62nd Biennial

Wheeler Ex-Student & Teacher Reunion

Activities Scheduled For Friday & Saturday

Plans are near completion for the 62nd Reunion of the Wheeler Ex-Students & Teachers Association. The event will be held on Friday, June 7th & Saturday, June 8th. This year marks the 62nd year that the association has been in existence with the first reunion being held in 1955. The Reunion will kick off on Friday morning as Ex-Students gather at the Shamrock Country Club for the Ex-Students Golf Tournament. It will get underway at 9 AM. All golfers are welcome. For more information on the golf tournament contact Sherri Jones at 806-663-0586. At 6:00-9:00 PM Everyone is invited to Ware Chevrolet's 70th Anniversary Celebration for food, music and fun!! At 8:30 PM gather at Nich-

olson field for a flag football game, anyone is welcome to play and we encourage former Mustang football players and coaches to join. Contact Josh Britt at 806-470-8436 for more information. Admission is free. The public is invited to attend. After the games, be sure to hang out downtown for Main Street Cruise/Drag. Ex-Students and teachers will gather on Saturday morning beginning at 8:30 at Wheeler High School for registration and visiting. If you would like to volunteer for registration, please contact Ron Rives or Becky Hardcastle. At 11:30 am activities will move to the Wheeler Ag and Family Life Center for the luncheon and business meeting, it will be \$15 for a ticket at the door. Lunch will be chicken fried steak meal catered by Maxey's Steakhouse. At this

time, awards will be presented to the oldest student and teacher in attendance and for the ex-student who has traveled the greatest distance to attend the reunion. The Distinguished Alumnae Award will be presented. This award, as approved by the Board of Directors, is given each Ex-Students Reunion. We will also be recognizing any class ending in '8 or '9 STATE CHAMPIONS at this time. Class parties will begin around 3 PM at various places. The host/hostess for the class parties will be posted at the school and also at the business meeting. The Agri-Life Building will remain open following the business meeting for friends & classmates to continue visiting & for all of those who do not have a specific class party to attend. There will be

a TAILGATE of Champions Party on the north side of the Ag Barn starting at 4 PM. Saturday night we will conclude the 2019 Reunion with a dance beginning at 9 PM and concluding at midnight!! We are excited to have our very own, Mitchell Ford & The Volunteers, playing for this event!! There will be no admission charge for the dance. Just come out and scoot a boot... just like old times!! The dance will be held in the Wheeler County Livestock Ag Barn! The public is welcome and encouraged to attend the dance. We will also have bounce houses set up for the kids. We are very excited about the 2019 Reunion! All we need is YOU to make it more exciting and memorable!! Please make plans to attend and tell all of your friends! We are on Facebook under Wheeler

Ex-Students and Teachers Association. Our website is www.WheelerSchools.net. You can update your information on the website by click-

ing on "Community", "Alumni Association", and clicking on "update your information". Until we meet again...

Donald Reeves

Reeves Graveside Rites Wednesday

Donald Worth Reeves, 91, of Wheeler, died Saturday, June 1, 2019, in Wheeler, Texas.

Graveside services were 11:00 AM Wednesday, June 5, 2019 in Wheeler Cemetery in Wheeler with Rev. Larry Mitchell, officiating. Burial followed in the Wheeler Cemetery.

Arrangements were by Robertson Funeral Directors of Wheeler.

Donald was born September 29, 1927 in Twitty, Texas to Anna Myrtle and Raymond Clinton Reeves. He married Mary Anita Laycock on April 20, 1948 in Twitty. He was a veteran serving in the US Army. He had worked for Natural Gas Pipeline for many years prior to his retirement and had been a member of the Wheeler Volunteer Fire Department where he served for 26 years. He enjoyed hunting, fishing, riding 4 wheelers, and being in a bowling league with his wife. He also loved to play

Cooper Adams Is Enrolls At SWOSU

A total of 589 high school seniors has enrolled for the 2019 fall semester at Southwestern Oklahoma State University as part of the first three sessions of the New Student Orientation Program on the Weatherford campus.

Among the students who enrolled at the latest sessions was Cooper Ray Adams of Wheeler TX High School.

SWOSU is offering three more enrollment opportunities for high school seniors who plan to attend SWOSU this fall. Enrollment dates are June 17, July 15 and August 14.

Students must apply and be accepted to SWOSU before they can attend an enrollment session. Each of the enrollment sessions offers students the chance to meet current SWOSU students and new freshmen, visit and enroll with a faculty advisor within the major they have selected, and obtain answers to any of their questions.

For more information, visit www.swosu.edu/admissions/nso or contact New Student Orientation at (580) 774-3233 or orientation@swosu.edu

Laura Hershman Celebration of Life

A celebration of the Life of Laura Singleton Hershman will be held June 9, 2019 at the Gageby Church from 2:00-4:00 P.M.

Laura died February 4, 2018.

Charlene Whitener

Memorial Rites For Charlene Whitener

Memorial services for Charlene B. Whitener, 90, formerly of Wheeler, Texas and Marietta, Georgia will be conducted Saturday, June 8, 2019 at 10:00 A.M. in the Church of Christ in Wheeler. She passed away Tuesday, May 14th in Seminole, Texas.

Charlene was born December 7, 1928 in Wheeler, Texas to Charley Howard and Mary Mattie Sue Pendleton Bradshaw. Charlene had been a residence of Seminole since 2018, had lived in Wheeler for

LeighAnne Cook Gets Scholarship

Kelton, TX—Senior LeighAnne Cook was presented a \$1000 art scholarship by Board Member Vicki St.Clair representing the Augusta Metcalfe Museum in Durham, OK. The Metcalfe Museum emphasizes art education for young people by holding an art camp every summer, sponsoring an annual art competition for art students in the western Oklahoma-Texas Panhandle area, and awarding several art scholarships for deserving college-bound seniors who have a major/minor in art.

