

J. T. Phillips

Conservation Dist. In Operation 14 Years

"The Upper Clear Fork Soil Conservation District is now in its fourteenth year of operation," according to C. C. Roach, district supervisor from Rotan, in zone 1.

The Upper Clear Fork Soil Conservation District comprises 977,996 acres in 2,126 units. 90.0% of Fisher county and 76.5% of Nolan county is in the district. The remainder of Fisher and Nolan counties are in other districts. The district is administered by five supervisors: Glen Webb, zone 2; Elmer Jordan, zone 4; Alvin Smith, zone 3; C. C. Roach, zone 1; and C. H. Clark, zone 5. One supervisor is elected each year.

Soil Conservation District blanket the nation. They include about 95% of the farms and ranches and more than 90% of the agricultural land in the United States.

Each district has a conservation program to fit its local problems. It uses a combination of Federal, State and local services to put its own program into effect on individual farms and ranches.

Soil conservation districts are legally constituted units of instrumentalities of State government, created to administer soil and water conservation work within their boundaries. They are not branches or agencies of any Federal department. Each district is self governed by a board of supervisors elected by the farmers and ranchers.

Services available from the districts are: 1. A detailed soil and land capability map of farmland or a range site and condition map of rangeland. 1. Local and specific information about the different safe uses and adapted crops (including grasses, trees, and wildlife) for each kind of soil on your farm or ranch. 3. Information about the conservation practices needed on each kind of soil with each of the possible systems of use.

4. Consultation service from a professional soil conservationist to help you make a basic conservation plan for your land.

5. Technical services, as needed to design, lay out and check the construction of dams, terraces or other structures you decide to build; to decide on the varieties of plants, seeding methods and rat and cultural practices to use in establishing grass or trees as planned and to answer technical questions that may arise in managing pasture, woodland or wildlife.

A. L. Foy who has been very ill several weeks is now in the hospital for treatment. His children and grandchildren here to assist in caring for him are Mrs. Edith Heron of Lovington, N. M., Mrs. J. W. Foy and Jimmy of Seymour, Mrs. Elmer Williams who flew here from Brazil to be with her father and her daughters, Jean of Lovington, and June who is in the University at Las Cruces, N. M., Lewis Foy and his sister, Mrs. Mary Grindstaff of the home.

Guests of Mr. and Mrs. Calvin Phillips last weekend were Mr. and Mrs. Mike Porter and Terry, also Mr. and Mrs. Lawrence Lagman, all of Lamesa.

Mr. and Mrs. C. R. Bailey of Ft. Worth, Billy Rives and son Riley of McCamey recently visited their parents, Mr. and Mrs. W. A. Rives.

Mr. and Mrs. Jerry Hendrix, Beth and Patricia of El Paso spent last weekend here with her parents, Mr. and Mrs. C. E. Price.

Hospital News

Local patients admitted to Callan Hospital from Feb. 23 to March 2 were, Jack Terque, Mrs. S. J. Robinson, Betty Eaton, John McClure, Mrs. W. W. Cave, Lawrence Blount, Joe Driver, Mds. Don Loving, Wayland Goodwin, Mrs. F. A. Jones, Alfred Turner, Tyrus Harrison, A. L. Foy, Mrs. James Goodwin, Ted Cave, Vellie Dean Shipp, C. C. Overby, Sharon Hariman, Mrs. Willie Herriman, Mrs. Ellis Markhan, Mrs. Marvin Kersh.

Out of town patients, Mrs. J. F. Drennan, Hamlin; Mrs. Leon Moore, Hamlin; Mrs. H. E. Butler, Roby; Mrs. G. C. Hager, Hamlin; H. J. Castberry, O'Donnell; Billy Simmons, Roby; Mrs. Juan Menjares, Roby; Randy Burnett, Roscoe; Douglas Simmons, Roby; Mrs. Joe Webb, Roby; Kathy Ann Underwood, Hermleigh.

A girl born to Mr. and Mrs. Marvin Kersh, March 2.

A girl born to Mr. and Mrs. C. Hager of Hamlin, February 27.

A boy born to Mr. and Mrs. Juan Menjares of Roby, Feb. 23.

Tuesday School Meeting Postponed By Weather

Meeting of the six-member committee of Rotan and Roby school boards was postponed Tuesday night because of icy road conditions.

Dr. M. S. Wallace of Lubbock, head of the educational department at Texas Tech cancelled his appointment to meet with the committee because of road conditions.

The meeting will be set for a later date. The committee of three board members from each school was recently set up to study consolidation of the two high schools.

The committee is reported to be considering retaining an educational consultant to determine possibilities of consolidation of the two school districts.

Funeral Held For Mrs. Rogers Sunday

Funeral for Mrs. Ira Dell Rogers, 82, was held Sunday afternoon in the Roby Baptist Church with Rev. R. M. Babb and Rev. Phillip Goodrum officiating. Burial was in Roby Cemetery.

Mrs. Rogers, a long time resident of the Nolan-Fisher county area, died Thursday in Morris Nursing Home at Roscoe. She was born at Lingleville, Erath County, and was married there to James D. Rogers, August 20, 1895.

Survivors include five sons, three daughters, 15 grandchildren. A sister, Mrs. Jack Wilkes and an aunt, Mrs. Arthur Wilkes live here, and among those attending the funeral from here were, Mrs. Jack Wilkes, Mrs. Arthur Wilkes, Mrs. Flora Blount, Mrs. Henry Cox, Mrs. Phil J. Malouf and Mrs. H. F. Grindstaff.

Mrs. Cornelius Dies In Spur Hospital

Funeral services for Mrs. Ida Oshella Cornelius, 84, were held Wednesday afternoon at 2 p. m. in First Methodist Church, Spur. Her grandson, Rev. L. B. Flud and Rev. Vernon Hagar, officiated.

Interment was in Belview Cemetery. Grandsons were pallbearers.

