THINK SILVERTON!

THURSDAY, NOVEMBER 14, 1985

VOLUME 77 NUMBER 46

All Around
The Town

BY MARY ANN SARCHET

SISTERS ARE FOREVER

I've never had a sister of my own, but until last week I had three very special sisters-in-law.

One of my sisters-in-law, who had been like a sister to me for the past 30 years, went to her heavenly home last week. She had led an exemplary Christian life—had been the kind of person all of us should be—and I have no doubt that she is in a better place today.

She had been in failing health for the past several years, having undergone surgery four or five years ago at M. D. Anderson Hospital in Houston and having had a serious recurrence of the cancer a couple of years ago. Two months ago she recognized the fact that she wouldn't be among us much longer, and made arrangements for her last rites. I was a little shocked—but only for a minute—when I found out she was doing this. It was her nature to do things perfectly, and at this time in her life she wanted to assure herself that things would be done to her liking. She also wanted to make sure that her savings were in sufficient amount to pay her last expenses.

She had selected her favorite scriptures and songs for her funeral service and graveside rites. A long-time friend who had been a professor at Tech and one of her Bible class teachers was selected to conduct the services.

Everything went off just as she had planned. All of her family was there, in addition to many long-time friends. The flowers were gorgeous and the weather was nice (something we can't take for granted in this part of the country).

She hadn't talked about her impending death, but had just quietly taken care of things.

She had been there every time I ever needed her. We had tried to be there when she needed us. She had been in the hospital since the previous Thursday. We had been with her that day before she entered the hospital, and on Sunday her sister and all of her brothers and their wives visited her at the hospital. She seemed to enjoy the visit very much, and although she had no lung capacity anymore, she enjoyed looking at snapshots and visiting with everyone. She was conscious to the very end when she died in her daughter's arms.

She suffered terribly, but she

Owls In The Playoffs!

GRANT AWARDED—From left, Regina Tenbrink, project director, Project Self-Sufficiency; Josie Gauna, housing coordinator, Panhandle Community Services for Briscoe and Swisher Counties; Wayland Fitzgerald, Panhandle Community Services board member, and Briscoe County Judge Fred Mercer.

HUD Secretary Announces Award to Amarillo Agency

The Secretary of Housing and Urban Development, Samuel R. Pierce, jr., recently announced a pilot demonstration award to Panhandle Community Services for a program called "Project Self-Sufficiency."

The Project Self-Sufficiency demonstration is a coordinated approach to breaking the poverty/dependency cycle among low income single parents. The program focuses on the special needs of low income families by involving the cooperative efforts of local governments and local public and private resources.

Johnny Raymond, Executive Director of Panhandle Community Services, indicated that Project Self-Sufficiency combines housing assistance, which HUD allocates to the communities, with child care, personal and career counseling, transportation, basic education, job training

never complained. I'm sorry she's gone—but I didn't want to see her suffer anymore. The world was a better place because of her, and those who knew her will miss her. Sisters are forever, and I'm glad she was mine.

and placement provided by local public/private partnerships. Mr. Raymond also indicated, "that the application for the project had been co-sponsored by the County Judges serving in the Texas Panhandle. Their collective support and commitment to the program's goals had a great deal to do with the selection of Panhandle Community Services for the pilot project."

The \$8 million dollar budget authority from HUD to the housing department of Panhandle Community Services, is to provide decent and affordable housing that will offer a stable living condition for the selected participants. HUD's stated purpose is an attempt for the local agency to leverage these monies for the overall program goals that involve far more than just housing.

There were more than 2,000 applications submitted for the grant; from that number 108 sites were selected for participation from across the nation. The largest single award in the nation

Owl Playoff To Be Here

The Owls' playoff game with Higgins will begin at 7:30 p.m. Friday, November 22, on Payne Field in Silverton.

Superintendent O. C. Rampley and Coach Jack Shely attended a meeting with Higgins school officials Monday, and a home-and-home flip of the coin gave Silverton the opportunity to play the game at home. "Guess we're just lucky," Mr. Rampley commented.

Club To Sponsor Annual Jubilee

L. O. A. Junior Study Club of Silverton will sponsor the annual Christmas Jubilee December 7, 1985. The time will be from 10:00 a.m. till 4:00 p.m. in the Community Center Building on Main Street.

There will be no charge for booths, but please contact Missy Forbes, 847-2257, or Debbie Montague, 823-2296, so there will be enough space available.

The Christmas Jubilee is to help encourage local Christmas shopping.

Silverton's Owls will advance to the six-man football playoffs this year, by virtue of their 23-6 victory over Whitharral here last Friday night. The Owls dropped from 11-man football to play six-man football as independents in 1983, then were assigned to Six-Man Football District 1-A in 1984.

The Owls are now 7-2 for the season and 6-1 in district. One regular-season game remains, that at Texline Friday night.

Silverton's only defeats this season were at the hands of Higgins, who is the winner of District 2-A and will be the first play-off opponent for the Owls, and Three Way, District 1-A winner. Both Higgins and Three Way are undefeated this season.

Head Coach Jack Shely was weaned on six- and eight-man football in the Big Bend Country of Texas, and gets a lot of the credit for what has happened in Silverton. "No one believes in us. We do, and our fans do, but no one else does," he said after the game Friday night.

"Higgins is already talking about playing Jayton!" he added.

Even though Higgins took a 40-point win over the Owls in the second game of the season, Shely is optimistic. "We came of age that night," he said. "Our kids looked around and discovered they had stayed with them for a quarter and a half. If it hadn't been for six turnovers in the second half, we would have played with them the whole game," he said.

Silverton won the bi-district six-man match with Oklaunion (near Vernon) in 1946, according to J. L. Self. "That was as far as we could go in those days," he said. "Think we played Quitaque, Estelline, Flomot and Turkey."

Playing 11-man football, Silverton advanced to the playoffs in 1971. That was the last time of glory for the Owls even though they had a winning season in 1980. Fans have waited a long time, and the waiting may have made the victory Friday night all the sweeter.

Pep Rally Is Friday at Noon

The high school pep rally will begin at 12:35 p.m. Friday in the school gym. The public is invited and urged to attend.

Wear your red and white Friday, signifying your support of the team.

OBITUARIES

EDITH MARGARET CRUCE

Funeral services for Edith Margaret Cruce, 64, were conducted at 10:00 a.m. Thursday, November 7, at the Broadway Church of Christ in Lubbock, of which she was a long-time member. Officiating were Jim Culp and Horace Coffman.

Graveside services were conducted at 3:00 p.m. in Rose Hill Cemetery at Tulia. Services were directed by Sanders Funeral Home of Lubbock.

Mrs. Cruce died at 4:10 a.m. Tuesday, November 5, at West Texas Hospital in Lubbock.

