EMS To Have Open House Sunday Afternoon

Members of the Silverton Emergency Medical Services will be hosting an open house at the City Hall from 2:00 until 4:00 o'clock Sunday afternoon.

The public is invited to inspect the ambulances, look over the equipment that is carried in the units, and ask questions of the EMS volunteers.

Refreshments will be served. "This is your EMS system and we are very proud to be a part of it," said Lynn Frizzell, President

of the Silverton Volunteer Ambulance Service. "We would like to take this time to say thank you for all the support that is given to us, not only the money and equipment, but also the simple thank-you's that mean more than you can know sometimes.

"Without your support, we could not offer this service to you, so come by the City Hall Sunday, September 29, between 2:00 and 4:00 p.m. and see your EMS and the people who are working for you.

"We of the Silverton EMS would like to thank you, and here's hoping that you never need us," Frizzell added. "If you do need us, you may be sure we will be there to serve you."

Officers of the Silverton Volunteer Ambulance Service, in addition to Frizzell, are Tom Burson, vice president; Janice Hill, secretary-treasurer; James Edwards, Anthony Kingery, Rick Minyard and Emmett Tomlin, members of the board of directors.

There are presently 29 certified volunteers in the Silverton Volunteer Ambulance Service and four volunteer drivers. They are:

Roland Asebedo, who certified as an EMT in March 1985, and is also certified as a peace officer by the State of Texas and is a fireman. The firemen hold a dual

role that sometimes overlaps, as in search and rescue, water rescue, storm watch, traffic accidents and fires.

Bill Boling, who certified as an EMT in April 1977, and also holds special certification in MAST and search and rescue. The Military Anti Shock Trousers are pants that are placed on a patient who is suffering from shock due to blood loss. They are

First New Cotton Ginned In Briscoe County

Joe O'Neal delivered the first new-season cotton to Paymaster Gin at Quitaque and two bales were ginned out of 950 and 900 pounds of seed cotton September 18. One bale weighed 490 and the other 440 pounds. There was a 19½% turnout.

The cotton was ginned free, and the first bale was purchased for 80c a pound. Mr. O'Neal will also receive a bonus from various businesses in Briscoe County.

The cotton was grown on land below the Caprock. Mr. O'Neal defoliated with acid September 6.

Heavy Rains Fall On Silverton Vicinity

Heavy rains have fallen in the area during the past few days, thoroughly saturating this vicinity and bringing the September moisture total in Silverton to 3.90 inches, as recorded by Fred A. Strange.

This brings the 1985 rainfall to date to 23.25 inches, quite a bit above the annual normal figure of 20.50 inches.

O. R. Stark told the Briscoe County News last Friday that more than 30 inches has been recorded at Quitaque by City Secretary James Brunson this year.

The rainfall has been very good for pastures and wheat prospects. It hasn't been too good for open cotton and the coolness hasn't been very good for cotton that isn't open. Stark said the rain hadn't been good for the blackeyed pea seed crop below the Caprock, but that a good rain generally does more good than harm.

1985 RAINFALL TO DATE

January	.85
February	.40
March	2.80
April	1.45
May	1.75
June	6.75
July	3.70
August	1.65
September	3.90
Total to Date	23.25

Rainfall amounted to 2.90 inches at Lake Mackenzie, which caught some new water from heavy rains in the Tulia and Kress areas. Assistant Mackenzie Manager Emmett Tomlin said the lake probably rose about five or six inches, but the new water mainly replaced water that has been used out of the lake this summer. The depth at the dam is approximately 115 feet now.

Baby Transferred To Houston

Cortney Hill, year-old daughter of Mr. and Mrs. Greg (Karen) Hill, was transferred from the Dallas hospital where she has been for the past several days, to the University of Texas Children's Hospital in Houston Tuesday. Cortney and her mother traveled in an air-ambulance plane, and other family members joined them in Houston. The baby will be undergoing more tests and possibly will have heart surgery soon.

at the Amarillo Emergency Receiving Center (or other hospital). The emergency medical technicians and paramedics become the eyes and hands of the physician. Their training must equip them to report the patient's condition accurately and efficiently to give the doctor a correct "picture" of the situation. The doctor then can be confident that his orders for the patient will be carried out properly.

Silverton's paramedic ambulance is equipped to send telemetry to the hospital, and in a few seconds the doctor can see the patient's EKG, if need be.

