THINK SILVERTON!

THURSDAY, JANUARY 2, 1986

VOLUME 78

NUMBER 1

All Around
The Town

BY MARY ANN SARCHET

This holiday season has been one of the most hectic ever, with Christmas and New Year's Day falling on Wednesdays—our normal day for printing the Briscoe County News. Because of this, our past three issues have been printed early and we are sure that this has been the source of some inconvenience to those who had news or advertising for the paper.

After this week, we hope to be able to return to the regular Wednesday morning printing time.

We enter 1986 with a great deal of apprehension and some fear. This is the first time we have approached the future in this state of mind, but with a great number of farm foreclosures by FmHA looming on the horizon, we have very little reason for optimism.

We have said many times that we just can't afford to lose any more customers, but already Carman Rhode has announced plans to move his Rhode Pipe Company office to Lubbock. Archie Castleberry has moved from Amarillo to Lufkin. Both Mr. Rhode and Mr. Castleberry have had long-time standing ads in your hometown newspaper and both have been cancelled.

Probably these are just the first of a whole succession of changes. We may be forced to make radical changes, too; but for as long as we can, we plan to sit tight and share the pain of our friends who are also being hurt.

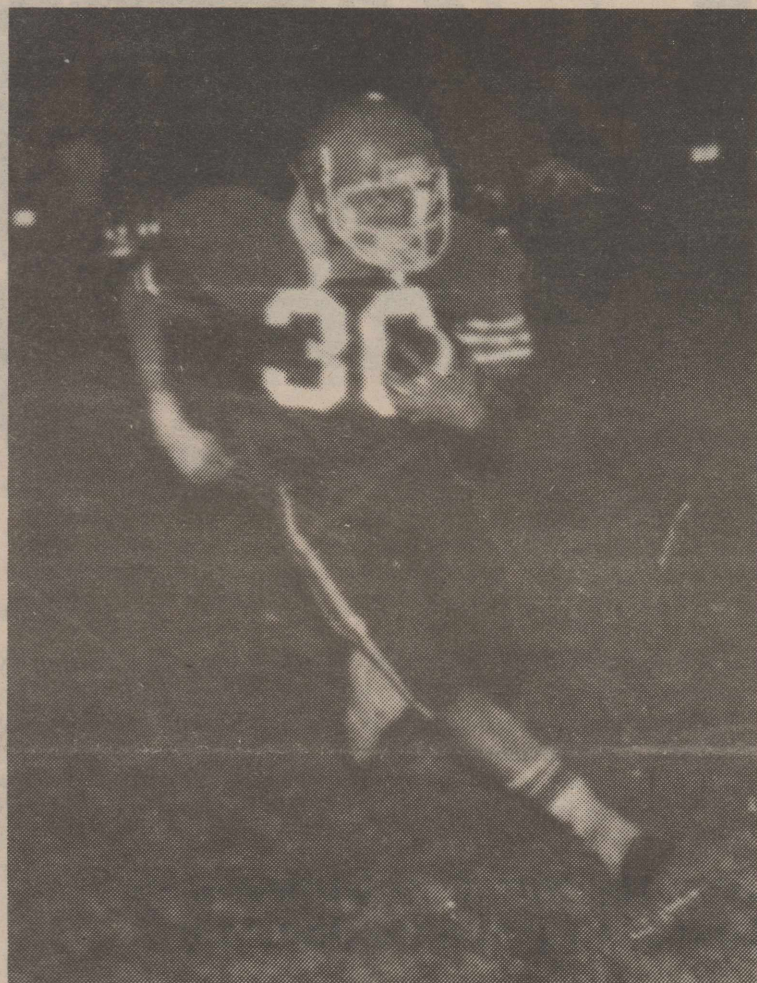

Livestock Board To Have Important Meeting Tuesday

The Briscoe County Livestock Board will meet at 7:00 p.m. Thursday, January 9, in the Pioneer Room at First State Bank in Silverton to plan donations, etc.

This is the most important meeting of the year, and everyone interested is urged to attend.

Mr. and Mrs. Bob Olive, Mr. and Mrs. Steve Olive, Jenny and Lee Ann of Petersburg visited Betty Olive December 21.

When Halley's Comet next returns in March 1986, International Wildlife magazine reports it will be intercepted by a spacecraft that will, for the first time, photograph the comet's nucleus.

