VOLUME 78 NUMBER 35

All Around
The Town

BY MARY ANN SARCHET

In our neighborhood, we are having a problem with kids with B-B guns. They are killing robins, mockingbirds and other protected species, which is against state law, and if their parents don't educate them as to what kind of birds they can and can't legally shoot, they could find themselves with problems with one of the game wardens. Monday they killed a bull-bat.

The only birds that are not protected by state law are European starlings, English sparrows, feral rock doves (pigeons), grackles, ravens, red-winged blackbirds, cowbirds and crows. To avoid possible prosecution, hunters should not shoot at or kill any species not listed in the 1986-87 Texas Hunting Guide as a game bird. (The hunting guide is available at the County Clerk's office.)

The kids who are killing the songbirds have been asked not to do this, several times in fact. Sometimes they shoot into the yards of those who have asked them not to shoot the birds.

If you have a kid running around town with a gun, you'd better sit down and have a talk with him about this. It could save some problems down the road.

Kindergarten Parents To Meet Friday

Kindergarten parents are being asked to meet between 2:30 and 3:00 p.m. Friday in the kindergarten classroom for orientation.

They will be asked to sign-up to furnish snacks for the class.

Silverton Fans Invited To Join Floydada For Trip To See Cowboys

Floydada Chamber of Commerce is sponsoring a trip to see the Dallas Cowboys play the St. Louis Cardinals October 25-26. The package is \$250 for two people.

For further information, contact the Chamber of Commerce office, 983-3434 or 983-2385, or write Box 147, Floydada, Texas 79235.

Name Omitted

Alison Grimland's name was omitted from the list of those who helped with the homecoming.

High School To Register Friday

Students in grades 9-12 will register Friday, August 29, in the school library, with the following schedule announced by Silverton School Principal Leonard Morgan: seniors, 9:00 - 10:00 a.m.; juniors, 10:00 - 11:00 a.m.; sophomores, 11:00 a.m. - 12:00 noon; freshmen, 1:00 - 2:00 p.m.

School will open Tuesday, September 2. New students will need to register in Mr. Morgan's office before 8:20 a.m. that day for grades one through eight. You will need to bring your birth certificate, immunization record and permanent record from your previous school. All students should be in their classrooms at 8:20 a.m. and will be counted tardy after 8:25 a.m.

Kindergarten through grade three will be dismissed at 3:00 p.m., and all students who live in town must be picked up at that time. There will be a bus recess only for the students who ride a bus. Buses will run at 3:45 p.m.

In order to have a perfect attendance record for the school term, you must not miss more than 25 minutes of any one school day. Three tardies also equal an absence.

Teachers are expected to be at school at 8:00 a.m. each day. Please do not allow your children to arrive at school before 8:00 a.m.

Remember the traffic law as it applies to school buses. You must stop anytime a bus is loading or unloading students.

Free lunch applications will be available in the classrooms. If you were on free or reduced-price lunches this past school year, you may eat a few days on last year's application. All applications must be turned in by September 8, or students will have to pay for their lunches.

The Silverton Public School serves nutritious meals every school day. Students may buy lunch for 75c and breakfast for 35c.

Children from families whose income falls within the level shown on the accompanying scale are eligible for either free meals or reduced-price meals priced at 40c for lunch and 30c for breakfast.

To apply for free or reduced-price meals, you may fill out an application that is available in the school office, and return it to the school. Please answer all questions on the form. An application which does not contain the

Perkins Receives Masters Degree

Tommy Perkins, Odessa, Ector County Extension Agent, received his master of agriculture (M.A.G.) degree from West Texas State University, Canyon, in ceremonies held August 16, 1986.

Among those attending the ceremonies were his wife, Lou; his parents, Thomas Lee and Rosemary Perkins, Silverton; Sue Phillips, Dimmitt; Roy Dean and Rose Lee McCoy, Ashley, J. C. and Kayla Rose, Happy; Walter Perkins and Lori Clay, Lubbock.

CORRECTION

It was reported in last week's Briscoe County News that the Progressive Homemakers won second place in the celebration parade with their float. In fact, they won first place and the Tulia Chamber of Commerce won second place.

This error is regretted very much.

several years has been conducted primarily to control coyotes in Briscoe County. Participating farmers and ranchers have cooperated with the Commissioners to hire a qualified trapper each year. The county has also been working jointly with Floyd County to hire one man to work both counties.

