VOLUME 79

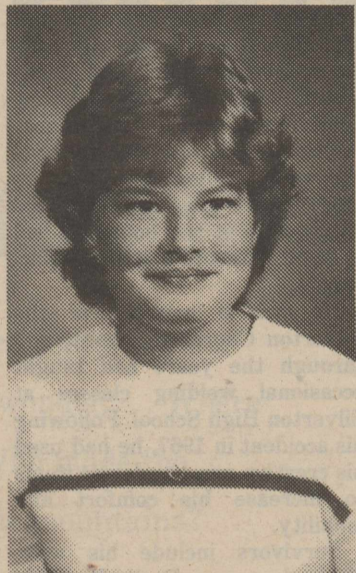

NUMBER 6

JASON JONTRA

BRADEN TOWE

MELISSA WOODS

Jason Jontra Wins County Spelling Bee

Jason Jontra, ten-year-old son of Mr. and Mrs. Roscoe Jontra, a fifth grade student in the Silverton Schools, will represent Briscoe County in the Amarillo-region spelling bee to be held on the campus of West Texas State University on Saturday, April 11.

Jason's hobbies are riding his bike, reading, playing football, baseball and basketball. He participated in Little Dribblers in Kansas before his parents moved to Silverton, where his father

teaches math in the local school.

Spelling bee champions run in the Jontra family. Jason's brother, Eric, was the Elk County, Kansas champion in 1978 and 1979. His sister, Londa Rae, was the Elk County champion in 1980.

First runner-up in the spelling bee was Braden Towe, also a fifth grade student in Silverton. He is the son of Mr. and Mrs. Jay Towe. Braden is eleven and enjoys karate, collecting baseball cards and snow skiing. He takes part in Little Dribblers and UIL

competition.

In 1986, Braden's sister, Julie, was the winner of the Briscoe County spelling bee.

Second runner-up was Melissa Woods, twelve-year-old daughter of Mrs. Becky Woods. A sixth grade student in Silverton, Melissa is a UIL participant and enjoys painting, sewing, reading, rollerskating and riding her bike.

There were six rounds for the ten fifth and sixth grade students who participated in the spelling bee this year. The words with which Jason won the contest were amnesia and analogy, both intermediate words.

Pronouncer of the words for the contest was Mrs. Shirley Reynolds, school librarian. Judges were Mrs. Pam Nease, principal's secretary, and Mrs. Mike Settle, fifth grade teacher.

Jason and his parents will be honored at a luncheon for spellers in the East Dining Hall at WTSU. The regional spelling bee will begin at 1:00 p.m. in Mary Moody Northen Hall on the campus.

Several of the top contestants at the regional contest will receive valuable prizes, with the winner receiving an all-expenses paid trip for two to Washington, D. C. compliments of the Amarillo Globe-News, co-sponsor of the bee with WTSU.

17-18-19 (Tuesday, Wednesday and Thursday).

Superintendent O. C. Rampley and Miss Jane Self, classroom teacher, encourage parents to see that their children are in bed

City Election Called April 4

In a recent meeting of the Silverton City Council, an officers election was called for Saturday, April 4, to be held at the city hall.

This year the terms of Mayor A. R. Martin and Councilmen John Bowman and Lynn Frizzell

are expiring.

February 18 at 5:00 p.m. is the deadline to file an application for placing your name on the ballot. Absentee voting begins March 16.

Application forms can be picked up at the City Hall.

Job Training Workshop Slated February 19

A Job Training Workshop for farmers, ranchers, homemakers and other interested persons will be held February 19, from 9:00 a.m. to 4:00 p.m. in the Pioneer Room at First State Bank in Silverton.

The training will be conducted by Panhandle Community Services in Amarillo and is sponsored by the Executive Board of the Briscoe County Extension Program Council.

The program will include where to look for a job, assessing personal skills and abilities, retraining, resumes, interviewing techniques and other applicable skills. This is aimed at

helping local farm and ranch families locate and compete for jobs in the area in order for them to be able to remain in the county and commute to jobs.

Cost for the one-day event will be \$10 for individuals or couples, to encourage families to participate.

All those planning to attend must pre-register by calling the County Extension Office at 823-2343 in order to have handouts and materials prepared.

The Job Training Workshop is open to all regardless of socio-economic level, race, color, sex, religion, handicap or national origin.

Commodity Distribution Program May Be Discontinued

The distribution of government commodities to elderly and low-income families is in danger of being discontinued, according to a letter received by Briscoe County Judge Fred Mercer from Johnny Raymond, executive director of Panhandle Community Services in Amarillo.

