Ambulance Service Receives \$40,000 Gift

Announcement has been made that the Silverton Volunteer Ambulance Service is the recipient of a \$40,000 gift from the Martha Ann Cogdell Memorial Trust, which has been instrumental in providing equipment and a building for the Briscoe County Clinic and equipment for the ambulance service.

The gift was made because of a sincere desire to insure good ambulance and pre-hospital care for the people of Silverton, and to keep alive the memory of the late Martha Ann Cogdell.

The Martha Ann Cogdell Memorial Trust was created by the late Mr. and Mrs. D. M. Cogdell, sr., Snyder ranchers, who were also in the oil business.

Martha Ann Cogdell passed away at the age of 13, and the Cogdells created the Trust to honor their daughter's memory.

The board of directors which administers the Memorial Trust fund is made up of D. M. Cogdell, jr. and his wife, Jonnie, of Cedar Hill; Billy Cogdell and his wife, Bette, and Mrs. E. A. (Norma) Birdwell, all of Silverton.

An EMS Week open house was held at the City Hall by the Silverton Volunteer Ambulance Service Sunday afternoon. Cokes, coffee and donuts were served to those who came to inspect the ambulances and the equipment they carry.

Love Fund Started For Cortney Hill

A Love Fund has been started at the First National Bank in Quitaque for Cortney Hill, year-old daughter of Mr. and Mrs. Greg (Karen) Hill. Mrs. Hill is an employee of the bank.

Cortney was transferred from a Dallas hospital to the University of Texas Children's Hospital in Houston last week by air ambulance, and underwent heart surgery on Friday. The doctors were attempting to remove a portion of her heart that never developed, but were unable to finish the surgery because a baby cannot be kept on the heart-lung machine very long.

Doctors had hoped to finish the surgery this week if Cortney's condition permits. The child was reported to be sitting up and doing pretty well in Pediatric ICU Sunday. They are giving her medication to keep her condition stable while doctors decide what to do for her. She still has a very rapid heartbeat, but has done remarkably well considering all she has been through.

Her grandmother, Mrs. Carlye Hill, returned home Saturday night and went back to her job as Briscoe County Appraisal District chief appraiser Monday. She says that the family realizes the power of prayer and knows how many, many prayers have been said for Cortney, and that the family appreciates this very much.

Greg and Karen Hill are staying at the Ronald MacDonald House in Houston (they also stayed there in Dallas) where no charge is made and the only requirement is that each family take responsibility for a job to maintain the home. There are refrigerators and freezers where food is kept, and they prepare their own meals. Laundry rooms are provided also. At Dallas, their responsibility was keeping the toy room cleaned and the toys picked up.

OBITUARIES

WARNER [Nig] REID

Funeral services for Warner (Nig) Reid, 83, were conducted at 2:00 p.m. Monday at the First Presbyterian Church in Tulia. Officiating were the pastor, the Rev. Darrel Cory, and Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial was in the Silverton Cemetery, with arrangements directed by Wallace Funeral Home of Tulia.

Mr. Reid died at 8:20 p.m. Saturday at his home in Tulia. He had been under a doctor's care for some time.

He was the son of George Fillmore and Lizzie Lee Hutchison Reid. His father came to the Plains in the fall of 1889, located some land, and sent for his wife and four children in 1891. They came to Amarillo on the train where George met them and brought them by wagon to the

home of his grandparents, the Moses Hamilton Reids who were known affectionately as Grandpa and Grandma Reid, until the old house on Section 56 in Swisher County was finished. The family moved to Tulia in 1907 to put their children in school; however the older boys attended school in Silverton in the 1890s and all of the children except Knox went to the Rock Creek School at one time or another.

In the late 1890s and early 1900s, George Reid and his family lived in Silverton in a house south of where Silverton High School is located now.

Nig Reid was born October 31, 1901 in the old house on Section 56, the youngest of the family's seven sons and one daughter.

He received his degree from Sul Ross University at Alpine, and married the former Beth Cotter, daughter of an Alpine pioneer, January 5, 1925.

Both Mr. and Mrs. Reid taught school in Floyd and Briscoe counties. They taught at Lick Skillet, better known as the Francis School. He also taught and coached football at San Antonio and Lockney High School.

He farmed and ranched in Swisher County. He had made his home in Tulia for a number of years, and was a member of the First Presbyterian Church there.

Survivors include his wife; two daughters, Mike Settle of Silverton and Sue Osburn of Tulia; a sister, Tola Wilkerson of San Angelo; a brother, Knox Reid of Alpine; and four grandchildren, Warner Bill and Suzann Settle, both of Silverton, Shonda and Linda Osburn, both of Tulia.

Pallbearers were Bob Thompson, Roy (Tuffy) Thompson, J. W. Reid, jr., Jim Reid III, Dick Reid and Bill Reid.