Mrs. Cornelius died Tuesday morning at about 1 a. m. in Spur Memorial Hospital following a long illness. She had been a resident of Dickens County since 1926. Mrs. Cornelius married Major M. Cornelius in November, 1891. She was a member of the Methodist Church and the Eastern Star.

Survivors include three sons, Bill Cornelius, Lubbock; Burlin Cornelius, DeQueens, Ark.; Raymond Cornelius, Rotan; six daughters, Mrs. Nettie Mincher, Wichita, Kansas; Mrs. Mae McCrary and Mrs. J. E. Hendley, Tyler; Mrs. Roy Casplinger, Mrs. A. H. Cherry and Mrs. V. S. Senn, all of Spur.

Other survivors include three sisters: Mrs. Betty Adams, Dublin; Mrs. Pearl Sanders, DeLeon; Mrs. Fannie Cooper, Arnett, Okla. Forty-three grandchildren and 64 great-grandchildren also survive.

Mr. and Mrs. Franklin Cobb of Lubbock are announcing the birth of a little daughter Tuesday, February 23. Mrs. Cobb is the former Dolores Scoggins, grand daughter of Mrs. ... and niece of Mrs. Lena ...

Girl Scout Cookie Sale Opens Friday

The annual Cookie Sale sponsored by the Girl Scouts will begin March 4 and run through March 12 according to Mrs. H. R. Puryear.

During the past eight years the West Texas Girl Scout Council has been able to buy Boothe Oaks, build Oates Hall and build a lovely 33x70 foot swimming pool with a filter and chlorination system. They have put tent platforms in the units, piped water to each of the four permanent unit sites, and increased the capacity of the camp by enlarging each unit. In 1957 a troop lodge and a caretaker's house were added and in 1958 they put up the big suspension bridge and added a bromine filter to the pool equipment.

1959 was biggest sale for Girl Scout Cookies. Profits from that sale gave the camp a new craft lodge, archery range and equipment, and rock polishing machinery. Besides the additions at the Camp the proceeds helped pay toward the loan on the new office—a decision voted by the council delegates. The 1960 sale will add permanent shelter on the west side of the creek at Boothe Oaks, furnish the craft lodge so that it may be used for troop camping, replace the broken tile around the pool, improve the filter system at the pool, operate and main the present facilities. Half of proceeds will again go to pay on the loan for the Girl Scout office.

Cross Roads Parsonage To Be Dedicated

Rev. William Irwin, pastor of Cross Roads Baptist Church announces that a dedication service for their new parsonage will be held Sunday, March 6 at 2:30 p. m. at the church. The acquiring of a parsonage has been anticipated for many years by members of the church. Their "dream" has come to pass, hence the theme of the program "The Way of a Dream". The program, including special music "Bless This Home" will be presented by members of the church. Rev. L. L. Trott, District Mission Secretary, will give the dedication message.

All friends in the community are invited to attend this service and the open house at the parsonage which will follow, from 3:00 to 5:00.

HD Ladies Have Lamp Shade Project

Twelve ladies met in the L. E. Wright home February 17, 18 and 19 to cover lamp shades, taught by Mrs. Wright and Mrs. Alline Shell.

Mrs. Wright and Mrs. Shell had previously attended a work shop in Roby taught by Miss Alice Kenn and sponsored by HD Clubs of Fisher County.

Next meeting will be with Mrs. Homer Aaron March 4, when a representative from the Social Security Department in Abilene will speak on "Why We Should Know Social Security."

Friends here will be glad to know that Mrs. E. L. Acker was dismissed from the Methodist Hospital in Lubbock and went home with her daughter, Mrs. Bob Cave and son, Cave of Dimmitt.

Cold Weather Prevails Over Entire Area

Another week of frigid weather has prevailed over the area, and at press time Wednesday, indications are for more.

From Monday until Wednesday afternoon light mist prevailed almost constantly, freezing most of the time. Little moisture resulted from the weather, but travel was hazardous. No serious accidents were reported. Several persons slipped and fell on ice, but the only injury reported was Mrs. Bert Rushing who suffered a fractured arm from a fall.

February brought an unusual amount of cold with lowest temperature in recent years. Farmers are delayed in getting field work done, but have an excellent season when warm weather finally arrives.

C. E. Creswell Dies At Snyder Friday

C. E. Creswell, 56, retired Snyder barber, and former resident of Rotan, died at 4:30 a. m. Friday at Cogdell Memorial Hospital, where he had been a patient for a short time.

Mr. Creswell moved to Snyder about 11 years ago.

Funeral was held at 3:00 p. m. Saturday at Northside Baptist Church, with the Rev. Jack Dean, pastor, officiating. Assisting were Rev. W. L. Cass and Rev. Jimmy Nelson, Snyder ministers.

Masonic graveside rites were conducted in Snyder cemetery and burial was directed by Bolger Funeral Home.

Mr. Creswell was a member of Scurry Masonic Lodge 706.

Survivors include his wife; Lurline; two daughters, Mrs. Dub Edwards of Snyder and Miss Elaine Cleveland of San Antonio; two sons, Carlton E. of Los Gatos, Calif., and Roy M. of Snyder; five sisters, Mrs. J. B. Tate of Hemmleigh, Mrs. M. R. Gladson of Knott, Mrs. R. B. Fairly of Karnes City, Mrs. Edwin McCombs of Rotan and Mrs. E. L. Eikes Jr., of Snyder; three brothers, T. W. of Kenedy, Rev. Bob Creswell of Hemmleigh and A. B. of Big Spring.

Hobbs FHA Sponsoring Box Supper March 8

Future Homemakers of Hobbs are sponsoring an old-fashioned Box Supper to be held March 8 at 7:00 p. m. in the lunchroom of Hobbs School.

The public is invited to bring boxes and come out for a good time.

Proceeds from the affair will be used for honoring FHA girls' mothers at a banquet.

