

The Fate of Good Roads in Haskell County to be Decided Saturday

COTTON CROP EXPECTED

For a bumper cotton crop in Haskell County, Texas looks bright at this time. John C. Jester, assistant manager of the Dallas National Bank, following a survey just completed in East, West and North Texas, reports that the cotton crop is more than an average crop and it is the belief of the cotton men that the crop will be made than usual. Mr. Jester reports that hot weather had delayed the weevil in many sections and with the timely rain of the past few days, which will stimulate the opening of the cotton bolls, the cotton men are optimistic over the crop.

Mr. Jester is predicting 16c cotton for the year. He says that the cotton crop in the Mississippi Valley will be about the same as last year. He also predicts a huge crop in Smith and Adams counties.

TEXAS EDITOR GOES TO CAPITOL

Will C. Edwards of Denton, editor of the Denton Record-Chronicle and widely known in Texas newspaper circles, left for Washington, D. C., last week to become publisher on August 1 of the Washington Herald, morning and Sunday newspaper. Starting with the Denton paper thirty-two years ago, Mr. Edwards has built up from a weekly to one of the best small city dailies in Texas. He also has been intimately connected with the upbuilding of the newspaper profession in the State, having served as president of the Texas Press Association, and was one of the founders and the first president of the Texas Daily Press League.

In addition to this newspaper work, Mr. Edwards has taken an active interest in Rotary Club work, and only recently ended a term as Rotary governor of the West Texas district. He attended the International Convention of Rotary at Ostend, Belgium, in June and had charge of the publicity of the convention for North America.

Mr. Edwards served in the Thirty-eighth Legislature from Denton County and was in the House of Representatives for three years ago.

Demonstration for Haskell County by Sept. 1st

Judge Foster received notice from the Extension Department of the United States Department of Agriculture that a Home Demonstration would be provided for Haskell County by Sept. 1. The letter was received by Judge Foster.

It is desired to inform you that the county will place a County Extension Agent in Haskell County by Sept. 1. The new agent will be definitely selected by Sept. 1. We will know this week.

20-CENT COTTON IS PREDICTION

According to news dispatches, it is the opinion of the leading business men of the country that on account of the reduction in acreage, floods, droughts, worms, insects and other things, cotton will be a good price this fall, many claiming that the fleecy staple will go above twenty cents. One thing is assured, that good, clean cotton an inch and better in length will be in demand and command a good price, no matter what the shorter lengths and lower grades bring in.

Be a Booster

BOOST YOUR CITY, BOOST YOUR FRIEND,
BOOST THE LODGE THAT YOU ATTEND,
BOOST THE STREET ON WHICH YOU'RE DWELLING,
BOOST THE GOODS THAT YOU ARE SELLING,
BOOST THE PEOPLE ROUND ABOUT YOU,
POSSIBLY THEY CAN DO WITHOUT YOU,
BUT SPOONS WILL SOONER FIND THEM
IF THEY KNOW THAT YOU'RE BEHIND THEM.
BOOST FOR EVERY FORWARD MOVEMENT,
BOOST FOR EVERY NEW IMPROVEMENT;
BOOST THE STRANGERS AND THE NEIGHBOR,
BOOST THE MAN FOR WHOM YOU LABOR,
DO NOT BE A CHRONIC KICKER,
DO NOT BE A PERENNIAL SLAGGER,
IF YOU'D HAVE BEEN YOUR THE BETTER
IF YOU'D BEEN IN THE FINAL LETTER.

Some Melon

No Action Taken in Sheriff's Controversy

Haskell county has received quite a bit of publicity recently regarding the situation which exists in the Sheriff's office, following the resignation of Wayne Perry last week. The Commissioners Court was in session Saturday, but no action in the matter was taken by that body while in session.

J. C. Turnbow, who was elected last summer, but declared not legally authorized to exercise the functions of the office when he failed to furnish a sufficient bond in a period of time given by the Commissioners, still holds the office and the jail, and has refused to accede to the order of the court finding the office vacant.

ALL AMENDMENTS ARE DEFEATED

The four proposed amendments to the constitution of Texas were overwhelmingly defeated by a small percentage of the voters Monday. According to the Fort Worth Star Telegram, incomplete returns from 370 counties of the state, tabulated Tuesday, showed that with about 91,000 votes accounted for, all of the amendments had been defeated by about 3 or more to 1.

The amendment which proposed a change in the system of taxation whereby state and county taxes were separated attracted the most attention and was the most heartily opposed. In 179 counties the vote on this amendment tabulated totaled 91,543, of which 80,075 were against and only 11,468 for it.

Former Haskell Boy Accidentally Killed By "Live Wire"

Clyde Culwell, of Midlothian, Texas, son of Rev. and Mrs. S. L. Culwell former residents of Haskell was killed last Thursday when he came in contact with a "live wire" while repairing a radio aerial which had fallen over a low voltage electric wire. Mr. Culwell was 21 years of age and was engaged in the tailoring business in Midlothian. He is survived by his widow and parents. Burial took place at Wauwasch. The Culwell family lived in Haskell from 1921 to 1923 at which time Rev. Culwell was pastor of the First Methodist church of this city. The deceased graduated from the Haskell High School with the class of 1923.

Billy Whitaker returned Friday from Colorado where he had been on a short vacation.

On the governor for two Texas voters to stay here until the Sheriff's department is again functioning has a majority of the citizens declare they believe law violation is not warranted.

H. D. NEFF ELECTED MANAGER OF FAIR

At a meeting of the Haskell County Fair Association held Wednesday morning, H. D. Neff was elected to the position of manager of the Fair, which post he accepted, and entered upon his duties at once. The following statement was issued by Henry Alexander, president of the Fair Association:

"To the Citizens of Haskell, Knox, and Throckmorton Counties:

"It is with a great deal of pleasure and satisfaction that we announce the election of H. D. Neff as manager of the Haskell County Fair for this year. Mr. Neff has been superintendent of the Haskell City Schools for the past few years and needs no introduction to the people of these counties.

"Mr. Neff is well suited for this position, having had more than three years experience as secretary-manager of a chamber of commerce before coming to Haskell and the Fair Association is very glad to have the assistance of Mr. Neff and feels that with his help they will be enabled to make a success again of this year's Fair.

"The cooperation of stockholders, directors, and the people in general is asked to the end that all working together will make a record this year that we can look back on as our greatest Fair. Respectfully—Henry Alexander, President.

In conversation with Mr. Neff after he had accepted the management of the Haskell County Fair Association, he stated the motives that prompted him to accept the work, and feeling that the citizens of our county will be benefited by thinking on these motives, we quote them below.

"In the first place," Mr. Neff says, "the county or Tri-County Fair can be made the greatest agent for the promotion of community pride, cooperation, and progress in any locality. The fair is an educational institution in which the several communities, and the individual citizens of each community bring together their best specimens of the many different varieties of poultry, livestock, farm products, cooking, handicraft, art, and improved implements. The bringing of these together and the making of comparisons, and the discussions of methods will make for progress as nothing else can. Every person who visits the fair regardless of his success or efficiency in his or her particular line will find something in the methods and varieties of the other exhibitors that will enable him to return to his home and make improvements. This means progress.

"In the second place, there is no section in the entire State that has greater possibilities than this section. It is the garden spot of the State, and as yet, we have not attained our greatest possibilities—no one yet in our infancy."

Odds Favor Adoption of Road Bond Issue

With the odds in favor of the voters adopting the \$1,000,000 bond issue for the building of paved highways and the improvement of lateral roads throughout the county, the campaign which has been conducted so far with less bitterness than any other campaign of like nature in the county, will come to a close Saturday evening. Election supplies have been distributed and all final arrangements for the holding of the election have been completed.

THOSE WHO CAN VOTE SATURDAY IN THE ROAD BOND ELECTION:

All persons possessing poll tax receipts, who pay taxes in Haskell County on real or personal property, or have property subject to taxation. Married women having an interest in community property.

METHODISTS DEFEAT CHRISTIANS TUESDAY

The Methodist baseball team defeated the Christians Tuesday afternoon with a score of 8 to 6 in a hectic game witnessed by a large crowd of enthusiastic spectators. Both teams used two moundmen, Pitman starting for the Methodists and being relieved by Bischofhausen, while Clark started for the Christians and being relieved by Morrison.

In winning Tuesday, the Methodist team has a chance of climbing out of the cellar, where they have been since the opening of the league, as Tuesday's win tied them with the Christians for third place. The game between Post and the Methodist scheduled for last Friday, will be played this afternoon, and the outcome of this game will either place the Methodist in third place or back at the bottom of the ladder. The Baptists still lead the League, having held top place since the opening of the season.

