## "Tiptoeing On the Ocean of Storms" Statue "Unveiling" By Capt Alan L. Bean Sept. 14

— Photo by Rhonda Meriwether

"Tiptoeing On The Ocean Of Storms"

The official "unveiling" of the statue. "Tiptoeing on the Ocean of Storms", will be Wednesday, September 14, at the Wheeler Historical Museum, following the Dedication Ceremony. The statue of Capt. Alan L. Bean, as he appeared on his walk on the moon, was completed in July and delivered August 15, 2016.

November 19, 1969, Alan Bean became the fourth man to set foot on the moon. Bean and his crewmate, Charles "Pete" Conrad gathered lunar soil samples. The third member of the team orbited the moon 60 miles above and photographed sites for future moon landings.

Capt. Bean described the suit as "stiff and hard to move in at the knee and hip joints. "You learn quickly to move about by keeping the legs relatively stiff and using ankle motion as if you are dancing on tiptoe. The moon is one-sixth gravity; the ankle movement allowed the astronaut to hop and "it felt as if my legs would never tire," stated Bean.

Capt. Alan L. Bean will address those gathered at the

Wheeler High School Gymnasium at 9:00 A.M. September 14. After the address, everyone will walk the short distance to the museum for the "unveiling".

Artist Paul Kashuk, Jr., of Florida will be in Wheeler for the dedication. Kashuk had done the artwork for the statue to be used in another project that never came

about. When it was learned of Wheeler's need for a statue of Capt. Bean, Kashuk's 3.5' clay model was only eighty percent complete. The artist finished the detail, digitalized the clay sculpture and made it available for the Wheeler Historical Museum. Kashuk donated his art for the creation

of the magnificent bronze statue to honor Captain Alan Bean and further awareness of man's great accomplishment.

Mickey Wells of Amarillo's Southwest Bronze, completed the statue with close attention to historical accuracy. The James Harold Hill Family Trust donated funds for the casting of the statue. Both Kashuk and Wells are scheduled to be in Wheeler for the "unveiling".

Capt. Bean, born in Wheeler on March 15, 1932, made his second trip to Wheeler since he was 2 years old, March 13-15, 2015. The statue was to have been in place at this time. A large crowd was in attendance for the occasion. Capt. Bean assured us at that time he would return when the statue was in

### Parkview Hospital Is Planning Local Health Fair On October 6

Mark your calendars for the upcoming Health Fair which will be held Thursday October 6, 2016 from 9am - 6pm at the Agri Life Center in Wheeler. Parkview Hospital is hosting the event for the surrounding communities. The Health Fair will feature the annual flu shot clinic, \$5.00 complete blood count draws, health

screenings and assessments as well as other health related information. The flu shot clinic will begin at 7 am and end at 6 pm. Vendors from Amarillo, Pampa, Shamrock, Canadian and Wheeler will participate. Door prizes will be given throughout the day. Make plans to attend for health care information and services.

### MEMPHIS OVERWHELMS MUSTANGS

By Kelly Adeerholt

What many thought would be a rugged, competitive matchup between two of the panhandle's better small schools quickly turned into a rout as the Memphis Cyclones rolled over the Mustangs in Nicholson field last Friday evening by a final score of 44-8. The Cyclones rolled to almost 400 rushing yards as their big running back, David Dickson, powered his way to 244 yards on 25 carries.

The Mustangs took the opening kickoff but could only master five yards on three plays and punted away. Memphis took over at their own 37 and went on a six play drive that ended with an 18 yards TD run by Dickson. The Cyclones converted the two point conversion to take an 8-0 lead with 7:42 left in the opening quarter.