Mrs. L. M. Prater of Martinez, California, has recovered sufficiently from injuries she received in a car accident, more than five weeks ago, to be moved to her home where she will be confined to her bed several weeks. She appreciated the cards and letters she received while in the hospital, from her many Rotan friends. She is the former Ferrol Green.

Mr. and Mrs. John Ross Hale and son Ross spent last weekend here with his mother, Mrs. Darthulia Hale and her parents, Mr. and Mrs. Barney Bigham.

Roby-Rotan School Meeting Held At Roby

A committee of six trustees from Rotan and Roby school districts met at Roby last Wednesday in interest of consolidation of the two high schools. The group decided to make a survey of the two districts in regard to suggested consolidation.

Hobbs and McCaulley board members were invited to the meeting, to see if they were interested in coming on the proposed consolidation. Hobbs and McCaulley have both indicated they were not interested in such consolidation.

The Tuesday night meeting with Dr. Wallace was set at this meeting, but was postponed because of road conditions.

Lions Hear Con. Omar Burleson Tuesday

A good attendance of Lions Club members enjoyed a talk by Congressman Omar Burleson Tuesday at noon. Burleson was spending a few days in the district, returning to Washington the last of the week. He plans to be back in the district in a few weeks.

Following the program the Club made plans for their Pancake Supper on March 15.

Heart Fund Closed Sunday Afternoon

The Heart Fund house to house drive Sunday closed the move in Rotan. Girl Scouts under direction of Mrs. H. R. Puryear and Mrs. Inzer Whitefield gathered \$124.34. Plastic counter hearts in stores, about town totalled \$14.04; Primary School cards, \$25.46 and special bequest \$86.00, making a total \$249.85.

Mrs. R. R. Gray was chairman in Rotan and expressed appreciation to the Girl Scouts, leaders and principal and teachers of primary school.

Marvin Ward Makes Honor Roll

Mr. and Mr. Lee Ward received notice from D. R. Dekusha, instructor at Draughon's Business College, Abilene, that their son Marvin Ward had made Honor Roll this month. Marvin enrolled in Draughon's in January and is studying CPA work.

Lions Staging Pancake Supper

Lions Club is announcing a Pancake Supper for March 15 at Cinda's Dining Room.

Members will have tickets on sale this weekend, adults 50c, children, 25c—all you can eat.

Proceeds will be used on worthy projects the Lions are sponsoring.

Mr. and Mrs. Leonard Davis and Carla of Sweetwater spent Sunday here with her parents, Mr. and Mrs. D. A. Williamson.

Mr. and Mrs. Troy Adams and Carol Ann of Kermit visited her parents Mr. and Mrs. W. A. Rives Sunday.

Mr. and Mrs. Hubert Chance of Abilene, Mr. and Mrs. Alvin Morton of Sweetwater visited their mother, Mrs. Phila Chance Sunday.

Six Names Filed In Trustee Race

Six names had been filed for trustee late Wednesday.

Charles Woods and Dr. Maurice Callan had filed earlier. This week E. W. Cade Jr., Jessie Ray Hicks, Clay Fowler and W. T. Edwards Jr., filed.

Election will be April 2 to fill the places of Sam Baugh and Charles Woods.

Deadline for filing was midnight Wednesday.

Cattle Feeding Meeting At Roby March 8

A county-wide cattle feeding meeting will be held Tuesday night, March 8, 7:30 in the Agricultural building on the Fair Grounds in Roby, according to James S. Norman, County Agent.

Tommy Thompson, Animal Husbandman, with the Extension Service will discuss such phases of feeding as the use of silage, home grown grains, minerals and the adding of stilbestrol, tranquilizers, and terramycin to these feeds.

In addition to the discussion on feeding a report will be given on the Brucellosis petition now being circulated in the county. The livestockmen carrying the petitions will make further plans to complete the job.

The conducting of this educational meeting will be carrying out one of the recommendations of the livestock subcommittee of the Fisher County Program Building Committee. Members of the subcommittee are: Glennon Jameson, chairman; Glen Webb, Russell Green and C. D. Herron.

Rep. To Speak For HD Club

Mr. Tully, Social Security informant from the Abilene office will meet with the Home Demonstration Club at the home of Mrs. Homer Aaron, Friday afternoon at 2:30 to give help and information.

Ladies interested are invited to attend this meeting.

Choral Group To Appear At Calvary

The Choral Group of Rotan School under direction of Mrs. Betty Strayhorn will appear at Calvary Baptist Church Sunday morning after Sunday School.

The public is invited to attend.

Mrs. Dee Reese and Celia Dean visited R. M. McLeod, father of Mrs. Reese in Lueders Sunday.

Mr. and Mrs. John Young spent Saturday night and Sunday with their son Mr. and Mrs. John Paul Young and daughter in Andrews.

Advertisement for 4-H Club Week with text "Learn, live, serve, through 4-H" and illustrations of people working together.

Rotation of Crops Proving Valuable

One of the most important conservation practices on cropland is the rotation of crops in the cropping systems. This practice is called Conservation Cropping System.

A conservation cropping system consists of growing crops in combination with needed cultural and management measures. These cropping systems include the use of rotations that contain grasses and legumes, as well as sequence in which the desired benefits are achieved without the use of such crops.

One of the most important purposes of the system is to meet the needs of the soil for improvement or maintenance of good physical condition. An equally important purpose is to protect the soil during critical periods where erosion usually occurs.

The above items can be achieved by growing in the rotation high residue crops such as sorghums, sudan, small grains or other fibrous rooted crops and the growing of soil improving crops such as Austrian Winter peas, Guar, or other legumes. Of course, each different type of soil requires a different sequence of these crops.

The growing of these crops and the management of the crops, which includes managing the residues through the wind erosion period, in proper sequence, will usually result in achieving the proper needs of the soil.

Other purposes of the cropping system are to aid in the control of weeds, insects and diseases and to fulfill the needs and desires of the farmer for an economic return.