Born in Swisher County October 22, 1921, she was the

daughter of the late Harold and Imogene Sarchet. She was graduated from Tulia High School with the Class of 1939. That fall she enrolled at Texas Tech, and after completing two years there she entered the West Texas Hospital School of Nursing. In 1944 she was graduated from nursing school and began working as a registered nurse and clinical instructor at West Texas Hospital.

In 1964 she went to work at the Student Health Center at Texas Tech, where she continued until her retirement due to failing health in 1977.

She was a member and past president of the Texas Nurses Association. She was also a member of the Daughters of the Republic of Texas, Daughters of the American Revolution, the Genealogy Society, Lubbock Women's Club and Lubbock Garden Club.

Surviving are two sons, Paul Theron Cruce of Benecia, California and Keenan Cruce of Lubbock; two daughters, Mrs. Johnny (Tana) Robison of Arlington and Cynthia Cruce of Lubbock; three grandsons, Casey and Corey Robison of Arlington and Tanner Cruce of Lubbock; a granddaughter, Haley Cruce of Lubbock; a sister, Elizabeth Skelton of Lubbock; five brothers, Harold L. Sarchet of Fort Worth, Robert L. Sarchet of Cleburne, Donald Sarchet of Amarillo, Charles Sarchet of Silverton and Jerry Sarchet of Lubbock.

Pallbearers were nephews, Ken Sarchet, John Sarchet, Paul Sarchet and Donald Ray Sarchet, all of Lubbock; Barry Sarchet, Fred Sarchet and Kelly Sarchet, all of Cleburne; Robert Waco

Sarchet of Houston; Kerry Sarchet of Plainview, and Kim Sarchet of Abilene.

WILLENE COMER

Funeral services for Mrs. Willene Comer, 63, were conducted at 2:00 p.m. Saturday at the Silverton Church of Christ with Ted Kingery, minister, and Earl Cantwell, minister of the Rock Creek Church of Christ, officiating.

Burial was in the Silverton Cemetery, with arrangements by Schooler-Gordon Funeral Directors.

Mrs. Comer died at 8:30 a.m. Thursday at Lockney General Hospital. She had not been feeling well and had been taken to the hospital by her husband earlier that morning.

Born in Silverton November 16, 1921, she was the daughter of the late Mr. and Mrs. Wylie Bomar. She was president of her graduating class of 1939 of Silverton High School. She married Leo Comer November 1, 1941 in Plainview.

She was a life-time resident of Silverton and was a member of the Silverton Church of Christ.

Survivors include her husband; three sons, Leo Bryson (Buddy) Comer of Snyder, Larry Douglas Comer of Silverton and Kelly Len Comer of Lubbock; a daughter, Julia Camellia Hudgens of Woodward, Oklahoma; a sister, Mrs. Wynona Dee Lyde of Lubbock; and nine grandchildren.

Active pallbearers were J. D. McGavock, Don Burson, Ray Teeple, Tom Burson, Obra Watson and J. C. Fowler. Honorary pallbearers were J. R. Steele and Lem Weaver.

MANEMMA HUTSELL

Funeral services for Mrs. Nancy Manemma Hutsell, 82, were conducted at 3:00 p.m. Wednesday at the First Baptist Church in Silverton, with the interim pastor, Dr. Cecil Golden of Wayland Baptist University in Plainview, officiating.

Burial was in the Silverton Cemetery, with arrangements made by Schooler-Gordon Funeral Directors.

Mrs. Hutsell died at 1:15 a.m. Monday at Lockney General Hospital.

Born November 1, 1903 in Silverton, she was the daughter of the late H. L. O. and Delia Lavonia Johnston Riddell, pioneers of Briscoe County who had moved here in 1891 from Stephens County.

She was a life-time resident of Silverton and a member of the First Baptist Church. She had resided at the Lockney Care Center since early in 1983.

She married Robert Clyde Hutsell July 27, 1919 in Silverton. He preceded her in death in May 1984. She was also preceded by a daughter, Clynell Manemma Tidwell June 11, 1965.

Surviving are four sons, Riddell Clyde Hutsell of Los Angeles, California, Robert Esdell Hutsell and Flunoy E. Hutsell, both of Silverton, and Joedell Hutsell of Amarillo; two sisters, Mrs. Tone Brooks and Mrs. Juanita Self, both of Silverton; eighteen grandchildren and twenty-two great-grandchildren. Grandsons were pallbearers.

ESLEY YEARY

Funeral services for Esley Yearly, 83, were conducted at 2:00 p.m. Sunday at the First Baptist Church with the Rev. Cecil Osborne, pastor of South Plains Baptist Church, officiating. Burial was in the Floydada Cemetery under direction of Moore-Rose Funeral Home.

Mr. Yearly died Friday in Jacksonville where he had gone to visit a son.

Mr. Yearly was born April 2, 1902 in Floyd County and married Nell Rogers on December 28, 1952 in Clovis, New Mexico. He was a farmer and heavy equipment operator for Floyd County. He was a Baptist.

Surviving are his wife; a son, Pete Yearly of Jacksonville; a brother, Frank Yearly of Silverton; a sister-in-law, Sylvia Yearly of Lockney; a sister, Bessie Sauls of Quitaque; three grandchildren and six great-grandchildren.

HUD-

was made to Panhandle Community Services. The agency serves the 26 counties of the Panhandle and will make a concerted effort over the next few months to solicit applications from motivated, single parents with dependent children who are interested in achieving self-sufficiency.

You try swimming this long.

The Magellanic penguin of the South Atlantic spends five months of the year at sea, never once touching land.

School To Dismiss Early Friday Afternoon

School will operate on short periods Friday, and will dismiss at 1:30 p.m. Buses will run their regular routes at that time.

Players and fans will be leaving for Texline shortly after 1:30. Buses have been chartered for the trip.

Senior Citizens To Have Luncheon Friday

Silverton Senior Citizens will have their monthly luncheon and business meeting Friday, November 15, at the center.

Ladies of the First United Methodist Church will be hostesses.

A nurse will be there to check blood pressure.

Briscoe County Stock Show Board To Meet Tuesday

Tuesday, November 19, at 7:30 p.m. in the Pioneer Room at First State Bank in Silverton, there will be a planning meeting for the 1986 County Stock Show. All board members are urged to attend this very important meeting. Funding and awards will be discussed.

All persons interested in the County Stock Show are also invited to attend. The 1986 Stock Show will be held January 25.

For more information, contact John Schott, board chairman, 823-2233, or Dirk Aaron, County Extension Agent, 823-2343.

