Cooper-Jones
Miss Audrey Lee Cooper and B. N. Jones, both of Rochester, were married Sunday February 10th at the home of Rev. L. E. Frazier of that city. The bride is the accomplished daughter of Mr. and Mrs. J. H. Cooper, who have resided in Rochester for the past twenty years. She has been acting assistant post-mistress there since September of last year. The groom has been clerk for Mr. Southall at the Orient station for the past few months. They have not given out their plans for the future, but it is hoped by their friends that they will remain in Rochester.

Petty-Medley
(By Special Correspondent)
A wedding of unusual interest took place at Weinert Friday February 8th when Mr. Amos Petty of Chicago, Ill., and Miss Azalee Medley, assistant postmistress of Weinert were united in marriage by Rev. H. W. Barnett at the Methodist Parsonage is Weinert at 7:30 p. m.

The contracting parties are among the best known young people of Weinert. The groom is the son of Mr. and Mrs. W. T. Petty formerly of that city and was reared in that community. The bride is one of the most popular young ladies of Weinert and her friends are numbered by her acquaintances. The many friends of the happy young couple wish them unalloyed happiness through life.

They left for Chicago Saturday morning where Mr. Petty has a position, where they expect to make their future home.

Parnell-Montandon
Hilbert Parnell of near Haskell and Miss Lena Montandon, daughter of Mr. and Mrs. A. Montandon of O'Brien Route 1 were married Monday evening February 4th at Rochester, Judge J. W. Gammill officiating. The young couple will live in the Gilliam community near Haskell.

They have many friends who wish them a long and happy married life.

Parent-Teachers Association
Benefits derived from a Parent-Teachers Association:
The Parent's Gain—
A first hand knowledge of their children's school life.
An intimate acquaintance with the teachers and an understanding of the school standards and methods.
A vision of the school's needs.
The Teachers Gain—
An opportunity to know the parents of their pupils.
A convenient time to explain to them the requirements of the school.
A social relation that creates a part-

nership between the home and the school.

The Community Gain—
A unity of purpose to advance the welfare of the children and to cooperate with the teachers to that end.

A determination to improve school conditions and to raise the standards of community life.
A conclusion that the school house is the logical place for social and neighborhood meetings.

The aim of the Texas Congress of Mothers and Parent Teachers Association is to win every mother, every father and every teacher in our Lone Star State into loyal intelligent

service for the welfare of the children.

"One generation—one entire generation of children loved as they ask to be, understood as they expect to be and trained as they should be, would more than begin the millenium."

Thursday Bridge Club
Mrs. Hill Outes was hostess to the members of the Thursday Bridge Club Thursday afternoon.

The Valentine idea was carried out in the decorations and refreshments. A delightful afternoon was spent at bridge and the hostess served a two course luncheon. On each plate was a pretty valentine and heart-shaped nut

cup.

The following enjoyed the funeral of Dr. H. C. Grissom, J. P. and Claiborne J. E. Bernard, R. R. Engle, Reid, John Outes and the hostess.

The following Haskell people enjoyed the funeral of Dr. H. C. Grissom, J. P. and Claiborne J. E. Bernard, R. R. Engle, Reid, John Outes and the hostess.

SOCIETY and Club

Celebrate Golden Wedding

Tuesday was the Golden Wedding Anniversary of Mr. and Mrs. R. P. Simmons. They had been married 50 years that day and their children all planned to spend the day with them, but owing to bad roads those who do not live here could not come. Different ones took food and a delicious dinner was served at the noon hour. Each one also took out flowers. This was a delightful surprise to Mr. and Mrs. Simmons.

Those enjoying this delightful occasion were Messrs. K. D. and Frank Simmons and their families, Mr. and Mrs. Mark Whitman and family and Mr. and Mrs. Marvin Hancock and children.

Magazine Club

February 8.

Preceding the regular business session of the Club, a meeting of the members with a committee of men headed by the Mayor was held in the Library, in the interest of the tree-planting campaign.

Inasmuch as this club has always pushed and sponsored civic improvement, this committee met with great favor and the work was heartily endorsed.

This club voted to plant ten new trees about the Library and to put out two hundred hedge plants about the back of the grounds.

Various phases of the campaign were discussed and committee reports were heard.

This movement deserves the support of every citizen of Haskell.

The following public spirited citizens attended the joint meeting: Mayor R. C. Couch, Messrs. Courtney Hunt, chairman; Jno. Fouts, Geo. Scales, R. V. Robertson, Leo Southern, Chas. Conner, M. H. Post, B. Cox.

Club Program

One of the most interesting programs given during the year was directed by Mrs. M. H. Brasher on "National Government."

The High School orchestra opened the program with a medley of American patriotic airs. Followed "Ameri-

ca's Creed," read by Miss Bettie Lee Castles.

Two of Mrs. Brasher's piano pupils played a duo.

Mesdames Courtney Hunt, R. R. English and S. R. Hike gave well prepared papers. About twenty-five members were present.

Harmony Club

The Harmony Club met at the club rooms last Wednesday with the president, Mrs. W. K. Whitman, officiating. After the business meeting a very entertaining program was given on "Music from Shakespeare's Plays" with Mrs. O. E. Patterson as director. There were several lovely victrola selections played among them the "Waltz Song" from "Romeo and Juliet" and "Overture" from "Midsummer Night's Dream." Mrs. Pinkerton very delightfully told the story of "Cymbeline." Mrs. Brasher gave as a piano solo, Schubert-Liszt "Hark, Hark, the Lark" from "Cymbeline."

Presbyterian Ladies Auxiliary
The Ladies Auxiliary of the Presbyterian Church met Monday February 10 with Mrs. John Tubbs.

The Foreign Mission study books did not come on time so the all day meeting was postponed a week and the Bible Study was used for the lesson.

Mrs. Sherrill opened the meeting by reading portions of the 151st Psalm, followed by prayer by Mrs. Tubbs.

The Bible Lesson was unusually interesting as we studied "The Passover" Many helpful and splendid thoughts were brought out by the leader, and each one present felt re-consecrated as we were reminded of Christ's sacrifice for us. The meeting closed with sentence prayers.

The next meeting will be an all day meeting Monday February 17th at the home of Mrs. Sherrill. The study will be the Foreign Mission book, The White Fields of Japan. Mrs. John Tubbs, the Foreign Mission Secretary, will conduct the lesson.

Those present were Mesdames Sherrill, Wilson, English, Pace, Kinard, Sleeper, Robertson, and Miss Evelyn English.

Well, I guess every one is glad to see this pretty weather again as we had enough sand to eat the first part of last week and we were getting tired of such "sandy" weather.

Homer Patterson was in the Powell community Sunday.

