

Homecoming Game In Rain-12-12

The Homecoming game Friday night was played in rain most of the time, resulting in a 12-12 tie. This was a district game between the Hammers and Coahoma Bulldogs.

Bulldogs took the lead and piled up a lopsided 12-0 at halftime. Rotan's Yellowhammers got going in the second stanza, tying the game with the final TD in last 30 seconds of play.

HB Donald Goodrum starred for the Hammers as he pulled down a pass from QB Marlin Field on Coahoma's three and went over the goal line to tie the score on the final play of the game. Rotan failed to break the tie, when nonversion failed.

Goodrum scored in the third quarter when he gathered a punt on his own 30 and dashed 70 yards for TD.

Coahoma opened scoring late in the first quarter and their final touchdown came late in the second. Both teams had trouble handling the wet ball, causing a score of fumbles on both sides, but both played 'heads-up' football.

COAHOMA 6 6 0-12
ROTAN 0 0 6-12

The Hammers have an open date this week and go to Merkel for the final game of the season November 11 for district play.

Strayhorn Meets Former Teammates of 1911

J. R. Strayhorn joined a group of ex-students of Trinity University in Fort Worth Saturday who were there for the Trinity University-Arlington State game. The group of nine men, all from this area were members of the Trinity University football squad in 1911 and their team played the second game that was played in the Cotton Bowl and they were given special recognition at the banquet that evening. Needless to say it was a very enjoyable occasion.

Mr. Strayhorn returned home Saturday night and went to Snyder Sunday and attended a reunion of his high school class of 1910. There were 10 members of the class attending this 50th celebration.

Homecoming Events All Well Attended

Homecoming, 1960, was well attended last weekend with a large number of out-of-town Exes making the trip for the event.

The group started arriving and registration Friday afternoon. The crowd was dampened at the game Friday night, but this did not slow activities.

One of the highlights of the occasion was naming of Queen for the event. Katharyn Duff, assistant editor of Abilene Reporter-News was bestowed this fitting honor. She was presented by Bill Day, who told of her support and sponsorship of the pep squad and other phases of school activities when she was a teacher in the Rotan School system. She later taught in Abilene and went with the Reporter-News in 1942. She has played an important role on the paper since that time.

Mrs. Francene McKinney was named vice president at the business meeting Saturday and Bill Day named treasurer.

Dr. Barry Allen, carryover president presiding during the events and Bernice Hardy, carryover secretary, gave annual report.

A delightful program was given during the business session including a group instructed by Jim Randolph costumed teen dancers presenting ballroom dances of countries around the world. Pre-teenagers were presented in tap, ballet, and acrobatics.

Open House in the new home of Mr. and Mrs. D. T. McDonald followed the afternoon session.

Events were concluded by a dinner in gymnasium at 6:30, followed by a dance at VFW hall and games at the new home of Mr. and Mrs. Homer Aaron.

Club To Meet Thursday, Nov. 8

Mrs. John Price who is in a hospital in Fort Worth for treatment is slightly improved and will have surgery when she has improved sufficiently.

Mr. and Mrs. Comer Collins of Huntsville, Arkansas returned home Sunday after spending several days here with Mrs. Walter Collins. They attended the Homecoming while here.

Cotton Gathering Underway After Rains

Cotton harvest got underway Monday after two weeks of damp weather. Only a small amount of cotton was gathered during this period, but hands and mechanical harvest machines have caused crowded conditions at some gins since Tuesday.

Many farmers are just beginning their harvest and the ginning total of 9,743 bales Wednesday afternoon indicate a good crop remaining in the fields.

Some labor has moved back to South Texas homes, but a large supply remains.

The temperature failed to reach the predicted freezing point, but several frosts have appeared. Cotton has been dried out by winds and sunshine and farmers are happy to have missed a wet freeze, thus far, which would have ruined most unopened bolls. This condition cut the yield last year.

Kerrville Service For Crawford Infant

The infant daughter of Mr. and Mrs. E. J. Crawford, Kelly Ann, died in Callan Hospital Friday at 11:50 a. m. She was born at 10:52 the same day.

Funeral was held Sunday at Memorial Funeral Home at Kerrville and burial in Garden of Memories at Kerrville.