November 2, 1950—Funeral services held for Mrs. Hugh Stodghill Monday . . . E. J. Duncan cuts finger off in post hole digger . . . Jim Mercer, Jett Mason, Carol Davis and Don Brown, who are attending West Texas State College at Canyon, spent the weekend with their parents . . . Local oil test well reported to be drilling below 5,000 feet . . . The latest fad to hit SHS is all of the students wearing ear rings. Most of them are huge and very gaudy, according to a report written by Gay Merrell. Some of them are small. Junis Mercer has the largest pair of any that has been worn. They are gold and real shiny and about the size of two silver dollars and hang down to her shoulders. Mary Dudley has a pair of gold ones with in-set pearls that look like chandeliers. They are real beautiful. Bonnie Watters has some silver ones that are the size of a silver dollar. Francis Stout and Beth Mason have two lovely pairs which are in the shape of a buckle and have a little silver ball dangling down. Mary Bomar and Dottie Heckman traded earrings and that gives them a large variety. Mary has a pair in the shape of a silver boot and spur. Some of the boys pierced their ears but are sorry of it now. Glenn Watters wore a silver dollar in his for a while. You never know what the brilliant students of SHS will be wearing or doing next, so we will just have to wait and see . . . Kay Steele is Halloween Carnival Queen . . .

November 6, 1941—There are 48 members of the Freshman

class . . . Rains damaging cotton over entire state . . . Mr. and Mrs. Walter Brannon spent Sunday with her brother at Amherst . . . Grace Hughes made a trip to Quitaque Monday night . . . Laura Mae Strange visited friends in Amarillo Sunday . . . Mr. and Mrs. George Weast and Lucile attended the Patterson-Wyatte wedding at McLean Friday evening . . .

October 29, 1936—Miss Valera Williamson of Childress and Mr. Lem Weaver of Silverton were united in marriage Saturday night, October 24, at 7:30. The ceremony was performed at the Baptist parsonage in Childress, with the Rev. Hankins of that

church officiating. Mrs. Weaver is a former Childress girl, and popular with all who know her. Silverton women will be glad to have her as one of them. The young couple will make their home in an apartment at the Jewett residence here . . . Mrs. B. V. Lowrey is claimed by death . . . Editor Roy Hahn wrote: "Fifty years ago, the fifteenth of November, M. C. Potter came to Briscoe County. That's quite a while ago. His nearest neighbor was 18 miles away. Silverton nor Quitaque were in existence at all. He says that the first few years he spent in digging the canyons through the country. I think Bob Stevenson helped him a little

with the project. All the buffaloes were still little calves and the Indians were all papooses at that time. Anyway, it was a long time ago and anyone who will stick with a place that long deserves a lot of credit . . . Lem Weaver left a trail of broken hearts behind him when he left the rank of single blessedness Saturday evening. He has been slipping around town with that self satisfied look, apparently never a worry, and at peace with the world, fooling everyone into thinking that he was a confirmed bachelor, but now alas, he has gone the way of all flesh and taken unto himself a wife, the hypocrite. Too bad gals, but he's

gone, and that's all there is to it" . . . Little Vivian Janet has come to make her home with Mr. and Mrs. Lowell Rowell . . . Noel Davenport will leave next week for Los Angeles, California where he will attend a machinists school . . .

Staubach To Chair Smokeout In Texas

The American Cancer Society has announced that former Dallas Cowboys quarterback Roger Staubach will call signals on the finer points of quitting cigarettes as honorary chairman of the 1985 Great American Smokeout in Texas.

Recently named to the Pro Football Hall of Fame, the star quarterback will salute the good-natured spirit of the Smokeout and encourage fellow Texans who smoke to quit for the day—November 21—to prove to themselves they can.

The annual Smokeout, now in its ninth year, is sponsored by American Cancer Society volunteers nationwide as a fun and supportive celebration to help smokers give up the habit for just one day.

A survey by the Gallup organization last year indicated that more than 20 million smokers tried to quit, the highest participation in the Smokeout's history. The same survey showed that 3.1 million smokers were still not smoking one to five years later.

"I've never been one for quitting anything," says Staubach. "But quitting cigarettes for one day might be the best thing you can do for your health. It's a chance to join a proven winning team."

According to Texas ACS volunteers planning the event, Staubach's participation should help in reaching one of the event's indirect audiences—Texas' youth.

"Roger Staubach is a hero to many young Texans and if his support might deter some would-be smoker, so much the better," said Russell Autry of El Paso, who is the volunteer spearheading the campaign in Texas.

As for the smokers choosing to brave the "cold turkey" day, Autry says the ACS has a number of support materials—including survival kits and a new booklet, "How to Stay Quit Over the Holidays."

"This one came about because smokers from previous years told us they needed extra guidance and support through the hectic holiday season," said Autry. "Although some remained quit, others needed the reinforcement. This should help if coupled with support and encouragement from family and friends."

Local volunteer-sponsored activities highlighting the day range from a tobacco tea party in Corpus Christi Bay to a torch relay in downtown Dallas. Additionally, thousands of schools, colleges, businesses, corporations and organizations are planning in-house promotions.

"We wanted this year's event to have a true Texas flavor," said Autry. "With these activities and Mr. Staubach's support, I think we will. It's the Great American Smokeout—Lone Star style."

Russell Simpson [30] carries the ball while Todd Reagan [72] and Joe Ted Edwards [61] come in to block for him in the game with Whitharral here last Friday night.
—Briscoe County News Photo

Owls Win Playoff Berth With Victory Over Whitharral

Silverton capitalized on the exploits of running backs Russell Simpson and Todd Reagan plus a tough defense to earn a play-off berth as the Owls downed the Whitharral Panthers 23-6 in a District 1-A six-man game here Friday night.

The win gives Silverton its first playoff berth as a six-man team since it switched for the 1983 season.

"To get a playoff berth is really satisfying," an exuberant Silverton head coach Jack Shely said. "The young men really dedicated themselves and it paid off."

Simpson rushed for 153 yards on 50 carries and scored on runs of 14 and 48 yards. He also turned some defensive heroics when he recovered a fumble by a Whitharral running back in the end zone on the first Panther possession of the second half.

Reagan threw a 13-yard option pass to end Joe Ted Edwards for the first Silverton touchdown. He also caught a 30-yard pass from quarterback Cal Brannon to set up the second Owl score.

The Owl defense gave up 243 yards but held Whitharral to six points. The Panthers had averaged 41 points per game going into the contest with Silverton. The Owls also squelched Whitharral threats at their own 26 and 25 yard lines in the fourth quarter.

Silverton got on the boards first on their second possession of the game on Reagan's option pass to Edwards. The Owls also used a trick play on the conversion attempt as place kicker Sloan Grabbe took the snap and threw to end Corey Robertson. The extra point gave Silverton a 7-0 lead with 4:06 left in the first quarter.

The Owls allowed Whitharral a first down on the Panthers' next possession, but when Whitharral fumbled on second down, Cal Brannon pounced on it and Silverton recaptured control of the offensive game. Unable to move the ball, the Owls punted into the end zone (it was easy to do with the strong southwest wind). Whitharral made another first down before seeing the ball

go over on downs on the Silverton 26. The Owls were once again unable to move the ball, and punted with 4:27 remaining to be played in the first half. Whitharral moved ahead with a first down on a pass play with 3:05 remaining, made another first down on the Silverton 14, and passed for a touchdown with 1:06 remaining on the clock. The Panthers tried to kick into the wind (something the Owls chose not to do), the PAT failed, and Whitharral trailed 7-6.