DAILY VACATION BIBLE SCHOOL TO CLOSE FRIDAY

The Daily Vacation Bible School is now upon its second week at the Presbyterian church, splendid work is being done in all the departments. Miss Opal Isham of Handley is director of the school, with a corps of efficient leaders assisting her. Special stress is laid upon the Bible memory work, and upon teaching the children the truths and values of the promises and the many helpful passages of the word. That they are ready and eager to be taught the Bible is evidenced by the eager attention and responsive answers given. Eighty children of ages 4 to 15 have been enrolled, and they are very happy and enthusiastic over the D. V. B. S. On Friday evening from 7 till 8:15 a program will be given as a closing meeting to which all parents and public generally are cordially invited to come. There will be an exhibit of all handwork made in the school, and a short program demonstrating the Bible memory work done in the different departments. Everyone is invited to come and see the work and hear the program.

NEW MANAGER FOR HASKELL MOTOR CO.

C. L. Glasser of Archer City, has moved to this city, where he has accepted the position as manager of the Haskell Motor Co., filling the vacancy created by the resignation of R. R. English, who has conducted the business for the past three or four years under the firm name of English Motor Co. Mr. English recently sold his interests to R. L. LeSage of Graham, and continued in the capacity of manager until last week.

Mr. Glasser has been connected with the Ford agency at Archer City for some time, and is an experienced automobile dealer.

Miss Marie Hill, Superintendent of Public Instruction of Haskell County, has returned from College Station where she attended the Conference of County Superintendents, held at that place last week. She returned by way of Austin where she visited the State Department of Education in the interest of the Haskell county schools.

TWO MEN DROWN IN LAKE PENICK

Believing his two companions were playing a joke on him when they failed to answer his call after the boat in which they were riding on Lake Penick near Luaders capsized, Ed Biggs, Luaders, went home to bed early Thursday morning only to find later that both had been drowned. The victims were Irvin Chapman, 40, and Claude Hines, 23, both of Luaders.

The tragedy occurred about 1 a. m. Before swimming to shore Biggs righted the boat, taking it for granted that the other two men were safe as both were reputed to be excellent swimmers. When Biggs reached land, he called for Chapman and Hines and receiving no reply went home. He declared later he thought his pals were playing a joke on him and were hiding.

Inquiry later in the morning revealed that neither Hines nor Chapman had returned home and a searching party was organized immediately to drag the lake. Hines' body was found in about three feet of water near the shore in a sitting posture and while some members of the party returned to town for grappling hooks, Chapman's body came to the surface about 15 feet from where Hines' body was found.

It is believed Hines was stricken with cramps, as he was subject to them and that he pulled Chapman to his death when the latter attempted to rescue him.

Chapman leaves a grown son, while Hines is survived by his wife and two children.

FISHERMEN EXHIBIT 43-POUND CATFISH

Contrary to the saying that "the fish one got away" a party of fishermen, stopped at the Free Press office Friday morning and exhibited as nice a catch of fish as we have seen in several years. The largest one tipped the scales at 43 pounds, ranking with some of the largest specimens ever shown here. The "big boy" was caught on an ordinary trot-line, according to the fishermen, and proved quite a task for a man to handle.

The party was composed of M. W. Maslin and two sons, Lindell and Leeland, who live west of town, between Rule and Rochester. They only came one night on the river, and their catch for the night amounted to 100 fish, including 60 or 70 pounds.

Mr. and Mrs. Kenneth Kinnison, who live in this city, spent last week on a fishing trip, and returned with a fine catch of fish, including a 30-pound catfish.

MISS MARRIAGE SUPERINTENDENT OF PUBLIC INSTRUCTION OF HASKELL COUNTY

Miss Marie Hill, Superintendent of Public Instruction of Haskell County, has returned from College Station where she attended the Conference of County Superintendents, held at that place last week. She returned by way of Austin where she visited the State Department of Education in the interest of the Haskell county schools.

What's Doing In West Texas

San Angelo—Efforts are being made to secure a fish hatchery for Tom Green County. This county has more miles of running streams than any other county in Texas and the streams are frequented by fishermen. A hatchery is necessary to keep the streams properly supplied. Commissioner W. J. Tucker is expected here at an early date to go over the situation with officials of the San Angelo Board of City Development.

Stephenville—The Stephenville Chamber of Commerce held a membership banquet here this week. An overflowed crowd assembled to enjoy the constructive program and to greet C. C. Colvin, new secretary of the Stephenville Chamber of Commerce.

Stanford—The West Texas Chamber of Commerce has pledged support to the ranchmen of West Texas whose rights to oil royalties have been jeopardized by action of the state in seeking to declare unconstitutional an act of the legislature granting one sixteenth of the oil to land owners purchasing state land. Under the old law the state retained the mineral rights of state land. The legislature passed a bill giving the land owners one half the royalty and acting in good faith the landowners permitted oil operations on their land. Should the bill be declared void, title to royalties on many thousand acres of West Texas land will pass from the land owners and will work great hardship in West Texas. The matter was precipitated when the royalty of Ira G. Yates was attacked. The Yates pool in Pecos county is now one of the most promising pools in West Texas. The directors of the West Texas Chamber voted at their recent meeting in Cisco to support Mr. Yates and other West Texans whose property is jeopardized and the legislature bureau of the organization instructed to take whatever action is necessary in the case. Homer D. Wade, manager of the organization is now making a study of the matter.

Vernon—Programs and invitations to the Northwest Texas Press Association meeting in Wichita Falls, Sept. 9-10 are being sent out by Ray Nichols, editor of the Vernon Record, who is also secretary of the Press Association. Sam Roberts of Haskell is president of the organization.

Wichita Falls—The special train of West Texans who went from Wichita Falls to California where they spent two weeks studying the irrigation situation there has returned. The party was headed by H. A. Kemp of this city. B. M. Whiteker, agricultural manager of the West Texas C. C. represented his organization. The party reported a successful trip and returned convinced that Texas offers a better field than California for agricultural development.

Lamesa—The largest motorcade in the history of Texas journeyed over the Dal-Paso Caverns Highway from Breckenridge to Carlsbad. Nearly five hundred people made the trip. A business meeting was held in Seminole at which meeting plans for improving this important artery of travel were made.

Dalhart—A. T. Holcomb, secretary of the Dalhart Chamber of Commerce has requested the West Texas C. C. to create a new district in the north plains section. According to Mr. Holcomb, the present north plains district is too large to permit the entire section to have representation at the district conventions. Mr. Wade has the matter under advisement and will announce his decision at an early date.

Austin—Great progress has been made by the schools of West Texas during the past year. The State Department of Education reports that scores of West Texas towns have been granted increased affiliation and have increased their rank. Unusual efficiency has been reported in administration and instruction in the high schools of West Texas. Remarkable increase is reported in the number of new school improvement is reported in school equipment in that section.

Textbook—A new complication has arisen in connection with the proposed textbook contracts to be awarded in October under plans recently adopted by the State-Textbook Commission.

It was learned Tuesday from Prof. S. M. N. Marrs, State Superintendent of Schools, that protests probably will be filed against two of the proposed adoptions, on the ground that similar books are in use under contracts previously made.

Mr. Marrs said Silver, Burdette & Co. of Chicago have advised him that they will protest adoption of a high school grammar, as called for by the commission's recent action, on the ground that it has a valid contract with the State to supply high school rhetoric and composition readers which include grammars.

A further statement by Mr. Marrs was that D. C. Heath & Co. of Boston will enter a protest against the proposed adoption of a general history because that firm holds a contract to furnish ancient and modern histories to the schools of Texas which embrace the subjects presented in a general history.

Under the law, the Textbook Commission will open bids in October on books which soon will be advertised for. The law requires them to be advertised sixty days in advance of the opening. The protests will be considered at the October session of the commission, and a decision made as to whether it will adhere to its decision to make adoptions in these subjects.

Prices will be f. o. b. Texas depository of the publisher.

VETERAN AND WIFE, 60 YEARS WEDDED, REST IN ONE GRAVE

Mr. and Mrs. Ambrose Jackson, aged residents of Hardin County, one of whom died Friday and the other Sunday of grief, were buried in the same grave Monday afternoon at Sour Lake, where they had lived more than half a century.

Mrs. Sarah H. Jackson, 82, died Friday morning. Her husband, ill, was

ill at her death, and passed away Sunday night. He was 88 years old. The couple had been married almost sixty years. Both were born in Hardin County.

Mr. Jackson served under Gen. Lee in the Civil War. After the war he became one of the large land and cattle owners of this section and leaves to his heirs large tracts throughout Hardin County. Oil was found on some of his property some years ago and he entered and remained in the oil industry until recently. Two faster-children and a large number of nieces and nephews, most of them residing in Sour Lake, survive.

PAVED ROAD FROM ABILENE TO FT. WORTH BY SEPT. 15

By September 15, or at latest, October 1, there will be a paved road all the way from Abilene to Fort Worth and Dallas. This is assured by letting of a contract by the State Highway Commission to the McClung Construction Company for surfacing 5.8 miles on State Highway No. 1, east from Abilene to the Callahan county line.

Officials of that concern have announced that their force of men on the job will be able to complete the job by September 15 if no unavoidable delays occur.

