HASKELL COUNTY, TEXAS, FRIDAY, JULY 27, 1923

WHOLE NUMBER 1909

## BOYS ARE ENDING C.M.T.C.

Young men of this city will attend the Citizens Training Camp for the next

week. The camp will be held at Fort Sill, Okla., and will be under the direction of the United States Army. The camp is for the purpose of training young men in military discipline and drill.

## FROM CALIFORNIA

A letter this week from a well known here, who has just returned from a recent trip to San Diego, Cal., enclosed a check for \$100.00 to be sent to the Haskell Free Press to give the letter in our paper.

Lee Pierson, who has just returned from a recent trip to San Diego, Cal., enclosed a check for \$100.00 to be sent to the Haskell Free Press to give the letter in our paper.

Lee Pierson, who has just returned from a recent trip to San Diego, Cal., enclosed a check for \$100.00 to be sent to the Haskell Free Press to give the letter in our paper.

Yours very truly,  
Lee Pierson.

## TO SAVE EXHIBITS FOR FAIR

To make the County Fair a success it will be necessary for the committee to have a big display of exhibits. We want you to show your products, your fruits, and your crops. Begin now to save your exhibits for the fair.

## OF W. M. REID NEARING COMPLETION

The residence of W. M. Reid on the corner of 10th and 27th streets will soon be completed and occupied. This is one of the finest buildings in the city. The house has beautiful arched doorways and other equipments to make up a beautiful and comfortable home.

## FOR VISITING WOMEN

The ladies of the city have arranged for a room for visiting ladies at the Haskell Hotel. The room is on the second floor and is very comfortable. It is suitable for one or two ladies. The room is on the corner of 10th and 27th streets.

## SUCCESSFUL MEETING AT FOSTER

A. N. Alvis reports a successful meeting at Foster, Okla., on Tuesday. A number of new members were added to the church. The meeting was held at the home of Mr. Alvis.

## REVIVAL CLOSSES AT CHURCH OF CHRIST

The revival services closed at the Church of Christ Wednesday at the evening services. The church reports twenty-two additions, eighteen by baptism. The meeting has been very interesting throughout and the spirit of the church greatly renewed. Elder Early Arceneaux of San Antonio did the preaching and Otta Johnson of this city conducted the song services. Elder Arceneaux goes from here to Bowie where he will begin a series of meetings in that city Friday night of this week. He will return to Rochester, where he will begin revival services Friday night before the second Sunday in August.

## G. W. DAVIS PASSED AWAY FRIDAY EVENING JULY 20

G. W. Davis, one of Haskell's best citizens passed from a long and useful career to his reward in heaven. This good man had been a sufferer for many months and in life's evening disease preyed upon him and he suffered much, but he was a patient sufferer who bore all and never complained. The deceased was 62 years of age when he passed away at his residence in the south part of the city Friday July 20th at 4 p. m.

Mr. Davis moved from Portales, N. M., to this city three years ago and was engaged in the feed business until he was compelled to retire on account of failing health. He has been a member of the Church of Christ for 28 years and during that time he was actively in the service of his Master. He had a wonderful gift of clear vision and his talks on all church occasions were very helpful and instructive and his faithful work in the church will be sorely missed. He was ever faithful in attendance and was never known to shirk his Christian duty. He was a great reader of the Scriptures, was companionable, and interesting. Every neighbor knew him as a helper, adviser and friend, and all loved him for his noble qualities of mind and heart. His life was well lived. His rest will be sweet and his reward great. He is survived by a wife, four sons and two daughters.

Funeral services were conducted at the residence Saturday morning by Elder Early Arceneaux of San Antonio, after which his body was given burial in beautiful Willow Cemetery. A large concourse of sorrowing relatives and friends followed the remains to the grave and a beautiful floral offering was laid upon the mound by loving friends. All the children were present at the funeral except one son, who was unable to get here in time.

## RULE PARTY VISITING OLD HOME IN TENNESSEE

E. L. Lewis of Rule was in the city Monday morning and had us change his paper for a month to his old home in Tennessee. Mr. Lewis and his family, his brother, S. E. Lewis and Dr. J. D. Westbrook and family and John Herring and family, all of Rule, left this week for their old homes east of the Mississippi river. Four cars will carry the party and they will all go together most of the way. When they are nearing their journey's end they will separate and each go to his old home in the different states. Mr. Lewis was jubilant over the prospect of the visit to his old home and the party anticipates a great trip.

## BAPTIST WORKERS' COUNCIL MET AT WEINERT MONDAY

The Baptist Workers' Council met with the church at Weinert last Monday with a large attendance. The program was carried out in full and was greatly enjoyed by all present. The Weinert ladies served dinner and it was a most sumptuous feast. It was pleasant and prepared to suit the guests' taste. We want to return to Weinert as soon as possible for such a feast as we received Monday both spiritually and materially. The regular as-semblage meeting is to be held next month at Haskell and no workers' council will be provided for that month.

## ACCEPTS POSITION WITH F. E. SMITH GARMENT CO.

Ted Alexander returned this week from Fort Smith where he closed a contract with the Fort Smith Garment Company to sell their products on the coast. He will have charge of the central West Texas territory. Mr. Alexander is a splendid young man, having had experience in handling dry goods from childhood. We predict for him rapid advancement in his chosen occupation.

Mr. and Mrs. W. P. Stovall of Wagon, Okla., visited friends and relatives here Saturday and Sunday.

## Members of Locating Board Who Will Visit Haskell Saturday

S. B. COWELL,  
Chairman State Board of Control  
and Chairman of Locating Board.

S. M. N. MARRS,  
State Superintendent of Public  
Instruction.

DR. W. B. BIZZELL,  
President Agricultural and Me-  
chanical College of Texas.

DR. F. M. BRALLEY,  
President College of Industrial  
Arts, Denton.

DR. WILLIAM S. SUTTON,  
Acting President University of  
Texas.

W. R. NABOURS,  
Secretary of Locating Board.

## LOCATING BOARD WILL VISIT HASKELL SATURDAY MORNING

On Saturday morning the Locating Board for the Technological College will be here. They will arrive at 8:30 o'clock in the morning and remain until 1 o'clock in the afternoon, when they go to Stamford. On this day an opportunity is given us that means more to us than any other day. This great educational institution is going to be given to some location in West Texas and is it not worth while to put forth our best efforts for our city and county in getting the facts before the locating board? When the central location, the soil, the water and the climate are duly considered we believe that we are in line with the best locations in the state.

When we consider what it would mean to Haskell county and this section of West Texas to have the Technological College located here, we can readily see that it is worth the supreme effort on our part to have everything in the best possible condition to greet those who are to make the location.

If we are not prepared we can not hope to get due consideration from the locating committee. We should let nothing stand in our way of having a spotless city, shined and polished for this occasion.

The local committees have been working tirelessly and have left nothing undone to have everything in readiness. Their organizations have been perfected and carried out to the letter and it is now up to every citizen of the city especially, to stand behind them with an exhibition of civic pride in carrying out the great work undertaken by these committees.

In view of these facts it is the duty of every man, woman and child in the neighboring towns and the rural districts to be in Haskell Saturday morning to greet the locating board. There will be attractions for you. A free picture show, speaking and other entertainments have been provided. The merchants will give special bargains at their stores and everything will be done that is possible to make you comfortable while here. Remember that these attractions are all in the morning. The Locating Board will only be here from 8:30 in the morning until 1 p. m., and if you do not come in the morning you will fail to render

the duty that is expected of you. This should interest every citizen in the county regardless of station, for we are all interested in education.

A rest room has been prepared for all visiting ladies, in the office of Judge S. A. Hughes in the courthouse. We are expecting you early Saturday morning.

## FISHING PARTY BRINGS BACK 26-POUND CATFISH

W. J. Adkins, J. H. Lawson, Oscar and J. D. Adkins returned Thursday from a fishing trip on Paint Creek and as evidence that they are real fishermen they were exhibiting a yellow catfish that weighed 26 1/2 pounds. Many were the exciting stories told by these gentlemen of the thrills they experienced when the brother of Jonah's whale was landed on dry ground. To hear the fishermen talk after a lucky catch you would think that all you have to do is to camp on the creek bank and pick out the one you want. But many a forlorn fisherman after working himself almost to the point of prostration returns home with only a dream of the story told by others, but in reality remembers the sweet flavor of bacon and bread when tired and exhausted from casting the net in vain.

## REV. HOOKER WILL PREACH AT MIDWAY SUNDAY

We are authorized to announce that Rev. R. E. Hooker will preach at Midway Sunday afternoon at 4 o'clock. W. M. Free will conduct the song services. Everybody invited to come and hear Rev. Hooker, who will have a message for you.

## MEETING WILL BEGIN AT CURRY CHAPEL FRIDAY NIGHT

Rev. O. Jones, pastor of the Baptist Church at Curry Chapel, eight miles north of Haskell, makes the announcement that revival services will begin at that place Friday night July 27th, at 8:15. Rev. Leon M. Gambrell, pastor of the First Baptist Church of this city will do the preaching. Everybody is invited to attend and help in the services.

## FUNERAL OF W. R. FIELDS HELD HERE WEDNESDAY

The funeral of W. R. Fields was held at the First Christian Church in this city by the pastor, Rev. L. Swindle, Wednesday afternoon at 3 o'clock, after which his body was given burial in beautiful Willow Cemetery. The new-made mound was banked with fragrant flowers of richest hues by loving friends in kindly remembrance of the deceased and his heart-broken loved ones.

