It is about time to get those flu shots. They can be taken care of at Parkview's Health Fair.

Here is a good place to brag on our local hospital, doctors and staff. I had reason to have tests last week and they came up with the same answer as Mercy Hosp. in OKC. They only did one additional test and used the information I took with me.

STORM REPORT

As Reported by...
Stormie Meriwether,
Eighth Grade Student

Dear Friends, Wheeler football is the best, even if they didn't beat Clarendon.

They will beat them next time.

The Cross Country was good. It was a beautiful day and everyone did a good job.

Hadley got fourth. That was great! Our boys were fast!

We had a wreck in Hinton Oklahoma! We are ok except sore. A man stopped in the road and started backing up really fast. My dad tried to back away from him, but he was going really fast. He was not paying attention. I am glad we always wear seat belts! Why would anyone back up fast and not even look! That is just bad.

I am excited to go to the Colt game on Thursday! Pep Club will cheer for our team.

It is so sad that Mrs. Shelly (McCasland) Willeford passed away. I know her family will miss her like we miss Layne. That's it!

CONVOY AHEAD

“World War II caused a marked decline in civilian and tourist traffic, but it stimulated new business along U.S. 66, when it acted as a military transport corridor moving troops and supplies from one military reservation to another. Motels saw an increase in occupancy, as families of servicemen stationed at military bases stayed for long stretches. But

more significantly, Route 66 facilitated perhaps the single greatest wartime mobilization, as thousands of jobseekers headed to California, Oregon and Washington to work in defense plants.”

Route 66 had its official beginnings in 1926 when the Bureau of Public Roads launched the nation's first Federal highway system. Like

Allison Methodist Church Will Celebrate 130th Anniv. Sept. 24

130th Anniversary of the Allison United Methodist Church The Allison United Methodist Church of Allison, Texas, will observe its 130th Anniversary Sunday, September 24, 2017. The celebration service will begin at 3:00 P.M. followed by a reception in the Fellowship Hall. Bishop W. Earl Bledsoe of the Northwest Texas-New Mexico Conference and Amarillo District Superintendent Rev. Paul Bauernfeind will be present to participate in the service. All friends, former pastors, and present and former members are invited to attend. The church was organized in August 1887, 130 years ago, in a dugout which was the home of the W.E. George family. A Methodist preacher walked from Mobeetie to the prairie home to organize the church. This Methodist Church was built at Cataline and was the first Methodist church established in Hemphill County. Due to frequent flooding from the Gageby Creek and Washita River, the church was moved to higher ground near the cemetery. In 1916 it was moved to the town of Zybach. When the railroad bypassed Zybach and the town began to decline, the church was

relocated in the booming railroad town of Allison in 1931 where it still stands today. A new church building was constructed in 1981. An educational wing was added in 1987. We want to give God the glory

like to bring an 11X11 block for us to use go on ahead.

New books came in this week and we have some nice ones. **BEFORE WE WERE YOURS** by Lisa Wingate, has been one of the best read books on the list and we have it. **Nora Roberts and UNTAMED, THE BREAK DOWN** by B.A. Paris, Michael Connelly's **THE LATE SHOW**, Ruth Ware has a book out called **THE LYING GAME** and we have several more. Come in and check out the new ones and we encourage you to check out an author you have never read before. Cindy and myself have decided to read one book from each author in the library this year and locate some new and different authors/subjects to discuss. I know we all get stuck in the same old story line or style and don't budge but we encourage you to change yours style up a little also. We have been going through the books one by one and have found some really excellent reads that we have never read before. So we challenge you to try it too and share your results!

Have a wonderful coming up Fall and hope to see you more often in the library!

In my little world, items like cream of tartar (potassium bitartrate) are not simply a super way to stabilize egg whites but also scandalously inexpensive cleaning secrets.

Cream of tartar is one of nature's best bleaching agents. Cream of tartar, a.k.a "crusted wine," is mixed with baking soda to create baking powder (bet you didn't know that.. okay, some of you probably did, you smartypants). While it is an acid, it's not harmful. It's an acidic salt which comes from grapes.

Use a few tablespoons of cream of tartar with hot water or hydrogen peroxide and clean any aluminum pans

other highways in the system, the path of Route 66 was a cobbling together of existing local, State and National roads. The highway quickly became a popular route because of the active promotion of the U.S. 66 Highway Association, which advertised it as "the shortest, best and most scenic route from Chicago through St. Louis to Los Angeles."

The original 1926 route began in Chicago, Illinois traveling through Missouri, Kansas, Oklahoma, Texas, New Mexico and Arizona before ending in Santa Monica, California covering a total of 2,448 miles. Route 66 is remembered by a popular song "Get Your Kicks on Route 66" recorded in 1946.

The Military Vehicle Preservation Association (www.MVPA.org) is conducting a 91st Anniversary Convoy with as many as 80 Historic Military Vehicles (HMs) that will retrace the original 1926 Route 66 and will launch from Chicago, Illinois on Saturday, 16 September, 2017 and arrive in Santa Monica, California some 29 days later, on Saturday, 14 October.