Honorary pallbearers were Terry Bomar, Vinson Smith, Don Alexander, Kim Hays, Ronald Welch, Carroll Welch, Russell Rucker, Ted Sprague, John

McGehee, John Brown and George James.

ARTHUR BLANE SIMPSON

Funeral services were held at 11:00 a.m. on Tuesday of last week at Trinidad, Colorado for Arthur Blane Simpson, 30.

Graveside services were held the following day at 10:00 a.m. at Lockney.

He was the son of Tom and Audrey Simpson, former residents of Lockney. He is also survived by a brother, Keith Simpson of Tulsa, Oklahoma.

He was the nephew of Mr. and Mrs. Carver Monroe of Silverton and Mr. and Mrs. John E. Emmitt of Tulia.

WARE FOGERSON

Funeral services for Ware Fogerson, 70, were conducted at the Silverton Church of Christ at 2:00 p.m. Wednesday. Officiating were the minister, Ted Kingery, and Doug Lawyer, Church of Christ minister from Oklahoma.

Interment was in the Silverton Cemetery, with arrangements by Schooler-Gordon Funeral Directors.

Mr. Fogerson died at 5:15 p.m. Monday at High Plains Baptist Hospital in Amarillo where he had been a patient since suffering a stroke at his home here September 3. He had been moved to the Bivins Rehabilitation Center for therapy last week, but was returned to the hospital when his condition worsened.

Born in Silverton September 10, 1915, he was the only child of Walter and Florence Money Fogerson. He attended Silverton Schools and was married to the former Sylvia Day in Matador on September 26, 1936. They went to live with his mother in the same house on the corner where his mother had lived as a bride. The original house was badly damaged by a tornado in 1957 and was torn down, a new home being built in its place.

Three children were born to the Ware Fogersons: Victor, who preceded his father July 4, 1953; Diane and Stanley.

Ware Fogerson and his mother, "Ma," as she was known to her family and friends, operated the Fogerson Grain Company for several years. Later they had a feed store and cream station and he also operated a trucking business.

In 1947, he opened a lumber yard on the northeast corner of

the square. This business continued until February 6, 1967 when it was destroyed by fire. In September of that same year, he purchased Willson-Nichols Lumber Company at the southeast corner of the square. That business had been in operation here since 1925.

In 1970, Ware and Stanley Fogerson organized a corporation, S & W Pork Producers, Inc., which they operated in addition to the Fogerson Lumber & Supply. They have cultivated a pecan orchard, in addition to other farming activities.

The lumber yard was sold to Stanley Fogerson in 1976, but the elder Fogerson had continued to assist with the operation.

Ware Fogerson was a veteran of World War II and a member

and treasurer of the Silverton Church of Christ.

Survivors include his wife; a daughter, Mrs. Jack (Diane) Mayfield of Gassville, Arkansas; a son, Stanley Ware Fogerson of Silverton; and three granddaughters, Kristy and Penni Fogerson of Silverton and Elana Mayfield of Gassville.

Pallbearers were Perry Brunson, Don Cornett, Jerry Patton, David Tipton, Wayne Nance, Mike Juarez, Garner Garrison and Anthony Kingery.

"State of Maine Pure Spruce Gum," manufactured by John Curtis in 1848, was the first chewing gum. It was made from paraffin.

Delegates Attend State Convention

Among the more than 1000 in attendance September 24-26 at the Texas Extension Homemakers Convention in Longview were the Briscoe County delegates, Eunice McFall and Frances Kellum from District 2. Mrs. Billie Brown, Gilmer and the ladies of District 5 did a superb job of making the largest crowd ever feel welcome.

State President Jane Leathers was in charge of the program.

She now lives at Vidor, but she joined her first Extension Homemaker group in Indiana in 1938. This group, a pilot program of Purdue University, was set up to find possible uses of a new product called Crisco. Mrs. Leathers said by mixing flour and Crisco, members came up with a successful, marketable product. This product was later dubbed Bisquick. From that start 47 years ago, Mrs. Leathers has risen through the ranks to head the 23,000 member organization, and she said she has received an education that she would not

BRISCOE COUNTY NEWS

have gotten any other way. Through the TEHA national network, she has taken courses from Purdue University, Lamar University and participated in many workshops, programs and seminars held by the professional staff at Texas A&M University.