RUSSELL SIMPSON

Simpson Named G-N Six-Man Player of Year

Russell Simpson recently was named as the Six-Man Football Player of the Year by the Amarillo News-Globe.

In bestowing the honor, the newspaper wrote "Simpson sparked Silverton into the playoffs for the first time in school history. The Owls' 9-3 record was the school's third winning season. At running back, he gained 1,345 yards on 180 carries (7.5 yard average) and scored 22 touchdowns. At outside linebacker, Simpson recorded 97 tackles, two interceptions (one returned 27 yards for a touchdown against Higgins in bi-district play) and two fumble recoveries.

"In our last six, seven ball-games, he started running with a lot of determination," Silverton Coach Jack Shely said, "and he really carried us. He did a good job of blocking (teammate Todd Reagan gained more than 700 yards rushing this season). Defensively, he covered all over the field. Overall, he was our team pretty much offensively." Simpson's season ended disastrously, as he suffered a cracked vertebra in a quarterfinal loss to eventual state champion Jayton."

Elizabeth Miller and Nikki of Iowa Park visited Betty Olive December 20.

D. G. Noble, General Manager of the John Deere Company of Dallas, Texas, presents a plaque to Mr. and Mrs. Gerald Smith and Mr. and Mrs. George Reed, signifying that Smith and Reed are members of the Manager's Club, an honor bestowed on the top 15 agricultural dealers in a six-state area.

Marketing Meeting Being Planned

All farmers and ranchers are invited to attend a marketing meeting from 9:30 a.m. until 4:30 p.m. Tuesday, January 7, at the Swisher Memorial Building on Highway 86 in Tulia.

The meeting is being sponsored by the Briscoe and Swisher County Extension offices.

The morning program will be conducted by Dr. Jackie Smith, Extension economic specialist, and will consist of an introduction to options and futures, as well as cash contracting. This will be very informative because cash flow planning at this time of year is very helpful.

Dr. Smith will also have available a display of Extension computers and software relating to all phases of agriculture.

The noon meal will be provided by program sponsors.

The afternoon program will be conducted by Don McCasland, owner of the Wheeler Feed Yard. He will speak on how he uses options, futures and cash contracting in his livestock program. He will show how he uses these in making decisions in cash flow planning.

Those who plan to attend are asked to make a reservation by contacting the County Extension

Office by 12:00 noon Monday, January 6. There will be no charge for the program and meal.

Jones Dept. Store Sold Last Week to Rex and Mary Tiffin

In a joint statement this week, Troy and Marge Jones and Rex and Mary Tiffin announced the change of ownership of Jones Dept. Store, effective December 27, 1985. The store is now operating as Tiffin Dept. Store.

Mr. and Mrs. Jones said they "wish to thank each and every person for their friendship, many acts of kindness, and last, but not least, for your patronage during the many years we have been privileged to live and serve in this community."

Mr. and Mrs. Tiffin are extending an invitation to each and every one to come in at your earliest convenience to shop and visit. "We are anxious to serve your every need," they said.

A grand opening sale will begin at 9:00 a.m. Thursday, January 2, 1986.

**Annual Irrigation Conference
Slated in Amarillo January 9**

The latest wrinkles in an old concern of area farmers and ranchers will be examined January 9 during the annual High Plains Irrigation Conference.

Farmers, ranchers, scientists and educators will share their experience and research on an issue which has been of vital importance to area producers for several decades: effective and efficient use of water.

The conference, sponsored by the Texas Agricultural Extension Service, will be held at the Texas A&M University Agricultural Research and Extension Center, 6500 Amarillo Boulevard West, in Amarillo. Registration will begin at 8:30 a.m.

The conference is focused upon needs expressed by producers, said Leon New, Extension agricultural engineer and irrigation specialist. He is conference coordinator.

"One of the high points of this conference every year is the panel discussion by a group of producers," New said. "They tell what they've been doing in irrigation, what has worked and what hasn't, and problems and needs they've found."

This year's panelists will be Wes Spurlock of Stratford, Lyndon Wagner of Bushland, and Dale Coleman and Harold Grall of Dumas.

Paul Gross, Panhandle District Extension director, will report on field tests that help producers make sound irrigation decisions.

Dr. Steve Amosson, Extension economist and management specialist, will present economic evaluations of furrow and center pivot systems.