The passing away of Mr. Fields came at his home in San Antonio at 8:30 o'clock Monday evening after a long illness from which he had been confined to his room since August of last year. His remains reached Haskell early Wednesday morning and were carried to the home of his mother, Mrs. W. W. Fields and were held until the funeral. The deceased was 60 years of age and his has been an active business life, until failing health forced him from the scene of action. He lived in Haskell a short while after his parents, Mr. and Mrs. W. W. Fields, moved here more than 20 years ago. He went from Haskell to Sherman where he attended school. After his school days were past he began work in a wholesale grain establishment. Later he moved to Howe where he embarked into the grain business for himself and about nine years ago he moved to San Antonio and entered the wholesale grain business in which he was engaged at the time of his death. It is said of him that all the time during his illness that his mind was clear and conscious and that all during his affliction he lay upon his bed and directed his business affairs, bearing his pain with fortitude. He united with the Christian Church at the age of 16 and died in the full triumph of the Christian faith. He is survived by his wife and two sons, a mother, Mrs. W. W. Fields of this city, and one sister and several brothers. The stricken wife and sons, and all the bereaved have the sincere sympathy of our people. Several near relatives were unable to attend the funeral, including his mother, Mrs. W. W. Fields, who is in Colorado, and several brothers, who could not reach here. His brother, Earnest Fields of San Antonio, accompanied the wife and son of the deceased to and from their home at San Antonio.

Mr. and Mrs. Odor Golden of Govee visited Mr. and Mrs. Dennis Ratliff of this city this week. Mr. Golden and Mrs. Ratliff are brother and sister.

Miss Sula Mae Ratliff, who has been visiting relatives and friends in Amarillo, will return home the latter part of the week.

## 8 CARS CATTLE SHIPPED THIS WEEK

R. W. Herrin, Sr., of west of town shipped three cars of fat cattle to the Fort Worth market this week. Sam Hisey of Howard also shipped one car, Bunk Rike shipped two cars and the Cash Meat Market shipped one car, making a total of eight cars which were shipped from Haskell. The cattle industry is on the upward trend in this section. If in no other way, the stockmen are producing a better grade of cattle and are learning more about the cattle industry every year.

## MEN'S CHORAL CLUB RESUMES MEETING

Meeting of the Men's Choral Club has been resumed after a short vacation because of the revival services and Prof. Chambers being away at the Baptist Encampment at Lueders. The meeting last Monday evening was a little short on attendance because of the members being away on vacations and other causes. It is urged that a good attendance be present next Monday night July 30th and let's begin with new energy to make a success of the club. A special invitation is extended to all who will come and take a part in the club. This is not a denominational affair but is for every man who likes to sing and will help encourage the musical interest of our city. We are going to expect you and ask that you keep in mind the date.

## QUARTERLY CONFERENCE HELD AT METHODIST CHURCH

Rev. A. L. Moore of Stamford, Presiding Elder of this district, preached at the First Methodist Church here Wednesday night and held Quarterly Conference. He complimented highly the reports of the church here. Sixty-seven additions to the church were included in the report for the quarter and ninety-seven reported for the past conference year. The financial report was up to expectations and Rev. Moore was well pleased with efforts of the church along all lines.

## LARGE CROWD HEARS DR. J. W. HUNT

Dr. J. W. Hunt of Abilene, president of McMurray College, made an address to a large audience at the First Methodist Church in this city Sunday morning at 11 o'clock. A mixed quartet rendered an excellent number before the address, which was greatly appreciated by the congregation. Dr. Hunt spoke on the building of the McMurray college, which is a Methodist institution of learning and will begin its first term this fall. The whole plan has been a success and the college building and all its equipment when completed will stand clear of any encumbering debts and will belong to the Methodists forever. Dr. Hunt has been the mogul power in this great achievement and he has met with hearty co-operation from all over West Texas. Truly all Methodists should rejoice in the great things that have been accomplished in the building and equipping the McMurray College at Abilene.

## TELLS OF RECENT TRIP TO THE PACIFIC COAST

T. J. Reid of Weinert was in the city Monday and according to a habit of long practice called to see us while in town. It is the first time we have seen him since he and Mrs. Reid returned from an extended tour of the Pacific Slope. Although Mr. Reid saw many things on this trip that he had never heard of, he could talk about them as commonplace. He says that he was on the trains and other conveyances for thirty-eight days during the six months stay. With that much riding a fellow can see lots of country. While away he visited California, Washington, and Oregon, and took in the principal cities of the great West. He spoke of the many strange sights that greet the eyes of the traveler. He made mention of the excellent highways that are built through that country. Where the country is sparsely settled the highways are already built, and according to Mr. Reid there are tunnels on these highways like you find in railway travel in the East. He says these highways are the best roads he ever saw. Tom is now engaged in plowing and hauling cotton on his farm north of Weinert, but he is planning for the land where the sunset turns the ocean's blue to gold.

Not just a fair-weather friend. We seek business relations with individuals and concerns to whom we can be the staunchest kind of a stormy-weather partner.

Virginia and Wilson Link of Amarillo and Bernice Tidwell of Spur are visiting their grandparents, Mr. and Mrs. Tom Link this week.

Bro. Fagala, the State B. Y. P. U. teacher, taught two fine classes of B. Y. P. U. Junior and Senior classes and organized them. On the last night of the class we met on the church lawn and had supper and had a real enjoyable time together. Mr. Fagala said this was second best in the association, and with just a little effort we would be best, so let me urge all the young folks to come. Juniors at 4 o'clock, Seniors at 7:30. Let's everybody come and make it the best.

The Methodist meeting is in progress at this writing. Everybody is invited to attend.

The little daughter of Mr. and Mrs. E. E. Teaff is real sick at this writing. Mrs. J. B. Speck, who is in school at Abilene, visited home folks Saturday and Sunday.

Mr. and Mrs. Charley Hester are the proud parents of a fine boy. Mrs. T. B. Austin and daughter, Mrs. Bell Clemmons and the writer went to Knox City Thursday shopping.

Miss Edna Shaw of Abilene attended the meeting at Rockdale this week.

Walter Stanley who has undergone an operation at the Stamford Sanitarium, is doing nicely.

Miss Beulah Wright of Eastland is visiting relatives at Rockdale.

Mr. and Mrs. F. J. Schaefer and daughter Margarette attended the wedding at the home of Mr. and Mrs. Zelsko Wednesday.

Mr. and Mrs. Marvin Cobb and family from the river, and Cecil Rhodes took dinner with Mr. and Mrs. Sam Cobb Wednesday.

Mr. and Mrs. T. N. Gillispie are the proud parents of a twelve-pound boy, who arrived Monday.

Mr. and Mrs. Neal Tedford and Mr. and Mrs. Claud Covey of Leuders attended church at Rockdale Saturday night and Sunday.

Bro. Jones of Haskell, Bro. Morgan and wife of Abilene took dinner with Mr. and Mrs. G. V. Cobb Sunday.

Howell Cobb returned home Saturday from the Stamford Sanitarium and is doing nicely.

Mr. and Mrs. Will Stanley spent the week-end with his parents, Mr. and Mrs. John Stanley.

The Revival closed Sunday evening at the water's edge. There were four new additions by baptism, two by letter and one by statement.

Teacher's Examination

Teacher's examinations will be held in this city on Friday and Saturday, August 17th and 18th. This will be the last examination under the old law. The new law for examination will go into effect September 1st, and the requirements are very different from the old law. All who wish to take the examination are urged to be on hand on the above date and take the examination.

A Remedy for World Wees

He who knows not, and knows not that he knows not, is a fool—shun him. He who knows not, and knows that he knows not, is dull—teach him. He who knows, and knows not that he knows, is asleep—wake him. He who knows and knows that he knows, is wise—follow him.—A Persian Proverb.

Notice!

The plans and specifications for the new Weaver school building are in the office of the County Superintendent. Bids will be received until August 4th.

POST

By Miss Thelma Livengood

Everyone is rejoicing over the fine shower and planning how to spend the money they are expecting to get this fall from the crops.

It seems that some out of almost every family in this community attended the big encampment some time the past week and reported a good grade.

The health of this community is not so good now as usual. Miss Jester West is not improving but we hope she will soon recover.

Mrs. Guillet has undergone a serious operation the past week at the Stamford sanitarium, and is getting along as nicely as can be expected.

R. L. Livengood is at the Stamford

sanitarium where he is taking treatment. He did not seem to improve as he should have.

Mrs. Earnest Howard of the Howard community has undergone an operation for appendicitis at Stamford recently. She is getting along nicely.

The training course in B. Y. P. U. work given at Post last week was a great success. Some fifteen took the examination for diplomas and all passed, making a good grade.

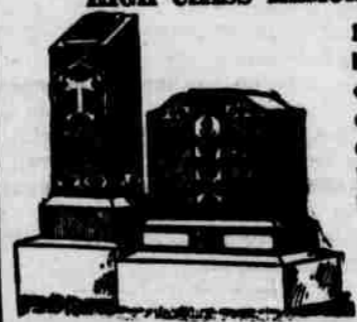

The B. Y. P. U. social Friday night was greatly enjoyed by all.

The League Social at Ketron was highly enjoyed by the large crowd Monday night.

Mr. and Mrs. Dave Mercer and daughter Mickey of the Ward community visited in the homes of their sisters, Mrs. W. M. Luper and Mrs. Hershel Owens, last week.

HIGH CLASS MEMORIALS IN MARBLE AND GRANITE

Do not be misled. I am not with the Haskell Marble Works, but with the largest monument concern in Texas. They own their own quarries, do their own finishing, operating on a large scale, selling at a price unequalled by any one. See me, or write for prices before you buy and you will never regret it.

Haskell, Texas, July 27, 1923

**BACK ON THE JOB**

We are glad to be back on the job again after being absent seven weeks on our vacation. We traveled about 8500 miles through the states of Oklahoma, Kansas, Nebraska, Iowa, Illinois and Missouri, making the trip with but very little car trouble and without a "blow-out" or puncture on the entire trip, bringing the same air back in all the tires that we left Haskell with on June 4th. This statement is not intended for a free advertisement for Henry Ford or the Goodyear tire people, but making such a trip without tire trouble is so unusual that it is hard to believe—at least our friends inform us that this is the biggest yarn told by any of the returning vacationists and the "purr" belongs to us.

