Time To File Crop Acreage Reports

The Wheeler County office for USDA's Farm Service Agency (FSA) is currently open to phone and virtual appointments only but can still work with producers on timely filing crop acreage reports. FSA staff can provide assistance over the phone, by email and through virtual meetings via Microsoft

Teams. The following acreage reporting dates are applicable for Wheeler County:

May 15, 2020— July 15, 2020
Corn, Cotton, Haygrazer and Grass

“In order to comply with FSA program eligibility requirements, all producers must file an accurate crop

acreage report by the applicable deadline,” said Jane Cross, FSA's Acting CED in Wheeler County. “Our FSA staff is still able to assist producers in completing acreage reports, including providing maps.”

The Wheeler County FSA office will provide maps to producers through mail, email or fax with instructions

for completing the maps. After planting is complete, producers should return completed maps and the acreage reporting sheet by mail, email or fax by the reporting dates.

After completed maps and all acreage reporting information is received, FSA will make software updates and mail, email or fax producers the completed Report of Acreage form (FSA-578) to sign. Producers must return the signed form certifying their acreage report to the FSA office by the reporting dates.

The following exceptions apply to acreage reporting dates:

- If the crop has not been planted by the acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.

- If a producer acquires additional acreage after the acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.

Producers should also report crop acreage they intended to plant, but due to natural disaster, were unable to plant. Prevented planting acreage must be reported on form CCC-576, Notice of Loss, no later than 15 calendar days after the final planting date as established by FSA and USDA's Risk Management Agency.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP-covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions, please contact FSA's Wheeler County office at 806-826-5578

USDA Service Centers are open for business by phone appointment only and field work will continue with appropriate social distancing. While our program delivery staff will

BRITT FIELD VOLUNTEERS: Camden Dorris, Josh Britt and Adam Haley add mulch to the new trees planted at Britt Field. Volunteers have been working at Tom Britt Park. Be watching for some major changes coming to our baseball fields. The Park is a great place to walk and see all the new trees.

LeeAnn Hillhouse has quite the thing going to involve the youngsters and Senior Citizens. They take her their art work to the Vet Clinic; she posts it for sale on Facebook and the money goes to either Parkview Extended Care or Wheeler Nursing and Rehab.

They had another work day at Britt Field, taking care of the trees that were recently planted.

STORM REPORT

As Reported by...
Stormie Meriwether,
Tenth Grade Student

Dear Friends, Now we have been isolating for eight weeks. I am thankful that I live in the country. In the country we can ride 4 wheelers, enjoy nature like birds, deer, and squirrels. I work with my dad on fences and checking cattle. It would be boring to be in town with nothing to do. After work we go fishing. One day I only caught one fish and it broke my rod. Dad caught two. The second one swallowed the hook. My mom caught the biggest fish ever.

Church on the Square was fun. They did bingo for the kids and gave candy and smiles. Pastor Erron told us to have faith, not fear!

I feel bad for all the things that won't happen because of the virus. I think the OAP would have gone to State and won. Now the seniors will never get the chance to do that. I will never see the seniors in the school again. All the track people will miss track meets. There will not be a Little Colt

Wheeler County Farm Bureau Makes Meals On Wheels Donation

The Wheeler County Farm Bureau made generous donations to both the Shamrock and Wheeler Meals On Wheels organizations this week.

Due to the challenging times and the disruption of the food supply, the Board of the Wheeler County Farm Bureau donated funds to each of Wheeler County's Meals on Wheels.

County President, Matt Moore, stated “ag producers in Texas are hard hit by the disruption caused by the economic shutdown just like our small businesses and workers. As farmers and ranchers, our Board knows there is no food shortage, but we realize there are some disruptions in the food supply chain. We wanted to emphasize our food is safe, high-quality, and readily available. We are happy to help our wonderful Meals On Wheels organizations keep their folks fed”.

Texas Farm Bureau donated \$100,000 to help food organizations, charities, and the feeding of medical personnel and first responders

across Texas through the “FARM BUREAU FEEDS TEXAS” effort.

Under this statewide program Texas Farm Bureau

Prayer For A Pandemic

Instead of attempting to deliver something worthwhile this week (actually I did make that attempt and determined that marginal was a better descriptor of my piece than worthwhile), I wanted to share something that I came across recently. I thought of appending it to the end of whatever I wrote, then determined that what I wrote would only serve as a distraction from what I wish to share, and I think this is worthy of full attention. It is a prayer written by a woman named Cameron Bellm, writing as Krug the Thinker, and is simply titled “Prayer For A Pandemic”. There is something in here that everyone can identify with, and many of us can identify with it entirely:

Prayer For A Pandemic

May we who are merely inconvenienced
Remember those whose lives are at stake.

May we who have no risk factors

Remember those most vulnerable.

May we who have the luxury of working from home
Remember those who must choose between preserving their health or making their rent.

May we who have the flexibility to care for our children when their schools close
Remember those who have no options.

May we who have had to cancel our trips
Remember those that have no safe place to go.

May we who are losing our margin money in the tumult of the economic market
Remember those who have no margin at all.

May we who settle in for a quarantine at home
Remember those who have no home.

Good Deed Results In Donation

Dr. Ben Ed Hillhouse did a good deed, which resulted in a \$250.00 donation. LeeAnn posted this on Facebook:

"Ok, this is a strange story, but here goes...Came to the clinic to make treatments and a man pulling a trailer was stranded in front of the clinic with a blow out on a trailer tire...None of our scout trailers had the right wheel but Chad Helton came to the rescue!! He didn't have a 12" tire but he took a Troop 472 tire and put it on Mr Cherry's wheel and he was able to go on to help move his daughter to Tulsa....As he left, he gave Ben Ed this Dallas Cowboy Ezekiel Elliot Jersey!! He owns a Jersey store! It's a really cool Jersey, and Ben Ed would like to donate it to KIDS AT HEART ART and add funds for gardens at Parkview Assisted Living and Wheeler Nursing and Rehab!! If there is any interest, bid away... Looks like \$100 on the internet but I don't know."

Storm (from Page 1) Relay! I hope the virus will go away so we can go to things again. We are missing our band concert. I want to go back to band. I love band. I want to go to vocal lessons. I really miss that. Most of all, I want my friends and family to be safe and well. Please people, wear a mask even if you think you are tough. It is to protect other people if you have the virus and don't know it. That's it!