"As you may be aware," Raymond said, "USDA has held up funding to the states because of a presidential order. The Department of Human Services is going to borrow enough funds for distribution to continue

through March. If federal funds remain frozen, the commodity program will be discontinued after March."

Mr. Raymond suggested that everyone write their elected representatives to encourage their support in getting funds for this valuable and needed program.

If you don't want to see the commodity distribution program end, you should write letters, setting forth the reasons why this is important to you, to:

The Honorable Bill Sarpalis
Texas Senate
P. O. Box 12068
Austin, Texas 78711

The Honorable Foster Whaley
State Representative
District 66
P. O. Box 2910
Austin, Texas 78769

The Honorable Lloyd Bentsen
U. S. Senate
Senate Office Building
Washington, D. C. 20510

early, eat a good breakfast and are at school on these dates.

Silverton School's test scores have been very good in the past. The teachers ask you to help keep them that way by preparing your student to be at his best.

Give a Middle Eastern flavor to after-dinner coffee by adding a crushed pod of cardamom to the pot.

Deadline Nearing For Brag Page

The Briscoe County News Valentine Page for grandchildren is scheduled for Thursday, February 23, and deadline for the publication is Monday, February 9.

All grandparents need to do is bring the picture or pictures they wish to have printed in the newspaper to the News office, along with the name of the parents, grandparents and great-grandparents. The charge will be \$7.00 per picture.

Black and white or colored photos will be accepted. (All photos will be returned and can be picked up at the News office anytime after February 12.)

It is not necessary that the children or their parents live in Briscoe County... they may live

anywhere in the world.

This is a unique way for grandparents to help their grandchildren say "Happy Valentine" to the rest of the family and friends. It is also an opportunity for proud grandparents to show readers of this newspaper they have the finest, prettiest or most handsome grandchildren to be found anywhere.

Teams Tests To Be Administrated Here

Texas Educational Assessment of Minimum Skills (TEAMS) tests will be given to students in grades three, five, seven and nine on February

OBITUARIES

LEON EDWIN DAVIS

Funeral services for Leon Edwin Davis, 72, a retired water well service technician who was a life-time resident of Silverton, were conducted at 2:00 p.m. Tuesday at the Silverton Church of Christ with his son, Dwin Davis, Church of Christ minister from Choctaw, Oklahoma, officiating.

Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial was in the Silverton Cemetery with arrangements made by Schooler-Gordon Funeral Directors.

Mr. Davis died Saturday night at High Plains Baptist Hospital in Amarillo following a lengthy illness.

Born in Silverton September 25, 1914, he was the eldest son of the late Durward and Stella Davis. He attended school in Silverton his first three years and then rode horseback to the Lakeview School.

In 1938 he went to California for a six-month diesel and welding course. When he returned to Silverton, he opened a Conoco Station on Main Street with a garage and welding shop in back.

He married Wilma Joyce Smithee in Silverton on November 11, 1939. She preceded him in death January 23, 1948.

Davis had the first portable acetylene and electric welding

machine which he pulled with a Harley-Davidson motorcycle, his only mode of transportation for business and his family.

In 1944 he went into the custom harvesting business, and in 1946 he and his partner, the late Orlee Mills, bought their first self-propelled combine and a well drill.

Davis and Mrs. Mildred Williams Mills were married in Abernathy on July 1, 1949, and on April 10, 1967 he was critically injured in a near electrocution when his drilling rig came into contact with a highline wire. He underwent amputation of his right leg, left foot and part of one hand as a result of the accident, but returned to the active management of his well drilling business. A very inventive person, he developed and patented an irrigation valve, the Sight Check, which is in use on many farms in this area and elsewhere.

Following his retirement from the well drilling business, he enjoyed spending as much time as possible at the home he had under construction at Lake Mackenzie.

He was a member of the Silverton Church of Christ, and through the years had taught occasional welding classes at Silverton High School. Following his accident in 1967, he had used his creative mind to devise items to increase his comfort and mobility.

Survivors include his wife, Mildred; a son, Dwin Davis of Choctaw, Oklahoma; four daughters, Mrs. Leo (Peggy) Fleming of Silverton, Mrs. Jeanne McLeland of Amarillo, Mrs. Maynard (Martha) Greeson of Moscow, Kansas and Mrs. Paul Ray (Lanis) McWilliams of Lumberton; two brothers, James Davis and Carol Davis, both of Silverton; three sisters, Mrs. Pauline Jarnagin and Mrs. O. C. (Faye) Rampley, both of Silverton, and Mrs. Vera Markart of Amarillo; 12 grandchildren and two great-grandchildren.