The outstanding Kelton School Art Department, headed by Sarah Harless, was also awarded \$500 for art education

WELCOME HOME, EXES!

Once again Wheeler welcomes their Ex-Students and Teachers back to Wheeler and Wheeler I.S.D.

Numerous activities have been planned to entertain our guests.

Notice to Wheeler residence, ex-students and ex-teachers: Some of these exes have traveled a great distance to attend this event; locals need to be on hand to greet them.

Barbara and I have five

STORM REPORT

As Reported by...
Stormie Meriwether,
Ninth Grade Student

Dear Friends, Can you believe how much rain we have had? This is Wheeler, Texas! I have never seen this much rain! Some of the storms were bad. The wind blew trees down and broke big branches. I have been working with my dad to clean up it all up. I had to get on the roof to get a giant limb down. We had to drag it off with the 4-wheeler. The water

(Continued Page 8)

Judge Hefley Gets Top Recognition

Wheeler County Judge Jerry Hefley has been honored by the Texas Association of Counties' (TAC) Texas Judicial Academy for going the extra mile. The Academy recognizes county judges as Fellows who attain significant judicial education beyond state requirements.

A number of county judges were inducted as Fellows during the Academy's 2018 Fall Judicial Education Session, November 14-16 in San Marcos.

The Texas Judicial Academy is a partnership between TAC and the Texas Tech University School of Law. The

LOTS GOING ON AT THE WHEELER PUBLIC LIBRARY THIS SUMMER! DON'T MISS IT!

ATTENTION PARENTS! Tutor and Reading Specialist, Mary Grigsby will be conducting a Summer Reading Camp at the Wheeler Public Library, Monday through Friday from 12:00 till 3:00. The purpose of the camp is to study the Seven Continents

of the World with an emphasis on World Geography, Missions, Cultural Studies and Map Skills. Mrs. Grigsby will weave Writing and Grammar into her lessons as she leads her group on a tour of a different continent each week. The class begins June 3rd and runs through July 26th, 2019.

Children of all ages are welcome to register if they are going into the 3rd grade to those who will be going into 8th Grade.

To register please call the Wheeler Public Library at 826-5977 or contact Mrs. Mary Grigsby at 806-513-9755. Tuition is paid on the first of the

month or when you register. You will pay for each child attending the camp at that time no refunds will be given.

Mrs. Mary Grigsby tutors under the name of Lamp-lighter's Christian Academy, a 501C3 Non Profit Corporation.

Please take advantage of this class for your children, Thank You!

COLDWELL BANKER FIRST EQUITY REALTORS

5701 Time Square Blvd.
Suite 190,
Amarillo, TX 79119

640± acres SW of Wheeler. 160 acres of triticale goes to new owner. Excellent steel working pens near center of place. Water piped under pressure to two (2) 30 ft. + steel troughs with concrete floors, less than 5 years old. Extra good perimeter fences and cross fences. Small pond, trees and brush provide cover for substantial numbers of wildlife (Deer, Turkey, Hog, Quail and Dove) 2 RV set-ups with water and electricity to use as a hunting camp. Possible to develop for irrigation.

YOUNG RANCH EAST: 1600 +/- acres with 2 miles of highway frontage on the south side of I-40, 8 miles east of Shamrock. One mile of Elm Creek crosses the ranch and feeds a centralized pond. Other parts of the ranch are wooded with 2 wells, Cliffs, ravines, big trees and brush provided cover for deer, dove, hogs, quail and turkey. Some of the Ranch could be farmed.

3BR/2BA Brick Home with 2 car garage located on 4.8 acres east of Shamrock on I-40. House is 100% electric w/basement. New double pane windows and new tile throughout. New entrance doors, new septic system. Water well with barbwire and woven wire fencing. Priced right!

NOTICE OF RATE CHANGE REQUEST

AEP Texas Inc. (AEP Texas) publishes this notice that on May 1, 2019 AEP Texas filed with the Public Utility Commission of Texas (Commission) its Petition and Statement of Intent to Change Rates (the Petition), a copy of which is kept at AEP Texas' office at 400 W. 15th Street, Suite 1500, Austin, Texas, 78701. The Petition has been assigned Docket No. 49494. This notice is being published in accordance with Section 36.103 of the Public Utility Regulatory Act and Commission Procedural Rule 16 Tex. Admin. Code § 22.51(a)(1).

AEP Texas currently maintains two separate divisions—the Central Division and the North Division. These divisions charge separate retail and wholesale rates. AEP Texas seeks to combine the rates of these two divisions and charge to all its customers a single combined retail or wholesale rate.

AEP Texas' Petition is based on the system-wide financial results for a 12-month test year ending on December 31, 2018, adjusted for known and measurable changes. Related to its distribution cost of service, the Company requests a rate increase of approximately \$38.3 million over its adjusted test year revenues, an increase of 4.2%. This amount is net of the Company's proposed Income Tax Refund (ITR) Rider, which refunds a total amount of \$83 million, over a four-year period, associated with changes in the corporate income tax rate resulting from the Tax Cuts and Jobs Act of 2017 (TCJA). The requested distribution cost of service increase without the ITR Rider is \$59.1 million, an increase of 6.5%. Related to its transmission cost of service, the Company requests a rate decrease of \$3.16 million below its adjusted test year revenues, a decrease of 0.7%, and proposes a one-time credit of \$29 million associated with the TCJA.

If approved and implemented through the Company's proposed consolidated rates for Retail Delivery Service, the impact on a residential customer in the Company's Central Division using 1,000 kilowatt-hours (kWh) per month would be an increase of approximately \$4.75 or 9.8% per month. A customer with a retail plan that charges 12.5 cents per kWh would see their rate go to 12.97 cents per kWh, or a 3.8% increase in their total bill. The impact on a residential customer in the Company's North Division using 1,000 kWh per month would be a decrease of approximately \$5.01 or -10.6 % per month. A customer with a retail plan that charges 12.5 cents per kWh would see their rate decrease to 12.0 cents per kWh, or a 4.0% decrease in their total bill. The extent to which these additional charges would be passed on by Retail Electric Providers (REPs) is a function of the competitive market.

