Church and Sunday School

Forst Baptist Church

The third week of the revival is proving a good climax to the efforts that have been being put forth. There have been about thirty-five additions to the church thus far. Several conversions and reclamations that are going to the other churches of the town.

We had 446 in Sunday School last Sunday. Our goal is set for 500 next Sunday. We are counting on one hundred men in the Business Men's Bible Class. We will meet in the main auditorium of the church.

You can't afford to miss these services. No one can hear Winans' messages and be the same man again. Will you fill your place. No one else can fill it for you. If you are not there there is a gap in the wall. Fall in and help win the battle.

Be sure to be with us Sunday.
W. H. Albertson.

Sweet Home Revival Closes

The Revival meeting closed at Sweet Home Sunday night with seven additions to the church by baptism and several by letter. There were three young men answered the call to the ministry and are preparing to enter Simmons to educate themselves to that end. Also one young lady surrendered her life for special service and will enter Simmons in September to prepare for her life's work. The Sweet Home church is proud of these young people and the church is behind them helping in every way possible. Bro. Dunlap has returned to his home in Abilene. Bro. Riddell to Fort Stockton and James Tucker to Fort Worth. They are to hold other meetings this summer.

A Surprise for Mrs. Spurling

So changed were the floors that Mrs. Spurling, back from a week's visit to the city, could hardly believe it was her own house. Jim had had Frank Lovejoy, the painter, get busy with Acme Quality Floor Paint and Varnish. The floors were refinished and beautified. In fact, all the woodwork smiled a welcome. And Mrs. S. said if a week and a little Acme Quality could make such a difference, she'd go away again and not come back for a month.

Haskell County Gospel Singer Closes Meeting at Munday

Earnest Wright, Haskell county gospel singer closed a revival last Thursday night with Elder John M. Rice, doing the preaching at the Church of Christ in Munday with excellent results in the work for the Master. A number of additions are reported to the church through this meeting.

Haskell County Gospel Singer in Meeting at Peacock

Howard Wright of the Midway community is now in a meeting at Peacock where he is singing for Elder J. Porter Wilhite of Jacksonville, Texas, who is holding a meeting at that place. Young Wright is a good musical director and will have work most of the summer in the field.

Revival Closes at Vontress

A glorious revival closed at Vontress last Sunday conducted by Rev. F. R. Pickens of Weinert assisted by Rev. Edwards. Fifteen converts were added to the church and much good was done throughout the community for the Master.

Man Injured in Car Wreck Doing Nicely

Harry King of Vontress who was injured in a car wreck some time back is getting along nicely and his wounds are about healed up. He is able to be up and about his business affairs.

Singing at Irby

Quite a number of the people of Irby gathered at the school house Sunday afternoon where singing was enjoyed especially the quartets rendered by Raymond Elliott, Manly Branch, W. M. Free, and daughter Miss Ella Mae Free. We invite these people back next Sunday when we will have another singing.

A CARD OF THANKS

Our hearts are filled with gratitude to our neighbors and many friends of Haskell and Stamford who so kindly administered to us during the illness and death of our dear boy Raymond. Each and every one who have befriended us shall always have a place in our hearts and our prayer is when sorrow comes to you that you may find just such friends to comfort you. We also wish to thank our friends for the many beautiful flowers which meant so much to us in this hour of sorrow. May Heaven's richest blessings rest on each of you in our prayer.
J. H. Lawson and family.

Hens Need Minerals

When oyster shell or limestone is added to a grain and buttermilk ration for laying hens, the total number of eggs is greatly increased and the contents or edible portion of the eggs and the shells weigh distinctly more than those from similar hens having been fed the same ration without the shell or limestone, according to extensive investigations made at the Kentucky Experiment Station. Both the yolks and whites of the eggs are increased in size, by the feeding of oyster shell or limestone. The investigators also found that the hatchability of eggs is markedly diminished by withholding mineral supplements from laying hens. Chicks hatched from eggs from hens receiving oyster shell or limestone were stronger than those from eggs from hens not receiving these minerals.—The Progressive Farmer.

Buy Home in Haskell

H. D. Bland of the Savles community has bought the Will Highnote place two blocks east of the High School building and is moving his family there this week for the benefit of the school.

Farmer Praises Terraces

Walter Nanny, a prosperous farmer of the Post community who has had his farm under terraces for two years says that during the rainy days of the past month that his terraces and his rows held the season and distributed it evenly over his growing crops and that instead of the spotted conditions that existed before in his crops when the water would run off one part of the farm and settle on another which made

poor and better conditions of the growing crops all over his farm. With the terraces his crops are exceptionally good and the poor spots in his crops are to be found no more. He is a strong advocate of terracing and his contention is backed up by actual facts which he has observed.

Mr. and Mrs. Charlie Bristow of Sweet Home are visiting the latter's father at Mount Pleasant this week.

Out of Town Guests Honorees.

A special courtesy was tendered Mrs. Earl Lusk of Oklahoma City and Miss Martha Barum of Ft. Worth, who were last week's house guests of Mrs. T. A. Pinkerton. This was a picnic and swimming party given at the country home of Mr. and Mrs. T. A. Pinkerton by Messdames Pinkerton and Wayne Koonce. The usual swim and picnic spread was enjoyed until a late hour.