This strip of road was the last on the Bankhead Highway from Abilene to Ft. Worth to be contracted for. All the rest of the road is now hard-surfaced or will be shortly. The McClung company is now on a short strip in Callahan county, which will be finished in a few weeks.

Concrete is to be used on the Taylor road. The Bates type of construction will be employed. The concrete is to be nine inches thick at the outside edge, and six inches in the center. The road will be eighteen feet wide.—By J. C. Watson.

600 PERSONS ATTEND SPECIAL COTTON WEEK LECTURES

There were about 500 persons who attended the Special Cotton Week lectures given by the School of Business Administration of the University of Texas in co-operation with members of the local cotton trade, said A. B. Cox, professor of business administration and one of the directors of the week's activities.

The week was highly successful in the opinion of Dr. Cox who is speaking of the work accomplished during the week emphasized the importance of having authorities from all over the world present at the meeting. He said "All of them were big men of long and practical experience with cotton. I

Remember Mrs. James Williams

Miss Lois Earnest entertained in her home last Friday afternoon especially honoring Mrs. James Williams of Ft. Worth with a bridge party. Nasturiums were used in the reception rooms. On arriving the guests were refreshed with punch. The honor guest prize was a perfume atomizer, and Mrs. Wayne Koonce received the high score prize, a Chinese panel, and for low score Mrs. Tom Davis was given bridge table numbers. At the end of a number of games of bridge the hostess assisted by her mother Mrs. R. J. Earnest served refreshments to: Mesdames James Williams, Ft. Worth, Wertha Long, Farmersville; Joe A. Broadus, Tyler; George Cannon, San Antonio; Grady Roberts, Chillicothe; Martin Wilson, Rule; Richard Sherrill, Post; Tom Davis, Wayne Koonce, Joe Hendrix, Hill Oates, Marion Shook, R. R. English, Tom French, Wallace Cox, J. L. Southern and Misses Alberta Smith, Ermine Daugherty, Madeline Hupt, Mary Sherrill, Grace Martin and Opal Rash.

Mrs. E. M. Smith Has Morning Party

On last Tuesday morning Mrs. H. M. Smith entertained in her home with two tables of bridge and six tables of "42" and introduced as honor guest, her aunt Mrs. Lelia Wells of Oklahoma City, who is her house-guest. A color theme of red and yellow was adhered to with baskets of zinnias and marigolds. The guest prize was lingerie and table gifts for all guests were small flower vases. A salad course was served the following guests at the close of the games: Mesdames Mary E. Oates, R. C. Montgomery, J. L. Baldwin, E. M. Thornton, H. S. Wilson, F. T. Sanders, John Ellis, O. E. Patterson, C. D. Grissom, C. M. Connor, H. C. King, B. M. Whiteker, A. C. Pierson, C. L. Lewis, A. J. Lewis, E. Sutherland, Ethel Irby, Sam Roberts, R. J. Earnest, B. W. Bryant, R. E. Sherrill, John W. Pace, R. C. Couch, J. U. Fields, John W. Pace, H. D. Neff, Clyde Grissom, V. Meadows, Clayborn Payne, Clay Smith, Miss Hattie Pace, Houston. Mrs. Smith was assisted by her daughters Mrs. Hill Hill Oates and Miss Alberta Smith.

Hosted By Summer Pupils of Mrs. Geo. H. Morrison

A piano recital was given at the Magazine Club Library last Saturday afternoon by the summer pupils of Mrs. Geo. H. Morrison. After a prelude of class songs, class quiz, and rhythm orchestra selections the following piano numbers were rendered: Pastorale En-

fontina, Maxine Quattlebaum and Anna Belle Stanton; The Littel Coquette, Anna Belle Stanton; The Drum, Mayre Lena Tubbs; Ding Dong Bells, Kinsella, Mary Joe Morrison; Ribinson Request, Johnstone, Mary Catherine Wair; Rosa, Winnie Darnell; Acorn Cups and Golden Dandelions, Paula Mae Walker; Little Indian Chief, Audra Gayle Roberts; Wee Willie Winkle and The Contented Bird, Audra McKnight; The Courteous Child and My First Waltz, Edith Foote; Smiles and Tears, Lucile Gilstrap; A Dream of Old Mexico, T. A. Williams, Jr., On Gentle Waves, Ora Bell Pope; Cuban Serenade, Selda Maples; Return of the Reapers, Ruby Hamilton and Selda Maples; Dreams, R. H. Moser; Festival March, Leta Simmons and Nancy Guest; In Royal Array, Mary Pearsey; Good Night, Irene McGregor and Hazel Hamilton.

Mr. Emory Menefee Entertains S. S. Class

On last Thursday evening Mr. Emory Menefee entertained his Sunday School class of the Methodist church with a picnic on Paint Creek. A bounteous supply of good eats, including fried chicken was enjoyed by Misses Katherine Rike, Lucile Foote, Annie Beth Thomason, Roma Lee Cox, Ruby Cox, Virginia Sills, Ruby Martin, Lucy Martin, and Valentine Foster of Austin; Messers Roy Sanders, Charles Grissom, Elmore and Lewis Smith, Marvin Vaughn and Burwell Cox, Jr.

Dr. Georgia Moore Entertains Honoring Niece

Dr. Georgia Moore entertained with a watermelon cut and swimming party at Bledsoe's Lake last Thursday evening as a farewell affair for her niece, Miss Marjorie Moore who left for her home in Henrietta the following day. The guests gathered at Dr. Moore's office and went to the lake empass, where iced watermelons, cantelopes, and peanuts were enjoyed by the honoree, Miss Marjorie Moore and Misses Gladys Connor, Mary Emma Whiteker, Lucy Martin, Janie Lisle Martin, Nancy Guest, Bessie Bee Kaigler, Virginia Sills, Louise Roberts and Annie Beth Thomason and ladies besides Dr. Moore were: Mrs. E. M. Martin, Mrs. Jack Sills, Mrs. Ross Woodall and Mrs. Carrie Moser.

Senior Epworth League

The Senior Epworth League of the Methodist church met as usual last Sunday afternoon at seven thirty o'clock and after singing a number of songs and praying the Lord's prayer in union, the president Miss Imogene Scott introduced the speaker of the evening Mr. Emory Menefee who stated in the beginning that when he was asked to address an audience of young people he at once began to cast about for a subject that would interest them. And he further said, he soon decided that nothing is more interesting to boys and girls, young ladies and young men, than fun, so he took as his subject, Clean Fun, and made a clear distinction between the right kind of fun and the opposite with their kindred results, punctuating his address from time to time with jokes and humorous illustrations. The president of the League has adopted a very fine plan for the summer months, for one of the best ways of acquiring an education is listening to a good address.

Last Saturday and Sunday guests of the Tonkawa: Robert Aldridge, Ft. Worth; Jno. W. Lorne, Abilene; E. M. Austin, Dallas; Miss Jannett Walker, Wichita Falls; W. R. Nichols, Seymour; Bruce C. Burnett, Benjamin; Henry Simons, Ft. Worth; A. H. Counts, Ft. Worth; William Odum, Kenneth Cowak, John H. Gilliland, Warren Smith, Lystra Ruthven, Fred Woodridge, J. F. Harrison, Breckenridge; Mr. and Mrs. H. E. Stout, Ft. Worth; C. D. Kinne, Dallas; D. L. Hochon, San Antonio; G. C. Cullum, Spur; Mr. and Mrs. Hubert Work, Stamford; Mrs. H. C. Lozenby, Ft. Worth; Rebecca Harlan, Stamford; Naomi Beeks, Houston; F. L. Stoker, Dallas; P. W. Brown, Dallas; Grace Neas, Abilene; Mr. and Mrs. F. King, Pampa Texas; Chas. Pietus, Crowell; B. B. Black and family, Crowell; Bill Rogers, Jr., Electra; R. H. Speed, Fort Worth; E. H. Fortman, Cisco; E. Howell, San Antonio; O. F. Bruge, Fort Worth; V. C. Thuch, St. Louis.

Presbyterian Church

Sunday School starts at 9:45. The attendance has been good during the hot weather. Let every member be present and come on time. Morning worship at eleven o'clock. The pastor will preach at this time. The evening hour will be given over to the revival at the Christian church. Senior Christian Endeavor meets at 7 p. m. Fine programs are being given each Sunday, under competent leadership and a splendid crowd of young people are in attendance upon these services, showing their loyalty and interest in this work. The Junior C. E. meets at 6 p. m. All children from ages 8 to 12 are invited.

Presbyterian Junior C. E. Program

God's Omnipotence and Omnipresence—Edna Solomon. Debate: Resolve that in the present day we need to emphasize God's hatred of sin more than his forgiveness of sin. Affirmative—Johnnie Solomon. Negative—Lewis Pearsey. Roll Call. Business. Mizpah. Since this is consecration meeting all members are urged to be present and bring their pledges. Everyone is cordially invited to attend.