We are very sorry to hear of Mr. Fagan's child having some kind of a disease, and no one knows what it is, but it is going about all over this section, so I guess most everyone will have it. We hope everyone that has it a speedy recovery.

Maye and Little Bessie Patterson visited the school at this place Friday afternoon.

Everybody in this section have had colds at this writing.

Mr. and Mrs. P. C. and Tony Patterson of Center Point visited Frank Patterson and family last Saturday.

Charlie Matthews of Powell was in this community last Tuesday on business.

A number of the school children have been missing school on account of the bad weather.

Several new neighbors have moved into our community. We welcome them here and hope every one a prosperous year here.

There will be preaching at Cottonwood next Sunday February 24th.

the preaching. Everybody come.

ROCKDALE

By Mrs. W. C. Martindale.

We have been having some more "West Texas rains" for the past week, but tonight brings us a norther, which promises to be real chilly.

Sorry to report that Grandma Ivy has the pneumonia. She was visiting her daughter, Mrs. Monroe Higgs of Nugent when she took sick and we are not able to say at this writing just how she is. John Ivy, her son with whom she makes her home, was called by phone last Tuesday to her bedside. He has not yet returned home. We hope for Grandma a speedy recovery.

The general health is improving.

Mr. and Mrs. Tull Newcomb were presented with a fine baby girl on Monday of this week. They are so proud of her that they can't find a name pretty enough for her.

J. Z. Williams has his new house completed and has moved in.

Mrs. B. Ivy has returned from Chicago, where she has been visiting her sister and brother.

Mr. and Mrs. Oscar Kuenstler of Stamford were visiting in this community this week.

Service Without Interruption

ON EVERY LIGHT AND POWER LINE IN THE
HASKELL DIVISION.

To its patrons in The Haskell Division, comprising the towns of Haskell, Weinert, Munday, Goree, Knox City, Rochester and Rule, The West Texas Utilities Company announces the inauguration of a building program that will place electric service on a par with that furnished anywhere in the world.

Working plans have been completed and material ordered for the reconstruction and enlargement of circuits on all transmission lines to meet the demands of increased and increasing business.

And to forever assure uninterrupted service on a twenty-four hour basis under any circumstances of operation arrangements have been perfected for the interconnection of the lines of this company with the main transmission lines of the Wichita Falls Electric Company, making instantly available emergency service from both systems in either direction. This connection will be made at a point between Goree and Bomarton by the construction of new transmission lines.

Announcement is made of the reappointment as Superintendent of the Haskell Division of Mr. George Scales, under whose personal direction the program of improvement and extension will be carried through.

CENTER POINT

By Miss Ethel Bland

Most every one in this community is on the sick list this week.

Aunt Julia Nugent has been real sick, but is reported better. Mrs. Annie Jeter and baby Edwin are having a real case of measles. Norman Briden was out of school Monday with fever.

Mrs. Dunnam has a real sick boy. Mrs. Bland of this community has been with her sister-in-law, Mrs. H. D. Bland, who has recently underwent an operation. We wish her a speedy recovery.

The Center Point school has recently purchased fifty feet of blackboard which was badly needed.

Mr. Tom Briden has recently erected a new house on his place. His son Gene and wife will make their home in the new residence.

Center Point was well represented at preaching at Sayles Sunday. Bro. W. T. Priddy filled his regular appointment and delivered a real good sermon.

We served our first hot lunch at school last Tuesday and will continue on that day each week to do so. Everyone cordially invited to come.

Mr. and Mrs. Lorell Kirby and his sister Thelma spent Sunday with Mr. and Mrs. Wiseman of Sayles.

Annie Laurie Ivy spent Sunday with Floy Liles of Sayles.

Several from this community attended the party at Gauntt Saturday night. Misses Loraine and Vera Morgan spent the week end with their parents of this community.

Center Point boys won over Sayles Friday afternoon in basket ball.

Plainview and Center Point will play on the Center Point court Friday afternoon. Both boys and girls will play. Come and see both games.

There will be church at Center View Saturday night, Sunday and Sunday night. Everyone come.

Our Newest Miracle

A few days ago we read a New York dispatch to the effect that a number of persons engaged in digging the new tunnel under the Hudson to connect New York City with Jersey City had heard a concert over a radio instrument placed in the tunnel 90 feet under the bed of the river and 1000 feet from the opening. Concerts were heard from broadcasting stations as far away as Pittsburgh. It was more proof that we are living in an age of modern miracles.

Many of the older residents of Haskell recall when the first telephone

came to their attention. For years they scoffed at the idea of carrying on a conversation over an ordinary piece of wire stretched across a distance of several hundred miles. They also remember when they laughed at the idea that a man named Edison had invented a machine that would record and then reproduce the human voice. But these same people are not scoffing and laughing at the wireless at the radio. They have come to realize that few things are impossible in this day and age.

Radio may never supplant the telephone, and it will never take the place of the newspaper. But it is going to become of common use in this country, in fact over the world, and that before many years. It is going to help the newspaper in carrying information of value into the rural districts. It is, like the telephone and the auto, going to bring the people of our farms into much closer touch with the people of our towns and cities. Radio has hardly scratched the surface so far, and it is almost impossible to list the many benefits that mankind is going to get out of it.

No. We Do Some Fishin'

The Echo editor has lived in Gilmer twenty-five years, and during that time this editor has been fishing one time, has not been hunting at all, has witnessed one or two ball games, has been to a few shows and taken very few holidays. We make mention of this

The Reporter editor has lived in Memphis five years and in that time this editor has been fishing 168 times, has been hunting 186 times, has attended 94 ball games, has attended shows, has taken a holiday every other day, has been to the banks and postoffice daily, will bet our worn-out flivver against a crippled bird dog we have done more work in the five years with our hands than the Gilmer brother has done in the same length of time, work and no play makes Jack a boy.—Memphis Reporter.

ROCHESTER

As there has been no news from Rochester for some time guess folks think we are dead but we are very much alive indeed. Everybody is busy and all seem to be happy in their chosen profession. Most all of the farmers are busy getting their land in shape for planting and a bumper crop is hoped for. School is progressing nicely. The pupils are all at work in earnest, and few, if any failing grades have been reported.

Miss Allie Bell Chapman and Ewell Bagwell spent the week end with home folks. They are seniors in Haskell Hi. Mr. Blacklock accompanied Ewell home.

Misses Ola and Lola Dykes who are attending business school at Abilene visited home folks last week end.