We traveled through lots of good country, but when all the bad points of any particular community are added together and subtracted from the good, and then compared with Haskell county, we are still convinced that this section of Texas is the best place in the world in which to live.

We had a wonderful time and saw many things of interest on the trip, and would like to write a story—and may do it later—regarding what we saw, etc., but on account of the paper being crowded this week we haven't the space for such an article.

The City Dads have begun to build several concrete crossings on and near Walton street west of the square. These concrete culverts will be permanent improvements when completed. Other plans are being arranged for further improvements on the streets and alleys of the city during the summer. It is a fact that permanent work, though it costs more at the time, is the cheapest in the long run.

Some people always get the worst of it because they never look for the best.

Yes, we believe in a hereafter, but we hope it is a long way off.

**NEW 1924 MODEL STUDEBAKER CARS JUST ANNOUNCED**

The 1924 model Studebaker Cars, described as the finest cars and greatest values Studebaker has ever offered, are announced by the Tonn-Oates Co., local Studebaker dealers.

They are offered in three six-cylinder chassis models—the Big-Six, the Special-Six and the Light-Six—in twelve body types. There are no radical changes but every improvement, the safety and practicality of which have been verified by Studebaker engineering tests, is embodied in these new cars.

The Big-Six Line.—The Big-Six line comprises four models, mounted on the standard 126-inch chassis with 60 horsepower, 3 7-8x5 inch motor. They are: seven-passenger Touring Car, five-passenger Speedster, five-passenger Coupe and seven-passenger Sedan.

The 1924 series Big-Sixes carry disc wheels and front and rear bumpers as standard equipment. An extra wheel, complete with cord tire, tube and tire carrier is provided on each Big-Six model (two on Speedster and Sedan).

The Sedan, Coupe and Speedster are equipped with a large, roomy trunk, while the closed cars have, among many other desirable features, heater, flower vase, interior reading lights, and, in addition, the Sedan is furnished with silver finished vanity case and smoking set.

The Special-Six Models.—The Special-Six line comprises four models, mounted on the standard 119-inch chassis with 50 horsepower, 3 1-2x5 inch motor. They are: two-passenger Roadster, five-passenger Touring Car, five-passenger Coupe and five-passenger Sedan.

Radiator, hood, cowl, and body changes have been made in the Special-Six, with minor mechanical changes and refinements in the chassis.

The closed cars are furnished with a high grade heater and silver finished flower vase and, in addition, the Sedan is fitted with handsome vanity case and smoking set carried in the back of the front seat.

The Light-Six Line.—The Light-Six line comprises four models, mounted on the standard 112-inch chassis with 40 horsepower, 3 1-8x4 1-2 inch motor. They are: three-passenger Roadster, five-passenger Touring Car, two-passenger Coupe-Roadster and five-passenger Sedan.

No body or mechanical changes except refinements have been made in the Light-Six. Over 130,000 Light-Sixes have been produced in the new, modern \$50,000,000 Studebaker plant at South Bend, Indiana, under most economical and almost ideal manufacturing conditions.

Some people never appreciate their home communities because they never leave them.

When we read of some noted criminal lawyers we always wonder to what extent they are.

We received a full account of the great revival which recently closed at Weinert, from Rev. L. S. Jenkins, pastor of the church there, which is doubtless the greatest revival known in this section of the state. But the article by some means came in too late for this issue of the paper, for which we are very sorry. The Weinert correspondent makes mention of the revival, which you will find in another part of the paper.

M. F. Hammett, father of Mrs. C. R. Cook, of Murchison, Texas, accompanied by his brother Herman Hammett of Tyler and Mrs. L. E. Hammett visited Mr. and Mrs. C. R. Cook of this city last week. All have returned to their homes except Mrs. Hammett, who is here for a longer stay. The party were prospecting with a view of locating in West Texas and Mr. Cook says they were very much impressed with the city of Haskell and Haskell county.

Mr. and Mrs. F. G. Alexander and their daughter, Mrs. W. C. Bixley of Abilene spent a short vacation at Breckenridge, Baird and Abilene, returning home early in the week. They report a good time on the trip and meeting new kin folks they had not seen. Mrs. Bixley stopped off at her home in Abilene where she entertained her parents for a part of the journey. After leaving Abilene they came to Stamford and took dinner Sunday with Matthew Alexander and his family, arriving home that afternoon.

Joe Speck of O'Brien passed through this city Thursday en route home from the plains country, where he has been engaged in threshing grain this season. He shipped from this section and made a three weeks run out there, which according to Mr. Speck, was not very profitable. They have some machines out there that thresh from the field as the grain is cut, which is interference with a consecutive run from a machine that threshes from the shock or stack. Mr. Speck tells us that he has driven over considerable country on the plains and that the grain crop is not very good anywhere on the plains. He says other crops are late but in some places look very well, and in other places very poor. He came back by the way of Abilene, Anson, and Stamford.

**He Was a Liar**

Live grasshoppers will eat dead grasshoppers. A Missouri farmer mixed Paris Green and bran together and let a grasshopper eat it. He died. Twenty ate him up. They died. Four hundred ate those twenty, and they died. Eight thousand ate those four hundred, and they died. A hundred and sixty thousand ate those eight thousand and they died and the farmer was troubled no more. The man who did the counting is not dead, but is a champion liar.—From the Free Press of 20 years ago.

**SOCIETY and Club**

**Party for Younger Set**  
Mrs. R. C. Montgomery entertained with a Bunco Party last week honoring her niece, Miss Elizabeth Morrison of Graham.

Quite a bevy of "Sweet Sixteens" were present and they proved to the world that they could have a really good time "all by their lonesomes."

Miss Georgia Smith won high score and received a handsome bottle of French perfume. The Honoree also won high score and was given a very pretty and useful compact.

The hostess, assisted by Katherine Rike, served an apricot ice with delicious sandwiches, to the following: Misses Elizabeth Morrison, Anita and Francis Grissom, Mary Sherrill, Linda Robertson, Thelma Williams, Brucelle Bryant, Marion Guest, Maurine Couch, Maurine Shook, Georgia Smith and Dorothy Williams.

**Swimming Party**

Mesdames S. R. Rike and R. C. Montgomery chaperoned a small crowd of the younger set out on a swimming party Monday evening complimenting their niece Miss Elizabeth Morrison of Graham, Texas.

After swimming and boating for an hour or two, they roasted "weinies" and marshmallows around the campfire, told ghost stories and did all those things that make for a good time on such happy occasions.

Mrs. Montgomery and John Rike were official chauffeurs and life-savers for the crowd.

**Miss Eula Lee Gribble Honored**

Mr. and Mrs. W. C. Phippen gave a delightfully planned party at their home Friday evening, honoring their niece, Miss Gribble of Wichita Falls.

Music and "42" was enjoyed throughout the evening and the hostess served delicious ice cream and angel food cake to Misses Alberta Smith, Lois Earnest, Mattie Letha Phippen, Mrs. Guy Mays, and the guest of honor, Messrs. Wallace Cox, Clyde Grissom, Fred Mauldin, Guy Mays and Claude Phippen.

**Thursday Bridge Club**

Mrs. Clarence Payne was hostess to the Thursday Bridge Club last week. Her home was decorated attractively in evening dress.

Several games of bridge were played, Mrs. J. E. Bernard receiving a luncheon set as high score, and Miss Alberta Smith, as consolation, was awarded an incense burner. Delicate refreshments consisting of iced orangeade and chicken sandwiches were served to the following members and guests: Mesdames Murchison, Hunt, Bernard, Reid, Baker, Bryant, Hill Oates, Whaley, Post, Payne and Grissom. Misses: Verna Oates, Nettie McCollum, Eunice Huckabee, Alberta Smith, Lois Earnest and Mary Clifton.

**Miss Ruth Chambers Honored**

Miss Carrie Sherrill entertained the Maids and Matrons Club and a few guests at her home Tuesday morning, honoring Miss Ruth Chambers of Abilene.

Several games of Bridge were played, after which Miss Mary Lee Pinkerton gave a vocal solo. A two-course luncheon, consisting of chicken sandwiches, iced apricot salad, olives, sarratoga chips, iced tea and brick ice cream was served to the following guests: Misses Frances Post, Verna Oates, Mildred, Helen and Florence Shook, Exa Cahill, Marylee Pinkerton, Elma and Jimmie Bernard, Eunice Huckabee, Alberta Smith, Lois Earnest, the honoree and hostess, and Mesdames J. P. Payne and Roy Baker.

**Mrs. C. A. Murray Honored**

Mrs. R. J. Earnest was hostess to a forty-two party Friday afternoon honoring her daughter Mrs. C. A. Murray of Dallas. The house was decorated in chaste daisies. Several games of forty-two were played, after which Misses Carrie Sherrill, Alberta Smith, Lois Earnest and Mrs. Hill Oates served a plate luncheon consisting of chicken sandwiches, olives, iced pear salad, and iced tea. Those present were: Mesdames Reynolds, Lewis, Oates, Sherrill, Roy English, McWhirter of Dallas, Bernard, Broadus, of Tyler; Irby, and Parsons, Westbrook, Jones, Steele, Wilson, D. B. Earnest, Leon and Cole of Rule, Miss Mollie Williams, the honoree and hostess.

**House Party**

Miss Marylee Pinkerton is entertaining a few of her friends in her home this week. Swimming and dancing is enjoyed by the young folks each night. The guests are: Misses Verna Oates, Helen Shook, and Exa Cahill of Haskell, Alene Jones and Lucille Campbell of Rule.