In Silverton, all members of the EMS are unpaid volunteers. A nominal fee for the use of the ambulance service is charged patients who are transported to the clinics and hospitals. On the basis of the total expenses of the local EMS last year—when no major equipment purchases were made—the fee charged would have been approximately \$330.00 per patient if the service had been billed at the amount of its actual cost. The fees actually billed were less, and this is possible only because the citizens of this area are generous with their donations to the EMS. It seems that the general attitude toward the local EMS is that those who can serve do so without pay, and those who can't serve donate some of their money to insure that the service continues.

It is a system that has worked very well for the people of this area.

Silverton EMS is available to serve all the people of Briscoe County, and also has served the Claytonville community in Swisher County a number of times in recent years. The local EMS stands by to assist any neighboring community in time

of disaster, just as other communities stand by to assist Silverton if the need arises.

There are several things you can do if you are the first person on the scene of an accident or illness. As a "first responder" you can help stop a victim's bleeding, start CPR on a drowning victim, do abdominal thrusts on a choking victim. And you should immediately get someone to call the EMS.

Try to be calm or have a calmer person make the call—823-2001—and give whatever information the dispatcher asks for. That will include the patient's name and location, what is wrong with the victim, and the best way to reach the scene. In Silverton, the same emergency phone number is used by both the fire department and EMS. Someone will answer the emergency phone by saying "fire department." After you have given the information about the patient, you may hear several people on the line as an ambulance crew is being formed. Teach your children how to call EMS—they may need to make the call for you someday. And above all, if you get the emergency number by mistake, please admit that you have a wrong number so the EMS personnel won't be wondering if someone needed the ambulance and wasn't able to say so.

If you would like to join the EMS as an active volunteer, you are welcome to do so. Training classes for emergency medical technicians are held in Briscoe County periodically. This includes 40 hours of training for emergency care attendants, 120 hours of training for emergency medical technicians, 160 hours of training for EMT-Special Skills volunteers and 460 hours of training for EMT-Paramedics. There is also a continuing education program which provides for 20 hours per year of training for EMTs and 40 hours per year for Paramedics. If you are interested in joining the next class, you may contact Anthony Kingery, EMS instructor, for information on when the next classes will be held.

The Silverton Volunteer Ambulance Service meets regularly the second Tuesday of each month at the City Hall at 7:00 p.m. These meetings are open to the public, and you are invited to attend if you are interested in doing so.

A big part of what you can do for EMS is to support your local organization. Local officials need to know that you place a high value on quality emergency medical care—talk to your community decision-makers, urge your EMS to do public education, get involved. Make EMS an important and unifying issue for the community.

Movable type was first employed around 1000 A. D. in China.

**EMS—
Continued From Page One**

made up of three inflatable compartments, the legs and abdomen. With these inflated, a patient can sometimes be prevented from going into shock or the symptoms of shock can be reversed.

Della Boling, who certified as an EMT in May 1983 and is also certified in MAST.

Van Breedlove, who was certified as an EMT in May 1983 and is also a fireman.

Tom Burson, who was certified as an EMT in January 1980, and holds MAST certification, search and rescue certification and is a fireman.

Larry Comer, who was certified as an EMT in May 1983, and is a fireman.

James Edwards, who was certified as an EMT in January 1980 and as a Paramedic in November 1983. He holds special skills certification in MAST, search and rescue, and is a fireman.

Paramedic training is above the EMT and EMT-SS level. These persons are trained in IV and drug therapy, advanced airway technique and EKG, with more detail on all other problems encountered in the field of emergency medicine.

Danny Francis, who certified as an EMT in May 1983, and has special certification in MAST, search and rescue and Advanced Cardiac Life Support. This ACLS class is just what its name says, advanced life support for a patient who is having some kind of heart problems. This class goes into more detail than even the Paramedic class.

Lynn Frizzell, who certified as an EMT in April 1977 and as a Paramedic in December 1980, holds special certification in MAST, search and rescue, ACLS and is a fireman.

LaRue Garvin, who was certified as an EMT in April 1977, holds special certification in MAST.

Riley Harris, who was certified as an EMT in May 1983, is also a fireman.

Sandy Harris and Shelly Harris, both of whom were certified as EMTs in May 1983.

Janice Hill, who was certified as an EMT in May 1983, and is also a peace officer certified by the State of Texas.