The cost for the previous years has been \$400.00 per county to work with the Texas Predatory Animal Control Board, administrator of the program. In Briscoe County, the Commissioners provided \$100.00 and supporting farmers and ranchers contributed \$300.00 by donation only.

The program will cost \$450.00 per month in 1986-87, due to increased budgetary problems at the state level.

The Briscoe County Commissioners are inviting all interested citizens to attend the public meeting at the courthouse at 9:30 a.m. Monday, September 8. This will be held just prior to the regular meeting of the Commissioners' Court.

Purpose of the meeting will be to discuss whether or not Briscoe County will participate in the program in 1986-87.

For more information on this matter, interested persons are urged to contact their respective County Commissioners or County Extension Agent Dirk Aaron, 823-2343.

New Program Can Help Businesses

Spurring economic growth from within this area is the goal of an extensive new program being developed by Southwestern Public Service Company (SPS).

Within the next two weeks, many industries throughout the SPS service area will be receiving a survey designed to provide a base of information about the needs and the services of these firms. Chambers of commerce and development foundations are involved in the program. Rural electric cooperatives who purchase wholesale power from SPS will be seeking participation from their customers.

"The idea is to help cross-match firms in this area with other firms in this area with whom they can do business or otherwise cooperate," said Gary Gibson, vice president of marketing at SPS. "We want to keep dollars and jobs from going outside this region when they don't have to. Working together we can help existing industry spark the internal growth that our area needs, especially now."

Nationally, 85% of new jobs are created by existing businesses that expand locally, Gibson said.

"The more firms that participate in this survey, the greater good it can do—for those firms and for their employees and communities," he said.

SPS provides electric service in a 52,000-square-mile area comprising the Panhandle and South Plains of Texas, much of Eastern New Mexico, the Oklahoma Panhandle, and southwest corner of Kansas.

Our region has a lot of firms—big and small—who may discover with the help of this survey that the markets or services they need are in their own backyards, or not far from it, Gibson said.

The survey asks for information about products, services, employment, transportation and other vital factors, Gibson said. The information about specific firms will be kept in strictest confidence, he said. Great care will be taken that potential competitors do not become

3. Social Security numbers of all household members 21 years old or older or the word "None" for any household member who does not have a Social Security number. 4. The signature of an adult household member.

The information on the application will be checked by the school or other officials during the school year.

If your child is approved for meal benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

You may apply for benefits at any time during the school year. If you are not eligible now but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

If you have foster children living with you, they may be eligible for these benefits. If you

are aware of details that another firm does not want to be known.

"We're not trying to get into the details of everybody's business," Gibson said. "If we find an opportunity for growth or cooperation, we'll let both parties know that it exists and then step back, letting them carry forward as they wish."

This program is one of many in which SPS is involved that encourage economic growth. The company also works with local chambers of commerce and other organizations to attract outside industry to the region.

wish to apply for these benefits for them, please contact the school and they will help you complete the application.

Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D. C. 20250.

If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You will also have the right to a fair hearing. This can be done by calling or writing Superintendent O. C. Rampley, Box 597, Silvertown, Texas 79257, (806) 823-2476.

The information you provide will be treated confidentially and will be used only for eligibility determination and verification of data.

If you have any questions or need help filling out the application form, please contact Principal Leonard Morgan at (806) 823-2476.

STELLA CEARLY

Graveside services for Mrs. Stella Cearly, 84, will be conducted at 11:00 o'clock this morning (August 28) in the Silvertown Cemetery, with the Rev. Dick Hatfield, pastor of the First Baptist Church in Silvertown, officiating.

Burial arrangements are being made by Schooler-Gordon Funeral Directors.

Mrs. Cearly died Monday night at the Lockney Care Center where she had resided since breaking her hip in a fall at her home here about the first of August. She had been in failing health for many months.

She was born March 16, 1902 in Tennessee, and married Clyde Cearly in 1952 in Clovis, New Mexico. He died in 1960.

She had lived in Silvertown since 1960 and was a member of the First Baptist Church.

Survivors include a son, W. D. Graves of Gravette, Arkansas; two daughters, Lessie Lee Baird and Odella Stidham, both of Silvertown; a brother, Sam Payne of Phoenix, Arizona; a sister, LaVerne May of Deming, New Mexico; 11 grandchildren and 21 great-grandchildren.