The guest list follows: Messrs and Messdames Bill Hills, Winifred Cole, Dave Earnest and little daughter, Mary Louise; Marlin Wilson, Misses Lois Hills and Willard Wilson of Rule and Messrs and Messdames Theron Cahill, John Cox, John P. Payne, Clyde Gosom, Hill Oates and Misses Nettie McCollum, Lucile Taylor, Lois Earnest, Louise Kaigler and Gaines Post Bert Welch, Henry Atkinson, Joe Rogers, Emory Menefee and Oscar Oates of Haskell.

Suffered weak, nervous

"I WAS in a very weakened, run-down condition, surely in need of a tonic and builder," says Mrs. J. R. Wrenn, of Anna, Texas. "I was so weak I had to go to bed, and kept getting weaker."

"I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry."

"I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui."

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

JOHN LEE SMITH MAKES STATEMENT

My ambition to be District Judge went down under an avalanche of ballots Saturday night. The returns now indicate that I was defeated by from 1400 to 1800 votes—my vote being around 5400 to Judge Bryant's 7000. But in the midst of defeat I cannot but remember with gratitude the loyalty of the thousands who voted for me. I wish you to know that I am as grateful in defeat as I would have been in victory. I have no ill feeling in my heart toward any man.

I congratulate Judge Bryant on his success and wish for him a most successful term of office.

SOCIETY and Club

Mr. and Mrs. T. A. Pinkerton Celebrate 25th Anniversary.

A most unique affair was that of the 25th Anniversary celebration of Mr. and Mrs. T. A. Pinkerton at their country home last Wednesday evening, July the 28th. Unique because, although every thing was in order for a formal party, the honorees, Mr. and Mrs. T. A. Pinkerton knew nothing of it until a half hour before the house party arrived. Their daughter and her husband, Mr. and Mrs. Wayne Koonce were the host and hostess and so planned, that Mr. and Mrs. Pinkerton spent the entire day away from home and on their return late in the evening found every thing in readiness for an anniversary celebration, with a beautiful white gown for the bride, a gift from Mrs. Koonce. At the appointed hour guests from both Haskell and Rule began to arrive and were met by the pages, Mark Walthall and Lillian Kaigler who directed them to the right entrance where they were greeted by Mesdames Joe Jones and Mamie Barron who introduced them to the host and hostess, who in turn introduced them to the honorees and to the rest of the receiving line, who were Mr. and Mrs. J. F. Pinkerton, Mrs. C. M. Kaigler, Mrs. George Morrison, Mr. J. F. Morrison, and they were directed then to the punch bowl by Mrs. J. P. Payne where they were served punch by Misses Martha Barnum of Ft. Worth and Louise Kaigler and from there to the line of special friends by Mrs. Marlin Wilson they were Mr. Joe Jones, Messers and Mesdames John W. Pace, Jim Lindsey, Fred Alexander of El Paso, Mrs. Bailey Post, H. S. Post, Winifred Cole, Matthew Alexander of Stamford, Mrs. D. L. Cummins, Misses Nettie McColeman and Miss Lora Hills and they were invited to the dining room by Miss Lucile Taylor where Mrs. J. F. Morrison presided over the following girls Pauline Walthall, Nancy Guest, Gladys Cousar and Bessie Bee Kaigler, who served a refreshment plate, carrying tubs roses, brick ice cream and Angel food cake in white and green, which echoed the color scheme. From the dining room, Miss Lois Earnest escorted the guests to the "guest" book, presided over by Mr. and Mrs. Theron Cahill and there to the beautiful display of silverware not only brought by the guests present on this memorable occasion, but from numbers of out of town friends. Mrs. Hill Oates stood at the side entrance and bade the guests good night. Violin and piano music was furnished by Mr. and Mrs. E. Raborn.

Mrs. F. T. Sanders Missionary Society Hostess.

The Woman's Missionary Society of the Methodist Church initiated the beautiful suburban home of Mrs. F. T. Sanders last Monday afternoon in the regular meeting. Mesdames H. M. Smith, R. J. Earnest and the hostess greeted the guests at the side entrance and they were directed to the dining room, where they were served fruit punch by Mesdames E. Sutherland and Elmer Irwin before being shown to their seats where they enjoyed the program. Two of the most interesting chapters of the study course book were taught by Mesdames Mary Blakley and Bob Harrison. The president Mrs. S. R. Rike then urged that a chaperone and eight girls be sent to the North Texas Girl's Camp, August the 14th, to 25th, inclusive, which is managed by Mrs. Tom C. DeLaney of Memphis Texas. By special request, Mrs. J. W. Sowell, who spent the greater part of last year in California, told of having visited a Wesley House in Los Angeles, and of attending Trinity Church and hearing Rev. "Bob" Schuler preach.