Anthony Kingery, who was certified as an EMT in April 1977 and as a Paramedic June 1979, and is also certified in MAST, extrication, search and rescue, ACLS, PHTLS, instructor, Paramedic and is also a fireman.

Persons who are certified as instructors by the State, Texas Department of Health and area colleges, teach courses such as EMT, EMT-SS, Paramedic, ACLS and PHTLS.

PHTLS is pre-hospital trauma life support. This class is taught to benefit the patient who has one or more major body systems injuries. This class is given so that these patients can be rapidly spotted and very aggressively treated, not in the field, but in the ambulance as they are being transported. This compounds the problems of treatment alone because it is done on the move, but with it these patients have a greater survival rate. This is more in detail than a paramedic course.

Dale McWaters, who was certified as an EMT in December

1981, and has special certification in MAST, search and rescue and is a fireman.

The search and rescue class was held at the Boy Scout Camp in Briscoe County. People from all over the Panhandle attended. The certification requires both classroom and practical exercises. Taught in the class was how to set different search patterns, how to search for people of different age groups and so on, as well as how to get a patient out of rough country.

Rick Minyard, who was certified as an EMT in May 1983 and is also a peace officer certified by the State of Texas.

Dick Roehr, who was certified as an EMT in May 1983, and also holds special certification in search and rescue, is a peace officer certified by the State of Texas and is a fireman.

Mary Ann Sarchet, who was certified as an emergency care attendant in 1980, was certified as an EMT in March 1985.

Bruce Tiffin, who was certified as an EMT in April 1977, became a Paramedic in November 1983. He holds special certification in MAST, extrication, search and rescue and is a fireman.

Extrication includes training in the use of tools, both simple and complex (hay hook to Jaws of Life) to gain the freedom of a patient trapped in a car, farm machinery or whatever.

Emmett Tomlin was certified as an EMT in April 1976. He is a charter EMT in the Silverton Volunteer Ambulance Service and in the Texas Association of EMTs. He holds special certification in extrication, search and rescue, is a peace officer of the State of Texas and is a fireman.

Jarus Flowers was certified as

an EMT in April 1977.

Jerry Patton, who was certified as an EMT in April 1976, is also a fireman. He is a charter EMT in the Silverton Volunteer Ambulance Service and in the Texas Association of EMTs.

Mike Pigg and Sharon Pigg were certified as EMTs in May 1983.

Faye Self was certified as an EMT in April 1977, and holds special certification in MAST and search and rescue.

Stephen Stephens, Diamond Williams and Glenda McGavock were certified as EMTs in March 1985.

Ted Kingery and Charles Sarchet, both of whom were charter EMTs in the Silverton Volunteer Ambulance Service and the Texas Association of EMTs and who no longer hold certification, have volunteered as ambulance drivers, as have J. L. Self and Jeff Tiffin.

P.A.S.S. MEETS

IN NANCE HOME

The Prayer and Share Sisters met with Lois Nance to study "Unity in Diversity."

Florene Fitzgerald led the opening prayer. Lanita Cantwell and Glenda Francis were in charge of the scripture reading.

In this study, the ladies learned that "God's Unity is the pattern for our unity and that maturity involves both unity and knowledge."

Maebelle Francis led the dismissal prayer. Mrs. Nance will host the next meeting September 25 at 3:30 p.m. At this time the study will be "Throwing Out the Garbage," taken from Ephesians 4:17-32 and Colossians 3:1-17.

Fitzgerald-Oldham Vows Pledged In Pretty Double-Ring Service

The First Baptist Church was the scene of the marriage of Miss Kim Fitzgerald and Clifford Oldham at 6:00 p.m. Saturday, September 21. The pastor, Rev. Jerry Miller, performed the double-ring ceremony before a brass arch candelabra decorated with silk leaves and apricot carnations holding apricot tapers. This was flanked by brass spiral candelabra entwined with apricot lily of the valley and holding apricot tapers.

A decorative brass table held a brass votive candelabra.

The mothers of the couple carried lighted apricot tapers as they were escorted into the sanctuary, and placed them in brass holders on either side of the couple's unity candle before they were seated.

Every fourth pew was decorated with a pastel-colored votive candle nestled in lace.

Parents of the couple are Mr. and Mrs. Guinn Fitzgerald of Silverton and Mr. and Mrs. J. H. Oldham of Shamrock.