The impact of the proposed combined rates for Retail Delivery Service differs for customers in the current North and Central Divisions, as shown by customer class in the chart immediately below:

| | Billing Unit | Current Charges (March 2018) | | Proposed Charges by Division | | Proposed Consolidated | Current Charges vs Proposed Charges Consolidated | |
|---|---------------|------------------------------|----------------|------------------------------|----------------|-----------------------|--|----------------|
| | | Central Division | North Division | Central Division | North Division | | Central Division | North Division |

| <i>Note: AEP Texas is proposing a one-time transmission credit of \$29 million associated with the TCJA.</i> | | | | | | | | |
| Total Cost of Service | | \$1,331,091,323 | \$1,387,007,972 | \$55,916,649 | 4.2% | | | |
| Retail Electric Delivery Revenue Change | | | | \$ 59,076,150 | | | | |
| ITR Rider Credit | | | | \$(20,741,600) | | | | |
| Total Schedule I-A Reconciliation | | | | \$38,334,550 | | | | |

AEP Texas' Petition seeks a reduction to the Company's transmission cost of service of \$3.16 million and a combined rate for the two divisions. The result of AEP Texas' proposal is to change the wholesale transmission service rate from \$4.036612/kW for the Central Division and \$2.066591/kW for the North Division to \$6.058035/kW for AEP Texas combined.

In addition to new rates, AEP Texas requests a prudency determination on all capital investment made to its system for the period from June 30, 2006, through December 31, 2018.

AEP Texas' Petition also proposes to implement the ITR Rider that will be used to credit excess tax revenue resulting from the TCJA that has not yet been included in rates or refunded to customers. The total amount of income tax refund assigned to the retail delivery customers is \$83 million, to be refunded over a four-year period. AEP Texas is also proposing a one-time transmission credit of \$29 million associated with the effects of the TCJA.

AEP Texas' Petition seeks to reconcile its Advanced Metering System (AMS) deployment costs for the period from January 1, 2012 to December 31, 2018 (Reconciliation Period). Accounting for the actual costs, investment, and revenues associated with the Company's AMS deployment through the Reconciliation Period has resulted in Advanced Metering System Cost Recovery Factor Rider (AMSCRF) surcharge under-recoveries of \$30,157,739 (net of \$6,063,403 of cumulative interest expense) and \$12,923,589 (including \$283,307 of cumulative interest benefit) as of December 31, 2018, for the AEP Texas Central and North Divisions, respectively. In addition, AEP Texas proposes to eliminate the AMSCRF surcharge and roll future AMS capital expenditures and operations and maintenance costs into the base rates to be established in this case. AEP Texas will file a final AMS reconciliation to cover the time period from January 2019 through the final date the AMSCRF surcharge rider is billed prior to the implementation of new base rates from this proceeding.

AEP Texas' Petition requests Commission approval to continue its offering of facilities rental services, as described in tariff schedules 6.1.2.3.6, 6.1.3.3.6 and 6.1.4.3.6, for a period of three years commencing January 1, 2020.

AEP Texas' Petition seeks a determination that \$1,000,027 in rate case expenses incurred in prior dockets through February 2019 are reasonable for recovery. However, AEP Texas proposes to offset these rate case expenses collected with the \$302,051 over-collection that resulted from the rate case expense surcharge approved in Docket No. 34301. Therefore, AEP Texas will seek actual recovery of \$697,976. AEP Texas is not requesting approval of the mechanism for recovery of these expenses in this docket. Instead, to recover these prior expenses, AEP Texas will seek recovery through the mechanism requested in the future docket opened to address the recovery of rate case expenses incurred in this case. For rate case expenses in this case, AEP Texas has provided an estimate of such expense, but proposes that the determination of the reasonableness of such expense and their recovery be determined in a separate future proceeding.

AEP Texas is proposing revisions to most tariffs. Specifically, the Company is requesting to: (1) terminate the AMSCRF, (2) reset the baseline for the Distribution Cost Recovery Factor Rider, (3) collect all transmission expenses through the Transmission Cost Recovery Factor Rider, (4) remove energy efficiency costs from base rates to recovery through the Rider Energy Efficiency Cost Recovery Factor, and (5) continue Central Division-specific riders including the Transition Cost riders (TC2 and TC3) and the Nuclear Decommissioning Rider (NDC).

AEP Texas' Petition affects all REPs in AEP Texas' service area, as well as the retail electric customers of those REPs. The extent to which the REPs pass along to their customers the increased retail rates is a function of the competitive market. In addition, AEP Texas' Petition affects customers taking service under the Company's wholesale transmission rates.

AEP Texas has requested a June 5, 2019 effective date for its proposed rate change.

Persons who wish to intervene in or comment upon these proceedings, in Docket No. 49494, Application of AEP Texas Inc. for Authority to Change Rates, should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P. O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. The deadline for intervention in the proceeding is July 11, 2019.

NOTIFICACIÓN DEL REQUERIMIENTO DE MODIFICACIÓN A LOS PRECIOS

AEP Texas Inc. (AEP Texas) publica esta notificación referente a que el 1 de mayo de 2019, AEP Texas presentó ante la Comisión de Servicios Públicos de Texas (Comisión) su Petición y Declaración de la Intención de Modificar los Precios (la Petición), de la cual se conserva una copia en la oficina de AEP Texas en el 400 W. 15th Street, Suite 1500, Austin, Texas, 78701. A la Petición se le ha asignado el Expediente No. 49494. Esta notificación se publica de acuerdo a la Sección 36.103 de la Ley Reguladora de Servicios Públicos y la Regla Procesal 16 del Código Administrativo de Texas § 22.51 (a) (1) de la Comisión.