Silverton recovered the onside kick, completed a pass to Simpson, and failed on a field goal attempt with four seconds remaining in the first half.

Silverton kicked off to open the third period, and saw Whitharral make three first downs before fumbling in the end zone. Simpson recovered for the Owls and the ball was brought out to the 20 on a touchback. Unable to move the ball again, the Owls punted, but Robertson intercepted a Whitharral pass on first down with 4:55 remaining in the third quarter.

The teams traded a couple of punts, and the Owls completed a pass to Reagan on the Whitharral 14. Simpson scored on the next play with 2:08 remaining on the third quarter clock, and Grabbe kicked the PAT to give the Owls a 15-6 lead.

Whitharral made a first down before seeing the ball go over on downs to the Owls with 9:54 remaining to be played in the game. Simpson carried another Silverton touchdown with 8:42 showing on the clock, Grabbe kicked the PAT, and the Owls led 23-6.

On Whitharral's next possession, the defense was tough and kept them in the hole. On fourth down, needing 21, the Panthers punted. The teams traded a few more punts, but when the game was over Reagan had just made a first down on the Whitharral 12.

All the Owls deserve a lot of credit for the victory. There was some very hard hitting in the game, and even though they didn't do well offensively on every possession, the Owls play-

ed with determination.

"These are good kids," Coach Shely said after the game. "They are an absolute pleasure to work with," he added.

"There's been a lot of people who didn't believe we were for real, but we've played some pretty good football.

"We got a lot of yards rushing, and (Whitharral's) Throckmorton was on the ground most of the time and that was Joe Ted's doing a job on him," Shely said. And Throckmorton was on the ground a lot when the Panthers had the ball as well. Silverton had an extremely balanced defensive effort, with Brannon getting 14 stops, while Reagan and Grabbe posted 13 stops each. Robertson added 11 stops and had one interception, while Freshman Neal Edwards had nine stops and Simpson eight.

The Owls open their six-man playoff journey with Higgins next week. Higgins took a 56-14 win over the Owls early in the season.

"This is a different team," Shely said. "Those kids were scared to death that night . . . all year, they've wanted the chance to play Higgins again. These kids grew up that night. They discovered they could play with people that night." Shely smiled for a minute. "They're (Higgins) already talking about playing (defending state champion) Jayton. They better not forget about us."

In last week's games, Loop beat Cotton Center 70-20, Three Way whipped Wellman, 52-6, and Southland defeated Texline 46-0. This week Dawson is at Wellman, Three Way is at Loop, Whitharral is at Cotton Center and Southland is idle.

School will be dismissed at 1:30 p.m. Friday so the players and fans can get on the road to Texline for the last game of the regular season.

According to old histories, the Toltecs of Mexico, an agricultural people of the seventh century, went to war with wooden swords so that they would not kill their enemies.

Neighboring Teams In State Playoffs

Two neighboring teams to Silverton are also in the state playoffs this year, each occupying the position of district runnerup.

Valley is runnerup to Crowell in District 3-1A West Zone, and will be in a playoff with Munday at 8:00 p.m. Friday at Childress.

Tulia, runnerup to Idalou in District 2-3A, will be in a playoff with Perryton at 7:30 p.m. Friday at Dick Bivins Stadium in Amarillo.

Owlettes Have Basketball Games Here Next Week

The varsity and junior varsity Owlettes have a pair of games with Happy here Tuesday, beginning with the junior varsity girls at 6:30 p.m.

The Junior High will play Happy there Monday, beginning at 6:00 p.m.

SILVERTON SCHOOL

Friday—Hamburgers or Cheeseburgers, French Fries, Cookies, Milk

The year 1934 saw the production of an immensely strong synthetic fiber later patented under the name nylon. It was first used as bristles for tooth-brushes.

More Honors For Silverton's Owls

Russell Simpson was chosen as Six-Man Football Player of the Week this week by the Amarillo Daily News.

Simpson played a pivotal role in helping the Owls claim their first playoff berth and third winning record since the mid-1940s, according to the Amarillo paper.

Simpson rushed for 157 yards and scored touchdowns on runs of 14 and 50 yards in a 23-6 win over traditional power Whitharral. His TDs boosted Silverton from a precarious 7-6 lead to the game's final margin.

The Owls and Whitharral were fighting for the District 1-A runner-up playoff position. With one game left, the worst the Owls can do is finish tied for second with Whitharral, but still gain the district's No. 2 playoff seed.

Simpson also recovered a key fumble and made eight tackles. The fumble recovery occurred on Whitharral's first drive after the half. Whitharral had a first-and-goal, when Silverton's Todd Reagan nailed the ballcarrier and forced the fumble. Simpson fell on it in the end zone, and Whitharral never threatened again.

"It really took a lot out of them (Whitharral)," Coach Jack Shely said.

Honorable mention went to three other Owls who reached double-digits in tackles.

Sloan Grabbe, defensive end for Silverton, got 13; Cal Brannon, defensive end, had 14, and Todd Reagan, middle linebacker, was credited with 13.

Grabbe also punted four times for a 41-yard average.

Silverton's Joe Ted Edwards blocked well and caught a 14-yard touchdown pass from Reagan.

The other two honorable mention players, Matt Farris and Elly Burt, were from Higgins.

"Work is love made visible."

Annual 4-H Achievement Banquet Is Slated Saturday Night

The annual Briscoe County 4-H Achievement Banquet will be held Saturday, November 16, at 7:00 p.m. in the Silverton School Cafeteria.

State Representative Foster Whaley of Pampa will be on hand to present the Gold Star Award to two outstanding 4-H members in the county.

Representatives of Lighthouse Electric Cooperative and Swisher Electric Cooperative, sponsors of the Silver Spur Award, will make this presentation to two top leaders in the county.

Two senior 4-H'ers will receive the "I Dare You" award challenging them to greater work in the 4-H program.

The County Extension Agents will present the "Friend of 4-H" award to a business or individual who has made a special effort in supporting the County 4-H program.

4-H members will receive project awards and recognition.

All 4-H families and leaders in the county are invited and asked to bring two dishes of food—vegetable, salad or dessert—to go with the meat that is provided by

Lighthouse Electric Cooperative of Floydada and Swisher Electric Cooperative of Tulia.

HAPPY BIRTHDAY TO...