Escorted and given in marriage by her father, the bride wore a formal-length gown of candlelight Chantilly lace and organza trimmed with Schiffli embroidery. Her gown featured a lace wedding band collar and sheer embroidered yoke sprinkled with pearls and outlined with scalloped, Schiffli embroidered lace. Her fitted bodice was accented at the waistline by a band of Chantilly lace, and her Renaissance sleeves were gathered at the shoulders and formed petal points over her wrists. Her full skirt of alternating ruffled tiers of organza and Chantilly lace swept into a chapel train in back.

Her lattice bridal hat was edged with scalloped lace and pearls, and was accented by a cluster of silk roses. Her fingertip length pouf veil of illusion drifted down her back.

She carried a cascading bouquet of rainbow-colored silk flowers showered with candlelight streamers atop a white Bible. To carry out tradition, the bride had tucked inside the Bible a 65-year-old linen and lace handkerchief given to her mother for her wedding by the late Mrs. Jennie Fisher. The Bible was the same one carried by her mother in her own wedding. Her wedding ensemble was something new, and for a touch of blue she added a garter.

Attending their sister as matrons of honor were Mrs. Suzette Nistler of Amarillo and Mrs. Nanette Kennedy of Levelland. Bridesmaids were Misses La-brenda Driver of Perryton, Penny Cogdell of Silverton and Jennifer Smith of Canyon.

They wore dresses in colors of the rainbow designed of taffeta overlaid with silk organza. The ruffles at the top of their bodices formed off-the-shoulder sleeves, and the ruffles at their hemlines came up the back to form bustles. Each carried a pastel-colored nosegay of silk flowers which matched the color of her dress.

Flower girl was Little Miss Cheyenne Oldham of Shamrock, cousin of the groom. She wore a pastel-colored dress designed similarly to those worn by the

MRS. CLIFFORD OLDHAM

other attendants, and a headband of apricot flowers. She carried a net flower basket showered with streamers in rainbow colors.

Misses DeLynn Fitzgerald, sister of the bride, and Lee Ann Durham, cousin of the bride, were candlelighters. They wore dresses of apricot taffeta overlaid with silk organza featuring bows in the center back at the waistline and matching apricot wrist corsages.

Master Cole Oldham of Shamrock, nephew of the groom, was ring bearer.

Groomsmen were Clinton Oldham and Mike Oldham, both of Shamrock, brothers of the groom; Gary Oldham of Shamrock, cousin of the groom, and Buster Davis of Gruver.

Best man was Mark Tarver of Shamrock.

Guests were seated by Rodger Kennedy of Levelland and Ron Nistler of Amarillo, brothers-in-law of the bride; Bobby Myers of Samnorwood and Michael Bentley of Canadian.

Mrs. LaRue Garvin played traditional nuptial selections at the organ, and Mrs. Anne Davidson, pianist, accompanied DiAnna Oldham of Shamrock, soloist. Wedding selections included "In This Quiet Hour" as the candles were being lighted, "You and I" after the prayer, and "God Made Us For Each Other" as the couple extinguished the candles representing their separate lives and together lighted the unity candle representing their oneness.

The bride's mother chose a

rounding the cake. Refreshments were served at the bride's table by LaDonna Oldham, cousin of the groom, and Lisa Tarver.

Fruit, cheese, watermelon and cantaloupe balls, iced tea and coffee were served at the groom's table by Elaine Oldham, sister-in-law of the groom, who also directed registration of guests, and Kay Martindale.

Others assisting with the reception were Alison Grimland, Shannon Bingham, Lee Ann Durham, DeLynn Fitzgerald, Melannie Daniels, Mike Settle, Shirley Reynolds and Anne Davidson.

Following a short wedding trip, the couple is at home at Samnorwood where she is employed as a teacher in the school and he is engaged in farming and ranching. The bride is a graduate of Silverton High School and West Texas State University. The groom is a graduate of Samnorwood High School and West Texas State University.

REHEARSAL DINNER

Leaders Needed For Brownie Girl Scouts

Anyone interested in being a Junior, Brownie, or Daisy Girl Scout leader, is asked to meet Thursday at 12:00 noon at the Methodist Church.

Scouting is a great experience for young girls and lots of leaders are needed.

If you can't attend this meeting, please contact Vicki Bean or the Girl Scout House in Plainview.

A catered rehearsal dinner party was hosted by the groom's parents on Friday night in the Fellowship Hall of the First Baptist Church in Silverton. The menu consisted of barbecued beef, ribs and sausage, beans, coleslaw and sourdough bread.