**Lawn Party**

Miss Mary Sherrill entertained a number of her friends with games on the lawn Wednesday afternoon. Bunco and forty-two were played. Ice cream and cake was served to the following: Misses Anita and Frances Grissom, Linda Robertson, Georgia Smith.

Mrs. R. C. Montgomery has as her guest this week, her niece, Mrs. Henson of Graham.

A Boston man spending his vacation in a small town entered the barber shop for a shave. As the barber worked he made several slips of the razor and each time pasted a small piece of paper over the cut to stop the bleeding. When finally he got through, the man handed him a dollar and as the barber started for the change, remarked: "Keep the change. It is worth a dollar to be shaved by one so gifted. Why man, you are a barber, a butcher, and a paper hanger combined."

George W. Davis of east of town was in the city this week. He is about up with his work until we get a rain. George is a good farmer and says that his crop is doing nicely considering the weather conditions.

Mr. and Mrs. T. M. Poteet have as their guest this week Mr. and Mrs. L. P. Martin and son Conrad of Waxahachie, and Mrs. W. C. Hooper and little daughter of Dallas. They motored through and will visit several West Texas towns before returning home.

J. L. Linville of West of Rule was in the city Monday and reports crop conditions fair in that section. Crops are late, but Mr. Linville thinks that things will be better because of the cool nights.

Mr. and Mrs. E. F. Lamm and son, Alton returned last week from a short vacation spent in New Mexico visiting the Capital city and Santa Fe, and other cities. They report an enjoyable trip.

M. B. Summers and family of Kirkdale and S. M. Singleton of Post accompanied by Grandma Singleton made a trip to Abilene last week where they visited relatives and friends in Taylor county.

Mrs. L. W. Roberts returned to her home in El Paso this week after a visit with her brothers, G. R., Jno. A. and R. C. Couch of this city. She came home with them from the Couch reunion in Runnels county.

Sam Sorensen of Vontress was in the city Monday on business. Mr. Sorensen is one of the county's successful farmers and he not only grows staple crops but is a turkey grower and raises lots of chickens. He makes his living at home.

John W. Land and children of Knox City were here Saturday en route to their old home in Comanche county. Mr. Land made a very pleasant call at this office while in the city and was in fine spirits in anticipation of his enjoyable trip.

Judge and Mrs. D. H. Hamilton, who are now making their home in Dallas are visiting their children here this week. Judge made this office a pleasant call while here. This is a custom he never neglects when in Haskell. He always comes to see us.

Mr. and Mrs. Lex B. Morris have returned from their vacation trip to Yellowstone Park. They report a good time and plenty of thrills. We will have a story of the trip in next week's issue of the Free Press which will be very interesting to our readers.

We learn that on July 17th a fine boy arrived at the home of Mr. and Mrs. Giles Kemp at Tulsa, Okla. This young fellow is reported to be a big husky fellow. They formerly lived in Haskell and have relatives and friends here who join in the hearty congratulations.

R. C. Whitmire, wife and two daughters returned from a trip to Abilene Friday. He reports a very nice trip and also says the crop conditions along the roads traveled were very promising in many sections. The ground had a fine season and the crops were clean and growing nicely.

W. T. Parchman, a former Haskell county citizen who is now located at Lamson was in the city Saturday. He is visiting his old friend, John H. Wolf who was also in the city Saturday. Mr. Parchman owned a good sandy land farm near Foster school house. His family are also here with him.

A. B. Mason and A. F. Woods, two former business men of Haskell who are now located at Lubbock, accompanied by Bert and Miss Pearl, son and daughter of Mr. Woods and the two Misses Quin's relatives of Mr. F. L. Daugherty of this city are spending the week here visiting old friends.

B. L. Jackson, ex-Commissioner of Haskell county, who lives at Rule, was in the city Saturday on business. Mr. Jackson is one fellow who seemed to have gotten all the pie he wanted at the public counter and after one term in office retired to private life without asking for the return the second time. According to Mr. Jackson the pie at the commissioner's counter is in very small slices and any man who serves his county as commissioner faithfully, earns his money every time.

## PENNANT OIL NONE BETTER FORD FILLING STATION

Alvah Crandall of the Payne Drug Company, who has spent a much-needed rest and vacation in Whitesboro and Denison with his relatives and with his best girl, arrived home Monday and will be found at his place ready to dish out the cold drinks with that same smile, but with renewed energy.

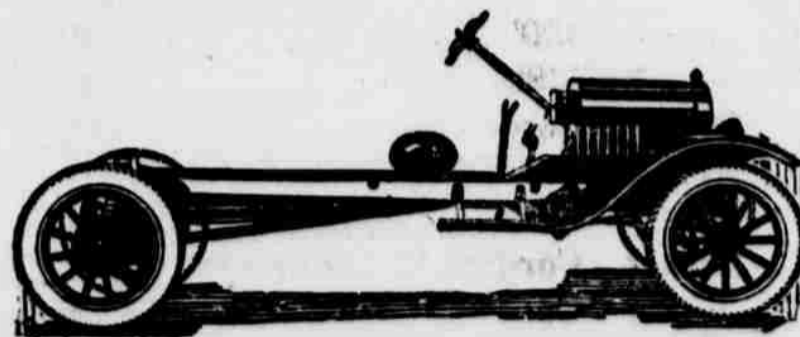

Mr. and Mrs. O. W. Fouts have moved to Tulsa, Okla., where they will make their future home. Mr. and Mrs. Fouts have many friends here who join in wishing them success in their new location. The Free Press will follow them, giving them the news every week from their former home and friends.

Mr. and Mrs. H. W. Richey returned Monday from a trip on the south plains, where they spent more than a week traveling over the country taking in the sights. As Mr. Richey is a farmer, naturally he was more interested in the farming than any thing else along the journey. But is frank to say that the country visited has very late crop prospects and that he did not find any overflow of optimism among the farmers he talked with on the trip about crop conditions. Mr. Richey is now satisfied with conditions here, although he is hoping to see a real good rain and business pick up.

Mr. and Mrs. A. E. and Mrs. Orla Coffman of Goree passed through Haskell last Thursday en route to their home. They had been on a tour of West Texas, visiting Tahoka, Brownfield, Lubbock, and other sections of the west, and report an enjoyable trip, noticing closely the crop conditions of the entire trip. They report crops better around Lubbock they saw the best crops on the trip.

At the present time a good rain would be appreciated more than any other one thing by the people of this section. Most feed is beyond redemption and cotton is suffering badly from the continued dry weather.

But every cloud has a silver lining, the "silver lining" in this case being the fact that when it is too hot and dry for crops to grow it is also too hot and dry for weeds to grow, therefore, we all have plenty of time for visiting, fishing and attending the various protracted meetings in progress in the surrounding country.

Mrs. S. A. Simpson of Jud spent last

week with her daughter, Mrs. Roy Miller of this place.

Mr. and Mrs. Leslie Gibson and little son Carl, of the Plainview community were Midway visitors Saturday and Sunday.

The singing class conducted at the schoolhouse by Mr. Free of Haskell is progressing nicely. Many people express themselves as much pleased with the interest being taken. The class meets every Tuesday evening at eight o'clock. You are invited to come.

Mr. and Mrs. Roy Hooten of Anson, visited the former's sister, Mrs. J. C. Wright and family of this community Sunday.

To be Griffin and family returned Monday night from a visit to relatives in Childress.

Several people from Midway attended the artist encampment at Lueters

last week. All reported an enjoyable time.

Mrs. F. Q. Mount and children of the Howard community visited in this section of the country last week.

The Sunday School is progressing splendidly considering the torrid weather we have these afternoons.

**It Helps Everybody**

Agreements to pay are one thing. Actual payments, as Americans have found to their cost, are quite another thing, especially in the matter of international debts. It is pleasing, therefore, to find that the biggest foreign debt owed to this country is in actual process of payment. Great Britain the other day sent our Secretary of the Treasury \$70,000.00, an installment on the debt she owes us. And she didn't send it in gold—of which the U. S. now has a surplus, but in Victory bonds which she bought on the open market. And the best part of it is that when she bought these bonds she did something to help every Haskell man who owns any of the same kind of bonds, for she did much to stabilize the price of them and helped to put them nearer to par. Thus we see that even in the payment of international debts things so work around as to help us right here at home.

**Stopped Him**

Staying over in a small town awaiting the next 24-hour train out of the place, a smart-alex traveling man went out to the baseball game and all through the contest rooted long and loud for the neighboring team. He centered his attack on the home-team pitcher, finally yelling: "My, oh my! how wild he is—why, he couldn't hit a barn door."

"Never mind, brother," said the pitcher. "You're not too good yourself. You missed a train yesterday."

If your best bean is backward at lovmaking, girlie, just kid him along. Most fellows will exert themselves to any extent to avoid being kidded.

**To Stop a Cough Quick**

take HAYES HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES HEALING HONEY.

**POWER COMFORT**

**Announcement**

THE STUDEBAKER CORPORATION of America is pleased to announce to its customers, friends, and the public generally, its complete line of new

**1924 Model Studebaker Cars**

Avoiding the superlatives frequently used in automobile advertisements, the Corporation desires to faithfully state the facts concerning these cars and the reasons why the public should buy them.

**THE CARS**

In design, quality of materials, standard of workmanship, durability, refinements, performance, freedom from repairs, and price, the Studebaker 1924 Model Cars are distinctly the greatest intrinsic values the Corporation has ever offered.

Every improvement the safety and practicability of which have been verified by engineering tests is embodied in these new cars.

