THURSDAY, OCTOBER 9, 1986

VOLUME 78 NUMBER 41

All Around
The Town

BY MARY ANN SARCHET

It is exciting that the western author and humorist, John Erickson, will be in Silverton to present a program in the school auditorium at 8:00 p.m. Tuesday, October 21.

When Tina Nance first told us about the plans for this program, she said, "We want everyone to realize that just because we live in a small town, this is no reason why we can't have some of the opportunities as those in the larger towns."

Mr. Erickson makes his home in Perryton, and has written a number of books which have been published in hardback and paperback and recorded on cassette tapes. A series of the books is about "Hank the Cowdog," and this is the title of one of the books. I have just finished reading this one, and it is very entertaining light reading. Hank is in charge of security on a ranch, and in this story he becomes discouraged with his job and decides to run away and become an outlaw. The book is written in first person with Hank telling the story, and when he relates how he joined up with a pack of coyotes, his speaking of coyotese is very amusing. Even though Hank dreams about an imaginary love affair with Beulah the Collie, he has a brief romance with Missy Coyote who calls him "Hunk." Hank also has a little trouble with his spelling.

Other books by Erickson include "Cowboy Country," true cowboy stories from Erickson's experiences in the big ranch country along Oklahoma's Beaver River; "Through Time and the Valley," a horseback history of the Canadian River of the Texas Panhandle; "The Hunter," a historical novel set in 1973 on the Texas frontier; "The Modern Cowboy;" "Panhandle Cowboy;" "The Devil in Texas and Other Cowboy Tales;" "Cowboys Are Partly Human;" "Alkali County Tales." These are in addition to "Hank the Cowdog," "The Further Adventures of Hank the Cowdog," "It's a Dog's Life," "Murder in the Middle Pasture," and "Faded Love."

Mr. Erickson will have books and cassettes for sale after the program.

In parts of Europe it was once thought that dancing or leaping high in the air would make the crops grow high, too.

Owls Lose To New Home Leopards

Silverton's Owls lost a hard-fought game to the New Home Leopards Friday night, 48-22. The Leopards remain undefeated in District 1-A with the win, while the Owls dropped to 2-1 in league play.

Silverton's total yardage was 141 compared to 394 for New Home. New Home had 16 first downs while Silverton had only five. The Owls were penalized three times for 25 yards and the Leopards were penalized five times for 45 yards.

Neal Edwards took the opening kickoff to the 22 for Silverton. The Owls recovered their own fumble on the next play and were forced to punt two plays later on fourth down.

New Home took over on the 27 and made a couple of first downs to the Owl 12. The Owl defense held on fourth down, and the ball went over to Silverton. The Owls were forced to punt on fourth

Erickson's Appearance Being Co-Sponsored

Both the Quitaque and Turkey Lions Clubs are co-sponsoring the appearance of western author and humorist John Erickson in Silverton on Tuesday, October 21.

Mr. Erickson normally charges

\$600 per appearance, but agreed to come to Silverton for the amount raised by ticket sales. Tickets are \$3.50 each, and are on sale from David Brunson in Quitaque, Keith Green in Turkey, and from Nance's Food Store, Briscoe County News and Rhenda Burson (823-2280) in Silverton.

Mr. Erickson has recently made a similar presentation in the Lubbock schools, and it was very well received by students and administrators alike.

Commodities To Be Given Friday

Commodities, including flour, cheese, butter, milk and honey, are to be given to those who are eligible and registered to receive them at 9:00 a.m. Friday at the Community Center in Silverton.

Please bring a sack or box to carry these items home with you.

Governor Appoints David Cave As District Judge

Governor Mark White has announced the appointment of David C. Cave of Spur to be District Judge of the 110th Judicial District of Texas, including Briscoe, Dickens, Floyd and Motley counties, effective October 3, 1986.

He will serve until the next general election and until his successor shall be duly elected and qualified.

Cave, 41, is a practicing attorney. Born October 24, 1944, he received his bachelor's degree from Texas Tech University and his law degree from the South Texas College of Law. He is a member of the Texas Bar Association.

Cave is replacing the honorable George W. Miller of Floydada, who recently resigned to enter the private practice of law.

Attendance Is Vital During Next Four Weeks

October may well be the most important month of the year for the Silverton Schools because for that month school officials will be keeping an even closer than usual eye on attendance figures.

It is those figures that will determine how much in state funding the Silverton Schools will receive.

Beginning October 6, and continuing through October 31, Principal Leonard Morgan and teachers in the local school system will do everything they can to make sure every student is in class during those crucial weeks when the average daily attendance (ADA) figures are taken to be submitted to the Texas Education Agency.

As part of the educational reforms passed more than two years ago, the state funding formula for public schools was changed and is now based on the ADA of each school district for one month each semester.

"We want to make sure that parents understand how important it is that the kids be in school during October," said Mr. Morgan. "Please do not take students out of school for doctor or dental appointments before 10:30 a.m. during this time."

"Every school will be using

some kind of incentive to encourage the kids to be in school, but we'll need the help of all parents, too," Mr. Morgan said. "The first four-week period, October 6-31, will see records kept as of second period each day. We would appreciate your making every possible effort to have your children in school during this time."

Public Invited to Drug Abuse Program

Sgt. Tony Batiste, who is with the organized crime unit of the Potter County Police Department, is scheduled to present a program, "Drugs of Abuse" Monday, October 13, at 7:00 p.m. The public is invited to the program to be held in the Pioneer Room at First State Bank in Silverton which is being sponsored by the Progressive Extension Homemakers.

The program is to cover types of drugs being abused, the threat posed by the profit involved, how to know if someone is on drugs and how drugs affect the body. There will be an actual display of real drugs.

Every concerned citizen of the community is urged to attend to hear this informative program.

LEADING THE CHEERS for the Junior High Owls this fall are [back, left to right] Jennifer Grimland and Crystal Miller; [front] Amy Ramsey and Julie Graham.

Plans Being Made For National Spelling Bee

Students in all public and parochial schools are invited to participate in the 1987 National Spelling Bee, co-sponsored by the Amarillo Globe-News and West Texas State University.