November 14—Robert Wayne Bell, Jennifer Turner, E. A. Birdwell

November 15—Thelma Sheeley, Justin McFall, Shane Reagan, A. R. Martin

November 16—G. W. Chappell, Wimpy Vardell, Cam Forbes, Greg Garcia, Donna Francis

November 17—David Johnston, Jana Kitchens, Don Glenn, Michael Shane Bell, Michele Crowell

November 18—Frank Ramirez, jr., DeLynn Fitzgerald, Jerry Perkins, Don Cornett

November 19—Staci Hill, John McCune, Arla Polley, Mike Settle

November 20—Ty Rampley, Pat Jarrett, Dianne Reynolds, Anne Davidson

HAPPY ANNIVERSARY TO...

November 15—Mr. and Mrs. Donnie Martin

November 17—Mr. and Mrs. Don Glenn

Progressive Club Hears Program On Clowns

Monday, November 11, the Progressive Extension Homemakers met in the Pioneer Room at First State Bank for their regular meeting. A short business meeting was held with Kathy Kingery presiding.

Mrs. Jackie Wheeler presented a program on clowns. She said that clowns have an interesting background. She told about the history and different types of clowns, and also the role of clowns in church ministry. The program was enjoyed by all.

Club members and guest were served refreshments by hostesses Annette Roehr, Tisa Whitfill and Jonetta Ziegler. Members present were Marsha Brunson, Sherry Delano, Donna Estes, Marsha Green, Bena Hester, Kathy Kingery, Dorothy Martin, Anita Ramsey, Colleen Reed, Roy Reed, Debbie Weeks, Gail Wyatt and Vickey Weduski.

P. A. S. S. Studies "Women on Job"

The Prayer and Share Sisters met with Florene Fitzgerald to study "Women on the Job." The scripture study was taken from Ephesians 6:5-9; Colossians 3:22-4:6.

Mrs. Fitzgerald gave the devotional, "Not Skin Deep," taken from "Today Is Mine." Lanita Cantwell led the opening prayer. Glenda Francis, Lois Nance and Maebelle Francis joined Mrs. Fitzgerald and Mrs. Cantwell in a round-table discussion.

The ladies all joined in the study and learned that we have freedom in Christ, but it is not freedom to do anything we want. As Christians our rights are constrained by two facts: the love Christ has for us, and the love we have for each other.

The P.A.S.S. welcomes anyone wishing to study "God Has a Plan For You" to meet with them.

Mrs. Fitzgerald will host the P.A.S.S. November 20 at 3:30 p.m.

Sculptor Presents Program for Club

On Thursday, November 7, 1985, in the Pioneer Room at First State Bank, the March of Time Study Club was honored to have as its speaker, John White, a wood sculptor who also expresses himself in poetry.

The wood used for Mr. White's carvings is native wood found in Tule Canyon. He has a local residence northwest of Silverton and also is a resident of Lubbock. He attended the National Institute of Fine Arts, San Miguel de Allende, Guanajato, Mexico. His work has been shown on local, state, national and international levels, and has won top awards where he has shown it.

Every piece of sculpture and poetry is a spiritual fulfillment as well as an art form.

Jewel Lyon and Pauline Turner, hostesses, served refreshments to Frances Crass, Anna Lee Anderson, Iris Burson, Jessie Mae Watson, Amelia Kitchens, Mattye Mayfield and Luree Burson, members; Ferne Holt, Florene Fitzgerald, Lois Walker, LaVerne Long, Geneva Griffin, Kate Turner, Neva Garvin, Josephine Anderson and John White, guests.

Don't waste water. A single lawn sprinkler spraying only five gallons per minute uses 50 percent more water in just one hour than a combination of ten toilet flushes, two five-minute showers, two dishwasher loads and a full washer load of clothes.

New Arrivals

Mr. and Mrs. Mitchell Simpson of Lubbock are parents of a daughter, Keley Lynn, born November 7 at Lubbock General Hospital. She weighed seven pounds and nine ounces.

Grandparents are Mr. and Mrs. W. D. Rowell of Lindsey, California and Mr. and Mrs. H. B. (Doc) Simpson of Silverton.

Great-grandparents are Mr. and Mrs. Aubrey Rowell, Jord Hollingsworth, Ruby Gilkeyson, all of Silverton, and Buel Simpson of Phelan, California. Mrs. Charlise Arnold of Silverton is the baby's great-great-grandmother.

Mr. and Mrs. Randy (Red) Emert of Silverton are parents of a daughter, Bonnie Jo, born Saturday, November 9 at 12:00 noon at Lockney General Hospital. She weighed seven pounds 10½ ounces.

Grandparents are Mr. and Mrs. Keith Emert and Mrs. Jessie Savage, all of Lockney, and Barry Stansell of Floydada.

Great-grandparents are Mr. and Mrs. Guin Bailey of Lockney, Mr. and Mrs. Owen Emert and Mrs. Troye Massie, all of Floydada; Mrs. Lela Wayne Creek of Coleman.

The baby's great-great-grandmother is Mrs. Ola Gwinn of Levelland.

Mr. and Mrs. Donnie Roberts are parents of a son, Chad Eric, born October 13 at Methodist Hospital in Lubbock. He weighed eight pounds and fifteen ounces.

Grandparents are Mr. and Mrs. Rex Tiffin of Silverton and Mr. and Mrs. Duane Roberts of Lubbock.

WATER facts & figures

One of the greatest bargains in history is drinking water. On average, Americans pay \$1.03 for 1,000 gallons delivered 24 hours a day to their homes and places of business.

A healthy family of four only needs to consume about 700 gallons a year, which is a little more than two quarts a day per person, reports the American Water Works Association. The typical American family, however uses more than 90,000 gallons a year.

Ziegler Named to Who's Who in Junior Colleges

Dean Ziegler of Amarillo recently was selected for inclusion in Who's Who Among Students in American Junior Colleges.

He also has been elected president of the Mechanical Electronics Technology Club at Texas State Technical Institute where he is a student.

He is the son of Mr. and Mrs. Riley Ziegler of Silverton.

Energas Hosts Awards Dinner For Employees

Sixty-six employees of Energas Company were honored at a service award dinner Tuesday evening, November 5, at the Amarillo Country Club.

The Amarillo event, honoring employees from throughout the Panhandle region, is the largest of the three dinners held last week, with employees representing headquarters, division, district and local offices of the gas

distribution company headquartered in Amarillo.

One of those honored was Dwight E. Ramsey of Silverton, who was presented a 15-year award.

Mrs. Susie L. Rivas of Quitaque was honored for five years of service to the company.

Similar dinners were held in Midland where 24 employees were honored and in Lubbock where 34 employees were honored.

Awards were presented by Charles K. Vaughan, chairman and chief executive officer. He was joined by J. Dale Young, Northern Division Manager, and other officials of the company and its Northern Division.

If you're looking for a quiet place to live, ask about the door construction. Solid or core-filled doors with gaskets or weather stripping are quieter.