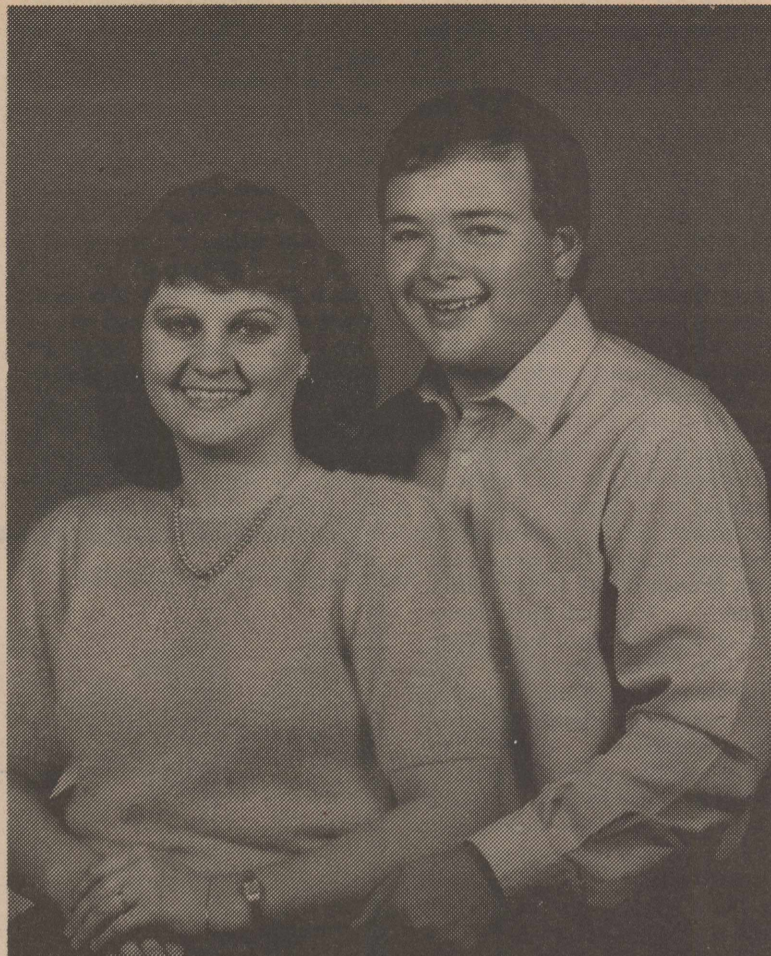

Mrs. Leathers said TEHA is more than just cooking and canning. Its membership is actively involved in the Texas War on Drugs and was instrumental in getting Texas seat belt and child safety seat legislation passed. Now, the group is zeroing in on the "court-watching" program. In this program, trained members attend court hearings in drug abuse cases to monitor the proceedings and sentencing. If the members think the sentence is too lax, they can report their findings to the proper authorities.

Another priority of the TEHA is scholarships to both 4-H members and its adult membership. The group started in 1926 awarding one scholarship to a deserving 4-H Club member and now offers seven scholarships. Last year the group started its adult scholarships, named Elna Richards and Jane Leathers, for the State President. This year's recipients are Kimberly Ley and Sherma Flowers of Happy, from the local area. These scholarships were presented Thursday evening after the banquet.

Marshall Cooper, executive director of Girlstown, USA, was presented a check for \$4,100, to be used in their four locations in the state.

In the business sessions four resolutions were discussed, but only one was adopted. It concerned the three million dollars the Legislature wants to cut from Extension and other related work in the state. All TEHA members were urged to write the Governor, Lieutenant Governor, Senators and Representatives asking them to reconsider this vital issue, which affects 1,100 Extension Agents who work hand-in-hand with the 23,000 members of TEHA and all the 4-H Club members.

Mrs. Nell Finney of Tulia is the vice president of TEHA and ably

Vows will be exchanged at the Claytonville Baptist Church December 28, with Pastor Dennis Williams performing the ceremony.

assisted the president during the program. She had charge of registration arrangements. Dorothy Powell, Extension Agent from Levelland, a former Briscoe County Extension Agent, was present at the meeting.

Mrs. Cantwell will host the studies in October.

Varsity On The Road This Week

The Varsity Owls had an open date last week and are looking to their game at Cotton Center at 7:30 p.m. Friday.

Cotton Center is currently at the bottom of the District 1-A Six-Man football district, having been outscored 218-134 in their games, and having posted a 0-3 conference record and an 0-4 season mark. They lost to Southland last week, 50-6.

The Owls now stand 2-1 for the season and are 1-0 in conference play. They have outscored their opponents 90-72 in previous games.

Three Way currently is leading the pack in this district, owning a perfect 4-0 season mark and standing 2-0 in conference play. Three Way will be coming to Silvertown for a game at 3:30 p.m. Saturday, October 12.

Other scores of interest last week included Loop 56, Wellman 30; Whitharral 32, Dawson 18; Three Way 66, Texline 21.

It is important now for the Owls not to be looking forward to next week's game, but to concentrate on keeping their district record perfect as they go up against Cotton Center.

A tortoise has lived as long as 116 years.