Some of the Cooperators of the Upper Clear Fork Soil Conservation District who have carried out their conservation cropping system the past year are Charles Webb, Earl Boyer, James Cave, Joe Dismore, Bill Smith and J. P. Moore.

Carl Underhill of Lamesa visited relatives here Sunday.

The State of Texas,
County of Fisher,
City of Rotan:

of the State of Texas, "I, Juston Morrow, Mayor of the City of Rotan, hereby Order and direct that an election be held on the first Tuesday in April, same being the 5th day of April, 1960, as aforesaid, for the election of two (2) Councilmen to fill the places now filled by Dee Reese and Charles Kelly, respectively.

It is further directed that this official notice of such election be published in the Rotan Advance, and that a copy of this order be posted in the City Office at the City Hall in the City of Rotan, Texas.

Given under my hand this the 4th day of February, 1960.

Juston Morrow, Mayor, City of Rotan.

Attest: Mrs. R. R. Gray, Secretary.

NOTICE TO BIDDERS

Notices hereby given that the Honorable Commissioners Court of Fisher County, Texas, will receive bids until 10:00 o'clock a. m., March 14, 1960, at the usual meeting place in the Courthouse at Roby, Texas, for the purchase of one 115 horsepower minimum, diesel powered, tandem drive, used motor grader, equipped with 14 foot power sliding mouldboard, hydraulic power controls, including booster steering, enclosed cab with heater, equipped with new tires, front and rear. Machine to be completely rebuilt and guaranteed.

Successful bidder will be expected to receive as part payment a trade-in of one Galion motor grader.

If a contract is made The Commissioners' Court intends to issue interest bearing time warrants in the maximum of \$8,000.00, all of which warrants shall mature not later than November 1963, and are to bear interest at a rate not to exceed three (3) percent per annum.

The Commissioners' Court reserves the right to reject any and all bids.

By order of the Commissioners' Court of Fisher County, Texas.

Dave Posey,
County Judge of Fisher County.

Senator Lyndon Baines Johnson

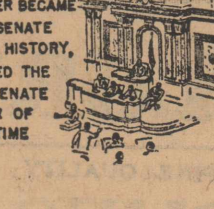

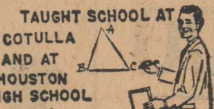

BORN IN 1908 IN BLANCO COUNTY, TEXAS, IN THE SHADOW OF JOHNSON'S FORT, BUILT IN INDIAN TIMES BY HIS GRANDFATHER

SON OF SAM JOHNSON, LEGISLATOR AND FARMER, AND OF REBEKAH (BAINES) JOHNSON, GRANDDAUGHTER OF A PRESIDENT OF BAYLOR U. LYNDON BAINES JOHNSON EARLY BECAME AWARE OF HIS HERITAGE AS AN AMERICAN AND AS A TEXAN

LYNDON B. JOHNSON

ELECTED TO U.S. SENATE IN 1948, TWO YEARS LATER BECAME YOUNGEST SENATE LEADER IN HISTORY, CONSIDERED THE ABLEST SENATE LEADER OF ALL TIME

Austin.—From now until May 7, there are three months of unusual political significance to Texas.

During these three months, thousands of Texans will put one goal above all else—the nomination of Sen. Lyndon B. Johnson to be president of the United States.

These people—members of the more than 260 Johnson for President Clubs in Texas—are volunteers. They are businessmen, who are putting off business trips until later, carrying on much of their own work at night. They are housewives who are putting off the spring cleaning this year because "it's not as important as this."

More and more, you'll be able to recognize these people by the hats they wear. Not the hats on their heads, but little bronze Western hats with the letters "LBJ" on them. Men wear them as tie pins or lapel pins; women at the necklines of their dresses. Later on at meetings and rallies, they'll bear red, white and blue badges printed "All the Way With LBJ".

Nerve center of the operation is

the Johnson for President Headquarters in the Littlefield Building in Austin. From it goes a steady stream of bulletins, news material, pins, badges and brochures. Into it come the reports of activities over the state and—increasingly—over the nation.

May 7 is the first important date to the Johnson workers because, under the new election laws, it's the date of precinct elections.

There are a small number of candidates for statewide office this year, meaning probably, lighter than usual interest in the primary voting that will take place May 7. Additionally, there's no big cat-and-dog fight brewing in connection with the precinct conventions, as there often has been in years past.

It's the sort of situation in which a lot of people might decide on Saturday night, May 7, that they might as well stay home on the couch and watch "Gunsmoke."

There's another consideration this year, too. Unless the poll tax holder goes to the primaries to vote, he can't get his poll tax stamped

The Rotan Advance

Thursday, March 3, 1960 No. 5

"Democratic". And without a poll tax stamped "Democratic" he can't even get into his Democratic precinct convention.

Johnson workers have no fears that if there are good-sized turnouts for the precinct conventions, there'll be strong majorities for naming the senator favorite son nominee and chairman of the Texas delegation to Los Angeles.

What they're working against is the possibility that many might not feel any urgency in the matter because "there's nothing to fight over this year."

Get The Name Right

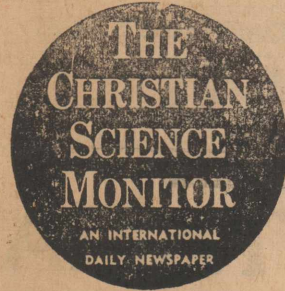

"We don't much care what you call us as long as you get the name of our agency correct on the checks and money orders," Arthur E. Fogle, of the Abilene Internal Revenue Service office, says with a smile.

In conversation the hard working men and women at the IRS are used to hearing other taxpayers refer to their organization as "Infernal Revenue," "Eternal Revenue" and some terms that wouldn't go through the mails.

"However," Mr. Fogle says, "we'll appreciate it if checks and money orders in payment of Federal income tax are made payable to INTERNAL REVENUE SERVICE."

This is the seventh year that Uncle Sam's collection agency has used that official name, he added.

