And the regular football season begins Friday. **Go Mustangs!**

Let's **RUMBLE!** Mark Saturday as a time to be in Wheeler.

Sorry to hear of Judge Hefley being airlifted to Amarillo Monday. He is to receive a pacemaker. Wishing him a speedy recovery.

And the drama continues. I returned the borrowed computer and assumed all was well with the paper. Wrong!

For this paper the football pages were under construction. I was so well organized in getting the ads set and in place; **BUT** part of it was on the borrowed computer.

The external harddrive had backed up for the time I used the borrowed computer. But backing up in this case, restored more than I needed.

STORM REPORT

As Reported by...
Stormie Meriwether,
Seventh Grade Student

Dear Friends, The first day of school was great. Jr High is different. We have new teachers. We go to breakfast after Cross Country. That's strange. I like all of my teachers. One is a new teacher. His name is Coach Klink. He is funny. He let's us throw wadded up paper to the trash basket. He says he wants his class to be fun. He teaches Texas History. I love history.

It is going to be a new adventure. I hope I can do it. I miss Ms White. I hope she has a good time at her school. That's it!

OLD TIMES NOT FORGOTTEN

By Roland Miles

NEVER LIE TO YOUR COWS

Over the past several years, much has been said about cows, mostly by me, of course. I've even compared them to politicians, a time or two. That may be a little unfair to both, but as you know, they do have a lot in common. Cows, as a general rule, are pretty honest and

straightforward. Since I don't have a big herd, I can get to know most of them and their general nature. There's one in particular, that I've had for nearly six years now, and she still doesn't trust me. She's fine with the idea of coming in the lot to eat, but if she happens to see me looking at her, she'll grab up Junior, and run to about a hundred yards away, then stand there and watch me. Maybe she's thinking about the squeeze chute and being palpated. I do have one that may be

somewhat dishonest, in the fact that she has always acted like she likes me. It's likely, she's figured out, I always give her some extra cake, even carry some in my pocket for her. By feeding them in the lot, it makes penning them up easier, to do whatever needs done. Even when they're in the far side of the pasture, all I need to do, is drive over there and holler to them, and they'll follow the pickup all the way back to the lot. I could never be accused of being "sexist," because I always holler, "Come on girls." The bull never seems to be offended by that, just gets in line and comes right on, too. No matter how much I may think they like me, when

it comes eating time, I don't get between them and their feed. It's understood between them and me, that if I do, I'll get knocked around or, ran over. I've never promised them food, then reneged on the deal. The bull went to visit the neighbors, the other day and with only half a bucket of cake, and three blocks of alfalfa, I managed to get him home in about an hour and a half. That worked out well for both of us.

On August 9, 2016, Kelton STEAM academy introduced their FTC program to all students interested in attending Kelton ISD. Grades 1-5 had the opportunity to construct a NXT robot. A NXT robot is constructed out of Legos. Grades 6-12 were challenged to construct a battle bot. With this being said, the students had a 3 hour limit with their project. Then the students went out to battle their robots. They had 2 hours to drive and test and fight the robots. We had 12 students interested in the robotic program who participated in this outreach. Instructing the students were three FTC mentors; Mrs. Shaffer, Mr. Hall and Mr. Herndon. This was exciting for the mentors as well as for the students. It helped display the impact and success that robotics can have on your future.

Quiet, Quiet and Quiet! Isn't that what you want in a library? No loud talking, laughing or moving around fast. Speaking as one librarian, I miss the little bodies coming in and out asking questions in very loud whispers, putting books where they don't belong because they want to help me out or leaving fingerprints on the glass door when they enter, reminding us they need a sticker or a paperclip to add to their reading wall. I will miss all the myriad of questions they ask off the top of their heads and just reading to them and watching their eyes get great big when something fascinates them. Most of all Friday mornings were the best part of the week and I for one, will miss them! Thank you parents, grand parents and babysitters for bringing the little munchkins in because I know some of you had to sacrifice your time! You are appreciated!

Now back to Happy Things! New books are still coming in about once a month and we are planning activities for October, November and December. So keep reading our posts and checking for times and age groups so you may be involved!

I hope you noticed the wonderful full page of our kids and their activities this past 12 weeks in last weeks Wheeler Times. I want to give a big shout out to Louis our 'Newspaper Man' for the BIG PAGE and all the time he spends making us aware of the community activities. Thanks Louis, your GREAT!

So our goal for the community of Wheeler, TX is to have a wonderful school year and all kids, teachers and staff to be Blessed and Safe!