Then Mrs. J. U. Fields was invited to address the ladies and did so, stating the Missionary Society meant a great deal in her life; other out of town guests who told of interesting facts about their Sunday Schools or Missionary work were Mrs. Fred Alexander of El Paso and Mrs. W. C. Bickley of Abilene. Then a word of appreciation for the recovery from a recent illness and operation of Mrs. F. T. Sanders by Mrs. W. A. Kimbrough was responded to very feelingly by Mrs. Sanders. A social hour was enjoyed and the hostess assisted by Mrs. Elmer Irwin's circle, Mesdames E. Sutherland, R. C. Montgomery, H. M. Smith and W. A. Kimbrough served iced water-melon, that were grown in the hostess' garden. Just before leaving the guests were again refreshed with punch.

They were: out of town guests: Mesdames Earl Lusk, Oklahoma City, Fred Alexander, El Paso, W. C. Bickley, Abilene; and Mesdames J. U. Fields, Henry Lee, Mart Clifton, W. M. Mask, Andrew Shriver, F. G. Alexander, L. L. Hooker, Mack Martin, Ethel Irby, G. Jones, Mary Blakley, Bob Harrison, S. R. Rike, C. M. Kaigler, Labry Ballard, J. C. Freeman, I. W. Kirkpatrick, P. D. Sanders, W. D. Kemp, W. J. Sowell, T. J. Lemmon, R. E. Lee. The society will meet August 16th with Mrs. J. L. Southern and the leaders will be Mesdames Charles Parsons, and S. R. Rike.

Haskell County Federation of Women's Clubs Meet at Weinert.

On last Tuesday afternoon at three o'clock, The Haskell County Federation of Women's Clubs met with the Weinert ladies at the Tabernacle. There were representatives from numbers of communities and school districts and a delegation from Munday. The president Mrs. H. M. Smith presided over the business session and Mrs. H. Monk acted as secretary. The outstanding feature of the meeting was a decision by the Federation to have a "Flower Show" in the county, the place to be decided upon at some later meeting, and the date to be sometime between the last of October and the 1st of November, this decision being reached because the Chrysanthemums will be in bloom by that time, roses and pot plants and every kind of flower will be eligible however. It is hoped that every community and school district will plan now to have flowers on exhibit and also there will be a seed exchange department, that ought to be of interest to every woman in the county. The Weinert ladies served delicious punch to the guests when they arrived and when they were leaving, which was very much appreciated as the afternoon was extremely warm. Mrs. H. Weinert presided during the program and Miss Olga Bowman rendered a piano solo and Miss Veda May McLaren gave a reading; then Mrs. J. U. Fields talked on the Biennial that met in May at Atlantic City. Mrs. Warren of Munday told of the proposed County Demonstration Encampment that Knox County is to have the latter

part of August. It is only a question of time until Haskell county will have a county demonstrator, so let us have a strong Haskell County Federation of Women's Clubs, and when she comes stand shoulder to shoulder for the betterment of every line of woman's work and keep in mind the "Flower Show."

Former Haskell Girl Weds in Ranger.

Below we give a clipping from the Ranger Times giving an account of the wedding of Miss Edenia Terrell, a former Haskell young lady. We are sure that her many friends will be glad to know of her happy marriage.

"A wedding of wide interest account of the popularity of the contracting parties, was solemnized last night at 9 o'clock, on the lawn of the First Christian Church, when Miss Edenia Terrell, daughter of Mrs. Frances Terrell of the Sinclair camp, became the wife of Herman M. Earnest, son of Dr. and Mrs. T. J. Earnest, Rev. H. B. Johnson pronounced the marriage vows, using the beautiful ring ceremony. Only a few intimate friends of the young couple witnessed the ceremony.

"The bride was beautifully gowned in a bois-de-rose crepe Nemeser frock, with trimmings of real lace, and in addition to an arm bouquet of sweet peas and rose buds, wore hat and other accessories to match the sweet shades of her frock. While Mrs. Earnest has not been in Ranger more than about a year, having lived with her sister, Mrs. B. H. Young, a great portion of her time, still in those few months she has made a wide circle of friends. She belongs to one of the first families of the state, as the Terrell name always indicates, and her father the late Dr. Caleb L. Terrell, a brother to Dr. C. E. Terrell, pioneer Ranger citizen, was also one of Eastland county's pioneers. Attending the esteem their friends hold for them, are a number of lovely gifts that are already filtering in from many friends and relatives.

"Mr. and Mrs. Earnest will make their home on their farm near Spur, as soon as they have returned from their wedding trip, the itinerary of which even their families do not know, as they kept their plans strictly secret."

The R. and H. Club Meets at Rule

Mrs. Dave Earnest was club hostess last Tuesday afternoon at three o'clock to the R. and H. Club in her home at Rule. Two tables of bridge were enjoyed by club members and two out of town guests. A most delicious fruit punch was served through out the afternoon and at the close of the games the very best sandwiches ever made so voted the guests, were served them with sherrbert. They were: out of town guests, Miss Willard Wilson, and Miss Bass of Abilene who is a guest of Mrs. Wallace Cox; and Mesdames Wallace

Cox, Hill Oates, Wayne Koonce, Theron Cahill, Marlin Wilson and the hostess.

Old Settlers Reunion August 20th.