**The Big-Six**

THE BIG-SIX LINE comprises four models, mounted on the standard 120-inch chassis with 60 H. P. 3 7-8x5 inch motor:

7-passenger Touring Car.....\$1750    5-passenger Coupe.....\$2250  
5-passenger Speedster.....\$1835    7-passenger Sedan.....\$2750  
All prices f. o. b. factory

Refinements and a few minor mechanical changes have been made in the Big-Six, which has established an enviable record for five years. Our large production accounts for its low price. It is a car of the highest grade, comparable to the best.

**The Special-Six**

THE SPECIAL-SIX LINE comprises four models, mounted on the standard 110-inch chassis with 50 H. P. 3 1/2x5 inch motor:

2-passenger Roadster.....\$1335    5-passenger Coupe.....\$1975  
5-passenger Touring Car.....\$1350    5-passenger Sedan.....\$2050  
All prices f. o. b. factory

Radiator, hood, cowl, and body changes have been made in the Special Six, with minor mechanical changes and refinements in the chassis. The Special-Six has for five successive years added luster to the name STUDEBAKER. It is one of the most satisfactory and finest cars on the market. It is as good in every respect as the Big-Six, except that it is smaller, and costs less to produce, and therefore sells for less.

**The Light-Six**

THE LIGHT-SIX LINE comprises four models, mounted on the standard 112-inch chassis with 40 H. P. 3 1-8x4 1-2 inch motor:

5-passenger Roadster.....\$975    2 pass. Coupe-Roadster.....\$1235  
5-passenger Touring Car.....\$995    5-passenger Sedan.....\$1550  
All prices f. o. b. factory

No body or mechanical changes except refinements have been made in the Light-Six. Over 130,000 Light-Sixes have been produced

In the new, modern \$30,000,000 Studebaker plant at South Bend, Indiana, under most economical and almost ideal manufacturing conditions. In our judgment, it stands out as the greatest value and the closest approach to mechanical perfection in moderate priced cars yet produced.

**THE REASONS WHY**

With \$30,000,000 of actual net assets and \$45,000,000 invested in plants, Studebaker has ample physical facilities to manufacture most economically.

Studebaker's organization of manufacturing executives, engineers, metallurgists, chemists, inspectors, and skilled mechanics is second to none in the industry. The design of Studebaker cars and the workmanship upon them conform to the highest principles of engineering standards and mechanical practice known to the industry.

**Best of Materials Used**

Studebaker cars contain the finest known grades of iron, steel, aluminum, tires, electrical equipment, glass, bearings, etc. No better materials for automobile manufacture exist. Sheet aluminum has but one-third the tensile strength of sheet steel, and consequently, Studebaker uses sheet steel for its bodies.

By the manufacture of drop forgings, castings, stampings and the machining, assembling and finishing of motors, axles, frames, transmissions, bodies, tops, etc., and the consequent elimination of middlemen's profits, coupled with lower overhead factory costs per car arising from quantity production and low commercial expenses, Studebaker's costs are kept at an economically low point possible of attainment only by manufacturers with vast physical and financial resources.

**Bodies Unexcelled**

The bodies of Studebaker cars are not excelled in quality of materials and craftsmanship, by any cars on the market. The Coupe and Sedan closed bodies are magnificent examples of the coach builder's art.

**Merit Wins**

The sales of Studebaker cars for the past six years have shown each and every year a progressive increase. 81,880 cars were sold in the first six months of 1923, as against 60,053 for the same period last year. Only products of merit can make such growth.

**The Joint Stock Land Bank Loan Plan As Provided by Act of the United States Congress**

**LOANS CAN BE PAID OFF ANY TIME**

1. SECURITY ACCEPTABLE FOR A LOAN; Funds can be advanced on high class improved farms, ranches, and upon unimproved lands for the purpose of making improvements.
2. AMOUNTS LOANED UPON SECURITY; Loans are permitted and accepted up to 50 per cent of the valuation placed upon the property by a Federal Appraiser after he has actually gone over the security offered. An additional amount, not to exceed 20 per cent of the insurable value of the improvements may also be loaned.
3. INTEREST RATE OF LOANS; Loans are made on an interest rate of 6 per cent and on the amortization plan as authorized by the Federal Loan Act and approved by the Federal Farm Loan Board.
4. PREPAYMENT PRIVILEGES AND OPTIONS; The borrower has the privilege of paying any multiple of \$100 on any loan at any interest paying date after five years from the date of the loan with out giving notice or without extra cost. Prior to the expiration of five years the loan can be retired upon the payment of a very small bonus.
5. WHO IS ELIGIBLE FOR A LOAN; Any individual owning or acquiring lands is eligible to obtain a loan under this plan. The borrower is not required to live on the land nor is he required to buy any stock in the bank.

If you are paying more interest, if you want a loan, if you want to increase a loan, if you want to buy land, or if you want to improve land,—you owe it to yourself to investigate.

Our Motto: "To know Christ and to make Him known."

Regular services at our church this Sunday, July 29th. Preaching at 11 o'clock service there will be a final and complete report on the meeting which has just closed. It is hoped that a full attendance will be present. Visitors always welcome.

There will be no mid-week prayer meeting this coming week on account of the pastor being away to assist in the Methodist meeting at Rule.

Again we wish to thank all who helped make our meeting such a wonderful blessing. We are especially grateful to the cotton gin people who lent us the cotton bagging for the covering; and to the lumber yards for the use of material at the minimum charge. With gratitude do we remember the members of other church choirs, and the Christian Church Orchestra, and also the Haskell Free Press is especially thanked for their space which was given us.

Now let us as Christian people keep our hands and our hearts joined in the great work of leading men to Christ. We need the Savior—the Savior needs us to be about His work.

Mr. and Mrs. O. E. Patterson and sons Tom and Bill returned home last Thursday from a vacation in South Texas. They visited Mrs. Patterson's parents at San Antonio and Mr. Patterson's parents in another section, and also visited a number of friends in other cities. The entire trip, says Mr. Patterson, was one of enjoyment to the entire family.

Don Means, who is farming south of town, is up with his work for the present and will be found behind the counter at his old place at the W. M. Mask store while Mr. Mask is taking his vacation in Jack county visiting relatives. Don believes that he is some good farmer and has much to say about tickling the soil of Mother Earth for a living and for profit.

Jim Shriver returned Sunday night from a two weeks' visit in the oil fields in Oklahoma. He says that prospects look very bright in all the sections in and around Oklahoma City and also around Elk City Carter and many other places where he visited. He says the business outlook is also very bright in the production of good crops and oil. He reports two big rains falling through that section last week. His mother Mrs. L. Shriver who accompanied him will spend the summer in Oklahoma City.

**The Editor is Human**

Sometimes the editor of a paper is criticized because some legitimate item of news has been omitted.

The critics do not stop to remember that an editor is human—that the Lord has only blessed him with one pair of eyes, with a like number of ears, with one tongue, two hands and a couple of feet, and that he is not even gifted with second sight. Add to that the limitation of only being able to be in one place at a time, and you have a fair conception of the average editor—just a plain citizen like yourself.

If YOU have a legitimate piece of news the editor of this paper will be sure to hear of it if YOU tell him. The other fellow may forget to do so. The other fellow may forget to do so.

**"Swing Low, Sweet Chariot"**

Subsequent to an address by a North Carolina Congressman concerning the proposition to have the Federal government to erect a monument to colored mamies, Congressman B. G. Lowrey, of Mississippi, obtained unanimous permission of the House to have the following extract printed in the Congressional Record, which we take pleasure in reproducing because of the fine sentiment set forth therein:

"Bob Taylor, in his published lectures, makes this beautiful and touching allusion to a former slave of his family: 'Not long ago I buried one of the last of our old family of darkies. He had been a preacher for 50 years. When I was a child he often led me, together with my brother, to his meetings. He had never learned the art of reading. But many a time I have seen him rise in the pulpit and say, 'My congregashun, you will find my text somewhat 'twixt de lids of de Bible, whar it reads 'You must be born again and again.' And then he would warm up to his theme until he plunged out far beyond the rationalization of man. During the last 20 years of his life he made sight drafts upon my treasury and wardrobe, just as thousands of old time darkies still make drafts upon their former masters in the South, and they are always honored. When I was a candidate Uncle Rufus was a Democrat. When my brother was a candidate he was a Republican. When we were candidates against each other he was neutral. The old man came out one evening and sat with me in the twilight under the trees, and our minds wandered back together to the happy days of the past when he was a slave and I was a barefoot boy. He reviewed many a ghost story he used to tell us in the firelight around the hearthstone of his cabin in the happy days of long ago. And there were many a joke and jest and merry part of laughter. But as the shadows thickened around us the old darky grew serious. He spoke tenderly of my father and mother and his old wife and all the old folks who had gone before. With tearful eyes he left me. But he paused as he departed, and leaned upon his staff and said, 'You may not see me again. I has had two visions of de chariot of de Lord descending from heaven to bear me away. The next time it comes your Uncle Rufus is a-gyne home' and as he lobbied away in the darkness I thought I heard a song:

"Swing low, sweet chariot, coming for to carry me home,  
Swing low, sweet chariot, coming for to carry me home."  
"I never saw him again. Before a week had passed the chariot had swung low; the faithful old servant stepped in and was caught up into heaven. As I looked upon him for the last time, with the dew of life's evening condensing on his brow and the shadows of death falling around him, his simple words of faith in God were more beautiful to me than the most impassioned eloquence that ever fell from the lips of the brilliant Ingersoll."—Honey Grove Signal.

**The First Church of Christ**

Our great campaign opens at 11 o'clock with that prince of Evangelists George B. Kellems, in the pulpit, and Homer Kellems and wife, the evangelist's nephew and wife in charge of the singing.

When preachers hear this man they say they want to hear every sermon and they tell their people to do the same. When congregations hear him, while he is one of the highest paid men among us, as a rule, they at once extend a call for a return meeting.