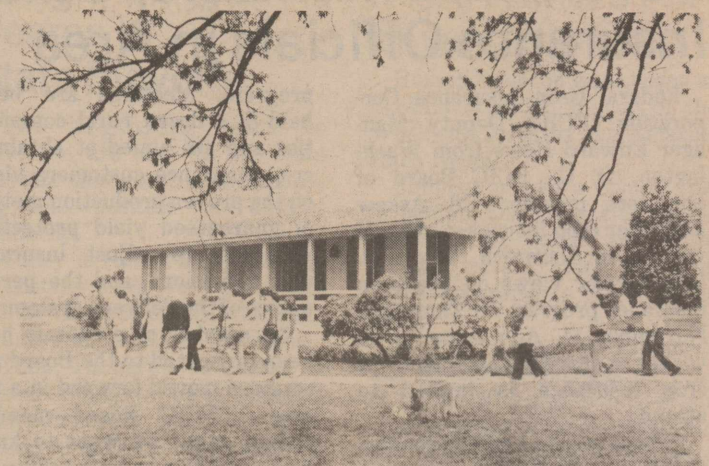

These sports history facts are brought to you by Lady Speed Stick™ Anti-Perspirant.

Midred (Babe) Didrikson won 622 out of 634 track events during her career including gold medals in the javelin throw and hurdles and a silver medal in the high jump in the 1932 Olympics. She was also an All-American basketball player. Turning pro, Babe first trained as a boxer. Switching to golf, she won 19 championships including the All-American Open and the US Women's Open. Plus she held the women's world record—296 feet—for the longest throw of a baseball.

About 300 million people speak English.

The most widely used bacteriostatic home water filter system in the world.

How Clean is Water?

WATER IN YOUR AREA is supplied and treated by sometimes controversial methods or facilities. Surveys show this water has any one or all of several problems such as bad taste, bad odor, at times a heavy concentration of chlorine and other foreign particles. This has been exposed to the public by radio, TV, newspapers and organizations.

NASA SPACE TECHNOLOGY afforded the public a new concept in water filtration from which the Bon Del Bacteriostatic water filter was developed. The Bon Del water filter has been written up in such periodicals as the Science Digest, NASA Spinoff, In-Flight Magazine and of most recent note, the 1983 Encyclopaedia Britannica Book of the Year. These, when coupled with exposure on programs such as PM Magazine attests to the filters' credibility.

THE ENVIRONMENTAL PROTECTION AGENCY [EPA] has tested and certified the filters' impregnated activated carbon bed to remove offensive taste, odor, 99.8% of the chlorine and renders the bacteria inactive. The filter features a five-year, 10,000 gallon warranty.

ENVIRONMENTALISTS, WALL STREET EXECUTIVES and water treatment experts state that this is "the product whose time has come and the appliance which no home should be without."

THE BON DEL WATER FILTERS provide good tasting, good smelling drinking water; clean ice cubes, and a means to supply the same when traveling in your car or TV. In-line and Travel Model available. YOUR LOCAL BON DEL DISTRIBUTOR challenges you to be the judge; to take advantage of "tomorrow's product today" and provide yourself, your family, your pets and even your plants with SPRING FRESH water that you can believe in, just AS CLOSE AS YOUR TAP! If you use bottled water, save yourself money, save your energy from all the bottles you change or jugs you lug!

FCIC Board Members, Other Insurance Officials in Area

Federal Crop Insurance Corporation (FCIC) Deputy Manager Edward Hews from Washington, D. C., FCIC Board of Directors member Ed Askew and other crop insurance officials will be in Nazareth, Texas to hear farmer views on the crop insurance program on Thursday, November 14. Any farmer who wishes to share his comments on crop insurance is invited to attend.

"These sessions will be conducted in an 'open-mike' manner," noted FCIC Deputy Manager Hews, "and we hope that everyone who has some thoughts about the program will take the time to share their views."

The session in Nazareth is part of a nationwide effort by two teams of FCIC officials to tap producer feelings and experiences with the crop insurance

program. Meetings are being held in a dozen rural communities and are aimed at obtaining crop insurance customers views on the proven production method of guaranteed yield protection, proposals to adjust insurance unit definitions, and the performance of the delivery system.

"A number of proposals have been presented to the Board and we have moved forward in a few areas," FCIC Board member Askew said, "we want to know how these things are working out and what remains to be done to make crop insurance the best protection the farmer can buy."

FCIC Deputy Manager Hews noted that "the crop insurance program is the primary form of disaster protection available to the American agricultural producer. We want to be sure that we are selling the best product in

the most effective way at a price today's farmer can afford."

The session will begin promptly at 1:30 p.m. at the Community Center in Nazareth on Thursday, November 14, and will continue for two hours. Participants should direct their remarks to experiences with crop insurance or why they do not use the crop insurance program.

News From The AG SHOP

I would like to thank all of my Ag kids for participating last Saturday at the District Leadership Contest in Clarendon. We didn't place high enough to receive a banner, but we did have a good learning experience. The members of the Junior Farm Skill Team were Santos Segura, Brad West, Rhett Montague, Jamie Frizzell and Neal Edwards. The Farm Radio Team was comprised of DeLynn Fitzgerald, Rena Castillo, Kori Baird

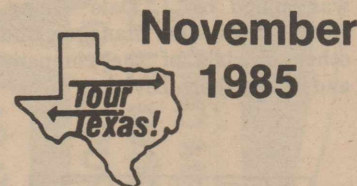

and Kristy Fogerson. Leadership is commitment and to those who participated, I say THANK YOU!

Congratulations to the football team and coaching staff for making the district playoffs. STATE CHAMPS WILL BE GREAT! Coach Shely must be plenty tough in a poker game; playing here at home is quite a winning hand.

Come by and look at the trailer any time. I might get you to donate something.

That's all for now.

—Stan Fogerson

The following events, selected by Mari Schnell of the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state.

Continuing to Dec. 1 — "Halley - The Comet Returns," Noble Planetarium, Museum of Science and History, Fort Worth. Named after Sir Edmond Halley who calculated in 1682 that the comet he observed that year was the same as those sighted in 1456, 1531 and 1607, Halley's Comet will appear again this year. The planetarium's 45-minute show will explore the nature of comets in general and Halley's Comet in particular. Showtimes: 12, 1, 2 and 3 p.m. on Saturdays; 1, 2, 3, 4 and 8 p.m. on Sundays. All seats \$2. For information contact Mary Ann Schoening, Museum of Science and History, 1501 Montgomery, Fort Worth 76107 (817-732-1631).

Continuing to April 15, 1986 — Whooping Crane Sightseeing, Rockport. The 65-foot motor vessel "Whooping Crane", with Captain Ted at the helm, will be cruising to the Aransas National Wildlife Refuge, wintering ground for the near-extinct whooping crane and some 300 other species of birds. Tour leaves the Sea Gun Sports Inn, nine miles north of Rockport on Highway 35, every morning, Tuesday through Sunday; boarding time, 7:30 a.m. for the 8 a.m. - 12 noon cruise. Tickets: adults - \$15; children under 10 - \$10. For information and reservations: Sea Gun Marina, Star Route 1, Box 85, Rockport 78382 (512-729-2341).