Mrs. C. M. Huckaby returned home Monday of last week from a visit with her son, Mr. and Mrs. Royce Huckaby and sons in Killen. She also visited in Fort Worth.

Prove it to yourself! Dramatic test proves Plymouth gives you more miles per gallon!

Others talk gas savings... but Plymouth lets you see it. At your dealer's now—the PLYMOUTH PROVE-IT-YOURSELF ECONOMY DRIVE lets you take the wheel and see exactly the mileage you get! Thousands have taken this convincing drive. Don't miss it!

No special test track... no special test conditions... no special test driver! Just you at the wheel of a regular full-size Plymouth. Here's how it works:

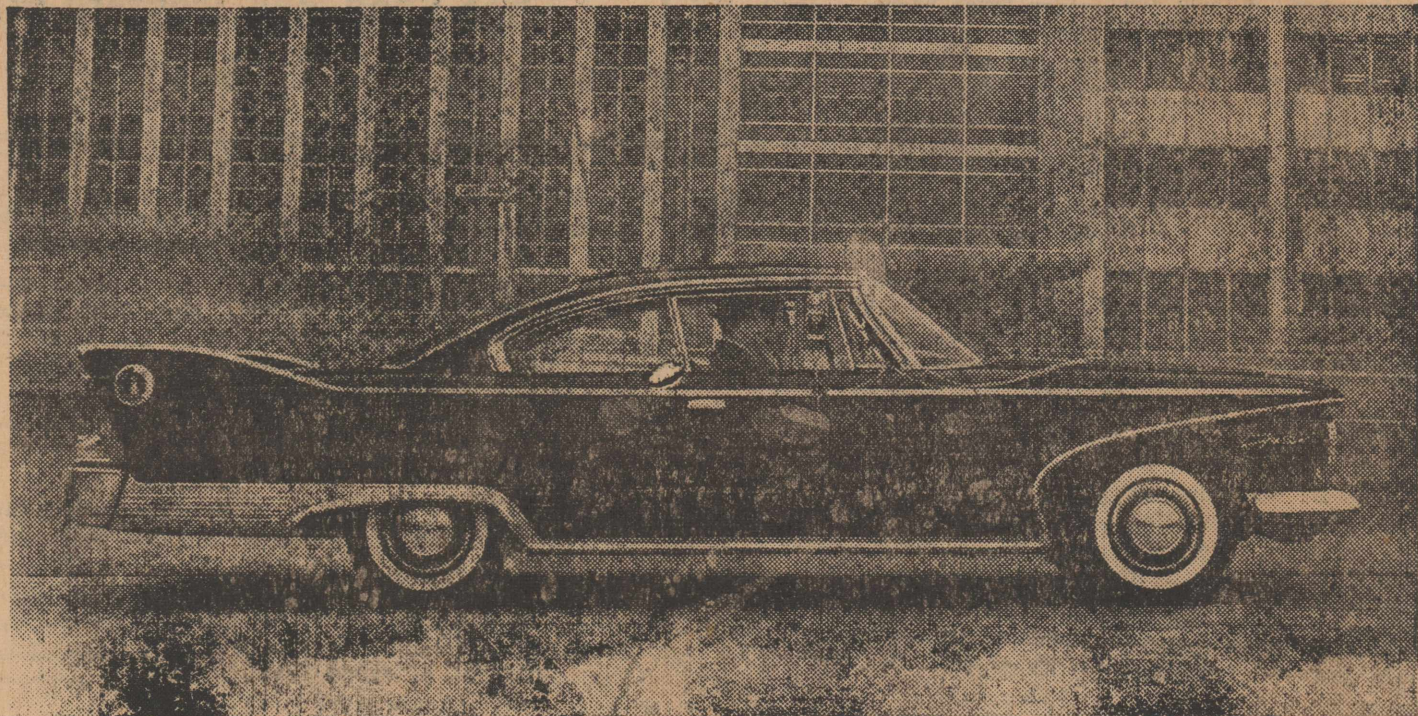

Mounted on one side of a Plymouth is a jar which feeds a measured amount of gas directly to the car. You turn a control and the car is powered by the gas from this ECONOMY METER.

Then you drive in your usual fashion, through normal traffic. When the gas in the jar has been used, check the mileage reading on the speedometer. See for yourself the mileage you got on just a small amount of fuel. Simple, fair—and dramatic proof, we think, of the solid gas economy engineered into the Solid Plymouth for 1960. See your Plymouth dealer.

A Chrysler-engineered product, built a new solid way to give you solid satisfaction

Service to farms
is our specialty...
WITH
TEXACO
PRODUCTS

We'd like to include you in our list of farmers who are satisfied users of Texaco products. They're satisfied for two reasons:

1. They like our dependable, neighborly deliveries. We deliver when you want it.
2. They've found it pays to farm with Texaco products. That goes for farmers in all 48 states, too—not just this area. Highest quality Texaco products protect your farm equipment against costly repair bills due to inferior lubricants and, also, prolong the life of your truck, tractor and other field machinery.

Why not sample our service and Texaco products—you've nothing to lose and lots to gain. Drop in for details, or phone us—we'll be happy to serve you.

4-H Club Week Is March 5-12

Governor Price Daniel has by official proclamation designated the week on March 5-12 as 4-H Club Week in Texas and has asked all citizens to participate in the observance, being planned by 4-H members in the communities and counties of Texas.

The Governor in his proclamation said, "Learn, live and serve through 4-H is the 1960 challenge to Texas 4-H Club members. Since the 4-H program was inaugurated by the United States Government in 1914 more than a million young Texans have received its benefits.

"An expanding 4-H program not only teaches the latest practices in

agriculture and home economics, but emphasizes character, development and good citizenship. Club members learn by conducting result demonstrations and participating in 4-H activities. By putting into practice in their homes and communities what they learn, club members live and serve through 4-H.

"County extension agents work with voluntary 4-H adult leaders, 4-H members, their parents, and friends of 4-H in developing a program which provides education and leadership opportunities for the youth of Texas. The 4-H program is under the direction of the Agricultural Extension Service of the Texas A&M College system.