Grandsons will be pallbearers.

Lois Nance, a committee member who works with the Panhandle Area Agency on Aging,

will be working with committee members Lottie Garrison, Jackie Mercer, Johnnie Morrison and Janice Henson to complete plans for these programs in Silverton and Quitaque.

The recent Home Economics Task Force identified Family Economics, Family Stability and Family Health and Nutrition as priority issues of concern to county families and the committee will be planning educational programs in these areas for 1987.

If there are topics individuals would like to have presented in public or club programs, they should contact chairman Jackie Mercer or County Extension Agent Lynda Fogerson at 823-2343.

Promotions Announced At Petroplex Savings

Following the August meeting of the board of directors, Petroplex Savings President and Chairman of the Board Fred. C. Homeyer announced the following officer promotions in Midland: Betty L. Seay to Senior Vice President/Treasurer; Judy Baggett, Rosemary Bromley and Nancy Cast to Vice President, and Sherry Jacobs Doss to Assistant Vice President.

Mrs. Doss is the daughter of Gladys and J. R. Steele, Silverton. She joined Petroplex Savings in September 1983 and has been head of the Customer Service Department for the past two years. As Assistant Vice President, Mrs. Doss will also supervise the receptionist and telephone switchboard operator, purchase printing and supplies and direct the mailing of monthly statements to customers.

A member of American Bank Women, she has completed Am-

erican Institute of Banking courses in negotiable instruments and attended safe deposit and check pricing seminars.

The mother of two daughters, she is married to Darrell Doss.

son, Thomas Daniel, born Monday, August 18, at 8:17 a.m. He weighed seven pounds and twelve ounces, and was 21 1/4" long.

He has a sister, Ashley Elizabeth.

Grandparents are Mr. and Mrs. H. A. Arnett of Wimberly and Josephine Anderson of Silverton.

Mrs. Doyle (Merlene) Stephens attended a training class for recertification as a volunteer for Reach to Recovery, a free patient service of the American Cancer Society, in Lubbock Friday and Saturday of last week.

Mr. and Mrs. Charles Sarchet spent the weekend in Lubbock visiting Mr. and Mrs. Ken Sarchet, Brandon, Jordan and Molly, Mrs. Elizabeth Skelton and Cynthia Cruce. Brandon returned home with his grandparents to spend the last week before school starts.

CLASS OF 1936 AND FRIENDS: [seated, left to right] Mozell Stodghill Purcell, Anna Lee Anderson, Fern Murphy Pearce; [second row] Emery Mills, Harley Redin, Mazie Allard Lee, Blanton Garrison, Anis Fowler Mace, Wynona Bomar Lyde, Wilma Dickerson, Oma Lee Mullis Lowery, Genella Fort Holcomb, Willie Mae Lanham Schnaible; [back row] Virgil Crow, Billie McDaniel, Oneta Stodghill Sanders, Hazel Elliston Hoyt, Jack Blocker, Mary Ann Fortenberry Tucker, Mary Dee Mercer Minyard, J. W. Foust, John White, Gaynelle Douglas McWilliams, James [Cranberry] Allred, Gladys Smithee Strickland and Chester Strickland. All living members of the class except one were present for the reunion, even though not all of those attending were in this picture.

Class of 1936 Has Luncheon, Meeting Here

The Class of 1936 of Silverton High School began its 50-year reunion by attending the program at school and following it with a luncheon served by the Methodist ladies Saturday at the First United Methodist Church. Chester Strickland was the main speaker and the program honored former teachers.

Master of ceremonies was Harley Redin and the invocation was given by J. W. Foust. Blanton Garrison gave the introduction of teachers.

Wilma Dickerson presented "Looking Back" and Mozell Stodghill Purcell gave a program in memory of the class members who have passed away.

The reunion continued Saturday afternoon in the Pioneer Room at the First State Bank with visiting, refreshments and looking at old photographs which had been blown up to poster size.

Drivers Cautioned As School Opens

Last year in Texas there were 1,228 accidents involving school buses, with seven fatalities and 323 non-fatal injuries. Schools are about to open again, and drivers are once more being cautioned to be unusually attentive in and around school zones and school buses.

An increasing problem in recent years has been drivers who either ignored or were unaware of the law restricting vehicles from passing a school bus while the bus is loading or unloading children. Children often cross the street in front of the bus, and a car that's trying to pass may not see them coming.