Pallbearers were nephews, Steve Jarnagin, Richard Jarnagin, Max Davis, Alex Davis, Jim Davis and Trent Brown.

J. J. [JAKE] STAFFORD

Funeral services were conducted Saturday, January 31, for J. J. (Jake) Stafford of Mineral Wells, Texas. He died January 29

after being in ill health for approximately fifteen years. He is survived by his wife, Elizabeth, three sons and six grandsons.

Mr. Stafford was the brother-in-law of Mart Self and R. E. Sweek.

Information Being Sought

Information is being sought from the teachers, students, parents and fellow classmates who have been associated with O. C. Rampley during his school days and his career in education.

An effort is being made to organize memories and mementoes for use at a retirement party to be held in the spring.

Anyone who has something to contribute to this may phone Mrs. Jealeta Baird, 823-2476, or send to Fern Parker, Box 74, Silverton, Texas 79257. Letters are solicited from those who went to school with him.

Your cooperation is needed in order to properly honor one who is retiring after 34 years as a public school educator.

LETTER TO THE EDITOR

Dear editor,

I am enclosing money for my subscription for the next year. The paper is not very big but it certainly contains a lot of beneficial news. The paper allows me to keep track of all my friends in Silverton. You are to be commended for your efforts in preparing "our" hometown newspaper.

Thanks, Tommy Perkins 1413 Emerald Odessa, Texas 79761

Wade and Zoe Steele Honored By Church

Wade and Zoe Steele recently were honored with a supper in appreciation for the part they have played in the continued strength of the church which they attend at Rock Creek. Wade is the eldest man and Zoe next-to-eldest woman, and possibly they have been members of that church longer than any other person.

They are faithful in attendance and Wade has continued to be one of the most prominent song leaders in spite of his continued loss of hearing and eyesight. For several years both have traveled to Lockney to sing at the Care Center every Monday morning, and have also sung at Tulia Care Center on many occasions, not to

mention the hundreds of singing schools and conventions he has attended as Zoe has gone along to support him and others even though she is not able to sing anymore.

They were surprised with a beautifully-decorated cake that read "In appreciation, Wade and Zoe," outlined with musical notes and staff and a beautiful "tribute" composed and read by Bro. Earl Cantwell.

Special guests, in addition to members of the Rock Creek Church of Christ, were their son-in-law and daughter, Mr. and Mrs. Louie Kitchens.

"Money is time."

Citizens Pitching In On Statewide Adopt-A-Highway Litter Program

The highway department's Adopt-a-Highway Program is a resounding success.

Ten months ago, the State Department of Highways and Public Transportation inaugurated a statewide program that encouraged local groups to adopt stretches of highway for litter pickup.

To date, some 850 groups have responded, including civic organizations, garden groups, high school and college clubs, organizations within the military, volunteer fire departments, and employee associations.

"What we've seen is a tremendous grass-roots effort to keep the bottles out of the bluebonnets," said Raymond Stotzer, engineer-director of the highway department.

"It's exciting to see people so enthusiastic about keeping Texas clean. At Texas A&M, they've got a tradition they call 'the twelfth man.' It started on the football field. It means that everyone can be a part of activities, either as an active participant or as an enthusiastic supporter of the program. These Adopt-a-Highway groups are the highway department's twelfth man," Stotzer said.

Under the program, groups select a stretch of highway—usually two or three miles in length—and take responsibility for picking up the litter along that section at least twice a year. The highway department provides plastic bags for trash and a truck and driver to take the collected trash to the dump. The group is required to hold a safety meeting before each cycle of work.

Once an organization has adopted the roadway, the highway department places signs at each end of the section, giving credit to the adopting group. After the group has maintained the roadway for a year, the department presents them with a certificate of service.

Thus far, over 1,500 miles of state-maintained roadway have been adopted.

The Adopt-a-Highway Program started early last year in East Texas. The department's district engineer for the Tyler area inaugurated the program as a means of getting local civic groups involved with the litter program. Because of the success in the Tyler area, the department extended the program statewide last March.

The program is apparently the first of its kind in the nation, but indications are that it is definitely not the last. The department has received queries from highway departments from Hawaii to Pennsylvania, and several county governments in Texas have already begun similar programs. The General Land Office is now organizing an "Adopt-a-Beach" campaign modeled after the highway department's program.