TEXAS MAY GET PARIS STYLES BY TELEPHONE

Texas textile mills and style purveyors may soon be able to obtain the latest Parisian ideas in colors by telephoto. The American Telephone and Telegraph Company, of which the Southwestern Bell Telephone Company is a subsidiary, has perfected an instrument for transmitting pictures in three or more colors across the continent, and is now prepared to supply this service on a commercial basis. The principle of such transmission is the same as that employed in sending black and white photographs by wire. The picture to be sent is usually provided in the form of a negative, generally on glass, and from this a positive is made on a celluloid film five or seven inches, which is placed in a cylindrical film-holding frame at the sending end. Simultaneously, an unexposed film is placed on a cylinder at the receiving end and the two cylinders are started at the same time by a signal from one end. The time of transmission for a black and white photograph is about seven minutes. The time required for transmitting colored pictures depends upon the number of colors, as a separate transmission must be used for each color. Thus, in a three color print, three separate plates are used. The same method is employed in making these plates as in printing. The print is photographed through colored screens which filter out the colors not to be recorded on the photographic plate. It is expected that the transmission

of colored prints by telephone will be especially useful in forwarding textile and style pictures. In this way a buyer just arriving in New York from Paris with colored photographs of the newest fashions, will be able to distribute these photographs immediately to practically every section in the United States. FARMERS TOLD HOW TO SOLVE OWN PROBLEMS. "The farmer must work out his own salvation and can expect little aid in so doing from the law-making bodies of the country," F. M. Law of Houston declared Monday night before 3,500 visitors in the eighteenth annual farmers' short course, now under way at the A. & M. College campus. Mr. Law drew sharp applause when he illustrated his statement with a criticism of the National administration by asking, "had there been a similar devastation of property, loss of life and general destruction in an industrial center of the North or East, comparable to the recent Mississippi Valley flood, do you doubt for a moment that the President would have failed to call a special session of Congress for their relief?" Tuesday morning the second day of the short course week, saw most of those present divided into classes for the intensive study of some particular phase of agriculture. The College drill field was transformed into an experimental terracing field for the boys' club members. Horticulture, dairying, agronomy, live stock feeding and poultry raising each had its followers, anxious to crowd as much information as possible into the short week available. The women and girls were likewise

AN EXHILARATING EFFORT. A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses in all that is necessary to start things moving and restore that fine feeling of satisfaction and buoyancy of spirit which belongs only to perfect health. Price 60c. THE SECOND TIME

It's home, but it isn't perfect. You know more now than when you first hung up those curtains and moved your furniture in. You have lived with those walls, bookcases, radiators, cups and saucers long enough to know their merits and demerits. The kind you would buy the second time, and the kind you wouldn't buy. If you and Sarah could start all over again, you'd profit from that experience. Avoid what has proven unwise—study advertisements, home-furnishing pamphlets—let the potatoes scorch and the lima beans boil dry—just comparing new refrigerators, bathtubs, patterns of delicate china. You'd want to make sure what you'd bought this time would please you as much tomorrow as today.

Yet day by day, you are making that home place over. "We do need some new curtains." "Hadn't we better get some butter knives?" The only difference is a gradual instead of a wholesale affording. And by knowing the advertisements you know the future of what you buy. You know by name, for instance, the curtains that won't sag or fade.

All the wisdom that your wife does, your electric washer and ironer, the wind, sun, rain, would write out for you slowly about those curtains, season by season—You get in one swift reading of the curtain advertisements. Experience usually deals with the past. With advertisements it deals with the future! You buy the new and the will-be when you buy advertised wares.

Read the advertisements to know what is advertised—what is certain to satisfy you.

A Daily Reading of the Advertisements Prepares You For Happy Safe Choice First Times as well As Second Times—Every Time You Buy.

DO YOU EVER BOYER A COUPLE POUNDS OF EGGS?

"Give me a pound and a half of eggs." That is the way the good wife will be ordering her eggs from the grocer in the future, according to Walter Burton, known throughout the state as the superintendent of the poultry department of the State Fair of Texas. Mr. Burton addressing a large meeting of poultrymen at Troup, told them that in all the large marketing centers, eggs were now selling by weight, and that Texas would have to come to it. Local produce dealers buy eggs by number, it is true, he said, but the price paid the producer are based upon what the eggs will sell for by weight in the large cities.

You must not be content to produce eggs weighing less than 24 ounces to the dozen. You will be penalized if you don't do this, for you will not get as much for your eggs," warned Mr. Burton.

"You can beat the game by raising the right kind of hens, of standard weight, which is four pounds per hen among the Leghorn breeds. Hens of the right weight, of good varieties, well fed, well sheltered and well kept will produce eggs of good weight," he said. Mr. Burton told the poultrymen that they could depend upon seeing at the State Fair, Oct. 8 to 23, one of the best if not the very best poultry shows ever held in the Southwest. He also said that farmers everywhere in Texas were stocking with good poultry and that thousands of them would attend the fair to learn all they could from the breeders and exhibitors and to study the advantages of the various breeds.

WALL OF AN UNHAPPY TAXPAYER

Letter of a retail merchant to his wholesaler in answer to a dun: "My Dear Friend: I beg leave to inform you that the present shattered condition of my bank account makes it impossible for me to send you a check in response to your request for funds for the 'Aged and Decrepit Boll-Weevils.' "The state of my present financial condition is due to the effects of Federal laws, State laws, county laws, corporation laws, by-laws, brother-in-laws, sisters-in-laws, and outlaws that have been foisted upon me. Through these various laws I have been held down, walked on, sat on, sandbagged, battered, and squeezed until I do not know where I am, what I am, or why I am. These laws compel me to pay a business tax, capital stock tax, excess profit tax, income tax, real estate tax, property tax, State auto tax, city auto tax, gas tax, water tax, light tax, school tax, snytax and carpet tacks. In addition to paying these taxes, I am requested to contribute to every society and organization the inventive mind of man can conceive, namely: The Society of St. John the Baptist, the Woman's Relief, the Navy League, the Children's Home Fund, the Policeman's Benefit, the Dorcas Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the Jewish Relief, the Belgium Relief, the Near East Relief, the Gold Diggers, etc. Also every hospital and every charitable institution in town—the Red Cross, the Black Cross, the White Cross, the Purple Cross and the Double Cross.

The Government has so governed my business that I do not know who owns it. I am suspected, inspected, disrespected, examined, re-examined, informed, required, commanded, and compelled, until all I know is that I am supposed to provide an inexhaustible supply of money for every known need. All I have and can go out and beg, borrow and steal, I am fated to give away. I am cursed, discussed, boycotted, talked to, talked about, lied to, lied about, help up held down, and robbed, until I am nearly ruined—so the only reason I am clinging to life is to see what in the H— is coming next."—Sylvania (Ga.) Telephone.

BORDER SURVEY WILL COMMENCE

As a result of the negotiations between Attorney General Claude Pollard of Texas and Samuel S. Gannett of the Geological Survey, designated by the United States Supreme Court to run the 100th meridian and mark in on the ground, the latter will leave for Hollis, Okla., next week to start the preliminary work. The meridian marks the boundary between the Texas Panhandle and Oklahoma, and has been in controversy for seventy years. In connection with the Red River boundary litigation, the Supreme Court held that the 100th meridian had never accurately been lo-

ated, and last January designated by Gannett to do so.

The cost of establishing the boundary will be between \$25,000 and \$40,000. Attorney General Pollard informed Mr. Gannett that the Texas Legislature has appropriated \$25,000 which is available, and urged that the work be started without further delay.

TEXAS TO ADVANCE EXPENSES

Under the procedure Texas will meet the expenses and be reimbursed each one-third by the Federal Government and Oklahoma. Mr. Gannett said when the work got under way it would require the services of ten or fifteen persons, some of whom will be obtained from the Geological Survey, and that it will require probably eighteen months time before the monuments are placed in the ground. The initial work will be to establish a system of triangulations on both sides of the line "to hold it down" as engineers put it. After this and with all calculations completed the meridian itself will be run and monumented and become the boundary for all time.

Line Run Five Times

The meridian has been run five times, the first more than 100 years ago by John Melish, a Philadelphia surveyor, whose line ran about fifty miles east of the present boundary. Sixty-eight years ago Brown & Jones, surveyors, ran the line, which was rerun by Clark a year later, and became the Brown-Jones-Clark line as shown on the present-day maps. In 1902 Arthur D. Kidder of the General Land Office, Washington, surveyed the line in response to a congressional resolution which would have established it further east had it been adopted. Texas always claiming the boundary was wrong, employed Professor Pritchett of St. Louis University, which placed it still further east. In 1922 the Geodetic Survey established a base line to Red River to mark the meridian, but only carried the survey a short distance northward.

The Geodetic Survey used triangulation instead of astronomical observations, and on Red River put the line 4,672 feet west of the boundary shown on present day maps. Mr. Gannett, chief of the computing section of the Geological Survey, and who has a large amount of experience in establishing boundaries under orders of the Supreme Court, also will use triangulation methods.