The Scripps Howard newspapers, national sponsors, set the rules and limit participation to students who will not be older than 16 by the end of the current school year or in a grade higher than the eighth.

Directors in the 46 counties of the Panhandle District have been named and are responsible for eliminations in their respec-

tive counties.

Serving as director for Briscoe County again this year will be Mrs. Florence Morgan, sixth grade teacher in the Silverton Elementary School.

Each county champion must be named by March 14 in order to take part in the 1987 Regional Bee to be held on the WTSU campus on April 11. Vying for the 1987 Regional title will be 46 young people from parts of the Texas Panhandle, Oklahoma, New Mexico and Kansas.

The 1987 district champion will go to Washington, D. C. in early June to compete in the National Spelling Bee. The trip, for two, will be provided by the Amarillo Globe-News.

There will be other awards for some of the top district finalists.

Bee coordinator is Gene Parker, director of placement at WTSU.

"Those of us at West Texas State who assist in this outstanding program praise the Amarillo Globe-News for making this program available to our young people. The benefits certainly are a plus and we commend the newspaper for its great support

BRISCOE COUNTY NEWS

of education," Parker said. Most schools use the booklet, "Words of the Champions", containing more than 3,000 total words (an increase of 500 new words). The 1987 issue of this book is priced at only 50-cents each and is available from Jeane Bartlett, Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas 79166.

Orders may be placed by individuals or schools.

Additional information about the Bee is available from the county director, Parker, or Mrs. Bartlett.

Most county directors hold a Junior Bee for the younger students in grades six and under. These Junior champs will also be guests at the regional competition, but will not spell unless he or she is named county winner.

Special recognition will be given the County Junior Champions.

Storms Pounded Region Last Week

Heavy thunderstorms during the past week forced several highway closings and caused some flooding in Briscoe and Floyd counties as well as pummeling portions of the county with a damaging hail storm.

The area around Lockney had the greatest rainfall, with more than ten inches of rain reported Wednesday and Thursday of last week.

Floyd County Sheriff Fred Cardinal said that Farm Road 97 between Lockney and Muncie, State Highway 70 between Lockney and Floydada, and State Highway 207 between Floydada and Silverton had been closed as of Friday morning due to high water.

It was reported that some railroad track was washed out near Sterley and some pavement in the Cedar Hill area.

Petersburg City Manager Jesse Nave said a hailstorm that swept that city Wednesday caused extensive damage to homes and automobiles. He said the large block-shaped hail fell quickly, knocking out automobile windshields, crashing through storm windows, and damaging roofs. He said the hailstones weren't round but were shaped like blocks that were big enough

to nearly fill a coffee cup.

Southeast of Silverton at the O. C. Rampley farm, it was reported that hailstones had sharp points on them. Rainfall in Silverton during the past week amounted to 2.15 inches, bringing the year's rainfall to date to 25.46 inches.

Lake Mackenzie has risen almost a foot during the rains. The moisture has been good on fields of haygrazer, wheat, grass pastures and stock tanks, but most everyone has seemed glad to see the sunshine this week.

Mrs. Lillian Lindsey was transferred Friday by the Silverton Volunteer Ambulance Service from St. Mary's Hospital in Lubbock to Abilene to be nearer her son's family and her sister,

Camera Club Meets Thursday

Caprock Camera Club will meet at 7:30 p.m. Thursday, October 9, in the community room at First National Bank in Quitaque.

The program will be on nature photography.

and to receive therapy at the rehabilitation center.

Mrs. Susie Autry returned home on Wednesday of last week after having spent a week at Central Plains Hospital in Plainview. Her son, Walter Bean, took her back to see her doctor Monday and he put her back in the hospital.

If you need work done on your vehicle, just call 995-3565 during the day, or call 823-2039 (Joe) or 823-2150 (Doc) after 7:00 p.m. They will pick up your vehicle in the morning, drive it to Tullia, make the repairs needed, and return it to you in the evening. Rev. Russell Is New Assembly of God Pastor

Rev. Gene Russell is the new pastor of the First Assembly of God Church in Silverton.

Born in Hill County, Texas, he was one of 17 children and grew up in Snyder and Alvarado. He was married in 1961 at the age of 20 to Connie Price of Cleburne. They have two sons and one daughter, all of whom are married, and four grandchildren. Their eldest son, Gene, jr., is 24

and lives in Hinesville, Georgia. Their daughter, Kathryn Zuniga, 22, and son, Troy, 21, both make their homes in Clifton, Texas.

Rev. Russell was converted at the age of 29 when he began taking Bible courses and ministering. He has held all positions in his church at one time or another. He began his first pastorate in January of 1978, and has pastored in Franklin, Color-

ado City, Livingston, McCamey, Clifton, Shamrock, all in Texas. In McCamey he was vice president of the Ministerial Alliance and in Shamrock he served as president of the Ministerial Alliance.

He is also a builder.

"Most ministers consider themselves successful to go to a larger church, but I consider being successful is going to smaller churches and seeing them grow, and the Lord has helped us to succeed in most places," Rev. Russell said.

REV. AND MRS. GENE RUSSELL

Ministerial Alliance Has Meeting Here

Ministerial Alliance met Monday, October 1, at the First Baptist Church in Silverton at 10:30 a.m. with Rev. Dick Hatfield presiding. Purpose of the meeting was to plan the Community Thanksgiving Service.

finalize plans for the Thanksgiving service which will be held at 7:00 p.m. November 26.

Present were Rev. Hatfield and Rev. Russ Hubbard, First Baptist Church; Bro. Earl Cantwell, Rock Creek Church of Christ; Rev. Gene Russell, new pastor of the Assembly of God. Unable to attend because of illness and emergency were Bro. Ted Kingery, Silverton Church of Christ, and Rev. Duane Knowlton, First United Methodist Church.

It was decided to have the next meeting at 10:00 a.m. November 3, at the Assembly of God to

Stafford-Cottrell Vows Exchanged August 23

MRS. BEAVER COTTRELL

Shonda Lynn Stafford was wed to Lee Dale (Beaver) Cottrell at 7:00 p.m. August 23 in a candlelight ceremony at the First Presbyterian Church in Brownfield.