The Adopt-a-Highway program dovetails with the highway department's "Don't Mess with Texas" antilitter campaign. Through the various programs within the antilitter campaign, the department has been able to reduce litter along the roadways by 29 percent in the past year.

P.A.S.S. Meets In John Francis Home

The Prayer and Share Sisters met in the home of Mrs. John Francis for both January meetings. The ladies have been studying about "Self-Esteem Builders" with the emphasis being on a "Right Relationship with God." In learning who God is and His characteristics, we learn better how to communicate with Him through prayer and studying his word; this in turn makes us feel better about ourselves.

The ladies meet each second and fourth Wednesday, and invite anyone to study with them who has a desire to improve her relationship with God. The February meetings will be in the home of Donna Francis.

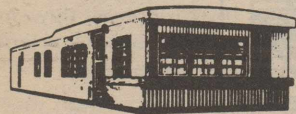

The curlew can fly non-stop for more than 2,000 miles. Since most of the bird's flight is over water, he doesn't have much of a chance for a breather—especially since the curlew can't swim.

Coleslaw Is 'Hot Item' For 1987

People who claim to spot food trends are saying 1987 will be the year that cabbage—in the form of coleslaw—becomes king. "Food and Wine," a sophisticated national magazine, says, "Coleslaw of every variety—cold, hot, with red peppers, green peppers and black pepper," will be among the more popular food items in the year ahead.

Now Texans may find this hard to believe. Farmers here grow more cabbage than anyone else in the country and frequently sell it for next to nothing. Wholesale prices recently were as low as \$2.25 for a 50-pound sack. Texans also eat barrels of vinegar-spiked slaw next to plates of barbecue, fried chicken and catfish. So what else is new?

Carol Ware, Texas Department of Agriculture (TDA) home economist, believes the real trend is back to "American cooking, home cooking" and away from nouvelle, California, you-name-it food fads. "Coleslaw is an authentic American dish," said Ware. "It goes back a long way in our history and is eaten—with minor regional changes—throughout the country."

Early Dutch settlers in New York originated coleslaw or "koolsla," which was shredded cabbage with a dressing of heavy cream thinned with equal amounts of cider and vinegar. Today's recipes still rely on vinegar or creamy dressings, but many reflect regional tastes. Hawaiians put pineapple in coleslaw, while residents of Washington state add small bits of apple. New Englanders lean toward boiled dressings. Texans seem to prefer a basic, Southern type of recipe with bits of carrot, onion, and bell pepper in a creamy or oil and vinegar dressing.

Never a fancy dish, coleslaw is best served with casual meals. It is equally at home at a church picnic, a fish fry or a hearty supper of German sausages. It is so versatile, however, it can be substituted for a green salad at nearly any red meat, poultry or fish dinner.

Aside from taste, the best news about coleslaw is the high nutritional content of cabbage, its main ingredient. Like other cruciferous vegetables (broccoli and brussels sprouts, for example), cabbage is being touted as a possible cancer preventive. It is a good source of fiber and the vitamins A and C, and contains such minerals as iron, sodium, potassium and calcium. Be sure to use the dark green outside leaves which contain more iron than the pale ones closer to the core.

Right now Texas is in the middle of winter cabbage harvest in the Rio Grande Valley and Winter Garden area. Quality is good and supplies are plentiful, according to Art Muchow, Federal-state Market News Office, McAllen. Muchow said prices paid to farmers have been so low, \$2.25-\$3.00 for 50 pounds, that growers are just breaking even. But these same low prices mean good buys for consumers. Supermarket prices are ranging from 19-25 cents a pound, lower in some areas of the state.

Red cabbage, 10 percent of the Texas crop, is doing better for farmers at \$10 for 50 pounds. Considered a specialty item, red cabbage costs two to four times as much as green at supermarkets. It adds attractive color contrast to coleslaw.

Ware has these tips for making coleslaw:

Coarsely chopped cabbage makes a more attractive salad with a crunchier texture. Cabbage shredded too finely in a food processor loses vitality.

Conversely, onion, bell pepper and carrot are best finely chopped, preferably in a food processor. Bigger chunks will overpower the coleslaw.

A stainless steel blade should be used to chop red cabbage to avoid altering its purple-red color.

If you are ready for a mid-winter pick-up at mealtime, try these coleslaw recipes from the TDA test kitchen.