AEP Texas actualmente mantiene dos divisiones separadas: la División Central y la División Norte. Estas divisiones cobran diferentes precios minoristas y mayoristas. AEP Texas busca combinar los precios de estas dos divisiones y cobrar a todos sus clientes un precio único minorista o mayorista combinado.

La Petición de AEP Texas se basa en los resultados financieros de todo el sistema para un año de prueba de 12 meses que terminó el 31 de diciembre de 2018, ajustados a los cambios conocidos y medibles. En relación a su costo de distribución del servicio, la Compañía requiere aumentar el precio en aproximadamente \$38.3 millones con respecto a sus ingresos ajustados para el año de prueba, un aumento del 4.2%. Esta es la cantidad neta de la propuesta Cláusula Adicional del Reembolso de Impuestos Sobre la Renta (ITR, por sus siglas en inglés) para la Compañía, que le reembolsa un monto total de \$83 millones, durante un período de cuatro años, asociada a los cambios en la tasa de impuesto sobre la renta corporativo, resultante de la Ley de Recortes a Impuestos y Trabajos de 2017 (TCJA, por sus siglas en inglés). El requerido aumento al costo de distribución del servicio sin la Cláusula Adicional del ITR es de \$59.1 millones, un aumento del 6.5%. En referencia a su costo de transmisión del servicio, la Compañía requiere disminuir el precio en \$3.16 millones con respecto a sus ingresos ajustados para el año de prueba, una disminución del 0.7%, y propone un crédito único por \$29 millones asociado a la TCJA.

Si es aprobado e implementado el Servicio de Entrega Minorista a través de las tarifas consolidadas propuestas por la Compañía, el impacto para un cliente residencial en la División Central de la Compañía, que utilice 1,000 kilovatios-hora (kWh) al mes, sería un aumento aproximado de \$4.75 ó 9.8% al mes. Un cliente con un plan minorista que le cobre 12.5 centavos por kWh vería subir su precio a 12.97 centavos por kWh, o un aumento del 3.8% en su factura total. El impacto para un cliente residencial en la División Norte de la Compañía, que utilice 1,000 kWh al mes, sería una disminución aproximada de \$5.01 ó -10.6% al mes. Un cliente con un plan minorista que le cobre 12.5 centavos por kWh vería disminuir su precio a 12.0 centavos por kWh, o una disminución de 4.0% en su factura total. El nivel en que estos cargos adicionales sean transferidos por los Proveedores Minoristas de Electricidad (REP, por sus siglas en inglés), estará en función de la competencia del mercado.

El impacto de los propuestos precios combinados del Servicio de Entrega Minorista es diferente para los clientes en las actuales Divisiones Norte y Central, según se muestra por tipo de cliente, en la tabla que se encuentra a continuación:

| | Unidad de Facturación | Cargos Actuales (Marzo 2018) | | Cargos Propuestos por la División | | Propuesta Consolidada | Cargos Actuales vs Cargos Propuestos Consolidados | |
|---|-----------------------|------------------------------|----------------|-----------------------------------|----------------|-----------------------|---|----------------|
| | | División Central | División Norte | División Central | División Norte | | División Central | División Norte |
| RESIDENCIAL | | | | | | | | |

Nota: AEP Texas está proponiendo un crédito único de transmisión por \$29 millones asociado a la TCJA.

| | | | | |
|--|------------------------|------------------------|---------------------|-------------|
| Costo Total del Servicio | \$1,331,091,323 | \$1,387,007,972 | \$55,916,649 | 4.2% |
| Cambio en el Ingreso por Entrega Minorista de Electricidad | | | \$ 59,076,150 | |
| Crédito por la Cláusula Adicional del ITR | | | \$(20,741,600) | |
| Conciliación Total de la Programación I-A | | | \$38,334,550 | |

La petición de AEP Texas busca una reducción en el costo de transmisión de servicio de la Compañía por \$3.16 millones y un precio combinado para las dos divisiones. El resultado de la propuesta de AEP Texas es cambiar el precio del servicio de transmisión mayorista, de \$4.036612/ kW para la División Central y \$2.066591/ kW para la División Norte, a \$6.058035/kW para el combinado de AEP Texas.

Además de los nuevos precios, AEP Texas requiere una determinación de prudencia en todas las inversiones de capital, efectuadas para su sistema en el período comprendido entre el 30 de junio de 2006 y el 31 de diciembre de 2018.

La Petición de AEP Texas también propone implementar la Cláusula Adicional del ITR que se utilizará para acreditar el exceso de ingresos por impuestos resultante de la TCJA, que no ha sido aún incluido en los precios o reembolsado a los clientes. El monto total del reembolso del impuesto sobre la renta asignado a los clientes de entrega minorista es de \$83 millones, que será reembolsado durante un período de cuatro años. AEP Texas también está proponiendo un crédito único de transmisión por \$29 millones asociado a los efectos de la TCJA.

La Petición de AEP Texas busca conciliar sus costos de implementación del Sistema de Medición Avanzada (AMS, por sus siglas en inglés) para el período comprendido entre el 1 de enero de 2012 y el 31 de diciembre de 2018 (Período de Conciliación). La contabilidad de los costos reales, la inversión y los ingresos asociados con la implementación del AMS de la Compañía durante el Período de Conciliación, ha dado como resultado un recargo debido a recuperaciones insuficientes de la Cláusula Adicional al Factor de Recuperación del Costo para el Sistema de Medición Avanzada (AMSCRF, por sus siglas en inglés) por \$30,157,739 (\$6,063,403 netos de gasto por intereses acumulados) y \$12,923,589 (incluyendo \$283,307 de beneficio por intereses acumulados) al 31 de diciembre de 2018, para las Divisiones Central y Norte de AEP Texas, respectivamente. Además, AEP Texas propone eliminar el recargo de la AMSCRF y transferir los futuros gastos de capital de AMS y los costos de operación y mantenimiento, a los precios base que se establecerán en este caso. AEP Texas presentará una conciliación final de AMS para cubrir el período de tiempo comprendido entre enero de 2019 y la fecha final en que sea facturado el recargo de la Cláusula Adicional de la AMSCRF, antes de la implementación de los nuevos precios base de este procedimiento.