The new survey probably will mean a strip less than a mile wide and 133 miles in length added to Texas. Roughly figured it would be between 25,000 and 30,000 acres, valued at between \$2,000,000 and \$4,000,000.

Married

Mr. Chester Ray and Miss Mattie Rasbery, both of Stamford, were united in marriage by Justice R. P. Simmons at his office in the courthouse on Wednesday of last week. The happy young couple have the best wishes of a host of friends for a long and happy married life.

Courtney Hunt left Sunday for the St. Louis and Chicago markets, where he will spend several weeks selecting his fall and winter stock of merchandise.

COMMERCIAL FATAL RESULTS

While the statistics in the insurance industry are generally healthy and showing a steady growth, they are unable to show the amount of loss to the industry. The loss seems to be a few million dollars. The loss is due to the fact that the insurance companies are not able to pay the claims without the payment of the loss to the policy of the insured. THE COST OF BAD ROADS

Some interesting figures on the cost of bad roads, to the car owner, were recently issued by the national bureau of public roads. They show that the saving in car operation, over a brick concrete or bituminous road is enough, in gasoline alone, to pay for the paving.

If the car uses five gallons of gasoline to travel 100 miles over a concrete road, the bureau's figures show, it will use something over seven gallons to travel the same distance over a dirt road. At 20c a gallon for gasoline, this amounts to 40c for 100 miles of travel. On 1000 miles of travel, the saving on gasoline would be \$30.00. Multiply that by the number of car owners in any subdivision, and you have an impressive amount, one probably large enough to do some more paving with.

That doesn't figure anything on saving on wear and tear on tires. Or on the disposition of the autoist.—Wichita Falls Daily Times.

FIRE CHASERS

The State Fire Marshall of Kansas gives an account of an incident which happened at Pratt, Kansas, recently. A fire alarm was turned in and immediately a brigade of "fire chasers" jumped in their automobiles and tried to beat the fire department to the fire and then parked their cars in the way of the fire truck. About that time the chief of police appeared on the scene and arrested a caravan of a dozen or more of these chasers. They were searched to the police station and fined \$5 and costs apiece.

It is said this had a wholesome effect and that it has not been necessary to repeat it in Pratt. It might be a good suggestion for some of our Texas towns and cities. Suppose somebody tries it.

TEXAS SECOND TO NEW YORK IN 1927 EXPORTS

New York and Texas were preeminent among the states of the union in furnishing commodities for export during the first quarter of 1927, says a Washington dispatch.

Commerce Department figures place the country's total merchandise export for the quarter at \$1,175,000,000, compared with \$1,095,500,243 during the corresponding period of 1926, and credited New York with furnishing \$105,150,000 and Texas \$172,035,780.

California placed third, accounting for \$244,781. Michigan, fourth, shipped goods worth \$90,000,172. Pennsylvania was fifth with \$77,973,735, and New Jersey sixth with \$6,492,295.

During the quarter one-half of the states increased their exports as compared with last year.

TEXAS FARMER IS USING HIS HEAD

The Texas farmer is using his head," says J. A. Moore, in a recent interview in the Dallas News in which he stated that the general outlook for the farmer was the best that it had been for 27 years.

"The people have more money. They have in sight the best all round crop of cotton, corn, wheat and oats in a generation. There is more food in the gardens and orchards and more feed in the barns than ever before at this time in the history of Texas," asserted Mr. Moore who had just returned from a trip throughout the state in the interest of the State Fair of Texas, he being superintendent of the agricultural department thereof.

"The farmer is really diversifying," he continued. Food crops were planted almost everywhere, gardens were made and attended, cows, pigs and poultry were added to the farm. The farmer is becoming really a farmer and not a crop man.

"In this, I believe, is the result of intelligence, economy and hard work. When the farmer realized last fall that he would have to go through this year with little or no help from the banker, he began to use his head. He began to think of the things he could raise to feed his family and his stock and supply something he could sell. Then he set to work in the old fashioned way, out in the fields early in the fall. And he went into debt as little as possible. Thus by returning to the ways of the days of old he has come through and now stands to reap the reward."

Mr. Moore predicted that with good crops in sight for the farmers and the best crop of the state and with the best line of exhibits ever assembled for any State Fair, the attendance on the State Fair of Texas, October 8 to 23, should be the largest in its history. "I think we are modest in estimating it at a million," he remarked.

Haskell, Texas, Thursday, Aug. 4, 1927.

WORLD FAMOUS PERSONAGE

COMING TO WEST TEXAS
For the first time a world famous ... personage is coming for a visit to ... West Texas. Other parts of the country ... have had presidents of the United ... States, inventors of wide renown and ... visiting queens and princes stop in ... their cities. But West Texas people ... have never before had an opportunity ... unless they traveled far from home, to ... see any person whose name has been ... carried around the globe on account of ... some unusual act or connection, but ... now West Texas has come into her ... own. Col. Chas. A. Lindberg, the youth ... whose intrepid crossing of the Atlantic ... Ocean in a frail airship brought him in ... ternational notice and acclaim and ... place in the catalog with Columbus, ... Magellan and the other fearless men ... who have dared the unknown and come ... out successful, is to pay West Texas a ... visit.

According to the tentative schedule ... announced for the tour of Col. Lind ... berg over the United States on which ... 78 of the outstanding centers of the ... nation will be visited, West Texas will ... have an opportunity on Monday, Sept. ... 26 of seeing the "flying fool." On that ... day "Lindy" will while en route from ... El Paso to Fort Worth, make a landing ... at Kinsolving, near Abilene, and re ... main for at least an hour. This will be ... the only scheduled stop between El ... Paso and Fort Worth.

Plans for reception of the world re ... nowned aviator on his visit to Abilene ... are being worked out by the aeronauti ... committee of the Chamber of Com ... merce.

Indications are that the largest num ... ber of people ever together in any West ... Texas city will be in Abilene to honor ... Lindberg and to satisfy their desire ... to see the "laid eyes" on the man and ... machine whose exploits, filled ... paper front pages for days and days ... while other reports which would ordi ... narily have commanded lead positions ... were relegated to places of minor im ... portance.

A program which will allow every ... person in Abilene on that day to see ... "Lindy" and his ship is being worked ... out.

Abilene will care for all comers. May ... or Thos. E. Hayden Jr., declares and ... nobody need stay away for fear the ... team will be so great they will not get ... to see the attraction.

Lindberg's visit to Abilene will ... come on the opening day of the West ... Texas Fair, which will this year be ... opened on a larger scale than ever before. ... West Texas people can very profitably ... spend September 29 in Abilene. In ... addition to having the opportunity of ... seeing Lindberg and his ship they will ... have a chance to see agricultural, live ... stock, and other exhibits of the ... fair. A football ... game between the school teams of ... Abilene and Anson, the later last year's ... football champion of the Class B state ... championship, will be another attraction. ... To end the day comes a concert in ... the magnificent new municipal Audi ... torium, when Thavis and his interna ... tionally famous band, assisted by eight ... students, eight dancers and a number of ... other entertainers will present a musi ... cal variety program and several other ... features for the entertainment for ... visitors to Abilene and the fair.

Married.
Mr. W. H. Cunningham and Miss ... Lillie Bell Mink of Rochester were ... united in marriage on Saturday, July ... 23, by Justice B. P. Simmons, the cer ... emony taking place in his office. They ... are well known young people of Roch ... ester, and have a host of friends who ... wish for them a prosperous and happy ... married life.

Why Printing Estimates Seem To Differ

Sometimes you receive a wide range of quotations on what is apparently the same piece of printing.

All printers probably figured on the same paper and size, but they differed on the one thing you could not exactly specify—QUALITY.

Each quoted on his particular quality. It is this difference, the style, design, taste, workmanship, that gives personality to printing and governs the price at which printers sell the products of their press.

QUALITY PRINTING IS THE ONLY
KIND WE TURN OUT

COLLEGE OF PHARMACY TO BE MOVED TO AUSTIN

Removal of the College of Pharmacy from the Medical Branch of the University of Texas at Galveston to the main University campus at Austin was authorized by the Board of Regents of the University at their recent meeting. The purpose of the change, according to members of the Board, is to make more room at Galveston for medical students and also to direct more students of the main University.

It is expected that the relocation of the college will effect a saving of approximately \$5,300 in salary budget. There were during the past year about thirty-three students enrolled in the College of Pharmacy at Galveston.

BOYS MAY WORK THEIR WAY THROUGH COLLEGE

Arrangements are being made where by one hundred boys can work their way through the North Texas Agricultural College at Arlington on the half-time co-operative plan during the ensuing scholastic year. Three vocational courses will be placed on this basis: general electricity, auto mechanics, and agriculture. The boys taking these courses will alternate between work and study. For a period of six weeks they will be in the classrooms at the College receiving instructions in the principles and theories lying at the foundation of the courses they pursue. That is to be followed by another period of six weeks in industry where each boy will be assigned a job at which he may work for pay. The jobs for the most part, will be in the electrical industries, up-to-date farms, and at the well-appointed commercial dairies in the vicinities of Arlington, Fort Worth, and Dallas.