So, all who are at all interested in the study of the Bible, come and hear this natural-born evangelist's able expositions of the same.

And while I have never heard the singers, the very fact that they are with George B. is proof positive that they are par-excellent.

Parents, agree with your children to come with them to the Bible School at 10 a. m. sharp and they (the children) will remain with you for church. Don't begin to make excuses, but come. The presence of both parents and children the first morning and on time, will give the meeting a wonderful impetus and will result in the salvation of souls.

L. Swindle, Minister.

**What's the Answer?**

It's our honest belief that congress could do a whole lot more for the happiness and prosperity of this nation if it would at its next session lay aside wrangling over foreign affairs and run running and frame laws whereby the producers of America could get satisfactory service out of their railroads. The wheat belt, when it needs cars to market its harvest and feed the world, can't get them. And when they are finally provided the freight rates are so high that the producers' profit is eaten up. Roads which run into the greatest agricultural regions of America go all to pieces when gigantic crops are ready to be moved, with a resultant loss of millions of dollars to both producer and consumer.

There must be some way to remedy such defects in a nation as great as

ours. Isn't it worth more to look after the interest of our own people than those who have absolutely no claim on us, but who have about come to believe that there is no need in working as long as they can beg what they need from America. What's the answer?

GOING TO WASTE

We haven't sounded out very many people on just how they look on Henry Ford's ideas, and we don't pretend to know how well or how badly Henry Ford stands in this community.

One reason coal is three times as costly today as it was ten years ago is because so much of it is being used to run our industries and transportation lines.

Never discouraged, as the total of dry holes mounted up higher and higher and always finding more money to operate with, and men willing to take another chance, he continued, Oklahoma oil fields were as ungracious as were those of Wichita and Clay Counties.

Personally, we believe Henry is right. And we also believe he could go

Champion Wildcatter Gets One After Drilling Eight Years

Twenty-three dry holes in succession, over a period of eight years, in Texas and Oklahoma, might have dissuaded some men from further following the oil game.

Not so with S. S. Kouri, who has just completed his twenty-fourth wildcat, and saw it come in an oil well instead of a dry hole as the preceding 23 had been.

The same grit and determination which led him when a boy of 16 to trudge all the way from New York City, where he landed, an immigrant from the Holy Land, in 1895, to Texas, for him the land of promise kept him at the oil game.

Kouri's first wildcat producer is the No. 1 Seddon in Young County, a few miles southwest of Graham, and a wildcat five miles from any production. It will not make a large well, from present indications, though it has not been entirely completed, due to the market conditions, and the pipe line orders.

But the Syrian oil man is far more interested in the prospect of getting back to work on his Haskell County proposition, which has been his pet for several years.

The first well cost a good sized fortune in money, and months of time, but Kouri is firm in his belief that at some time in the not too far distant future the Ballard Ranch will justify his faith.

Born on River Jordan

Kouri's history is as out of the ordinary for a Texas oil operator as his persistence is unusual. Born in the village of Mardjoun, Syria, 12 miles from the River Jordan, he grew to early young manhood in the Holy Land, and received his education at the Damascus College.

When he was 16 America presented such a strong lure that he joined the numerous immigrants and left his home near the banks of the Jordan on April 27, 1895.

Arriving in New York he found himself with only \$53, and with his only kinspeople in the new world living in Sherman, Texas, several thousand miles away.

Investing his small capital in a satchel and a stock of spectacles, he set out on foot for Texas. Ninety-three days on the road, in the heat of Midsummer, put him into Texarkana in July. There he boarded the train and entered Sherman, where his uncle, John Kouri, was a merchant and business man of considerable standing.

For the next few years various lines of mercantile work were engaged in by the young man. In 1898 when land in Oklahoma Territory was opened to homesteaders Kouri joined the throng that went to settle up the new country.

Real estate operations proved profitable, and he tried his hand at townsite promotion. The story of these particular ventures themselves would make an interesting chapter in a volume of pioneering in Oklahoma.

Experiences in the opening up of Duke, Okla., will remain particularly vivid, according to Kouri, because of some of the unusual difficulties attending the townsite opening including an attempt by the railroad company to locate the depot some distance from the town.

But these experiences are all incidental to the unusual story of the eight years of wildcating without a single success, finally terminated by the bringing in of an oil well.

Wichita County was the scene of Kouri's entry into the oil game. A wildcat on the Duncan land, east of Burk Burnett, was abandoned dry at 2,100 feet. Clay County also returned only dry holes, when he drilled on the Stine ranch. On the Willis land, east of the old Burk Burnett shallow field he got four dry holes.

Iowa Park contributed four more dry holes, drilled on the Tom Mitchell land.

On the Dale, northeast of Electra, and in what is now the Hirsch pool, Kouri abandoned a well at 1,814 feet about 60 feet too high for the Hirsch 1,880 pay.

Never discouraged, as the total of dry holes mounted up higher and higher and always finding more money to operate with, and men willing to take another chance, he continued, Oklahoma oil fields were as ungracious as were those of Wichita and Clay Counties.

farther and state that in another generation or so they will be enjoying far more benefits than we enjoy, and laughing at us for having wasted that which could have made us far more prosperous and happy.

In connection with Kouri's career that each wildcat he has drilled has been watched by the big companies, and that practically all of them never fail to have "protection."

"We know," said one of the larger companies' representatives "that when S. S. Kouri makes a contract to drill a well to a certain depth, it will be drilled to that depth."

The superstitions in the oil fields, and there are very few who will not admit to a certain degree of superstition, are watching the present operations of Kouri with interest, since he has finally overcome the dry hole jinx. They figure that anyone who has so much nerve, as to try the law of averages to the twenty-third failure, is surely due a turn in events, and they are waiting on results.

ENGLISH MOTOR CO. ANNOUNCE NEW FORD PRODUCT

English Motor Co., Ford and Fordson dealers, are now displaying in their show room the latest addition to the Ford family—Ammonium Sulphate.

Ford Ammonium Sulphate is a by-product of the River Rouge coke ovens. At the present time, thirty tons daily are being obtained and it is Mr. Ford's intention to place it in the hands of farmers needing a high-grade nitrogen fertilizer, selling it through his dealer at a price representing cost of production.

Farmers are well acquainted with the value of applying Cotton-Seed and Cotton-Seed Meal to their land. Some idea of the value of Ford Ammonium Sulphate as a nitrogen carrier may be obtained by the fact that it takes 250 pounds of cottonseed meal, 1650 pounds of ordinary fertilizer or 4000 pounds of good stable manure, to equal 100 pounds of ammonium sulphate in nitrogen content.

Our most progressive farmers, merchants and bankers realize that the time is not far distant when our farm lands, under the present system of crop growing, will be depleted of this life-giving element of nitrogen. Even where crop rotation is practiced the amount of nitrogen extracted is many times greater than that supplied by plowing under legumes, etc. While nothing will supplant proper cultivation of the soil, the use of Ammonium Sulphate together with any other elements the soil may need will insure a continuous maximum production.

Mr. Ford, himself a farmer until 21 years of age, and conceded by all the foremost thinkers of this age, is constantly bending his energies and the vast resources at his command to better the farmers' economic condition and make life on the farm what he says it should be—the most pleasant and profitable occupation in the world, instead of a drudgery.

T. L. GREEN DIES AT HIS HOME SOUTH OF TOWN

T. L. Green died at his home south of town Wednesday morning at 3:30 o'clock following an extended illness.

The deceased had lived in Haskell county for the past 18 years, coming to this section from Comanche county. He is well known throughout the eastern part of the county, where he has lived most of the time. He was 74 years of age and his had been a long and useful life. He has been a member of the Baptist Church for many years and he died triumphant in the faith of his Lord. Until his recent illness he was very active, full of life and jolly.

The neighbors and many friends who loved him are bowed under a heavy weight of grief over friendship's broken chain. His life was helpful to others and he lived in the joy and inspiration of those with whom he came in contact. As deep as the depths of human hearts is the sympathy our people feel for the loved ones in their time of sadness and grief.

Funeral services were held at the grave at Howard cemetery Wednesday afternoon at 2 p. m. by Rev. Leon M. Gambrell, pastor of the First Baptist Church of this city, after which his body was given burial. A large congregation of relatives and friends were present at the funeral.

He is survived by his wife and five grown children who were all present when his remains were laid to rest.

The Home Paper

The "home paper" never loses interest in you. It chronicles your success and your sorrows, where ever you may be. Those who would forget you but for the home paper are ever anon reminded of your existence by some item in the paper of your home town, where you live. Others may deceive and defraud you, but the home paper never forgets. It is first to announce your coming into the world and last to say a good word for you when you are dead. What service can you render to your home paper for its constancy

Henpeck's Wireless Set

City Man—Have you a wireless set in your home?

Henpeck—Well, we have a broadcaster and a receiver. My wife does the broadcasting and I do the receiving.

One nice thing about being a radio soloist is you don't have to buy a new dress for the concert.

**WOMAN INTEREST STORIES**  
 —"A TRUE STORY"

About the year 1784 in a little cabin in the mountains of Wales a girl was born, whose name was Mary Jones. As she grew older she and her father and mother often went to the little Methodist meeting house and this child became intensely interested in the Bible studies. Her two great ambitions were to read and to own a Bible.

On those days schools were scarce and Bibles printed in the Welsh language were few and the prices which were asked for them were beyond the reach of the average man or woman in that section.

When she was ten or eleven years old, a school was started about two miles from her home and when Mary

was told that she might attend it, she fairly danced with delight. "If this is the way it's going to be, Jacob," said Mary's mother to her father, "I shall wish there had never been a thought of a school at Abergynolwyn. The child's so off her head that she goes about like one in a dream, what it'll be when that school begins, I daren't think." At last the long three weeks went by and Mary Jones who had hungered and prayed for knowledge was there the first morning, eager to learn to read the wonderful book which she was determined to own some day.