The Civics club met Feb. 7th with Mrs. R. A. Greenwade. A nice program was rendered. Mrs. Jack Alvis read an interesting paper on "Women

and International Relations," by Mrs. Joseph at the meeting of Women's Federated Clubs at Wichita Falls last Nov. Mrs. W. D. Lewis gave a brief outline of the relations of a civic club to the town and community. As we had Mrs. Dr. Howell who has recently moved here from Hamlin with us, and she being an old club member and worker, asked that she give the club the benefit of her experience. Mrs. Howell proved to be an interesting intertainer as well as giving valuable suggestive helps for the betterment of the club. Refreshments of sandwiches cake and coffee were served at a late hour to Mesdames Dr. Howell, W. D. Lewis, Sam T. Chapman, J. H. Cooper, N. H. Stoker, L. M. Kay, V. and Jack Alvis, Alice Corathers and the hostess. The next meeting will be with Mrs. Cooper where all the business meetings are held. It is planned at this time to reorganize the club, and select standing committees for the year. All members are urged to be present.

A nice rain fell here Sunday night. The P. T. A. will serve dinner in town Monday Feb. 18th. The Civics Club will sell sandwiches

pie and coffee Trades day. They will also give prizes for best biscuits, jelly and lb of butter. They will have booth for display of enteries.

Several from here attended the funeral of Dr. Weaver at Rule Fri.

Miss Francis Kay entertained the Sophomores Friday night.

J. J. Tucker has returned from eastern markets where he bought his spring line of goods.

Mrs. C. E. McCullough has opened a millinery shop and beauty parlor in the balcony of Carney's Store. We prefer for her a nice business.

Miss Audrey Lee Cooper and Mr. B. N. Jones were married at the home of Rev. Frasier here. The bride is the beautiful young daughter of Mr. and Mrs. J. H. Cooper who have resided here for the past twenty years. She has been acting as assistant Post Mistress here since September. The groom has been clerk for Station Agent Southall for the past few months. The plans of the happy couple had not been announced but we hope they remain in Rochester.

T. J. Mansell and family of O'Donnell visited here last week.

J. G. Echols is home from Lamesa where he had been working lately.

BUNKER HILL

Miss Veoma Arnold is in school again. She moved with her parents to Stamford a few weeks ago. We missed her very much and are glad to have her with us again.

We are sorry to hear that Miss Alta Belle Caudle is out of school this week on account of illness.

Bad weather reduced our attendance at the singing last Sunday but we who were there enjoyed it immensely, especially the selections given by the Misses Chatwell. Mr. Ollie Wofford was elected president to succeed Mr. E. J. Boedeker, who has served in that office since the class was organized. Miss Luch Chatwell was elected secretary.

The Bunker Hill boys suffered their first defeat of the season last Friday afternoon on the home court. The boys played a good game and took defeat in real style but we're glad they don't smile at defeat. They played against Plainview. The score was 8 to 17.

A number of the young folks met at the Knippling home Friday evening and enjoyed several hours dancing.

The youngsters have been promised a Valentine postoffice in school for St. Valentine's Day and are busy preparing Valentines.

Mid-Week Prayer Meeting

The Social Service Committee of the Methodist Church had charge of the Mid-Week Prayer Meeting Wednesday evening and discussed some very vital subjects pertaining to Lay Activities of their department. Mrs. C. M. Kaigler read scriptural references from the 19th chapter of 1st Cor. and the 6th chapter of Gallatians. Belief in the validity of the 18th amendment of the Volstead Act and various phases of prohibition, Rev. Ben Hardy and Mr. and Mrs. Fred Sanders. Christ's attitude toward the down-and-out, the destitute and incurables, Mrs. Ben Hardy. The man who oppresses the hireling in his wages and the one who demands "good" wages for a poor day's work can not be Christians, Mr. W. J. Sowell.

Union Meeting

On last Sunday evening February 10, the members of the Methodist Church and the members of the First Christian Church worshipped together in the First Christian Church.

Singers from both congregations were in the choir, mingling their voices in beautiful songs of praise to God. Miss Marylee Pinkerton sang a beautiful solo.

Bro. Hardy preached a forceful, spiritual sermon, full of love for the Master and his work.

The meeting was a most enjoyable and a most helpful one. A beautiful spirit of love and Christian fellowship seemed to fill all hearts present. It was good to have been there; to have been inspired by the beautiful service and to have again realized that in "Christ Jesus we are all one."

Women's Missionary Society

The Woman's Missionary Society of the Methodist church met in regular session last Monday afternoon at 3 o'clock with the president Mrs. L. W. Kirkpatrick in the chair during a brief business meeting after which a lesson on Mexico was taught by Mrs. T. A. Williams. She was assisted by Mesdames Irene Ballard and Chas. Parsons. Mrs. Able Jones presented the plan to raise and endowment fund for our supernumerary preachers. The society was then favored by a beautiful solo by Mrs. G. T. Scates and the meeting adjourned with a prayer by Mrs. Ben Hardy.

True to Form

Uncle Henry Jones had died very suddenly, and a distant relative of the relict was offering her condolences. Finally the lady got round to the point where she felt she could decently ask the burning question.

"And what did poor Henry leave?" she inquired sweetly.

"Leave?" snorted the widow. "He left the barn only half painted, just as I told him he'd do!"

ANSON CONFECTIONERY CHANGES HANDS THIS WEEK

John R. Martin and Ernest Spraberry this week sold their confectionery and cafe business on the southeast side of the square to R. L. Fate of Mineral Wells. Mr. Fate and his wife and two children have moved here and have taken charge of the business. Martin has not made public what he

has put in during the last two or three years in the confectionery business. Mr. Martin states that he has been out of his place of business one day only in this time except when forced to on account of sickness in his family. Ernest Spraberry has already taken a place at the Anson Hardware Co.

Mr. and Mrs. Fate are recommended highly by those who know them and they will be given a hearty welcome in Anson.—Anson Enterprise.

Mr. Martin was formerly postmaster of Sagerton and is the son of J. W. Martin, druggist of that city, and a brother of J. Mason Martin of the Oates Drug Store of Haskell.

A Voice From Texas

A Texas farmer wakes up at the alarm of a Connecticut clock, buttons his Chicago suspenders to Detroit overalls, washes his face with Cincinnati soap in a Pennsylvania wash pan, sits down to a Grand Rapids table and eats Chicago meat and Indiana hominy fried in Kansas lard on a St. Louis stove, puts a New York bride on a Missouri mule, fed on Iowa corn, and hitches him to a plow made in Pittsburgh, Pennsylvania, and plows a farm covered by an Ohio mortgage.

When bedtime comes he reads a chapter from a Bible printed in Boston, says a prayer written in Jerusalem, crawls under a blanket made in New Jersey, and is kept awake half the night by a Texas dog, the only home-product on the place, and then wonders why he can't make money in Texas.—"Them Days Is Gone Forever."