La Petición de AEP Texas requiere la aprobación de la Comisión para continuar su oferta de servicios de arrendamiento de instalaciones, como se describe en las tablas de tarifas 6.1.2.3.6, 6.1.3.3.6 y 6.1.4.3.6, por un período de tres años a partir del 1 de enero de 2020.

La Petición de AEP Texas busca determinar que el gasto por \$1,000,027 en que se incurrió para el caso de los precios en expedientes previos hasta febrero de 2019, es razonable para recuperación. Sin embargo, AEP Texas propone compensar ese cobro del gasto para el caso de los precios, con los \$302,051 por exceso de cobro que resultó del recargo por el gasto para el caso de los precios, aprobado en el expediente No. 34301. Por lo tanto, AEP Texas buscará una recuperación real de \$697,976. AEP Texas no está requiriendo la aprobación del mecanismo para la recuperación de estos gastos en este expediente. En cambio, para recuperar estos gastos previos, AEP Texas buscará la recuperación a través del mecanismo requerido en el futuro expediente abierto con el fin de abordar la recuperación del gasto para el caso de los precios, incurrido en este caso. Respecto a los gastos para el caso de los precios en este caso, AEP Texas ha proporcionado una estimación de dicho gasto, pero propone que la determinación de la racionalidad de dicho gasto y su recuperación, sea establecida en un futuro procedimiento separado.

AEP Texas está proponiendo revisiones a la mayoría de las tarifas. Específicamente, la Compañía está requiriendo: (1) terminar con la AMSCRF, (2) restablecer la línea de base para la Cláusula Adicional al Factor de Recuperación del Costo de Distribución, (3) cobrar todos los gastos de transmisión a través de la Cláusula Adicional al Factor de Recuperación del Costo de Transmisión, (4) eliminar los costos de la eficiencia energética de los precios base para su recuperación a través del Factor de Recuperación del Costo de Eficiencia Energética de la Cláusula Adicional, y (5) continuar con las cláusulas adicionales específicas de la División Central, incluidas las cláusulas adicionales del Costo de Transición (TC2 y TC3) y la Cláusula Adicional de Desmantelamiento Nuclear (NDC, por sus siglas en inglés).

La Petición de AEP Texas afecta a todos los REP en el área de servicio de AEP Texas, así como a los clientes minoristas de electricidad de esos REP. El nivel en que los REP transfieran a sus clientes el aumento de los precios minoristas, estará en función de la competencia del mercado. Además, la Petición de AEP Texas afecta a los clientes que estén adquiriendo el servicio bajo los precios de transmisión mayoristas de la Compañía.

AEP Texas ha requerido que la fecha de entrada en vigor para su propuesta de modificación a los precios sea el 5 de junio de 2019.

Las personas que deseen intervenir o comentar sobre estos procedimientos en el Expediente No. 49494, Application of AEP Texas Inc. for Authority to Change Rates (Solicitud de AEP Texas Inc. para la Autorización de Modificación a los Precios), deberán notificarlo a la Comisión tan pronto como sea posible, ya que se impondrá una fecha límite de intervención. Un requerimiento para intervenir o para obtener más información deberá enviarse por correo a Public Utility Commission of Texas, P. O. Box 13326, Austin, Texas 78711-3326. También se puede obtener más información llamando a la Comisión al (512) 936-7120 ó al (888) 782-8477. Las personas con discapacidades auditivas y del habla con teléfonos de texto (TTY) pueden comunicarse con la Comisión al (512) 936-7136. La fecha límite para intervención en el procedimiento es 11 de julio de 2019.

WELCOME, EX-STUDENTS & TEACHERS

We hope you enjoy your visit and the many activities planned for you.

We invite you to stop by the bank if you have the opportunity.

