

Hammers Take Close Win Over Roby Lions

In a thrill-packed game from starting whistle to the last play, Rotan's Yellowhammers handed Roby Lions their first loss of the season, here Friday night.

The Hammers scored in the last 2 minutes of play and made the double conversion to win.

All scoring came in the fourth period. David Baugh was called back on a 48 yard touchdown run in the second quarter because of a rules infraction.

Roby scored early in the fourth period when Don Stuart raced 60 yards to the Hammer 4 and then drove over from the one, three plays later. The conversion try, which developed to be the key play, failed when Stuart failed to connect with a pass to Lynn Gibson.

Following Roby's kickoff the Hammers fumbled and Roby recovered about midfield. A Stuart pass was intercepted by Marlin Field who returned to Roby's 35.

With 1:15 remaining in the game Field passed 25 yards to Don Goodrum for the tying touchdown. Then Baugh drove through left tackle for the winning two points.

Her talk was followed by a question and answer period after which the Rotan group voted unanimously to organize.

Grand Opening Of Piggly Wiggly Attracts Heavy Attendance

J. D. MOORE

The Grand Opening of the new Piggly Wiggly started in a big way Wednesday. Large crowds were in the store most of the day and enjoyed Light Crust Doughboys entertainment along with other features. The event will run through Saturday with \$500 in groceries given away free. In addition to this customers are registering for a number of other valuable prizes.

Free candy and balloons for the kiddies. Dr. Pepper is served and hot dogs on sale Saturday for 5c.

The organ music entertainment planned for today and Friday will not be held, due to Mr. Pinky Meredith suffering two broken fingers Sunday. His offer to play at the new store was a standing proposition of a number of years. He told Mr. Moore he would play for the opening of a new store, which was then just a dream. He suffered the injured fingers when he reached in a moving washing machine to recover his daughter's wrist watch.

The new store is a far-cry from the Piggly Wiggly Mr. Moore opened in Rotan, Dec. 2, 1960 in the Fillingim building. Due to expanding business he moved to the Pace building in March, 1952.

The new store, 65x110 foot with a paved 14,450 foot parking area, is very convenient.

The Produce department has 18 feet of dry produce space and 33 feet of refrigerated display. The Meat department has 48 feet of display including 36 feet of self service space. Frozen foods has 48 feet of display and Dairy products shows an attractive 20 foot display.

Four checking counters are maintained for efficiency.

The building is cooled by refrigerated system and heated by central unit, and roof is insulated to control temperature.

New fixtures are installed to complete this modern food market.

Harry Holt To Speak At FB Meeting Oct. 18

The Farm Bureau will have a public meeting October 18, 7:30 p. m. in the REA building at Roby.

Mr. Harry Holt will be speaker on Livestock Feeding and other related subjects, which have a strong bearing on the return from our grain sorghum and cottonseed.

FB officers state that Mr. Bill Wedemeyer works in research and promotion for Farm Bureau. He is a fine speaker and well versed on what the Farm Bureau is working for and how the aims of Farm Bureau are formed from the individual member up through county, state and up to the national level.

They state that with a new President when Congress meets again, both are pledged to change farm programs quite a bit.

Since one person speaking out, does not carry much weight, they urge farmers to band together 100 per cent to let Congressmen and Representatives know how we, the producer think on the farm program. It will be much more effective to let our views be known while the program is being formed than to try to get changes made afterward.

The farm program and policy that is worked out in the next year or two will be with us and vitally affect us as farmers and all other people who derive benefits from farming, for years to come.

FB urges every person in Fisher County to hear Mr. Holt and M. Wedemeyer.

The Farm Bureau is making a membership drive following the public meeting and urge all to come out and hear what FB stands for, some things it has done and the methods it employs to represent the farmers.

Coffee, doughnuts and cookies will be served.

The program committee is composed of Jim O'Briant, George McBeth and Glen Upshaw.

Thompson Builds New Piggly Wiggly

H. THOMPSON

H. Thompson of Home Lumber Company, who was general contractor of the new Piggly Wiggly building states that "he is very proud of this building". He says that on each of the major building projects they have done during the past, he thought each was the climax, but instead, the major building program has continued. He considers the Piggly Wiggly one of the finest food markets in the area.

Thompson has always used local labor in every way possible, and through his efforts on this line, the general economy of Rotan has been greatly boosted during the past several years, by his large payroll.

He feels the building program has a very bright future in Rotan and is making plans to do his part in "keeping it rolling."