The problem became so bad two years ago that the Texas Legislature considered requiring buses to have mechanical arms at the driver's window that would extend into the traffic lane while the bus is stopped. At present, buses in Texas have flashing lights at the front and back of the vehicle when stopped, as well as signs noting that vehicles are required to stop for the buses.

To emphasize the importance of stopping for these buses, the State Department of Highways and Public Transportation has produced public service announcements with Texas singer-songwriter Jerry Jeff Walker as its spokesman.

Walker, the 44-year-old author of the classic, "Mr. Bojangles," believes in the message he offers in the television commercial.

"It's important to note that stopping for those flashing red lights is not just a courtesy, it's the law," Walker said. "That means stopping whether you're behind the bus or approaching it from the other lane."

The law states: "The driver of

a vehicle upon a highway inside or outside a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose

Vacation Is Almost Over For Children

Vacation is almost over for the children. This means "Back to School." For the motoring public this means we should prepare ourselves for the Back-to-School traffic.

Major V. J. Cawthon, Regional Commander of the Texas Department of Public Safety in Lubbock

of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said school bus a visual signal such as specified in Section 124 of the Act, and said driver shall not proceed until such school bus resumes motion or is signaled by the school bus driver to proceed or the visual signals are no longer activated. A violation of this subsection is punishable by a fine of not less than \$50 nor more than \$200."

In addition to Walker himself, his daughter Jessie, son Django (named for 30's-era jazz guitarist Django Reinhardt) and 10 other children from the Austin area took part in the PSA production. The Austin Independent School District supplied a brand-new bus for the spots.

said, "Every year as school starts we have a rash of accidents caused by drivers not watching out for children on their way to and from school."

"When you see children walking on the side of the road or waiting for a school bus, reduce your speed in case a child darts into the street in front of you. When children get together they tend to get excited and even though they know better, will run into the street without looking," Major Cawthon explained.

Whether meeting or following a school bus, state law requires all drivers to stop and remain stopped when the bus has activated its alternating flashing red lights while loading or unloading children. You cannot start again until the flashing red lights are no longer activated or the bus driver signals you to proceed.

"Be especially watchful in school zones as this is where students will be congregated. Extra effort on a driver's part will pay off in preventing traffic accidents in these areas," advised Major Cawthon.

Mrs. Herbert Carl Baird

Gill-Baird Vows Exchanged In Formal Double-Ring Ceremony

Miss Tracy Gill of Fort Worth, daughter of Mr. and Mrs. John Gill of Silverton, and Herbert Carl Baird of Arlington were united in marriage on Saturday, August 23, 1986 at four o'clock in the afternoon in a formal double-ring ceremony at the First United Methodist Church in Arlington. Parents of the groom are Mrs. Desaree Baird of Albertville, Alabama and the late Maxie Baird.

Dr. Don Pike, minister of the First United Methodist Church in Arlington, performed the ceremony.

With palms and tiered candelabra flanking the altar, the bride was given in marriage by her father.

She wore a gown of white satinessa trimmed with Venise lace and pearls. The bodice was created with off-the-shoulder styling with full pouffed sleeves trimmed with Venise lace flowers and pearl loops. The bodice was overlaid with silk Venise appliques embroidered with seed pearls. The full skirt was edged with three wide ruffles with edges of narrow Venise lace. At two points in the front and three

points in the back, the rows of ruffles were swept up to a point where a Venise flower applique made a pick-up effect. The train swept to cathedral length. Her profile hat was covered with Schiffli embroidery and Venise lace, and was embroidered with seed pearls. A narrow ruffle of crystal organza extended just over the brim. Silk flowers enhanced the turned-up brim on one side. A pouf of illusion at the back of the hat and a fingertip veil of illusion edged with pencil stitching completed her ensemble. She carried a cascade of white sweetheart roses and rosebuds entwined with stephan-

otis and English ivy.

Mrs. Brett (Judy) Gill of Silverton served her sister-in-law as matron of honor. Bridesmaids were Misses Kara Copeland of Lubbock and Colleen Hutsell of Alva, Oklahoma. All three were attired in identical ball-length mallard blue matte taffeta gowns styled with fitted bodices. The sweetheart necklines made low circles in the back. Full, pouffed sleeves gave an off-the-shoulder effect. The waistlines were accented by narrow self sashes and fell into full A-line skirts. They carried pink silk organza parasols trimmed with candy pink rosebuds

entwined with mallard blue ribbon.