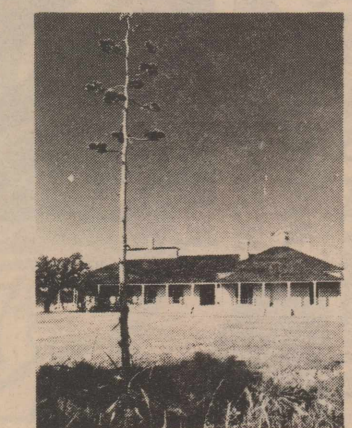

Nov. - Jan. 4 — Sun Bowl Festival, El Paso. Superb climate, dramatic scenery and the proximity to Mexico make El Paso a popular tourist area. Festival events span two months filled with parades, sports tournaments, races, horse shows, coronation and the Sun Bowl football classic. Schedule of events from Convention and Visitors Bureau, 5 Civic Center Plaza, El Paso 79999 (915-544-3650 or 1-800-592-6001).

Nov. 15 - 17 — Wild West Runaway Stampede, Austin. Dedicated to all homeless, runaway and missing children, all

proceeds will be donated to various national programs such as the Runaway Hotline, Adam Walsh Centers, National Committee for the Prevention of Child Abuse and to establish the Agate Wilderness Ranch, a working horse ranch and wildlife refuge for youths in need. Numerous daytime activities include music, games, carnival, contests for children, wild cow milking, arts and crafts, wildlife displays, chili cookoff and jalapeno eating contest. Evenings start with a Wild West Show - a melodrama of the old west and the new with Indians, vasqueros, cavalry, longhorns, rodeo and trick riders, followed by big-name entertainers such as Johnny Rodriguez, Bob Wills' Playboys, Sons of the Pioneers and more. Details from Standley Communications, Box 13501 Capitol Station, Austin 78711 (512-469-3162).

Nov. 15 - 17 — Rio Grande Valley Balloonfest, McAllen. Some 60 balloonists representing 15 states and foreign countries will compete for fame and \$86,500 in prizes. There will be daily flights at 7 a.m. and 4 p.m. and a special international flight from Reynosa, Mexico to McAllen on November 14. Other attractions include skydivers, helicopter rides, arts and crafts, live music and concession stands. More information from Arnold Arrowood, Chamber of Commerce, Box 790, McAllen 78502 (512-682-2871).

Nov. 28 — Foley's 36th Thanksgiving Day Parade/"Texas 150", Houston. This year's parade will be a salute to the Texas Sesquicentennial. Floats will capture historic moments in Texas from the Alamo to the astronauts in space. Starting at 10 a.m. at the Alley Theatre, the parade will loop downtown on Texas, Main, Bell and Travis Streets, being filmed all the while to be shown live on TV. More information from Foley's Special Events, 1110 Main Street, Houston 77002 (713-651-6975).

The hospital building at Fort McKavett State Historic Site was the last structure built when the fort was still active. Established on the banks of the San Saba River in 1852, the fort served as a deterrent to Indian raids and provided protection to settlers traveling across West Texas. TTDA photo.

Your share of our fuel-cost savings.**

You will find a credit on your electric bill this month. It's your share of savings resulting from our management's decision to use coal fuel instead of gas for generating electricity. We also saved by working out cheaper fuel and fuel transportation contracts.

At SPS, we work to keep the cost of electricity as low as possible.

SOUTHWESTERN PUBLIC SERVICE COMPANY

*SPS customers in New Mexico, Oklahoma and Kansas have already been enjoying reduced fuel costs through their automatic fuel-cost adjustments.

**This is a one-time credit. It reconciles an over-recovery of fuel revenue resulting in Texas from a fixed fuel factor set in October 1983. The credit you find on this month's bill was figured exactly on your actual electricity usage, on a per kilowatt-hour basis. We're returning this savings to you with interest at 11.56%.

Letters to The Editor

Hi,
We sure like to keep up with the goings on in our old home town. You people do a good job.
Frank and Luetta Shaffer

Dear Editor:

Enclosed please find an article that was in the Amarillo Globe News. This article gives only a small part of the reason for high medical cost. Unnecessary Government regulations, high cost of medical equipment, high cost of maintaining an office and many other cost. I think that it is high time that "The American People" take a good look at the whole picture and let the Doctors take care of their patients without fear of Government regulations and the member of the legal profession that has an office down on the corner.

I realize that it is hard to get people to move as I and Chairman of the Democratic Party in my precinct mailed out 1100 letters to the voters in order to discuss important matters and we had the whole sum of 30 to show up.

Somewhere I either read or heard from small seed grows the mighty oak tree. Maybe there is hope yet. I really enjoyed the article in the last issue of the paper "All Around The Town." It is so true.

Sincerely,
Henry H. Norrid

MALPRACTICE CAPS

A U. S. Supreme Court ruling this week might set a precedent for other states in holding down awards in malpractice suits.

The court ruled California could legally impose a \$250,000 limit on the amount a victim of medical malpractice may recover for non-economic damages. These are losses unrelated to medical expenses, usually awarded because of pain or injury.

California imposes award restrictions to hold down the cost of practicing medicine. State courts have supported California's "legitimate interest in holding down malpractice cost in order to assure insurance coverage for all doctors and hospitals."

The rising cost of malpractice insurance is credited with raising the cost of medical care for the general public. Many doctors practice "defensive medicine," which includes additional tests conducted to defend their actions in the event of a suit. This increases medical fees paid by patients.

Costly malpractice insurance also has forced many doctors to abandon high-risk practices such as neurosurgery and obstetrics. In some parts of the United States, insurance rates for such specialties can run over \$100,000 a year.

Courts in Texas have not

allowed caps on malpractice awards to stand. It is one of several other states, including North Dakota, New Hampshire and Ohio, which has struck down restrictions.

Perhaps this week's Supreme Court ruling will pave the way in Texas for similar caps and ultimately lower medical rates.

Cities Receive Tax Rebates

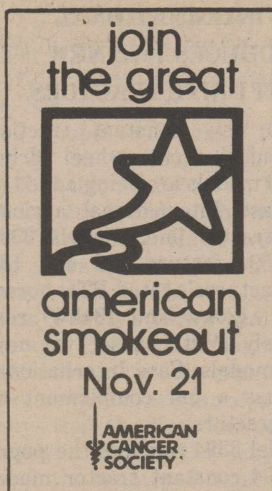

State Comptroller Bob Bullock Friday sent checks totaling \$115.2 million in local sales tax rebates to the 1,010 cities that levy the one-percent city tax.

The checks represented taxes collected on sales made in September and the third quarter and reported to Bullock by October 20.

Silverton's check was for \$4,475.03 for this period. The check received at this same time last year was for \$2,417.10. The total of the 1985 checks is \$20,059.92, up 13.59% from the \$17,659.25 received for the same period in 1984.