They claim that contentment makes you fat. But you can bet that all the fat men around Haskell are not that way because they are contented.

WE MUST GO FORWARD

There was never a greater need, or a better time for the entire citizenship of Haskell and Haskell County to join in a concerted and effective effort; that will put the community in which we are all interested in the very front rank among the leading towns and counties of West Texas.

There is no time like the present for accomplishment. Especially is this true when the other counties of this section are keeping up with the procession. Haskell cannot afford to fall behind in the march of progress.

We do not believe that Haskell will fall behind. It is just as easy for us to take the lead in the progress of West Texas as it is to be satisfied with what we have. We should put forth our united effort and go after what we want, instead of waiting for that which may come our way. Other towns and communities are working and going after everything that will promote their interest. It is time for us to get behind our community.

It can only be done by men who believe in what they are doing, whose hearts are in the task, who are determined and who will not falter or turn back.

It will not be done by those who think that any other community is too far ahead. It will not be done by those who think there is something that cannot be overcome. It will not be done by those who are not solidly behind their own community. It will not be done by those who are afraid to speak a little money to build for the future, to live and act their faith in Haskell County.

It will be done by men and women who believe in Haskell, and are willing to back their faith with time, energy, and a little money when needed. Progress is in the air. Shall Haskell county keep step, or drop out of the procession?

BRIEF ACCOUNT OF DEATHS IN ADJACENT COUNTIES

Mr. J. D. Roberts of Goree died at the home of his daughter, Mrs. F. W. Burgess of that city at 1:50 a. m. Tuesday February 5th, after a few weeks illness. Funeral services were conducted Tuesday afternoon at the home of Mr. Burgess and the family left with the body for Bowie Tuesday night where burial was made Wednesday. Mr. Roberts had lived in Goree since 1920 and has made a host of friends there.

Mrs. Mary Brantley McKee of Knox City died Wednesday January 30. She is survived by two daughters and one sister.

Mr. William McMurray of Seymour died Monday February 4th from the effects of Bright's Disease. He was buried at Seymour Tuesday afternoon, Rev. J. R. Balch conducting the services.

Word was received at Seymour last week by relatives that Mrs. R. J. Tarver died at El Centro, Calif. Mr. R. J. Tarver lived in Seymour many years prior to her moving to California, and has a son who lives in Seymour at the present.

Word was received by relatives at Anson on Thursday February 7th that Lige Davis of Midland, a brother of Mrs. Geo. H. Baker and Mrs. W. R. Chapman of Anson, died suddenly while operating his typewriter. Mr. Davis was a former resident of Anson and is well known there.

DAN CUPID ACTIVE IN NEIGHBORING TOWNS

Mr. Robert Witty of Bomarton and Miss Onca Howell of Shady, Baylor county, were married at the home of the bride's parents Sunday afternoon February 3rd. Mr. and Mrs. Witty have lived in Baylor county most of their lives and have many friends who wish them a long and happy life.

Mr. Walton Parks of Bomarton and Miss Rape of Merkel were married a short time ago at the home of the bride's parents in Merkel. They will make their future home at Bomarton. Mr. J. B. Hicks of Megargle and Mrs. Maggie S. Odum of Ozona, Crockett county, were united in marriage some time ago at the home of Rev. W. C. Hinds of Seymour. Mrs. Odum is teaching music at Megargle and is favorably spoken of by those who know her. The couple will make their home at Megargle for the present.

Mr. F. L. Fancher and Mrs. Marguerite Carpenter, both of Seymour, were married Wednesday February 6th at the home of Rev. P. A. Gilliam, pastor of the First Christian church. The bride has only lived in Seymour about two months but all who know her love her. Mr. Fancher has lived in Seymour all his life.

Mr. Leon Stout of Seymour and Miss Lottie Elliott of Bomarton were married Monday February 4th at the home of the groom's sister, Mrs. Tom Stewart of Seymour. Rev. P. A. Gilliam performed the ceremony. The bride is the daughter of Mr. and Mrs. P. C. Elliott of Bomarton and has lived all her life in Baylor county. Mr. Stout came to Seymour from Throckmorton and is head mechanic at Fuller Bros. Garage of that city.

Mr. H. C. Stereetman and Mrs. T. T. White were married at Seymour last week. Both parties have lived in Seymour a number of years and will likely make their future home there.

Private Instruction

One tiny match, lighted in a private garage recently, gave a \$3,000 lesson in fire prevention to a Seattle motorist. While working on his car the man dropped a tool and struck a match to look for it; an explosion and fire immediately followed in which garage and car were destroyed and the owner injured. Costly tuition, certainly, but the lesson probably will not have to be repeated.

BUILDING CAMPAIGN NEEDED IN WEST TEXAS

There is a shortage of rent houses in every city in this section at this time. It is almost impossible to get living quarters in any of the cities without queuing or building a home. It is reported that A. C. Cooper of Stamford in consideration of the demand for residences in that city is planning to construct eight modern apartment houses. Mr. Cooper is the proprietor of the Stamford Inn and these buildings will be erected near the Inn and will conform in appearance to the hotel building.

ROBIN RED BREAST MAKING ANNUAL SPRING MIGRATION

The robin red breast is now making his annual spring migration into East Texas. He is one of the protected specimens of the bird family, being protected by both Federal and State game laws. It is unlawful to kill the robin at any season of the year. Offenders are subject to arrest and prosecution by Federal or State game wardens as well as by county and city officers.

Only a few years ago robins were nearly extinct and had practically gone the way of the wild pigeon, when laws were passed both by the United States and Texas and other states for their protection. Since then the robin tribe has enjoyed immunity from hunters and others, and has increased marvelously in numbers. The birds migrate annually, as a rule.

10,000 EGG HATCHERY COMPLETED AT MUNDAY

Walter C. Bevers, who was reared in Haskell county and is well known here, has installed a 10,000 egg capacity chick hatchery in the city of Munday where he now lives, and according to the latest report has it ready for operation. This is said to be the largest hatchery in this section of the state and will be used as a custom hatchery in addition to hatching chicks from eggs of his own flock. Mr. Bevers put in a small hatchery last year and the project proved such a wonderful success that he found it necessary to enlarge his plant and go into the business permanently. You will find Mr. Bevers' card which he carries in this paper asking for your patronage.

Why Traffic's Bad

Two rustic sports were uncertainly flitting their way from the county seat.

"Bill," said Henry, "I wancha to be very careful. Firs' thing y'know you'll have us in a ditch."

"Me!" cried Bill in astonishment.

"Why, I thought you was drivin'."