One of her teachers was Lewis Williams. This man was exceedingly ignorant himself, but he started a school and kept just ahead of his pupils in the books he taught. It was a case of "the blind leading the blind" or rather of

pulling oneself and a whole class out of the darkness into the light. When Lewis Williams joined the church he was asked this question: "If Jesus Christ asked you to do some work for Him, would you do it?"

"Oh, yes! whatever He required of me I would do it at once!" he said.

He started a school and a Sunday School, ignorant as he was, because he felt the urge to do something, and his influence will never stop going this side of Eternity!

Mary Jones learned to read and she often visited a lady two or three miles away, who allowed her to read her Bible.

Every penny that she could save was dropped into a little box and saved. At last when she was sixteen she had enough money to pay for a Bible and she walked 25 miles to the town of Bala to buy it. Spending the night with her uncle who lived in that town she and he went the next morning to Rev. Mr. Charles who sold Bibles.

"The consignment of Welsh Bibles that I received from London last year was sold out months ago, excepting a few copies which I have kept for friends whom I must not disappoint," said Mr. Charles.

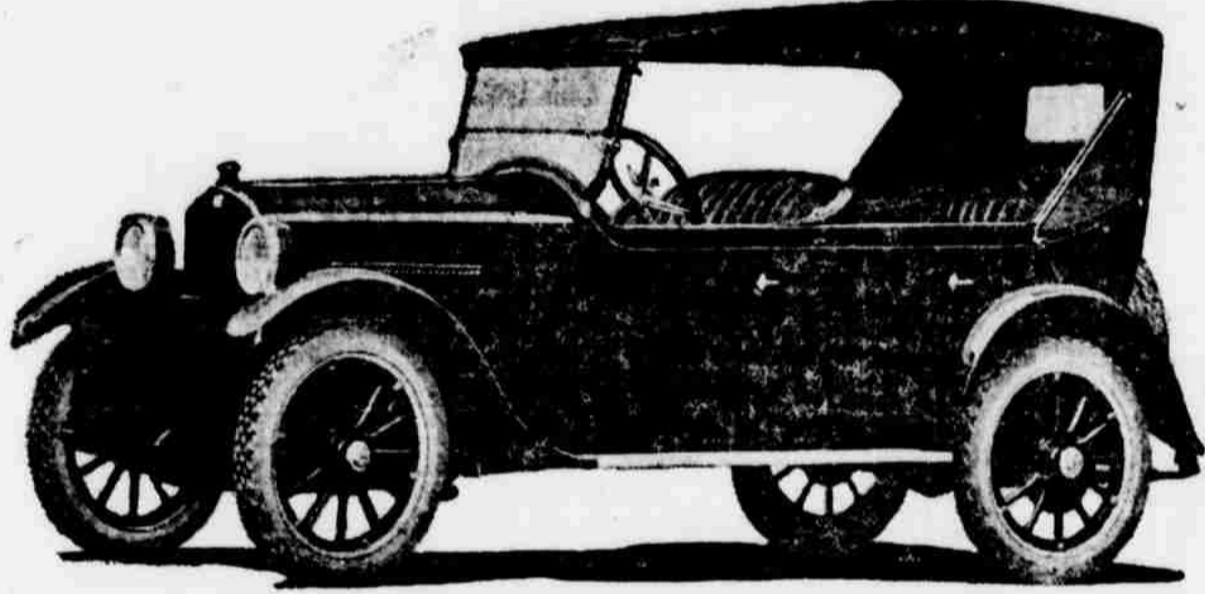

Mary Jones who had saved all her money for six years and who had walked with bare feet twenty-five miles just to get a Bible, could not stand to hear

him talk like that and wept as if all her people were dead.

"My dear child, I see you MUST have a Bible. . . . It is impossible, yes, simply impossible to refuse you," said Mr. Charles, and Mary Jones smiled through her tears. Holding the Book to her heart she thanked them both and walked back alone to her little home twenty-five miles up the road.

That winter Mr. Charles visited London. He wanted to establish a society for the diffusion of Bibles in Wales. He spoke feelingly of Wales and its poverty in Bibles and he told the story of Mary Jones. An earnest desire took hold of his congregation not only to send Bibles to Wales but to every tongue and tribe in the whole world and The British and Foreign Bible Society was born. That society and its giant child, The American Bible Society, have distributed millions and millions of Bibles throughout the world.

A girl once declared she would not marry until the young man to whom she was engaged had saved \$3,000 and had the cash in the bank. She met him a few weeks afterwards and asked him how he was getting along. "Very well," he replied, "I have about \$18,000 saved." "I guess," she answered faintly, "that is about near enough."

The New Hupmobile Touring Car  
 \$1215—FREIGHT AND WAR TAX EXTRA

**The New Hupmobile**  
 LONGER - LARGER - MORE POWERFUL  
 A Wonder In Performance

In this new car, Hupmobile far excels its own previous high mark. Hupmobile has always been top value in any market—this car is even better than any that has gone before.

Its wheelbase is longer, its body designs are new and more roomy. Its beauty is greater. Its comfort and convenience and easy riding are still greater factors.

Mechanically, the new Hupmobile embodies noteworthy changes and improvements which evidence themselves in the finest kind of performance.

Where the Hupmobile was powerful before, this new car is more powerful. Where it was quick and smooth in its action, this new car is even more quick and smooth.

The net of all that can be said about the new Hupmobile is that it out-does and out-performs all previous models, splendid as they were.

No one but Hupmobile owners themselves, perhaps, fully appreciate what this means. They know the Hupmobile, and how much better it customarily does all the things that are asked of a motor car.

Scores of them have seen the new Hupmobile and have driven it. In not a single instance did these experienced Hupmobile partisans say anything but that the new Hupmobile more than fulfills every promise made for it.

Whether or not you are a Hupmobile owner, it behooves you to see for yourself how wonderfully this new Hupmobile performs, how comfortable it is, how smoothly and evenly it runs at all speeds and every speed.

The New Hupmobile is here, awaiting the inspection and trial drive which we can safely promise will be a new high point in your motoring experience.

**"My City and I"**

My home and my business are founded in my City. She gives me and mine the protection of law and order, that my property may be enhanced and my right be sacred. I vote here.

My City gives my children a superior schooling. Good neighbors are mine. Truly, My City is "home spot" for me. I owe My City my full measure of civic loyalty. If I pretend a manly and fair conception of reciprocity, I must, upon every occasion, give My City a full measure of loyalty through intelligent cooperation with others of similar sentiments.

My City does not want my partiality, my selfishness, my dissension, my criticism nor my indifference. Rather, My City expects of me qualities of high citizenship, tolerant friendship, willing cooperation, heart-giving sympathy and intelligent support.—Exchange.

**Be An Optimist**

There is a distinct advantage in being an optimist instead of a pessimist. An optimist has his reverses, just as other people do, but he doesn't crawl into a cloud of gloom and stay there, the moment trouble appears.

He rises above trouble and continues to hammer away until he succeeds. It is his ability to do this that enables him to achieve success where others meet failure.

When conditions are not as they should be, and others become disheartened and slow down, it is the optimist who cheers them up and jollies them along and lightens their burdens for them until conditions become normal again.

An optimist is a valuable asset to any town, for he sows pep while the pessimist sows weeds.

**That's All; Good-By**

**The Joint Stock Land Bank Loan Plan As Provided by Act of the United States Congress**

**LOANS CAN BE PAID OFF ANY TIME**

1. SECURITY ACCEPTABLE FOR A LOAN; Funds can be advanced on high class improved farms, ranches, and upon unimproved lands for the purpose of making improvements.
2. AMOUNTS LOANED UPON SECURITY; Loans are permitted and accepted up to 50 per cent of the valuation placed upon the property by a Federal Appraiser after he has actually gone over the security offered. An additional amount, not to exceed 20 per cent of the insurable value of the improvements may also be loaned.
3. INTEREST RATE OF LOANS; Loans are made on an interest rate of 6 per cent and on the amortization plan as authorized by the Federal Loan Act and approved by the Federal Farm Loan Board.
4. PREPAYMENT PRIVILEGES AND OPTIONS; The borrower has the privilege of paying any multiple of \$100 on any loan at any interest paying date after five years from the date of the loan without giving notice or without extra cost. Prior to the expiration of five years the loan can be retired upon the payment of a very small bonus.
5. WHO IS ELIGIBLE FOR A LOAN; Any individual owning or acquiring lands is eligible to obtain a loan under this plan. The borrower is not required to live on the land nor is he required to buy stock in the bank.

If you are paying more interest, if you want a loan, if you want to increase a loan, if you want to buy land, or if you want to improve land,—you owe it to yourself to investigate.

Gordon Odell and wife of Abilene, Ark., spent part of this week with Mrs. Odell's parents, Mr. and Mrs. J. B. Odell here, going to Wichita Falls Monday to visit other relatives and friends. Mr. and Mrs. T. L. Danforth accompanied them.

Mr. and Mrs. N. I. McCollum of this city received a telegram on July 24th that Mrs. John L. Woods, mother of Mrs. McCollum, had died at her home in Cisco and they at once left for Cisco to attend the funeral which was held the following day July 25th. At the same time a telegram came to Mrs. McCollum that his father, W. J. McCollum, who lives at Clyde, was very sick and he at once hastened to the bedside of his father. Before he returned home this week he reports his father much improved. Mrs. McCollum will remain at Cisco where she is taking medical treatment before she returns home. Mrs. McCollum's father died the 24th of January of this year. She has suffered the loss of both her parents this year.

# To the Cotton Growers of Haskell County!

There is just beginning in Haskell County a movement to increase the membership of the Texas Farm Bureau Cotton Association.