**Christian Science
Sunday Service**

Paul's boundless love for man will be emphasized at Christian Science churches on Sunday.

Keynoting the Lesson-Sermon on the subject of "Doctrine of Atonement" will be the Golden Text from E. John (4:10): "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (19:6) "Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love redeems man from the law of matter, sin, and death by the law of Spirit—the law of divine Love."

Being immensely fond of the instrument and a strummer of same, I'm happy to report that the sale of guitars has gone up 500 percent in the last couple of years.

The main reason is that more and more people of all ages are finding surcease and fun sitting home singing, to guitar accompaniment, the wonderful old folk songs of our heritage.

Above all, the guitar is the simplest, most satisfying means of do-it-yourself musical expression. You can easily learn to strum three or four chords, and, if you can't sing too well, you can hum along with them the dear old melodies that sooth the troubled soul.

Increasingly at family gatherings or at parties these evenings, someone will have a guitar. Before you know it, he's surrounded, where he sits, by voices raised in "On Top of Old Smoky," "Down in the Valley," "Jimmy Crack Corn" and such old favorites.

Invariably, and gratifyingly, the teen-agers present know and enjoy singing them, as welcome relief from rock 'n roll. They even know some of the beautiful hymns of long ago, and as they sing, all seems, for the moment, somehow right with the world!

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROTAN, TEXAS:

Section 1-Permit and License Required. It shall be unlawful for any person to engage in the business of peddler as defined in Section 3 of this Ordinance, within the corporate limits of the City of Rotan, without first obtaining a permit and license therefor as provided herein.

Section 2-Unlawful Peddling After Acquiring Permit and License. It shall be unlawful for any person to go upon any private residence within the City of Rotan for the purpose of engaging in the business of peddler as defined in Section 3 hereof, after having obtained a permit and license therefor as provided for herein, when said private residence has at its front entrance or near thereto a sign reading as follows:

Section 5-Investigation and Issuance.

(a) Upon receipt of such application, the original shall be referred to the Chief of Police, who shall cause such investigation of the applicant's business and moral

character to be made as he deems necessary for the protection of the public good.

(b) If as a result of such investigation the applicant's character or business responsibility is found to be unsatisfactory, the Chief of Police shall endorse on such application his disapproval and his reasons for the same, and return the said application to the City Secretary, who shall notify the applicant that his application is disapproved and that no permit and license will be issued.

Section 7-Transfer. No license or permit issued under the provisions of this ordinance shall be transferred or assigned.

Section 8--Loud Noises and Speaking Devices. No peddler, nor any person in his behalf, shall shout, make any cryout, blow a horn, ring a bell or use any sound device, including any loud speaking radio or sound amplifying system, upon any of the streets, alleys, parks or other public places of said City or upon any private premises in the said City where sound of sufficient volume is emitted or produced therefrom to be capable of being plainly heard upon the streets, avenues, alleys, parks or other public places, for the purpose of attracting attention to any goods, wares or merchandise which such licensee proposes to sell.

Section 9--Use of Streets. No peddler shall have any exclusive right to any location in the public streets, nor shall any be permitted to operate in any congested area where his operations might impede or inconvenience the public. For the purpose of this ordinance, the judgment of a police officer, exercised in good faith, shall be deemed conclusive as to whether the area is congested or the public impeded or inconvenienced.

Section 10--Exhibition of License. Peddlers are required to exhibit their licenses at the request of a police officer or any citizen.

Section 11--Duty of Police to Enforce. It shall be the duty of any police officer of the City of Rotan to require any person seen peddling, and who is not known by such officer to be duly licensed, to produce his peddler's license and to enforce the provisions of this ordinance against any person found to be violating the same.

(a) Permits and licenses issued under the provisions of this ordi-

nance may be revoked by the City Secretary of the City of Rotan after notice and hearing, for any of the following causes:

(1) Fraud, misrepresentation or false statement contained in the application for license;

(2) Fraud, misrepresentation or false statement made in the course of carrying on his business as peddler;

(3) Any violation of this ordinance;

(4) Conviction of any crime or misdemeanor involving moral turpitude;

(5) Conducting the business of peddling in an unlawful manner or in such a manner as to constitute a breach of the peace or to constitute a menace to the health, safety or general welfare of the public.

(b) Notice of hearing for the revocation of a license shall be given in writing, setting forth specifically the grounds of complaint and the time and place of hearing. Such notice shall be mailed, postage prepaid, to the licensee at his address given in application for permit and license at least five (5) days prior to the date set for hearing.