PRESIDENT SANDIFER IS AFFECTED WITH PLEURISY

President J. D. Sandifer of Oklahoma College Abilene, who has been in a Dallas hospital for the past several weeks, has developed pleurisy in both lungs. It was stated this week by Dean Julius Olsen of the college. Dr. Olsen was advised of the new developments in President Sandifer's condition in a telephone communication from Dallas physicians Monday.

The operation which is deemed necessary has been postponed for several days. The pleurisy first developed last Friday when only one lung became affected.

President Sandifer's condition is regarded as much more serious than at the close of last week.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES HEALING HONEY.

C. W. Druselow, one of our friends who lives in the Roberts community gave us a check Wednesday while in town for renewal of the Free Press for a year in advance. Mr. Druselow never allows his subscription to expire. He is always there with the goods in time.

L. Z. Massie the popular ice man on the company's wagon delivering ice to their city customers during last summer is now located in the Arthur Edwards barber shop on the south side and expects to follow the barber trade. His many friends will be glad to learn of his entry into the new profession.

Charley Frierson of west of town was in the city Tuesday and while here called around to see us. He is breeding the Black Minorca chickens and has one of the best strains in the country. Minorcas are great favorites among many people because of the large white eggs they produce.

P. A. Henderson made a pleasant call to our sanctum Tuesday and asked us to change his Free Press from Rule to Haskell Route One. He has recently moved to the Gauntt community where he will farm this year. Mr. Henderson is one of Haskell county's best farmers and he is no stranger to Haskell county, having lived here many years.

Ex-Commissioner P. C. Patterson of Route 1, living near Center View church, made a pleasant call to our sanctum Wednesday morning and had his date set forward to the Free Press another year. Mr. Patterson is enjoying good health with the exception of losing a finger nail in the fan belt of his car. He says the belt did a clean job in taking the finger nail out by the roots, and it was done so quick that the pain all came afterwards.

Presley Hitchcock and Varner Dulaney of Knox City were Haskell visitors Wednesday and made this office a pleasant call. Mr. Hitchcock paid for another year in advance to the Free Press. He formerly lived here before moving his family to Knox City where he is engaged in the barber business. Mr. Dulaney recently moved from Haskell to Knox City where he has purchased a confectionery and gone into business for himself. The boys had smiles of prosperity written on their faces.

J. J. Read returned from Fort Worth Wednesday morning where he had gone to spend the winter with his children but after due consideration he decided to return to Haskell and he says to

stay this time. Mr. and Mrs. S. A. Stokes, the daughter whom he had gone to stay with will move here about the first of March. K. S. Read, the son with whom he has been living is now moving back to his farm in Mena, Ark. where he expects to make his future home. Mr. Read, better known as "Dad" will be on the streets again selling Sayman's goods.

J. E. Moore and family and Mrs. Susie Berry of Rochester were in the city Tuesday attending the One Day Poultry School. Mr. Moore called to see us while here and told us of the good rain that fell in that section Sunday night. Mr. Moore says prospects are good in his section for the farmers but is a little suspicious that we may have plenty of cold weather before the balmy days of real spring put in their appearance. He was reared in Texas and has been in West Texas a long time and knows something of the capers cut by the weather this season of the year.

ATTORNEY GENERAL FAILS TO APPROVE BAYLOR CO. BONDS

The Attorney General failed to approve the road bonds voted in Baylor county Dec. 28th, on account of an error or technical point in the order that was published for the election. It will now be necessary to hold another election, which the Commissioner's Court has granted at the early date of March 15th. It is believed the issue will go over the top in the next election with a greater majority, as the facts regarding the money coming from the Highway Department is better understood. It is reported that the work on the roads will not be delayed more than 60 days at the outside should the issue carry.

SHERIFFS OF WEST TEXAS FORM ORGANIZATION

Sheriffs of the Thirty Fifth Judicial District of Texas met at Coleman Saturday February 10th and organized the West Texas Peace Officers Association.

Sheriff Jid Flynt of Runnels county was elected president. Sheriffs of the adjoining counties to the district are invited to come into the association. All peace officers in this section of the state will be urged to join the new association, the object of which is to create a better spirit of co-operation in running down criminals. The next meeting of the Association will be held at Ballinger March 14th.

Courtney Hunt & Co. HASKELL'S PROGRESSIVE STORE

NEW DEPARTMENT IN T. Bryant & Son's Store Everything in This Department Brand New In accordance with our policy, namely, of carrying only the very best and dependable goods in each line, we have spared neither time or money, in so arranging and equipping this department with the most choice Spring Millinery on the market today. This stock was selected by an experienced buyer, trimmer and designer—Miss Alma—who is a past master in the Millinery Art. She selected each and every hat in the market, and have only the really Good Numbers. This entire stock is made up of the very best styles and values that can be found in the best and largest wholesale Millinery Houses in Chicago and St. Louis. The styles in these cities can have no better, for they have not yet been created. The stock is so large, and so well selected, that any lady can find a hat that really is becoming to her. The prices are most reasonable. Those who have seen this new stock declared it is the greatest stock of Millinery ever shown in Stamford, and at the most reasonable. We want the ladies of Haskell to see this wonderful stock of artistic Millinery at the earliest possible moment, and let them see with their own eyes, that they can find at our store as classy and up-to-the-minute stock of both Millinery and Ladies Ready-to-Wear, as is to be found in the market. We may also add Piece Goods, and Ladies High Class Footwear. Our entire stock is brand new and we can match, in color, the Shoes, Hats, Dresses or Coats, to any one of the leading Spring colors. You can buy your Hat, and have it match the rest of the costume to that color. Including your hand bags. If you do not leave Haskell to buy anything in the Dry Goods line, we will thank you to see us first.

LOCAL P. T. A. IS WORTH WHILE ORGANIZATION

Of the many splendid organizations in Haskell aside from the churches, none is more necessary to the worthwhile development of the town than the local Parent-Teachers Association. Organized three years ago with a very limited membership, interest and enthusiasm have grown until the organization now numbers forty active members, who endeavor to cooperate with the teachers in everything that would tend towards the advancement of the public schools.

Two afternoons in each month are given for regular meetings, the second Thursday for business and on the fourth a splendid program is carried out. The expenses of a delegate were paid to the state meeting in Tyler the past fall, where excellent reports did much to stimulate the local work. Since the beginning of the present school year expenditures have been made by the association for needed equipment in the High School as follows: books for library, \$125.08; dining room furniture and dishes, \$145.00 and for the laboratory, \$171.27.

Just how one of the main objects of the organization is to beautify the school grounds. Under the direction of the capable chairman, the civic committee is making plans to finance the laying of cement walks about the high school building which will add greatly to its appearance. Mrs. J. M. Gose, president for more than a year, recently resigned and the first vice-president, Mrs. M. J. Robertson, was elected to fill the place. Other officers who are serving the second term are Mrs. W. A. Kimbrough, secretary, and Mrs. B. M. Whiteaker, treasurer.

