"Wheeler: town of friendship and pride"

WORK AT BRITT FIELD: Rosendo Navarrete guides Brad Koepke forward to set a steel pole for backstop construction and fencing on the new baseball fields at Tom Britt Memorial Park. Koepke is one of many local businesses donating time and material to help us accomplish this project. Wheeler Sports Association and the Wheeler Lions Club are working together to build two new baseball fields that are scheduled for games this spring and summer. Local matching and grant money is being used to purchase and install lights for one of the new fields. We are still seeking more funds to help complete lighting both fields. Donations are tax deductible and can be sent to Tom Britt Park, PO Box 489, Wheeler, TX 79096, or call Charles Kuntz at 806-826-5516 for more information.

street lights, which were to have been part of the Texas Streets project under way. The lights were omitted, due to the cost of the sidewalks. EDC donated the money necessary to have the lines put in the Texas Street sidewalks for the wiring to be added without tearing up the sidewalks.

You may or may not have notice that Xcel has installed new poles and lights on East and West Texas Streets.

I will agree there are three or four locations, where new sidewalks are needed; these can be replaced for a fraction of the cost of the project being proposed.

The Texas Street project has not helped access to my business or any other business in my block, where there was nothing wrong with the sidewalks. Plans called for railing across the complete front of my business, due to the 7.5+" step after stepping from the curb. Realizing my building would be completely blocked, the contractor mea-

sured a 6' space where the step-up was 7.5" and the railing could be eliminated-one parking space where a customer can walk directly into my office, when the railing is installed.

The City does not need to be spending any more money that absolutely necessary at this time; the economy is not that good.

A handicapped individual has access to both ends of 400 S. Main and railings are on the steps at the various businesses. This project is unnecessary.

The general public had better access to most businesses on East Texas before the new sidewalks.

When the sidewalk project for Texas Street was first proposed, I ask what the finished sidewalks would look like. I was told to go to Panhandle, they had just finished a similar project. I went to Panhandle and did not see anything like the mess we have in front

might be worthwhile to consider thinking outside the box, with respect to the box.)

The reason this came up down with the intention of dealing with the items on my desk, beginning with the immediate, and, after those were handled, moving on to processing some of the items in the box. That is, I sat down for the purpose of decreasing the volume of the box's contents, and wound up having written this piece (which happens to be as bland as the faded shade of brown that the cardboard box is made of) the box justifies its presence again.

happened to you, your family in daily life that kept you closer to a Christian way of live. Compile them and collect them. Finally when they are so many and large, find a room and post all you can on the walls, tables and ceilings. Let God Jesus, and the Spirit know you are wanting them around to protect you, your family, friends, neigh-

bors, town, country, and world. Our way of life as a Christian is wonderful, awesome. God wants that for all his children-his earthly family. LOVE!

Title that special Godly room the White Forest. When you accepted Jesus as your savior, He washed you white as snow. Filling a room may take time, but ask God for that time. He can fill your heart, soul and mind in an instant.

You as a Christian, already have a space for the Trinity. Let it grow bigger and never be ashamed. Show where your seeds are planted.

Love, always in Jesus name, Amen.

FIVE GOOD SENTENCES:

1. You cannot legislate the poor into prosperity, by legislating the wealthy out of prosperity.

2. What one person receives without working for, another person must work for without receiving.

3. The government cannot give to anybody anything that the government does not first take from somebody else.

4. You cannot multiply wealth by dividing it.

5. When half of the people get the idea that they do not have to work, because the other half is going to take care of them, and when the other half gets the idea that it does no good to work, because somebody else is going to get what they work for, that is the beginning of the end of any nation!

The detective asks, "Ma'am, is that your husband?"

"Yes" says the woman.

"Did you hit him with that golf club?"

"Yes, yes, I did." The woman begins to sob, drops the club, and puts her hands on her face.

"How many times did you hit him?"

"I don't know -- put me down for a five."