"Any boy or girl from the ages of 9 to 21 can take part in 4-H

Club work.

The opportunities offered to 4-H Club members to grow in citizenship and in practical skills are especially valuable to them, the State of Texas and the Nation."

In a letter to all Texas 4-H Club members the Governor said, "Please accept my best wishes for 1960 and the years ahead. May you continue to build yourselves, your homes and communities, and thus help build our State and Nation. The future holds bright promise for our land, and you as 4-H Club members have a vital share of this future. I join the people of Texas in saluting you and the parents, adult leaders and friends of 4-H who make this program possible.

Letter From Redden

Rotan, March 1, 1960.

Dear Fellow Christians:

We sure do appreciate your interest in the new church at Roby. We are meeting at 10:00 on Sunday mornings and having Sunday School and preaching at 11:00, training union at 6:00. Preaching at 7:00. Come and worship with us. If you are going to church fine, but God knows our hearts. What we are doing for him. My God knows we need lots of things, but the spiritual side comes first. A church without God's spirit is a dead church, and it don't take members, it takes the Lord. My, so many churches have a lot of Christians in church, but no power and that don't mean much. A church that is not winning the lost needs something, and that is the Holy Spirit. May we wake up to our duty and forget the world and give God a chance. People are asking how many are we having at the Mission—from 4 to 7 and we are growing and we are proud some of these ask me how many we have. Some of the churches where they are, are down and out. My, when a church is going down it looks bad, but going up it looks good. If we give God a chance it would always go up.

We rob God—Malachi 3 6-10. 1. Talent, time, money. If every church would tithe, what God could do. This means every man is responsible to God, not how the others live and pray and goes to church, it is what you do for the Lord.

Matthew 6 chapter from 19 verse through 34 tells of a man serving the devil with one hand and God with the other. You can't serve God and mammon. Where your treasure is, there will your heart be also.

We meet at the Fair Ground building at Roby. Come and worship with us every Sunday morning and night. You are welcome and we need you, where everybody is somebody. Don't let your clothes keep you from doing God's will. God knows our hearts, so come over and help us. Be sure and remember us in your prayers. Wife is better and she will be with me on the field in a few days. She is the best worker God ever gave a preacher. Like me, and I am proud of her. We are hoping to move new building soon. If you want to help us in any way, will appreciate it.

E. L. Redden.

NEWS

*** County ***
Agricultural Agent
Texas A. & M. College
Extension Service

There will be a county wide educational meeting on livestock feeding Tuesday night, March 8, at 7:30 P. M. This meeting will be in the Agriculture Building on the Fair Grounds in Roby. More about the meeting appears in another article in this issue.

Are Fertile eggs more nutritious than infertile ones? No, says F. Z. Beamblossom, extension poultry marketing specialist, as he discusses facts relating to eggs. Since nothing of nutritional value is added by fertility, there would be no difference in nutritional value of fertile and infertile eggs. Nutrients in the feed are largely responsible for nutritional value in the egg, he adds.

"Egg albumen doesn't contain any food value." That is not true, says the specialist. Research shows that the albumen (egg white), contains over 50% of the protein in the egg and about 75% of the riboflavin. Don't waste the albumen.

"A prominent chalaza (thick twisted portion of albumen) indicates poor quality." Not true, says Beamblossom for prominent chalazas usually are associated with eggs of highest quality. They are composed of high quality protein and they help keep the egg yolk centered in the shell and anchor the yolk to the remainder of the thick albumen. All eggs have chalaza and they are no indicator of either fertility or infertility.

Beamblossom says he often hears the comment that all eggs of AA quality are extra large in size. Most eggs in retail outlets marked AA quality are large 24 ounces to the dozen—but some will weigh 26, 28 or even 30 ounces per dozen. This does not mean, he points out, that extra large eggs are the only AA quality eggs. It's a fact that there is a much higher percentage of AA quality eggs from small, medium and large size eggs than from extra large and jumbo sizes.

And finally, the specialist says he is often asked if eggs are not an expensive food item. Here's his answer. Large eggs weigh a minimum of one and a half pounds per dozen. Thus a dozen of large eggs selling for 60 cents would figure only forty cents per pound. Compare this with the cost per pound of such foods as beef, pork, chicken or turkey since they are also high protein foods. Eggs, concludes the specialist, are a best food buy under present selling prices.

Texas 30, Harper and Texas 28 produced average yields of about 70 bushels an acre to lead all hybrids in the 1959 Texas corn performance tests. These hybrids showed a wide range of adaptability by ranking at or near the top in each of the individual tests conducted by the Texas Agricultural Experiment Station. Sixteen dryland and two irrigated corn performance tests were completed in 1959. AAES Progress Report 2117, available from the Agricultural Information Office, College Station, gives a summary of the 1959 tests.

TELEPHONE TALK

by Bob Bresnahan, Manager

"I'm Forever Blowing Bubbles, Pretty Bubbles In The Air." This is a song telephone men are singing quite a bit nowadays. No, we haven't lost our minds, but we have found a way to improve your telephone service by blowing bubbles.

We have a program underway to put all of our cables under air pressure in order to keep moisture out during wet weather. Before the cables can be pressurized, it is necessary to make sure they are airtight. This is where the bubbles come in. We are going to force air into the cables and then by putting a soapy solution on the outside of the cables and looking for bubbles we will be able to locate and seal all the openings. After the cables have been sealed, the air pressure inside will remain constant and if a break should occur the pressure would drop and the break could be located and resealed.

So, if you see grown men blowing bubbles, don't laugh, we are only trying to improve your telephone service.

What's A Telephone For?

It's amazing how some folks don't make all the use they can of their phones.

A friend and I were talking about this very thing recently. This fellow, by the way, is one of the busiest people I know. In addition to his job, he does a lot of "do-it-yourself" projects, such as adding a family room to his home, takes part in social and church events with his wife, hunts, bowls and still has time to spend with his two young sons.