Survivors are the parents, Mr. and Mrs. E. J. Crawford; two brothers, Joey Earl and Danny Lee, maternal grandparents, Mr. and Mrs. Richard Waite of Kerrville; paternal grandparents, Mr. and Mrs. Pete Waddill of Brady.

Mr. Crawford is manager of Winn's Store in Rotan.

VFW Plan Party For VA Hospital

Members of the Veterans of Foreign Wars Post 5072 held their regular meeting October 27th at Post Home. Besides routine business matters, Steve Kelly was elected to the Board of directors. Final plans for the party to be given for the patients in the Veterans Hospital at Big Spring November 29th was outlined.

Since the Hospital staff has expressed their desire for more books for the patients, the members thought this would be a worthwhile project to undertake.

Anyone having books they no longer want are requested to bring them to the Post Home or call any member and someone will pick them up.

McDonald Home Scene Of Homecoming Open House Saturday

Open House was held in the beautiful new home of Mr. and Mrs. D. T. McDonald Saturday afternoon from 2:30 to 5:00 o'clock honoring Rotan Ex-students and friends who were attending Homecoming.

Mrs. Wayne Nowlin and Mrs. Justin Morrow welcomed arriving guests and Mrs. Murl McKinney was at the registry table where 90 guests registered.

Mrs. Dave Posey and Mrs. Jess Stinson used a copper service in carving coffee and cookies. Centerpiece for the serving table was an arrangement of gold chrysanthemums.

Pat Riley and Norma Sparks provided piano and solo numbers during the receiving hours.

Mr. and Mrs. Joe Kiker went to Odessa Saturday in response to a message that their daughter, Mrs. Bill Moran was ill. Mrs. Kiker remained with her until Tuesday and brought her home. Mr. Moran came for Mrs. Moran Saturday.

N. M. Cathy of Sweetwater spent the weekend here with his daughter, Mrs. Elmer Hughes and Mr.

Farm Bureau Urges Everyone To Vote

Farm Bureau, being a non-political organization, with no pretensions of dictating your vote urges you to read the following, showing the importance of one vote.

One-vote margins have turned many eventful decisions in the past history of our Country. Thomas Jefferson was elected President by one vote in the electoral college. So was John Quincy Adams. Rutherford B. Hayes was elected President by one vote, and his election was contested and referred to an electoral commission where he again won by a single vote. The man who cast that deciding vote for President Hayes was a congressman for Indiana, a lawyer who was elected to congress by a margin of just one vote. And that vote was cast by a client of his who, though desperately ill, insisted on being taken to the polls to vote.

Just one vote gave statehood to California, Idaho, Oregon, Texas and Washington. And today all the millions living in those five States are Americans by just one vote. Among other momentous one-vote decisions was the passing of the draft act of World War II, according to the National Research Bureau, Inc., Chicago.

Be a good citizen — Go to the polls and vote November 8, 1960.

Friend of Business?

WHOSE Kidding WHO Mr. NIXON?

Campaign talk comes easy for Republicans . . . with sweet, wooing words about business, economy and fiscal responsibility. But look at the cold Republican record . . . Mr. Businessman, Mrs. Housewife and Mr. Farmer.

Merchant's Friend?

Not the Republicans! Bankruptcies and small business failures are at a record HIGH. 100,672 bankruptcies were filed in 1959—that's 30,000 more than the peak depression year of 70,049 bankruptcies.

Home Owner's Friend?

Anyone who bought a home recently knows the cost of Republican tight money. Since 1952, the FHA interest rate has jumped from 4 1-2 per cent to 5 3-4 per cent—\$13.20 more per month for the buyer of a home with \$15,000 25-year mortgage.

Working Man's Friend?

Just yesterday, Oct. 26, 1960, the nation's cost of living index, the measuring stick for everyday living expenses, rose to an ALL TIME HIGH. . . That means the Republican policies are chewing deeper and deeper into your pay check. And unemployment is increasing, too.

Golden Age Friend?

It was the Democrats, not the Republicans, who originated Social Security. And Republicans still hurl the smear, "Socialism", as Democrats seek to improve this important program for the aged to live in dignity.

Oil Man's Friend?

Our oil industry is sick! Oil imports are at record highs . . . Texas oil allowable days have been cut from 20 -1952- to 8 -1960- . . . all under Republican administration. And no amount of Republican double-talk, name-calling or untruths can hide the fact.