Section 14--Appeal. Section 17--Severance Clause. The provisions of this ordinance are declared to be severable and if any section, sentence, clause or phrase of this ordinance shall for any reason be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, clauses and phrases of this ordinance but they shall remain in effect, it being the legislative intent that this ordinance shall stand notwithstanding the invalidity of any part.

Section 18--Repeal of Conflicting Ordinances. This ordinance is in conflict with the provisions of Ordinances heretofore passed and said ordinances and all others or parts of others in conflict with the provisions of this ordinance are expressly repealed.

Section 19--Emergency, Effective Date and Publication. Because of the chaotic conditions upon the streets of the City of Rotan caused by the uncontrolled sale of articles described in Section 3 (b) of this ordinance, an emergency is declared to exist and it is ordained that this ordinance shall be effective one day after its publication.

Unanimously passed upon motion duly made and seconded this the 11 day of October, 1960.

Yes--You Hear Strange Things About Catholics--

Especially if you read their official pronouncement rather than newspaper ads designed to hide the truth concerning their doctrine.

Let us note the origin of "Strange things you hear about Catholics" branded as false by advertisement in the last edition of Rotan Advance.

Concerning non-Catholics headed for hell--"We declare, say, define, pronounce it to be of necessity to salvation, for every human creature to be subject to the Roman Pontiff" Pope Boniface VIII.

Concerning non-Catholic marriages--"The Church does not consider merely CIVIL MARRIAGE AS MARRIAGE IN ANY SENSE" Code of Canon Law, 1918, p 298. "A civil marriage is only licensed cohabitation" Western Watchman March 28, 1912.

Concerning deification of the Pope--"The Pope can do all things whatsoever he pleases, even unlawful things AND IS MORE THAN GOD". Cardinal Zabarelli. "If the Pope could, or should, so far err as to command the practice of vice, or to forbid virtuous actions, the Church were bound to believe vices to be good and virtues to be bad" Cardinal Bellarmine.

Concerning religious freedom of worship: The inalienable right of all men to worship God according to the teaching of the Catholic Church" Catholic Dictionary. "The state has NOT THE RIGHT TO LEAVE EVERYMAN FREE TO PROFESS AND EMBRACE WHATEVER RELIGION HE MAY DESIRE" Syllabus or Errors, Pius IX.

Concerning Papal allegiance "And I pledge and swear true obedience to the Roman Pontiff, Vicar of Jesus Christ, and successor of the blessed Peter, prince of the apostles" Catholic profession of faith, 3d Plenary Council of Baltimore. "The Roman Catholic hierarchy has the RIGHT AND DUTY to intervene in the political field" Vatican Newspaper, May 19, 1960.

Concerning public schools "Our first duty to the public school is NOT TO PAY TAXES FOR ITS MAINTENANCE" Cardinal Hayes. "It is wrong to advocate that that schools be public and not parochial" Syllabus of Errors.

Concerning separation of church and state "The state has not the right to separate itself from the Church" Syllabus of Errors.

Concerning priestly forgiveness of sins "The power with which the priests of the new law are invested, is not simply to declare that sins are forgiven, but as ministers of God really to absolve from sin" Cat. Council of Trent, p 182. "In order to receive the sacrament of penance rightly, perfect contrition of the penitent is not required, but it is sufficient if he have attrition" Liguori, Sny p 105. "That there exists a certain treasury in the church, which is the foundation of indulgence (license to sin, parenthesis mine, M. K.); that the church has the power of applying this treasury of satisfactions, and thus of granting indulgences" Cardinal Bellarmine.

Concerning purgatory "That there is a purgatory, and that the souls detained there, are helped by the prayers of the faithful, and particularly by the acceptable sacrifice of the altar" Council of Trent.

Concerning bible study "Of all the advise we can offer your holiness, we must open your eyes well and use all possible force in the matter, namely, TO PERMIT THE READING OF THE GOSPEL AS LITTLE AS POSSIBLE" Cardinals of the Church to Pope Pius III, found in National Library of Paris, Vol. 2, p 650.

Concerning pagan superstitions and practices such as relics, etc.--"Is it a mortal sin to steal a small piece of a sacred relic?" Answer: "There is no doubt, but that in the district of Rome, it is a mortal sin. But out of this district, if any one steal a small piece of a relic, it is probable that it is no mortal sin, providing the relic be not thereby disgraced, nor its value lessened; unless it be some notable or rare relic, such for instance as the Holy Cross, or a hair of the blessed Virgin Mary" Liguori Sny p 167.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. WALLACE, D. O. Commissioner of Health.