The double-ring ceremony was performed by the Rev. Drew Travis, pastor.

The bridal setting was centered before an embankment of fresh huckleberry greenery interspersed with ivory cathedral tapers accented with garlands of silk stephanotis and mixed flowers. Twin silk topiary trees of peach and teal silk tiger lilies, anemones and cabbage roses were placed to the side of the alter.

The bride is the daughter of Mr. and Mrs. Gary McMullen of Brownfield and Mr. and Mrs. Fred Stafford of Amarillo. The groom is the son of Mr. and Mrs. Harvey Cottrell of Brownfield.

Grandparents of the bride are Mr. and Mrs. Shafe Weaver of Silvertown and Mr. and Mrs. Jack Stafford of Hedley. Her great-grandmother is Mrs. Roy Allard of Tulia. Grandparents of the groom are Mr. and Mrs. Herman Cottrell and Mr. and Mrs. Doug Lowe, all of Brownfield.

When the mothers of the bride and groom were escorted to the front of the church, each mother paused to light a candle on either side of the unity candle representing their side of the family. The bride and groom joined together in lighting the unity candle with these candles representing their families during the

ceremony. Directing the wedding were Theda Decker and Marta Decker of Plantalia.

Presented in marriage by her parents and escorted by her father, Fred Stafford, the bride gave her mother a peach rosebud upon entering and presented an identical rosebud to the groom's mother following the ceremony.

The bride wore an ivory bridal satin gown designed by Jena. The fitted bodice had a sweetheart neckline in front and tapered to a low point in the back just above the waist. The long sleeves were gathered at the shoulders to give a puffed effect and tapered to a point just below the wrist.

The gown featured an antique bustle effect that draped around the front of the straight floor-length skirt and wrapped around the hips and waist area to form a large bow in the back. The back of the gown formed a large circle train. To complete her gown, the bride chose an ivory satin hat with a puffed blusher veil covered with scattered seed pearls. The crown and brim of the hat were covered with French lace, silk flowers, pearls and iridescents. The three layers of the veil hung below her waist. The bride carried a European cascade consisting of variegated peach silk rosebuds, peach tiger lilies, seafoam green spirea and teal ginger blossoms. It was accented with ecru Chantilly lace streamers and peach and teal green moire taffeta streamers tied in love

knots.

Bridal attendants were Shelly Nettles, friend of the bride, of Brownfield, and Mona Stafford, sister of the bride, also of Brownfield. Each wore identical tea-length semi-fitted straight dresses made of peach satin featuring sleeveless dropped and padded shoulders with a V-neckline in front. The circle flounce formed an inverted V in the front and back and was covered with an ecru French lace overlay.

Trevah Stafford, sister of the bride, served as flower girl. She wore a tea-length teal satin dress with an empire waist accented with an ecru satin ribbon belt tied in a bow in the back.

The groom's attendants were Darrell Wilson of San Angelo, a friend of the groom, and Jeff Cate of Austin, a cousin of the groom. Ushers were Shannon Hunt of Brownfield, friend of the groom, and Jeff Cate.

Candlelighters were Candy and Pepper Cottrell of Brownfield, sisters of the groom. They wore dresses identical to the flower girl, accented with wristlets of mixed flowers in the bride's colors.

Soloists were Joe Sears and Billy Stockton, both of Brownfield. They were accompanied by Sara Rozean, organist/pianist. Sears sang "I've Always Loved You," then Stockton sang "The Wedding Song" after the lighting

of the candles and seating of the parents and grandparents. Stockton sang "Friends and Lovers" after the bride was given away. Sears sang "The Lord's Prayer" during the lighting of the unity candle.

The guests were registered by Cammie McMullen of Morton, step-sister of the bride. The table was covered with a candlelight floor-length cloth with an heirloom lace overlay scalloped with teal, peach and seafoam satin bows.

A reception was held immediately following the ceremony in the home of the groom's parents. The bride's table was set before a garden window filled with greenery.

The table was centered with a twin-tiered confection separated by Corinthian pillars. The sculptured borders of Cornelei lace trimmed the ivory cake that was inspired from Philippine design. Each corner of the cake was embellished with Sampquita nosegays of peach apple blossoms, teal ginger blossoms, seafoam spirea which were accented with picardy satin bows and ercu illusion.

The traditional bride and groom topped the cake amid cascading ribbons and flowers before cathedral spires. The cake was centered on a mirrored plateau. Charlene Paul created this special design. On each side of the wedding cake were sterling silver candelabra holding six peach cathedral tapers. The candelabra belong to the maternal grandparents of the bride as well as an heirloom sterling coffee server and trays.

The bridal couple also toasted

with crystal champagne glasses belonging to the grandparents. A sterling silver punch bowl completed the setting along with the bride's bouquet. Bobbie Modisette presented the bride and groom with ivory rosebud mints to complete the bride's table.

Presiding at the bride's table were Michael Thompson of Austin, friend of the bride and groom; Cammie McMullen of Morton, step-sister of the bride, and Staci Foster of Brownfield, friend of the bride. To complete the reception, the groom's parents served a buffet by the pool. Coordinating the reception was Cindy Stockton, assisted by Eva Sanchez and Hope Puetas.

For her traveling attire, the bride wore a white knit sweater and white gored skirt accented with a scarf of white, teal green, gold and fuschia tied around her hips and waist.

The couple planned a short wedding trip to Lubbock. They will reside in Austin and will attend The University of Texas.

BRIDAL COURTESIES

A bridal shower was given September 6 in the home of Tanya Harlen. Other hostesses were Linda McCutcheon, Patsy Rathjen, Janice Auburg, Billie Strickland, Betty Newsom, Margie York, Jean Wright, Cindy Wilson, Judy Cox, Janey Roberts, Nancy Tussy and Joe Jennings.

Some people once believed that if they slept with their mouths open, their souls would escape that way and turn into little white mice.