Jamison (from Page 1)

Usually, Ray Price and Buddy Holly could be heard in the background because Jimmy loved listening to them. Work was part of who Jimmy was. He enjoyed working cattle and was outside working the land when he could. His dogs, Maddie and Moe, meant a lot to him. Jimmy had numerous journal entries of his loving, blue-eyed, long-legged wife, Linda, and how much he enjoyed spending time with her. He was an exceptional cook and loved spending time with his grandchildren and telling them stories of his childhood. Jimmy woke up before sunrise and his grandchildren would tease him in the early evening when he would fall asleep snoring on the couch. Jimmy was a faithful member of the First United Methodist Church in Georgetown. He served in many capacities at the church including: the Chair of the Finance Committee, member of the Administrative Council, and worked with other committees and groups. To cherish his memory, Jimmy leaves behind his wife, Linda Jamison; son, Stephen Jamison and wife Robin; son, Jason Jamison and wife Deanna; brother, David Jamison and wife Cindy; six grandchildren: Kassie Fleming and husband Matt,

NOTICE OF EFFECTIVE TAX RATE

2016 Property Tax Rates in NORTH WHEELER CO HOSPITAL #1
 (insert year) (insert taxing unit name)
 This notice concerns 2016 property tax rates for NORTH WHEELER CO HOSPITAL #1
 (insert year) (insert taxing unit name)

It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$4,013,658
Last year's debt taxes	\$825,444
Last year's total taxes	\$4,096,809
Last year's tax base	\$2,751,153,737
Last year's total tax rate	\$0.1700000 /\$100
This year's effective tax rate:	
Last year's adjusted taxes (after subtracting taxes on lost property) ...	\$2,751,153,737.0000000
+ This year's adjusted tax base (after subtracting value of new property) ...	\$1,586,908,290.0000000
= This year's effective tax rate (Maximum rate unless taxing unit publishes notices and holds hearings.)	\$0.2529200 /\$100

In the first year a hospital district collects the additional sales tax to reduce property taxes, it must insert the following lines unless its first adjustment was made last year:

- Sales tax adjustment rate	NA /\$100
= Effective tax rate	NA /\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate, and/or enhanced indigent health care expenditures) ...	\$0.0000000
/ This year's adjusted tax base	\$1,586,908,290.0000000
= This year's effective operating rate	\$0.2529200 /\$100
X 1.08 = this year's maximum operating rate	\$0.2731500 /\$100
+ This year's debt rate	\$0.0500000 /\$100
= This year's total rollback rate	\$0.3231500 /\$100

A hospital district that collects the additional sales tax to reduce property taxes, including one that collects the tax for the first time this year, must insert the following lines:

- Sales tax adjustment rate	NA /\$100
= Rollback tax rate	NA /\$100

For a taxing unit with additional rollback rate for pollution control, insert the following lines:

+ Additional rollback rate for pollution control	NA /\$100
= Rollback tax rate	NA /\$100

Immediately following the PRCA Rodeo of Champions on Friday, September 2, this year's FREE concert series will feature Tyler Wilhelm and A Few Dollars More. Tyler Wilhelm is a rapidly rising star in the red dirt music industry, who is mesmerizing fans across the southern plains.

Tyler Wilhelm, adds his own authentic style into his music and lyrics that hits home for many of our blue collar, hardworking, rough, and rowdy friends. The chemistry in his music has the perfect balance of southern rock, classic country, and blues; creating an electrifying sound that charges every cell in your body, making it impossible for you to not have a great time! Each song has a genuine twist and style to ensure the fans will not hear the same repeated beats over and over, but when Tyler is on stage and his voice echoes across the room you'll know every time when T Willie is in the house.

On one side of Tyler you will find his oldest brother Lane Wilhelm, playing bass, harmony, as well as a few solos for the band, directly behind is longtime family friend and drummer, Les German and on the other side, his father, Jason Wilhelm, playing the lead guitar with his two oldest sons. Once you get a taste of TWFD's

music, you instantly become a fan. They set the stage for a good time with people who are just getting by in this crazy world. Reminding us, we are all in this together! Once you become a fan of the TWFD band, you're instantly a part of the family! "Judge No Man" is not only a fan favorite original song from TWFD, but also one of his favorites, written because he stands behind, not being quick to judge, welcoming everyone with open arms to have a good time, kick their boots up and sing along!

So the next time you see the old Clint Eastwood movie "For A Few Dollars More" it will be hard not to think about the talent that Tyler and his band are bringing back to the music industry. His voice echoes its own genuine twist that is untouched by Nashville. Fans are craving their music with words that have meaning, like they did in the good Ol' days. You can't go wrong with a band that plays with a touch of the King, the outlaw feel of Waylon, and the rockin' red dirt sound of Ragweed from the heart of America.

On Saturday, September 3 the rodeo weekend continues with the community favorite, the PRCA RODEO OF CHAMPIONS PARADE. The parade kicks off at 2pm and all entries should check-in at the corner of Main & 7th Street by 1pm. Parade entry forms can be obtained at the Elk City Chamber of Commerce located at 1016 East Airport Industrial Road in Elk City. All entries must be submitted no later than Monday, August 29. There is no entry fee. Cash

prizes will be awarded to 1st, 2nd, & 3rd place entries. Event organizers encourage everyone to bring a lawn chair and join in the fun.