KNOX CITY WILL VOTE ON \$40,000 SCHOOL BOND ISSUE

It is reported that the enterprising school board of Knox City has ordered a bond election for March 8th, when they expect to vote on bonds to the amount of \$40,000 for the purpose of erecting a new high school building in that city. Knox City has maintained an excellent school standard for many years and is still stepping forward to meet the needs of the education of her children.

ROBERTS BASKET BALL TEAM DEFEATS BRUSHY 15 TO 6

Friday afternoon on the Roberts court the Roberts basket ball team defeated the Brushy team 15 to 6. It was a hard fought game. The girls who played on the Roberts team were: Forwards, Enla Force and Lillian Lewellen; Centers, Mays Cothron and Cortez Mages; Guards, Jimmie Lee Stanford and Viola Aatchinson. We have a fast little team.

The Roberts girls will play the Brushy girls on the Brushy court Friday February 15th.

PIE SUPPER AT MORRIS CHAPEL BRINGS \$45.00

The Pie Supper at Morris Chapel in the Whit Chapel community last Friday night proved very successful and a large congregation was present and the bidding was very liberal. Forty-four pies were sold, bringing the sum of \$45.00—which averaged more than one dollar each for the pies. The money will be used for the painting and repairing of the church and the helping hand extended to the members of that church will be appreciated very much.

NEW RULING ASSURES BETTER DELIVERY OF PAPERS

Beginning February 1st, all newspapers were accorded the same treatment in the mails as letters and all other first class matter under an order made public by Postmaster General New. Under this system newspapers will be made up in separate sacks, plainly marked with the word "news-papers". Small bundles or single copies of newspapers will be placed in the sacks with the first class mail and sent as such. This will be of special benefit to the general public in receiving their papers on time and will help the publishers to reach their subscribers much earlier and will be much more satisfactory to all concerned. The order applies alike to daily and weekly newspapers.

WORK BEGINS ON REPAIRING RESIDENCE DAMAGED BY FIRE

How the Poet Won

"I understand that Kipling is paid \$100 a word for his poetry," said the soulful poet to the hard-headed editor. "Now, you don't pay me any such price for my poetry."

"I can hardly afford to pay you \$100 a word for your poetry," the editor said; "but I will pay you \$100 a line for a short poem."

"Well," said the poet, "here is the poem":

Who's to Blame?

"Sad about poor Bill, isn't it?" "Terrible! How did it happen?" "It all came of his following the advertisements. You see, one advised him to eat yeast and he did it, and then he read another telling him to eat raisins, and he did that, too. Well, you have made home brew and you can guess what happened. Poor Bill exploded. Sad case! Sad case!"

An Old-Fashioned Mother

Thank God some of us have, and others have had, an old-fashioned mother. Not a woman of the period, enameled and painted, an expert bridge player whose white-jeweled hands have never felt a clasp of her baby's fingers, but a dear old-fashioned sweet voiced mother, with eyes in which the twilight shone and brown hair threaded with silver, lying smooth upon her faded cheek. Those dear hands, worn with toil, gently guided our tottering steps to childhood and smoothed our pillow in sickness, even teaching out to us in yearning tenderness when her sweet spirit was passing through the cold, dark river. Blessed is the memory of an old-fashioned mother. It floats to us now like the beautiful perfume of some woodland blossom. The music of other voices may be lost, but the entrancing memory of her's will shine on until the light from heaven's portals shall glorify our own. When in the fitful pauses of busy life our feet wander back to the old homestead, and crossing the well-worn threshold, standing once more in the low, quaint room, hallowed by her presence, how the feeling of childish innocence and dependence comes over us, and we kneel down in the mottled sunshine streaming in through the windows—just where, long years ago, we knelt by mother's knee lisping, "Now I lay me down to sleep." How many times, when the tempter lured us on, have the memory of those sacred hours, of mother's words, her faith and prayers, saved us from sin. Years have piled great drifts over between her and us, but they have not hidden from our sight the glory of her pure unselfish love.

Circumstantial Evidence

Mr. and Mrs. Jones quarrelled. In desperation Jones consulted his spiritual advisor. This gentleman of the church considered the situation carefully and then asked:

"How long since you have taken her a box of flowers?"

"Quite a while; ten years, maybe."

"Well, that's the answer. When you go home tonight, take a dozen roses with you. Surprise her."

At six-thirty that evening Jones proudly laid the roses on the table in front of Mrs. Jones and waited to fold her in his arms. Instead she burst out crying.

"There," she cried, "I just knew something else would happen. Johnny fell off a ladder and broke his arm

and Janet got sent home from school with the mumps and, as if that wasn't enough, here you come home drunk."

Feliteness and Little Dishes

Helen was at her first party. When the refreshments were served, says Everybody's, she refused a second helping of ice cream with a polite "No, thank you," though she looked wistful.

"Do have some more, dear," the hostess urged.

"Mother told me to say, 'No, thank you,'" the little girl explained naively, "but I don't believe she knew how small the dishes were going to be."

A Business Story

Rich in meaning to every motor car buyer

How Studebaker reached the heights

THE story of Studebaker has been told by many men in many ways. Now let us tell it to you.

Studebaker growth has in late years been Motorodom's sensation. Sales have mounted until last year 145,000 buyers of quality cars selected Studebakers. They paid over \$390,000,000 for them.

All must realize that a new situation has arisen in high-grade cars. You who are interested should now analyze the reasons.

72-year traditions

The Studebaker principles have become traditions in their 72 years of existence. They have never wavered. In all changing conditions they have brought new luster to that name.

Men come and go, but a name like this becomes a heritage to foster and enhance. That's what we've done—we who have that name in keeping for a time.

Studebaker has always been a leader. For two generations it led in horse-drawn vehicles, now products of the past.

Most of you remember Studebaker carriages—queens of their time. They were used by multitudes of people who loved quality and style.

When motor cars succeeded them, Studebaker became the logical leader in that field. Any other place would have been an anomaly.

The only way to the top

A concern of this age has one fact ingrafted in its fiber. The only way to leadership is through super-service.

The leader must excel in all you seek—in quality, in beauty and in value. There is no other way to the top. Every stretch of the road is strewn with wrecks of those who tried another.

What others say—not what you say—determines your place in the long run. In every field of endeavor one must accept that fact.

We had the money, the plants, the prestige. We had the incentive of Studebaker traditions. In time we secured the men.

We told those men to build for us the utmost in fine motor cars, regardless of all costs. We pledged them our good faith and our resources.