Stalcup-Crysler Vows Exchanged Recently Here

The home of Mr. and Mrs. John T. Francis was the scene of an impressive wedding ceremony which united in marriage their foster daughter, Miss Kathy Stalcup, and DeWayne Crysler of Brownwood.

Shades of lavender and pink were used throughout the home. The bride wore a lavender dress with a halo of lavender flowers and white baby's breath. Soft piano selections were played by Lesa Johnson while Page House lighted the candles that were nestled among pink gladiolas and impatiens.

Bro. James Johnson performed the ceremony while the couple stood beneath an archway of lattice work and candles. In the background was a lattice screen strewn with fresh green ivy and lavender bows.

After the bride was given away by John and Maebelle Francis, Dave Francis sang "The Lord's Prayer." Before the groom kissed his bride, Lori House, Lanita Cantwell and Mrs. Johnson sang "Whispering Hope."

Following the ceremony, a reception was held in the home. Atop the pink and lavender cutwork tablecloth was a beautiful wedding cake decorated with lavender flowers, which was made by Lesa Johnson, and punch which was served from pink depression glassware. Decor for the table also included the bridal bouquet made by Mrs. House and pink candelabra.

Elton Cantwell was photographer for the affair. The couple's car was nicely decorated by Dave Francis and foster nieces and nephew.

ASK SALLY

Tips From The Electronic Industries Association

Helpful Hints On VCRs Cameras And Tape

Q: What's the best way to make sure my video tapes last as long as possible?

A: By returning them to their jackets. For long life, store your tapes upright—like books.

Q: What special features should I look for in a video camera?

A: If you plan to do extensive outdoor shooting, you should probably get a camera featuring an electronic viewfinder, so you can see exactly what you're shooting, and you can play back tapes immediately through the viewfinder. If it's not what you expected artistically, the entire scene can be re-shot while you're still "on-location."

NATIONAL 4-H CLUB WEEK

4-H In My Life

Penni Fogerson

I have been in 4-H for five years and had projects in clothing, food and nutrition, sheep, swine and recreation. I really like doing method demonstrations with my friend, Julie, and we hope to get to go to State 4-H Roundup this year with a demonstration.

Camps are a lot of fun. I have been to Leadership Camp at Levelland for three years and like meeting new people. I plan to go to Electric Camp at Cloudercroft, New Mexico next summer.

Houston Calf Scramble

Clay Schott

One of the highlights of my 4-H career was when I participated in and caught a calf in the Houston Calf Scramble this year. I have never been noted for speed, but with two older brothers I have had to be tough to survive. I knew if I could catch a calf, I could certainly hold onto him. I had been telling everyone it was no big deal, but down deep I really wanted to catch one.

On the night of the scramble, I was very nervous. The Houston Astrodome looks pretty darn big when you're in the arena looking up at several thousand people. The officials had told us that the first one to catch a calf would also win a trip for them and their family. I not only wanted to catch a calf, but I wanted the first one.

I made several heroic attempts, landing head-first in the dirt, but I did manage to catch the fourth calf.

I bought a registered Short-horn heifer named Kacee. I have decided if heifers are anything like wives, I may stay single. She has a mind of her own and I'm having a battle teaching her who's boss. But I am confident by next March, after much coaching, she will show beautifully when we return to the Houston Livestock Show.

What I Like About 4-H

Russ Baird

What I like about 4-H is that it is a lot of fun. I get to show my horse in halter and western pleasure, and showing horses is a lot of fun because you learn a while lot about horses.

My 4-H Story

Lance Smith

The part I have liked in 4-H the most is the futurity show at the State Horse Show. The halter futurity, which is the one I showed in, is for one-year-old fillies and geldings. There's also another class there for two-year-olds in western pleasure.

I showed in the filly futurity halter class. In this class, you lead them into the ring on a halter and set them up. Then after a judge looks at them, you're asked to trot them out. This takes about two days because you show three times, each time for a different judge.

To get ready for this, you have to train the horse yourself. It takes a lot of hard work. You have to teach them how to set up and lead at a trot. You also have to brush and comb them. Before shows, you have to paint their hooves black.

Already I have a new gelding colt for this year's show. It's not until the middle of the summer, so this will give you an idea how much work and time it takes to get them ready.

I Enjoy 4-H

Julie Graham

I have been in 4-H since I was nine years old. I have shown pigs and lambs. I have been on the judging team and in cooking projects.

What I have learned with my animals is patience and responsibility. I love animals and working with my show animals.

4-H AND

We're proud to be a part of 4-H. Young members are taught ideals that will stay with them. We all benefit from their hard work. For their high standards and dedication, we applaud this fine organization as an example that they set for others.

4 CHEERS FOR

OCTOBER 5 - 11, 1986

4-H Leaders Needed

Qualifications: Not deceased

Hours: All you want

Pay: Admiration and respect of the finest kids around-the 4-H'ers

Fringe Benefits: Hot peanut and butter sandwiches, stampeding livestock inside the show barn, 13 in one car and one is car-sick, pig manure in the car floor, forgetful parents, extensive car mileage

Retirement: Hall of Fame for "Those who made a difference."

Meeting People Is Best Thing About 4-H

Jamie Frizzell

I have been in 4-H for about seven years. I have done wildlife projects, animals, recreation, consumer education and many others. The best thing about 4-H is meeting other people and getting to go to State Round-up and Electric Camp. The worst thing about 4-H is doing my record book at the last minute.

I would like to say THANKS! to Lynda and Dirk and all the parents that help, because they work real hard.

Our Demonstration Won First Place

Casey Frizzell

In 4-H I have learned to use a camera and to dance and to show pigs, and I have got to go to camp. We learned to fold flags and how to choose the best buy at the store. Wil and I did a demonstration on how to choose the right sneakers and we won first place at Lubbock.

I like using the big camera and have made pictures of a lot of things and then I put them in my record book. My record book is fun, but Jamie says it isn't.

YOU ...

of this 4-H community. At important skills and them throughout life, and hands on' experience. and high goals, we heartily tion, and the exceptional our area's youth.

OWLS—

Continued From Page One
down and two plays later, New Home scored. The extra point try was no good and with 2:23 remaining in the first quarter, the Leopards led 6-0.