James Hutcheson of Atlanta, Georgia served as best man. Groomsmen were James Baird, brother of the groom, of Memphis, Tennessee, and Cris Gill, brother of the bride, of Fort Worth.

Ushers were Kris Landreth and Guy Garner, both of Arlington. Master Christopher Baird of Birmingham, Alabama served as ring bearer for his uncle.

Harp selections were played by Miss Felice Franks of Fort Worth, cousin of the bride. A duet, "The Wedding Song" by Paul Stukey, was sung by Miss Franks and Eber Gill of Silverton, brother of the bride.

Organist Kathleen Smith of Arlington played traditional wedding selections.

RECEPTION

A reception was held in Vandergriff Fellowship Hall of the church following the wedding. Mrs. Cris Gill of Fort Worth, sister-in-law of the bride, registered the guests.

The bride's table was covered with a pink cloth and was centered with a pink and peacock blue floral arrangement. The three-tiered wedding cake had a floral top of mallard blue and candy pink roses. Strawberry punch was served from a crystal bowl. Celia Franks of Fort Worth, cousin of the bride, and Michelle Hardee of Dimmitt, cousin of the bride, presided at the refreshment table.

The groom's table was covered with a peacock blue cloth. The centerpiece was hurricane candles in mallard blue, and the cake was a chocolate confection with chocolate curls. Coffee was poured from a silver service. Presiding at the groom's table were Mrs. Eugene Baird of Birmingham, Alabama, sister-in-law of the groom, and Mrs. Guy Garner and Mrs. Kris Landreth, both of

Arlington.

Following a wedding trip to Charleston and Hilton Head Island, South Carolina, the couple will be at home in Arlington.

The bride's going-away costume was her mother's wedding dress and hat, a copper satin empire-style dress and matching portrait hat.

The bride was graduated from Silverton High School and Texas Tech University. She is employed by Alcon Laboratories, Inc. of Fort Worth.

The groom was graduated from Albertville High School, Atlanta College of Dental and Medical, and Jacksonville State University. He is employed by Productivity Training Corporation of San Jose, California.

Church Group Views Film, Enjoys Supper

Sunday night following the services at the Rock Creek Church of Christ, J. D. and Lois Nance invited the congregation to their home to view a tape, reporting the progress of the "Malawi Mission Work," and supper.

The Rock Creek Church has been involved in the Malawi Mission work for many years. The Nances spent some time on the mission field in Malawi, Africa in 1976-77.

Those present for the film and meal were Mr. and Mrs. John Francis, Mr. and Mrs. Elton Cantwell, Mr. and Mrs. Fred Arnold, Mr. and Mrs. Barry Francis, Jared, Nathan, Andrew and Caleb, Mr. and Mrs. Wayland Fitzgerald and the Nances.

Rock Creek Classes of 1918-1919-1920

Miss Kate Bullard, teacher
Were You There?

If so, Miss Bullard requests you to get ready to assemble for class on a Saturday in April 1987 (possibly the first Saturday, April 4, 1987) "Lord willing" at the Rock Creek Church of Christ building. We will meet early, and have lunch served in the church building and spend the day talking about...?

"My hair is white,
I'm almost blind,
Days of my youth,
Are far behind.
My neck is stiff,
I can hardly turn my head.
I can't hear half
Of what is said.
My legs are wobbly,
Can hardly walk,
But glory be!
I can surely talk."

If you know someone who attended one of the above years, and can still talk, will you please send him or her a copy of this, or send his or her name and address to J. J. (Jeff, to you) Steele, Box 28, Sweetwater, Texas 79556. (915-235-5487)

Anna (Nelson) Cordell of 5981 Guthrie, San Bernardino, California 92404 and I have discussed the above by mail, and we feel that 1918, 1919 and 1920 are long enough. So if you can talk... see... hear... or walk, we surely want you there. Anna has a picture of one of the above year's classes, and we want to compare you with your picture and see if there has been a change!

CLASS OF 1966 held its reunion Saturday afternoon in downtown Silverton. and even polio. (I remember how my parents were terrified of polio when I was a child and made sure that I received the vaccine as soon as it became available.)