The cost was \$50,000,000

We built new factories—modern plants. We fitted them with new equipment—12,500 up-to-date ma-

15% to conform to these standards exactly.

We invested \$8,000,000 in a drop forge plant to make all our own drop forgings. \$10,000,000 in body plants, to build all bodies to our standards.

We employed 1,200 skilled inspectors to see that all standards were fulfilled. There are 30,000 inspections on Studebaker cars during manufacture, before they go out from the factory.

That's the whole story

That's about the whole story. We simply followed the never-changing Studebaker principles. We gave to our buyers the utmost—values they could not match. Then they turned by tens of thousands to Studebaker cars.

Over 750,000 of those cars have gone out. Their performance has developed a demand for 150,000 per year.

Every increase in sales brought a lowered cost, which we promptly gave our buyers. Today these fine cars are offering values which no rival can approach. They have made us the world's largest builders of quality cars.

We deserve a hearing

Now we deserve a hearing. All who consider a car at \$1,000 or over should learn what Studebaker offers. That in fairness to yourself and us. Check one by one the advantages we offer. You'll find them by the score.

Remember that 145,000 who did that last year chose a Studebaker car. There are nine chances in ten that you'll do it.

Consider our record, our accomplishments, our policies and principles. Consider that we have 900,000,000 at stake on satisfying men like you. Don't buy a car in this high-grade class without seeing what we give.

Find Out Why

People paid over \$200,000,000 last year for Studebaker cars.

The result is now a demand for 150,000 per year.

Over \$50,000,000 in modern plants and equipment to build the finest of fine cars.

One of these cars, built in 1918, has run 475,000 miles. That means 80 years of ordinary service. In December this car made the trip from coast to coast.

Of the \$50,000,000 in our plants and equipment, \$32,000,000 has been invested in the past five years. So it represents the last word in efficient manufacture.

We established a Department of Methods and Standards, to fix for every Studebaker detail the maximum of quality.

We created a Bureau of Research and Experiment, employing 125 skilled men. They make 500,000 tests per year to maintain our supremacy.

They fixed countless standards, including 35 separate formulas for steels. Then on the most important steels we offered makers a bonus of

SCHOOL NEWS

Mr. Lebo's agricultural boys put up some basket ball goals for the boys and girls in the Grammar School. Mr. Brasher and the teachers are not satisfied with the Monday's lessons brought up by many of the students...

The Annual Staff is working hard to get all their material ready for the annual and a good annual is anticipated. The preliminaries will be held the last Thursday and Friday nights in February for the selection of our debaters and declaimers to be represented in the County Meet.

Under the leadership of Ella Stanley and Miss Chambers the High School is developing a good orchestra. It plays for our school plays and entertainments. The boys are getting ready to begin their track work so that they will be ready for the inter-scholastic meet to be held the last of March.

We would like for more of our parents and friends to visit our schools and see what we are doing. We are proud of our schools and our teachers. Among the other things taught we have a course in fire prevention for the grade pupils which reduces the fire insurance about twelve hundred and fifty dollars a year in our town.

Next week a course of Safety will be taught in the grade schools. It is hoped that it will teach the pupils to be more careful and help avoid accident. Mr. Lebo is getting ready to give some short courses in poultry and dairying. These courses will be given at night. They offer a fine opportunity for the farmers in the country in receiving information on that line of work.

These courses will be given free of charge to any one that is interested. The Debating Society met last Thursday night in the High School auditorium. We are debating on the League of Nations and much interest is being taken in this work. Last Wednesday the Curtain Society gave an old-fashioned program. It consisted of a debate, some special music and a reading. We had with us the Senior Literary Society from Midway. The faculty was very glad to

have Miss Earst and her Literary Society with us and we hope that they will come to visit us again.

Wednesday afternoon Haskell High played Throckmorton at the ball park. There was a good crowd present and everybody was anxious for the game to begin. The girls played first. Many cheers rose from the side lines for both teams and each time they seemed to play harder than before. Luck was against us that afternoon and the score was thirty-four to three in favor of the Throckmorton team.

The Curtain and Bear Cat Society had a fine game of girls basket ball at the Ball Park Friday afternoon. The student body of the High School was well represented and everybody was very much interested over the game. Both societies played hard and when the scorekeeper said "Line up" the score was eleven to seven in favor of the Bear Cats. We were very proud of our Bear Cat girls but the Curtains wouldn't let us get the best of them just because they got whipped. They went through town shouting the victory as loud as the Bear Cats did.

The Curtain and Bear Cat boys played after the girls game was over. The score ran eleven to thirteen in favor of the Bear Cats. Yes, There is; Guess Its Name The teacher was trying to explain to her pupils the meaning of the word "perseverance". "What is it," she asked, "that carries a man along rough roads and smooth roads, up hills and down, through jungles and swamps and raging torrents?" There was silence, and then Tommy, whose father was an automobile dealer, spoke up. "Please, miss," he said, "there ain't no such car."

Winning Essay on Poultry Raising

In the essay contest conducted in connection with the One Day Poultry Training School which was held here Tuesday Feb. 12, Hugh Ratliff of this city was awarded first prize by the judges, and we give the winning essay below in full.

The essays which won second and third prizes will also be published in serial form, one each week following. Below is the winning essay:

"THE VALUE OF POULTRY RAISING"

There has been developed in America many different breeds of fowls. There are three distinct kinds of poultry-keepers. First: Farmers who keep small flocks for both eggs and meat. Second: City people who keep a few hens on the back lot for the eggs and occasionally for meat; and, Third: The commercial poultry man who keeps hens for the production of eggs for the market.

One great proof that poultry raising is valuable to the United States as a whole is: In 1912 the poultry products of the U. S. were greater than the total of wheat or potatoes. They were greater than the total hog or mule production and equal to two-thirds of the hay crop, to 70 per cent of the value of all milk cows, and to 73 per cent of that of all other cattle.

Poultry raising as a department of the farm can be successfully carried on in connection with orchards, as in corn or cotton or in fields where other large plants are grown, and in connection with pastures. Poultry have been turned into vineyards, after the crop is harvested and until the next year's blooming time. In these vineyards, the chickens devour bugs and other insects that destroy the bushes, trees and plants. In this way, surely the orchard and poultry are both benefited. The yield of the orchard will be greater and the chicken will lay more,

thereby making more money.

Poultry and dairying also go hand in hand. In the dairy there is usually much waste skim milk and at times buttermilk. Milk makes quick growth in chicks and is a good fattener for the hens. Therefore the poultry are benefitted and the milk is not to be wasted. The waste of foods from the table and kitchen is often sufficient to keep a dozen hens. On the average hundred-acre farm there is enough waste in yards and around the barn and nearby fields to more than supply one-half the food for fifty hens.