There will be an Old Settlers Reunion in the form of an all-day picnic in the Baldwin pasture, August the 20th. An effort is being made to send a private invitation to all old settlers, especially those who live out side of Haskell county, however if this special invitation fails to reach any one whom it should, and they see this announcement, please accept this as an individual invitation and be on time to share the pleasures of the day August the 20th. There will be barbecued meat, bread, pickles and coffee, furnished by the local committee, and the women of the county will furnish the usual bountiful supply of fruits and pastry. Don't fail to come.

Mr. Jno. L. Earls of Post was in the city Saturday.

CUT WEEDS!! CUT WEEDS!!!

"Please say to the citizens of Haskell," stated City Sanitary Commissioner Spurlock, this week, "that the City officials solicit the co-operation of every Haskell property owner in cutting the weeds and Johnson Grass and cleaning ditches and drains on their property."

"We fully realize there is no law to apply and so far as I am aware at this time, we do not contemplate passing a law that would make it necessary for folks to clean their home places and vacant lots in order to enjoy sanitary and neat conditions over town."

"Many have kept their property clean and free from weeds and their homes are attractive and suggest neatness and pride and the example is commendable, however, they are greatly outnumbered by those who seem to be inclined to be just a little careless or thoughtless as to the dangers lurking in the weeds and damp soil beneath the grasses and weeds, and perhaps just a little thoughtless of their neighbors who will suffer with them when germs are permitted to originate in their weed patch and soiled soil."

"As Sanitary Commissioner I respectfully urge every one to make some effort, now, to clean out weeds and drains while our general health condition is apparently normal."

Mrs. Earl Lusk of Oklahoma City, Oklahoma spent the last two weeks with her aunts, Mesdames T. A. Pinkerton and C. M. Kaigler and other relatives.

This Newspaper is Your Market Place

THE old-fashioned market place that our grandfathers knew has just about become a matter of history. But the market idea is more effective today than ever before.

This newspaper is your market place; it is the modern means of displaying goods before the whole community. With your paper spread before you, all the necessities and luxuries of life are ready for your selection.

Newspaper ads have entirely changed our habits of living. How they have simplified and improved the system of buying and selling! Today it is not necessary for the buyer to go to market; rather, the seller—yes, the market itself!—comes to you, in the comfort and privacy of your home.

Form the habit of reading the ads and discussing them. Include the children in these important meetings. Let them "go to market" with you, and learn the business of selection and purchase. It will mean money saved—and more happiness gained in exchange for what you decide to invest.

Rules and Awards for Entries In Poultry Department For Third Annual Haskell County Fair Sept. 30-Oct. 1-2

Poultry Department

Jno. P. Payne, Director.

J. C. Crawford, Superintendent.

Walter Burton, Judge

RULES AND REGULATIONS

1. Entries close Wednesday Sept. 29th, and must be mailed to Jno. P. Payne, Director, at Haskell, Texas, not later than that date.

2. Competition open to the world.

3. The show will be held under the rules of the American Poultry Association, except as otherwise noted, and the American Standard of Perfection will be the guide of the Judge. Awards will be made by comparison.

The report of the judge will be made in writing and will be final unless protested by an exhibitor. All protests must be made in writing and filed with the Superintendent of the show not later than 8 o'clock on the day awards are announced. Protests will be considered and determined by the Executive Committee.

4. Birds showing signs of disease on arrival, or during the show, will be excluded from exhibition, and under no circumstances will be allowed in the show room.

5. All specimens entered for exhibition or competition will be under the control of the Superintendent and cannot be removed except by his consent.

6. All birds must be entered in the names of the actual owner.

7. No exhibitor shall be allowed to handle any birds but his own, and any one so doing shall forfeit any premiums that he has won.

8. All chickens without legbands will be banded by Superintendent, at a charge of 5c per band.

9. Premiums will be awarded on single birds and pens.

10. An entrance fee of 25c for single birds, and \$1.00 for pens, will be charged. Single entries cannot compete for pen, nor can specimens in pens compete with single entries.

11. No birds will be received for exhibition except those that have been entered with the Manager and on which the entry fee and express charges have been paid.

12. The exhibit hall will be ready to receive exhibits September 29th. Exhibits not received by 9 o'clock a. m. Sept. 30, unless delayed by a common carrier, will be barred from competition.

13. There must be three or more entries of each variety in each class to receive first money, or first premium; two entries to receive second money, and if only one entry, it will take first honors and third money. In no case will a premium be awarded unless the specimen is worthy.

14. No changing of birds from one coop to another will be allowed, not even by the owner, without

the consent and permission of the Director and Superintendent of the Department.

15. The exhibitors will not be permitted to place ribbons on his exhibit, except those awarded at this show.

16. The selling price of any specimen should be placed on the entry blanks, to assist in selling the stock on exhibit. Any sales made must be reported to the Director or Superintendent of the show to facilitate the delivery of the specimen to the owners at the close of the show.

17. The Director shall have charge of the exhibits, including the arrangements or classification of all specimens, the care, feeding, etc., which is done free.

18. A pen consists of one male and four females of any age. A cockerel and pullet are birds under one year old. Display shall consist of ten best birds of any variety, to consist of one cock, one cockerel, and eight females, one of which shall be a hen, and one of which shall be a pullet.