In general, the boys will receive enough money while on the job for six weeks, if they are economical, to pay most of their expenses while in the school the following six weeks. However, earning one's expenses while in school, or working one's way through school, worthy as they may be, is not the main object of the co-operative plan. That is a mere incident to it. The chief thing in view is its educational value—the proper union of theory and practice. College education is often criticised and even reviled for being impractical. Graduates are denounced as helpless—helpless because they have read about and been told about so many more things than they have ever had an opportunity to touch, handle and master in a practical way. It is just this weakness, so universally recognized in the American system of education, that the part-time, co-operative plan seeks to alleviate. Boys of limited financial means who desire to take advantage of this plan should apply at once to Mr. D. A. Bickel, Registrar of the North Texas Agricultural College, at Arlington, Texas.

FOR HOME AND STABLE
The extraordinary Borosone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borosone, and the Borosone Powder completes the healing process. Price (liquid) 20c, 50c and \$1.20. Powder 20c and 50c. Sold by Oates Drug Store.

Order for Road Bond Election

BE IT REMEMBERED, That a Regular Session of the Commissioners' Court of Haskell County, Texas, was begun and holden at the town of Haskell, at the Court House thereof, with all of the members thereof, to-wit: Jesse G. Foster, County Judge; J. S. Abarnatha, Com. Pre. No. 1; R. B. Guess, Com. Pre. No. 2; T. C. Gordon, Com. Pre. No. 3; L. C. Phillips, Com. Pre. No. 4; being present, and among other matters coming before said Court was the following:

THAT WHEREAS, an election has been called by said Court, to be held on the 6th day of August, A. D. 1927, for the purpose of determining if the qualified voters of this County desire to tax themselves in order to build hard surface roads, and to bond themselves in the sum of \$1,500,000.00, for said purpose, and for a better description of said election and the purpose of same, reference is here made to the order calling said election.

Now Therefore, Be It Known, that the Commissioners' Court of Haskell County, Texas, hereby propose and agree to carry out the following program as set out in the Propositions as hereinafter enumerated, in the event that the people of Haskell County do see fit to tax themselves as above stated and vote said bonds:

Proposition No. 1, Bonds
The Commissioners' Court hereby agree not to sell said bonds or any of them, until after the election. It is further agreed that no bonds are to be sold until said Haskell County, receives a guarantee of a sufficient allotment from the State and Federal Highway Departments, that all of said designated Highways in this Co. shall be completed as hereinafter defined, and then, only sell bonds as the money is called for by the State Highway Department, and is matched in sufficient funds by the said State Highway Department, to insure as above stated that all roads will be completed as hereinafter named and defined, by the said State Highway Department setting aside said sums of money. In case said Haskell County receives a guarantee of a sufficient allotment by said State and Federal Highway Departments to complete said roads as shall hereinafter be named and defined, and in the manner as hereinafter stated, then sufficient bonds shall be sold to start immediate work on the lateral programs of Roads in Precinct No. Two, Three and Four; the amounts to be sold and allotted to aid Precincts to be the approximate amounts as shown and stated in the order calling said Bond election, to be determined accurately by the taxable values of precincts as shown by the 1927 tax rolls.

Proposition No. 2, Roads

The Highways to be built shall be the following named State and Federal Designated Highways:
Highway No. 30, starting at the North Boundary line of Haskell County and passing through the towns of Weinert and Haskell and continuing on to the South Boundary line of said Haskell County.
Highway No. 120, starting at the East Boundary line of Haskell County, and passing through the towns of Haskell and Rule, and continuing on to the West boundary line of said County.
Highway No. 18, starting at the south Boundary line of Haskell County, and going in a northeasterly direction, passing through the town of Sagerton, and continuing on to the West Boundary line of said County.
Highway No. 51 starting at the North Boundary line of Haskell County and passing through the towns of O'Brien, Rochester, Rule, Sagerton and continuing on to the South Boundary line of said County.

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardul

"I have known of Cardul for nearly twenty-five years," says Mrs. Selma Meisner, 1072 Harrison Ave., Beaumont, Texas. "During that time, I have taken it several times and have frequently recommended it to others for it is a splendid medicine and I am glad to give people the benefit of my experience."
"I have been a nurse for several years and have often come in contact with patients who were run-down and weak. Often I have told sufferers of Cardul, and the way I, myself, had been helped after taking it, and advised them to give it a trial. Many of them have since thanked me for what I told them, so I am willing that other women should know about it, too."
"I first took Cardul because I was awfully run-down. I had no appetite, and was weak and listless. It was hard to keep going under such conditions, and I looked for something which would help me."
"I had read of Cardul and decided to try it. After taking it, I improved so much that I have taken it since whenever I needed a tonic."
Sold by all druggists.

It is distinctly understood and agreed that the exact locations of all of said roads are to be laid out and approved by Federal and State engineers, but the Commissioners' Court of this County hereby agree to us their influence as far as possible to have the present location of Highway 51, as it now passes through the town of Rochester, retained.

Proposition No. 3, Type of Roads

It is understood and agreed that one three types of roads are to be built and constructed, that is, that one of three types of hard surface roads, is to be constructed, and that all of said four highways are to be the same type of road. The three types of road to be considered are, the brick paved road, the concrete road, and the crushed rock with asphalt topping or other similar topping, an example of which is the Palo Pinto County roads. The State Highway department and the Federal Government are to be asked to approximate the cost of the three different types of roads, and if there is enough finances to build all four roads with brick, same shall be used but if not enough to build with brick, then one of the other two types shall be used, and all four roads are to be constructed of the same material and similar in nature. But it is always understood that in the event that there is not enough money to build all of four of said roads as heretofore defined and in the manner of construction as herein stated, then no bonds are to be sold, and none of said roads are to be built, but that the said bonds are to be cancelled. If there is more than sufficient bonds to complete said program of roads, and set aside as stated in the order for the election, the money for the lateral roads, then all bonds so remaining on hand after said completion of said program, shall be cancelled and held for naught.

Dated this 13th day of June, A. D. 1927.
Jesse G. Foster, R. B. Guess, L. C. Phillips, J. S. Abarnatha, Clyde Gordon.

NOTICE OF BOND ELECTION

The State of Texas, County of Haskell, In the Commissioners Court of Haskell County, Texas, On this 30th day of May, A. D. 1927, the Commissioners' Court of Haskell County, Texas, convened in special session, at the regular meeting place thereof in the Courthouse at Haskell, Texas, all members of the Court, to-wit:

Jesse G. Foster, County Judge; J. S. Abarnatha, Commissioner of Pre. No. 1; R. B. Guess, Commissioner of Pre. No. 2; T. C. Gordon, Commissioner of Pre. No. 3; L. C. Phillips, Commissioner of Pre. No. 4; being present, and among other proceedings had by said court was the following:

There came on to be heard and considered the petition of J. H. Cooper, and 374 other persons, praying that an election be ordered in said Haskell County, for the purpose of determining the following proposition:
Whether or not the bonds of said County shall be issued in the sum of One Million Five Hundred Thousand (\$1,500,000.00) Dollars, for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes or in aid thereof, throughout such County, and whether or not a tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity; and, It appearing to the Court that said

petition is signed by two hundred and fifty registered property taxpaying voters of said Haskell County; and, It further appearing to the Court that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Haskell County, and,

It further appearing to the Court that the following road district in Haskell County, Texas, has heretofore issued road bonds under the provisions of Chapter 2, Title 18, Revised Civil Statutes of Texas, 1911, as follows:
Road District No. 1; Bonds originally issued to the amount of One Hundred and Fifty Thousand (\$150,000.00) Dollars, dated the 1st day of November, A. D. 1918, numbered consecutively from one (1) to one hundred and fifty (150), inclusive; of the denomination of (\$1,000.00) each, aggregating the sum of \$150,000.00 due and payable serially as follows, to-wit: \$5,000.00 on the 1st day of March, A. D. 1920, and \$5,000.00 on the 1st day of March, of each and every year thereafter up to and including the year 1943, and \$6,000.00 on the 1st day of March during the years 1944 to 1948 both inclusive; and bearing interest at the rate of five (5) per centum per annum, interest payable semi-annually; of which amount said issue of bonds there is now outstanding and unpaid bonds numbered 41 to 150, both inclusive, of the denomination of \$1,000.00 aggregating the sum of One Hundred and ten Thousand (\$110,000.00) Dollars.