CREAMY COLESLAW

- 1 med. coarsely chopped green cabbage
- 3 peeled and coarsely grated carrots
- 2 seeded and coarsely grated green bell peppers
- 1/2 C. sliced green onions
- 1 C. mayonnaise
- 1/2 C. lemon juice
- 1/2 C. buttermilk
- 1 T. sugar
- 2 tsp. vinegar
- 1 tsp. dry mustard
- 1/4 tsp. cayenne pepper
- Salt and pepper to taste

In large bowl combine cabbage, carrots, peppers and onions. In a separate mixing bowl, whisk together mayonnaise, lemon juice, buttermilk, sugar, vinegar, mustard, cayenne pepper, salt and pepper. Pour dressing over the cabbage mixture and toss to coat. Chill at least one hour. Makes 8-10 servings.

BEER COLESLAW

- 1 med. coarsely chopped green cabbage
- 2 peeled and coarsely grated carrots
- 1 coarsely grated green bell pepper
- 2 T. minced onion
- 1 C. mayonnaise
- 1/4 C. beer
- 1 tsp. celery seed
- Salt and pepper to taste

In large bowl mix cabbage, carrots, bell pepper and onion. In separate bowl, combine mayonnaise, beer, celery seed, and salt and pepper; mix well. Pour over cabbage mixture and toss to coat. Chill at least 30 minutes before serving. Makes 8-10 servings.

HOT CABBAGE SLAW

- 1 med. coarsely chopped green cabbage
- 1/4 C. tarragon vinegar
- 1 tsp. sugar
- 1/4 tsp. salt
- 1/8 tsp. dry mustard
- 2 med. apples, unpeeled and coarsely chopped

Place cabbage in a Dutch oven. In separate bowl, combine vinegar, sugar, salt and dry mustard. Pour over cabbage and toss. Cover and cook over medium heat, stirring occasionally, 12-15 minutes or until cabbage is

tender. Remove from heat and stir in apples. Makes eight servings.

The secret to making coleslaw taste the way you like it is definitely in the dressing, and as you can see the various dressings described above contribute to very different flavors.

Recently Carver Monroe commented that he would like to locate a coleslaw dressing recipe that he had enjoyed very much in the past. There are coleslaw dressing recipes in the Eastern Star cookbook that was published several years ago, and the one submitted by the late Mildred Burson might be the closest to what Monroe described.

Her recipe:

Beat three eggs with 3/4 cup sugar. Add 1/2 cup vinegar, 1 teaspoon mustard, 1/2 teaspoon salt, and pepper to taste.

Cook over low heat until thick (stir constantly), about five minutes. Keep in covered jar in refrigerator. Thin with cream when ready to use, if necessary.

Shred cabbage, chop fine 1/2 bell pepper, 2 small white onions and several pieces of celery.

Ella Leah Riddell's recipe for coleslaw dressing is: 1 1/4 cups sugar, 2 teaspoons prepared mustard, 2 teaspoons salt, 3 tablespoons finely chopped onion and 2/3 cup vinegar. Mix well with mixer while adding two cups salad oil slowly. Add 2 tablespoons poppy seed or celery seed last. This will keep in refrigerator for a long period of time.

Enjoy!

JUNIOR CLASS TO SPONSOR VOLLEYBALL TOURNAMENT SOON

The Junior Class of Silverton High School will sponsor an Outsiders' Volleyball Tournament February 27-28.

There will be divisions for men's, women's and mixed teams. Entry fee is \$35.00 per team, and the fee is due February 20.

Entries paid on or by February 20 will be drawn into the brackets and a copy of the

bracket and rules will be mailed to the teams at that time.

Trophies will be given for first, second, third and consolation in each bracket.

To enter, contact Jack or Annette Shely at the high school, phone 823-2476 or 823-2477. After school hours, call 823-2563.

"Our ignorance of history makes us libel our own times. People have always been like this."

LONGING

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

ASSEMBLY OF GOD
Gene Russell, Pastor

Evening Worship 6:00 p.m.
WEDNESDAY:
Worship Service 7:00 p.m.

To every child there comes a time when they begin to wonder . . . Where did I come from? Who made the trees? Who made the mountains? EVERYONE has a desire to know their creator.

"O GOD, thou art my God; early will I seek thee: my soul thirsteth for thee..."

This longing for knowledge of God should be satisfied at an early age.

"Train up a child in the way he should go: and when he is old, he will not depart from it."

Plan NOW to attend church with your family.