19. All eggs laid during the show shall become the property of the association, unless same are claimed by the owner. All eggs not claimed by the owner shall be destroyed by the Director of the Department and not disposed of for hatching purposes.

20. No entrance fee will be charged members of boys and girls rural clubs, but they will be entitled to all premiums as posted.

GEESE, TURKEYS AND DUCKS

HISTORY IN CAKE

This replica of historic Independence Hall in Philadelphia is a fine example of the baker's art. It was made by the chef of one of Philadelphia's leading hotels to advertise the Sesqui-Centennial International Exposition, which will open in that city June 1 and run to December 1 to celebrate the 150th anniversary of American Independence. The "State House" is made on a table at the entrance to the main dining room of the hotel.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so reduce their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of Carter's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

PAY UP!

Your greatest asset, business or personal, is your credit; yet you cannot lock it in a safe or insure it against loss. It is yours. You created it and you may destroy it.

Credit is made from honor and truthfulness. They mark you as a reliable man; one who can safely be trusted with that which is another's. That is the meaning of the word "credit." Individual capacity is an important point in deciding your credit. There are a number of reliable and honest men who lack capacity, while the capable man forges ahead and grasps opportunity.

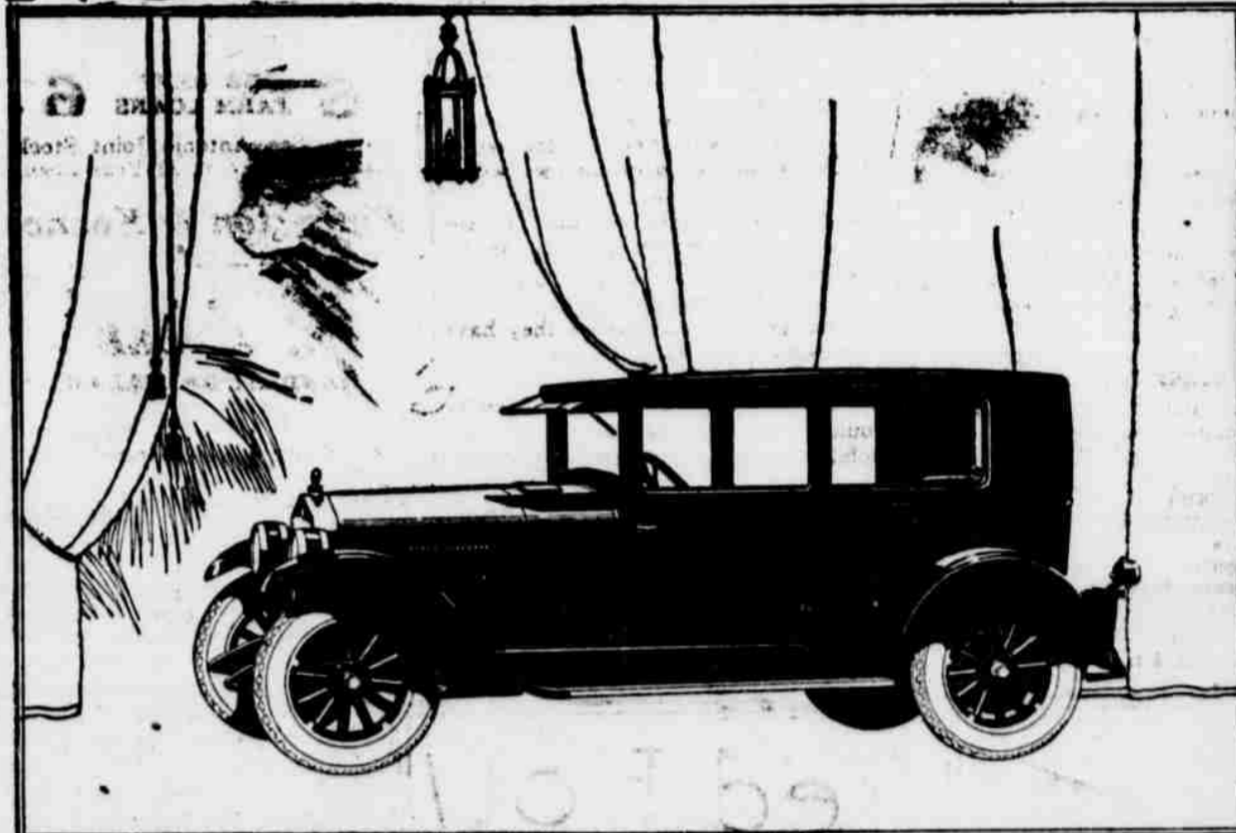

Therefore, your credit is made from your honor, your word, and your capacity. The amount of your holding of this world's goods merely measures it.

BUT YOU CAN DESTROY IT. One obligation disregarded, one statement proven false, and the pedestal falls. Built by efforts through your lifetime, it may vanish in a day. Though it is your most valuable asset, it is yours only so long as you carefully conserve and guard it.

PAY YOUR BILLS PROMPTLY AND KEEP YOUR CREDIT GOOD.