It is therefore considered and ordered by the court that an election be held in said Haskell County on the 6th day of August, A. D. 1927, which is not less than thirty days from the date of this order, at which election the following propositions shall be submitted:
Whether or not the bonds of Haskell County, Texas shall be issued by the Commissioners' Court of said County in the sum of One Million Five Hundred Thousand (\$1,500,000.00) Dollars, for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout such County, as follows:
FIRST: Bonds aggregating the sum of One Hundred and Ten Thousand (\$110,000.00) Dollars, to be issued for the purpose of the purchase of district roads in said County, and which bonds shall have the same dates of maturity, bear the same rate of interest, and have similar options of payment as the bonds heretofore issued and now outstanding against Road District No. 1 of Haskell County, Texas; and
SECOND: Bonds aggregating the sum of One Million Three Hundred and Ninety Thousand (\$1,390,000.00) Dollars, to be issued for the purpose of the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout such County, and maturing at such times as may be fixed by the Commissioners' Court of said County, serially or otherwise, not to exceed forty years from the date of said bonds, and bear not more than five per cent interest per annum, and
THIRD: Out of the said sum of \$1,390,000.00, the Commissioners' Court of Haskell County, Texas, hereby propose and agree to set aside for the purpose of building lateral roads, the approximate amounts to the following three precincts, as hereinafter set out, the said amounts to be computed accurately according to the taxable value of said precincts as shown by the tax rolls for the year of 1927: Commissioners' Precinct No. 2 the sum of \$73,000.00; Commissioners' Precinct No. 3; the sum of \$28,000.00; Commissioners' Precinct No. 4, the sum of \$38,000.00.

And, whether or not a tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Chapter 3, Title 22, Revised Civil Statutes of Texas 1925. All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers in this County, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment thereof."

And those opposed to the proposition to issue the bonds shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment thereof."
The polling places and presiding officers of said election shall be, respectively as follows:
At the regular voting places in said County, to-wit: In the District Court room of the Courthouse, in the City of Haskell in voting Precinct No. 1, with O. E. Patterson, as presiding officer. At the Sheriff's Office in the northeast corner of the Courthouse in the City of Haskell, in voting precinct No. 2, with R. C. Montgomery as presiding officer.

At the District Clerk's office in the southeast corner of the Courthouse, in the city of Haskell, in Voting precinct No. 3, with L. D. Ratliff as presiding officer.
At the Justice of the Peace office in the southwest corner of the Courthouse in the City of Haskell, in voting Precinct No. 4, with D. T. Dotson as presiding officer.
At the City Hall in Rule, in the town of Rule, in voting precinct No. 5, with W. D. Payne as presiding officer.
At Rochester High School building in the town of Rochester, in voting precinct No. 6, with J. E. Masell as presiding officer.
At the Woodmen Hall, in the town of O'Brien, in voting precinct No. 7, with A. H. Laduke as presiding officer.
At the Jud School house, in the town of Jud, in voting precinct No. 8, with A. J. Lett as presiding officer.
At the Cliff School house in voting precinct No. 9 with J. A. Coates as presiding officer.
At the Weinert School building, in the town of Weinert, in Voting Precinct No. 10 with H. Weinert as presiding officer.
At the Brushy Schoolhouse in Voting Precinct No. 11, with C. T. Jones as presiding officer.
At the Cottonwood Schoolhouse in Voting Precinct No. 12, with L. L. Chamberlain as presiding officer.
At Irby Schoolhouse in the hamlet of Jim Hogg, in Voting Precinct No. 13, with Earl Atchison as presiding officer.
At the Howard Schoolhouse, in voting Precinct No. 14 with Sid Medford, as presiding officer.
At the Pleasant Hill School house in the hamlet of Cobb, in voting precinct No. 15, with G. V. Cobb, as presiding officer.
At the McConnell Schoolhouse, in Voting Precinct No. 16, with W. E. Bunkley as presiding officer.
At the Sagerton Schoolhouse in the town of Sagerton, in Voting Precinct No. 17, with F. Pilley as Presiding Officer.
At the Joe Bailey Schoolhouse, in Voting Precinct No. 18 with W. T.

Overby as Presiding Officer in Voting Precinct No. 19, with G. J. Spurlin as presiding officer.
At the Bunker Hill School house in Voting Precinct No. 20, with E. I. Chatwell as presiding officer.
At the Post Schoolhouse in Voting Precinct No. 21, with H. C. Adams as presiding officer.

The manner of holding said election shall be governed by the General Laws of the State of Texas regulating general elections when not in conflict with the provisions of the Statutes hereinabove referred to.
Notice of said election shall be given by publication of a copy of this order in the Haskell Free Press, a newspaper published in the County, for four successive weeks before the date of said election, and in addition thereto, there shall be posted other copies of this order at three public places in the County one of which shall be at the Courthouse door, for three weeks prior to the date fixed for said election.

The County Judge is hereby directed to cause said notices to be published and posted as hereinabove directed and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court: Jesse G. Foster, County Judge, Haskell County, Texas.

CITIES SERVICE OILS

QUESTIONS AND ANSWERS REGARDING HASKELL CO. GOOD ROADS BOND ISSUE

to be a road bond election in Haskell County, August 6, 1927.

Q. What will the increase in tax rate in Precinct No. 1, be over the present road tax rate?

A. The present road tax in precinct No. 1, is 30 cents. If these bonds carry, the outstanding bonds in precinct No. 1, will be retired and the rate for the precinct will be the same as in the rest of the county—not more than \$1.00 and may not exceed 85c. This will be an increase over the present rate not to exceed 70c, and possibly as low as 55c in Precinct No. 1.

Q. Should this bond issue fail, can we expect to retain our present highway designations?

A. No. Judge Ely of the Highway Commission informed a committee recently from Haskell County composed of O. E. Patterson, Jno. W. Pace, and N. I. McCollum that unless Haskell County takes immediate action to build highways the present designations will be eventually discontinued, maintenance withdrawn and the highways diverted from Haskell County through other counties that are willing to co-operate in building roads.

Q. What would this mean to the tax payers of Haskell County?

A. The tax payers of Haskell County would have to build and maintain every foot of road in the county which could not be done at the present taxable valuations as the 115 miles of road now maintained by the state would have to be maintained by the county.

Q. In case this bond election fails to carry, will Haskell County build good roads?

A. Yes, but not in Haskell County.

Q. In case we do not carry this election, where will the roads for which Haskell County pays be constructed?

A. In counties that vote bonds and secure State and Federal aid, and road maintenance.

Q. In case this election fails to carry, how much money will Haskell County pay into the Highway Department to build good roads in other counties where bonds are being voted?

A. About \$100,000.00 in gas and auto taxes each year.

Q. What will the road tax on a farm of 100 acres, valued at \$12.00 per acre, be, the rate being \$1.00 on the \$100 valuation?

A. \$19.20.

Q. What does the tax payer get for this \$19.20?

A. It has been conservatively estimated by experts that an automobile driven on paved roads will save 2 1/2c per mile over poor roads, in gas, oil, tires and upkeep. The average car is driven 5,000 miles per year. This means a saving of \$125.00 per year, to the average car owner. In addition, with all of the County's road money to spend on lateral roads, with the portion of the bond money set aside for this purpose, it will eventually give every farm a good road to its door, affording a better outlet to market, schools and churches.

STUDY THESE FIGURES

Q. If the \$1,500,000 is voted, how will it be spent?

A. Precinct No. 1, will get \$110,000 to retire outstanding bonds.
Precinct No. 2, will get \$73,000 in cash to improve lateral roads.
Precinct No. 3, will get \$48,000 in cash to improve lateral roads.
Precinct No. 4, will get \$58,000 in cash to improve lateral roads.
Total to all Precincts for lateral roads \$289,000 in cash.
Total bond issue \$1,500,000.
Less Precinct Amt. 289,000.

For Highways \$1,211,000. from County.
1,211,000. from State.
829,323. from Federal Gov.
\$3,251,323. amount to be spent on highways.

Of the \$1,500,000 to be voted by County, non-residents will pay 40 per cent.
\$600,000 amount to be paid by non-residents.
\$900,000 amount to be paid by residents.
For the \$900,000 spent by those living in Haskell County, they will get \$3,251,323 worth of paved highways, \$179,000 for lateral roads in precincts No's 2, 3, 4, and \$110,000 with which to retire bonds in Precinct No. 1.
The residents of Haskell County will get \$340,323 value for \$900,000. Can we expect more for our money?
These figures are based on \$28,272 per mile for construction of 115 miles of highways in the county.

WHEN SHOULD TAKE PRIDE IN FLOCK

The poultryman's future business depends upon his pullets, he should take pride in their growth and health.

W. C. Homeyer, professional poultry breeder, John Tarleton, Stephenville, said in a discussion preparing pullets for the laying house before the poultry show given by the Farmers' Short Course, College of Texas.

Success of any poultryman depends upon the proper preparation of pullets for the laying house. Many people neglect the growing pullets until they are ready for the laying house, and then they are surprised to find that they are not producing a feed that will make the

During the month of August, coupon books will be sold at a 10 per cent discount. Coupons will be accepted as cash on any purchase.

Bert Welsh

sure that the pullets get a properly balanced growing ration at all times, which includes green feed, mineral, and water, as well as green and mash.

"Well prepared pullets mean strong healthy birds, and a good profit. Through preparedness, you are better able to compete with your fellow poultrymen regardless of feed and egg prices."

