All Around
The Town

BY MARY ANN SARCHET

PRIDE IN OUR TOWN

Are you proud of your hometown? Do you want to try to make it a better place?

During this sesquicentennial year when we are celebrating Texas' 150th birthday, it would be most appropriate to give ourselves a gift.

"What can I do?" you ask. Well, let's step outside ourselves and look at things with a critical eye.

The alley behind your home or business would be one place to look. Has it grown up in weeds? Is there junk piled there? Have things fallen or blown out of your trash barrel?

If the answer is yes, roll up your sleeves and get to work. Clean it up, haul it off!

Look at the yard that surrounds your home or business. Are you keeping it as well as you could? It's a lot of work, but if extra effort is needed, roll up your sleeves and get after it!

Step out in the street and look at your home or business. Does the building or trim need painting? Are repairs needed? If so, get out your paint brush, hammer and whatever other tools are needed and get after it!

Are there weeds growing up through the sidewalk or around the utility pole? Get out your hoe!

Is there a junk car that you don't need cluttering your home or business? Haul it off!

And if you have an unsightly problem that you really can't cure, why not screen it from public view with shrubs?

If we want new people and new businesses to come to our town, we need to "get with" a beautification project.

How does our town look to people passing through? Is its appearance good enough to make them want to stop and eat or buy gas? If they do stop, are we friendly enough to make them want to return?

We've got to make them like us on our first meeting if we have a chance for them to return!

Memorial Service Planned Monday

A Memorial Day service will begin at 10:00 a.m. Monday in the Silverton Cemetery.

Beneficial Rain Falls On Area

A beneficial rain was accompanied by some hail and a couple of tornadoes southwest of Silverton last Friday. When the rain ended Saturday night, it had left 1.68 inches of badly-needed moisture in the rain gauge of Fred Strange, who records the official measurement for the city.

Tornadoes traveling on the ground were reported south of Rock Creek and also in the Vigo Park area in Swisher County. No serious damage was reported from the tornadoes or from the hail that accompanied them.

In Silverton the hail was very light and did not seem to damage young plants.

THEY GAVE THEIR LIVES TO PRESERVE YOUR FREEDOM

We are inclined to take for granted the many forms of freedom which we enjoy in this country, perhaps because we have never been forced to live without them; and yet we must remind ourselves of the sacrifices that have been made in order to preserve them for us, by those who were called upon to give their lives in battle. Not only on Memorial Day but throughout the year we should honor those brave heroes, and give our thanks to God for this wonderful free nation we have because of them.

Memorial Day Begins Summer Vacation

Memorial Day is the beginning of summer vacation. Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, said, "There will be more vehicles on the roadways in Texas because there is more leisure time while children are on vacation."

One speeding driver can wipe out an entire family during these crowded conditions. When speed is mixed with alcohol, the results are fatal. Therefore, troopers will be on the lookout for hazardous violations over the Memorial Day weekend in an effort to prevent the loss of life on Texas highways.

Major Cawthon urged drivers to exercise caution during the upcoming holiday weekend and

throughout the summer.

Cawthon said, "Remember to buckle up, as it is the best life insurance a motorist can get because the potential for additional fatalities during any holiday weekend is great and we must adjust our driving habits and attitudes accordingly."

During the vacation season, more motorists will be exposed to highway driving hazards. Heeding the traffic laws, wearing seat belts, and staying alert for drunk drivers is the best defense for avoiding an accident.