"How do you manage to accomplish so many things?" I asked. "I have help," he told me.

"How's that?"

"My two phones at home," he said. "Why, I just pick up one of them and the job's done."

Yes, my friend certainly believes in using his phones as much as he can—for business and pleasure. If you aren't getting the most out of your telephone, as he is, you might ask yourself, "Why not?" After all, that's what a telephone is for . . . to use.

Find It Fast In The Yellow Pages

"I wonder where to find . . ." I bet you've heard that statement many times by folks looking for a particular product or service. You've probably said it yourself.

There's really no need to wonder, though. Not when you can refer to the Yellow Pages. It's Rotan's most complete shopping guide.

Call by number. It's twice as fast.

PLENTY OF HOT WATER

WITH A QUICK RECOVERY

Electric
WATER HEATER

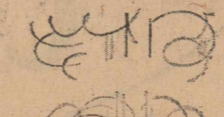

Here's Why Your
Water Heater Should Be Electric

NEW LOW RATE

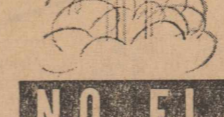

New low ONE CENT rate for electric water heaters . . . homes, stores, shops or plants . . . now you can enjoy controlled electric water heating for only one cent (1¢) per kilowatt hour.

FAST HEATING

The Quick Recovery electric water heater . . . a brand new development in electric water heating . . . equipped with super speed heating elements is so efficient that hot water is replaced in the heater almost as fast as it is used.

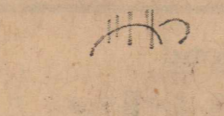

A 40 gallon Quick Recovery electric water heater will outperform a standard 82 gallon heater. Electric heating, 100% efficient, puts all of the heat into the water. Much of the heat in flame type heaters is wasted up the flue.

NO FLAME

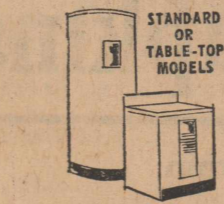

With flameless electric heaters there is no danger from escaped fuel, no pilot light to go out, no flame or combustible materials. The electric heater is clean and safe as a light bulb.

FREE WIRING

Free wiring for customers served by WTU. This free wiring offer also applies to 220 volt ranges and clothes dryers. Ask your electric appliance dealer or WTU.

There's never any work or worry with a Quick Recovery electric water heater. In new homes, in remodeled homes or replacing existing water heaters you will appreciate the space saving compactness of the Quick Recovery electric water heater. With no chimney or fire connections necessary, the electric water heater can be installed anywhere in the house. Saves space, saves money by preventing heat loss due to long pipe runs.

Hillcrest Ladies Study Mission Book Monday

The WMU of Calvary Baptist Church met with the Hillcrest ladies Monday for the purpose of studying the mission study book, "Reaching Rural Churches." Mrs. Mervin Tennyson taught the book, which was very challenging to each one present. A covered dish lunch was served at the noon meal.

The Hillcrest WMU will observe the Week of Prayer for Home Missions next week, with Mrs. A. L. White, prayer chairman, in charge of each days program.

Girls Auxiliaries and Royal Ambassadors will meet Wednesday, March 9 at 4 o'clock in the church to study the books, "Mike and His Four-Star Goal", for Juniors; and "Deep-Step, R. F. D." for Intermediates. Supper will be served for the groups and the books will be completed during regular prayer service time.

The pastor, Neal Shepherd and the entire membership of Hillcrest extend a welcome to anyone who comes to worship at Hillcrest. Sunday School meets at 10 a. m. Training Union time is 6:30. We praise God for all His many blessings and promise each one who attends will receive many blessings, also.

Alethean Class Met In W. L. Terrell Home

The Alethean Class of First Baptist Church met Friday afternoon in the home of Mr. and Mrs. W. L. Terrell with Group 2. Mrs. Ruth Denton, captain acting as hostess.

Rev. Polnac and George Watson, photographer, showed moving pictures on visitation, explaining how

to visit and encourage new prospects to attend church services. Rev. Polnac closed this part of the program with a prayer.

Mrs. H. L. Davis, president, then took charge. Mrs. J. A. Brown read Romans 12-18 for devotional. Minutes of the last meeting were read by Mrs. C. C. Roach, secretary. Mrs. Black, teacher of the class gave each a pledge card and asked that they read it often to remind them

of the pledge they made when they joined the church. She also brought other items of interest before the class.

Mrs. Denton and her helpers served a plate of cake, a sandwich, potato chips and coffee to 19 ladies.

Christian Science Service Sunday

1001 Crane, Sweetwater

How the power of God brings man protection and strength will be brought out in the Lesson-Sermon entitled "Man" which will be read at Christian Science services this Sunday.

The spiritual relationship of God and the man of His creating will be emphasized in the Scriptural readings which include this verse: "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?" (Psalms 27:1).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following: "Nothing but the power of Truth can prevent the fear of error, and prove man's dominion over error". (380:19).

The Golden Text is from Genesis (1:27): "God created man in his own image, in the image of God created he him."

Mr. and Mrs. Buz Taggart and Mrs. Joe Taggart visited last weekend with Mr. and Mrs. Luther Summers at Weatherford Okla. and E. R. Beech at Bridgeport, Okla.

Mr. and Mrs. Lehman Newton and children of Snyder visited their parents Mr. and Mrs. L. E. Newton and Mr. and Mrs. Ollie McCombs Sunday.

Mr. and Mrs. L. C. Vittitow and Mr. and Mrs. Alvie Kolb visited and attended to business in Abilene Sunday.

Bob Barker who is in the Army, stationed in Washington visited in the home of Mr. and Mrs. Morris Watson several days last week.

Mr. and Mrs. Kenneth Land of San Angelo visited Mr. and Mrs. D. J. Smith Saturday. Mr. Land is a nephew of Mrs. Smith.