There is no branch of livestock that gives such quick returns as poultry. Poultry raising is a branch of livestock production that can be adapted both to men and women or to boys and girls. Modern facilities make the marketing very easy. According to the 1910 census the average income from poultry from each farm in the United States was \$92.39 and it is no doubt much more now. The New Jersey Experiment Station has shown that the farm income from poultry raising for capital invested and labor given was greater than for dairy, truck or general farming. Warren estimates that the amount of labor required to care for a family cow would amount to a man's work for fifteen days and a horse's for two days. Elliot and Brown estimate that the returns from this one cow would be approximately \$70.00. The North Carolina Experiment Station has found that 190 hens will require about eighteen days farm labor a year and two horse days and should bring in a net revenue of \$1.80 per hen or \$180.00 for the 100 hens. It requires about nine pounds of feed and twelve hundredths of an hour's labor to produce a dozen eggs. After reading these facts do you not think poultry raising is much more valuable than any other of the livestock or agriculture farms?

ceeded, and by December 31 Studebaker sales had passed 145,162—making 1923 the greatest year, by far, in Studebaker history.

BIG SOCIETY WEDDING WILL BE SOLEMNIZED IN MARCH

The wedding of Miss Dovie Frizzle Jiggs daughter of Mr. and Mrs. Jiggs (or Maggie and Jiggs) will be solemnized early in March.

This play will be given at the First Christian Church about the second week in March under the auspices of the Parent-Teachers Association to raise a fund with which to build sidewalks around the High School building and grounds.

The committee in charge has not been able to communicate with all the cast as given below, but it is hoped that each one assigned here will feel himself or herself drafted to a patriotic duty and help make the sidewalks possible. A suggested cast of characters follows:

Jiggs—Mr. F. L. Daugherty.
Maggie—Mrs. Tom Pinkerton.
Their Daughter, the bride—Miss Cahill.

The Groom—Mr. (a secret.)
Best Man—Mr. (a secret.)

BAPTIST HOLDING REVIVAL MEETING AT SEYMOUR

A revival at the Baptist Church in Seymour began Sunday February 3rd, with the pastor, Rev. J. R. Balch doing the preaching and Rev. H. D. Adair pastor of the Archer City Baptist Church conducting the song services. The revival began with unusual interest from the first and it is reported that many are converted in these services. Rev. Balch has been the pastor of this church for many years and he is a good man and great preacher and the people who know him best have full confidence in him and his messages carry with them convincing powers of honesty and truth.

R. J. Paxton and R. H. Davis made an automobile trip to Denton, Dallas, Fort Worth and other points, returning home Friday night.

SPELLING MATCH AND PIE SUPPER AT COTTONWOOD

A large crowd attended the spelling match and pie supper at Cottonwood Friday evening February 8th. The school children of Cottonwood spelled against the outsiders of that community, and school children and outsiders from Pleasant View and Weinert. There was good spelling on both sides, the match lasting an hour and a half. After reducing the number of his opponents from about twelve to three, Randolph Robertson, the last representative of the school, finally missed a word. All the visitors are invited to the other spelling matches to be held.

Immediately following the spelling, Mr. Hayden McDonald auctioned off two dozen pies to appreciative bidders. The sum of \$28.15 was taken in, and has been used to purchase a baseball outfit. Any good team is invited to come over and "take a chance."

INFANT SON OF MR. AND MRS. W. L. MOWERY DIES

The infant son of Mr. and Mrs. W. L. Mowery died Friday morning about four o'clock at the family home in this city and the body was carried to Fayetteburg that afternoon and buried Saturday in the Forestburg cemetery in Monroevue county. Only Mr. Mowery of the family accompanied the remains because of other illness in the family. The bereaved have the sympathy of our people in this sad bereavement.

Mrs. John Wilson and Mrs. McLeroy of Haskell were the guests of Mrs. F. A. Liville of north of town the first of the week.

Misses Tannie Hancock and Eunice Huckabee visited in Abilene a few days last week.

The Bear Cat teams lowered the Curtains last Friday when both the boys and girls teams defeated their rivals in a hotly contested basket ball game.

GAINES COUNTY FARM LANDS AT REASONABLE PRICES AND ATTRACTIVE TERMS

Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent. At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly payments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent. This is strictly a general farming country. Abundance of pure water, no boll weevil, and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 100 acre farm in one season. This is your opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act. Address W. A. SoRelle, General Agent, 14 Santa Fe Bldg., Seagraves, Gaines County, Texas, for terms of sale and descriptive folder.

game. The boys game can be called hotly contested, but this will not apply to the girls for they made a quick mop-up of the Curtain girls to the tune of 13-1. The boys ended with the score 13 to 11.

The much-debated question as to the stronger of the two societies in the athletic events was permanently settled when the four teams clashed here Friday. This will go down in the annals of both teams, and this day will be remembered.

The Bear Cats hold the last year's games by 27 to 12 and 33 to 18 and the football this year 14 to 0—and what else do they want? Now for the literary line. Well, if athletics can win the Bear Cats will walk in on the so-called David Goliath PUPUPILS.

History repeats itself. Freshmen come into the Haskell High School green, but when one is found willing to take on the airs of a leader he is sent out in four years a full-fledged Bear Cat, Athlete, Debater, and Declaimer. Selah.

STUDEBAKER SALES IN 1923 BREAK PREVIOUS RECORDS

Nineteen twenty-three was a banner year for the automobile industry in both production and sales of cars. Coming after the year 1922, which showed a remarkable improvement over the "off year" 1921, the increase in automobile business during 1923 is even more impressive.

Studebaker's record in making 1923 its banner year with the sale of more than 145,162 cars follows a series of phenomenal sales records. Each year for the past six years Studebaker sales have greatly exceeded those of the previous year.

Students of statistics will recall the story that 1921 told. In that year the sales of Studebaker cars were 29.4 per cent greater than in 1920, while the total number of cars sold of all other makes except Ford was 40 per cent less than in 1920.

Stated otherwise, Studebaker's ratio of sales in 1921 was 129 and the total of other makes except Ford was 90, as compared with 1920.

In 1922, therefore, Studebaker had the showing of a record year to surpass and plans were laid for a production of 100,000 cars, as compared with 66,043 in 1921. Even with this large increase in production, at no time was Studebaker able to supply the demand for its cars. 110,269 cars were produced and sold during 1922, an increase of 65 per cent over 1921 which up to that time was the greatest year in the history of Studebaker.

The increasing demand for Studebaker cars continued in 1923. By the end of August, the 1922 record was ex-