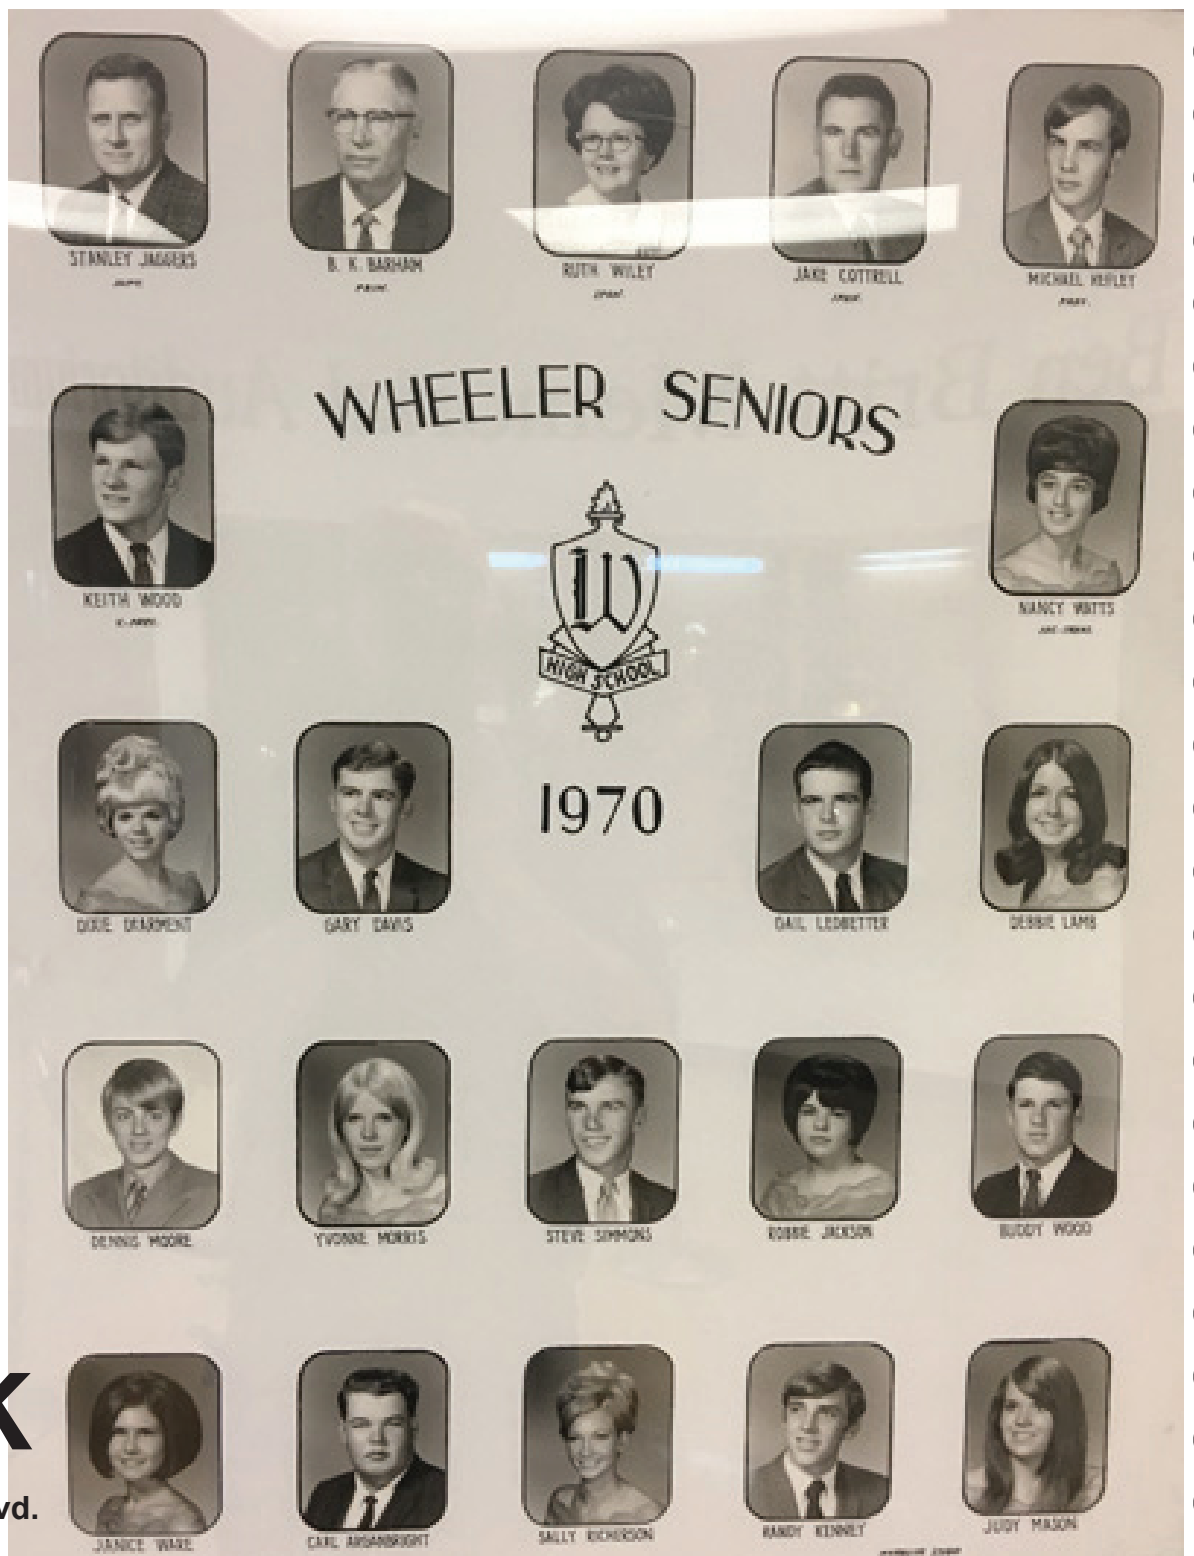

The classes of 1969 and 1970 are the Honor Classes for this reunion.

Christie's 101 On Class Reunion Preparedness

Christie's 101 on Class Reunion Preparedness

It's reunion time. Here's some tips on how to ready yourself... you can thank me later.

1. No, you cannot live on water with lime for a month or go on "Naked and Afraid" for 21 days. Losing a mass amount of weight beforehand is only going to make you weak and hangry. Your loved ones that live with you on a daily basis are all hallelujahing and high fiving me for telling you this.

2. If they, meaning the fun-loving leaders who have volunteered either willingly or

were forced into organizing your get together, have you order matching t-shirts that say "I hate it when I see some old person and then realize we went to high school together", ROCK IT! Only the cool kids wear matching shirts, you are part of an elite club. (I may or may not have been one of the fun-loving leaders pushing the t-shirt listed above for our 35th high school reunion ... and the matching koozie.)

Listen To ...
KPDR-FM, 90.3
WHEELER, TEXAS

3. When you wake up in the middle of the night fearing that you won't measure up to all the accomplishments that your Valedictorian or the Head Cheerleader have, turn that bathroom light on and look in the mirror. Everyone at your shindig is going to have wrinkles, call them laugh lines instead. By golly, you have earned every stinkin one of those gray hairs if you have children. If you have no hair, shine that head, put a little extra sunscreen on and strut your stuff. Tell those stories proudly of how it all came to be.

4. We all have war wounds of some type. I'm not talking about from the military. I'm referring to those day to day battles that life blindsides us with. There is not one perfect person amongst you, I can promise you that, unless Jesus makes a showing ... anything is possible. If Jesus shows up, ask the why questions.