Mrs. Couch Is Shower Honoree

Mrs. Russell Couch, the former Cathey Lee Smith, was guest of honor at a miscellaneous bridal shower and tea from 3:00 until 4:00 in the afternoon on Saturday, September 21, in the Pioneer Room at First State Bank in Silverton.

Mrs. Peggy Fleming greeted the guests and presented them to the honoree and her mother-in-law, Mrs. Waynelle Couch, and to Mrs. Joyce Smith of Amarillo, grandmother of the groom. Corsages of blue silk tiger lilies were presented to those in the receiving line.

Mrs. Susie Younger of Amarillo presided at the guest registry.

The bride's chosen colors, shades of blue, were used in decorations. The refreshment table was covered with a white lace cloth over blue underlay, and the centerpiece was a shefflera plant interspersed with blue silk lilies flanked by ceramic ducks. Orange fruit punch, coffee, lemon bars, orange balls, ham and cheese finger sandwiches were served by Miss Brenda Boling, Miss Penny Cogdell and Mrs. Staci Denton.

Special guests at the party were two aunts of the groom, Mrs. Joy Bunch of Hereford and Mrs. Glenda Couch of Silverton.

Hostesses were Mes. Peggy Fleming, Mary Jane Patton, Brenda Patton, Reba Tipton, Pat Fitzgerald, Della Boling, Beverly Bowman, Janice Hill, Sandy Harris, Shirley Henderson, Vicki Arnold, Lanita Cantwell, Mary Brown, Elaine Forbes, Pat Edwards, Rosemary Perkins, Mike Settle, Nelda Jasper and Mary John Harris, and their gift to the newly-married couple was an upright Eureka vacuum cleaner with attachments.

Mrs. Marley Honored At Bridal Shower

A bridal shower was given for Mrs. Mark Marley, the former Jennifer Martin, in the Pioneer Room at First State Bank on Sunday, September 22. The calling hours were between 2:30 and 3:30 p.m.

Guests were greeted by Joy Stodghill and presented to the honoree and her mother, Mrs. Mary Martin. Special guest was the bride's grandmother, Mrs. Merle Oneal.

Marilyn Patrick registered the guests in the bride's book.

Refreshments of punch and cookies were served by Kathy May and Carol Stodghill. The refreshment table was covered with a pink cloth. Crystal appointments and an arrangement of mauve and navy silk flowers were used.

Hostesses for the shower were Joy Stodghill, Karen Hill, Carol Martin, Kathy May, Carolyn Reagan, Bessie Garrison, Vivone Arnold, Polly Jarrett, Vaughnell Brannon, Rosemary Perkins, Virginia Hardin, Bonnie May, Lottie Garrison, Betty McPherson, Elaine Forbes, Carlye Hill, Marilyn Patrick and Marge Jones. Their gift to the couple was cookware and the silk flower arrangement from the table.

ROCK CREEK CLUB TO MEET NEXT TUESDAY

Rock Creek Quilting Club meets Tuesday, October 1, in the home of Mrs. Barry Francis.

New Arrival

Mr. and Mrs. Nick Long, 537 South Cedar Street, Perryton, are parents of a daughter, Molly Kaye, born Sunday, September 22, 1985, at 10:26 a.m. at the Ochiltree Memorial Hospital. She weighed 6½ pounds.

Grandparents are Mr. and Mrs. Bev. Roberson of Haskell and Mr. and Mrs. George Long of Silverton.

Mrs. Clint Stewart of Abilene is Molly Kaye's great-grandmother.

Caprock Squares To Host Tulia Club Saturday

The Caprock Squares of Silverton and the Shirts & Skirts of Tulia will square dance Saturday night at 8:00 o'clock in the Rex Tiffin barn.

Hosting the dance will be Robert and Betty McPherson, Fred and Wanda Strange, Bud and Glenda Couch.

Al Curtis of Amarillo will be the caller.

Everyone is invited.

The shortest lived U. S. coin was the twenty-cent piece, issued regularly only in 1875 and 1876. They were too easily confused with quarters.

Area Democrats Seek To Change Party

County Democratic Chairman Jackie Mercer said today that a 31st Senatorial District Democratic meeting will be held in Tulia on Saturday, October 5, at the Swisher Memorial Building.