Edwards took the kickoff to the 32 for Silverton. Several plays later as the first quarter ended, the Owls had a first down on the Leopard 10-yard line. Edwards took the ball in on the next play for Silverton's first score of the night. Sloan Grabbe's extra-points kick was good, and the Owls led 8-6 with 9:50 left in the first half.

New Home took the kickoff to the 11-yard line. On the next play, Clay Schott recovered a Leopard fumble and it was first and goal for the Owls on the two. Edwards scored from the two and Grabbe's extra points kick was good. The Owls led 16-6 with 8:49 left in the half.

Silverton put the kickoff into the endzone for a touchback, and New Home took over on the 20. Silverton received a penalty on the next play and it was a first down for New Home on the 35. The Leopards punted on fourth down and Ryan Smith returned the ball to the 20. A Silverton pass was picked off on the next play and New Home scored again with 5:50 left in the half. The points-after were blocked, and the score was 16-12, Silverton's

favor.

Edwards took the kickoff to the 20 and a penalty against New Home resulted in a first down for Silverton on the 36. The Owls were forced to punt on fourth down, and the Leopards scored again with 1:34 remaining in the first half. The points-after try was blocked, and New Home led 18-16.

Silverton fumbled the ball on the kickoff and three plays later, New Home scored with 18 seconds left in the first half. The extra points try was good and the Leopards led 26-16 as the first half ended.

Silverton kicked off to New Home to open the second half. The Leopards picked up a couple of first downs to the Owl 12. On the next play, Schott recovered a New Home fumble and the Owls took over on the 12-yard line. Silverton made a first down on the 31, but an illegal procedure penalty backed them up to the 26. The Owls were forced to punt on fourth down and several plays later, New Home scored with 33 seconds left in the third quarter. The extra-points kick was good, and the Leopards led 34-16.

Edwards again returned the kickoff, this time to the 21, but Silverton was forced to punt again on fourth down. New Home took over on the 11, Edwards recovered a Leopard fumble on the 17 and the Owls took over.

Gallington Family Reunion Held August 30

The Gallington family reunion was held in the home of Mr. and Mrs. Joe Gallington August 30-31, 1986.

Those who attended were Trudy Taylor, Marcia Taylor, Delaware Jones, Kelsie Baker, jr., Doris Baker, Delores Baker, Kelsie Baker III, Finies, Patroshe and Fonzie Ivory, Helen, Brandon and B. J. Haley, Erma Polley, Yolanda Polley, Arla Polley, Tracy and Dylan Gaddis, Dorcas Gooden, Nellie Scoggins, Robbie Fields, Dashaun Hendrix, Reggie Hughes, Minnie Albert, Ira Gallington, Jerrilyn Williams and Linda from Amarillo; Alta Green, Bradley Green, Angela Green, Sherry Hendrix, Freddie Ivory, Shelia Ivory and Freddie Ivory, jr., from Lubbock; Viola Black, Johnny Black, Daryl Black, Sherry and Sierra Black, Chris Clardy, Jequitha Gabriel, Cynthia and Jerriel Sandifer, Leslie Cooper, Edna Gallington, Carl Gallington, Dennis Gallington, Bertha Gallington, Diane Gallington, Tashia Ballard, Herman Gray, Charlondra Glover, Natasha Glover and Mary Caldwell from Dallas; Irene Mayberry and Mekisha Adams from Kansas City, Missouri; Easten Hendrix from Phoenix, Arizona; Turk Thomas from Matador; Effie Turrentine, Mary Scoggins, Gregory Turner, Shelia and Joyclyn Mallard from Lawton, Oklahoma; Larry Turrentine from Killeen; William Dowd from Los Angeles, California; Don Taylor, Zeola Taylor, Ray Taylor, Leon Taylor, James Taylor, Charlie Clardy, Clifford Clardy, Tim Clardy, Cooky Dowd, Ozean Dowd, Billie Dowd, Lance Fulbright, Dorothy Fulbright, Melba Brittan, Finies Scoggins, Henrietta Scoggins, Paula Scoggins, Willie Scoggins, Jimmie Hendrix and Mae Lou Hendrix from Quitaque; Bill, Jerline, Nathan, Natalie and Natasha Baker and Chantal Marshall from Kress; Jo Ann Polley, Avery Baker, Eddrick Baker, Archie Gallington, Hattie Gallington, Leticia and Mateka Crosslin and Dequita Howard from Plainview; Charles Hendrix, Cynthia Mitchell, Susan, Lekia, Pamela and

Silverton was unable to move the ball and the Leopards took over on downs. New Home was again forced to punt on fourth down, and Smith took the ball to the 26-yard line for Silverton. The Owls lost the ball via the fumble route on the next play. New Home was unable to move the ball, and Silverton took over on downs on the 14. Silverton fumbled again, and New Home scored with 1:02 remaining in the game. The extra-points kick was good and the Leopards led 42-16.

Denny Hill took the kickoff to the 30, and on the next play Frank Lowrey went all the way for a Silverton touchdown. The extra-points try failed, and the score stood at 42-22 with 52 seconds left in the game.

New Home scored again with three seconds left in the game, making the final score 48-22.

Silverton will be hosting Whiteharral Friday night on Payne Field with kickoff at 7:30 p.m. Everyone is urged to attend the game and support the Owls.

Tanisha Brown from Canyon; Bro. M. H. Miller from Slaton; Virginia Clardy, Ricky Clardy, Mitchell Clardy, Tonya Clardy, Gwen Clardy, Joe Gallington, Elzora Gallington, Easter Ivory, Kelsie Baker, Dorothy Baker, Charlie Baker, Janice, LaToya and Clifton Baker.

A good time was enjoyed by all.