The thrill of the hunt is exhilarating, and yet at the same time can be soothing. This paradox of emotions probably accounts for the tremendous popularity of the sport.

But there is still another aspect—this one not so attractive—the ever present possibility of an accident.

During 1959 there were 159 accidental deaths attributable to firearms. While a large number were children who had pulled a 'toy' gun out of Dad's bureau, most were outdoor hunting or allied "cleaning" accidents.

By October 1, 1960—during dove hunting season—there were four deaths from hunting accidents according to the Sportsman's Clubs

of Texas. However, death from firearms is not the only way to die during hunting season. A good many hunters slip and fall over precipices while gazing off into the distance instead of watching their steps on unsure ground.

But the greatest danger is still the hunter's weapon. Here are the ten commandments of shooting safety, which if followed seriously may have your own or your partner's life.

1. Treat every gun with the respect due a loaded gun.
2. Watch that muzzle! Carry your gun safely—keep the safety on until ready to shoot.
3. Unload guns when not in use.

take down or open breech-guns should be carried in cases to shooting area.

4. Be sure barrel is clear of obstructions, and that you have ammunition only of the proper size for the gun you carry.

5. Be sure of the target before you pull the trigger—know identifying features of the game you hunt.

6. Never point a gun at anything you do not intend to shoot—avoid all horseplay.

7. Never climb a tree or fence or jump a ditch with a loaded gun—never pull a gun toward you by the muzzle.

8. Never shoot a bullet at a flat, hard surface or water—at target practice be sure your backstop is adequate.

9. Store ammunition and guns separately, beyond reach of children.

10. Avoid alcoholic beverages before or during shooting.

You hear strange things about Catholics

Is it because of danger of a pipe line being built between the Vatican and the White House, no, few people believe that today. Is it because Cardinal Spellman might be made Secretary of State, or Fulton Sheen made a ghost writer for the Presidents speeches? No. Is it because one should vote against a man simply because of his religion? No. Why not, then, a Roman Catholic President?

Are American Catholics different? That is wishful thinking. No American Cardinal, no American Bishop not one American hierarchy has ever given any member of their church permission to put the state before the church in any of their duties as Governors or Senators, read the following. One only need go back to December of 1959 to find Gen. De Gaulle, of France, so strongly favoring a bill to increase state aid to Catholic schools from 12.3 million to 41 million dollars a year that he threatened to "reform" the constitution if the bill didn't pass. Under that kind of pressure—from an ardent Roman Catholic President—the bill passed. That couldn't happen in America you say. Let's see. In 1954 when Edmund Muskie was elected the first Roman Catholic Governor of Maine, the Roman Catholics immediately stepped up their demands for bus transportation to Roman Catholic Schools—at public expense. Again when Albert D. Rosellini was elected Governor of Washington, the first Roman Catholic Governor of that state, the Catholic lobby immediately descended on the state capital, pushing a Legislative program calling for various kinds of subsidies to parochial schools and a proposal to revise the State Constitution so that public funds could be used for church activities. Again in Ohio, with the second Roman Catholic Governor in its history, approval has been given to place garbed Nuns on public payroll as teachers in public schools. There are now over two thousand, (2,055), Nuns and Priests teaching in public schools, and on public payroll, in United States. Nineteen states now give free transportation to parochial schools and pupils, and five states furnish them free text books, all at public expense, and ALL a clear violation of the first amendment to the constitution. Again in one of the first bills to be presented to the Colorado lawmakers after the first Roman Catholic Governor of that state was a bill for free transportation to parochial schools, paid for of course, out of tax funds. Again, it has been estimated that Con. John W. McCormack, (Dem. Mass.) who is a devout Roman Catholic, has been personally responsible for legislation which, under various categories has brought public funds of more than thirty million dollars to the institutions of his church. As someone has said "If a mere Catholic Congressman can do that, what couldn't a Catholic President do? It is true that Senator Kennedy stated in Look Magazine, March 3, 1959, that religion is personal, politics are public, and the twain need never meet and conflict, but in the Roman Catholic, they have met, and they will meet and conflict. If a man were a sincere politician AND true Catholic, and Senator Kennedy is both, and when he said in the same article "For the office holder nothing takes precedence over his oath to the constitution, the press of his own church castigated him unmercifully and said that his statement was certainly not good Catholic doctrine. One is left to believe that much talk about "American Catholicism", being different from the "official" or "traditional" Catholic view is, in word, so much "campaign oratory". Daniel Polong reminds us that when Senator Kennedy was invited to an inter-faith ceremony, he refused to attend because a high-ranking member of hierarchy advised him not to.