The open meeting will start at 10:00 a.m., lasting until 3:00 p.m. with luncheon served.

Statewide and district officials of the Texas Democratic Party

have been invited and several are expected to attend. In addition, the Young Democrats Organization (YD) representatives and national, state and district Democratic Party leaders will attend to map out strategy for the upcoming 1986 elections.

It is felt that this district meeting will be very informative, formulating and educational for not only the party activist but also for the general public.

Varsity Owls Improve Season Record to 2-1 By Winning Here

Silverton's Varsity Owls improved their season record to 2-1 here last Friday when they defeated Southland 18-12 in their first district game.

Todd Reagan opened the scoring on a 12-yard run in the first quarter, and added another score in the same period from 12 yards out.

In the second quarter, Reagan scored on a 52-yard run.

No extra points were made. Southland scored before half-time, to bring the score to 18-6.

There was no scoring in the third period, and Southland scored again in the fourth frame. With the score standing at

18-12 and Southland driving for the tying touchdown, Neal Edwards intercepted a pass near the end zone to kill their opportunity. Edwards also recovered a fumble during the game.

"Russell Simpson did a good job of blocking. He had several good runs called back," said Coach Shely. "He also threw the key block that allowed Reagan to score our third touchdown."

"Cal Brannon did a real good job defensively," Coach Shely added.

The high school has an open date this Friday night, and will travel to Cotton Center on Friday, October 4.

Pet Show To Kick Off National 4-H Week

Silverton 4-H Club members will kick off National 4-H Week with a Pet Show on Monday, October 7, at the Briscoe County Show Barn. Registration of contestants will be at 6:00 p.m. with the show starting at 6:30 p.m.

All youth in Silverton are invited to enter, whether or not they are enrolled in 4-H. There is no age limit for youth, but participants must be old enough to control the animal they bring. Pets can't be allowed to "eat" their competition.

At least 10 categories will be offered, among them longest tail, largest pet, smallest pet, most unusual pet, shortest tail, furriest pet, and others.

An entry fee of 25c per category will be charged to help pay for ribbons. Two outstanding judges have been recruited for this event.

The show is open to dogs, cats, birds, snakes, rabbits, or any other pet that can be held, placed on a leash or in a cage or controlled by the exhibitor. Only one animal per exhibitor will be allowed.

Youth who wish to join 4-H may do so at the Pet Show.

Parents and friends are invited to attend this event.

Mrs. Billie (Lucy) McDaniel fell outside her home in the Rock Creek community on Thursday of last week, and was transported to Central Plains Hospital in Plainview by the Silverton Volunteer Ambulance Service. She underwent surgery Friday for repair of a broken hip. It has been reported that she is recovering well, and expects to be able to return home in about a week.

The pay phone near the ticket counter at the Greyhound Bus Terminal in downtown Chicago, is, according to phone company researchers, the most heavily used in the United States, averaging 270 calls a day. Most pay phones average about eight-

Junior High Owls Romp Over Southland, 60-19

Silverton's Junior High Owls romped over Southland to the tune of 60-19 here last Friday afternoon on a rain-soaked field.

Wayne Henderson scored the first six points for the team when he recovered a Southland fumble in the end zone.

Denny Hill scored the second counter on a one-yard run after Bradley Brunson had recovered a fumble.

Wayne Henderson recovered another fumble. Bradley Brunson recovered a fumble, and Frank Lowrey scored from one yard out. Jon Pigg added the extra point, and the Owls held a 19-0 lead.

Southland came back to score on a 79-yard interception return, and held the short end of the 19-6 score.

Frank Lowrey ran 50 yards for another touchdown for the Owls and Denny Hill added the PAT to make the score 26-6.

Southland countered with a 50-yard touchdown run, made good on the PAT, and trailed 26-13.

Wayne Henderson recovered another fumble and ran three yards for the next Owl score.

Southland returned the ensuing kickoff 65 yards for a touchdown. This brought the score to 32-19.

Denny Hill carried 55 yards for another touchdown.

Kendal Minyard had a 45-yard pass interception and run for paydirt. Timmy Wheeler added the point after, and the score stood at 46-19.

Bradley Brunson recovered the next Southland fumble and carried another score 25 yards for the Owls on a pass play from Wayne Henderson. Henderson passed complete to Robby Weak for the PAT, making the score 53-19.

Mike Miller made an eight-

yard touchdown run, Fidencio Reyes carried the PAT, and the Owls had their final 60-19 score.