Wheeler punted again after three plays on their next possession and gave the Cyclones short field after a 17 yard punt placed the ball at the Mustangs 43. Dickson

took a second down hand-off 31 yards to the Wheeler 8, and 3 plays later QB Nick Adame lucked into a 5 yard TD pass when his errant pass deflected off of Wheeler DB Luis Gutierrez and into the arms of Cyclone wideout Jatavion Newsome. Adams ran in the two point conversion and Memphis led 16-0 with 3:32 left in the first. The Mustangs fought back

on their next possession. QB Holden Guest threw a first down pass to WR Traylen Drake that covered 27 yards and set them up at the Cyclone 41. It looked as though the drive might have bogged down after Guest could only gain 2 yards on 3rd and 7 but a facemask penalty on the Cyclones moved the ball to the Memphis 20 and gave

### STORM REPORT

As Reported by... Stormie Meriwether, Seventh Grade Student

Dear Friends, The Mustangs played hard on Friday night. I am so sorry Eduardo Porras was hurt. It was very scary when they carried him out in the ambulance. I do hope he is ok. Watching the game is fun. The Mustangs are still the best, even if we didn't win.

We had fun for the weekend. First we went to the Mustang Game, then to OKC to Seth's house for a Big Family Day. We ate, played

## EASTER EGG HUNTER

I know this is an odd time of year, to be talking about hunting Easter eggs. For some reason or other, Shirley and I got on that subject a few mornings ago. Could be, it came up while we were watching two mother turkeys and their seven kids, who have been showing up in our yard every morning, nearly every day all summer. Then, it could be the fact that a lot of farm chickens like to hide their nests, instead of using the henhouse. It doesn't matter how the subject came up.

The really important thing, is what I'm about to tell you. I was the undisputed, champion Easter egg hunter, in the first grade at Wheeler! Every year, the grass around the old Masonic Lodge, would come out earlier than any other place, close to school, so they (I never knew who "they" were) would hide the eggs all over their property. Starting about a week before the hunt, I began getting excited. By the time that day arrived, I was hardly able to sleep, the night before. When

Mrs. Farmer had gotten us all marched down to the Masonic Hall, they let us go at it. My plan was simple. Walk as fast as I can, while looking at the ground. Since the rest of my class started looking right where we were at, I ventured out a little farther. By the time they made us quit, I'd found the most eggs. I even got a Big Chief pencil as a prize. My claim to fame was surely established. My classmates would remember that forever! Next year, there was a "prize egg," and nobody cared, that I found the most again. By the time we got out of school, I'll bet less than half of my classmates could tell you who the first grade champion Easter egg hunter

was. Fame fades away fast. Answer to last week's history trivia question: For a few years after the radio was invented, the international distress call letters were CQD,

but were changed to SOS in 1906. The two radio operators on the Titanic, were Jack Phillips and Harold Bride. They worked for the Marconi company, not the Titanic's owner.

This week's question: Was the rip in the side of the Titanic, which was caused by the iceberg, blamed on the ship's hull being too thin, or faulty welding? Answer next week.

### Did You Know?

In my little world, items like cream of tartar (potassium bitartrate) are not simply a super way to stabilize egg whites but also scandalously inexpensive cleaning secrets. This long-forgotten gem of a cleaning agent may be used with a little water or vinegar to lift even the most stubborn stains. Unattractive grout driving you batty? Mold and mildew stains got you reaching for the Prozac? Burner pans and casserole dishes giving you fits? Cream of Tartar is your new best friend. (Continued Page 3)

The \_\_\_\_\_ North Hospital Dist #1 \_\_\_\_\_ will hold two public hearings on a proposal to increase total tax revenues from properties on the tax roll in the preceding tax year by \_\_\_\_\_ percent (percentage by which proposed tax rate exceeds lower of rollback tax rate or effective tax rate calculated under Tax Code Chapter 26). Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

The first public hearing will be held on \_\_\_\_\_ 09/15/2016 at 5:00pm \_\_\_\_\_ at \_\_\_\_\_ Parkview Hopt Board room \_\_\_\_\_.

The second public hearing will be held on \_\_\_\_\_ 09/19/2016 at 5:00pm \_\_\_\_\_ at \_\_\_\_\_ (Parkview Hopt Board room \_\_\_\_\_).