5. Don't go run and hide when the camera comes out. You are your worst critic. Smile pretty and say "cheese". Ten years from now and 15 pounds later you're going to palm bop your forehead for even thinking you looked horrible. Those photos are going to commemorate that you existed! The world is a better place because you are in it, if not ... it's your chance to leave a better impression.

6. If you were the bully or the mean girl growing up ... suck it up and apologize. Words have life, you can choose to build a person up or crush them. That apology just might be huge to the other person. You want the respect meter to be off the charts.

7. Tell your people how much they matter. You never know

who is going to be at the next reunion, things happen.

8. Do not miss a chance to share what positive thing someone said or did that has made a difference in your life.

9. Keeping kind words to yourself because you're afraid to be vulnerable is just plain silly. Speak life into these people. Say what you mean and mean what you say. We can all spot bullsh__ so for heaven sake keep it real.

10. Be inclusive. Every person that shows up made an effort to get there, it's a choice. You may never know the sacrifices they made.

11. Every person has a story, take the time to listen, not too much time, there's other people all around and your time is limited. You've got a whole lotta visiting and a short time to get it all in.

12. Don't hog the conversation.

13. No pity parties allowed.

14. Do not climb the water tower or the fence to the city pool, you are not as young as you used to be. Remember you are older and wiser. Stealing a watermelon from the farmer down the road is not as funny now. Everyone knows what a snipe is.

15. Speaking of remember ... if someone is reliving the same story over and over, just excuse yourself for a quick potty break and send someone else over in your place, it's their turn. Do not get sucked in to that vortex, life's too short.

16. If it's buffet or picnic style, take your favorite dish. Go

THE WHEELER TIMES

"Wheeler: town of friendship and pride"

all out, do not skimp on the ingredients and add the extra butter for good measure. If cooking is not your thing, stop at your favorite restaurant, get it to go and dump it on a pretty plate or into your best dish and call it your own. You can do the lime water fast and detox later. Feasting with friends is the best.

17. There is a limit to merriment. Remembering what you say and how you acted the night before is crucial. Not everyone is drinking the Kool-Aid. There will be photos and videos. Again ... you are not as young as you used to be and you should be acting older and wiser.

18. Bring the memorabilia such as yearbooks and old photos and laugh with each other about the good ole days. Guess who is who then and now. It's cheating if you use name tags.

19. Definitely don't stress yourself out. Walk in with confidence, love who you are and be the one of a kind person that you were created to be. Remember that no two snowflakes are alike, neither are humans. Simply be you.

20. Life is what you make it so make it fun.

Think About it. Money isn't everything, But it sure keeps the kids in touch.

If at first you don't succeed, Skydiving is not for you

We are born naked, wet and hungry. Then things get worse. Red meat is not bad for you Fuzzy green meat is bad for you.

Xerox and Wurlitzer will merge to produce reproductive organs.

Mesothelioma

may occur 30 to 60 years after exposure to asbestos. Many workers were exposed from the 1940s through the 1970s. Industrial and construction workers, along with their families (second hand exposure) are among those at risk for mesothelioma, lung cancer or gastro cancer (throat, stomach, colon). Even if you or your loved one settled an asbestosis case in the past, this may be a new claim, so call now.

Tax Revenue \$2.8 Billion in April

Texas Comptroller Glenn Hegar today said state sales tax revenue totaled \$2.8 billion in April, 3 percent more than in April 2018.

"State sales tax revenue continued to grow, but at a modest pace compared to recent months," Hegar said. "Increased sales tax collections were mostly from the construction and services sectors, while collections from

THE WHEELER TIMES
Page 8 — Thursday, June 6, 2019

"Wheeler: town of friendship and pride"

retail trade saw a moderate decline."

Total sales tax revenue for the three months ending in April 2019 was up 6.2 percent compared to the same period a year ago. Sales tax is the largest source of state funding for the state budget, accounting for 57 percent of all tax collections.

In April 2019, Texas collected the following revenue from other major taxes: motor vehicle sales and rental taxes — \$297 million, up 1.3 percent from April 2018; motor fuel taxes — \$322 million, down 0.2 percent from April 2018; natural gas production taxes — \$128.1 million, down 0.7 percent from April 2018; and oil production taxes — \$344.2 million, up 8.9 percent from April 2018.

Reeves (from Page 1)

42 and golf. He was an avid Wheeler Mustang fan. Donald was a member of the First Baptist Church in Wheeler. He enjoyed being with his family and especially his grandkids and great grandkids.

He was preceded in death by his parents; and 4 brothers, Roy Reeves, Amos Reeves, J.C. Reeves, and Kenneth Reeves.

Survivors include his wife, Anita Reeves of Wheeler; a daughter, Melinda Martindale and husband Kim of Wellington; 2 grandchildren, Casey Jones and husband Kevin and Dane Martindale; and 3 great-grandchildren, Kierstin Jones, Kiera Jones, and Haylie Martindale.

The family asks that donations be made to the Wheeler Cemetery Association or the Wheeler Volunteer Fire Department.

The family will be at 1004 Red River in Wheeler.

Charlene (from Page 1)

18 years, and lived in Marietta, Georgia for 30 years. She was a retired Physical Therapy Tech at Kennestone Hospital in Marietta, Georgia. She was preceded in death by her husband Harold Whitener, a sister Lucille "Butch" Moore, a brother Clayton Bradshaw, and a grandson Matthew Bryant.

Charlene is survived by her three daughters Mary Sue Williams of Lovington, New Mexico; Marsha Bryant of Cave Spring, Georgia, and Lou Ann Whitener of Winter Haven, Florida; her son Lonnie Whitener of Houston; one sister Beverly Lewis of Wheeler; a brother-in-law Charles Moore of Wheeler; a sister-in-law Geraldine Bradshaw of Ft Worth; along with 10 grandchildren, 13 great-grandchildren and 5 great-great-grandchildren.

In lieu of flowers the family suggests memorial contributions be made to the Wheeler Volunteer Fire Department.