The Junior Owls travel to Amherst this afternoon (Thursday) for a game at 6:00 p.m.

Senior Citizens Fun Night Is Tonight

"Fun Night" will begin at 7:00 p.m. tonight (Thursday) at the Silverton Senior Citizens Center. There will be a variety show, with skits, songs and readings.

Everyone 55 years of age or older is invited to attend.

SENIOR CITIZENS TO HAVE BIRTHDAY PARTY

The Senior Citizens first Tuesday night birthday party will be held Tuesday, October 1, beginning at 7:00 p.m.

Refreshments will be served.

Leon Martin was transported from his home to the Veterans Hospital in Amarillo Sunday morning by the Silverton Volunteer Ambulance Service.

Mr. and Mrs. George Seaney received word Wednesday of last week that the father-in-law of their son, Cecil Seaney, Buck Henley, had passed away at a hospital in Amarillo. He had lived in McLean most of his life. Survivors include his wife; a daughter, Mrs. Anita Seaney; four grandchildren and ten great-grandchildren.

Mr. and Mrs. Pascal Garrison and Mr. and Mrs. George Seaney attended the funeral services Friday afternoon at the First Baptist Church in McLean.

News From The VO-AG SHOP

Have you ever tried teaching girls how to drive a nail, run a cutting torch or change into work clothes fast. Much to my surprise we are coming along very well. This is my first experience in teaching girls and there's not

much difference between them and boys except they smell a little better. They are learning skills that have been traditionally taught to boys and are doing quite well.

This past week we had a couple of days devoted to the old clawhammer and its proper uses. Seems like we got a lot of defective nails in the bunch. Well we gave the cherished Bent Nail Award to DeLynn Fitzgerald and moved to another subject.

At our FFA meeting this past week we elected officers to serve for the 1985-86 school year. The chapter elected to sell fruit again this year. Some committees were appointed to serve on recreation and fund raisers.

We had a few minor NATURAL gas leaks in various classes. Proper maintenance is being applied to some students. Ha!

Ha!

Within the next few weeks livestock projects will be purchased and we will begin our feeding program. Some of the students will be feeding livestock that will be shown locally and possibly at San Antonio or Houston. I will be monitoring these projects during the feeding period. The purpose of these projects is to teach the student proper health care of the animals, responsibility, proper selection of livestock, and competitiveness.

Enough for now!
P. S. Tell a kid to stay in school.

Extension Highlights

Dirk Aaron
Briscoe County
Extension Agent

The month of September has been one of many worrisome and exciting happenings in Briscoe County. We've all been worried about our moisture situation in regards to our wheat crop, but three inches or more across the county has put some worries to rest. Those who are now to begin or continue planting will be doing just that as soon as it begins to dry.

Our cotton crop is progressing as well as can be expected at this point. We all know that things are winding down due to several nights of 40 degree temperatures.

On Tuesday, October 1, the Briscoe County Extension Crops Committee will be sponsoring the annual Crops Tour and Barbecue. The day's activities will begin at 9:00 a.m. at the County Show Barn and the tour will last until 11:30 a.m. A program will be presented by Extension Specialists at 11:30 a.m. on the following topics: Cotton Response to Herbicide Drift, Wheat Varieties for 1986, Insect Management Tools, and Wheat Rust in 1986.

Twelve Arrests Made By Officers In August

During the month of August a total of 12 arrests were made by local officers. Of these arrests, six were charged with Driving While Intoxicated. Two are still

Following the program, a barbecue meal will be provided by several of our leading chemical dealers from our area. The meal is being cooked and served by our Crops Committee members. The day's activities are open to all who are interested.

Door prizes will be drawn at the noon meal and equipment will be on display at the Show Barn by our local implement dealers. All farmers and ranchers are urged to attend.

awaiting trial and four have pled guilty in court, been fined and sentenced. During the same period, two prior DWIs came to trial and were also convicted, fined and sentenced.

Two were arrested for Possession of Marijuana and disposed of in County Court.

Out of the total arrested, four were referred to Justice of the Peace Court with charges of Public Intoxication (two), Theft of Property under \$50.00 (one), and Alcohol Beverage Violation (one).

Gruyere is a variation of Swiss cheese with a slightly sweeter flavor due to natural flavoring enzymes. No coloring or bleached milk is used, as may be the case with some Swiss cheeses.