The members of the governing body voted on the proposal to consider the tax increase as follows:

FOR: Pam Hibler, Janie VanZant, Roy Laughlin  
 AGAINST: NONE  
 PRESENT and not voting: NONE  
 ABSENT: Roger Brown

The average taxable value of a residence homestead in \_\_\_\_\_ 2015 \_\_\_\_\_ last year was \$ \_\_\_\_\_ 47213 \_\_\_\_\_.

Based on last year's tax rate of \$ \_\_\_\_\_ .170 \_\_\_\_\_ per \$100 of taxable value, the amount of taxes imposed last year on the average home was \$ \_\_\_\_\_ 80.26 \_\_\_\_\_.

The average taxable value of a residence homestead in \_\_\_\_\_ 2016 \_\_\_\_\_ this year is \$ \_\_\_\_\_ 48025 \_\_\_\_\_.

\_\_\_\_\_. If the governing body adopts the effective tax rate for this year of \$ \_\_\_\_\_ .30292 \_\_\_\_\_ per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$ \_\_\_\_\_ 145.47 \_\_\_\_\_.

If the governing body adopts the proposed tax rate of \$ \_\_\_\_\_ .22315 \_\_\_\_\_ per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$ \_\_\_\_\_ 155.19 \_\_\_\_\_.

Members of the public are encouraged to attend the hearings and express their views.

**Special Provision\***  
 Enhanced Indigent Health Care Expenditures:  
 The \_\_\_\_\_ NA \_\_\_\_\_ spent \$ \_\_\_\_\_ NA \_\_\_\_\_ from \_\_\_\_\_ NA \_\_\_\_\_ to \_\_\_\_\_ NA \_\_\_\_\_ on enhanced indigent health care at the increased minimum eligibility standards, less the amount of state assistance. For the current tax year, the amount of increase above last year's enhanced indigent health care expenditures is \_\_\_\_\_ NA \_\_\_\_\_.

WHS a first down. But the drive died out there when the Mustangs could only pick up a yard on three plays and Guest's fourth down pass fell incomplete.

The Cyclones powerful offense kicked back into high gear as they covered 80 yards on 9 plays on the next possession and took a 24-0 lead after Adame scored on a 13 yard run and Dickson ran in the two pointer.

After exchanging punts on their next two possessions, the Mustangs scored a big play on first down with Levi Ware hauling in a Guest pass that covered 32 yards to the Cyclone 25. But, once again, the drive died out 4 plays later with a Guest to Drake pass falling incomplete.

Wheeler forced a three and out and took possession back at the Cyclone 35 after

Drake returned the Memphis punt 24 yards. After an incomplete pass on first down. Ware took a handoff 15 yards to the Memphis 20. Two plays later, Guest dropped back to pass, scrambled to his right and threw a high pass to the end zone to Gustavo Andrade. Andrade made a beautiful catch, tip toeing the sideline and Wheeler was on the board. After Guest ran in the two point conversion, the Mustangs had narrowed the score to 24-8 with 36 seconds left in the opening half.

Memphis took the second half kickoff but stalled quickly and punted away to Wheeler's 31. The Mustangs looked to continue their momentum when Guest powered for 15

yards to the 46 on first down. But Memphis snagged an interception on the ensuing play that stopped the Mustang drive and thoroughly changed the game.

The Cyclones would proceed to score touchdowns on their next three possessions to put the game out of reach.

It was a rough evening for the Mustangs. There is no shame in losing to a team as talented as Memphis but the final score could be debilitating on the Mustangs psyche. Wheeler is a gifted team however and hopefully they can use their defeat as a learning lesson for the rest of the season. The Mustangs travel to Clarendon to battle the 2-0 Broncos at 7 pm Friday evening.

cards and visited. On Saturday we went to Jaeden's for a Cookout. We went swimming and ate hamburgers and hot-dogs. It was Ryan's (Musae) birthday. I loved the cake!