COURSES IN JOURNALISM AT U. OF T. OFFERED IN NEW DEPARTMENT

With the opening of the University of Texas this fall, courses in Journalism will be given in a newly organized

department of Journalism in the School of Business Administration. The organization of the new department was authorized by the Board of Regents of the University at their meeting last week and Paul J. Thompson, associate professor of business administration, was named chairman of the department.

The department of journalism was originally organized in the College of Arts and Sciences, but was eliminated from the appropriation bill by gubernatorial veto in 1925. Since that time, certain courses in journalism have been given in the School of Business Administration.

Miss Millhollen left Monday morning. She reports a nice time during her visit.

Miss Leila Wells of Oklahoma City, is spending several days with her niece Mrs. W. M. Smith of this city.

N. D. NEFF ELECTED MANAGER OF FAIR

(Continued from first page)

as a section. The community fair is the only institution through which we can attain our greatest possibilities.

"In the third place, The Haskell County Fair Association was not organized and is not run for the purpose of making money, but was organized and is run by broad minded, community spirited men and women for the purpose of making our section the best to be found. Every dollar that is made out of the fair over and above the expenses is put back into the fair in the form of improvements.

"In the fourth place, the fair affords an opportunity for renewing old acquaintances, for making new ones, and for throwing off the many cares, trials and perplexing problems of our daily lives and we return to our homes from these holidays, these reunions, feeling fresher, filled with enthusiasm and with a better knowledge of ourselves, our neighbors and the possibilities of our section."

Mr. Neff states that if he can contribute in any way to make the fair bigger and better that he will feel that he has rendered a real service and will be satisfied. He craves and earnestly asks for the hearty, active co-operation of every individual, in making our fair the best. It makes no difference how small your enterprise may be or what the nature of your products is, you should plan to have an active part in the fair. Some one will surely be benefited as a result of your participation in this work.

Mr. Neff is truly a public spirited man, having given his whole life to public service in one way or another. This type of work is not new to him as he has served as a leader in public enterprises in the many towns in which he has lived. He was for several years a paid secretary of a live, working chamber of commerce. He has represented his community as well as large sections as chairman of important railroad, highway, and educational committees. He is anxious for your suggestions at all times.

THE MASONIC SERVICE AND EDUCATIONAL MEETING AT THROCKMORTON

(By K. H. Thornton)

Since the early part of last month speakers representing the Committee on Masonic Service and Education have been on a visiting tour of the lodges of Texas.

Brother M. A. Childress, Most Worshipful Grand Master of the Grand Lodge of Texas and Brother Weldon Keith, the Executive Secretary of the Committee on Masonic Service and Education were the principal speakers.

Brother Keith gave the Title and purposes of the Grand Lodge of Texas and stated that the purposes of this Grand Lodge are to control and regulate the practice of Freemasonry throughout its jurisdiction, in accordance with the immemorial usages of this ancient craft.

To advance the moral and social interest of its membership.

To foster good citizenship, honest industry and upright living.

To cultivate the exercise of charity in its best and broadest sense.

To assist the widows and children of its deceased members.

To stimulate Friendship, Harmony, and Brotherly Love and generally to promote in its own way the happiness of mankind. It is a fraternity of good men, linked together by honorable and indissoluble bonds to accomplish these noble purposes, eschewing all interest in factional politics and sectarian religion, and free from the dictation of both.

This address, combined with a lecture on the activities and achievements of the Masonic fraternity in Texas, given in connection with the presentation of a one-reel motion picture featuring the Home and School at Fort Worth, the Home for Aged Masons at Arlington, the Eastern Star Home at Arlington, the Scottish Rite Hospital for Crippled Children at Dallas, and the Gavel Club at Kerrville, Texas.

Brother Childress gave an address advocating relief for tubercular Masons and made it plain in his appeal to the Masons of Texas and in the name of Freemasonry to take up this matter and take definite steps for giving relief to these sick brethren, many of whom are unable to help themselves. He stated that there are several hundred members of the jurisdiction of Texas who are suffering from tuberculosis and that it is the wish of the Grand Lodge of Texas to establish a sanatorium for the care of these afflicted members and their families.

There were several members representing Haskell Lodge No. 682 at Throckmorton: Bro. F. B. Falwell, D. D. G. M., O. W. Maloy, Jno. Rike, G. Glenn, Kenneth H. Thornton, J. F. Kennedy, F. L. Daugherty, D. C. Bradley, W. E. Sherrill.

In the "Better Kitchen Contest" which has been held during the past year throughout the State, among the club women and under the supervision of the Home Demonstration Agents of the various counties, which ended last week, first place was awarded to a Travis county woman, Miss Eula Sealbach, former teacher in the Haskell schools, is Home Demonstration Agent of Travis county and much credit is given to her work for the above results. This will be of interest to many of her friends here.

A state wide spend-your-vacation-in-Texas campaign is to be launched by the West Texas Chamber of Commerce and the South Texas Chamber of Commerce, E. N. Whitehead, publicity director of the West Texas organization has announced.

The movement is the idea of Robert Haynie of Abilene, president of the West Texas Chamber. Assurance of cooperation has been given by officials of the East Texas Chamber of Commerce, and the matter is to be taken up with the South Texas organization.

Under an agreement entered into by Homer D. Wade, manager of the West Texas Chamber, and Mr. Whitehead, publicity director, with W. M. Blanton, manager of the East Texas body, and John H. Purnell, publicity director, pleasure and outing resorts of East Texas will be advertised in West Texas and similar attractions of West Texas will be proclaimed in the eastern section of the state. This would be mainly affected through the official publications of the two bodies, West Texas Today and East Texas. One or two pages in each publication will be available each month to the publicity director of the other organization, Mr. Whitehead said.

In this way the entire state would be made cognizant with Caddo Lake, its streams, the pine forests and other attractions of East Texas, with the Gulf Coast resorts and the Lower Rio Grande Valley, with the Davis Mountains, the heart of the hills country and other scenic features of West Texas, it was pointed out.

WHITEKER TELLS OF CALIFORNIA TRIP

Farms, dairies, and poultry plants in California, which he regards as "freaks" but which showed what can be done by effort was described by B. M. Whiteker on his return from a trip to California, where he accompanied some 40 or 50 Wichita Falls citizens recently.

One of the most unusual "ranches" inspected by the party comprised one acre of ground, Mr. Whiteker declared. Attention was first drawn to apple, pear, peach and plum hedges along the fence of the tract which had been grown by trimming and training the trees to grow along the fence, he said.

The party was also introduced to "skystraper farming" here, he said, when they saw strawberries and potatoes in tiers of boxes which conserved the limited space of the farm. The owner told members of the party that last year he made \$10,000 on his acre and this year, with the addition of several crops expected to make \$15,000. The owner said that income from the acre tract about equalled that from 100 acres by dry farming, Mr. Whiteker said.

Dr. A. Q. Gentry returned from Ft. Worth, where he was called to the bedside of his sister, Mrs. J. B. Porter, who underwent a very serious operation last Thursday. Dr. Gentry stated that Mrs. Porter was improving slightly on last reports.

Mrs. W. H. Tysinger left Monday morning for Josephine, Texas, to be at the bedside of her brother, who was reported seriously ill.

Mrs. R. L. Harrison and sons, R. L. and W. B., and Mrs. Mary E. Blakely are spending the week with relatives in Wichita Falls. From there Mrs. Blakely plans to visit relatives and friends at Denton and Rockwall before her return home.

L. J. Isham, manager of the Hardin Lumber Co. of this city, was called to Ft. Worth last Friday, where he attended the funeral of L. L. Kinnebrew, who died at a hospital in that city Thursday following a very serious operation. Mr. Kinnebrew was general traveling manager of the Hardin Lumber interests, and was well known here.

Leslie J. Townsend of this city, and his father J. W. Townsend of Brady, left Saturday morning for a business and pleasure trip to El Paso.

J. W. Tidwell, one of Haskell county's progressive farmers, who lives 3 miles northwest of town, was in the city Tuesday on business. He stated that he was building a new residence on his farm, which is nearing completion. The house is a modern 6-room structure, with every convenience.

Mr. and Mrs. J. D. Collier of this city left last week for Alpine, where they will spend the summer in the Davis Mountains near that city.

LOCAL NEWS ITEMS FROM THE POST COMMUNITY

Mr. and Mrs. D. L. Adcock and sons D. L., Jr., and Ellis Daulton of Lamesa spent this week-end with their parents of the Post community. When they returned Monday Misses Mildred and Euna Vay Adcock accompanied them.

Mr. and Mrs. J. W. Adcock and family gave an entertainment Saturday evening honoring Miss Mildred Millhollen of Brownwood, Texas. Splendid music was rendered by Messrs. R. L. and Earl Livengood and Miss Monette Livengood which was enjoyed by all.

Out of the community guests were: Misses Sula Mae Ratliff, Haskell; Ada Davis, Haskell; Cecil Boy, Abilene; Annie West, Stamford.

After reporting a nice time the guests departed except those remaining for a slumber party.