Quitague's check this month was \$2,290.35, up from the \$1,850.58 received at the same time last year. Total payments to Quitague for 1985 to date totalled \$12,823.85, up 9.69% from the \$11,690.46 received in 1984.

Rebate checks received by area towns and the percentage of increase or decrease include Claude, \$2,610.12, up 6.92%; Childress, \$37,019.55, up 3.68%; Wellington, \$11,045.71, down 0.11%; Paducah, \$8,246.55, up 14.90%; Crosbyton, \$7,560.48, up 9.63%; Lorenzo, \$2,229.47, up 22.70%; Ralls, \$6,120.15, up 7.95%; Texline, \$1,892.19, down 1.41%; Dickens, \$2,131.73, up 13.93%; Spur, \$4,208.96, up 9.04%; Clarendon, \$9,853.90, down 1.24%; Hedley, 1,260.65, down 5.70%; Howardwick, \$1,009.05, down 0.14%; Floydada, \$12,698.61, up 13.68%; Lockney, \$5,521.40, up 11.52%; Lefors, \$587.07, down 15.20%; McLean, \$1,734.33, down 14.56%; Pampa, \$196,047.47, up 6.14%; Plainview, \$143,033.76, up 8.46%; Petersburg, \$3,055.90, up 17.51%; Estelline, \$329.45, up 46.77%; Lakeview, \$158.88, down 27.45%; Memphis, \$20,486.31, up 11.08%; Turkey, \$2,150.04, down 0.03%; Jayton, \$1,584.57, up 13.73%; Munday, \$6,603.58, up 9.87%; Higgins, \$1,651.18, up 14.77%; Lubbock, \$1,597,942.99, up 7.42%; Mador, \$3,330.38, up 6.98%; Roaring Springs, \$1,046.22, up 1.21%; Amarillo, \$1,400,686.29, up 5.07%; Canyon, \$38,916.45, up 4.99%; Miami, \$2,001.91, down 25.15%; Happy, \$1,296.42, up 7.49%; Kress, \$1,102.95, down 7.15%; Tulia, \$17,150.41, up 4.39%; Mobeetie, \$679.86, down 39.61%; Shamrock, \$12,036.07, down 3.59%; Wheeler, \$4,879.67, down 7.37%.

FINANCIAL MANAGEMENT SEMINAR—Dirk Aaron [left], Briscoe County Extension Agent, was pictured as he received a Certificate of Completion for an Agricultural Financial Management Seminar from Wayne A. Hayenga, program chairman and economist-management of the Texas Agricultural Extension Service in College Station. The week-long seminar was conducted during the week of October 14-18 for 23 selected Texas Agricultural Extension Service employees who counsel with farmers and ranchers on financial matters. Topics included financial statement development and analysis, making cash flow projections, investment analysis and forms of business organization. The seminar was put on with financial assistance from the G. Rollie White Charitable Trust.

CASE INTERNATIONAL INTRODUCES TWO NEW FRONT DRIVE TRACTORS

Two new constant traction mechanical front wheel drive (MFD) models are being added to the Case International agricultural tractor line. Models 3394 and 3594 feature 162 and 180 manufacturer's rated PTO horsepower (120kw and 134kw) respectively. With these two new MFD models, Case International now has a full complement of MFD tractors.

Model 3394 replaces the popular 3294 constant tractor model introduced in 1983, providing many feature enhancements. These constant traction tractors offer the row crop characteristics of a mechanical front wheel drive tractor with the tractive efficiency of a four-wheel-drive tractor.

With constant traction, the mechanically-driven front drive wheels are permanently connected to the rear main drive wheels. The power to the front drive wheels cannot be disengaged. This assures that the transmission torque loads are equally distributed to all four wheels, just like a true four-wheel-drive tractor.

A constant traction tractor can match the performance of a comparable horsepower two-wheel-drive tractor, with 30 percent less weight on the main drive wheels. "This can greatly extend the service life of the transmission and final drive components," according to tractor product manager, James Schwaller.

High horsepower constant traction tractors can operate with up to 5,000 pounds less weight on the rear main drive wheels than comparable two-wheel-drive machines. This alleviates soil compaction by reducing ground pressures as much as 25 percent.

Constant traction utilizes the entire working weight of the tractor for effective traction. This increased tractive efficiency occurs when the constant traction machines are properly ballasted, with 40 percent of the total tractor weight distributed on the front drive wheels and 60 percent on the rear drive wheels.

Extensive field test and traction studies show that the constant traction tractor performs equally to a similar horsepower two-wheel-drive tractor with continuous drawbar loads on dry, hard land. However, the constant traction tractor drawbar performance exceeds the two-wheel-drive tractor in soft, wet, sloppy field conditions. "One wet season may pay for the cost of the MFD feature," Schwaller said.

Constant traction tractors also provide engine and transmission braking on all four wheels which is highly desirable when transporting heavy loads.

Tire wear in transport operations is reduced to a minimum because of the special recommended combinations of matched front and rear tires. Extensive field testing reveals that front tires on constant traction tractors do not wear to any greater degree than tires on a conventional MFD tractor with the front wheel drive disconnected in the transport mode.

Additional features on both

the 3394 and 3594 are:

- A standard 24-speed transmission—electrically actuated, hydraulically sequenced, with smooth shifts, and closely spaced speed ranges up through travel speeds.

- The strongest transmission and final drive components ever used in a Case International row crop tractor.

- The first fully pressurized lubrication system offered by Case International.

- Dual torque limiters on the front axle for sure-footed traction in varying soil conditions.

- Front axles adjustable from between 60 to 89 inches ideal for most row crop farming operations.

The Model 3594 also features an extra heavy duty four planetary hub on the front-wheel-drive axle for extra load capacity.

- Faster, easier steering—just 3.5 turns lock-to-lock—with a higher capacity hydraulic steering system.

- 116-inch wheelbase for smooth riding.

- A new larger front tire option, 18.4 x 28 R1.

- A new centered PTO control position provides manual selection of a coast position which allows PTO machines to dissipate high torque loads and inertia during disengagement. This release of energy greatly reduces wear and tear on PTO drive lines and gear boxes of these machines.

Also contributing to optimal use of the tractor is the standard Case Intelligence Center, a digital instrumentation cluster that is the most advanced in the agricultural tractor industry. Coupled with the optional true ground speed sensor, this feature allows a farmer to determine actual ground speed regardless of wheel slip conditions. This allows more precise gear selection and better control of operating functions such as chemical application and planting rates, functions once considered guesswork.

A snail travels at the rate of .003 miles per hour.

AFTER THE PARTY IS OVER

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel — excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to *be still* and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "*Commune with your own heart upon your bed and be still.*" Psalm 4:4. God says in Psalms 46:10 "*Be still and know that I am God.*"

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