Other parents simply don't know about the many diseases that are preventable by vaccinations, such as measles and mumps. Parents may believe that because they had these diseases, it's normal for their children to have them, too.

A few parents think possible side effects from immunizations outweigh the risks of childhood diseases, but the opposite is true.

Since the rate of immunization for young children has dropped, disease rates have gone up. The incidence of whooping cough (pertussis) in Texas increased 532% from 1984 to 1985. Almost a third of the youngsters who get the disease had no history of the immunization.

If you want to keep up with your children's immunization dates and other family medical history information, call my office, 823-2343, or come by and pick up a FREE copy of the "Family Health & Medical Record" booklet.

Letter To The Editor

Thank you for the special issue of the V-E Day issue. Enclosed is \$6.00. I appreciate this project being done as I failed to get a copy of the original issue since I was away at college when it was published. I have two brothers in it and many of the group I knew or knew their families since I grew up on the farm four miles from Silverton and attended school there, graduating in 1944. Some of my peers are in the issue.

Affirmation and appreciation go to Jack Strange and Roy Mack Walker for their initiation of and work at the project.

The best to all of you whose leadership is channeled to the maintaining of the spirit that has always characterized Briscoe County and specifically the greater Silverton area.

"IMMUNIZE CHILDREN"

Now that school is about to start, parents of new kindergarten students know their children must have certain immunizations before enrolling in school. However, parents shouldn't wait that long before beginning children's shots.

Why do many parents put off this important step in their child's life? Some mistakenly believe that childhood diseases are under control, so there is no need for immunizations. This is not true. Only smallpox is controlled in this country. Children can still get mumps, measles

The state's hard-hitting new antilitter slogan is gaining popularity, even among tourists, according to Texas experts on tourism.

"Don't Mess with Texas" is a different approach to getting people to stop littering. And it's gotten a lot of publicity in recent weeks. Some Texans were fearful that visitors to the Lone Star State would think the welcome mat had been pulled in. Not to worry.

"We've reached the conclusion that most tourists think it's clever," said Tom Taylor, director of the Travel and Information Division of the State Department of Highways and Public Transportation. Taylor's division is responsible for the 12 Texas tourist bureaus throughout the state. Each year, some 3.2 million visitors pass through the tourist bureaus.

"We've talked with our travel counselors, and they tell us that out-of-staters appreciate the campaign. They've noticed the trash along the roads, and they're glad to see we're finally getting serious about the problem," said Taylor.

Larry Todd, executive director of the Texas Tourist Develop-

ment Agency, agrees with Taylor. "People I've talked to from other states really like the "Don't Mess with Texas" approach. They feel like only Texans can get away with such a bold, brash approach because it fits out image. We're known throughout the world as a friendly bunch that's proud of our heritage and protective of our state."

During the Sesquicentennial year, Texas is expecting to attract 20 percent more tourists than last year. Tourism is one of the largest income-producing industries in the state.

The domestic duck count is way down, by about one-third. Drought and rapid loss of their wetland habitat to farmers and energy companies are the main reasons, reports National Wildlife magazine.

The largest crabs in the world—which live off the coast of Japan—stand three feet high and often weigh as much as 30 pounds.

A well of water...

Many important events have taken place at the well. In days long ago it was a meeting place, where all came because of the necessity to obtain life-sustaining water.

Jacob met his beloved Rachel at the well. Moses met the daughters of his future father-in-law at the well in Midian. Much later Jesus Christ met a woman of Samaria at the well and said, "Whosoever drinketh of the water that I shall give him shall never thirst: but the water that I shall give him shall be in him a well of water springing up into everlasting life."

The church of God today is a meeting place where many come to obtain this life-giving and life-sustaining water of which Jesus spoke.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PUBLIC NOTICE

Implementation of the Indigent Health Care and Treatment Act (SB-1) will take place Sep-

tember 1, 1986. On that date, counties without public hospitals will begin operation of health care programs for county residents governed by minimum standards of eligibility and services established under SB-1 and rules and regulations promulgated by the Texas Department of Human Services. Application procedures and documentation requirements will be publicly displayed on the County Courthouse bulletin board, and will be posted there for all county residents' information. This program will be administered through the County Judge's office, and any inquiries should be directed there. Any eligible residents may also request assistance in filling out necessary forms for Indigent Health Care, in the County Judge's office.

Fred W. Mercer
Briscoe County Judge