When Senator Kennedy met with the Ministerial Association at Houston, Texas, he made the statement that "If the time came that he would have to make a decision as President that would conflict with his church, he would resign from the office of the President of the United States. What do you think?, he would do as the others have done when the pressure is put on he will yield as they did, no we must not have a Roman Catholic as President of the Land of the Free and the Home of the Brave.

Local Members Attend Regional DKGS Sat.

Mrs. James B. Day of Rotan, Mrs. Herman Phillips of Sweetwater, Misses Josie and Delila Baird of Rotan attended the annual fall state Regional of the Delta Kappa Gamma Society which was held in San Angelo Saturday. The theme of the Regional was "The Dimension of the Future are You". The day's activities began with coffee and registration at 9:00 a. m. in the student center of San Angelo College. An initiation was held at 9:30. Initiation was in charge of Mrs. Bess McDonad, state chairman of initiation. Following a sing song under the direction of Miss Monette Wilson of Brownwood more than one hundred members answered roll call. Presiding at the meeting was Miss Zady Belle Waker of Memphis, state chairman of constitution.

Miss Delila Baird of Gamma Tau chapter was chairman of a group which presented skit covering highlights of the international convention which was held in Miami Beach in August. She was assisted by Mrs. Lida Rhoades of Snyder and Miss Bessie Borden of Kerrville. These members, who attended the convention, presented their program as an informal chat over coffee with Maydelle Burns and Mrs. Laura Holladay of Snyder, and Mrs. Phillips. Mrs. Rhoades described the beautiful setting of the American Hotel in Bal Harbor Florida. Miss Baird discussed the theme of the convention and high points from the presidents report and outstanding speakers. Some interesting facts mentioned were taken from a symposium which discussed the "Many Faces of Change." These included the changing social scene, the changing world scene, changes in the status of women and the changing system of values. Of especial impor-

tance is the world population explosion, the changes in technology and automation and the implications of both. It was brought out that at the present rate of growth, half of the world will be Chinese in fifty years, and that in 730 years the world will be as crowded as a World Series ball game stadium. From the facts at hand, there is little room for optimism in the world scene. One-fourth of the world is in Cadillacs—the other three-fourths in ox carts with an annual family income of less than one hundred fifty dollars and a daily food intake of less than twenty-five calories. The peace of the world may well rest with the three fourths. We must be concerned about the welfare of these people. They have started their revolutionary changes and we must not stand idly by—the United Nations is our best hope.

Miss Borden discussed the scholarships which were awarded at the convention. Fifty-seven special scholarships of \$2,500 were given to outstanding women educators to use in graduate study. These have been raised since the last convention two years ago. Never before has one single organization undertaken such a project. There was one for a recipient from each state unit—fifty in the United States and seven in Canada.

Mrs. Rhoades discussed the Founders Dinner which climaxed the Convention. She also discussed the plans for programs and yearbooks as given at the clinic at the meeting.

Following the reports of International Convention, the group divided into four sections for discussion on future actions of the chapters in light of the needs of the times Mrs. Day, president of the local chapter was leader for the group which discussed the topic "What can your chapter do to justify the claim that you are 'key women teachers'?"

The Rotan Advance

Thursday, Oct. 13, 1961 No. 35

Mrs. Phillips was recorder-reporter for this group.

Miss Josie Baird was Gamma Tau member on the committee for regional attendance award. This was won by Beta Epsilon of Scurry and Mitchell counties. The meeting was climaxed by a talk by Mrs. Sadie Ray Powell, a past state president, of San Antonio.

JOY Circle Holds Family Night

Members of the JOY Circle were hostesses for the "Family Night" meeting at First Methodist Church Wednesday evening of last week when teachers in the Sunday School were given recognition.

Theme for the meeting was "Stars in Your Crown", and the room was decorated with silver

stars on a sky blue background. Rev. Bill Pearce gave the prayer and led the group in a sing-song and also introduced Ray Brown, Sunday School Superintendent, who introduced members of the various departments and their teachers. The Joy Circle also sponsored a Miscellaneous Shower honoring the recently adopted sons of Mr. and Mrs. John Leach. A covered dish supper was served to a large number of guests.