**Teams Playing In
Claude Tournament
This Weekend**

Both the Owls and Owlettes will be playing in the Claude Tournament this weekend. First-round opponent for both teams will be Stinnett, with the girls playing at 4:00 p.m. followed by the boys at 5:30.

"The 1985-86 Silvertown Owls basketball team is composed of a combination of dedication, desire

and a sense of pride in accomplishing our goal of this season which is to become a representative in the playoffs," said Coach Bob Loy. "We are constantly overcoming the mistakes that have plagued us in our past games and when this is achieved we will have become the caliber of team that we know we can be."

The Owls lost a pair of pre-Christmas games, the first to Spur on December 17 by a 63-47 margin. The Owls were led in scoring by Scotty Harris with 21 points followed by Cal Brannon with 10.

The Owls lost a narrow one-point game, 45-44, to Groom on December 20. The Owl scoring was led by Jeff Wheeler with 13, followed by Scotty Harris with 11 and Cal Brannon with 8.

Stark-Martin Vows Exchanged Saturday Afternoon at Claytonville Church

Claytonville Baptist Church was the setting for the double-ring ceremony which united in marriage Miss Angela Grace Stark of Claytonville and Mitchael Ray Martin of Silverton at five o'clock in the afternoon on Saturday, December 28. Performing the ceremony was Rev. Dennis Williams, pastor.

Parents of the couple are Mr. and Mrs. Rickie Stark of Claytonville and Mr. and Mrs. A. R. Martin of Silverton.

Given in marriage by her father, the bride chose a carpet-length gown of candlelight silk chiffon and re-embroidered Alencon lace. The fitted lace bodice was embroidered with seed pearls and crystals, fashioned with a wedding ring collar. The long double shadow sleeves of chiffon ended with wide lace and pearl cuffs. Her full chiffon skirt swept into a chapel-length train. A matching picture hat of lace, beads and chiffon was accented with three cabbage roses in the back that fell into three floor-length panels. She carried a cascading bouquet of red roses, ming fern and gypsophila. Something borrowed was a diamond bracelet from a friend, Mrs. E. P.

Stewart of Tulia. Something new were her diamond and ruby earrings, a gift from the groom. Something old was a handkerchief belonging to her great-great-grandmother. She added the traditional touch of blue and put a penny in her shoe for good luck.

Vows were exchanged in a Christmas setting of red poinsettias and a large Christmas tree trimmed with the bride's chosen colors of red and silver. Twin spiraled candelabra holding red tapers flanked the altar. The choir rail was built up with greenery, accents of red and votive candles. Each pew was marked with greenery, red and silver bows.

The bride's attendants were Mrs. Gary Nelson of Tulia as matron of honor; Mrs. Scotty Roberts of Lubbock and Miss Michelle Stark of Claytonville, sister of the bride, were bridesmaids. They wore tea-length gowns of red satin with red sheer overskirts and ribbon ties at the natural waistlines. Self-ruffles encircled their shoulders coming to a deep V in the back. They carried bouquets of red carnations and baby's breath tied with silver bows.

Flower girls were Tyneal Simon of Lubbock, cousin of the bride, and Leah Whitfill of Hereford, niece of the groom. They wore street-length candlelight dresses of lace with red bows at the dropped waistlines. Ring bearer was Cody Whitfill of Hereford, nephew of the groom.

Best man was A. R. Martin, father of the groom. Groomsmen were Scotty Roberts of Lubbock and Bob Arnold of Silverton. Ushers were Gary Whitfill of Hereford and Wayne Cartrite of Dumas, brothers-in-law of the groom, and Blake O'Donald of Clyde.

The bride's mother chose a street-length dress of red chiffon. The groom's mother chose a blue polyester street-length dress for the wedding. Each wore a white orchid corsage.

Music was provided by Mrs. Carol Stark of Tulia, pianist, and soloist, Travis Thornton of Plainview, who sang "Annie's Song," "The Wedding Song" and "The Lord's Prayer."

RECEPTION

A reception followed in the church fellowship hall. The bride's table was covered with a candlelight floor-length cloth accented with red ribbon. The centerpiece was red carnations and votive candles. The three-tiered wedding cake was served by Miss Amy Morris of Tulia and the punch was poured by Miss Kenee Littlefield of Tulia. An antique Depression Glass knife was used to cut the cake.