Farmer's Friend?

Whoa, now! Farmer's share of the consumer dollar has dropped 21 per cent . . . his farm debt has increased 48 per cent . . . and farm population has slumped 15 per cent . . . all in 8 years of Republicanism and Benson. Friend, Mr. Nixon?

PLEASE VOTE AND VOTE AS YOU PLEASE AND VOTE FOR YOUR BEST INTEREST

Dear Editor:

On November 8th I shall vote as I always have for the last fifty years, cast my vote for the best interest of my adopted country, U. S. A. My vote will be for the Kennedy-Johnson Ticket.

First of all, I do not honestly believe that we need divided government, nor divided nation during these trying times. The Democrats are now and will be the majority party in Congress, "both houses", and they will work and cooperate for a better nation and better world. If Mr. Nixon is president there will be great conflict. The vote

power will hurt our nation. Neither side will be able to carry on any good program during the next four years.

As to the Republican slogan of Experience of Nixon-Lodge, I submit that Mr. Kennedy is by far more qualified by fourteen years experience in Congress, and an active member of the Foreign Relations Committee, a student of foreign countries and saw service in the war theatre in the front line in the Pacific. His brother was killed in the war over Germany; his sister died in Europe while serving in the Red Cross. As to Mr. Nixon's experience; he spent a lot of taxpayers money traveling abroad, and his experience was insult, and

lost us friends wherever he went.

Texas oil industry suffers from foreign oil import which the Republican Administration has allowed to continue at a high rate. This means a loss of jobs for people in our Texas oil industry, and has left millions of acres not leased for oil purposes.

Our National debts are higher than ever in history, the cost of living is higher and real income lower.

Medical aid for elder citizens was offered in the U. S. Senate by Senator Kennedy last August, and all Republicans voted against the old folks except five. The vice-president and Senator Goldwater both stated in speeches that the government does not owe the old people anything, let their children provide for them. Kennedy pledges to provide a program of decent care with dignity.

Farmers and ranchers have suf-

fered under the GOP-Benson farm program. When the farmer suffers, businessmen and the whole economy of this region suffers. The Democrats offer a better program for the farmer.

We lost Cuba, ninety miles from our shores. We have lost prestige abroad. We need new leadership

The Rotan Advance
Thursday, Nov. 3, 1960 No. 35
in the White House. Senator Kennedy and Lyndon Johnson can give the Nation the dynamic new leadership we need.
Respectfully yours,
Cecil A. Lotief.

DO YOU REALLY UNDERSTAND THE BIBLE?

Many people maintain that the Bible is so simple and clear that anyone can understand it. Yet today the Christian world is divided into conflicting opinions as to what the Bible means.

How would you interpret the following passages from the Bible: "I say to thee, thou art Peter, and upon this rock I will build My Church, and the gates of hell shall not prevail against it." (Matthew XVI, 18ff). "For, behold, henceforth all generations shall call me blessed." (Luke I, 48). "Receive the Holy Spirit; whose sins you shall forgive, they are forgiven them; and whose sins you shall retain, they are retained." (John XX, 23). "He who believes and is baptized shall be saved." Mark XVI, 16).

Catholics recognize the complete Bible as the inspired Word of God. THE ELECTRIC CO-OP
Owned by
Those we Serve

Most of us borrow money at interest to buy homes and we pay off our mortgage over a period of years. So long as we keep up these payments we "own" our homes. If we fail to make our payments, the lending institution can foreclose.

The Electric Cooperatives of Texas were built in exactly the same fashion. Members borrowed money at interest to build their own electric systems and they are paying back principle and interest while enjoying the blessings of electricity. There isn't a single cooperative in the state in arrears on its payments. Many of them have made payments in advance.

The Electric Cooperatives are owned by the people who borrowed the money and who are paying back their loans with interest.

That is why these member-owners can proudly say the Electric Cooperatives are OWNED BY THOSE WE SERVE.

This is my Tithe. Let us not attempt to 'Tip' God for His benefits. Jesus said, "Bring ye all the tithes into the storehouse, and I will pour you out a blessing, that there shall not be room enough to receive it." Mal. 3:10. Jews and Christians agree that a tenth part of one's income is the accepted tithe. He said, to those who fail to give back a tenth part . . . "ye have robbed me in tithes and offerings."