Shafe Weaver, Winnie Smith, Peaches Minyard, Emmy Garcia and Melissa Garcia stopped by for a visit.

shapes, textures and tastes

- developing coordination and small motor skills
- understanding basic nutrition

Here's a nutritious recipe the kids can help prepare (or make themselves), made delicious with new, naturally thick Golden Griddle syrup:

Maple-Orange French Toast

- 3 eggs
- 1/2 cup milk
- 1/4 cup Golden Griddle syrup
- 1 teaspoon grated orange rind
- 1/4 teaspoon cinnamon
- 10 bread slices

In pie plate, beat eggs slightly; beat in milk, syrup, orange rind and cinnamon. Dip bread into egg mixture, coating both sides well. Grill on lightly greased pre-heated griddle until underside is golden brown; turn and brown other side. Serve with Golden Griddle syrup. Makes 5 servings.

Pointers For Parents

Parents Share Recipes With Kids

One way for busy parents to spend extra time with their children is to share an experience in the kitchen. Cooking is an activity kids really enjoy and it also provides many inherent learning opportunities, such as:

- developing organizational skills and following directions
- learning basic math and vocabulary
- distinguishing colors,

Plainview Symphony Tickets On Sale

Season tickets for Plainview's Symphony of the Llano Estacado 1986-87 concert year went on sale Wednesday, October 1.

Productions this year include the Classical Concert October 14 at Plainview High School Auditorium, The Christmas Concert December 1 at Harral Auditorium, the Chamber Concert March 5 at First Methodist Church Sanctuary, and the Pops Concert March 24 at the PHS Auditorium.

Adult season memberships are \$15 each, and student season memberships are \$8 each. Tickets for each concert will be available at the door at a cost of \$8 for adults and \$3 for students, according to Peggy Englehardt, ticket chairman.

The concert season opener will include the "Star-Spangled Banner" by Stafford, Rimsky Korsakov's "Procession of the Nobles," Mendelssohn's "Symphony No. 4 'The Italian,'" and Johann Strauss' "Radetsky March" and "Furioso Polka."

The 50-member Symphony Orchestra will also play "Tocatta" by Frescobaldi, "Hungarian Dances 5 and 6" by Brahms, and "Variations on a Shaker Melody from Appalachian Spring" by Aaron Copland.

The Symphony will feature the flute section of the orchestra when it plays "Meditation from

Thais" by Massenet. The flute section is composed of Joyce Wilbanks, Donna Wilson of Hale Center, and Shelley Sain.

"These are classic symphonic pieces, and we'd like everyone to hear our people play this music and play it well," said J. W. King, jr., artistic director. "They'll enjoy this kind of melodic music."

Mark Pair, assistant professor of music at Wayland Baptist University, will be the guest artist at the Christmas Concert December 1. A local favorite, Pair will be playing Greig's "Piano Concerto with Orchestra Accompaniment." The orchestra and chorus will also present a program of Christmas music.

The Plainview Musical Arts Club will sponsor the March 5 concert of the Chamber Orchestra at First Methodist Church Sanctuary. There will be free admission and refreshments for this performance.

The final concert of the season will feature the Symphony's wind and percussion sections in a Sousa Band Style Pops Concert. The program will be predominantly by John Philip Sousa.

Performers in the Plainview Symphony include several members of the Wayland Symphony Band and artists from Plainview and area towns. Tom Boyd is the Symphony's conductor.

Season tickets can be purchased at First National Bank, Hale County State Bank, Maxine's, Gabriel's, at the door of the first concert, or from any Symphony Board Member, according to Engelhardt.

The Symphony of the Llano Estacado is chartered as a non-profit, educational and cultural organization.

Briscoe County Extension Agent
BED AND BREAKFAST...

... is now a reality in Briscoe County! Eight host homes are available in Silverton and Quitaque.

We have a very attractive printed brochure available publicizing the host homes. In fact, when the families read their brochure, they wanted to go stay in the other homes. Now that's advertising!

This brochure is being mailed out with the new Briscoe County Hunting and Recreation Guide. You must see this guide! It is a professional, attractive, information-packed publication about our county and its recreation opportunities. It also includes beautiful, original wildlife drawings by Margaret Smith, as well as ads from local businesses. Dirk and the Ag Industries Committee have done a fantastic job!

If everyone in the county will help promote the recreational aspects of the county and the Bed and Breakfast venture, we will be able to bring people into our county to share in our assets and will in turn, increase income into the county.

If you have "extra" relatives here for weddings or family reunions, send some business to one of the host homes. Also I see potential guests in salesmen who call on local businesses, bank examiners, and oil leasing agents, as well as hunters, tourists and families enjoying one of the lakes.

This has been an exciting community development program for me to work with, and now we're ready to extend our Southern hospitality to all who come our way!

Quitaque Baptists To Celebrate Anniversary

October 12 is the BIG DAY for the First Baptist Church in Quitaque, for on that day church members and scores of former church members will gather to celebrate the 75th birthday of the church.

Six of the eight living former pastors will be here for this special occasion. Lowell Ponder, Bob Beck, Bill Curry, Freddie Martin, Frank Roberson and Mike Grebenik will be preaching during the special services on Sunday beginning at 9:45.

Presenting special music for the day will be Randy Butler, Reva Jean Beck, Ralph McCormick, the Adult Choir and a special piano-organ duet by Cora

Gragson and Patsy Herrington.

The women of the church will provide a bountiful meal in the Fellowship Hall at noon and another service will begin at 2:00 p.m.

On the preceding Saturday night, there will be a catered barbecue at Caprock Canyons State Park. The group will begin gathering at 6:00 p.m. and the meal will be served at 6:30. In case of inclement weather, the barbecue will be served at the Quitaque Community Center.

This will be a weekend to be remembered and every church member will want to make a special effort to attend all of the services on Sunday, October 12.

The Leap Year was invented by Julius Caesar.

The month of July is named for Julius Caesar, who was born then.

New Arrival

Sylvia Ramirez and Rhett Perkins are parents of a daughter, Brittany Michelle, born September 20 at Lockney General Hospital. She weighed six pounds and fourteen ounces, and measured 19 1/2 inches long.

Grandparents are Mr. and Mrs. Frank Ramirez and Mr. and Mrs. Tom R. Perkins, all of Silverton.

Great-grandparents are Mr. and Mrs. Bud Perkins of Silverton, Mr. and Mrs. Ed Davis of Tulia, Ninfia R. Valdez of Plainview and Juanita Ramirez of Sintona.