The groom's table was covered with a red cloth and featured a silver coffee service and a chocolate horseshoe-shaped cake which was served by the groom's sisters, Mrs. Wayne Cartrite of Dumas and Mrs. Gary Whitfill of Hereford. Reception assistants were Mrs. Harvey Foster, Mrs. Boyd Young, Mrs. David Finch, Mrs. Glenn Mahagan and Mrs. Ireno Baeza.

Red satin roses filled with birdseed were distributed by Miss Lacy Simon of Lubbock, cousin of the bride. The roses were made by the bride's maternal grandmother, Mrs. L. R. Alsop of Gravette, Arkansas and Mrs. E. P. Stewart of Tulia, and were arranged by Mrs. Glenn Mahagan.

The bride is a 1983 graduate of Tulia High School. She attended Texas A&M University and is presently a junior at Texas Tech University, majoring in agriculture education. She is active in the Collegiate 4-H Club and was a member of the Saddle & Sirloin Club at Texas A&M. She is employed by Texas Tech in the Range & Wildlife Department.

The groom is a 1983 graduate of Silverton High School, attended TSTI at Sweetwater, and is employed by Pitney-Bowes in Lubbock.

After a honeymoon trip to Las Vegas, Nevada, the couple will be at home in Lubbock where the bride will continue her education. For traveling the bride chose a

grey two-piece dress and added a red carnation corsage.

REHEARSAL PARTY

The groom's parents were hosts for the rehearsal dinner held in the church's fellowship hall Friday night. The meal was catered by Calvin Shelton of Silverton.

BRIDAL COURTESIES

The bridesmaids' luncheon was held at the Tulia Country Club December 27. It was hosted by the bride's great-aunts, Mrs.

James Vineyard and Mrs. Argel Stark, both of Kress, and a cousin, Mrs. Scott Burrow of Tulia.

Bridal teas were held in the home of Mrs. Kenneth Littlefield of Tulia and at the Pioneer Room of the First State Bank in Silverton.

Two Elected To John Deere Company's Manager's Club

Gerald Smith and George Reed, owners of Briscoe Implement, Inc., the John Deere dealership in Silverton, have been elected to the Manager's Club of the John Deere Company of Dallas.

Membership in the club means D. G. Noble, manager of the Dallas Branch of John Deere, has recognized Smith and Reed's dealership as one of the top 15 agricultural dealers in the branch territory which embraces Texas, New Mexico, Arizona, Arkansas, Louisiana and Southern California. Selection to the Manager's Club is based on superior performance in all phases of the dealership's operations. Members such as Smith and Reed must be fully committed to quality service and customer satisfaction.

Mr. and Mrs. Smith, Mr. and Mrs. Reed and the other fourteen new members of the Manager's Club and their wives were treated to a weekend in Dallas. The highlights of the weekend included attending the exciting Dallas Cowboy football game win of the Eastern Division Championship and a banquet sponsored by D. G. Noble and the John Deere Company of Dallas.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship.

Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.

Public Notices

Renditions and exemption applications are being mailed to taxpayers in January.

Carlye Hill, chief appraiser, urges all taxpayers please to complete the forms and return them to the tax office either by mail or by coming into the office.

She states that according to law, it is the responsibility of all taxpayers to file renditions annually. This keeps the records correct and you from being taxed for items which you may have sold or no longer have.

Exercise in 1986 can save your life—but it needs to be the right kind of exercise.

Many of the most popular exercises sometimes have all-out bursts interspersed with rest periods that really don't do much to strengthen the heart and the circulatory system.

Exercises that involve the large muscles of the legs and trunk in a rhythmic, sustained activity, act as a secondary pump in circulating the blood, thus aiding the heart in its work. One of the best exercises of this type is a brisk walk.

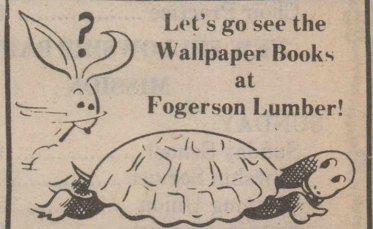

Heart attacks strike when the heart muscle is starved for oxygen. "Aerobic" exercises (such as brisk walking) means literally, "with oxygen"; daily aerobic exercises over several months produces a marked increase in the amount of oxygen that can be utilized during maximum physical stress—plus it is an effective way to lose weight!

Carlton Magee, editor of an Oklahoma City newspaper, devised the first parking meter in 1933.