For details on all monthly collections, visit the Comptroller's Monthly State Revenue Watch. For an extensive history of tax policy developments and fees since 1972, visit our updated Source

Hugh (from Page 1)

Ranch. He attended Mobeetie Schools and graduated from Mobeetie High School.

Hugh Bailey was a US Army veteran serving during World War II. He was at North Texas State College in Arlington following a career in agriculture when Uncle Sam called him in the service. He took his basic training at El Paso and William Beaumont Hospital. He had intense training at Camp Grant, Illinois and was also in Camp Shanks, New York, Campe Beal, California, and Angel Island, California. He worked at a POW camp in Germany and in La Mas, France. He rode the Queen Mary to Glasco, Scotland and went on to Normandy Beach. His job was to help take care of the wounded until they could be shipped to hospitals.

After his military service, he was married to Garnet Bailey for many years. They both worked and retired from Phillips Petroleum Company. She preceded Mr. Bailey in death. After retirement, he moved to Mobeetie where he owned family land. He later married Mae Shelton in 1993. She preceded him in death in 2017. Hugh was a 72 year member of the Masonic Lodge.

He was preceded in death by his parents; his first wife and second wife; 2 brothers, Jasper "Jap" Bailey and Bill Bailey; and a sister, Clara Hoffer.

Survivors include a son, Ray Allen and wife Terry Jean of Alpine; 3 daughters, Frances Collins and husband John of Lake Isabella, California, Lois Hughes and husband Glenn of Fritch, and Donna Kay Dickey and husband Richard of Allison; 19 grandchildren; 46 great-grandchildren; 34 great-great-grandchildren; and numerous nieces and nephews.

The family asks that donations be made to the Mobeetie Cemetery Association.

Xcell \$3 Billion Expansion Project

The latest Power for the Plains newsletter that provides updates on Xcel Energy's \$3 billion, decade-long grid improvement project in Texas and New Mexico. The initiative involves hundreds of miles of new and updated high-voltage transmission lines, which provide the pathways to move electricity from power sources to towns, cities and industrial sites. These investments also involve new and expanded substations that transform the voltage for power delivery along lower-voltage distribution lines that radiate out into the rural areas and into city streets and alleys. Economic expansion in the region, along with a need to upgrade and modernize the system, led us

Storm (from Page 1)

was running into our garage. We had to fix that because it was getting into the basement. We took things out of the basement and put fans on to dry it. Even if the rain causes big problems I think it is fantastic! We need the rain for crops and grass. The wildflowers are beautiful! The creek is going all over the place. I have never seen that much water in the creek. I hope we have more rain but no hail or bad wind and flooding!
We went to Yukon to see Jaeden and Seth in their dance recital. They did great! I miss ballet. That's it!

to undertake the Power for the Plains efforts.

The updates to the grid are critical to keep pace with economic growth and to accommodate more renewable energy as Xcel Energy moves toward a carbon-emissions free future. We announced late last year that we will work toward an 80 percent reduction in carbon emissions by 2030, and aspire to be 100 percent carbon-emissions free by 2050. This vision includes developing technologies that will enable us to continue using some carbon-based generating resources without emitting carbon dioxide into the atmosphere.

Already this year, we have completed 70 miles of new transmission lines in Texas and New Mexico. A lot of the recent growth has taken place in New Mexico where development in the oil-rich Permian Basin continues at a strong pace. In Texas, work continues on a long segment of a

new 345-kilovolt line between the TUCO Substation north of Abernathy, Texas, to the Yoakum Substation near Plains, Texas. This line will connect with completed 345-kV segments that are delivering more power into southern Lea and Eddy counties in New Mexico, where oil and gas development is occurring.

Chat (from Page 1)

Wheeler graduates in the family and one still in high school.

As owners and operators of the *Times*, we have seen 56 classes graduate, starting with 1963. Two years before that I worked at the paper and co-owned the paper.

I am looking forward to the upcoming activities. Please forgive me if I don't recognize you.

And the rains continue; Sweetwater Creek is out of its banks for the first time in a long time.

The storm that passed through week before last resulted in the loss of a tree at the Jack Helton home north of Wheeler. It fell onto the house. Sharon came in to bring me a picture. I emailed the picture to the office, but did not receive it.

I lost a large section of one tree in that storm; fortunately it fell onto my property instead of Gina Mendiola's. Leroy and Stormie cut the tree into pieces for me over the weekend. THANKS, you are so appreciated.

Kristen has sent out letters seeking sponsors for the Fourth of July Celebration. The forms are in this issue of the paper. She deserves a big "Thank You" for her continuous hard work.

A "Thank You" is also deserved by Rhonda Meriwether, Pam and Chip Hill, Kathleen Cross and James Hubble. They have been spending untold hours at the museum getting it ready for the reunion—adding new exhibits and adding to existing exhibits. If you have not been or not been lately, it's a worthwhile visit.

We had computer problems last week, but it could have been worse. Barbara and I finished correcting the paper last Tuesday morning, emailed it to the printer and went to lunch.

We came back at 1:00 to see if the email went and no computer activity; it was dead and would not open. Fortunately the pdfs were received by the printer.

I have a second computer programed the same and with the use of the external hard-drive I was able to continue with the end of the week's work.

Fortunately, the Mac Man had a used computer, which could handle my program and I was back in business.

WARNING! Saturday I was on my new computer and looking up the recipe for toasted pecans on the internet. One of the sites locked down my computer and it was back to the Mac Man.

Jennifer, Seth and friend, Kingston are here for the week, attending Bible School and visiting us and the Bryants.

34th Annual 4th of July Celebration Wheeler Chamber Schedule of Events

WEDNESDAY, JULY 3rd

(5:30 PM) 6th Annual Mr. & Miss Firecracker Pageant

- o Location: #1 Mustang Drive – Wheeler ISD – 1st Lt. Benjamin Britt Auditorium