Great-great-grandparents are Mrs. Esther McLeland of Amarillo and Mr. and Mrs. T. R. Jolley of Athens, Tennessee.

Fittstown, Oklahoma 74842

Farmers Asked To Make Nominations For The ASC Committee

Farmers are asked to nominate candidates of their choice by October 27 to be on the ASC Community Committee ballot.

The ASC Community Committee election will be conducted from November 20 to December 1 by mail ballot. The three ASC communities in Briscoe County are "A" community, "B" community and "C" community.

ASC committees are responsible for managing federal farm programs on the local level. To meet the needs of individual producers, ASC Community Committee members must be concerned and responsible individuals. Briscoe County farmers have the opportunity to nominate persons they feel would best serve the farm community. Far-

mers will receive petition forms by mail and can then submit them to the County ASCS office.

A few basic considerations should be kept in mind when circulating petitions. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three eligible farm voters in the ASC community, and must be received in the county ASCS office by the October 27 deadline.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a farmer for the ASC committee election may contact the County ASCS

office for full details, including eligibility requirements for office holders.

Farmers should petition for and elect those individuals they feel would do a good job as a member of the committee. The election of concerned farmers to positions on ASC committees is essential in the administration of farm programs.

The County ASCS office welcomes all valid petitions. The opportunity to nominate, vote and be elected to office is guaranteed to all farmers regardless of race, religion, sex, age, color, handicap or national origin.

A list of the names of all known eligible persons to receive ballots in the upcoming annual ASC committee election is available in

the County ASCS office. Farmers can begin to nominate candidates for the ASC community election on October 17.

ASCS, an agency of the U. S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farmer-elected committee system. This year's election will be by mail ballot between November 20 and December 1. Voters may also get ballots at the County ASCS office.

Anyone who meets the following requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, operator, tenant or sharecropper who is eligible to participate in any ASCS program. The spouse of an eligible voter is also eligible to vote.

A person may cast a ballot in any county in which he or she is an eligible ASC voter, but he or

she cannot vote in more than one community. If an eligible voter has separate farm interests in more than one community in the same county, special care will be taken to see that only one ballot is issued to that voter.

News From The Ag Shop

I had a new experience this week, driving the RAH-RAH bus to New Home. What a pleasure. All of the girls were perfect ladies, well mannered and polite—although I just really could not get into some of their music. After our defeat, we were not feeling our best, especially when we discovered our bus had been sabotaged. Some of the electrical wires had been tampered with and most of the fuses had been pulled; but with experienced electricians on board (Rhenda Burson and Patsy Towe) we managed to get most of the lights working. Some of the lights blinked when you shut the door, but we managed to get safely into Lubbock where we accepted the assistance of Dale McWaters and Dwain Henderson, who were able to get all of our lights working properly. THANKS, Fellows and Ladies!

Last year some of the Ag classes grafted new improved varieties of pecan scions to native pecan trees. Grafting has to be done in the spring of the year, so when school ended the classes did not see the results that were obtained. We grafted approximately 25 trees, of which six grafts lived and are growing very nicely. So you "86" grads, some of your knowledge and skills will live on in Silverton.

During last week's rain, I noticed some of the animals were pairing up. I didn't know if spring was upon us or if we should start the Ag classes building an ark. Fortunately, the sun broke through on Monday morning.

—Stan Fogerson

John Montagu, the fourth Earl of Sandwich in the 18th century, was so compulsive a gambler that he had his meals brought to the table: his servant brought two slices of bread with a slice of meat in between—and the earl gave his name to it.

To avoid searching for photo negatives, store them behind corresponding prints in your photograph album.

SPS Proposes "Clean Coal" Technology To Power Plant

Southwestern Public Service Company (SPS) announced today it is proposing to convert a natural gas-fueled power plant unit near Amarillo to a coal-fueled unit that would save millions of dollars for its customers, while demonstrating for the nation an environmentally superior way to burn the most economical coals.

It is expected the repowering of Nichols Station unit 3 could save SPS customers \$178 million during the 20-year life of the converted unit, through reduced fuel costs, said W. R. (Bill) Esler, SPS president and chief operating officer.

SPS today filed an Application for Project Endorsement with the Public Utility Commission of Texas (PUCT) for the \$99.7 million project. Construction could begin in late summer 1987; operation would begin in 1990. Several hundred construction workers would be employed during the conversion.

"Even in the short term, the boiler replacement will be a help to our area," Esler said. "And our project will prove that utilities can burn the least-expensive coals in boilers that are in a sense 'coal-cleaners.' The boiler we will demonstrate will not require installation of expensive, high maintenance, sulfur scrubbers. But it will do a superior job of helping keep our air clean."

The U. S. Department of Energy (DOE) is considering the SPS project for possible inclusion in its Clean Coal Technology Program. The program will provide interest-free loans to partially finance projects that

contribute to the nation's expertise of burning coal more cleanly.

"We believe that quick PUCT endorsement will enhance the chances of DOE participation, which would mean even greater savings for our customers," Esler said; "however, even without DOE financing, the project could serve as an example of American productivity applied to the benefit of ratepayers and the environment."

SPS proposes repowering the 18-year-old, 256,000-kilowatt Nichols unit 3 with a "circulating fluidized bed" (CFB) boiler. The project will demonstrate the effectiveness of a CFB boiler with more than twice the steam output of any CFB boiler in operation or under construction, said SPS project spokesman Dave Fairbanks.

"Circulating fluidized bed boilers are designed both to burn a variety of coals and to reduce nitrogen and sulfur oxide (NOx and SOx) emissions," explained Fairbanks, a senior mechanical engineer in SPS' generation plant design group. "Current federal law, relating to new or modified power plants, requires at least 70% of the potential sulfur emission be removed, regardless of how low the sulfur content is to begin with.

"The CFB boiler SPS is proposing would operate at only 1600°F, which is below the temperature at which significant amounts of NOx are formed," Fairbanks explained. "And limestone injected into the CFB boiler captures the SOx. The limestone and SOx form inert

gypsum, which is easily removed from the boiler in a dry powder form."