Monday was no school because of Labor Day. I went to Mobeetie with Dad and Pop to the Old Settlers Reunion. That was fun actually.

We ate and listened to the music. Mr. Lee, my teacher Mrs. Lee's husband, sang with his family's band. They are good! His grandmother even played with them. She is awesome! (Sylvia Shuler).

It was a busy day. My mom worked at the museum all day. My dad and I cooked supper for my mom and Baba and Pop. I thought I overcooked the brownies, but they were just right. It was good food. That's it!

Cream of tartar is one of nature's best bleaching agents. Cream of tartar, a.k.a "crusted wine," is mixed with baking soda to create baking powder (bet you didn't know that.. okay, some of you probably did, you smartypants).

While it is an acid, it's not harmful. It's an acidic salt which comes from grapes.

Use a few tablespoons of cream of tartar with hot water or hydrogen peroxide and clean any aluminum pans which have discoloration or any rusty drains, pans, or stains.

Do you have copper kettles? Mix some cream of tartar with lemon juice and rub the copper with it. Rinse and be amazed! How about a porcelain sink, tub, commode? Rub the porcelain surfaces with cream of tartar and watch the stains disappear.

Fabric stains? No prob. Mix a few teaspoons of cream of tartar with some glycerin and use like spray-and-wash. The results? Well, I'm here to tell you that this stuff cured the ring

After having been missed by several rains the past few weeks, Wheeler was hit with two hard rains last week for a total of 2.81" received in a very short time.

— cwe —

Tuesday afternoon, I started to the house to mow the grass. As I stepped out the door, I saw the dark cloud approaching. A very few minutes later, the downpour hit.

— cwe —

Tuesday's rain was hard, but not nearly as hard as Wednesday's downpour. The city office was baling water out of the office, due to the poor drainage on Alan L. Bean Blvd.

— cwe —

We at one time had an inch of water to the 4" rise in the garage floor. It quickly drained.

The "Lee Family" furnished the music for the enjoyment of those in attendance at the Old Settlers Reunion.

While the meat is being chopped in preparation for serving, This young man samples the barbecue to make sure it is suitable to eat.

Three serving lines were set up to move the 427 individuals to receive their food as soon as possible.

Cooked and awaiting final preparations, the barbecue is shown here removed from the fire with one line of individuals waiting to enjoy.

place. Capt. Bean made his first trip to Wheeler, in September, 1970, for dedication of Alan L. Bean Blvd., formerly Shamrock Street.

Wheeler first became aware of being the birthplace of an astronaut in October of 1963 with the news release to The Wheeler Times. An effort at this time was made to connect him to a local family but it was later learned his father, Arnold H Bean, was an employee of the state, sent here to survey the soils of the area. The Bean family remained here two years after Alan's birth.

Upon his return to Wheeler, in 2015, for the celebration of his eighty-second birthday, Bean stayed at the City Drug Bed and Breakfast. At the time of his birth, the Wheeler Hospital was located on the second floor of the then City Drug. The Bed and Breakfast is now Sandy Basin Inn.

In addition to the statue, the Wheeler Historical Museum houses several giclees of Capt. Bean's paintings, and numerous artifacts on loan to the museum from a personal collection.

With the formation of the museum committee in 2005, a building to house a museum was needed. The old American Legion Building, built in 1947, was near demolition and owned by the school. The school board donated the building to the museum committee and work began to bring the Wheeler Historical Museum into reality. Through the generous support of the school, city, county and individual contributions, Wheeler Historical Museum will tell the real stories of our people our places and our times.

Just need a great non-abrasive cleaner? Mix 2 teaspoons of vinegar and 2 teaspoon of cream of tartar in a small dish (use 3 or 4 teaspoons of vinegar and 3 or 4 teaspoons of cream of tartar if you have more items to clean). Apply with your cleaning rag or scrub brush and let it sit for 5-10 minutes. Scrub. Wash with hot soapy water.