If you are a cotton grower you are interested in this movement.

Cotton growers in other sections of the state, as well as in the other twelve cotton producing states of the South have found that their membership in the Cotton Co-operative Marketing Association is very profitable. You will be shown how it can benefit you.

No single movement promises more help toward the present relief and permanent betterment of farming conditions than co-operative marketing,—which is the prime object of this association.

This is an association of cotton GROWERS, owned and operated by cotton GROWERS, for the benefit of cotton GROWERS. It offers you a service that you need. You need the association and the other cotton growers need your help in making the movement successful.

You are urged to attend the meetings which will be held in your community, as well as the Mass Meeting to be held in Haskell on Tuesday, August 7, at 3 p. m. Come and bring your wife. Tell your neighbors about it and see that they come too.

### LOCATING BOARD INSPECTS HASKELL SITE SATURDAY

(Continued from First Page)

In this immediate section we produced in 1922 one-seventh of the cotton crop of the state and four-sevenths of the cotton crop of West Texas.

"Now as to water; this we have the greatest abundance of, as was demonstrated to you gentlemen this morning. It is neither shipped in here or pumped here. It comes from everlasting cellars just underneath the surface of our rich soil. And within a 100-mile circle, we have 130,000 head of hogs, 140,000 head of sheep and goats, 200,000 head of horses and mules and 600,000 head of cattle. We present these figures to prove that this is the strategic point for the location of the college.

Mr. Culwell also spoke briefly on the moral and educational atmosphere of Haskell.

"We have more money invested in church buildings and school buildings here than has any other city of similar size in West Texas," he said. "You are inside of our wonderful new high school now. In addition to this, we have three ward schools in the city with 800 students and fifty-one schools in this county with 4,000 pupils. The motto we have 'Haskell, the City of Culture,' is not meaningless. We are free from the influences of some of the larger cities and we are proud of it."

The speaker also dwelt upon the fine character of the Haskell County citizenship by declaring that almost the whole of the population of this section is composed of native born Anglo-Saxons. Hardy Grissom summed up Haskell's argument following Mr. Culwell's address. He particularly stressed the marvelous growth of this section since 1880.

"In 1880," said Mr. Grissom, "the population of this county was forty-eight. In 1900 it was 2,637. In 1920 it was 14,193. Going back to 1880

again we find that our property valuation in that year was \$175,000. In 1900 it was \$765,490, in 1920 it was \$29,537,196."

"This wonderful development moreover, is one that will continue," said Mr. Grissom. "If one is to judge the future by the past, we will have to employ a mathematician to figure out the possibilities of this country. The site offered by Haskell to the locating board consists of 2,400 acres of land contiguous to the city, any 2,000 of which may be selected. This land, the board was told, will actually cost the city of Haskell \$196,000. Inasmuch as the State allows only \$150,000 for the purchase of a site the remaining \$46,000 will be made up by Haskell citizens. Notes to guarantee this have already been executed."

After luncheon at Haskell, the locating board came outside to meet the Stamford delegation, which was already present to transport the travelers over to their city. In charge of this group, the board left Haskell at 1:30 p. m.

### FAMOUS "BREAKDOWN" FIDDLER VISITS HASKELL

Sam Allen of Rayland and L. V. Robertson of Crowell, together with their families passed through the city Saturday en route to Merkel where they were called to the bedside of a sick relative. They were accompanied by the famous violinist Eck Robertson of Vernon, who is known in the south as one of the best "breakdown" fiddlers. He plays the old tune "Sally Gooden" with so much distinction that he has earned the nickname of "Sally." He was called to New York recently by the Victor Phonograph Company, and several records were perfected and the Payne Drug Company has the record of "Sally Gooden" played by Mr. Robertson and will be played for any one upon request.

Mrs. J. T. Wilson and Mrs. M. A. Clifton were Anson visitors this week.

## Will Conduct Revival at First Christian Church

Noted Evangelist Who Will Conduct Revival at the First Christian Church

The Kellems and Kellems Evangelist Party will begin a series of revival services at the First Christian Church of his city Sunday morning August 5th at the 11 o'clock hour. The pastor, Rev. L. Swindle, requests that every

member of the church and all who will attend the meeting to be present Sunday morning at the beginning of these services. These men are great revivalists and a successful meeting is looked forward to with much zeal and anticipation. Remember the date and come.

### RULE

(Special Correspondent)  
Miss Ruth Turner of Knox City is spending a week with Miss Vivian Kelley.

The farmers in this section of the country were helped much by the rain which fell Friday afternoon, as it came just in time to save the cotton and feed crops. Minor damages were caused by the hard winds which blew Lee Cannon's recently built hen house just back of his barnyard, tore loose the awning from the White Front Drug Store and damaged articles in the rear of the Barrow Furniture Store.

### COLLINS CAFE AT OLNEY DESTROYED BY FIRE

Fire destroyed the M. A. Collins Cafe and Confectionery in the city of Olney Wednesday of last week. The fire entailed a loss of approximately \$2,500, which is partially covered by insurance. Mr. Collins was burned about the body but is thought not to be seriously injured.

The fire was caused by a gasoline pressure tank becoming ignited and probably exploding and the entire building was a mass of flames in just a few seconds. Mr. Collins was working on the tank when it caught fire and as his hands and clothing were saturated with gasoline, he received severe burns on his hands and arms and also on his back. His clothing was almost burned from his body from his waist up.

Mr. Collins is the son of J. W. Collins, a former citizen of Haskell and a son-in-law of J. L. Baldwin of this city. He and Mrs. Collins lived in Haskell several years ago, but have been making their home in Olney since leaving here. Mr. and Mrs. Collins lost their home in Olney a few years ago in which one of their small children lost its life. Mr. Collins will rebuild his cafe in the near future.

### HASKELL BOOSTERS VISIT KNOX CITY THURSDAY

From the Knox City Journal: Thursday afternoon the Haskell Chamber of Commerce and Booster Band came to Knox City and invited us to their meeting for Saturday to help locate the Texas Tech in their city. They furnished some very fine music in connection with the speeches that were made. This is a live bunch and they are going strong for the school and are planning to entertain royally the locating board that will be with them Saturday. The board will be in Monday Friday and will go from there to Haskell.

### ORGANIZING HASKELL COUNTY COTTON GROWERS

(Continued from First Page)

raised them. What he needs is a system which will enable him to sell his produce for enough to pay the expense of producing the crop and then give him a reasonable profit for his labor and investment, without raising the price to the consumer. Under the old system there has been entirely too much waste in the process of getting the cotton from the raiser to the spinner and it is this waste that we propose to eliminate and put the money saved into the pocket of the farmer. He is certainly entitled to this much."

Mr. Elliott explained that the Texas Farm Bureau Cotton Association was supplying this link in the chain for the cotton grower and the record of the association's operations so far will show that it has handled the cotton of the grower members at a very nominal overhead expense. In fact only a fraction of the amount it takes to operate most of the large privately owned cotton corporations, and has sold their cotton for a profit much larger than the average obtained by the unorganized grower who sells his cotton on the street. He showed that last year the members of the Association received \$29.50 net above the average price of cotton sold independently.

In discussing the work Mr. Daniel said, "The Texas Farm Bureau Cotton Association is a cotton corporation, just as efficiently organized as the national banks or any other large corporation, its board of directors is elected from the stock holders, who are the member growers, one director is elected from each district and this board employs all the help necessary to efficiently operate the selling organization, thus at all times assuring the ownership and management of the association being directly in the hands of the cotton growers themselves."

"Through the efficient work of organization and management displayed during the past two years, the association has been able to convince the Government, the Federal Reserve Banks, the financial centers of the East and the bankers and business men of the entire nation of the soundness of the organization and they have not only placed their stamp of approval upon it, but they have loaned the farmer money in sufficiently large quantities and at sufficiently low rates of interest to finance the work and enable the farmer to reap the benefits of his marketing organization."

"The campaigns of the Cotton Association during this summer have been uniformly successful," continued Mr. Daniel. "One Hundred Thousand Members is the slogan for Texas and

everything points to a successful accomplishment of this goal. Membership in Bell, Bunnell, Travis, Brown, Taylor, LeFlore, Millam and Falls counties is large and in some instances trebled; campaigns are in progress at this time in thirty-five of the most encouraging reports received from every section of the state. Just now Jones County is the scene of an intensive drive and members are being added to the present enrollment of one hundred. Fisher County is making a large sign-up and we must have that Haskell County makes an encouraging report."

Meetings in the interest of the campaign will be held in various places throughout the county the next few weeks.

There will be a monstering of cotton growers held at 3 p. m. Tuesday August 7th. Details of this meeting are arranged and will be announced. There will be a speaker of note at this meeting who will subject of "Co-Operative Marketing" from the viewpoint of the farmer, the banker and the man. Every farmer, every business man in the county is invited to attend these meetings to gain first hand information and guard to this big movement.

### PROF. BRASHER RETURNS FROM EXTENDED TRIP

Prof. M. H. Brasher, superintendent of the Haskell Public School, returned Thursday from an extended trip in South Texas. He accompanied him and the entire party was made in Mr. Brasher's spending ten days with the Austin, he visited the following: San Antonio, Kerrville, San Angelo and Abilene. Most of the time and enjoyed his trip. Mr. Brasher has notice of the crop conditions in the way and says in most places were very good, but during the month of August, he found no place to excel his in neatness and his home crop prospects. He says it is a fellow to get out and see when he lives in a good town then know better how to home and its blessings.

Prof. Brasher states that he will spend the month of August in making the 1923-24 term the best Haskell has ever had.

W. W. Pearce of Anson, his friend, S. E. Kinnison of Anson, and Mrs. Anita and Frances are visiting relatives in El Paso.