Junior High Owls Come From Behind to Win

Silvertown's Junior High Owls traveled to Amherst for a game at 6:00 p.m. Thursday.

Mark Auston opened the scoring by taking a pass from Denny Hill into the end zone, giving the Owls a 6-0 lead.

Amherst scored, and the half-time score stood at 6-6.

In the third period, Amherst scored again to go ahead 13-6.

Denny Hill came back with a touchdown run for the Owls, there was no PAT, and the team had cut Amherst's lead to 13-12.

Amherst scored again to move into a 20-12 lead.

Denny Hill scored again for Silvertown, added the PAT, and the Owls trailed by a point, 20-19.

With 1:15 remaining to be played in the game, Amherst ran two plays, and attempted to pass. Kendal Minyard intercepted for the Owls and carried 40-50 yards for the go-ahead score, and the Owls were able to protect their 25-20 lead until the game ended.

Thus the Owls were able to maintain their unblemished record and move up to a 3-0 season mark. They have their next game at 5:30 p.m. Friday at Cotton Center.

News From The AG SHOP

I would like to dedicate my ramblings this week to my dad. I have always admired my father for his ability always to pick himself up after each tragedy that occurred during his life. Many times when sadness was all about, he could find a brighter side. He enjoyed life and always tried to provide a good life for his wife, mother and children. The many stories of trucking, business, wheat harvests, and childhood experiences that he recalled will always be remembered. He always thought the best of his fellow man and had a kind word about everyone.

He was a believer in education and provided the means and encouragement for our education for my sister and me.

To him, I owe a great deal, and I hope that I can have the same outlook on life.

Attendance Is Vital During Next Four Weeks

October may well be the most important month of the year for the Silvertown Schools because for that month school officials will be keeping an even closer than usual eye on attendance figures.

It is those figures that will determine how much in state funding the Silvertown Schools will receive.

Beginning October 7 and for the next four weeks, Principal Leonard Morgan and teachers in the local school system will do everything they can to make sure every student is in class during those crucial weeks when the average daily attendance (ADA) figures are taken to be submitted to the Texas Education Agency.

As part of the educational reforms passed more than a year ago, the state funding formula for public schools was changed and is now based on the ADA of each school district for one month each semester.

"We want to make sure that parents understand how impor-

tant it is that the kids be in school during October," said Mr. Morgan. "Please do not take students out of school for doctor or dental appointments before 10:30 a.m. during this time."

"Every school will be using some kind of incentive to encourage the kids to be in school, but we'll need the help of all parents, too," Mr. Morgan said. "The first four-week period will begin October 7 and records will be kept as of second period each day

through November 1. We would appreciate your making every possible effort to have your children in school during this time."

List of Eligible Voters is Posted For ASC Election

A list of the names of all known eligible persons to receive ballots in the upcoming annual ASC committee elections is available at the county ASCS office, reports James E. Griffin, CED. Farmers will begin nominating candidates for the ASC election on October 3.

ASCS, an agency of the U. S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farmer-elected committee system. This year's elections will be by mail ballot between November 22 and December 2. Voters may also get ballots at the County ASCS office.

Anyone who meets the follow-

ing requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, operator, tenant, or sharecropper who is eligible to participate in any ASCS program.

Several general provisions relate to ASCS voter eligibility. The spouse of an eligible voter is also eligible to vote. Any person under legal voting age can vote if he or she runs a farm, and a legal guardian who runs a farm for a child can vote for the child. No person can be denied the right to vote because of race, sex, age, color, religion, handicap or national origin.

A person may cast a ballot in any county in which he or she is an eligible ASC voter, but he or she cannot vote in more than one community in the county. If an eligible voter has separate farm interests in more than one

community in the same county, special care will be taken to see that only one ballot is issued to that voter.

Farmers are asked to nominate candidates of their choice by October 28 to be on the ASC community committee ballot.

The ASC community committee election will be conducted from November 22 to December 2 by mail ballot. The three ASC communities in Briscoe County are "A," "B," and "C."

ASC committees are responsible for managing federal farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals. County farmers have the opportunity to nominate persons they feel would best serve the farm community. Farmers have received petition forms by mail and are now submitting them to the county ASCS office.

A few basic considerations should be kept in mind when circulating petitions. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three eligible farm voters in the ASC community, and must be received in the county ASCS office by the October 28 deadline.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a farmer for the ASC committee election may contact the county ASCS office for full details, including eligibility requirements for office holders.

Farmers should petition for and elect those individuals they feel would do a good job as a member of the ASC committee. The election of concerned farmers to positions on ASC committees is essential in the administration of farm programs.

The county ASCS office welcomes all valid petitions. The opportunity to nominate, vote and be elected to office is guaranteed to all farmers regard-

less of race, religion, sex, age, color, handicap or national origin.