"The Earth is the Lord's and the fullness thereof"; Psalms 24:11. May we write our tithing check freely. May we give back to the Lord a tenth of what He has so graciously and so abundantly given us. It is God's plan for financing His church. Christ approved it as the best way to carry on His work in the world. This is My Tithe.

Extension Service

Livestock producers are reminded to be cautious about prazing sorghums and Johnson Grass after frost for they sometimes develop a high prussic acid content after a frost, and this is very dangerous to livestock.

Dr. C. M. Patterson, extension veterinarian, explains that certain chemical changes occur in the frost wilted plants, and these changes produce the prussic acid. The poison acts quickly and can kill an animal within a very short time after the damaged plant is eaten. Whether a poisoned animal can be saved depends upon how quickly a veterinarian can get to it.

Frosted Johnsongrass or sorghum should not be grazed until it is completely dry. If it is ready to cut before a frost, it may be cut the first day after a frost. Even so, care must be taken to see that it is completely dry before baling.

Silage is another way to use the frosted plants. Generally, enough prussic acid is lost during the ensiling process, and as silage is removed and fed, to make it safe for livestock. Animals shouldn't be allowed to self-feed from a silo filled with frosted sudan or sorghum, however. If there is any doubt about the silage it should be tested. This may be done by a local veterinarian or by feeding the silage to one or two inferior animals.

During the cold, wet weather ahead, farmers and ranchers should be on the lookout for limping cattle. Dr. C. M. Patterson, extension veterinarian, says that limping is one of the first signs of foot rot, a livestock disease that often develops during fall and winter.

The disease, which causes a raw condition similar to "athletes foot" can spread rapidly through a herd. Foot rot is caused by an organism which gets its start when the feet of cattle become softened and damaged in wet, muddy lots and pastures.

If treatment is begun early, the problem can usually be cleared up. The veterinarian will usually have to trim away the infected tissue before he can apply medication.

Farmers can help prevent the disease by keeping livestock away from pools of stagnant water and water-logged lots. Areas around water and feed troughs should also be kept clean and dry.

A national marketing quota of 15,562,000 bales and a national acreage allotment of 18,398,424 acres have been proclaimed by Secretary of Agriculture Ezra T. Benson for the 1961 crop of upland cotton. Both are increases over those for 1960.

The Secretary also set December 13 as the date for the referendum on 1961 upland cotton marketing quotas. A two-thirds favorable vote will be required to keep marketing quotas in effect for another year.

Secretary Benson said, "It is significant that it is not only possible to increase cotton acreage for 1961, but that it is essential to do so in order to maintain a desirable supply situation. We are moving in the right direction when our farmers have more freedom to plant."

The United States is currently seeking to maintain and improve the position of cotton both at home and elsewhere in the face of rising competition from synthetic fibers and foreign-grown cotton. In order to maintain adequate cotton stocks, an increase in the national quota was needed. To produce his quota, based on the yield of 406 pounds per planted acre for the 1956-59 period, the acreage allotment was set.

The national allotment for upland cotton will be apportioned to the States, the State allotments to counties and the county allotment to farms according to the provisions of law. Individual farm allotments will be made available to

producers prior to the December 13 referendum.

If producers approve marketing quotas for the 1961 crop in the referendum, price support will be available to those who comply with their farm allotment at a level within the range of 70 to 90 per cent of parity. The exact level will be determined at a later date.

If quotas are voted out, the allotment program will remain in effect and price support will be available to cooperators at 50 percent of parity, as provided by law.

Guests of Dr. and Mrs. C. U. Callan Sunday were Charlotte Callan of ACC, Dr. Jack Callan and Miss Donna Martin of Abilene.

"Prosperity and Progress
Without Inflation"

"Big Government

NIXON...

- ✓ Is pro-Texan.
- ✓ Supports the 27 1/2% oil depletion allowance — an allowance which has made possible Texas' biggest source of jobs and revenue.
- ✓ Supported Texas' claim to the Tidelands which has meant millions for our school children.
- ✓ Believes that every man should have the right to say whether or not he must belong to a union.
- ✓ Is for peace without apology.
- ✓ Believes in the rights of states and local communities to govern themselves.
- ✓ Believes that local school boards are capable of running their schools.

