STORM REPORT

As Reported by . . . **Stormie Meriwether**, Ninth Grade Student

Dear Friends, One of my family traditions is The Hinton Fair. It is always a great time to see friends and family. This is my fifteenth fair. I don't really remember all of them, but I have pictures when I was a little girl having fun at the fair. Now I get to help Clark and Adalyn have fun. I like to ride the big rides. I rode three of my favorites. Please remember, don't ever eat before getting on a ride! That can be bad!

It was a beautiful night with a full moon and a band playing. It was fun to ride the merry-goround with Addy, even if it was a little too small for me. She loved it, so I did too,

Adults, it is awfully quiet in our library and we have had lots of traffic but none as busy as the summer (young voices). We have a great assortment of new books and more coming in so keep on checking with us on the reads.

We are in the process of changing the way we keep up with books, due date and fines, etc.. Our system is going to catch up with the library world and be automated so our new equipment should be in the next couple of weeks. It will take some time to get it up and running because when you have a scanner, a new checkout system that includes hands on with every book and putting them in the system, it takes time. Believe it our not we do have a pretty huge selection of books and most folks that come in for the first time are blown away at the size of our collections. Makes us pretty proud when we hear that so bear with us as we change everything over in the next couple of months I can't express the gratitude we at the library feel for the folks that have donated funds toward this, we thank you from the bottom of our hearts. We will publish a list of donors later on. We will continue to except donations as time goes on to replace some of our floor computers that have been around many years. We have one that is available to the public right now and it's holding its own! So please come in and visit us! Our hours of operation are:

So it is a mutual benefit to all." So with that in mind why do so many in our little town never support the local farmers market? Your guess is as good as mine.

I have coordinated this market now for 15 years and will be stepping down after this season. I will pass the torch to someone else for next year. I do plan to continue raising my truck garden and hope to continue working with the public in a retail way; I enjoy both.
