STORM REPORT

As Reported by... Stormie Meriwether, Tenth Grade Student

Dear Friends, Finally, just in time to go back to school, I am well and I'm ready to get the stitches out of my hand. It has not been a fun holiday. We were at the Dr., the ER or at home. One day we were in Amarillo to get a heart cath for my dad. I thought that would be no big deal. He has tests all the time. The test was good, but they were not careful when they took the thing out. They had a huge problem stopping the blood inside. You do not want to know how bad his bruise is. He is ok, but that should

Steve Walker Announces For Re-Election As Comm., Pct. 1

I, Steve Walker, am seeking re-election as County Commissioner, Pct. 1, Wheeler County. I have had the honor to serve the community the last three years as your commissioner.

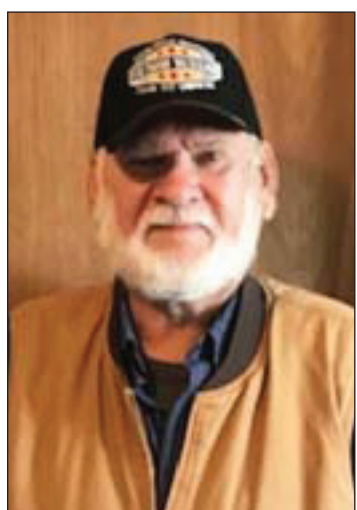

I was raised in Allison, Texas, where I graduated high school. I then signed up for the draft; I served 12 months and 21 days in Vietnam. I was honorably discharged as E5 Sgt. and earned the Bronze Star.

Once home I worked in the oilfield and began a small catering service. My catering service and smoker have served the community well.

I retired from the U. S. Postal Service after 19 years in Mobeetie and 12 years in Miami as a rural carrier.

I served on the Wheeler Volunteer Fire Department and the Wheeler Volunteer Ambulance for 25 years.

I am married and have three daughters (one of which works in Wheeler). I

Steve Walker

have been a home owner/landowner for most of my life in Wheeler County and if re-elected I will continue to work with the people of Wheeler County and take care of the taxpayers to the best of my ability. Your vote is greatly appreciated.

(Pol. Adv. paid for by Steve Walker, Wheeler Commissioner, Pct. 1, 15601 Hwy. 152, Wheeler, TX 79096.)

HAPPY NEW YEAR! It is really hard to believe we have entered the year of 2020! Me, myself I'm just thankful to have made it this far, 66 years seems like forever when I think about my years gone by. I'm looking at the things that have changed, been invented, grown up, space, computers, grand children etc.! I have a feeling we are even in for some more changes this New Year. Indeed, I know the library will be making a few for the better of our patrons.

Hopefully, you will make a decision to visit us this year and be a part of the growth happening. We have study areas for students & adults, computers, WiFi, a workroom for activities all year round, large children's area

and a large Fiction selection. During the summer we have a children's reading program that lasts around 8 to 10 weeks and we always have a huge turn out for that. This last year we were given Large Print Fiction books from the Lubbock Public Library as a part of a program they have. In turn, our library has given books to other libraries that were starting up or needing a certain book. We are always changing, growing and looking for better ways to serve our county and city. Once I was asked if my job was boring, just setting around reading books all day! My answer was: 'There isn't such a thing as a boring library job! It is like a living organism constantly changing and growing. Every day is different just like every book is different!' I certainly don't think of my job as boring and if it ever becomes so it is time for me to leave!

This New Year we are incorporating some new authors to our collection and bringing out some of the older ones that seem to have fallen through the cracks. In

going through our collection of books we discovered many old, interesting books that have not been read in years and they are just spell binding. The older authors have a way with words that the new authors have replaced with slang and brazen subjects. So if you are interested in something like that all you need to do is ask.

We had a visitor from the Lubbock Public Library recently bearing gifts of books and encouragement. She is in charge of the distribution of books and purchasing of the four library's there. She had been reading and keeping up with our FB site and was so impressed with our library that she drove all the way from Lubbock to see our us! She had to see the tree that has been so highly praised and all of the changes we had made and needless to say she spoke only High Praise for our County Library! We received great ideas and encouragement from our visitor and an invitation to visit her libraries in Lubbock. I could continue with story after story of the people that come in our doors and all have great things to say about this library. I just tell them it is a work of love for books and community that keeps it going!

Happy New Year To All!

Mesothelioma may occur 30 to 60 years after exposure to asbestos. Many workers were exposed from the 1940s through the 1970s. Industrial and construction workers, along with their families (second hand exposure) are among those at risk for mesothelioma, lung cancer or gastro cancer (throat, stomach, colon).  son cannot necessarily make the change, but I like to see "in writing" what the candidate would strive to get done.

The following is a quote from the County Treasurer's Office: "In 2011-12, which would have been the year before the current sheriff was sworn into office, the sheriff's dept salary budget was \$675,000.00. This amount would also include salaries for jail/dispatch employees." "After the new jail was built in 2012-13 and completed in 2014, we split the SO into two departments for budgeting purposes, the SO and Jail departments. For the 2018-19 fiscal year, the following were the budgeted salaries for those two departments:
 SO: \$ 451,613.00
 Jail: \$ 553,784.00
 Total 2018-19: \$1,005,397.00"

"The above figures are for full-time employees in these departments."

It would be nice if we did not have a drug problem in Wheeler County, but let's deal with Wheeler County and leave Interstate 40 to the Highway Patrol.

Sorry to hear of the loss of Brenda Sparlin as head of our local EMS. I worked with Brenda for a short period of time as a member of the North Wheeler County Volunteer Ambulance Service and thought she was doing a great job and was always there to do training when requested.

— cwe —

I have not heard the reason for her dismissal.

I have been on the "puny" list this past week with "what is going around". It started with Seth and several of his friends, then Jennifer, Leroy and I. Stormie ran a little fever a day or two.

— cwe —

I ran a fever of up to 104° Monday evening and went to see Dr. Erick Tuesday morning. Not the flu, but two shots and a prescription. Since I continued to run a high fever Wednesday morning I went to the doctor in OKC. Still not the flu—x-rays, breathing treatment and a prescription (Medicine for Malaria—did not have) Taking all this, I did not stop running a fever until Sunday

— cwe —
 I still have a cough.