Dr. and Mrs. Stanley Gilbert and children of Dallas visited Mr. and Mrs. H. T. Fillingim last weekend.

WWII Vets Loan Deadline Nearing

About five months remain in which World War II veterans may apply for GI home, farm or business loans, Summer G. Whitter, Administrator of Veterans Affairs, reminded veterans today.

Under present law, July 25, 1960, is the cut-off date set for World War II veteran participation in the post-war program that has seen more than 5 million World II veterans take advantage of the GI Bill loan provisions since June 22, 1944.

Veterans who submit their applications on or before the deadline of July 25, 1960, will be allowed an additional year, or until July 25, 1961, in which to have the processed and actually closed.

Mr. Whitter pointed out that these dates do not apply to Korean-conflict veterans who have until January 31, 1965, to make GI loan applications.

World War II veterans who also during the Korean-conflict period are considered Korean-conflict veterans for the purpose of GI loans.

Veterans in rural areas and in small cities and towns where guaranteed loans are not generally available for VA direct home and farmhouse loans. The loan program for both World War II and Korean-conflict veterans is due to expire on July 25, 1960.

Since the GI loan program was launched in June, 1944, and up through December, 1959, a total of 5,125,000 loans have been guaranteed or made to World War II veterans for a total face value of \$40.8 billion.

Approximately one-third of the eligible World War II veterans and one-eighth of the Korean-conflict

veterans have taken advantage of the loan program to date.

Reviewing the tremendous scope of the GI loan program as used by both World War II and Korean-conflict veterans combined, Mr. Whitter said that it was the equal of financing one out of every 10 dwelling units in the United States, including apartments and single-family rental properties.

Nearly one out of every 4 mortgaged single-family dwelling units in the United States has a VA-guaranteed mortgage, Mr. Whitter said.

Census Work To Get Underway April 1st

The 18th U. S. decennial census gets under way April 1.

Work is already under way in processing and arranging the more than 6,000 pounds of census-taking materials now piled up in the district office at Abilene.

Although the actual gathering of census information will not begin until April 1, about mid-March, each householder in the district will receive a census form in their mail box which they are requested to fill out.

The enumerators will pick up the forms when they call to take census information.

Official enumerators will be identified by a red-white-and blue badge, and will not gather any information over the telephone, except possibly to make an appointment with the householder.

All information given to census-takers is absolutely confidential, with enumerators who violate their oath of security liable to a \$1,000 fine and two years in prison.

The information gathered by the census takers cannot be used by any other branch of the government, and its use in the U. S. Department of Commerce of which the Census Bureau is a branch, is purely statistical.

The local operation is expected to be completed by May 1, and population figures will be available by the latter part of May.

Within 12 to 18 months all the information in the first "univac processed" census will be tabulated, and be available for publication.

One in four of all people interviewed by the enumerators will be asked a more detailed list of questions.

The seven primary questions about every person and four about the dwelling unit include the name, address, sex, color or race, month and year of birth, marital status, and relationship to the head of the household.

The four questions about the dwelling are the kind of dwelling, cooking facilities, number of rooms and tenure or ownership.

The 14-county Abilene district includes Scurry, Fisher, Nolan, Jones, Taylor, Schackelford, Calahan, Stephens, Eastland, Palo Pinto, Erath, Comanche, Hamilton and

Highway Patrol Exams To Be Given

Young men interested in becoming patrolmen in one of the greatest law enforcement organizations in the nation will be given their chance during April.

Colonel Homer Garrison, director of the Texas Department of Public Safety, announced today that entrance examinations will be given April 12, 13 and 14 in cities throughout the state to men interested in the patrolman positions.

The state police director said exams will be given April 12 in Tyler, Beaumont, Harlingen, Midland, El Paso, Lubbock and Austin. April 13 the exams will be given in Dallas, Lufkin, Corpus Christi, Abilene, Amarillo and Waco. And on April 14 the examinations will be given in Fort Worth, Houston, San Angelo, San Antonio and Wichita Falls.

Garrison said young men between 21 and 35 years of age have until April 1 to file applications for these important positions. They must be a graduate of high school, be in good physical condition and of good moral character. Applicants must be not less than 68 inches, or more than 76 inches tall and weigh not less than two pounds or more than three pounds per inch of height.

He said requirements are rugged, but that the results will be rewarding for those who are selected to join the corps of well trained law enforcement officers.

Complete information may be obtained by writing to the Texts Department of Public Safety in Austin, or by contacting the nearest regional or district DPS office.

Mr. and Mrs. Dillard Smith and David, Mr. and Mrs. Nelson Smith and Gary visited Mr. and Mrs. Charles Robert Smith and Fred Smith in Austin last weekend. They were joined there by Linda Lou Smith Sunday. She is a student at Baylor University, Waco.

Seventeen members of the Rotan Fire Department and their wives were entertained Monday night with a steak supper at Cinda's Dining Room and then went to the Fireman Hall, where games of '42' were played.

Parker counties. 12 to 20 enumerators will work in each county.

Jim Randolph of California arrived home Saturday to be with his parents, Mr. and Mrs. W. L. Randolph. Mr. Randolph is in the hospital here for treatment, following surgery a few weeks ago at Hendricks Memorial Hospital, Abilene. He is very ill.

Mrs. Edwin McCombs attended the funeral of her brother, C. E. Creswell in Snyder Saturday afternoon. Her sister and family, Mr. and Mrs. R. B. Fairy of Karnes City also attended the funeral and spent Saturday night here with Mr. and Mrs. McCombs.

Mr. and Mrs. Clifton Blount came home Sunday from Abilene where Mr. Blount had a thyroid operation Tuesday morning of last week. Her brother, Charlie Whitfield of San Angelo took them to Abilene and Wylmer Blount and Jim Blount went for them. Mr. Blount is recovering nicely.

Mrs. Cecil Lotief arrived home Monday evening from Baton Rouge La., where she had been with her mother, Mrs. Thomas Joseph, who