The Product of Essex' New \$10,000,000 Body Plant

\$795

F. O. B. Detroit
Plus War Excess Tax

"At Your Door"
Standard Equipment Includes:
Automatic Windshield Cleaner,
Rear View Mirror, Transmission Lock (built-in), Radiator Shutters, Moto-Meter, Combination Stop and Tell Light.

Many of these advantages you will recognize at a glance. But you will have higher appreciation of their meaning when you know that a plant of 18 acres which with equipment approximated a cost of \$10,000,000, was first built and that special machinery had to be designed, to make possible the New Coach your dealer is now showing.

It is all steel, bolted and riveted, and so rigid that squeaks, rattles and distortions, are as unlikely as in a steel building. Doors are so hung that a man may hang on an open door while the car is being driven over rough roads, without springing it out of true.

And it is so designed and constructed as to permit the use in a totally new manner of a high baked enamel, most lustrous and lasting finish.

There has been constant improvement in the chassis from the first Essex shipped. And only by the accumulation of the resources, the information, experience, and the skill that have resulted from the building of 350,000 Essex "Sixes" was it possible to create this car which we ask you to inspect and to drive as the best looking, best value, best Essex ever built.

THERE IS NO SATURATION POINT FOR HONEST VALUE

Build a product that the world needs, better than the world expects, and mounting sales will answer those who are constantly predicting a saturated market.

During the first six months of this year, for instance, Dodge Brothers sold 207,115 motor cars and trucks. This represents a gain of 49.3 per cent over the first six months of 1925, and continues Dodge Brothers in the enviable position of **THIRD IN THE INDUSTRY.**

For the three weeks ending July 17th, 23,862 motor cars and trucks were delivered to customers—an increase of 62.4 per cent over the same period last year, and impressive evidence that Dodge Brothers great sales gain is continuing through the quiet weeks of mid-summer.

There may be a saturation point for mediocrity, but honest value will always command a great and ever expanding market.

Builds New Home
Mr. Bob Webb of Sweet Home community is preparing to build a new five room stucco house. He has his old one torn away and the material on the ground. It is going to be a modern bungalow and Mr. Webb is to be congratulated on how he keeps his place fixed up.

Outing On California Creek
Mr. A. L. Bland and family and H. D. Bland and family spent last Wednesday and Thursday on California Creek fishing. To be on the safe side they carried plenty to eat but fortunately they caught plenty of fish and brought several nice cat fish back home with them, but they ate the big one on the river.

Lawson Bailey of south of town was in the city Saturday. He is farming and according to his statement he has a real good crop. He has quite a lot of new land planted to cotton and the extra good season's this year is making a wonderful crop on this land. He has done most of the work himself on a large tract of land something like ninety acres planted to various crops, which are all at this time a mighty fine prospect for a bumper yield.

Good Rains at Irby
Sunday and then again Monday a good rain fell in the Irby community amounting to about three inches and Thursday night at least an inch more of rain fell, putting a good season in the ground which was needed very badly on the feed. The farmers are all smiling now counting on the bumper crop they will make if no insects bother them.

Rabbits Eating Cotton
Mr. Joe Cerveny, living near Irby is being troubled by the jackrabbits eating his cotton. They have destroyed at least 20 acres for him but as he is getting rid of the rabbits he hopes the damage will soon cease.

Fishing Trip.
Wednesday night a fishing party composed of Messrs. O. M. Kelley, Albert Peiser, F. W. Klose and boys went to Scotts crossing fishing and report catching all the fish they could eat, even if the creek was full from bank to bank. But no one is surprised as these gentlemen are the champion fishermen of Haskell county and when they fail to catch fish there is bound to be none in the creek.

REVIVAL AT BUNKERHILL CLOSED LAST SUNDAY

The revival conducted by Rev. and Mrs. L. A. Baker and their helpers at Bunkerhill which closed last Sunday night was a decided success and a number were converted during the meeting. The attendance was good considering the rainy weather.

Good Rain At Sweet Home
A good rain fell in the Sweet Home community last Sunday. Also several showers since that date. Crops are looking good and many think the prospects are better than any year since 1919.

Rules for Culling Poultry.
Pick for slaughter the bird whose comb is pale, small, and shriveled; beak yellow at the base; eye ring and ear lobes yellow; vent, yellow, shrunken, and dry; eyes shrunken, dull, listless; plumage molting; skin, thick and tight; pelvic bones, close together, hard and rigid; pelvic bone to breast bone, close together, hard and rigid.

2. The average flock needs to be culled at about this rate: in June, 6 per cent; July, 9 per cent; August, 11 per cent; September, 16; October, 16 per cent.
Most hens stop laying when they begin to molt. The early molting hen is not a consistent layer. She takes all the fall months as a vacation for changing her plumage. The consistent layer molts late and grows new plumage fast.

As a general rule, the first hens in the flock to molt should be sold, and the last to molt should be kept for breeding—The Progressive Farmer.

Moves to Goree and Accepts Place in Gin.
Mr. M. L. Raynes and family moved to Goree last week where Mr. Raynes has been employed in the gin. The community regrets to see them go away on account of losing their children from the Sunday School. They were always ready to take part in every- thing.