KENNEDY...

- ✗ Is anti-Texan.
- ✗ Has voted and worked to reduce the 27 1/2% oil depletion allowance.
- ✗ Opposed returning the Tidelands to Texas. His platform calls for review of the whole matter.
- ✗ Has pledged to change the Taft-Hartley Act and take away the working man's privilege of a free choice of jobs.
- ✗ Would apologize to Khrushchev.
- ✗ Believes in a big Federal Government running everything for everybody.
- ✗ Would have the Federal Government control the schools through Federal aid.

Ammons Named To National Committee

Johnnie Ammons, manager of Mid West Electric Cooperative was among those named to serve on committees in charge of business matters for the February 13, 1961 National Convention. Appointments were made at a three day conference of Region 10 of the National Rural Electric Cooperative Association, last week in Dallas.

Region 10 of the REA comprises Texas, Arizona and New Mexico.

During the conference a resolution blasting a Republican "truth sheet" for its stand on an REA issue was passed and a telegram was authorized sent to Vice President Richard Nixon asking him to "repudiate" the statement.

REA officials took exception to remarks printed in the October, 1960, issue of the GOP fact sheet on agriculture which included the following statement:

"When REA was established in 1935, it was set up to string wire long distances between farms. Money was loaned at two per cent. Today, 96 per cent of all farms are electrified and the need for two per cent loans has dwindled."

And, "was REA set up to put the government in the power business, as such, or to meet an exact need of stringing wire between sparsely settled farm areas on low interest, long-term loan basis."

The REA resolution insisted that the question wasn't whether it was set up on that basis but "whether the rural electrification program is to continue to meet the rapidly growing needs of the people and institutions within the service area of the rural electric systems."

JOY Circle Hosts WSCS Luncheon

Twenty-six ladies attended the covered dish luncheon and Week of Prayer meeting in the home of Mr. and Mrs. Roger Smith Wednesday afternoon of last week. Members of the JOY Circle of the Church were hostesses for this lovely affair.

As the guests were seated at four-some tables, grace was said by Mrs. H. F. Grindstaff.

Mrs. W. A. Shope gave the opening prayer and the group sang "Blest Be The Tie That Binds" with Mrs. Grindstaff at the piano. For the devotional Mrs. W. A. Shope read Ephesians 4th chapter, verses 1 to 13 and talked on Ecumenical Ventures also explained what the offering for the Week of Prayer meant.

The offering was taken and this was followed by a short intermission.

Others giving a part on the meditation program were Mrs. Homer Aaron, Mrs. R. T. Williams, Mrs. Lenna Birdsong and Mrs. Grindstaff.

Kerns Completes Combat Training

Camp Pendleton, Calif. (FHTNC) —Marine Pvt. Tommy E. Kerns, son of Mr. and Mrs. C. R. Kerns of Rotan, Texas, completed four weeks of individual combat training Oct. 14 at the Marine Corps Base, Camp Pendleton, Calif.

The course included the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

Trainees learn that all Marines are basically infantrymen, whether they serve as cooks, typists, truck drivers, or with aviation unit.

PONTIAC'S NEW TEMPEST will feature a four-cylinder engine mounted in the front and a transmission in the rear. This transaxle innovation provides equalized weight distribution for excellent ride and handling. The big engine delivers outstanding performance and economy.

New Tempest Series Marks Pontiac's Greatest Advancement

"Following years of intensive research, development and testing Pontiac is proud to announce the completely new Tempest series, which we feel introduces the newest engineering advances in automobile design ever to be offered by our Division," stated S. E. Knudsen, GM vice president and general manager of Pontiac Motor Division.

"Unique in conception and fresh in styling, the Tempest is an entirely new personality for the motoring public, yet it is unmistakably Pontiac," Knudsen stated in revealing details of the 112-inch wheelbase series consisting of a four-door sedan and a four-door station wagon.

"Along with traditional Pontiac high performance, excellent economy, superb quality and spacious styling, the Tempest possesses engineering features which can be classified as firsts in concept and production in the industry," Knudsen said.

Most significant among these innovations is the front engine-rear transmission arrangement that provides ideal weight distribution to independent four-wheel suspension. Power is transmitted from the engine to the transaxle by a newly developed drive shaft that virtually eliminates the floor tunnel. The four-cylinder Tempest engine is adapted from Pontiac's big, time-proven V-8 and is standard with either a synchromesh transmission or an automatic transmission. A light weight V-8 engine may be selected at the customer's option.