PUBLIC NOTICE Brief Explanatory Statements of Proposed Constitutional Amendments Special Election, November 7, 2017

Proposition Number 1 (HJR 21)

HJR 21 proposes a constitutional amendment that would permit the Texas legislature to expand the circumstances under which a partially disabled veteran or their spouse may qualify for an exemption from ad valorem taxation of part of the market value of the veteran's residence homestead. Currently, the Texas legislature may provide that a partially disabled veteran or their spouse is entitled to an exemption from ad valorem taxation of a percentage of the market value of the disabled veteran's residence homestead was donated to the disabled veteran by a charitable organization at no cost to the veteran. The amendment would allow the Texas legislature to provide that the exemption also may be taken when the residence homestead was donated, sold, or transferred to the disabled veteran by a charitable organization for less than the market value of the residence homestead. The amendment also harmonizes certain related provisions of the Texas Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of part of the market value of the residence homestead of a partially disabled veteran or the surviving spouse of a partially disabled veteran if the residence homestead was donated to the disabled veteran by a charitable organization for less than the market value of the residence homestead and harmonizing certain related provisions of the Texas Constitution."

Proposition Number 2 (SJR 60)

SJR 60 proposes a constitutional amendment to require that certain conditions be met for the refinancing of a home equity loan to be secured by a voluntary lien on a homestead. The amendment also would: redefine what is excluded in the calculation of the cap on fees associated with a home equity

loan, lower the cap from 3% to 2% of the original principal amount of the extension of credit, and specify that such fees are in addition to any bona fide discount points used to buy down the interest rate. The amendment would further specify the list of authorized lenders to make home equity loans, change the threshold for an advance of a home equity line of credit, allow agricultural property owners to acquire home equity loans, and update technical terminology in the Texas Constitution. The amendment would be effective on January 1, 2018, and applicable only to a home equity loan made or refinanced on or after that date.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment to establish a lower amount for expenses that can be charged to a borrower and removing certain financing expense limitations for a home equity loan, establishing certain authorized lenders to make a home equity loan, changing certain options for the refinancing of home equity loans, changing the threshold for an advance of a home equity line of credit, and allowing home equity loans on agricultural homesteads."

Proposition Number 3 (SJR 34)

SJR 34 proposes a constitutional amendment that would prevent certain office holders from serving indefinitely beyond the expiration of their term. Office holders who are appointed by the Governor and confirmed by the Senate and receive no salary would only be able to serve until the last day of the first regular session of the Texas legislature that begins after their term expires.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment limiting the service of certain officeholders appointed by the governor and confirmed by the senate after the expiration of the person's term of office."

Proposition Number 4 (SJR 6)

SJR 6 proposes a constitutional amendment that would allow the Texas legislature to require any court that is hearing a challenge to the constitutionality of a state

statute to notify the attorney general of that challenge, if the party raising the challenge notifies the court that the party is challenging the constitutionality of such statute. Additionally, the amendment would allow the Texas legislature to set a period of not more than 45 days following the notification to the attorney general that the court must wait before rendering a judgment that a state statute is unconstitutional.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to require a court to provide notice to the attorney general of a challenge to the constitutionality of a state statute and authorizing the legislature to prescribe a waiting period before the court may enter a judgment holding the statute unconstitutional."

Proposition Number 5 (HJR 100)

HJR 100 proposes a constitutional amendment to provide a more detailed definition of "professional sports team" for purposes of their charitable foundations, which the Texas legislature may permit to hold charitable raffles. The amendment also deletes a requirement that an eligible professional sports team charitable foundation permitted by the Texas legislature to hold charitable raffles had to be in existence on January 1, 2016.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment on professional sports team charitable foundations conducting charitable raffles."

Proposition Number 6 (SJR 1)

SJR 1 proposes a constitutional amendment that would allow the Texas legislature by general law of a first responder who is killed or fatally injured in the line of duty is entitled to receive an exemption from ad valorem taxation from all or part of the market value on the surviving spouse's residence homestead, as long as the surviving spouse has not remarried since the death of the first responder. It would also allow the Texas legislature to provide that the surviving spouse, who qualifies and receives the exemption and then qualifies a

different property as the surviving spouse's residence homestead, receive an exemption from ad valorem taxation of the different homestead in an amount equal to the dollar amount of the exemption of the first homestead for which the exemption was received in the last year in which the surviving spouse received the exemption for that first homestead. Like the initial exemption, this benefit will only remain available if the surviving spouse has not remarried since the death of the first responder. The proposed amendment would apply only to ad valorem taxes imposed for a tax year beginning on or after January 1, 2018.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a first responder who is killed or fatally injured in the line of duty."

Proposition Number 7 (HJR 37)

HJR 37 proposes a constitutional amendment that would allow the Texas legislature to make an exception to the law regarding the award of certain prizes. Currently, the Texas Constitution requires the Texas legislature to pass laws prohibiting lotteries, raffles, and other programs where the award of gifts is based on luck or chance. The proposed amendment would make an exception to this general rule to allow the Texas legislature to authorize credit unions and other financial institutions to institute programs which, in order to encourage savings, would award prizes based on luck or chance to the credit union's or financial institution's customers.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment relating to legislative authority to permit credit unions and other financial institutions to award prizes by lot to promote savings."