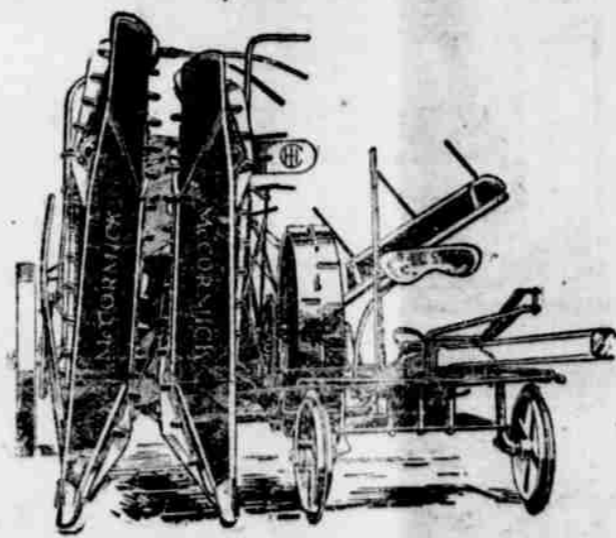

SITE OF THE FIRST PHONE MESSAGE

Walter S. Gifford (left), president of the American Telephone and Telegraph Company, and Leonard H. Kinnard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 29-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. The exhibits to be staged by the organization these men represent will be one of the great features of the Sesqui-Centennial International Exposition, which opens in Philadelphia June 1 and continues to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence.

TWO SONS OF FORMER HASKELL COUNTY CITIZEN PASSES AWAY

Mr. R. C. Whitmire of this city received a letter from C. Sears of Brownfield who formerly lived in Haskell County who has many friends here who will regret to learn of the sadness that has recently come to himself and family through sickness and death in the past months. Mr. Sears reports the death of his son Ollie at Lamesa which took place only a few days ago. He was 25 years of age, married and had a good position as manager of a Lumber Yard in Lamesa. His younger son Earl died the 8th of July in Milam County. He was about 23 years of age and was filling a good position when he passed away. Mrs. Sears was also reported sick and unable to return home from Milam County where she had gone to be at the bedside of her son Earl in Milam County. Mr. Sears also reports his neighbors at Brownfield coming out to his home and with their teams and plows and hoes worked out his entire crop in one day. There were more than 100 people working in his field at one time. He has prospered in a financial way through hard work and honest efforts since he went to the south plains but this sadness which has come to him and his family has taken the joy out of life and turned it into sadness. But there is one thing that he well knows, he has hundreds of true and tried friends in his home town and community who will give him their aid and sympathy in this dark hour of sorrow. Mr. Sears neighbors in Haskell who will deeply and sympathize with them in their sorrow. May he who is too loving to be unkind and too wise to make a mistake comfort these bereaved loved ones in their dark night of sorrow and sadness.

G. S. Medford was in the city Saturday from Howard and he was preparing to make a visit to his kinfolks in Cherokee county, Texas. He was to have begun his journey last Monday morning, taking his entire family along. Mr. Medford says that his crop this year up to this time is doing fine and his corn this year is the best he has ever grown. He has grown corn on his farm every year and he has made but few failures in corn on his farm for a number of years. He has some low lands called "bottom land" which he plants to corn.

L. S. Gay of the Post community brought to the city a number of open bolls of cotton gathered from his crop. He reports the crop doing nicely with no insects bothering the growing plant and the prospect in his community is looking fine. He believes he will get a bale of cotton by the 15 or 20 of August with favorable weather conditions. T. D. Strickland of the Sayles community says that he has lots of open cotton and we are sure that there are others. It looks like the good Lord has smiled on Haskell County this year.

Mrs. Ed Fouts who has been real sick with the summer "flu" for the past three weeks is reported improving and on last reports was able to sit up.

W. M. Mask and family returned last Thursday from Perin in Jack County where they spent a short visit with W. G. Mask father of Mr. Mask of this city. He reports crop conditions very good all along the way, but believes we have the best crops of any thing in the way of crops he saw on the trip.

M. O. Fields and family of this city are away on their vacation and will be out of town at least ten days. They will visit central Texas and other points while away.

Mr. A. L. Lancaster of the Powell community has been suffering severe pains with his eye. He taking treatment from a specialist at Stamford. It is hoped that he will soon be well again.

Mr. and Mrs. Charles Porter of Temple Texas were last week's guests of Judge and Mrs. P. D. Sanders. Mr. Porter is a brother of Mrs. Sanders and will be remembered by many Haskell folk when he taught in the Haskell High School.

Mr. and Mrs. J. L. Odell returned from Wichita Falls last Friday and report lots of rain along the way and very bad road conditions. They were visiting relatives in Wichita Falls most of the past week.

ROSE CHAPEL ELECTS CHURCH OFFICIALS

Sunday morning in regular conference the Baptist church at Rose elected their church and Sunday school officers for the ensuing year, as this was the last conference before the association. The voting was done by acclamation and the following officers were elected:

- G. W. Piland—Board member.
- Elmo Phillips—Clerk.
- Mr. W. H. Russell—Treasurer.
- The following officers for the Sunday School were elected:
- G. W. Piland—Superintendent.
- H. J. Cloer—Assistant Superintendent.
- Miss Lillie Cloer was elected Secretary. The election of teachers was postponed until next Sunday. Mr. Richard is the board member for this year.
- Mr. Elmo Phillips, Mrs. R. C. Henshaw and Miss Lillie Cloer volunteered and were elected to go as messengers to the association. Mr. T. H. Goode and Misses Callie and Gladys Cloer were elected as alternates to the association.