Smart exterior styling reflects a consistent and well proportioned appearance, with gracefully sculptured lines dominating the side theme, accentuated by a moderate use of chrome.

The completely new Tempest has a consistent styling theme of simplicity that prevails throughout the entire car, blending attractiveness with practicality. Keynoting the dynamic front end is an eye-catching twin grille with dual headlamps, skillfully integrated with a sweeping bumper. A gracefully styled hood and sculptured body combine to create a bold and distinctive appearance.

Upper portions of the Tempest are effectively light and spacious with new clean cut lines that offer excellent visibility as well as entry and exit convenience. Generous interior dimensions comfortably accommodate six passengers, and exceptional storage has been provided for luggage in the big rear deck.

The unique Tempest series combines the famous Pontiac wide track conception with independent suspension on all four wheels and equal weight distribution through the front engine-rear transmission arrangement, thus providing the best in handling, comfort, safety and performance.

The Tempest four is basically the right hand bank of Pontiac's big, time-tested V-8 engine, proven by years of research, development and operation. The design of this engine makes the best possible use of underhood space, resulting in easy servicing of all components.

An automatic transmission control lever and indicator are built into the instrument panel within easy reach of the driver. A spacious panel compartment and right and left fresh air ventilator controls are also provided. The upper part of the panel is painted a darker color with non-reflective paint for driving comfort. An instrument panel cushion for added protection and attractiveness is available.

Other Tempest accessories include windshield washers, dual speed wiper blades, air conditioning, power steering, radio, heater, back-up lamps and a luggage carrier for station wagons, to mention only a few.

TSTA Urges Support Of Amendment No. 3

Austin—Strong support for Amendment No. 3, the legislative pay amendment, has come from the Texas State Teachers Association. The proposed constitutional amendment is one of four on the Nov. 8 general election ballot.

The TSTA House of Delegates, meeting in Corpus Christi, unanimously confirmed its support of the amendment, which sets an annual salary for members of the Texas Legislature.

The House of Delegates is composed of teachers from all over the state elected by the 74,000 TSTA members to represent them in setting association policy.

HORSEPOWER THAT MAKES SENSE FOUR CYLINDERS TO SAVE GAS! THE NEW SWEET RUNNING TROPHY 4 ENGINE FROM PONTIAC PERFORMANCE SPECIALISTS!

The new Trophy 4 engine puts real performance in the Tempest and cuts gasoline bills to boot. This new baby is *eager to move out* for safe passing. Holds the going pace on any expressway. Breezes up steep hills in high gear. This new 195 cubic inch displacement, 45° inclined, short stroke, 4 cylinder engine has a wide range of h.p. ratings. With single-barrel carburetor and stick shift: 110 h.p. (regular gas) or 120 h.p. (premium gas). With the same carburetor and extra cost automatic shift: 130 h.p. (regular gas) or 140 h.p. (premium gas). Want still more? Order the 4-barrel carburetor with the automatic and jump the output to **155 h.p.** (Or buy the 155 h.p. aluminum V-8 option.)

Rear axle drive and transmission are combined (a trans-axle). Flexible shaft from front engine delivers smooth, quiet power. Perfect 50-50 balance gives a flat, level ride that no other new-size car can touch. **Rides like the big ones!** An equal load on every wheel. Steering is light and easy! Better braking and improved traction in snow, sand or mud! **Independent suspension at all wheels.** Swing axles keep Tempest on an even keel over bumps, ruts, dips and holes! **112" wheelbase.** Long enough for a cradled ride—short enough to handle like a sports car. **Big 15" wheels.** Good road clearance. Long tire life. (13" compact tires turn at least 4900 more times to go 100 miles.) **Seats six men.** The big transmission hump is gone. The middle man can stretch out size 12 brogans! **Wide-Track, too!** The track is up to 3 inches wider than most compacts. Less lean. Less sway. Better cornering. **Pontiac dealers have it—and they have it now!** A four-door sedan... a station wagon... a full line-up of accessories. Try the Tempest out for an hour—you'll want in for keeps! It's priced with the compacts!