Southwestern's proposed plant would test-burn coals from New Mexico mines, and from Wyoming and Oklahoma. The principal coal for the boiler is expected to be from the Raton Basin in New Mexico. CFBs also are capable of burning coal culm ("waste" coal).

SPS said the CFB boiler could use Texas coals some day, should those coals become economical for SPS.

Fairbanks said CFB boilers have several advantages, compared to conventional boiler-scrubber combinations. "CFBs remove sulfur oxides more economically than do scrubbers," he said. "They do not use water in the process—which is important in this region. And they do not create the messy hard-to-dispose-of sludges produced by traditional wet scrubbers."

Southwestern Public Service Company primarily provides electric service to a population of about one million in a 52,000-square-mile area of Eastern and Southeastern New Mexico, the South Plains and Panhandle of Texas, the Oklahoma Panhandle and Southwestern Kansas.

Letters to The Editor

Greetings from LaPinta, Chihuahua, Mexico:

I have planned to write this letter for some time now just to let you know how much the Briscoe News is appreciated in this little village.

To my knowledge it is the only paper that comes to the village and is thoroughly read and colored by us locals. Upon picking up the mail at the local post office, I discover that the post mistress has already opened the envelope to look at the pictures. Without any shame, she will ask many questions about the various people and the whys and where-to-fors.

Later in the day, several of the men will "happen" by my house to hear the latest news. Excuse me for "adding" and "spicing" up some of the stories. The women are modest and wait at home for the men-folk to give them their interpretation of what I had read.

Usually the next day the children begin dropping by to see if they may color the pictures and ads. The bank looks very nice colored red and orange. Usually it ends up green. Many of the local Silverton people are now "paper dolls" sitting on some little girl's dresser.

What is left of the paper, I use for drop-cloth while painting around the house. Afterwards the paper is used to start the fire in Igor, the wood stove. Ashes from Igor are spread on the dirt roof of my house to seal out the rain water.

So you can see that the paper is well appreciated here in LaPinta. My personal request is for more pages. The children would like more and bigger advertisements. The men folk would like more pictures.

A few of the men acted as judges for the last rodeo queen contest. The Bomer girl was definitely the winner, that is if she could ride a horse. This information I hesitated to give.

The use of street names and telephone numbers in the "want ads" are confusing to me as neither were used when I lived in Silverton. You either lived "up by the school house"—"across the railroad track" "the north part of town" or "down by Lem Weaver's." Silverton still had a telephone operator in those days and "she knew all the numbers." Sometimes her response might be—"He ain't home today—let

me try to reach him over at the cafe."

The homecoming pictures are fantastic and thanks for listing their names underneath as otherwise I would have a hard time trying to figure out who is whom. I often wonder what happened to all the beautiful girls and handsome guys that attended school with me. Seems also that a large percentage of them are becoming "GRANDPARENTS" at a very early age.

The "oldie" pictures are simply great. I can remember the four columns standing down by the rodeo grounds. This was of the old school. Don't know when nor why they were torn down as they were very interesting simply standing there.

The Looking Back part of your paper brings back many memories and quite often bring someone or something to mind that I haven't thought of in years.

Today is the 23 of September and we are having our first snow of the year. So with that bit of misunderstanding, I will say "adios" from LaPinta, Chihuahua.

G.M.W. *

Hi:

Sure enjoy your paper, especially the Looking Back part 1936. Sometimes it just doesn't seem possible that those events happened 50 years ago.

I believe your paper is getting better. You are doing a fine job.

Thanks,
Frank Shaffer
Perryton, Texas *

Dear Editor,

I am enclosing payment to renew my subscription. My new address is Dyrle Maples, 410 E. Roca, Refugio, Texas 78377.

I sure enjoyed your special edition about our Briscoe County veterans, and look forward each week to reading "Looking Back."

If you are ever down Corpus Christi way, drop by.

Sincerely,
Dyrle Maples *

Dear Editor:

On August 19th I dropped by your office with Wynona Lyde. I bought a copy of that week's issue (August 21, 1986) and purchased also a copy of the issue to be published the following week. You said that information about the Class of 1936 (our class) would be in that issue. I filled out my name and address on an envelope and paid for one copy. But so far, I still haven't received it. It has probably been lost in the mail, I suspect.

If you have another copy, I will

appreciate your sending it. And I will send immediate payment. I believe that I paid 35c the first time.

While visiting in Texas, I saw in the issue of August 14th a group picture of the Class of 1936, taken when we were in the sixth grade. Also, I own a photo of my class when in the first grade, with teacher Mrs. Warren. Although I own the latter, I can't identify all the members. Also, I have seen a fifth grade photo, taken with Chester Strickland and Mrs. Byars. If you have run the last two or any other of my class, I would like to purchase one of each issue in which a photo appeared. (I was given a copy of the issue published August 14th, so I don't need it.)

I realize that even if you have published others in addition to the sixth grade photo, you may not have any more copies than those needed for your files. If this should be the case, could I ask you to make a copy of the photo on your copy machine? Please send a statement with all charges.

I know that you are very busy and that I am asking more than I should. If you cannot provide any

photos, please don't take the time to write. If I don't hear from you, I will assume that you couldn't do so. You and Mr. Sarchet are doing a good job.

Sincerely,
Wilma Dickerson
Creswell, Oregon *

Dear Editor:

I am sending check for a year. Do like to get it. I keep up with all the news about the people I enjoyed. Please send Mr. and Mrs. J. C. Rhoderick of Silverton the paper. Am enclosing a check for it with mine for their birthdays.

Thanks,
Bertha Rhoderick
Plainview, Texas *

Dear Editor,

Sorry this is so long in coming. Thought you would send a billing. Hope this is right. Didn't realize how much I enjoyed and missed your paper. Have really enjoyed the recent pictures, especially Doug Forbes on his horse. Keep up the good work.

Cards of Thanks

I want to express my love and appreciation to you for the cards, gifts, phone calls and every expression of your friendship and concern while I was in the hospital and since I've been home. Special thanks to the members of the Silverton Volunteer Ambulance Service. What would we do without them?
Susie Autry