The church also called their pastor. They voted by ballot for this and it was unanimously voted in favor of Bro. Claude Stovall, the present pastor of the church.

Haskell Visitor Surprised at Equipment of Haskell Theatre.

A visitor from one of our largest cities was being entertained by her hostess at The Haskell Theatre when after favorably commenting on the up-to-date picture, clear screen and good machine, she turned and said, in a surprised tone, "Why how cool it is in here, you must have water washed air. I don't miss a real comfort that we have in our theatres in the city." The guest was assured that every effort was made on the part of the management to make The Haskell Theatre the most comfortable spot in the city and as proof of the class of pictures brought on, a pre-view was made of the pictures listed for the next few days and they were found to be among the new. The Foolish Virgin, a thrilling drama starring Elaine Hammerstein is a gripping story of a son of a drunken, debauched father who in spite of his environment whips the underworld crowd and develops the best in himself and saves the heroine from the wrong crowd and from despondency. The Foolish Virgin delves into the secret resources of the heart and brings home the everlasting truths, at The Haskell Theatre, Friday August the 6th.

All that is necessary to insure a full house on Saturday August the 7th is to state that in Buddy Roosevelt, in Action Galore, shows plenty of action by Bud Laurie, a real rough rider, all of the thrills of the open space stories. And then two straight days with Tom Mix and Tony in "My Own Pal," Monday and Tuesday August the 9th and 10th. We haven't the temerity to add one word of approval about these two famous screen stars, but for the enlightenment of those who do not know the story we advise, Don't fail to see Tom Mix ride a motorcycle and perform a brand new stunt. The lovers of action in films will be glad to know that one of their favorite actors will be on the silver screen next Thursday August the 12th "Buffalo Bill Jr." in The Saddle Cyclone.

Oscar Withrow, student of Mrs. Carrie Moser at the Western Union station of this city has completed his course here in the study of telegraphy and has gone to Wichita Falls for a short stay in the relay office of that city after which he will go to Tyler and take a six week's course to finish the requirements of the company. He is able now according to Mrs. Moser to handle with credit the work of any small office, but he is planning to reach the top in the work. His father is chief operator at Wichita Falls. Young Withrow began his work here with Mrs. Moser last November and he has been a close student and has made good.

Mr. and Mrs. Willie Luce of Stamford, are the proud parents of a ten pound boy born Monday the 19th. Mr. and Mrs. Luce lived in the Sayles community of this county for a number of years and have many friends here.

Mrs. W. D. Hallmark and two daughters Misses Ina and Margret of Lampassas were last week's guests of Mrs. Jesse Collier of this city.

NORMAL MUSIC SCHOOL OPENS WITH FAIR ATTENDANCE

The Elliott Normal Music School opened in this city last Monday morning at 9 o'clock with fair attendance. There are about 60 pupils in attendance from a wide area of country. Coming from a radius of 30 miles from Haskell in their cars and spending the day in the school. A large increase is expected by next Monday morning as the school is growing in attendance every day. Parents should see that their children attend this school of music and learn how to sing and play gospel songs. The series of subjects taught in this school are not the old do re mi system but a real music school. It will stand the test in the public schools or in any musical college in America. Don't let another week pass before you start your child into school. You will always regret it. There are 18 days more beginning next Monday morning with three teachers and numerous classes that you will find a grade in which you or your child can fall into. The price

is so reasonable that you can not afford to miss it. You parents visit the school and see what is being taught to your children.

W. M. Free.

L. M. Keel of the Weaver community recently returned from a trip to Hood county, which he says was an enjoyable trip to him and his family. He says that he saw more watermelons and peaches than he ever saw in his life and that both of these commodities were selling in the orchards and on the grounds for reasonable prices. He says they are having too much rain for cotton and both the weevil and the flea are working in the cotton fields. Feed crops of all kinds are good in all sections traversed by him on this trip.

R. D. Marrs and family of Wheeler are here this week visiting his father B. G. Marrs and his brother I. V. of this city.

J. W. Coats of Smiths Chapel was in the city Saturday on business.

FORD MOTOR NO. 14,000,000 ASSEMBLED ON JULY 21st

Another million mark in Ford production was passed on July 21 when motor No. 14,000,000 came off the assembly line at the Fordson plant of the Ford Motor Company, according to advices received by English Motor Co. of this city, local Ford agency.

Some idea of the present enormous production of Ford cars is obtained when it is recalled that it was only a little more than two years ago, June 4, 1921, that the famous Ten Millionth Ford was produced, an event which was celebrated by driving the car across the country from New York to San Francisco on the Lincoln Highway. In the twenty-five and a half months elapsing since that time Ford output increased 4,000,000.

The first Model T Ford was turned out on October 1, 1908, and it was not until seven years later, December 10, 1915, that the first million was reached.

C. J. Hannz of the Center View community was in the city Saturday.