The PRCA Rodeo of Champions will again begin at 8PM. Tickets can be purchased in advance or at-the-gate on the night of the event.

Immediately following the PRCA Rodeo of Champions on Saturday, Sept. 3 performer JW Lane & County Road X will take to the stage for a FREE concert.

JW Lane and County Road X is a band rooted deep in country music. Whether playing for a small crowd

in a town of 500, to playing a bigger stage in a large city, one thing is always guaranteed...great country music. A product of front man and lead guitarist, JW Lane, this band has always prided itself in keeping alive the traditional country sound of past decades and also bringing you a sound that is well loved in today's Texas/Red Dirt scene.

Joining his brother on the bass, Jimmy Lane provides that steady beat and those classic runs that are expected from a country music tune. On rhythm guitar is Caleb Gaines, who although new to the band,

THE WHEELER TIMES

"Wheeler: town of friendship and pride"

will grow and contribute to the unique sound known as JW Lane and County Road X. Drummer Nic Gaines will offer a steady and controlled beat that people will love to cut a rug to and Cooper Jones will give us that smooth fiddle that only country music is known for.

With this band, JW feels more confident than ever that it is time to make a move and start growing in the booming Texas music scene. After successful campaigns with their first two Mike McClure produced singles, "Weeds" and "Up and Gone", this band has nowhere to go but up. The guys hope to see you at the show and want you to be rest assured, that even with all the changes going on in country music now days, you can bet they'll be keeping country music...country.

Sunday, September 4th is the final night of the PRCA Rodeo of Champions beginning at 8PM. Tickets can be purchased in advance or at-the-gate on the night of the event. Immediately following the rodeo, Slim Pickins will take to the stage.

Slim Pickins was founded in the fall of 2012 in Elk City, Oklahoma. They currently perform in Oklahoma and Texas, playing in many venues such as; clubs, rodeos, street dances, festivals, corporate and private parties, and weddings. They play a variety of music styles including Classic and Contemporary Country, Classic Rock, and Blues. With decades of combined experience they are a dance band with a loyal following of fans who

appreciate great music and good times.

The band consists of Paul Shields on the steel and electric guitar and vocals, Chris Gatherings on acoustic and electric guitar and vocals, Charles Eddy on lead guitar and vocals, Phil Howard on bass guitar and vocals, and Hosie Moss on drums and vocals.

Kari's Law Requires Direct Access to 9-1-1 Effective September 1, 2016

9-1-1 authorities in Texas (*Texas 9-1-1 Alliance, Commission on State Emergency Communications, and the Municipal Emergency Communication Districts Association*) want to notify business owners about a new law requiring owners of multi-line telephone systems (MLTS) in Texas to provide direct-dial access to 9-1-1 without having to dial an additional digit such as 9 first before getting an outside line. Providers of multi-line telephone systems have until September 1, 2016 to comply. Senate Bill 788, also known as *Kari's Law*, which requires direct access to 9-1-1, was signed into law by Governor Greg Abbott on May 15, 2015. On March 1, 2016 the Commission on State Emergency Communications adopted Rule 251.16 (Direct Access to 9-1-1 Service) to implement Kari's Law.

The law represents a culmination of efforts in the aftermath of the murder of Kari Hunt in a motel room in Marshall, Texas who was attacked by her estranged husband. Kari's 9-year-old daughter tried to call 9-1-1 for help four times from the motel room phone. Unfortunately, the call never went through, because she did not know to first dial "9" for an outbound line before dialing 9-1-1. Tragically, Kari died before help could arrive.

Since Kari's death, her father Hank Hunt and his family have made it their mission to educate the public and elected officials across the country about the need to change multi-line phone systems to provide direct access to 9-1-1. Their concerns were heard by representatives of the Texas 9-1-1 authorities, elected officials in Texas, the National Emergency Number Association (NENA) and the Federal Communications Commission (FCC). Currently, Illinois, Maryland, Texas and Tennessee have all passed similar legislation.

"Seconds count, and when a 9-year old little girl is mature and brave enough to attempt to dial 9-1-1 for help, she should be answered," said Mr. Hunt.

MLTS owners must do their diligence and provide direct access to 9-1-1 and comply with Kari's Law. If the existing MLTS cannot be re-programmed or replaced to meet the direct access requirement, a one-year waiver shall be granted upon timely submission of an affidavit. Business owners should contact their MLTS provider to learn if their phone system is compliant. Some new phone systems need to be reprogrammed (not replaced) and costs, if any, should be minimal.

For more information on the history of Kari's Law, the requirements to comply or to request a waiver, please visit texas911.org/KarisLaw. A PSA on Kari's Law can be viewed at: <https://youtu.be/ilvrLNGwz-c>
